

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS
ACTION AGENDA SUMMARY

DEPT: CEO-Office of Emergency Services *G. Hunsman*

BOARD AGENDA # *B-12

Urgent

Routine

AGENDA DATE November 25, 2008

CEO Concurs with Recommendation YES NO
(Information Attached)

4/5 Vote Required YES NO

SUBJECT:

Approval to Accept the Fiscal Year 2008 State Homeland Security Grant for the Enhancement of Local Emergency Prevention and Response to Terrorist Events, and Establish the Budget

STAFF RECOMMENDATIONS:

1. Accept the Fiscal Year 2008 grant from the State Office of Homeland Security to enhance local Homeland Security efforts.
2. Authorize the Health Services Agency to administer the Metropolitan Medical Response System program.
3. Direct the Auditor-Controller to establish a new Special Revenue Fund Budget Unit in the amount of \$1,499,660 and establish appropriations consistent with the Budget Journal, rolling over funds at fiscal year end.
4. Direct the Auditor-Controller to transfer \$99,816.40 of the Fiscal Year 2007 Homeland Security Grant into Fixed Assets to support the Fiscal Year 2008 grant projects, as detailed in the Budget Journal.

FISCAL IMPACT:

This federally funded grant combines the State Homeland Security Program (\$1,178,439) and Metropolitan Medical Response System Program (\$321,221). It will provide \$1,499,660 in total funding for equipment, training, exercise, planning and administration to enhance the ability of local jurisdictions to prevent, deter, respond to and recover from threats and incidents of terrorism. This grant is federally funded and does not require a General Fund match contribution. One of the projects included in the Fiscal Year 2008 grant is a patient tracking system. However, the grant amount is not enough to purchase a complete system for all hospitals. (Continued - Page 2)

BOARD ACTION AS FOLLOWS:

No. 2008-808

On motion of Supervisor O'Brien, Seconded by Supervisor Grover
and approved by the following vote,

Ayes: Supervisors: O'Brien, Grover, Monteith, and Vice Chairman DeMartini

Noes: Supervisors: None

Excused or Absent: Supervisors: Mayfield

Abstaining: Supervisor: None

1) Approved as recommended

2) Denied

3) Approved as amended

4) Other:

MOTION:

ATTEST: Christine Ferraro
CHRISTINE FERRARO TALLMAN, Clerk

File No.

FISCAL IMPACT CONTINUED:

Grant savings of \$99,816.40 within the Fiscal Year 2007 grant are available to fully implement the patient tracking system. In order to use these funds, \$99,810.40 must be moved into fixed assets for computer equipment.

DISCUSSION:

This item is submitted to the Board of Supervisors to accept additional State Homeland Security Grant funding for Stanislaus County.

The Fiscal Year 2008 State Homeland Security Grant is the seventh in a series of grants from the federal Department of Homeland Security and administered by the State of California. The Stanislaus Operational Area (Stanislaus County) was eligible for \$6,154,162 in Homeland Security funding beginning with the Fiscal Year 2003 State Homeland Security Grant through the Fiscal Year 2006 grant. The recent Fiscal Year 2007 Homeland Security Grant provided \$1,238,699 in funding. The Board approved the County's application and acceptance of the preceding Homeland Security Grants.

Consistent with the previous grants, only the local Operational Area, which is coordinated by the Stanislaus County Office of Emergency Services (OES), is eligible to apply for the Fiscal Year 2008 (FY08) grant. Pursuant to the grant guidelines, the funding allocation for the State Homeland Security Program is determined the by Anti-Terrorism Approval Body known as the Approval Authority. The Approval Authority for Stanislaus County consists of the Stanislaus County Public Health Officer, Stanislaus County Fire Warden, City of Modesto Fire Chief, Stanislaus County Sheriff, and the City of Modesto Police Chief.

The FY08 grant combines funding from the State Homeland Security Program (SHSP) and the Metropolitan Medical Response System (MMRS). Previous grants also combined the Law Enforcement Terrorism Prevention Program (LETPP) grant. There was not a separate budget line item for LETPP within the FY08 grant. Therefore, local jurisdictions are required to ensure that at least 25% of the SHSP funds are dedicated towards law enforcement terrorism prevention. The federal grant guidance also required an additional 25% of funding be identified to strengthen improvised explosive device (IED) attack deterrence, prevention, detection and protection capabilities and/or to strengthen preparedness planning.

For FY08, the Stanislaus Operational Area is eligible for \$1,178,439 in SHSP funding. The grant application required local projects to be consistent with the State Office of Homeland Security Investment Justifications and Goals and Objectives. The attached project summary provides an overview of the Stanislaus County grant application and provides a project description. Also included is a spreadsheet outlining the equipment

Approval to Accept the Fiscal Year 2008 State Homeland Security Grant for the Enhancement of Local Emergency Prevention and Response to Terrorist Events, and Establish the Budget

Page 3

to be purchased through SHSP. Funding of \$431,648 will continue to support the Regional Interoperable Communication Project supported by previous grants. The FY08 grant funds will enhance the capabilities of the Stanislaus County Bomb Team to respond to IEDs. The Sheriff's bomb team supports all the cities and unincorporated area within Stanislaus County.

Funding for a patient tracking system for two area hospitals was identified in the FY08 grant. However, there was not enough funding in FY08 to purchase the tracking system for every hospital. Subsequent to the FY08 application, savings has been realized in the FY07 Homeland Security Grant, which can be used to augment the purchase of the patient tracking system. The FY07 projects to purchase Alternate Care Site trailers and a Point of Distribution trailer for patient care during a disaster have been completed. To augment the purchase of additional patient tracking systems, it is recommended that appropriations of \$99,816.40 from the FY07 grant be transferred to a fixed asset account.

The State mandated that 10% of the funds be allocated for training programs. These funds will support training required by the National Incident Management System (NIMS), hazardous materials training and Citizen Emergency Response Team classes for citizens. Stanislaus County and its jurisdictions are required to remain NIMS compliant to be eligible for the preparedness grants including Homeland Security grants. NIMS training is offered to jurisdictions and emergency responders throughout Stanislaus County.

The MMRS program has been administered by Stanislaus County Health Services Agency since June 2002. The MMRS program enhances a jurisdiction's response to a mass casualty event, using its own resources from incident occurrence until significant external resources arrive. The core requirement of the MMRS program is the integration of first responder, medical treatment, public health, and emergency management components into an integrated system. The FY08 grant will support obtaining mobile data computing devices for ambulance districts. Funding will purchase a mobile morgue for the coroner. The grant funds in the amount of \$321,221 were incorporated into the Health Services Agency budget.

Consistent with the practices of the FY07 Homeland Security Grant Program, MMRS is processed as a component of the FY08 Homeland Security Grant application administered by the Stanislaus Operational Area. Due to the specific nature of MMRS, staff recommends this component of the FY08 Homeland Security Grant continue to be administered by, and funds allocated directly to, Stanislaus County Health Services Agency. The Stanislaus County OES and the Health Services Agency will coordinate the reporting requirements and requests for reimbursement.

Approval to Accept the Fiscal Year 2008 State Homeland Security Grant for the Enhancement of Local Emergency Prevention and Response to Terrorist Events, and Establish the Budget
Page 4

POLICY ISSUES:

Acceptance of this grant supports the Board's priorities of a safe community, a healthy community and effective partnerships by enhancing the ability of local jurisdictions to prevent, deter, respond to and recover from threats and incidents of terrorism.

STAFFING IMPACT:

One part time person is employed through the grant to assist with equipment purchasing and distribution. The Office of Emergency Services anticipates contracting with additional staff to assist with the planning, exercise and training elements.
