CHRISTINE FERRARO TALLMAN, Clerk

ATTEST:

File No.

Approval to Accept Annual Audited Financial Reports for Fiscal Year Ended June 30, 2008 - Auditor-Controller

DISCUSSION:

The annual financial audit is the examination of financial data as presented in the County's annual financial report by an audit firm that is independent of the County. The financial report includes a balance sheet, a statement of revenues and expenditures, a statement of changes in equity, a cash flow statement, and notes comprising a summary of significant accounting policies and other explanatory notes.

The purpose of the audit is to form an "opinion" on whether the information presented in the financial report, taken as a whole, reflects the financial position of the County as of June 30, 2008. When examining the financial report, auditors must follow auditing standards, which are set by a government body. Once auditors have completed their work, they prepare an audit report, explaining the scope of their work and giving an opinion drawn from their work. They will also provide to the County a report communicating any significant findings and recommendations that come to their attention during the audit.

The first report is presented to identify the scope and process of the audit. The Board of Supervisors is required by law to cause to be prepared, audited, and published an annual financial report. The report also meets the requirements of the Grand Jury (under Penal Code Section 925) to ensure that an annual financial audit is carried out upon the County. The audit was performed in conformity with U.S. generally accepted accounting principles.

The second report is the County's Annual Financial Report, which includes the independent auditor's opinion on the report. The County received an unqualified opinion (meaning no adverse findings) on the report based on the audit performed by Brown Armstrong Accountancy Corporation.

The third report is the Agreed Upon Conditions Report to Management, which discusses required communications and comments related to County operations Material findings and recommendations from the audit firm to improve County processes and controls are contained in this section of the report.

The fourth report is the Single Audit performed in accordance with the Single Audit Act to provide assurance to the federal agencies as to the management and use of these funds by the County. This report includes a schedule of all federal funds by program utilized by the County. The Single audit has been submitted to the Federal Audit Clearing house along with a data collection form.

The fifth report is the financial report for the Health Services Agency, which includes the independent auditor's opinion for the financial statements prepared by the agency. This is a separate audit report of the Health Services Agency Enterprise Fund. Health Services Agency also received an unqualified opinion on their financial report.

Approval to Accept Annual Audited Financial Reports for Fiscal Year Ended June 30, 2008 - Auditor-Controller

DISCUSSION (continued):

The last report is the Report to Management, which discusses required communications and comments regarding Health Services Agency Clinic and Ancillary Services Enterprise Fund. It also provides the scope and process followed during the audit performed for the Health Services Agency Clinic and Ancillary Services Enterprise Fund.

Copies of the reports are available from the Clerk of the Board and on-line on the County's WEB-site.

POLICY ISSUES:

Government Code Section 25250 and 25253 authorize the Board of Supervisors to employ the services of an independent certified public accountant to perform an examination of the financial statements of the county in accordance with generally accepted auditing standards. Acceptance of this report is consistent with the County's goal of promoting Efficient delivery of public services.

STAFFING IMPACT:

Auditor-Controller staff spent approximately 1,600 hours to complete the Annual Financial Report for the fiscal year ending June 30, 2008. County departments responding to requests for information related to the financial statement audit and the single audit also expended a significant number of hours.

We have audited the financial statements of the County of Stanislaus for the year ended June 30, 2008, and have issued our report thereon dated December 10, 2008. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 18, 2008, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to the County's management in our meeting about planning matters on August 5, 2008.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Agency are described in Note 1 to the financial statements. The County of Stanislaus adopted Statement of Governmental Accounting Standards (GASB Statement) No. 45 and 50, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension" and "Pension Disclosures-an amendment of GASB Statements No. 25 and No. 27", during the fiscal year 2007-08. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the estimate for self insurance liability:

We evaluated the self-insurance liability as determined by the County of Stanislaus using actuarial reports prepared and provided by an independent third party.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- Note 18 Other Post Employment Benefits (OPEB)
- Note 2 Restatement of Equity

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We detected no misstatements during our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 10, 2008.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of Board of Supervisors and management of the County of Stanislaus and is not intended to be and should not be used by anyone other than these specified parties.

To the Honorable Grand Jury and Board of Supervisors of the County of Stanislaus, California

We have audited the accompanying financial statements of governmental activities, the business-type activities, each major fund, the aggregated remaining fund information, of the County of Stanislaus, California, (the County), as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in the notes to the financial statements, the County adopted the provisions of GASB Statements No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, and No. 50, Pension Disclosures – an amendment of GASB Statements No. 25 and No. 27.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregated remaining fund information of the County of Stanislaus, California, as of June 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis as listed in the accompanying table of contents is not a required part of the County's basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules and the statistical section identified in the table of contents, where applicable, are presented for the purposes of additional analysis and are not a required part to the basic financial statements. The information in the statistical section has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion on it. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated December 10, 2008, on our consideration of the County of Stanislaus' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

BROWN ARMSTRONG PAULDEN McCOWN STARBUCK THORNBURGH & KEETER ACCOUNTANCY CORPORATION

Bakersfield, California December 10, 2008

Management's Discussion and Analysis

As management of the County of Stanislaus (County), we offer this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2008. Please read it in conjunction with the County's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

- The assets of the County exceeded liabilities at the close of the 2007-2008 fiscal year by \$739 million (net assets). Of this amount, \$459 million is invested in capital assets net of related debt and \$214 million is restricted for specific purpose (restricted net assets), leaving \$66 million in unrestricted net assets.
- The government's total net assets increased by \$19 million.
- As of June 30, 2008, the County governmental funds reported combined fund balances of \$453 million, an increase of \$11 million from the prior year. Approximately 79% of the combined fund balances, or \$357 million is available to meet the County's current and future needs (unreserved fund balance).
- At the end of the fiscal year, unreserved fund balance for the General Fund was \$61 million, or 23% of total General Fund expenditures and transfers.
- The County's total long-term debt decreased by \$13 million in fiscal year 2007-2008 due to annual debt service payments.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. There are three components to the County's basic financial statements 1) **Government-wide** financial statements; 2) **Fund** financial statements and 3) **Notes** to the basic financial statements. This report also contains other supplementary information.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The <u>statement of net assets</u> presents information on all County assets and liabilities, with the difference between the two reported as <u>net assets</u>. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The <u>statement of activities</u> presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, <u>regardless of the timing of related cash flows</u>. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

OVERVIEW OF THE FINANCIAL STATEMENTS (Cont.)

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation and cultural services. The business-type activities of the County include the Fink and Geer Road Landfills, Health Clinics and Ancillary Services, Stanislaus Behavioral Health Center, Inmate Welfare/Commissary and Transit.

The government-wide financial statements include not only the County (known as the primary government), but also legally separate entities (component units) for which the County is financially accountable. There are five component units included in these financial statements. The Redevelopment Agency, Stanislaus County Capital Improvements Financing Authority, Stanislaus County Tobacco Funding Corporation, In-Home Supportive Services Public Authority and the Lighting Districts, although legally separate, function for all practical purposes as departments of the County and therefore, are included as an integral part of the primary government.

The government-wide financial statements can be found on pages 15-17 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: *governmental funds, proprietary funds* and *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

For the governmental funds, information is presented separately for the General Fund, Tobacco Settlement, Behavioral Health and Recovery Services, Community Services Agency, and Public Facility Fees, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

OVERVIEW OF THE FINANCIAL STATEMENTS (Cont.)

The County adopts an annual appropriated budget for its General Fund and most of its Special Revenue Funds. Budgetary comparison statements have been provided in this report for the General Fund and the major Special Revenue Funds.

The governmental funds financial statements can be found on pages 18-31 of this report

Proprietary funds are divided into two types. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the Fink and Geer Road Landfills, Health Clinics and Ancillary Services, Stanislaus Behavioral Health Center, Inmate Welfare/Commissary and Transit activities. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its self-insurance activities, Central Services, Fleet Services, Technology and Communication, and Morgan Shop Garage. All of these activities, except the Professional Liability Self-insurance Fund, predominantly benefit governmental functions and have been included within governmental activities in the government-wide financial statements. The Professional Liability Insurance Fund predominantly benefits business type functions and is included within the business-type activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Fink and Geer Road Landfills, and the Health Clinics and Ancillary Services Fund are considered to be major funds of the County. The County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The proprietary funds financial statements can be found on pages 32-35 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds except for agency funds.

The fiduciary fund financial statements can be found on pages 36-37 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 38-83 of this report.

The combining and individual fund statements referred to earlier provide information for non-major governmental funds, enterprise and internal service funds and are presented following the notes to the financial statements. Combining and individual fund statements can be found on pages 87-101 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$739 million at the close of the 2007-2008 fiscal year.

By far the largest portion of the County's net assets (62%) reflects its investment in capital assets (e.g., land, buildings, machinery, infrastructure, and equipment), less any outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

County of Stanislaus Net Assets

	Governmen	tal Activities	Business-typ	e activities	Total	
	2008	2007	2008	2007	2008	2007

related debt	435,204,374	464,402,025	23,544,958	29,205,014	458,749,332	493,607,039
Restricted	193,992,595	163,255,952	20,404,464	18,925,816	214,397,059	182,181,768
Unrestricted	72,110,910	64,162,858	(6,364,621)	(22,237,324)	65,746,289	41,925,534
Total net assets	701,307,879	691,820,835	37,584,801	25,893,506	738,892,680	717,714,341
Restatement of Equity - prior period adj		2,029,585				2,029,585
Net assets including restatement	\$ 701,307,879	\$ 693,850,420	\$ 37,584,801	\$ 25,893,506	\$ 738,892,680	\$719,743,926

Another significant portion of the County's net assets, \$214 million, or 29% represents resources that are subject to external restrictions on how they may be used. The remaining \$66 million of the County's net assets are unrestricted. At the end of the current fiscal year, the County is able to report, in total, positive balances in all three categories of net assets.

The County's total net assets increased by \$19 million during the current fiscal year as revenues exceeded expenses by that amount.

For business-type activities, the County reported a negative balance of \$6 million in unrestricted net assets. The positive variance of \$16 million from the prior year's negative unrestricted net assets is due to new funding and the sale of Stanislaus Behavioral Health Center.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Cont.)

Governmental activities Governmental activities increased the County's net assets by \$7 million, as the amount of revenues exceeded expenses.

The increased revenue came from an increase in property taxes.

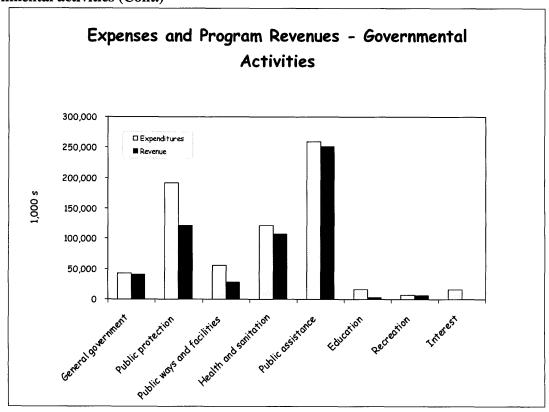

The following table indicates the changes in net assets for governmental and business-type activities:

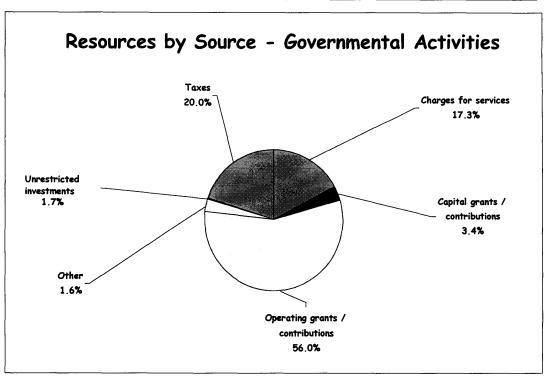

County of Stanislaus Changes in Net Assets

	Governmental	Activities	Business-type	Activities	Total	
	2008	2007	2008	2007	2008	2007
Revenues:						
Program revenues:						
Charges for services	\$ 126,103,519	\$122,739,381	\$51,196,939	\$53,673,010	\$177,300,458	\$176,412,391
Operating grants and contributions	407,883,255	388,750,336	2,567,553	1,906,353	410,450,808	390,656,689
Capital grants and contributions	24,598,071	23,998,543	742,258		25,340,329	23,998,543

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Cont.)

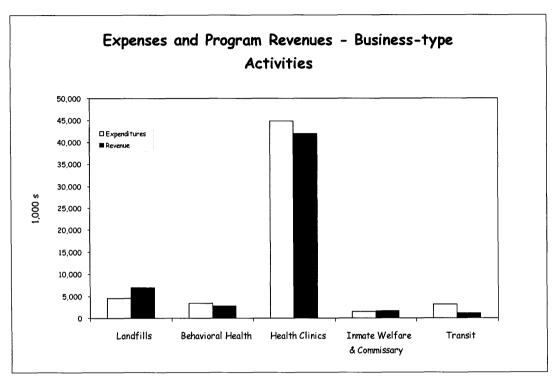

Governmental activities (Cont.)

