SUBJECT: APPROVAL OF THE STATE DEPARTMENT OF HEALTH SERVICES CONTRACT FOR THE IMMUNIZATION PROJECT SUBVENTION PROGRAM

PAGE: 2

DISCUSSION: The Immunization Assistance Program (IAP) grant is a continuation of the existing grant that provides approximately 70,000 immunizations to Stanislaus County residents annually. Additionally, this grant provides for the monitoring of school immunization records, vaccine management, education, outreach, and perinatal Hepatitis B case management.

A recent statewide survey determined that only 67.8% of two-year olds in Stanislaus County have up-to-date immunizations. Lack of immunization increases the risk of these children suffering needless illness, disability, or death from diseases that can be prevented.

Additional funding will promote and provide immunization for toddlers in multi-ethnic low-income areas of the County. Expanded Public Health clinic hours, additional off-campus clinics, clinics located at Head Start, WIC sites, and Community Services Agency will serve the working poor. Outreach providing immunization information and vaccination will be conducted to reach families unable to access existing immunization services.

**POLICY
ISSUES:**

Board of Supervisors approval of Contract #00-91518 will enable Health Services Agency to continue immunization outreach programs, perinatal Hepatitis B case management, and related immunization programs which decrease the risk of childhood illnesses that can be prevented by proper immunization and promote the Board of Supervisors' goal of providing a safe, healthy community.

**STAFFING
IMPACTS:**

There are no staffing impacts related to the approval of this agreement.

The term does not include financial reports, cost analyses, and similar information incidental to contract administration.
- b. **Federal Government and State Rights.** Subject only to the provisions of paragraph c, below, the Federal Government and State may use, duplicate, or disclose in any manner and for any purpose whatsoever, and have or permit others to do so, all Subject Data delivered under this contract.
- c. **License to Copyrighted Data.** In addition to the Federal Government and State rights as provided in paragraph b, above, with respect to any subject data which may be copyrighted, the Contractor and applicable subcontractor agrees to and does hereby grant to the Federal Government and State a royalty-free, nonexclusive, and irrevocable license throughout the world to use, duplicate, or dispose of such data in any manner for State or Federal Government purposes and to have or permit others to do so. Provided, however, that such license shall be only to the extent that Contractor now has, or prior to completion or final settlement of this contract may acquire, the right to grant such license without becoming liable to pay compensation to others solely because of such grant.
- d. **Relation to Patents.** The State reserves a license on patent rights in any contract involving research or developmental, experimental, or demonstration work with respect to any discovery or invention which arises under this contract.

- e. **Marking and Identification.** The Contractor shall mark all Subject Data with the number of this contract and the name and address of the Contractor or subcontractor who generated the data. The Contractor shall not affix any restrictive markings upon any Subject Data, and if such markings are affixed, the Federal Government or State shall have the right at any time to modify, remove, obliterate, or ignore any such markings.
- f. **Subcontractor Data.** Whenever any Subject Data is to be obtained from a subcontractor under this contract, the Contractor shall use this same clause in subcontract without alteration, and no other clause shall be used to enlarge or diminish the Federal Government's or State's rights in the subcontractor Subject Data.
- g. **Deferred Ordering and Delivery of Data.** The Federal Government or State shall have the right to order, at any time during the performance of this contract or within two years from either acceptance of all items (other than data) to be delivered under this contract or termination of this contract, whichever is later, any Subject Data and any data not called for in the schedule of this contract but generated in performance of the contract and the Contractor shall promptly prepare and deliver such data as is ordered. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled veterans and veterans of the Vietnam era without discrimination based upon their disability or veterans status in all employment practices such as the following: employment upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- b. The Contractor agrees that all suitable employment openings of the Contractor which exist at the time of the execution of this contract and those which occur during the performance of this contract, including those not generated by this contract and including those occurring at an establishment of the Contractor other than the one wherein the contract is being performed but excluding those of independently operated corporate affiliates, shall be listed at an appropriate local office of the state employment service system wherein the opening occurs. The Contractor further agrees to provide such reports to such local office regarding employment openings and hires as may be required.

State and local government agencies holding federal contracts of \$10,000 or more shall also list all their suitable openings with the appropriate office of the state employment service, but are not required to provide those reports set forth in paragraphs d and e.

