SUBJECT:

Authorization to Apply for a Waste Tire Enforcement Grant from the California Integrated Waste Management Board and if Awarded, Accept and Administer the Grant

STAFF RECOMMENDATIONS:

1. Adopt a Resolution to authorize the Director of the Department of Environmental Resources, or her designee, to apply for a Waste Tire Enforcement TEA-16 Grant from the California Integrated Waste Management Board, and enter into an agreement to administer the grant.
2. Authorize the Director of the Department of Environmental Resources, or her designee, to apply for Fiscal Year 2008-2009 Waste Tire Enforcement TEA-16 Grant from the California Integrated Waste Management Board, and if awarded, sign an agreement to accept and administer the grant.

(Continued on next page)

FISCAL IMPACT:

This grant would provide approximately \$171,007 during Fiscal Year 2009-2010 in reimbursements to the Department of Environmental Resources' Waste Tire Enforcement Grant Fund for expenses to implement a regional waste tire enforcement program for the unincorporated areas of Stanislaus County and the cities of Ceres, Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock and Waterford. The exact amount of the grant is not yet known but is anticipated to not exceed 10% in additional funds or \$188,108. If the actual grant amount exceeds \$171,007, an adjustment will be made during the appropriate budget interval.

STAFF RECOMMENDATIONS: (Continued)

3. Authorize the submittal of a joint funding request to the California Integrated Waste Management Board for a Waste Tire Enforcement TEA-16 Grant on behalf of the cities of Ceres, Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock, Waterford, and the unincorporated areas of Stanislaus County.
4. Direct the Auditor-Controller to increase appropriations and estimated revenue in the amount of \$171,007 as detailed in the Budget Journal Form if the grant is awarded.

DISCUSSION:

In 1989, the California Legislature passed the California Tire Recycling Act (Assembly Bill 1843) authorizing the creation of the California Tire Recycling Management Fund. The funds are generated through a fee of \$1.75 that is collected on the retail sale of every new tire sold in California. It is through these fees that the California Integrated Waste Management Board (CIWMB) provides grant funding for the enforcement of waste tire regulations.

The CIWMB Waste Tire Enforcement Grant program allows jurisdictions to administer a comprehensive waste tire enforcement program which includes the following elements: identification, documentation, education and inspection of businesses involved in the generation and the collection, transportation and disposal of waste tires. The funding provided by this grant will reimburse the County for all expenses incurred from its local Waste Tire Enforcement Program, with the exception of tire amnesty collection events.

On January 15, 2008, the Board of Supervisors approved the request by the Department of Environmental Resources (Department) to apply for the CIWMB 15th Cycle Waste Tire Enforcement Grant. The amount of this grant was \$101,442 and it expires in June 2009.

At this time, the Department is requesting authorization to apply for the 16th Cycle grant funds for the 2009-2010 Fiscal Year, referred to as Fiscal year 2008-2009 TEA-16 Grant. The application includes continuing a regional focus for the local Waste Tire Enforcement Program. For the purposes of this grant application (Attachment "A"), the region includes the unincorporated areas of Stanislaus County and the cities of Ceres, Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock, and Waterford. Stanislaus County has historically taken the lead role in the development and administration of this regional grant application.

Local agencies are not responsible for prosecuting violators. Instead, noncompliant violators of the waste tire regulations are referred to the CIWMB for legal action. Currently, there are 496 waste tire businesses in Stanislaus County and in the participating cities. The grant requires inspections of each of these tire facilities, tire dealers, auto dismantlers, tire haulers, and other waste tire generators. The local enforcement of the waste tire regulations will emphasize the importance of proper disposal, reuse, and recycling of waste tires through the education and the regulation of generators, haulers, and end-user businesses.

Authorization to Apply for a Waste Tire Enforcement Grant from the California Integrated Waste Management Board and if Awarded, Accept and Administer the Grant

Page 3

Since the program's inception in 2006, two (2) large tire piles containing over 20,000 tires have been cleaned up. Over 800 inspections of tire facilities and tire haulers have been conducted, with 16 notices of violation issued along with five (5) referrals to the CIWMB for legal action. This grant represents the fourth in a series of ongoing grants, the first of which was to implement the new waste tire enforcement program. Subsequent grants have been aimed at conducting inspections and referring enforcement actions to the State, all of which have been successful locally to date.