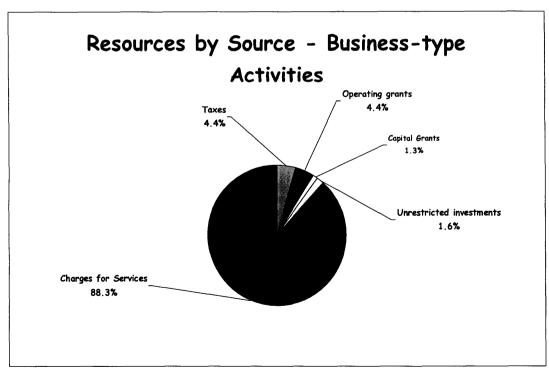

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Cont.)

Business-type activities

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses <u>fund accounting</u> to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The general government functions are contained in the general, special revenue, debt service, and capital projects funds. Included in these funds are the special districts governed by the County Board of Supervisors. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2008, the County's governmental funds reported combined fund balances of \$453 million, an increase of \$11 million in comparison with the prior year. A part of this increase is a result of proceeds of sale transferred from the Stanislaus Behavioral Health Center Enterprise Fund. The balance of the increase is due to an increase in taxes and penalties on delinquent taxes.

Approximately 79% (\$357 million) of the combined fund balances constitutes unreserved fund balance, which is available for spending by the government. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has been committed:

- 1) to pay debt service \$15.3 million
- 2) to capital projects \$5.5 million
- 3) to liquidate contracts and purchase orders of the prior period \$17.7 million
- 4) to reflect amount due from other funds that are long-term in nature and thus do not represent available spendable resources \$0.5 million
- 5) to reflect long term receivables for delinquent taxes due from taxpayers \$42.3 million
- 6) to reflect amounts loaned to other governments that are long-term and do not represent available resources \$3 million
- 7) to a variety of other restricted purposes \$11.6 million.

The General Fund is the chief operating fund of the County. At June 30, 2008, unreserved fund balance of the General Fund was \$61 million while total fund balance was \$124 million. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 23% of total fund expenditures and transfers, while total fund balance represents 46% of that same amount.

The County's management also designates (earmarks) unreserved fund balance to a particular function, project, activity or for purposes beyond the current year. However, designated fund balance is available for appropriation at any time. Of the \$61 million General Fund unreserved fund balance, 86% is designated. Unreserved, undesignated fund balance at year-end was \$8 million compared to \$23 million at June 30, 2007.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS (Cont.)

The total fund balance of the County's General Fund increased by \$7 million during the current fiscal year, due to an increase in taxes and penalties on delinquent taxes.

The debt service funds have a total fund balance of \$16 million. Most of the debt service fund balance is reserved for debt service payment, consistent with prior years.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The following table shows actual revenues, expenses and results of operations for the current fiscal year:

		Stanislau	is County		
		Proprieta	ry Funds		
		Major	Funds	Non-major	
	Fink Road Landfill	Geer Road Landfill	Health Clinics & Ancillary	Other Enterprise Funds	Total
Operating revenues	\$ 5,976,090	\$ -	\$ 39,201,032	\$ 4,611,592	\$49,788,714
Operating expenses	4,561,084	711	48,620,964	8,092,398	61,275,157
Operating income (loss)	1,415,006	(711)	(9,419,932)	(3,480,806)	(11,486,443)
Non-operating revenues (expenses), net Net income (loss) before contributions	1,516,518	181,758	(472,553)	9,412,290	10,638,013
and transfers	2,931,524	181,047	(9,892,485)	5,931,484	(848,430)
Contributions and transfers	(104,520)	450,000	16,927,185	(4,223,502)	13,049,163
Net income	\$ 2,827,004	\$631,047	\$ 7,034,700	\$ 1,707,982	\$12,200,733

The net income in the Health Clinics and Ancillary Services fund is a result of additional revenue associated with Federally Qualified Health Center Look-Alike Designation.

GENERAL FUND BUDGETARY HIGHLIGHTS

The County appropriated \$9.7 million in a contingency budget for emergencies and other unanticipated expenses as part of administrative policy. At year-end, revenues exceeded budgetary estimates in the General Fund by \$8.2 million and expenditures were less than budgetary estimates.

During the year, appropriations were increased by a net \$1 million resulting in a difference between the original budget and the final amended budget. The significant increase in appropriations was related to the Sheriff's Office, Elections Division and the District Attorney's Office.

The original budget for General Fund Match (transfers out) was increased by \$5.9 million. The match was increased for the operational activities of the Health Services Agency Clinics and Ancillary Services and to fund the Empire Community Pool project.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets

The County's investment in capital assets for its governmental and business-type activities as of June 30, 2008, amounted to \$554 million (net of accumulated depreciation). This investment in capital assets includes land and easements, roads, highways, bridges, park facilities, structures and improvements, and equipment. The County's total investment in capital assets for the current period decreased from the prior year due to depreciation.

Major capital asset events during the 2007-2008 fiscal year included the following:

- Completion and grand opening of the new Gallo Center for the Arts, expending \$4 million on an overall \$34.8 million project.
- Parks Department spent \$679,000 on Woodward Reservoir infrastructure improvements.
- \$2 million was budgeted in fiscal year 2007-2008 for expansion of the existing jail facilities in the Public Safety Center.
- Sale of Stanislaus Behavioral Health Center facility for \$10,949,000 effective November 1, 2007.

CAPITAL ASSETS AND DEBT ADMINISTRATION (Cont.)

Long-term debt

At June 30, 2008, the County had total long-term debt outstanding of \$285 million compared to \$298 million as of June 30, 2007. The decrease of \$13 million is due to annual debt service payments.

Our long-term debt ratings are an "A" from Standard and Poor's Corporation and an "A3" from Moody's Investor service.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- The unemployment rate in the County for September 2008 was 10.5% compared to 7.5% for the State of California and 6.1% for the nation.
- Median home prices in Stanislaus County decreased 40.3% from September 2007 to September 2008. Statewide median home prices decreased 40.9% for the same period.
- Building permits issued in Stanislaus County decreased 85.6% in August 2008 compared to the prior year. Statewide issuance of building permits decreased by 60.5% for the same period.
- Unreserved, undesignated fund balance as if June 30, 2008 is \$8 million, all of which has been appropriated for fiscal year 2008-2009 expenditures.
- An additional \$6.5 million of unreserved, undesignated fund balance will become available as a result of a methodology change in the calculation of the required Tax Loss Reserve Fund. On September 9, 2008, the County Board of Supervisors approved the new funding level to reflect 1% of the secured taxes and assessments for the fiscal year.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Auditor-Controller's Office, 1010 Tenth Street, Suite 5100, P.O. Box 770, Modesto, CA 95353.

The accompanying notes to the financial statements are an integral part of this statement.

County of Stanislaus Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Assets June 30, 2008

Total fund balances for governmental funds (page 18)

\$ 453,115,271

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

Land	\$ 40,002,942
Infrastructure	297,164,563
Structures and improvements	110,822,653
Equipment	35,679,130
Construction in progress	39,243,480

Total capital assets 522,912,768

Investments - Joint ventures 15,641,485

Internal service funds are used by the County to charge the cost of general liability, unemployment, worker's compensation, dental, vision, & purchased insurance plus Central services, Fleet services, Technology & communication and Morgan garage to individual funds. The assets and liabilities of these internal service funds are included in governmental activities in the statement of net assets.

20,955,190

Some of the County's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are not recognized as revenue in the funds.

960,528

Costs of issuance that benefit future periods are recognized as expenditures in the funds.

3,122,839

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities--both current and long-term--are reported in the statement of net assets.

Balances at June 30, 2007 are:

Certificates of participation	(98,537,138)
Bonds payable	(76,237,295)
Tobacco securitization notes	(109,063,472)
Capital leases	(394,045)
Accrued interest on long term debt	(3,126,007)
Other post-employment benefits (OPEB)	(1,425,696)
Compensated absences	(26,616,549)

Total long-term liabilities (315,400,202)

Net assets of governmental activities (page 15)

\$ 701,307,879

The accompanying notes to the financial statements are an integral part of this statement.

County of Stanislaus

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2008

Net change in fund balances - total governmental funds (page 20)			\$ 11,295,773
The change in net assets reported for governmental activities in the statement of activities are different because:			
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.			
Expenditures for capital assets and infrastructure Less current year depreciation		14,775,403 (34,043,985)	(19,268,582)
The net effect of miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets			195,324
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds			(391,712)
Issuance of long-term debt provides current financial resources to governmental funds, but has no effect on net assets			(254,451)
Repayments of debt principal and issuance premiums are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and premiums are amortized in the statement of activities. Repayments:			
Certificate of participation Other long-term debt Capital lease Amortization of issuance premium		6,554,560 9,771,110 131,727 144,340	16,601,737
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.			
Other post-employment benefits (OPEB) Change in investment in joint ventures Change in accrued interest payable Change in Tobacco accreted interest payable Change in compensated absences Change in deferred charges	\$	(1,425,695) (547,937) 490,529 (2,852,847) (1,210,438) (163,424)	(5,709,812)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net expense of certain activities	es		
Cut the cut and a few to be used a sixty communication of invitation			4 000 102

Change in net assets of governmental activities (page 17)

of the internal service funds is reported with governmental activities.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: Summary of Significant Accounting Policies

This summary of significant accounting policies of the County of Stanislaus (the County) is presented to assist in understanding the County's financial statements. These accounting policies conform to Generally Accepted Accounting Principles (GAAP) and have been consistently applied in the preparation of the financial statements.

A. Reporting Entity

The accounting methods and procedures adopted by the County conform to GAAP as applied to governmental entities. These financial statements present the government and its component units, legally separate entities for which the government is considered to be financially accountable under the criteria set by Governmental Accounting Standards Board (GASB) Statement No. 14.

Reported component units on the County's financial statements can be blended or discretely presented. Blended component units, although legally separate entities, are in substance, part of the government's operations. Blended component units are an extension of the County and so data from these units are combined with the data of the primary government. Each component unit has a June 30th year-end.

Blended Component Units

- 1. Redevelopment Agency of the County of Stanislaus ("Agency"): The Agency was established by the County as a separate legal entity in accordance with state law. It is governed by the five members of the County Board of Supervisors. The purpose of the Agency is to acquire, rehabilitate, and revitalize property within legally designated redevelopment areas. The Agency provides service solely to the County and is reported as a capital projects fund.
- 2. Stanislaus County Capital Improvements Financing Authority ("Authority"): The Authority was established on September 1, 1989, as a separate legal entity whose sole purpose is to provide financing for various County capital projects. It is governed by the five members of the County Board of Supervisors. The activity for the Authority is reported as a debt service fund.
- 3. Lighting Districts: The County has 25 different, legally separate lighting districts whose boards are the same as the County Board of Supervisors. The County's approval is needed to set the districts' budget and to set assessment rates. The activity for the lighting districts is reported in a special revenue fund.
- 4. Stanislaus County Tobacco Funding Corporation ("Stanislaus Corporation"): The Stanislaus Corporation was established per Board resolution on November 7, 2000 as a separate legal entity pursuant to California Corporations Code. Three directors, two from the County and one independent, govern it. Its purpose is to acquire from the County all of the rights of the County future tobacco settlement payments and to borrow money secured by the County tobacco assets on behalf of the California County Tobacco Securitization Agency (see Note 16). The Corporation provides service solely to the County and is reported as a debt service fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: Summary of Significant Accounting Policies (continued)

A. **Reporting Entity** (continued)

Blended Component Units (continued)

5. In-Home Supportive Services Public Authority of Stanislaus County ("Public Authority"): The Public Authority was established on December 9, 2004 as a separate legal entity pursuant to Welfare and Institutions Code Section 12301.6. It is governed by the five members of the County Board of Supervisors. The purpose of the Public Authority is to implement the goals and objectives of the In-Home Supportive Services Program. The Public Authority is reported as a special revenue fund.

B. Basis of Presentation

Government-Wide Financial Statements

The statement of net assets and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. The government-wide statements distinguish between the governmental and business-type activities of the County. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

In the government-wide statements, eliminations have been made to minimize the double counting of certain internal activities. In the statement of net assets, all internal balances have been eliminated except those representing the net balance due between governmental and business type activities. This residual balance is reported as "internal balances." In the statement of activities, direct expenses such as services provided and used are not eliminated, but internal service fund activity has been eliminated.