- c. Listing of employment openings with the employment service system pursuant to this clause shall be made at least concurrently with the use of any other recruitment source or effort and shall involve the normal obligations which attach to the placing of bona fide job order, including the acceptance of referrals of veterans and nonveterans. The listing of employment openings does not require the hiring of any particular job applicant or from any particular group of job applicants, and nothing herein is intended to relieve the Contractor from any requirements in Executive Orders or regulations regarding nondiscrimination in employment.
- d. The reports required by paragraph b of this clause shall include, but not be limited to, periodic reports which shall be filed at least quarterly with the appropriate local office or, where the Contractor has more than one hiring location in a State, with the central office of that state employment service. Such reports shall indicate for each hiring location (1) the number of individuals hired during the reporting period, (2) the number of nondisabled veterans of the Vietnam era hired, (3) the number of disabled veterans of the Vietnam era hired, and (4) the total number of disabled veterans hired. The reports should include covered veterans hired for the on-the-job training under 39 U.S.C. 1787. The Contractor shall submit a report within 30 days after the end of each reporting period wherein any performance is made on this contract identifying data for each hiring location. The Contractor shall maintain at each hiring location copies of the reports submitted until the expiration of one year after final payment under the contract, during which time these reports and related documentation shall be made available, upon request, for examination by any authorized representatives of the Federal Contracting Officer, the State, or the Secretary of Labor. Documentation would include personnel records respecting job openings, recruitment, and placement.
- e. Whenever the Contractor becomes contractually bound to the listing provisions of this clause, it shall advise the employment service system in each state where it has establishments of the name and location of each hiring location in the state. As long as the Contractor is contractually bound to these provisions and has so advised the state system, there is no need to advise the state system of subsequent contracts. The Contractor may advise the state system when it is no longer bound by this contract clause.
- f. This clause does not apply to the listing of employment openings which occur and are filled outside the 50 states, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands.
- g. The provisions of paragraphs b, c, d, and e of this clause do not apply to openings which the Contractor proposes to fill from within his own organization or to fill pursuant to a customary and traditional employer-union hiring arrangement. This exclusion does not apply to a particular opening once an employer decides to consider applicants outside of his own organization or employer-union arrangement for that opening.
- h. As used in this clause:
 - (1) "All suitable employment openings" includes, but is not limited to, openings which occur in the following job categories: production and nonproduction: plant and office; laborers and mechanics; supervisory and nonsupervisory; technical and executive, administrative, and professional openings that are compensated on a salary basis of less than \$25,000 per year. This term includes full-time employment, temporary employment of more than three days' duration, and part-time employment. It does not include openings which the Contractor proposes to fill from within his own organization or to fill pursuant to a customary and traditional employer-union hiring arrangement nor openings in an educational institution which are restricted to students of that institution. Under the most compelling circumstances, an employment opening may not be suitable for listing, including such situations where the needs of the Federal Government cannot reasonably be otherwise supplied, where listing would be contrary to national security, or where the

requirement of listing would otherwise not be for the best interest of the Federal Government.

- (2) "Appropriate office of the state employment service system" means the local office of the federal/state national system of public employment offices with assigned responsibility for serving the area where the employment opening is to be filled, including the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.
 - (3) "Openings which the Contractor proposes to fill from within his own organization" means employment openings for which no consideration will be given to persons outside the Contractor's organization (including any affiliates, subsidiaries, and the parent companies) and includes any openings which the Contractor proposes to fill from regularly established "recall" lists.
 - (4) "Openings which the Contractor proposes to fill pursuant to a customary and traditional employer-union hiring arrangement" means employment openings which the contractor proposes to fill from union halls which is part of the customary and traditional hiring relationship which exists between the Contractor and representatives of his employees.
- i. The Contractor agrees to comply with the rules, regulations, and relevant orders of the Federal Secretary of Labor issued pursuant to the Act.
 - j. In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with the rules, regulations, and relevant orders of the Federal Secretary of Labor issued pursuant to the Act.
 - k. The Contractor agrees to post in conspicuous places available to employees and applicants for employment notices in a form to be prescribed by the Director of the Office of Federal Contract Compliance Programs, provided by or through the contracting Officers or State. Such notices shall state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled veterans and veterans of the Vietnam era for employment, and the rights of applicants and employees.
 - l. The Contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding that the Contractor is bound by terms of the Vietnam Era Veteran's Readjustment Assistance Act and is committed to take affirmative action to employ and advance in employment qualified disabled veterans and veterans of the Vietnam era.
 - m. The Contractor will include the provisions of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Federal Secretary of Labor issued pursuant to the Act, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for noncompliance.