The proposed grant budget is contingent upon CIWMB approval of the Budget and Expenditure Spreadsheet (Attachment "B"). If the actual grant amount decreases or increases within the requested 10% allowance, a revised Budget and Expenditure Spreadsheet will be submitted to the CIWMB for their review and approval. All budgeted expenses associated with the local Waste Tire Enforcement Program will be reimbursed to the County. Budgeted expenses include grant administration, one existing full-time employee, training, and all necessary field and office equipment.

POLICY ISSUE:

The Board of Supervisors should determine if applying for, accepting, and administering a Waste Tire Enforcement Grant is consistent with the Board's priorities of a safe community, a healthy community, effective partnerships, and the efficient delivery of public services. Such funding would assist the County and the cities within this region in their efforts to safely manage the large number of waste tires generated each year.

STAFFING IMPACTS:

There are no staffing impacts associated with this item.

THE FOLLOWING RESOLUTION WAS ADOPTED:

Item # *B-7

IN RE: APPLYING FOR WASTE TIRE ENFORCEMENT GRANT

WHEREAS, funds are allocated and available from the California Integrated Waste Management Board for grants to solid waste Local Enforcement Agencies (LEA) and cities and counties with regulatory authority within the city and county government to perform enforcement/compliance and surveillance activities at waste tire facilities; and

WHEREAS, the California Integrated Waste Management Board has been delegated the responsibility for the administration of the program within the state, setting up necessary procedures governing application by cities and counties under the program; and

WHEREAS, the applicant for itself and on behalf of the following participating jurisdictions will enter into an agreement with the state of California to administer a regional waste tire enforcement program; and

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors authorizes the submittal of a regional application on behalf of itself and the following participants: Cities of Ceres, Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock and Waterford to the California Integrated Waste Management Board for the Waste Tire Enforcement Grant, Fiscal Year 2008/2009.

BE IT FURTHER RESOLVED that the Director of Environmental Resources, or her designee, is hereby authorized and empowered to execute in the name of the participating jurisdictions all necessary applications, contracts, payment requests, agreements, and amendments hereto for the purposes of securing grant funds and to implement and carry out the purposes specified in the grant application.

	The appropriate box is checked in the Resolution Requirement section.
	Attached to the Application is an approved Resolution valid for a period of up to 5 years or an acknowledgement that one will be sent by December 31, 2008.
	If applicable, a current Letter of Delegation (LOD) for signature designee is attached to the Application.
Staff Contact Information	
	The Staff Contact Information Section has been completed.
For Regional Program ONLY - Lead Applicant / Participating Jurisdiction Information — <i>See Application Instructions–Appendix B for Resolution and Letter of Authorization (LOA) information and examples.</i>	
	The appropriate box is checked in the Regional Program - Lead Applicant/Participating Jurisdiction Information section.
	Attached to the Application is the Appropriate Lead Applicant and Participating Jurisdiction information.
Budget Worksheet — <i>See Application Instructions–Section 3 for Budget information.</i>	
	A completed Budget Worksheet (Excel spreadsheet) is attached to the Application.
	The completed Budget Worksheet (Excel spreadsheet) has been e-mailed to the CIWMB Grant Manager at SMercado@ciwmb.ca.gov or TireEnforcement@ciwmb.ca.gov .
Inspection Work Plan — <i>See Application Instructions–Section 3 for Inspection Work Plan information.</i>	
	An Inspection Work Plan (Excel spreadsheet) is attached to the Application.
	The Inspection Work Plan (Excel spreadsheet) has been e-mailed to the CIWMB Grant Manager at SMercado@ciwmb.ca.gov or TireEnforcement@ciwmb.ca.gov .

Hourly Personnel Rate — See Application Instructions– Appendix D for Hourly Personnel Rate information and examples.