The statement of activities demonstrates the degree to which the program expenses of a given function are offset by program revenues. Program expenses include direct expenses, which are clearly identifiable with a specific function, and allocated administrative overhead. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted net assets are available, unrestricted resources are used only after the restricted resources are depleted.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: <u>Summary of Significant Accounting Policies</u> (continued)

B. **Basis of Presentation** (continued)

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Non-operating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The County reports the following major governmental funds:

- The *General Fund* is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as public protection, health and sanitation, public assistance, education and recreation services.
- The *Tobacco Settlement Fund* was established to account for the proceeds from securitizing the County's share of tobacco settlement revenues. Currently the proceeds are restricted to use for capital expenditures. The intent is to preserve the initial amount and to distribute 80% of the annual investment earnings to the General Fund.
- The Behavioral Health and Recovery Fund was established to provide mental health services to the residents of the County under the provisions of Welfare and Institutions Codes 5600 and 5000. This includes residential/support treatment services, outpatient treatment services, and an array of education and prevention services. The primary source of revenues is from intergovernmental sources and charges for services.
- The Community Services Agency Fund was established for the administration of the three major public social programs including financial assistance, social services, and employment services. Intergovernmental revenue is the primary source of financing for this fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: <u>Summary of Significant Accounting Policies</u> (continued)

B. Basis of Presentation (continued)

Fund Financial Statements (continued)

Public Facility Fees were established by the Board of Supervisors adoption of Resolution No. 89-1724 for the purpose of reducing the impact of a growing community on existing County resources. The fees are charged to new development based on the need for facilities to maintain the existing level of service. The fee benefits the following departments and programs: roads, detention, criminal justice, library, parks, public and mental health, emergency services, animal services and sheriff.

The County reports the following major enterprise funds:

- The Fink Road Sanitary Landfill Fund was established to account for the operation of Fink Road Sanitary Landfill, which provides a dumping site for the disposal of solid wastes. Revenues are derived from fees generated for the disposal of waste at the site.
- The Geer Road Sanitary Landfill Fund was established to account for the operation of Geer Road Sanitary Landfill, which provided a dumping site for the disposal of solid waste. The landfill is owned jointly with the City of Modesto.
 - The Health Clinics and Ancillary Services Fund was established to account for health care operations in outpatient clinics throughout the County. Revenues are derived from fees for patient services, payments from federal and state programs such as Medicare and Medi-Cal, private insurance, and subsidies from the County.

The County reports the following additional fund types:

- Internal Service Funds account for the County's fleet maintenance, communication, technology, and other services provided to departments or other governments. They also account for self-insurance programs worker's compensation, long-term disability, employee benefits, and personal injury and property damage on a cost-reimbursement basis.
- The *Employees' Retirement Trust* accumulates contributions from the County, its employees and other participating employers, and earnings from the fund's investments. Disbursements are made from the fund for retirement, disability and death benefits (based on a defined benefit formula) and administrative expenses. This fund includes all assets of the Stanislaus County Employees Retirement Association (StanCERA).

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: <u>Summary of Significant Accounting Policies</u> (continued)

A. **Basis of Presentation** (continued)

Fund Financial Statements (continued)

- The Investment Trust Fund accounts for the assets of legally separate entities that deposit cash with the County Treasurer in an investment portfolio for the benefit of all participants. These entities include school and community college districts and other special districts governed by local boards, regional boards and authorities. The fund represents the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand.
- The Agency Funds account for assets held by the County as an agent for individuals, private organizations, or other governments.

C. Basis of Accounting

The government-wide, proprietary, pension and investment trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available ("susceptible to accrual"). The County considers revenues available if they are collected within 180 days after year-end, except for property taxes. Property taxes are considered available if they are collected within 60 days after year-end. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: <u>Summary of Significant Accounting Policies</u> (continued)

C. **Basis of Accounting** (continued)

For its business-type activities and enterprise funds, the County has elected under GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

Proprietary funds distinguish operating revenues and expenses from nonoperating. Operating revenues and expenses generally result from providing services and producing goods in connection with a proprietary fund's principal operations. The operating revenues of the enterprise and internal service funds are charges to customers for sales and services. Operating expenses for those same funds include the cost of sales and services, administrative expenses, depreciation and the estimated cost of closure/postclosure for the landfills. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Budgetary Basis of Accounting

In accordance with the provisions of Sections 29000 and 29143, inclusive, of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares a budget for each fiscal year on or before August 30. Budgeted expenditures are enacted into law through the passage of an Appropriation Ordinance. This ordinance mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County's Board of Supervisors.

An operating budget is adopted each fiscal year for the General Fund and all special revenue funds except the Tobacco Settlement Fund. An operating balanced budget is adopted for the capital project funds for the life of the project, except for the Redevelopment Agency, the Courthouse Construction Fund and the Criminal Justice Facilities Fund, which adopt an operating budget each fiscal year. A budget is not adopted for the Public Facility Fees Capital project fund as those dollars are transferred and budgeted in other funds. Expenditures are controlled at the object level within budget units. A budget unit may be (1) a single department, (2) a division of a large department having multiple divisions, or (3) an entire fund. The object level within a budget unit is the level at which expenditures may not legally exceed appropriations. Any transfers of appropriations between object

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: <u>Summary of Significant Accounting Policies</u> (continued)

D. **Budgetary Basis of Accounting (continued)**

levels within the same budget unit may be authorized by the County Executive Office. Budget amendments or supplementary appropriations normally financed by unanticipated revenues during the year or transfers of appropriations between budget units must be approved by the Board of Supervisors. Budgeted amounts in the budgetary comparison schedules are reported as originally adopted and as amended during the fiscal year by resolutions approved by the Board of Supervisors.

The budgets for the governmental funds may include an object level known as "expenditure transfers". This object level is an accounting mechanism used by the County to show reimbursements between operations within the same fund (an example would be the General Fund).

The amounts reported on the budgetary basis differ from the basis used to present the basic financial statements in accordance with generally accepted accounting principles (GAAP). Annual budgets are prepared on the modified accrual basis of accounting except that current year encumbrances and commitments are budgeted as expenditures.

The following schedule reconciles the amounts on the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual on Budgetary Basis to the amounts on the Statement of Revenues, Expenditures and Changes in Fund Balances:

			Special Revenue Funds					
			Beh	avioral Health	Con	munity Services		
	General Fund		aı	nd Recovery	Agency			
Total expenditures								
(budgetary basis)	\$	195,348,849	\$	65,421,578	\$	240,746,974		
Basis difference - net addition of								
2006/07 encumbrances and commitments minus								
2007/08 encumbrances and commitments		5,201,705		(176,068)		164,887		
Total Expenditures (GAAP)	\$	200,550,554	\$	65,245,510	\$	240,911,861		

E. Cash and Cash Equivalents

Cash and cash equivalents include cash in bank and investments held by the County Treasurer in a cash management pool. The amounts classified as "Investments with Fiscal Agent" represent loan proceeds held by the trustees for various borrowings (See Note 11) and securitized tobacco settlement proceeds invested outside the County Pool.

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: Summary of Significant Accounting Policies (continued)

E. Cash and Cash Equivalents (continued)

or less when purchased, and their equity in the County Treasurer's investment pool, to be cash equivalents.

F. Investments

California Government Code Section 53600, et seq., authorizes the County to invest in obligations of the State or any local agency of the State of California, bankers' acceptances, commercial paper, negotiable certificates of deposits, repurchase agreements or reverse repurchase agreements, medium-term notes issued by corporations and the State of California Local Agency Investment Fund. The County may also invest in certain open-ended mutual funds permitted by the Government Code. All investments are carried at fair value until they are within 90 days of maturity at which time they are reported at amortized cost. Interest earned on pooled investments is apportioned quarterly to certain participating funds based upon each fund's average daily deposit balance with all remaining interest deposited in the General Fund.

The tobacco securitization proceeds are invested under a separate policy approved by the County Board of Supervisor's on January 29, 2002. The policy authorizes the County to invest in obligations outlined in California Government Code Section 53600, et seq., with no investment having a greater maturity date than the final maturity of any tobacco settlement asset-backed bond. All investments are reported at fair value.

The Employees' Retirement Trust (StanCERA) funds are invested pursuant to policy guidelines established by the Retirement System's Board. The objective of the investment policy is to invest in a manner that provides the safeguards and diversity that a prudent investor would adhere to. The policy of StanCERA is to invest in the following asset classes: Large Cap US Stocks, Small Cap US Stocks, Non US Stocks and Fixed Income. Investments are stated at fair value.

G. Deferred Revenue

The County reports deferred revenue on its financial statements. Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when the County receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability of deferred revenue is removed from the financial statements and revenue is recognized.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: <u>Summary of Significant Accounting Policies</u> (continued)

H. Inventory

In governmental funds, inventories are valued at cost. In proprietary funds, they are valued at lower of cost or market. Cost is determined by using either the weighted average or the first-in, first-out method. The consumption method of accounting for inventory is used for the governmental funds and the proprietary funds. For the governmental funds, the reserve for inventory indicates that a portion of the fund balance is not an available financial resource (see Note 13).

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

J. Capital Assets

Capital assets (including infrastructure) are recorded at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain assets (infrastructure) consisting of roads, bridges, lighting systems, drainage systems, and flood control improvements. The County defines capital assets, other than infrastructure, as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year, with the exception of the Health Clinics and Ancillary Services Enterprise Fund. The Health Clinics and Ancillary Services Enterprise Fund defines capital assets as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of three years.

In addition to these individual assets, the library's books are capitalized together as one collection.

Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide and proprietary funds statements, with the exception of patrol cars and landfill cell development. The units of production method is used for depreciation on patrol cars and landfill cells.

The estimated useful lives are as follows:

Infrastructure 20 to 60 years
Structures and improvements 15 to 60 years
Equipment 3 to 20 years
Patrol cars 100,000 miles
Landfill Cell 1,960,000 cubic yards

The County has seven networks of infrastructure assets – roads, bridges, lighting system, storm drains, signs, signals and beacons.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: Summary of Significant Accounting Policies (continued)

K. Compensated Absences (Accrued Vacation, Sick Leave, and Compensatory Time)

All regular employees of the County earn vacation and sick leave with pay every year. The amount of vacation and sick hours earned is based on the years of continuous service and the bargaining unit to which the employee belongs. All employee bargaining units have vacation accumulation limits. Regular employees are given credit for eight hours sick leave each month of employment with limited accumulation.

After at least six months of County service, most regular employees, upon separation, are entitled to all unused vacation time accumulation. Most regular employees are entitled to a portion of accumulated sick leave after six years of service, depending on age, years of service, and bargaining unit.

At the close of each fiscal year, the balance of this accumulated time is computed for each employee at the current salary range. In the financial statements, these amounts are referred to as "compensated absences." A ten-year average of all termination payments is used to compute the amount that is expected to be liquidated in the next year with expendable available financial resources. This current portion and the balance of the long-term liability are reported in the government-wide statements, the enterprise and internal service funds financial statements and are generally liquidated by the General Fund.

L. Interfund Transactions

Interfund transactions include loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/due from" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

Advances to other funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available financial resources.

Services or supplies provided can result, at year-end, in receivables and payables referred to as "due to/from other funds." These receivables and payables are eliminated in the governmental-wide consolidation with residual balances reported as "internal balances" when they are between funds of the County.

Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 1: <u>Summary of Significant Accounting Policies</u> (continued)

L. **Interfund Transactions** (continued)

transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the government-wide presentation.

M. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

N. Implementation of Governmental Accounting Standards Board (GASB) Statements

For fiscal year-end June 30, 2008, the County has implemented GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension and GASB Statement No. 50, Conforming Changes for Pension Disclosures.

Note 2: **Restatement of Equity**

The beginning fund balance of the Child Support Services special revenue fund has been restated to reflect prior year revenue resulting from a State audit.

	Child S	Support Services
Fund balance June 30, 2007, as previously reported	\$	1,713,269
Prior period adjustment due to under-reported revenue		2,029,585
Fund balance July 1, 2007, as restated	\$	3,742,854

Note 3: **Individual Fund Deficits**

Net Asset Deficits - Proprietary Funds	_	
Enterprise fund - Geer Road Landfill	\$	2,261,277
Enterprise fund - Health Clinics and Ancillary Services		9,780,358
Internal Service fund - Purchased Insurance		49,943

The deficit in the Geer Road Landfill is due to the liability for closure/post closure maintenance. This accumulated deficit will be funded with receipts from Fink Road Landfill. The Health Clinics and Ancillary Services Fund deficit is due to the closure of the County hospital inpatient facilities in November 1997 and the rising cost of health care. The plan to recover this deficit focuses on transfers from other funds, increased fees for service, and increased reimbursement from the Federal government as a Federally Qualified Health Center Look-Alike.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 3: <u>Individual Fund Deficits</u> (continued)

The internal service fund deficit is due to unexpected expenses in combination with user rates that were too low. This deficit will be funded by increased user charges.

Note 4: Excess of Actual Expenditures Over Budget in Individual Budget Units

For the year ended June 30, 2008, no expenditures exceeded budget at the department and object level.