- (1) Contractor shall not utilize in the performance of this contract any formerly employed person of any state agency or department that was employed under the state civil service, or otherwise appointed to serve in the State Government, if that person was engaged in any negotiations, transactions, planning, arrangement, or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency or department. This prohibition shall apply for a two-year period beginning on the date the person left state employment.
- (2) Contractor shall not utilize within 12 months from the date of separation of services, a former employee of the contracting state agency or department if that former employee was employed in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to the employee leaving state service.

c. Failure to Comply with Subparts a or b

If Contractor violates any provision of subparts a or b above, such action by Contractor shall render this contract void, unless the violation is technical or nonsubstantive.

27. SINGLE AUDIT ACT OF 1984 (applicable only if Contractor is a governmental entity)

In accordance with Public Law 98-502 and OMB Circular A-128, it is stipulated between the parties hereto that:

- a. The cost of the single audit will be charged to the federal assistance program providing funds for this contract on a "Fair Share" basis. The amount chargeable to federal assistance programs for the cost of the single audit is calculated based on the ratio of federal expenditures to total expenditures of the Contractor. The State's share of the single audit cost under this contract is based upon the ratio of federal funds received under this contract to total federal funds received by the Contractor each fiscal year.
- b. The Contractor shall include a clause in any contract the Contractor enters into with the audit firm doing the single audit to provide access by the State or Federal Government to the working papers of the independent auditor who prepares the single audit for the Contractor.
- c. Federal or state auditors shall have "expanded scope auditing" authority to conduct specific program audits during the same period in which a single audit is being performed, but the audit report has not been issued. The federal or state auditors shall review and have access to the current audit work being conducted and will not apply any testing or review procedures which have not been satisfied by previous audit work that has been completed.

The term "expanded scope auditing" is applied and defined in the U.S. General Accounting Office (GAO) issued Standards for *Audit of Government Organizations, Programs, Activities and Functions*, better known as the "yellow book."

28. CONTRACTOR NAME CHANGE

Contractor shall provide written notice to the State at least 30 days prior to any changes to the Contractor's current legal name.

29. NOVATION

If the Contractor proposes any novation agreement, the State shall act upon the proposal within 60 days after receipt of the written proposal. The State may review and consider the proposal, consult and negotiate with the Contractor, and accept or reject all or part of the proposal. Acceptance or rejection may be made orally within the 60 day period, and confirmed in writing within five days.

30. DRUG-FREE WORKPLACE

Contractor certifies to the State that it will provide a drug-free workplace by doing all of the following:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the person's or organization's workplace and specifying the actions that will be taken against employees for violations of the prohibition.
- b. Establishing a drug-free awareness program to inform employees about all of the following:
 - (1) The dangers of drug abuse in the workplace.
 - (2) The person's or organization's policy of maintaining a drug-free workplace.
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs.
 - (4) The penalties that may be imposed upon employees for drug abuse violations.

- d. Contractor agrees this contract may be subject to suspension of payments or termination of this contract, or both, and the contractor may be subject to debarment, in accordance with the requirements of the Government Code, Section 8350, et seq., if the Department determines that any of the following has occurred:
 - (1) The Contractor or Grantee has made a false certification.
 - (2) The Contractor violates the certification by failing to carry out the requirements of subdivisions a through c above.

31. DEBARMENT AND SUSPENSION REQUIREMENTS

Contractor agrees to comply with the debarment and suspension requirements as found in 7 Code of Federal Regulations, Part 3017, or as amended.

32. ENVIRONMENTAL TOBACCO SMOKE CERTIFICATION

(Applicable to contracts/grants and subcontracts/subawards, that have a start date of December 26, 1994, or later, and provide health, day care, early childhood development services, education or library services to children under 18 directly or through local governments.)