If the hourly personnel rate used in the Budget worksheet is a rate approved by the Applicant's governing body (City Council or Board of Supervisors), the following documents are also required to be attached to the Application:

	A copy of the governing body resolution approving the hourly rate used.
	A copy of the fee and/or rate schedule submitted to the governing body showing the hourly rate used. (Applicants only need to submit the cover page(s) of the schedule and the page that shows the hourly rate used. Applicants do not have to submit the entire schedule if it contains fees and rates for other groups within the organization.)
	A detailed spreadsheet which shows how the hourly rate was calculated, what components are included in the rate, and how productive hours were calculated.

If the hourly personnel rate used in the Budget worksheet was calculated by the Applicant and includes the cost of salary, wages, incentives and shift differentials, fringe benefits, and indirect/overhead costs, the following documents are also required to be attached to the Application.

	A detailed spreadsheet which shows how the hourly rate was calculated, including how productive hours were calculated.
	A detailed spreadsheet which shows how the indirect and/or overhead cost amount or percentage was calculated and what components are included in the rate

Application Format & Submittal

One Application with **original** signature (blue ink preferred), and **three (3) copies** will be submitted to the CIWMB.

The Application and all attachments were printed on 8½" x 11", 100% post consumer fiber paper and have been printed double-sided and single spaced, with each page numbered consecutively.

The Application and all attachments are stapled in the upper left-hand corner. (Please do not bind the Application and submitted documents.)

The Application and all attachments were prepared using a font comparable to 12 pt. Times New Roman.

The Application and all attachments have been mailed to the appropriate CIWMB address.

WASTE TIRE ENFORCEMENT GRANT PROGRAM TEA-16

Work Plan

Task 1 – Inspections

Identify and inspect businesses involved in the collection, transportation, and disposal of waste and used tires to determine compliance with all tire standards, including, but not limited to: permit requirements; tire storage standards; hauler registration; and, manifest system standards.

At least one time during the Grant term, inspect all active permitted major and minor, exempt, excluded or illegal tire businesses and waste tire facilities that accept or store more than 500 waste tires, for compliance with waste tire storage, disposal and permit standards, and permit terms and conditions.

Inspect registered waste tire hauler operations for compliance with registration and manifesting requirements.

Inspect generators for compliance with manifesting requirements.

Perform inspections requested by the CIWMB.

Task 2 - Surveillance, Enforcement, and Case Development

Surveillance and documentation of illegal tire disposal sites and identification of property owners and/or responsible parties.

Surveillance and documentation of illegal waste tire transport and working with local law enforcement officers to cite illegal tire haulers.

As directed by CIWMB, and with the assistance of the California Highway Patrol (CHP), investigate aerial surveillance data, establish illegal waste tire hauling checkpoints, and participate in CHP/Local Police checkpoints or stings.

Assist CIWMB staff with the investigation of referrals, complaints, violations, discrepancies, legal records searches, and the procurement of inspection warrants.

Maintain appropriate enforcement files and records including inspection reports, correspondence, and evidence.

Task 3 – Community and Industry Education

Distribute tire related information, educational and outreach materials to the regulated community, affected businesses and related governmental agencies.

Develop industry and agency presentation materials.

Conduct trainings to educate and foster working relationships with the Waste Tire Industry and other agencies responsible for tire enforcement issues.

Task 4 – Grantee Training

Attend CIWMB required training meetings and annual conferences.

Task 5 – Report Writing

Prepare the TEA 16 Mid Year and Final Report and Payment Requests; and, preparing the TEA 17 Grant Application.

Task 6 – Equipment, Materials, and Supplies

Cell phone charges.

Task 7 – Transportation

Vehicle cost will be included in this grant as a portion of the weighted labor rate of \$67.21. Presently Stanislaus County has a dedicated 2008 Ford Escape Hybrid for use in the Waste Tire Enforcement Program.

Task 8 – Clean Up of Small Tire Piles

Clean up small waste tire piles of less than 500 waste tires per pile in public and private areas where no responsible party can be determined.