Note 5: Cash and Investments

The County maintains a cash and investment pool - Stanislaus County Treasurer's Pool-for the purpose of increasing interest income through investment activities. This pool, which is available for use by all funds, is displayed on the statement of net assets/balance sheet as "cash and investments." The Stanislaus County Treasurer's Pool generally limits participation in the pool to those agencies and districts required to participate by legal provisions of the California State Government Code for those agencies and districts. Voluntary participation is limited to the Stanislaus County Employees Retirement System (StanCERA) and independent special districts, which represent approximately 3% of the pool. While StanCERA participates in the County Treasurer's Pool, the majority of their cash and investments are managed separately from the County Pool. The County has no legally binding guarantees to support the shares in the County Treasurer's Pool.

The share of each fund in the Stanislaus County Treasurer's Pool is separately accounted for and interest is apportioned quarterly based on the relationship of the fund's average daily cash balance to the total of the pooled cash and investments. In accordance with Government Code Section 53647, interest on all money deposited in the County Treasury belongs to the County unless otherwise directed by law or the County Board of Supervisors. The County has numerous funds in which the interest earned is deposited into the General Fund to comply with the above code section.

The Stanislaus County Treasurer's Pool is not SEC-registered, but is invested in accordance with California State Government Code section 53600 et. seq. California State Government Code requires the formation of an Investment Oversight Committee, which is charged with overseeing activity in the pool for compliance to policy and code requirements. To this end, the Oversight Committee reviews the monthly investment report prior to presentation to the Board of Supervisors and causes an audit of investments to occur annually.

In addition to the restrictions and guidelines of the Government Code, cash and investments with the County Treasurer are invested pursuant to investment policy guidelines established by the County Treasurer and accepted by the Board of Supervisors. The objectives of the policy are, in order of priority, legality of investment, safety of principal, liquidity and yield.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: <u>Cash and Investments</u> (continued)

Interest Rate Risk - This is the risk of loss due to the fair value of an investment falling because of rising interest rates. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

• Stanislaus County Treasurer's Pool. The County's policy for interest rate risk allows investments to be sold prior to maturity at a loss if such sale will allow investment in a higher yield vehicle and any loss upon sale can be more than compensated by additional interest earning within a six month period. Of the County's \$1.2 billion portfolio, over 77% of the investments have a maturity of 1 year or less. No investment has maturity greater than 4 years.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: Cash and Investments (continued)

Interest Rate Risk (continued)

- Stanislaus County Tobacco Settlement Investment Portfolio. This portfolio, under a separate investment policy, includes Municipal bonds with maturities of up to 30 years that are sensitive to interest rate changes. These bonds are all insured, which tends to reduce interest rate risk.
- StanCERA's Investment Portfolio. StanCERA's average effective duration of all fixed income holdings, reflecting all instruments including Collateralized Mortgage Obligations and Asset-Backed Securities, must be maintained at plus or minus 1.5 years of the Lehman Aggregate bond index duration. At year end the Lehman Aggregate Bond Index was yielding 5.10% with an effective duration of 4.68 years. StanCERA had a yield of 6.30% with an effective duration of 3.88 years.

Credit Risk - This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

- Stanislaus County Treasurer's Pool. The County is permitted to hold investments of issuers with a short-term rating of "A-1" and a minimum long-term rating of "A" by two of the top nationally recognized statistical rating organizations (rating agencies). Additionally, the County is permitted to invest in U.S. Treasuries, Government Sponsored Enterprises (Agencies), the State's Local Agency Investment Fund and collateralized certificates of deposit that are un-rated.
- Stanislaus County Tobacco Settlement Investment Portfolio. This portfolio includes insured, triple A rated Municipal bonds that make up 47% of the portfolio. The rest of the portfolio is invested in money market and mutual funds with maturities of less than one year.
- StanCERA's Investment Portfolio. Under StanCERA policy, the fixed income portfolio must have an average quality rating of A or better in the aggregate as measured by at least one credit rating service. Investment grade quality is defined as BBB rated or higher at time of purchase. In cases where credit rating agencies assign different quality ratings to a security, the lower rating will be used. Should the rating of a fixed income security fall below investment grade, the manager may continue to hold the security if they believe the security will be upgraded in the future, there is a low risk of default, and buyers will continue to be available throughout the anticipated holding period. The manager has the responsibility of notifying the StanCERA Board whenever an issue falls below investment grade. The notification should include the manager's assessment of the issue's credit rating and its ongoing role in the portfolio.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: <u>Cash and Investments</u> (continued)

Credit Risk (continued)

StanCERA's Investment Portfolio (continued)

The following table shows the quality of StanCERA's investments in fixed income securities on June 30, 2008.

	Active	Fixed Income Securties					
Credit Rating	Management		Amount				
AAA	55.71%	\$	243,184,634				
AA+	1.15%		5,020,130

BB-	0.19%		837,200				
В	5.65%		24,659,187				
B-	2.25%		9,823,625				
Unrated	5.60%		24,386,032				
	100.00%	\$	436,520,719				

Custodial Credit Risk-deposits - In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it.

- Stanislaus County Treasurer's Pool and other deposits. At year-end, Stanislaus County had no custodial credit risk exposure to any depository financial institution. As per State of California Government Code (Section 53630 53683), our depository banks, i.e., Bank of the West, Union Bank of California, and US Bank collateralize Stanislaus County public funds with eligible securities having a market value of at least 110% of the actual amount on deposit. These securities are maintained with the third party custodians. The collateral is held in a pool based on the bank's total public deposits. The County did not have deposits in any foreign currency.
- StanCERA's Investment Portfolio. At year end, StanCERA had no custodial credit risk exposure to any depository financial institution. All deposits are placed with a custodial bank. The custodian is responsible for maintaining an adequate level of collateral in an amount equal to 102% of the market value of loaned securities. Collateral received may include cash, letters of credit, or securities. If securities collateral is received, StanCERA cannot pledge or sell securities collateral unless the borrower defaults.

Custodial Credit Risk-investments - For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: <u>Cash and Investments</u> (continued)

Custodial Credit Risk-investments (continued)

- Stanislaus County Treasurer's Pool and Stanislaus County Tobacco Settlement Investment Portfolio. All negotiable instruments are held by the County's custodian or a third party in the County's name. The County did not participate in securities lending. The investment policy prohibits investment in instruments denominated in a foreign currency.
- StanCERA's Investment Portfolio. State statutes and Board of Retirement Investment Policy permit StanCERA to participate in a securities lending program. StanCERA's custodial bank administers its securities lending program. At year-end, StanCERA had no custodial credit risk exposure to borrowers because the amounts StanCERA owed to borrowers exceeded the amounts the borrowers owed to StanCERA. StanCERA's contract with the custodian requires it to indemnify StanCERA if the borrower fails to return the securities and the collateral is inadequate to replace the securities lent or fail to pay StanCERA for income distributions by securities issuers while securities are on loan.

As of June 30, 2008, StanCERA had securities on loan with a carrying value of \$194,720,509 and cash collateral of \$201,710,234. The accrued market value of loaned securities was \$201,992,815. The types of securities lent were U.S. Government and Agencies, U.S. Corporate Fixed Income and U.S. Equities. There are no restrictions on the amount of securities that may be lent.

Foreign Currency Risk – This is the risk that changes in exchange rates may adversely affect the fair value of an investment

• StanCERA's Investment Portfolio. StanCERA's external investment managers may invest in international securities and must follow StanCERA's Investment Guidelines pertaining to these types of investments.

The fair value, in US dollars, of StanCERA's foreign currency at June 30, 2008 was \$257,949,302, distributed as follows:

Currency	Fair Vaue (in US\$)	Currency	Fair Vaue (in US\$)	Currency	Fair Vaue (in US\$)
Australian Dollar	\$ 13,862,022	Finnish Markka	\$ 3,770,486	New Taiwan Dollar	\$ 3,971,894

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: <u>Cash and Investments</u> (continued)

Concentration of Credit Risk - This is the risk of loss due to a large concentration of investments in any one issuer. Investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are not considered at risk.

• Stanislaus County Treasurer's Pool. Over 77% of the County's investments, including collateral on repurchase agreements, were in the U.S. Government or Government Sponsored Enterprises (Agencies). The following Agencies each comprised more than 5% of the pool investments:

Federal National Mortgage Association	22.77%
Federal Home Loan Mortgage Corporation	20.54%
Federal Home Loan Bank	20.54%
Federal Farm Credit Bank	10.27%

Of the 23% of the portfolio invested in other types of investments, no investment in a single issuer exceeds 5%.

- Stanislaus County Tobacco Settlement Investment Portfolio. This portfolio includes California State Municipals bonds that comprise 6% of the portfolio.
- StanCERA's Investment Portfolio. StanCERA's policy requires that not more than 5% of the total StanCERA stock portfolio, valued at market, may be held in the common stock of any one corporation. Not more than 5% of the outstanding shares of any one company may be held. Individual investment managers are to hold no more than 8% of the market value of the manager's entire stock portfolio in any one company's stock. Not more than 25% of the stock valued at market may be held in any one industry category, as defined by the Retirement Association's consultant, without special permission from the StanCERA Board.

With the exception of securities issued by the U.S. Government and its agencies, no single fixed income issue will represent more than 5% of the total portfolio as measured by market value at time of purchase. Holdings of any individual issue must be 5% or less of the value of the total issue.

At June 30, 2008, StanCERA had the following investments:

Fixed Income Securities		
U S Treasuries	\$	25,026,339
Single Family Mortgage Backed Securities		183,740,385
Multi Family Mortgage Backed Securities		8,598,793
Collateralized Mortgage Backed Securities		12,876,800
Federal Agency		12,705,680
Asset Backed		8,898,254
Corporate Bonds		184,674,468
	\$	436,520,719
Equities		
Domestic	\$	436,044,979
International		276,163,826
Mutual Funds		118,209,447
Collateral on loaned securities	\$	201,710,234
Total Investments	\$1	,468,649,205

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: <u>Cash and Investments</u> (continued)

The following schedule indicates the credit and interest rate risk at June 30, 2008. The credit ratings listed are for the lower of Standard and Poor's or Moody's Investor Services. Certain investments such as U.S. Treasuries and the State's Local Agency Investment Fund are un-rated.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: Cash and Investments (continued)

In accordance with GASB No. 31, investments are reported on the statement of net assets/balance sheet at their fair value and all changes in fair value are reflected in income of the period in which they occur. Fair values were obtained from our custodial statement for all investments having greater than 90 days to maturity in the following categories:

U.S. Agency and GSE Bonds and Notes U.S. Treasury Bonds, Notes and Bills Corporate Bonds and Notes

Amortized cost was used for all investments having 90 days or less to maturity, which may include the following categories:

Commercial Paper State of California Local Agency Investment Fund U.S. Agency and GSE Bonds and Notes U.S. Treasury Bonds, Notes and Bills Repurchase Agreements Corporate Bonds and Notes Money Market Funds

Book cost was used for collateralized Certificates of Deposit purchased from state and nationally chartered banks.

During the fiscal year the County Treasurer's Pool included investments in negotiable Certificates of Deposit as well a those investments owned at June 30, 2008.

The Stanislaus County Treasurer's Pool maintains some investment in the State of California Local Agency Investment Fund (L.A.I.F.). The total amount invested by all public agencies in L.A.I.F. at June 30, 2008 was \$25.1 billion. L.A.I.F. is part of the State of California Pooled Money Investment Account (P.M.I.A.) whose balance at June 30, 2008 was \$69.9 billion. No amount was invested in any derivative financial products. P.M.I.A. is not SEC-registered, but is required to invest according to California State Code. The average maturity of P.M.I.A. investments was 212 days as of June 30, 2008.

The Local Investment Advisory Board (Board) has oversight responsibility for L.A.I.F. The Board consists of five members as designated by state statute. The value of the pool shares in L.A.I.F., which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the pooled treasury's portion in the pool. Withdrawals from L.A.I.F. are done on a dollar to dollar basis.

In accordance with GASB 31, investments are marked to fair values annually and an adjustment is made to each fund accordingly. However, actual daily activity is done on a dollar to dollar basis and only a withdrawal from the pool of a size that jeopardizes pool participants would cause the withdrawal to be done at market value.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 5: <u>Cash and Investments</u> (continued)

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 9: **Property Taxes**

The County's property taxes are levied July 1 (Unsecured Roll) and October 1 (Secured Roll) on assessed values established on the lien date of the previous January 1 for all taxable property located within the County. Local assessed values are determined, subject to appeal before the Assessment Appeals Board, by the County Assessor's Office. Locally assessed real property is appraised at the base year value and is adjusted each year after 1975 by the change in the California Consumer Price Index (CPI) not to exceed an increase of 2%. Property is re-appraised from the 1975/76 base year value to current full value upon either (1) a change in ownership, or (2) new construction, as of the date of such transaction or completion of construction (only the newly constructed portion of the property is re-appraised). Thereafter, it continues to be increased annually by the change in the CPI not to exceed 2%. The total gross assessed value for the 2007/2008 fiscal year is \$43,345,532,038.