Public Law 103-227, also known as the Pro-children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing this contract, Contractor or Grantee certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994.

Contractor or Grantee further agrees that it will insert this certification into any subawards (subcontracts or subgrants) entered into on or after December 26, 1994 which provide for children's services as described in the Act.

33. COVENANT AGAINST CONTINGENT FEES

The Contractor warrants that no person or selling agency has been employed or retained to solicit/secure this contract upon an agreement of understanding for a commission, percentage, brokerage, or contingent fee, excepting *bona fide* employees or *bona fide* established commercial or selling agencies retained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the State shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

34. FINAL INVOICE—FINAL REPORT—RETENTION OF FUNDS

(Applicable only if a final report is required by the contract)

The State may, at its discretion, withhold 10 percent (10%) of the face amount of the contract, 50 percent (50%) of the final invoice, or \$3,000 whichever is greater, until receiving a final report that is satisfactory to the State.

35. CONTRACTOR PERFORMANCE EVALUATION

The State may, at its discretion, evaluate the performance of the Contractor at the conclusion of the contract. If performance is evaluated, the evaluation shall not be a public record, but may be placed on file with the Department of General Services. Negative performance evaluations may be

considered by the State prior to making future contract awards. Performance evaluations, may include, but not be limited to the following:

- (a) Whether the work or services were completed as specified.
- (b) The reasons for and amount of cost overruns, if any.
- (c) Whether the work or services met the specified quality standards.
- (d) Whether the Contractor fulfilled all contract requirements.
- (e) The factors outside the Contractor's control that may have caused performance difficulties.

36. OFFICIALS NOT TO BENEFIT

No members of or delegate to Congress or the State Legislature shall be admitted to any share or part of this contract, or to any benefit that may arise therefrom. This provision shall not be construed to extend to this contract if made with a corporation for its general benefits.

37. LIMITATIONS ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL ACTIONS AND RELATED DISCLOSURES

- a. Definitions. As used in this Exhibit.

"Agency," as defined in 5 U.S.C. 552(f), includes federal executive departments and agencies as well as independent regulatory commissions and government corporations, as defined in 31 U.S.C. 9101(1).

"Covered federal action" means any of the following federal actions:

- (1) The awarding of any federal contract;
- (2) The making of any federal grant;
- (3) The making of any federal loan;
- (4) The entering into of any cooperative agreement; and
- (5) The extension, continuation, renewal, amendment, or modification of any federal contract grant, loan, or cooperative agreement.

Covered federal action does not include receiving from an agency a commitment providing for the United States to ensure guarantee of a loan.

Indian tribe and tribal organizations have the meaning provided in Section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450B). Alaskan Natives are included under the definitions of Indian tribes in the Act.

"Influencing or attempting to influence" means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with any covered federal action.

"Local government" means a unit of government in a state and, if chartered, established, or otherwise recognized by a state for the performance of a government duty, including a local

public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

“Officer or employee of an agency” includes the following individuals who are employed by an agency:

- (1) An individual who is appointed to a postman in the Government under Title 5, U.S.C., including a position under a temporary appointment;
- (2) A member of the uniformed services as defined in Section 101(3), Title 37, U.S.C.;
- (3) A special government employee as defined in Section 202, Title 18, U.S.C.; and
- (4) An individual who is a member of a federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, U.S.C., Appendix 2.

“Person” means an individual, corporation, company, association, authority, firm, partnership, society, state and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other federal law.

“Reasonable compensation” means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

“Reasonable payment” means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

“Recipient” includes the Contractor or Grantee, and all subcontractors or subgrantees at any tier in connection with a federal contract, grant, or other federally funded activity. The term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other federal law.

“Regularly employed” means, with respect to an officer or employee of a person requesting or receiving a federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

“State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a state, and a multistate, regional, or interstate entity having governmental duties and powers.

b. Prohibition.

- (1) Section 1352 of Title 31, U.S.C., provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered federal

actions: The awarding of any federal contract, the making of any federal grant, the making of any federal loan, entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) The prohibition does not apply as follows:

(a) Agency and legislative liaison by own employees.