The County is permitted by Section 93, of the California Revenue and Taxation Code, to levy taxes up to \$1.00 per \$100 of assessed valuation for general governmental services other than the payment of principal and interest on general obligation bonds or other indebtedness approved by a two-thirds vote of its voters after June 4, 1986. Taxes are allotted to local agencies and school districts as outlined in Sections 95 through 100 of the California Revenue and Taxation Code.

Taxes are due in one installment (Unsecured Roll) on billing and are subject to late payment penalties if paid after August 31, or two installments (Secured Roll) due on November 1 and February 1, and again subject to the late payment penalties if paid after December 10 and April 10, respectively.

The County and its political subdivisions operate under the provisions of Sections 4701-4717 of the California Revenue and Taxation Code (otherwise known as the "Teeter Plan"). Under this method, the accounts of all political subdivisions that levy taxes on the County tax roll are credited with 100% of their respective secured ad valorem tax levy, regardless of the actual payments and delinquencies. This method then provides for all the delinquent penalties and redemptions flow to the County's General Fund. In addition, Section 4703.2 of the California Revenue and Taxation Code requires that a property tax loss reserve be maintained at not less than 25% of the total delinquent secured taxes.

Taxes receivable in the General Fund includes \$42 million long term property tax receivable resulting from the Teeter method of distribution. This long term receivable as well as another \$10 million expected to be collected next fiscal year have already been credited to other governments. These property tax receivables will be collected from the taxpayers.

Unsecured taxes are accrued in the period when they are levied and are recognized when they become available. "Available" means, due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. This period was 60 days from the end of the fiscal year. Property taxes receivable that do not meet the "available" criteria are recorded as deferred revenue.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 10: Leases

Operating Leases

The County is committed under various operating leases for building and office space and business and data processing equipment.

Aggregate rental expense for all operating leases approximated \$3,782,847 for all fund types for the year ended June 30, 2008. The following is a schedule by years of future minimum rental payments required under operating leases that have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2008.

Year Ending June 30,	
2009	\$ 3,428,553
2010	2,669,760
2011	2,306,739
2012	2,005,694
2013	1,554,619
2014-2016	2,416,881
Total Mimimum Lease Payments	\$ 14,382,246

The Stanislaus Waste Energy Company (SWEC) has a lease agreement with the County to lease the 16-acre site on which the waste energy facility was built. The lease term is 35 years and contains a 15-year option to renew at the lessee's (SWEC) option. The County purchased the land in 1974 for \$6,161.

The County also has an agreement with the Stanislaus County Office of Education to lease 15,000 square feet of Building #1 at the County Center III site for the purpose of a print shop. The term is 6 years with a mutual option to renew.

The following is a schedule of future lease revenue on these noncancelable leases at June 30, 2008.

Year Ending June 30,	
2009	\$ 338,400
2010	326,700
2011	198,000
2012	198,000
2013	198,000
2014-2018	990,000
2019-2021	 594,000
Total minimum lease revenue	\$ 2,843,100

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 10: <u>Leases</u> (continued)

Capital Leases

The County has entered into certain capital lease agreements under which the related equipment will become property of the County when all terms of the lease agreements are met:

	Stated Interest Rate	Present Value of Remaining Payment at June 30, 2008		
Governmental activities:				
Building	0.00-7.24%	\$	98,467	
Equipment	0.00-7.24%		295,578	
		\$	394,045	
Business-type activities: Equipment	3.00-6.94%	\$	24,770	
_1F		\$	24,770	
Total capital lease obligations		\$	418,815	

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2008 were as follows:

Year Ending June 30,	 vernmental activities	Business-type Activities		
2009	\$ 160,603	\$	6,733	
2010	138,491		6,734

With the exception of the Professional Liability Insurance Fund, which serves the Health Clinics and Ancillary Services Enterprise Fund, internal service funds serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year-end \$552,771 of internal service funds compensated absences are included in the above amounts. Also, for the governmental activities, risk management liability and compensated absences are generally liquidated by the General Fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 11: Long-Term Debt (continued)

A. Summary of Long-Term Debt (continued)

As of June 30, 2008, annual debt service requirements of governmental activities to maturity are as follows:

	Governmental Activities									
Year Ending		Bonds Payable					Certificates of	f Participation		
June 30		Principal		Interest		Principal			Interest	
2009	\$	8,345,330	\$	4,680,231		\$	7,181,920	\$	4,043,389

Purpose for County Borrowings

1997 Series B Refunding	Purchase medical arts building and construct jail kitchen laundry
1998 Series A	Construct a portion of government building with the City of Modesto
2004 Series A	Construction of Gallo Center for the Arts
2004 Series B	Construction of 12th Street office building and parking garage
2007 Series A Refunding	Construct Public Safety Center and Community Services building
1995 Pension Obligation Bonds	Pay StanCERA for unfunded actuarial accrued liability
RDA State Water Resources Board	To build Bret Harte sewer collection and transfer system
RDA 2005 TAB	To pay for Keyes storm drain project
RDA USDA Loan	To pay for Salida storm drain project
Tobacco Securitization Note	To purchase future tobacco settlement revenue
Tobacco Securitization Note 2006	To purchase future tobacco settlement revenue

C. Tobacco Settlement Asset-Backed Bonds

The County has issued two series of capital appreciation bonds. The first series is the Series 2002 Tobacco Settlement Asset-Backed Bonds and the second is the Series 2006 Tobacco Settlement Asset-Backed Bonds. Capital appreciation bonds are debt securities on which the investment return on an initial principal amount is reinvested at a stated compounded rate until maturity, at which time the investor receives a single payment (the "maturity value") representing both the initial principal amount and the total investment return.

The California County Tobacco Securitization Agency (the Agency) issued bonds and loaned the proceeds to a nonprofit corporation formed by the County called the Stanislaus County Tobacco Funding Corporation (the Corporation) which, in turn paid the proceeds to the County. The bonds are limited obligations of the Agency payable solely from payments made by the Corporation from tobacco settlement revenues purchased from the County.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 11: Long-Term Debt (continued)

C. Tobacco Settlement Asset-Backed Bonds (continued)

In April 2002, the Agency issued the Tobacco Settlement Asset-Backed Bonds on behalf of the Corporation, which is reported as a blended component unit of the County. The original issue amount of the bonds was \$67,305,000 and the expected maturity dates were from June 1, 2019 - 2043. The bonds' interest rates range from 5.5% to 7.5%.

In April 2006 the Agency issued the Tobacco Settlement Asset-Backed Bonds, Subordinate Series 2006 in the amount of \$42,153,611 and the expected maturity dates were from June 1, 2046 - 2055. The bonds' interest rates range from 5.75% to 7.25%.

D. Arbitrage

Arbitrage regulations pertain to the investment of tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable arbitrage rebates are not reported and paid to the Internal Revenue Service at least every five years. During the current year, the County performed calculations of excess investment earnings on various bonds and financings and paid \$56,696 in arbitrage rebate for the 1997 Series B COP. At June 30, 2008, the County has no outstanding liability for arbitrage.

Note 12: Solid Waste Landfill Closure and Postclosure Care Costs

There are two solid waste landfill sites in the County. The Fink Road Sanitary Landfill is owned by the County and is currently operating. The Geer Road Sanitary Landfill is on land jointly owned by the City of Modesto and the County of Stanislaus. This landfill has reached capacity and was closed in June 1990. The County of Stanislaus, by and through its Board of Supervisors, administered the closure operations of the Geer Road Landfill. Both landfills are reported in their entirety as enterprise funds.

State and federal laws require the County to close a landfill once its capacity has been reached and to monitor and maintain the site for thirty subsequent years. The County recognizes a portion of the closure and postclosure care costs in each operating period even though actual payouts will not occur until a landfill is closed. The amount recognized each year to date is based on the landfill capacity used as of the financial statement date.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 12: Solid Waste Landfill Closure and Postclosure Care Costs (continued)

	Fink Road	Geer Road	Total
Estimated total liability for closure/			
postclosure at June 30, 2008	\$20,415,573	\$ 7,835,560	\$28,251,133
Liability recognized as of June 30, 2008	\$ 5,679,694	\$ 7,835,560	\$13,515,254
Landfill capacity used to date	27.82%	100%	
Estimated remaining useful life	25 years		

The estimated costs of closure and postclosure care are subject to changes such as the effects of inflation, technology, revision of laws and other variables. State and federal laws require the County to establish a closure fund to accumulate assets needed for the actual payout of closure and postclosure care costs. Of the restricted cash and investments in the proprietary funds, the following amounts are held for this purpose:

Fink Road Landfill	\$16,790,967
Geer Road Landfill	\$ 3,512,715

Note 13: Net Assets/Fund Balances

Net Assets

The government-wide and business-type activities financial statements utilize a net assets presentation. Net assets are as follows:

- Invested in Capital Assets, Net of Related Debt This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- Restricted Net Assets This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Assets This category represents net assets of the County, not restricted for any project or other purpose.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 13: Net Assets/Fund Balances (continued)

Net Assets (continued)

As of June 30, 2008, the County had the following restrictions to net assets:

	Governmental Activities		В	Business-type Activities	
Restricted for:					
Capital projects	\$	119,992,671	\$	-	
Debt service		16,067,757		-

Clerk-recorder - capital assets		5,805,392		-	
Planning grants		1,141,104		-	
Other		3,029,943			
Total other purposes		57,932,167		20,404,464	
Total Restricted Net Assets	\$	193,992,595	\$	20,404,464	
Amount of total restricted by enabling legislation	\$	48,947	\$_	_	

Fund Balances

In the fund financial statements, reserves and designations segregate portions of fund balance that are either not available or have been earmarked for specific purposes. The various reserves and designations are established by actions of the Board and can be increased, reduced or eliminated by similar actions.

The term "reserved" is used to indicate that a portion of reported fund balance is (1) legally restricted to a specific use or (2) not available for appropriation or expenditure. The Board will sometimes designate portions of unreserved (available) fund balance based on tentative future spending plans. Designated portions of fund balance represent financial resources legally available for uses other than those tentatively planned.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 13: <u>Net Assets/Fund Balances</u> (continued)

Fund Balances (continued)

As of June 30, 2008, the County has reserved or designated fund balances as follows:

<u>Reserved for Encumbrances</u>: This represents that portion of fund balance reserved for encumbrances existing at year end which will result in subsequent year expenditures.

<u>Reserved – Advances to other funds</u>: This represents the portion of fund balance reserved for loans to other funds that are not expected to be repaid in the short-term.

<u>Reserved - Long term receivables:</u> This represents the portion of fund balance related to delinquent property taxes due from the taxpayers not expected to be collected in the short term.

<u>Reserved – Loans to other governments</u>: This represents the portion of fund balance reserved for loans to other governments that are not expected to be repaid in the short-term.

<u>Reserved – Other</u>: This represents that portion of fund balance unavailable for appropriation for the following reasons:

	General	Beha	avioral Health	Co	mmunity	N	onmajor
	Fund	&	Recovery	Servi	ces Agency	Govern	mental Funds
Deposits with others	\$ 10,000	\$		\$		\$	
Inventory							396,403
Imprest cash	40,970		8,701		25,150		14,376
Prepaid items	52,131		2,010				18,658
Tax loss reserve	10,983,192						
Total	\$ 11,086,293	\$	10,711	\$	25,150	\$	429,437

<u>Reserved for Capital projects:</u> This represents the portion of fund balance held by trustees for major capital projects.

Reserved for Debt Service: This represents that portion of borrowings which are held in reserve accounts by trustees and that portion of borrowings held in interest reserve accounts for interest payments.

<u>Designated for Debt Service</u>: This represents that portion of available fund balance segregated to meet future principal and interest payments on debt.

<u>Designated for Contingencies</u>: This represents that portion of available fund balances set aside for emergency and unforeseen expenditures.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 14: **Risk Management**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The County has a risk management program with respect to workers' compensation, general and professional liability, unemployment, vision, dental care and purchased insurance. Under its existing workers' compensation insurance plan, the County is responsible for \$500,000 per occurrence, with a commercial insurance company providing certain liability coverage for up to \$5,000,000. The general liability insurance covers property damage, personal injury, auto, and public officials' errors and omissions. General liability, auto, and public officials' errors and omissions (\$25,000 deductible) are the County's responsibility for up to \$250,000 per occurrence, with the excess insured by the CSAC Excess Insurance Authority for up to \$9,750,000. The County has also purchased optional excess liability coverage in the amount of \$5 million. Property damage is insured by a commercial carrier for \$562,226,575 with a \$10,000 deductible. Unemployment, vision care, and dental insurance are the responsibility of the County. Limited exposure precludes the need for outside coverage.

The Health Services Agency Clinics and Ancillary Services, and the Behavioral Health and Recovery Department participate in the medical malpractice program administered by the CEO Risk Management Division. Under this program, the County has a self-insured retention of \$500,000 per occurrence and pays all defense costs. The County also carries excess insurance coverage up to \$10,000,000 per claim.

There was no reduction in insurance coverage from the prior year. There were no settlements in excess of insurance coverage for each of the past three fiscal years.

The estimation of claims liability depends on many factors such as inflation, changes in legal doctrine, and damage awards. Accordingly, an actuarial study is done each year to update the estimated claims liabilities. These liabilities include incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims.

Changes in the balances of claims liabilities during the past fiscal year are as follows:

	2006/2007	2007/2008
Unpaid claims as of July 1	23,128,986	23,216,297
Incurred claims (including IBNRs)	9,723,281	10,289,340
Claim payments	(9,635,970)	(9,818,215)
Unpaid claims as of June 30	23,216,297	23,687,422

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 14: **Risk Management** (continued)

The County is a defendant in several legal actions. In the opinion of County Counsel, it is probable the potential liability for these matters could exceed the County's general liability self-insurance retention of \$250,000. Any excess over \$250,000 would be covered by excess insurance coverage explained above.

In addition, the County is a defendant in a number of other lawsuits or proceedings arising in the normal course of its activities where the ultimate outcome cannot be predicted with certainty. Management does not expect that these matters will have a material adverse effect on the financial position or changes in the financial position of the County.

Note 15: Contingent Liabilities

The County participates in a number of federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. Some audits of these programs prior to and for the year ended June 30, 2008, have not been conducted or concluded. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

Note 16: **Joint Ventures**

Stanislaus Waste-to-Energy Financing Agency

Stanislaus Waste-to-Energy Financing Agency (Agency) was created May 1, 1989, pursuant to a joint exercise of powers agreement between the City of Modesto and the County of Stanislaus. The Agency is administered by a commission consisting of two members of the City council and two members of the County's Board of Supervisors. The agreement provides that the City and the County shall pay for costs associated with the operation of the Agency and are entitled to all rights and property of the Agency equally.

On May 1, 1990, the Agency issued Certificates of Participation to refinance a bond issued through California Pollution Control Financing Authority. And on February 1, 2000 Refunding Revenue Certificates were issued to refinance the 1990 COPs. Outstanding debt of the Agency at June 30, 2008 is \$21,255,000. Financial statements for the Agency are produced biannually and are available from the County of Stanislaus.

Tuolumne River Regional Park

The County participates with the City of Modesto and the City of Ceres in the operation and development of the Tuolumne River Regional Park (TRRP). The governing body consists of two members from each city council and the County Board of Supervisors.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 16: **Joint Ventures** (continued)

Tuolumne River Regional Park (continued)

The TRRP Board prepares the annual budget, which must be approved by both cities' councils and the Board of Supervisors. Each participant has an equity interest in the assets of the Park based on the percentage of cumulative contributions paid. As of June 30, 2008, the County's equity interest was \$1,709,458. For the fiscal year ending June 30, 2008, the County contributed \$1,218,081 to TRRP. Financial statements for TRRP are prepared by the City of Modesto Finance Department and are available from them.

Stanislaus Drug Enforcement Agency

Stanislaus County and the cities of Modesto, Oakdale, Ceres, Patterson, Turlock, Riverbank and Newman are the participants in the Stanislaus Drug Enforcement Agency (SDEA). The purpose of the SDEA is to maintain a specially trained police unit to assist each of the participating agencies in the enforcement of drug control laws, and to study, plan and set priorities for effective enforcement of such laws throughout Stanislaus County.

The governing body consists of the Sheriff to Stanislaus County and the chief of police for each participating city. All participants contributed to the funding of the SDEA budgeted expenditures, based on population and assessed property value. The County's contribution to the SDEA for fiscal year 2008 was \$403,880. Upon termination of the agreement, assets will be distributed based on total contributions from each participant. Financial statements of the SDEA are available from the City of Modesto.

The City-County Capital Improvements and Financing Agency

The City-County Capital Improvements and Financing Agency (Agency) was created December 17, 1996, pursuant to a joint exercise of powers agreement between the City of Modesto and the County of Stanislaus. The Agency is administered by a six-member commission consisting of two members of the City Council, two members of the County's Board of Supervisors, the County Chief Executive Officer and the City Manager. The Agency prepares the annual and project budgets, which must be approved by both the City Council and the Board of Supervisors. Each participant has an equity interest in the assets of the Agency in accordance with any project agreements or in the percentages as agreed upon by the Agency which percentages shall be reviewed and approved in connection with the project and annual budgets of the Agency. As of June 30, 2008, the County's equity interest in the Agency was \$13,932,027 and is reported as Investments-joint ventures in the government-wide statement of new assets.

The County was the Agency's fiscal administrator during the construction phase of the City-County Administration Center, finalized at the end of June 2003. Since then, the City has been the fiscal administrator. Financial statements of the Agency will be available from the City after the initial audit of the Agency's books has been completed.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 16: **Joint Ventures** (continued)

The California County Tobacco Securitization Agency

In November 1998, the attorneys general of 46 states (including California) and various other public entities (collectively, the "Settling States") and the four largest United States tobacco manufacturers entered into a master settlement agreement (MSA) in resolution of cigarette smoking-related litigation. The MSA effectively releases the manufacturers from past, present and future smoking related claims in exchange for, among other things, certain payments to be made to the Settling States.

On August 5, 1998 the counsel for the State of California and various jurisdictions therein ("participating jurisdictions") entered into a memorandum of understanding (MOU), made to the State of California in accordance to the MSA. However, the payments under the MSA are subject to numerous adjustments and potential delays.

On November 15, 2000, the County entered into a Joint Powers Agreement (the "Agreement") with the County of Merced, County of Sonoma, and the County of Kern thereby creating the California County Tobacco Securitization Agency (the "Agency"). The Agency then added the County of Marin, County of Placer, the County of Fresno, and the County of Alameda. The Agency is governed by a Commission, which is comprised of two designees of the Board of Supervisors of each member.

The purpose of the Agreement is to provide for the exercise of powers common to each member, including, but not limited to, the power to insure, hedge or otherwise manage the risks associated with the receipt of the MSA payments. In furtherance of it's purpose, the Agency has been empowered to issue Bonds secured by the MSA payments of one or more members, the proceeds of which will be used directly or indirectly to purchase all or a portion of the rights to the MSA payments from a member or members.

On March 1, 2002, the Stanislaus County Tobacco Funding Corporation, a component unit of the County, entered into an agreement with the Agency for the purpose of issuing bonds in the principal amount of \$67,305,000 to acquire the County's rights to receive the MSA payments when and as such funds are available. The County agreed to sell its rights, title and interest of the money due under the MSA and the MOU for \$52,403,206.

On March 1, 2006 the Stanislaus County Tobacco Funding Corporation entered into a subordinate secured loan agreement with the Agency to borrow the proceeds of the \$42,153,611 agency 2006 bond issue. The proceeds were used to pay the issuance costs of the bond and the remainder placed in the residual trust established for the benefit of the County in connection with the sale of County tobacco assets mentioned above. The County received \$40,971,290.

The financial statements of the Agency are produced annually and are available from the County of Merced, Lydia Beiswanger, Chief Clerk-Board of Supervisors, 2222 M Street, Merced, CA 95340.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 16: **Joint Ventures** (continued)

Consolidated Emergency Dispatch Agency

The Modesto/Stanislaus Consolidated Emergency Dispatch Agency (the "Agency") was created on September 1, 1999, pursuant to a joint exercise of powers agreement between the City of Modesto (the "City") and the County of Stanislaus (the "County"). The Agency is administered by a seven-member commission consisting of one member of the Modesto City Council, one member of the County's Board of Supervisors, the County Chief Executive Officer, the Modesto City Manager, two members from the Dispatch Advisory Board, and one member from the City of Ceres' City Council. The purpose of the Agency is to consolidate the public safety communications system. The responsibilities of the County and the City include approval: of the annual budget, claims, liabilities, and the use of Agency property as collateral. Each participant will contribute sufficient funds to pay for all costs and expenses associated with providing Emergency Dispatch Services. Upon termination of the agreement, assets will be distributed equally to the City and County, unless otherwise approved. The financial statements may be obtained by writing to the

Modesto/Stanislaus Consolidated Emergency Dispatch, Office Manager, 3705 Oakdale Road, Modesto, California, 95357.

Regional Fire Training Center

On July 1, 1992 the County, Yosemite Community College District (YCCD), and the city of Modesto (City) entered into a 20 year agreement for the joint use and management of the regional fire training center (Center) at Modesto Junior College (MJC). The Center's executive board is made up of the Chancellor of YCCD, the President of MJC, the City Manager and the Chief Executive Officer of the County. The Center was initially constructed using funds borrowed by YCCD with the City and County reimbursing a portion of these costs over 20 years. The buildings, grounds and equipment belong to YCCD. All three entities share in the Center's operating costs with YCCD responsible for the accounting and monitoring of the Center's budget. For fiscal year ending June 30, 2008, the County paid \$47,845 to YCCD under this agreement.

California Statewide Automated Welfare System Consortium IV

The California Statewide Automated Welfare System Consortium IV (Authority) was formed in December of 1998, pursuant to a joint exercise of powers agreement between the Counties of San Bernardino, Riverside, Merced and Stanislaus. The Authority was created for the purpose of the design, development, implementation, and on-going operation and maintenance of a system that automates the eligibility and case management functions of various welfare programs.

On January 9, 2007, the Board of Supervisors approved the Amendment 1 of the Joint Powers Agreement to add thirty-five (35) counties to the current C-IV Joint Powers Authority (JPA). The benefits of adding these counties creates opportunities to expand and improve the current C-IV system along with lowering each counties share of costs.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 16: **Joint Ventures** (continued)

California Statewide Automated Welfare System Consortium IV (continued)

The Authority was originally governed and administered by a Board of Directors consisting of four (4) Directors. The Directors are the Merced County Director of the Human Services Agency, the Riverside County Director of the Department of Public Social Services, the San Bernardino County Assistant County Administrator for Social Services, and the Stanislaus County Director of the Community Services Agency. With the addition of 35 counties three (3) new directors will be added.

Stanislaus County's C-IV costs for Fiscal Year 2007-2008 were \$295,997. Financial Statements may be obtained by writing to the County of San Bernardino, County Administrative Officer, 385 North Arrowhead Avenue 5th Floor, San Bernardino, CA 92415.

North County Corridor Transportation Expressway Authority

On April 1, 2008, the Board of Supervisors approved the establishment of a Joint Powers Authority (Authority) between the County and the cities of Modesto, Oakdale and Riverbank to create the North County Corridor Transportation Expressway. The purpose of the Authority is to develop alternatives to improve east/west traffic circulation in the County, The intent of the North County Corridor Transportation Expressway is to provide a high capacity high speed east-west roadway to accommodate anticipated traffic growth, alleviate traffic on parallel roads, and to accommodate multi-modal travel. Under the terms of the agreement, the County will incur 40% of the costs of the project while each of the participating cities will be contributing 20%. The County's share of project costs will be funded by State Transportation Program and Public Facility Fees. The exact cost of the project will not be known until after the completion of the Project Study Report. The Authority Board of Directors will be comprised of two directors appointed by the County, and one director from each participating city. The board acts autonomously from the respective member agencies. The County of Stanislaus Public Works Director is designated as the Authority's manager. Upon completion of the agreement, all assets will be distributed to the respective parties of the agreement as determined by the Board of the Authority. Financial statements, when available, may be obtained from the Stanislaus County Public Works Department 1010 10th Street, Suite 3500, Modesto, CA 95354.

Note 17: Employees' Retirement Plan

The County is a major participant in the Stanislaus County Employees Retirement Association (StanCERA), a retirement system organized under the 1937 Retirement Act. StanCERA is a cost-sharing multiple-employer Public Employee Retirement System (PERS). StanCERA provides retirement and disability benefits, annual cost-of-living adjustments, death benefits and health and welfare insurance for certain retirees and their dependents. The plan is administered by the Stanislaus County Employees Retirement Association. One actuarial valuation is performed for the system as a whole

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 17: **Employees' Retirement Plan** (continued)

and the contribution rate is determined for each participating entity. The participating entities are the County, City of Ceres, and six special districts located in the County that are not governed by the County's Board of Supervisors. StanCERA issues a Comprehensive Annual Financial Report (CAFR) that includes financial statements and required supplementary information for StanCERA. The CAFR may be obtained by writing to Stanislaus County Employees' Retirement Association, P O Box 3150, Modesto, CA 95353-3150 or by calling (209) 525-6393.

The StanCERA CAFR is prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. All other securities are valued at the last reported sales price at current exchange rates. No investment in any single asset represents more than 5% of the net assets available for pension benefits.