- [1] The prohibition on the use of appropriated funds, in paragraph b(1), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a federal contract if the payment is for agency and legislative liaison activities not directly related to a covered federal action.
- [2] For purposes of paragraph b(2)(a)[1], providing any information specifically requested by an agency or Congress is allowable at any time.
- [3] For purposes of paragraph b(2)(a)[1] of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered federal action:
 - [a] Discussing with any agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,
 - [b] Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.
- [4] For purposes of paragraph b(2)(a)[1] of this section, the following agency and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered federal action:
 - [a] Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered federal action;
 - [b] Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,
 - [c] Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507 and other subsequent amendments.
- [5] Only those activities expressly authorized by paragraph b(2)(a) are allowable under paragraph b(2)(a).

(b) Professional and technical services by own employees.

- [1] The prohibition on the use of appropriated funds, in paragraph b(1), does not apply in the case of any reasonable payment of reasonable compensation made to an officer or employee of a person requesting or receiving a federal contract or an extension, continuation, renewal, amendment, or modification of a federal contract if payment is for professional or technical services rendered directly in the preparation, submission or negotiation of any bid,

proposal, or application for that federal contract or for meeting requirements imposed by or pursuant to law as a condition for receiving that federal contract.

- [2] For purposes of paragraph b(2)(b)[1], professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice and analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission, or negotiation of a covered federal action.
- [3] Requirements imposed by or pursuant to law as a condition for receiving a covered federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.
- [4] Only those services expressly authorized by paragraph b(2)(b) are allowable under paragraph b(2)(b).

(c) Reporting for own employees.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

(d) Professional and technical services by other than own employees.

- [1] The prohibition on the use of appropriated funds, in paragraph b(1), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that federal contract or for meeting requirements imposed by or pursuant to law as a condition for receiving that federal contract.
- [2] For purposes of paragraph b(2)(d)[1], "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided

by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission, or negotiation of a covered federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission, or negotiation of a covered Federal action.

- [3] Requirements imposed by or pursuant to law as a condition for receiving a covered federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.
 - [4] Persons other than officers or employees of a person requesting or receiving a covered federal action include consultants and trade associations.
 - [5] Only those services expressly authorized by paragraph b(2)(d) of this section are allowable under paragraph b(2)(d).
- (e) The prohibition on use of federal appropriated funds does not apply to influencing activities not in connection with a specific covered federal action. These activities include those related to legislation and regulations for a program versus a specific covered federal action. (55 Federal Regulation 24542 (June 15, 1990))

c. Certification and disclosure.

- (1) Each person (or recipient) who requests or receives a contract, subcontract grant, or subgrant, which is subject to Section 1352 of the 31, U.S.C., and which exceeds \$100,000 at any tier, shall file a certification (in the form set forth in Attachment 1, consisting of one page, entitled "Certification Regarding Lobbying") that the recipient has not made, and will not make, any payment prohibited by paragraph b of this Exhibit.
- (2) Each recipient shall file a disclosure (in the form set forth in Attachment 2, entitled "Standard Form-LLL 'Disclosure of Lobbying Activities'") if such recipient has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered federal action) in connection with a contract or grant or any extension or amendment of that contract or grant, which would be prohibited under paragraph b of this Exhibit if paid for with appropriated funds.
- (3) Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under

paragraph c(2). An event that materially affects the accuracy of the information reported includes:

- (a) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action; or
 - (b) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,
 - (c) A change in the officer(s), employee(s), or Member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.
- (4) Each person (or recipient) who requests or receives from a person referred to in paragraph c(1) of this section a contract, subcontract, grant or subgrant exceeding \$100,000 at any tier under a contract or grant shall file a certification, and a disclosure form, if required, to the next tier above.
- (5) All disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the person referred to in paragraph (1) of this section. That person shall forward all disclosure forms to the state agency.
- d. **Agreement.** In accepting any contract, grant, subcontract, or subgrant subject to this Exhibit the recipient (and any person submitting an offer for such a contract or grant) agrees not to make any payment prohibited by law or this Exhibit.
- e. **Penalties.**
- (1) Any person who makes an expenditure prohibited under paragraph b of this Exhibit shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such expenditure.
 - (2) Any person who fails to file or amend the disclosure form to be filed or amended if required by this Exhibit, shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
 - (3) Recipients may rely without liability on the representations made by their subcontractors or subgrantees in the certification and disclosure form.
- f. **Cost allowability.** Nothing in this Exhibit is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation. Conversely, costs made specifically unallowable by the requirements in this Exhibit will not be made allowable under any of the provisions of Part 31 of the Federal Acquisition Regulation.