StanCERA has five tiers of retirement benefits, all or some of which are offered to General and Safety members, respectively. The benefits known as Tier 1, Tier 2, Tier 4, and Tier 5 vest after five years of credited service, while the benefit known as Tier 3 vests after ten years of credited service. Vested General members with Tier 1, Tier 2, Tier 4 or Tier 5 benefits may retire at age fifty or older with ten or more years of qualifying service or at any age with thirty or more years of qualifying service. Vested Safety members with Tier 1, Tier 2, Tier 4 or Tier 5 benefits may retire at age fifty or older with ten years of qualifying service or at any age with twenty or more years of service. All Tier 3 members may retire at age fifty-five with ten or more years of qualifying service.

For members with Tier 1, Tier 4 or Tier 5 benefits, final average salary is the average monthly salary based on the highest twelve consecutive months of earnings. For members with Tier 2 or Tier 3 benefits, final average salary is the average monthly salary based on the highest thirty-six consecutive months of earnings.

The retirement benefit for Tier 1, Tier 2, Tier 4 and Tier 5 members includes a post-retirement cost-of-living (COL) adjustment based upon the Consumer Price Index. COL increases/decreases are limited to a maximum of 3% annually. Total COL decrease(s) cannot exceed the cumulative amount of previous COL increase(s). Tier 1, Tier 2, Tier 4 and Tier 5 provide death and disability benefits.

Those members participating in Tier 1, Tier 2, Tier 4 and Tier 5 are required by statute to contribute to the pension plan. Members' contribution rates are formulated on the basis of the age at date of entry and the actuarially calculated future benefits. The County is required by statute to contribute the remaining amounts necessary to finance the estimated

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 17: Employees' Retirement Plan (continued)

benefits accrued to its members. Contribution rates vary from 3.94% to 17.32% of covered payroll for the County and from 2.09% to 16.21% of covered payroll for employees.

Benefits and contribution provisions are established by state law subject to amendment only by a legislative act of the State of California. Alternative benefit and contribution schedules are permissive with approval of the Board of Supervisors.

In addition to providing pension benefits, StanCERA provides a subsidy allowance for retirees. Substantially all of the active members may become eligible for this benefit if they reach normal retirement age. For the year ending June 30, 2008, 2,461 retirees received this stipend, for a total of \$7,240,000. StanCERA sponsored retiree subsidy allowance is not vested and may be discontinued with 90 days notice. Retiree subsidy allowance benefits are funded from excess earnings of the retirement association. As of June 30, 2008, the excess earnings set aside in the net assets held in trust for pension benefits of the Employees' Retirement Trust for funding retiree subsidy allowance amounted to \$157,851,376.

StanCERA also provides a death benefit of \$5,000 paid to the beneficiary or estate if a member dies after retirement, provided that Stanislaus County was the members' last public employer.

The County's contribution to StanCERA for the years ending June 30, 2006, 2007 and 2008 were \$21,879,389, \$27,504,938 and \$19,485,137 respectively, equal to the required contributions for each year. The 2007 County contribution includes a one time payment for the Ventura-Francis class action lawsuit settlement. The County does not contribute towards post-employment benefits other than retirement.

Schedule of Funding Progress

Stanislaus County Employees' Retirement Association (StanCERA)
Schedule of Funding Progress
For the Three Years Ending June 30, 2006
(Dollar amounts in thousands)

		Actuarial				
	Actuarial	Accrued	Unfunded			(UAAL) as a
Actuarial	Value of	Liability (AAL)	AAL	Funded	Covered	Percentage of
Valuation	Assets	Entry Age *	(UAAL)	Ratio *	Payroll	Covered Payroll
6/30/2004	993,180	1,035,345	42,165	95.90%	199,963	21.10%
6/30/2005	1,049,691	1,116,310	66,619	94.00%	211,681	31.50%

^{*} Excludes "Other Designated Reserves" and the liabilities associated with these reserves

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 17: Employees' Retirement Plan (continued)

Schedule of Funding Progress (continued)

Expressing StanCERA's benefits pension plan (the Plan) net assets as a percentage of the actuarial accrued liability (AAL) provides one indication of StanCERA's funding status on a going-concern basis. Analysis of this percentage over time will indicate whether the Plan is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the Plan. As of the most current actuarial valuation completed for year ending June 30, 2006 this percentage was 96.60%. Trends in the unfunded actuarial accrued liability (UAAL) and annual covered payroll are both affected by inflation. Expressing the UAAL, as a percentage of annual covered payroll approximately adjusted for the effects of inflation, will also aid analysis of the Plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the Plan. As of June 30, 2006 this percentage was 18.60%.

Note 18: Other Post Employment Benefits (OPEB)

Plan Description

Stanislaus County is a participant in the Stanislaus County Employees Retirement Association (StanCERA), a cost-sharing multiple-employer defined benefit public employee retirement system. StanCERA provides retirement benefits only. However, County retirees and active County employees are rated in the same pool to determine health insurance premiums. This ability for retirees to obtain coverage at active employee rates results in an economic benefit or implicit subsidy even though the retirees pay their entire premiums (substantive plan).

Funding Policy

The County makes no direct contributions to the StanCERA to fund the OPEB plan. The implicit subsidy is financed on a pay-as-you-go basis. The County does not intend to adopt a policy to pre-fund the implicit subsidy to retirees.

For fiscal year ended June 30, 2008 the County's annual OPEB cost (expense) of \$4,037,106 was equal to the annual required contribution (ARC). The net OPEB obligation for 2008 is as follows:

		Percentage of	
Fiscal Year	Annual	Annual OPEB	Net OPEB
Ended	OPEB Cost	Cost Contributed	Obligation
6/30/2008	\$ 4,037,106	56.7%	\$ 1,749,416

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 18: Other Post Employment Benefits (OPEB) (continued)

Funding Policy (continued)

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The funded status of the plan as of June 30, 2008 was as follows:

						UAAL as a
Actuarial	Actuarial	Actuarial Accrued				Percentage
Valuation	Value of	Liability (AAL)	Unfunded	Funded	Covered	of Covered
Date	Asssets	Projected Unit Credit	AAL (UAAL)	Ratio	Payroll	Payroll
7/1/2006	\$0	\$ 35,858,072	\$35,858,072	0%	\$215,818,211	16.6%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The plan's first actuarial valuation was performed as of July 1, 2006. In that valuation, the Projected Unit Credit Cost Method was used. The actuarial assumptions included a 6.0 percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 10 percent initially, reduced by decrements to an ultimate rate of 5 percent after 5 years. Both rates reflect an implicit 3.0 percent general inflation assumption. The County's unfunded actuarial accrued liability is being amortized as a level dollar amount on a rolling basis. The remaining amortization period as of June 30, 2007 was 30 years.

Note 19: <u>Subsequent Events</u>

On July 29, 2008, the County Board of Supervisors declared a County-owned building, known as the Medical Arts Building, as surplus property. The Board resolution also declared the County's intent to sell the facility and property. The Medical Arts Building was bought and used by the Health Clinics and Ancillary Services fund, but as part of the re-design of the County's health clinic system, the building is no longer needed. The minimum sale price was set at \$2.5 million. The carrying value of the building at June 30, 2008 was a little more than \$1 million.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2008

Note 19: <u>Subsequent Events</u> (continued)

On September 9, 2008, the County Board of Supervisors approved a change in methodology to determine the funding level of the required Tax Loss Reserve Fund. The purpose of this fund is to cover losses that may occur in the amount of tax liens recoverable from the sale of tax-defaulted property. The new funding level will be set to 1% of the secured taxes and assessments for the fiscal year. This will make available for budgeting approximately \$6.5 million of fund balance in the General Fund.

The Stanislaus Waste-to-Energy Financing Agency (Agency) partially redeemed the Stanislaus Series 2000 bonds in the amount of \$18,355,000 (See Note 16). Effective October 1, 2008, the outstanding amount on those bonds is \$2,900,000. The Agency plans to redeem the remaining balance of the bonds in December 2008.

At June 30, 2008, the County had investments with American International Group, Inc (AIG), one of its subsidiaries, and Municipal Bond Insurance Association, Inc. (MBIA). The following schedule displays Stanislaus County's investment portfolio and bond requirement exposure due to recent market events surrounding these enterprises.

Investment Portfolio Exposure Summary For Fiscal Year Ended June 30, 2008 Book and Market Values as of 11/3/2008:

	Stanislaus County Treasurer's Pool	Investments with Fiscal Agent							
Issuer:	International Lease Finance*	American International Group, Inc							
Investment Type:	Medium Term Note	Guaranteed Investment Contract							
Purchased:	4/1/2004	7/8/1998							
Due to mature:	4/1/2009	8/29/2018							
Book Value:	\$ 5,001,111	\$ 1,792,300							
Market Value:	\$ 4,495,950	\$ 1,792,300							
Issuer:		MBIA							
Investment Type:		Guaranteed Investment Contract							
Purchased:		5/14/2004							
Due to mature:		9/1/2025							
Book Value:		\$ 3,144,930							
Market Value:		\$ 3,144,930							

^{*} International Lease Finance is a subsidiary of AIG.

It is unclear at this time what Stanislaus County's total loss, if any, from these exposures will be until the market works through the current crisis.

Striving to be the Best

Notes to the Required Supplementary Information

The schedule for StanCERA, a cost-sharing, multiple employer retirement system, relates to the association as a whole. The County represents approximately 90% of StanCERA's covered payroll.

The OPEB schedule presented relates solely to the County.

Because this is the first year of implementation of Government Accounting Standards Board Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension," there is no historical information.

Nonmajor Governmental Funds

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Capital Projects Fund

Redevelopment Agency

The Redevelopment Agency Fund was established so the County can use redevelopment tax increment financing as a tool to initiate capital public project, property rehabilitation and private development.

Capital Projects

The Capital Projects funds were established to account for financial resources for the acquisition or construction of major capital facilities. Among the major projects is a downtown project that includes the construction of a parking garage and office structure and the construction of the Center for the Arts.

Debt Service Funds

Debt service funds account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Debt service funds include:

Capital Improvement Financing Authority

The Capital Improvement Financing Authority is used to accumulate resources for payment of principal and interest incurred by the sale of Certificate of Participation issued to finance various capital projects.

Pension Obligation Bonds

This fund is used to accumulate resources for the payment of principal and interest of taxable bonds issued to pay the Employees Retirement Association the County's unfunded actuarial accrued liability.

Stanislaus County Tobacco Funding Corporation

This fund is used to account for the receipt and disbursement of tobacco securitization revenues from the State.

Nonmajor Special Revenue Funds

NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. Special revenue funds include:

Environmental Resources

This fund was established as a Comprehensive Environmental Department whose mandated goal was to control those factors in our physical environment, which exercise or may exercise a deleterious effect on our health and environment. Its revenues come from charges for services and federal and state sources.

Children and Families First Commission

This fund was established to create and implement a comprehensive system of services to support childhood development from the prenatal stage to five (5) years of age. Its revenues come from an increase in the tobacco tax. The tax is divided among counties based on the number of live births, annually, in each county.

Public Works – Engineering

This fund was established to provide engineering services to other division in the Public Works Department and other County departments. Revenue consists primarily of charges for services

Road and Bridge

This fund was established to provide maintenance and construction of roadways and bridges. Revenue consists primarily of the County's share of state highway users taxes and is supplemented by federal funds, vehicle code fines, and reimbursements for services provided.

Employment and Training

This fund was established to account for the Workforce Incentive Act. The County serves as the grant recipient and administrator. The federal government funds the program for the purposes of providing employment and training services to youth and adults, who are unskilled, economically disadvantaged, unemployed, or underemployed.

Child Support Services

This fund was established to account for the Department of Child Support Services, which is responsible for locating absent parents, establishing paternity, establishing child and medical support orders, collecting and distributing child support from absent parents and initiating remedial actions to collect on delinquencies. Federal and state funding are the primary source of revenues.

NONMAJOR SPECIAL REVENUE FUNDS

(Continued)

Public Authority

This fund was established to operate as the Employer of Record for In-Home Supportive Service Providers (Providers). The Public Authority negotiates with the union for wages and benefits for Providers, operates a registry and conducts background checks on Providers.

Health Services Agency

This fund was established to oversee the delivery of health care to Stanislaus County residents. It includes the Public Health and Managed Care divisions and oversees the Health Clinics and Ancillary Services (enterprise fund). The revenues for this fund are primarily intergovernmental sources and charges for services, supplemented by transfers from the General Fund.

Indigent Health Care

This fund was established to administer state and county funds for the delivery for quality medical care for indigent and medically indigent county residents. The primary funding source is the State.

Library

This fund was established to account for library services in thirteen branches throughout the county. Support is derived principally from general fund discretionary revenues and 1/8% sales tax increment beginning in July 1995.

Lighting Districts

This fund was established for lighting districts that are controlled by the Board of Supervisors. The revenue sources are property taxes and direct assessments.