Subvention funds can only be used for the activities outlined in the budget justification.

B. Specific Pediatric Activities:

1) Immunization Clinic Services

- a. Clinic policies must allow for the immunization of all susceptible infants, children, adolescents and adults who visit within the scheduled hours of operation regardless of their city, county or state of residence.
- b. Public immunization clinic policies and practices must be in general accordance with the current recommendations approved by the U.S. Public Health Service and endorsed by the American Academy of Pediatrics (AAP) as specified in the *Standards for Pediatric Immunization Practices. (Note: * The Standards represent the consensus of the National Vaccine Advisory Committee (NVAC) and of a broad group of medical and public health experts about what constitute the most desirable immunization practices. The Standards are expected to be useful as a means of assisting providers to identify needed changes, to obtain resources if necessary, and to actually implement the desirable immunization practices.) Accordingly, appropriate in-service training shall be instituted to assure compliance with the Standards.
- c. Each patient (or patient's parents) receiving "pediatric" immunizations through the Contractor's public clinics must be provided a new or updated California Immunization Record (CIR). The month, day and year of each immunization must be recorded on the CIR.
- d. Assure that the importance of completing the recommended schedule of immunizations is discussed with all patients (or parents of patients) receiving immunizations at the public clinics.
- e. Assure that the date the next vaccine dose(s) are due is given in writing to the patient or parent. The appropriate space on the CIR may be used for this purpose.
- f. Within the health jurisdiction, the Contractor shall implement and maintain public immunization clinic reminder/recall systems among all medical providers, who receive state-supplied vaccines, to improve age-appropriate immunizations of preschool-age children.
- g. In accordance with current Immunization Branch guidelines, which were furnished to the contractor by the State, the Contractor must participate in the national Vaccine Adverse Events Reporting System (VAERS) for adverse events following immunization.
- h. Promote to clinic staff the availability of vaccine-preventable disease courses, including CDC satellite courses, as part of continuous staff training.

2) Immunization Assessment Levels

- a. In accordance with the guidelines and timetables provided by the Immunization Branch, the Contractor must coordinate the assessment of the immunization levels of child care centers, Head Start Centers, kindergarten entrants, and 7th grade entrants.
- b. Through coordination with Immunization Branch Representatives, county health authorities and local child care center and school authorities, the Contractor must make efforts to ensure that all (100%) child care

centers, Head Start centers and schools fully enforce existing regulations pertaining to the immunization of children admitted to such institutions.

- c. Annually, within the health jurisdiction, the Contractor shall review immunization records of select public clinics that receive state-supplied vaccine. Of the public clinics selected, the Contractor shall conduct immunization record audits of children (24 months - 35 months old) who are served by the clinics. The sampling technique and immunization clinic record methodology must be compatible with the methodology of the Immunization Branch of the California Department of Health Services.

3) Immunization of Infants and Preschool Children

In addition to the above stated activities, the Contractor agrees to the following activities intended to assure the age-appropriate immunization of infants and preschoolers who reside within the Contractor's jurisdiction.

- a. Make efforts to ensure that the immunization status of infants and children receiving services through programs such as CHDP, MCH, AFDC, Head Start, VFC, and WIC are assessed and that a system is established to ensure age-appropriate immunization.
- b. Promote immunization information and education of parents with newborn children through all hospitals with maternity services within the Contractor's jurisdiction.
- c. The Contractor (local health department) receiving federal or state funds for immunization activities shall ensure that all programs within the jurisdiction which deal with childhood immunizations, including MCH and CHDP Programs, and private and primary care clinics, are kept informed of planned activities aimed at raising immunization levels of infants and preschoolers, so that they have the opportunity to provide assistance in the development, implementation, and maintenance of these activities.

4) Vaccine Preventable Disease Surveillance and Outbreak Control

- a. Establish and maintain an effective system for identification and reporting of suspect, probable and confirmed cases of vaccine preventable diseases. Sources of surveillance information should include practicing physicians, outpatient clinics, hospitals, schools, child care centers and Head Start centers. Active surveillance is only required during outbreaks of measles.

SECTION II. TERMS AND CONDITIONS FOR RECEIPT OF VACCINE PURCHASED WITH STATE OF CALIFORNIA OR FEDERAL FUNDS

The local health department receiving vaccine purchased with State of California/Federal funds, herein called State purchased vaccines, agrees to the following terms and conditions.

- 1) Prior to receipt of an immunization, all patients (or their parents or legal guardians) must be:

 - b. provided a copy of the current "Important Information" statement and/or "Vaccine Information Statement" for each vaccine dose to be administered (in the case of hepatitis B vaccine given to newborn infants this can be provided to the mother during prenatal care or within 12 hours after delivery);
 - c. provided a reasonable opportunity to read the "Important Information" statement(s) and/or "Vaccine Information Statement(s)";

EXHIBIT A

- d. provided an opportunity to ask questions and have questions answered concerning the benefits and risks of each immunization;
- e. specifically asked if they understand the information provided to them and if they have any questions;
- f. given a telephone number to call should the patient become ill and have to visit a physician, clinic or hospital within the 28 days following the immunization;
- g. provided the authorized appropriate translations of the "Important Information" statements and/or "Vaccine Information Statements" if English is not their first language and their language is one for which the State has made translations available.

The Immunization Branch will supply to all local health departments camera-ready copies of the current "Important Information" statements and a supply of the "Vaccine Information Statements" in English and Spanish. In addition, should a sufficient need exist, the Immunization Branch will arrange for authorized translations and provide camera-ready copies of the "Important Information" statements and "Vaccine Information Statements" in other languages.

- 2) Health care providers are not required to obtain the signature of the patient, parent, or legal representative, acknowledging receipt of the "Important Information" statement(s) and/or "Vaccine Information Statement(s)". However, to ensure that a record of provision of the materials exists, health care providers must make notation in each patient's permanent medical record at the time the "statements" are provided. For health care providers who obtain vaccine via federal contract, the CDC Immunization Grant Guidance defines this as (1) date printed on the appropriate "Important Information" statement(s) and/or "Vaccine Information Statement(s)" and (2) date the "Important Information" statement(s) and/or "Vaccine Information Statement(s)" was given to the vaccine recipient, parent, or legal representative.

The record card or log sheet must include as a minimum the following information:

- a. patient name
- b. address
- c. date of birth
- d. age at time of immunization
- e. type of vaccine(s) given
- f. clinic identification
- g. date of immunization
- h. site of immunization
- i. name and title of person administering the vaccine (e.g., S. Smith, R.N.)
- j. vaccine manufacturer
- k. vaccine lot number
- l. *signature of patient or parent/guardian authorizing immunization (optional)*
- m. *date of signature (optional)*
- n. date(s) printed on the "Important Information" statement(s) and/or "Vaccine Information Statements" provided to the patient or parent/guardian

NO ALTERATION, VARIATIONS OR ADDITIONS TO THE IMPORTANT INFORMATION STATEMENTS, VACCINE INFORMATION STATEMENTS, OR VACCINE AGREEMENT MAY BE MADE WITHOUT THE PRIOR WRITTEN APPROVAL OF THE CHIEF OF THE IMMUNIZATION BRANCH OF THE CALIFORNIA DEPARTMENT OF HEALTH SERVICES.

EXHIBIT A
Scope of Work
Pediatric - IAP - Hepatitis B
January 1, 2001 – December 31, 2001

- 3) The authorized immunization record card or authorized clinic log sheets must be stored by the local health department in a retrievable file for a minimum of 10 years following the end of the calendar year in which the statement was provided to the vaccine recipient, parent, or legal representative. In addition, if a notice of a claim or lawsuit has been made, the record must be retained until after a final disposition has been made.
- 4) In the case of a school-based program, or other programs where the "Important Information" statement(s) and/or "Vaccine Information Statement(s)" are to be read in advance of the immunization by the patient or parent/guardian or other authorized person who will not be present at the site where the immunizations are to be given, procedures shall be established and made known for answering questions by telephone.
- 5) Outside non-profit providers of immunization services must sign the State provided "Outside Provider Agreement for Receipt of State-Supplied Vaccines" terms prepared by the State Immunization Branch before they may receive State purchased vaccine. Medical providers of immunization services who sign the agreement must agree to use the "Important Information" statements and/or "Vaccine Information Statements" and must be provided as many copies of the statements as vaccine doses distributed, or at least one camera-ready copy of each vaccine statement. The "Outside Provider Agreement..." and the use of the "Important Information" statements and/or "Vaccine Information Statements" are required in clinic settings even if the clinics are supervised by a physician in attendance. The "Outside Provider Agreement..." shall be signed annually by non-health department medical providers and retained by the local health department for a minimum of ten years following the last calendar year in which the State Immunization Branch purchased vaccine was provided.
- 6) No charge may be made to the patient, parent, guardian or third party payer for the cost of State purchased vaccine provided to local health departments by the Immunization Branch. In addition, outside, non-profit providers of immunization services receiving State purchased vaccine may not charge patients or parents for the cost of vaccine. Charges made by local health departments for the direct costs incurred for administration or injection of the vaccine are discouraged but are not specifically prohibited. Should the health department or outside medical provider receiving state vaccine establish an administration fee for an injection of vaccine, information, e.g., sign/poster, must be prominently displayed which indicates that no one receiving an immunization in a public clinic may be denied vaccine provided through public funds for failure to pay the administration fee or failure to make a donation to the provider.
- 7) Local health departments and other private and public providers utilizing State purchased vaccine must report quarterly the vaccine doses administered, by vaccine type and age group of patient, and dose in series (for multiple-dose vaccines) in a format provided by the Immunization Branch. Reports should be submitted to the Immunization Branch by the third day of the following month.
- 8) Each quarter, the local health department must report a current vaccine inventory including all sites within the county or local jurisdiction. The Immunization Branch will supply the reporting forms. All local health departments are to notify their Immunization Branch Field Representative of any vaccine which is unlikely to be used not later than three months prior to its date of expiration.
- 9) The local health department agrees to ensure that the storage and handling of State purchased vaccine within its facilities is in accordance with the manufacturers' specifications. The local health department also agrees to inform other providers who receive Immunization Branch purchased vaccine of the manufacturers' specifications for vaccine storage and handling.

Within thirty (30) calendar days of completing each visit, a written report of findings will be provided to the assigned District Area Immunization Branch Field Representative. The Contractor shall be reimbursed in the amount of \$400 per completed individual site visit, performed in a manner acceptable to the State. The State shall reimburse the Contractor quarterly, in arrears, upon submission of a quarterly invoice for the completed visits.

Fringe benefits in the form of employer contributions for the employer's portion of payroll taxes (i.e., FICA, SUI, SDI), employee health plans (i.e., health, dental, and vision), unemployment insurance, workers compensation insurance and the employers portion of pension/retirement plans provided they are granted in accordance with established written organization policies and meet all legal and Internal Revenue Service requirements.
4. To be an allowable fringe benefit, the cost must meet the following criteria:

Contract Uniformity
Earned/Accrued Compensation Examples

Example No. 1:

If an employee, John Doe, earns/accrues three weeks of vacation and twelve days of sick leave each year, then that is the maximum amount that may be claimed during a contract period of one year. If John Doe has five weeks of vacation and eighteen days of sick leave at the beginning of the State contract term, the Contractor during a one-year contract term may only claim up to three weeks of vacation and twelve days of sick leave actually used by the employee. Amounts earned/accrued in periods prior to the beginning of the contract are not an allowable cost.

Example No. 2:

If during a three-year (multiple year) contract John Doe does not use his three weeks of vacation in year one, or his three weeks in year two, but he does actually use nine weeks in year three; the Contractor would be allowed to claim all nine weeks paid for in year three. The total compensation over the three-year period cannot exceed 156 weeks (3 x 52 weeks).

Example No. 3:

If during a single year contract, John Doe, works fifty weeks and uses one week of vacation and one week of sick leave and all fifty-two of these weeks have been billed to the State, the remaining unused two weeks of vacation and seven days of sick leave may not be claimed as an allowable cost.