All Other Special Revenue Funds

Accounts for the activities of several special revenue funds, including:

- Area Agency on Aging
- Property Tax Administration Program
- Federal & State Grants
- County Service Areas
- Storm Drain Districts
- Landscape and Lighting Districts
- County Fire Service

Nonmajor Enterprise Funds

NONMAJOR ENTERPRISE FUNDS

Enterprise funds are established to account for the financing of self-supporting activities of governmental units, which render services on a user-charge basis to the general public.

County Transit System

This fund was established to account for the operation of a transit system within the county which performs intra-city transit service, medical transportation, and Senior Opportunity Services Program's nutrition deliveries. Revenues are generated from state grants and fees to transit users.

Stanislaus Behavioral Health Center

This fund was established to account for the operations of the Stanislaus Behavioral Health Center, which provides mental health and chemical dependency inpatient and outpatient services to public and private clients.

Inmate Welfare/Commissary

This fund was established to account for the activity of the Jail Commissary and the use of revenue generated from the sale of goods for the benefit of inmates.

Internal Service Funds

INTERNAL SERVICE FUNDS

Internal service funds were established to finance and account for the services and commodities furnished by a designated agency of a governmental unit to other departments of the same governmental unit. Since the services and commodities are supplied exclusively to other departments of a governmental jurisdiction, they are distinguishable from the public services which are rendered to the public in general and which are accounted for in General, special revenue, or enterprise funds.

General Liability Insurance

This fund is a risk management fund which was established to account for administrative cost, insurance premiums and the cost of claims for the County's property damage, general liability, auto liability, fiduciary, bonds, dishonesty, and legal defense. Revenues are generated by premiums paid by other funds and interest on investments.

Unemployment Insurance

This fund is a risk management fund which accounts for administrative cost and cost for the County's unemployment claims. Revenues are generated by premiums paid by other funds and interest on investments.

Workers' Compensation Insurance

This fund is a risk management fund which accounts for administrative cost, loss control and cost of Workers' Compensation claims and benefits. Revenues are generated by premiums paid by other funds and interest on investments.

Purchased Insurance

This fund accounts for insurance purchased from outside vendors for health and life insurance. Revenues are generated by premiums paid by other funds.

Dental Insurance

This fund is a risk management fund to account for administrative cost and the cost for the County's employee dental claims. Revenues are generated by premiums paid by other funds and interest on investments.

Vision Care Insurance

This fund is a risk management fund to account for administrative cost and the cost for the County's employee vision care claims. Revenues are generated by premiums paid by other funds and interest on investments.

Professional Liability Insurance

This fund is a risk management fund to account for the purchase of insurance and the cost of claims for medical malpractice cases, administrative costs and legal defense. Revenues are generated by premiums paid predominantly by the Health Services Agency Clinics and Ancillary Services Enterprise Fund, and interest on investments.

INTERNAL SERVICE FUNDS

(Continued)

Central Services

This fund was established to account for the cost of issuing supplies and food items, printing, duplication, postage, mail room service, and messenger service. Revenues are generated based on billings for services provided.

Fleet Services

This fund was established to account for the cost of maintaining all County-owned automobiles, trucks, and heavy equipment for County departments. Revenues are based on fee charges for services provided.

Technology and Communications

This fund was established to account for the costs of providing information services, computer processing and communication services. Revenues are based on billings to customers for services provided.

Morgan Shop Garage

This fund was established to account for the cost of maintaining Public Works light and heavy equipment. Revenues are based on fee charges for services provided.

Note:

Values are net values of all exemptions except the Homeowners Property Tax Rekuef Exemption which is State subvented. However, adjustments and cancellations after publication of the roll are not included. Values do include the assessed value of non-commercial aircraft.

(1) Due to the passage of the property tax initiative Proposition 13 (Prop 13) in 1978, the County does not track the estimated actual value of all County properties. Under Prop 13, property is assessed at the 1975 market value with an annual increase limited to the lesser of 2% or the CCPI on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. Resultantly, similar properties can have substantially different assessed values based on the date of purchase.

Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments. A small area of the County is taxed at a rate less than 1% due to a decrease of service in that area.

The County is divided into approximately 1,538 tax code areas, which are unique combinations of various jurisdictions serving a specific geographical area. The above tax rates, which include levies for general obligation bonds and special assessments, represent the low and high tax rates levied within each tax rate area.

The above allocation percentages are for general levies only and exclude general obligation bond rates and special assessments.

The passage of Proposition 13 on June 6, 1978 enacted Article XIII(A) of the State Constitution. This prohibits the levying of any tax rate, except for existing voterapproved bonded debt, in excess of the general tax rate of 1% of assessed value (4% prior to year ended June 30, 1982). The proceeds of this tax are shared by all overlapping local government entities.

- (1) Includes Superintendent of Schools
- (2) Includes independent special districts, dependent special districts, redevelopment agencies and County Fire Service.

We have audited the basic financial statements of the County of Stanislaus (the County) for the year ended June 30, 2008 and have issued our report thereon dated December 10, 2008. In planning and performing our audit of the financial statements of the County, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

As a result of our audit, we noted certain agreed-upon findings. These findings and recommendations, all of which have been discussed with the appropriate members of management, are intended to improve the internal control structure or result in other efficiencies and are summarized as follows:

Current Year Agreed Upon Findings & Recommendations

<u>Agreed Upon Condition 1 – Deposit Permit Signatures</u>

Condition

During our audit of controls over cash receipts we noted 4 out of a sample of 60 deposit permits selected for testing lacked the signature of the preparer of the Deposit Permit.

Recommendation

Management should inform the Departments of the importance of this control procedure and Treasury should implement a system for obtaining approval of Deposit Permits lacking signatures.

Management Response

Management agrees with this finding and recommendation.

Agreed Upon Condition 2 - CSA Time Studies

Condition

During our testing of compliance over certain programs administered by the Community Services Agency (CSA), we noted 1 out of 40 of the time studies selected did not agree with the supporting time card.

Recommendation

The time studies are crucial for allocating costs to the various programs; the misallocation of costs as a result of this error were inconsequential to the programs and we believe that CSA management has made significant progress in reducing the frequency of time study errors. We recommend they continue to stress the importance of accurate time studies and maintain their current time study quality control procedures.

Management Response

CSA management agrees with this finding.

Agreed Upon Condition 3 – Adoption Assistance

Condition

During our testing of eligibility for the Adoption Assistance program at CSA, we identified 1 case of the 40 selected for testing was missing the signature of a family services specialist from the AAP-4 Eligibility form.

Recommendation

This finding had been noted previously and we recommended that CSA management take steps to review all their AAP-4 forms to identify any forms missing the required signatures and take appropriate action. We recommend that they continue this effort and that the frequency of this error has dropped from prior years as a result of their actions.

Management Response

CSA management agrees with this finding.

This information is intended solely for the use of the Grand Jury, Board of Supervisors, and management of the County and should not be used for any other purpose. However, this report is a matter of public record, and its distribution is not limited.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

The Honorable Grand Jury and Board of Supervisors Stanislaus County Modesto, California

Harvey J. McCown, MBA, CPA Lynn R. Krausse, CPA, MST Rosalva Flores, CPA Connie M. Perez, CPA Diana H. Branthoover, CPA Thomas M. Young, CPA Alicia Dias, CPA, MBA Matthew R. Gilligan, CPA Hanna J. Sheppard, CPA Ryan L. Nielsen, CPA Jian Ou-Yang, CPA Ryan S. Johnson, CPA Jialan Su, CPA Ariadne S. Prunes, CPA Samuel O. Newland, CPA Brooke N. DeCuir, CPA Kenneth J. Witham, CPA Clint W. Baird, CPA Jose Garcia, CPA Adrian Rich, CPA Lance Larralde, CPA

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Stanislaus, California (the County), as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 10, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County of Stanislaus, California in a separate letter dated December 10, 2008.

This report is intended solely for the information and use of the audit committee, management, Board of Supervisors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Baird, CPA Jose Garcia, CPA Adrian Rich, CPA Lance Larralde, CPA

The Honorable Grand Jury and Board of Supervisors Stanislaus County
Modesto, California

Compliance

We have audited the compliance of the County of Stanislaus, California (the County) with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County of Stanislaus complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

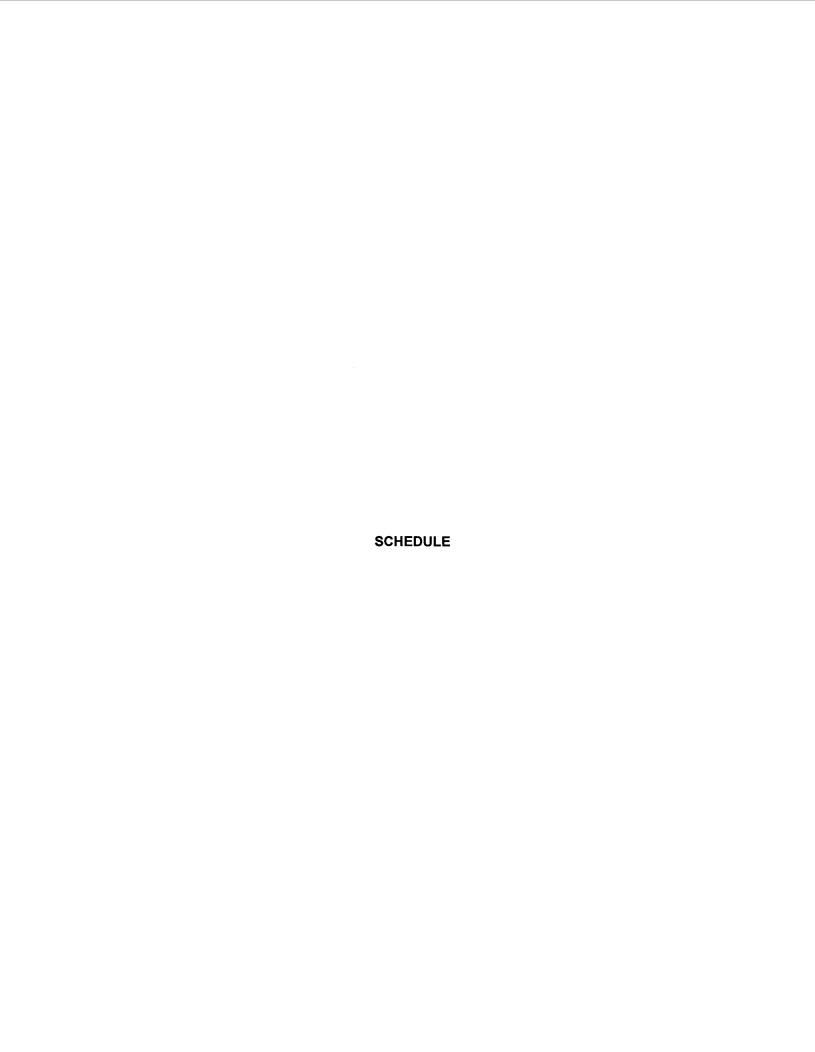

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Stanislaus, California, as of and for the year ended June 30, 2008, and have issued our report thereon dated December 10, 2008. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, Board of Supervisors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

COUNTY OF STANISLAUS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2008

NOTE 1 – REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards programs of the County of Stanislaus (the County). The County's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

NOTE 2 - BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is sometimes prepared on a basis other than that used to record transactions in the accounting records and as reported in the basic financial statements (such as cash basis). The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

NOTE 3 - RELATIONSHIP TO FINANCIAL STATEMENTS

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the County's financial statements. Federal award revenues are reported principally in the County's financial statements as intergovernmental revenues in the General and Special Revenue funds.

NOTE 4 – SUBRECIPIENTS

Of the federal expenditures presented in the Schedule of Expenditures of Federal Awards, the County of Stanislaus provided federal awards to subrecipients as follows:

CFDA	Program	Amount			
14.228	City of Ceres	\$ 314,089			
14.228	City of Newman	286,148			
14.228	City of Oakdale	265,663			
14.228	City of Patterson	266,901			
14.228	City of Waterford	270,104			
14.228	Catholic Charities	56,300			
14.228	Center for Human Services	20,000			
14.228	Children's Crisis Center	20,000			
14.228	Haven Women's Center	9,090			
14.228	Red Cross of Stanislaus County	12,350			
14.228	Parents Resource Center	20,000			
14.228	Salida Union School District	18,000			
14.228	Second Harvest	20,000			
14.228	We Care Shelter Program	20,000			
14.228	DRAIL	20,000

	Total	\$	2,829,399		

NOTE 6 - PASS-THROUGH ENTITIES' IDENTIFYING NUMBER

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-though entity. When no identifying number is shown, the County has either determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity.

NOTE 7 - DEPARTMENT OF AGING FEDERAL/STATE SHARE

The California Department of Aging (CDA) requires agencies who receive CDA funding to display state-funded expenditures discretely along with federal expenditures. The County expended the following state and federal amounts under these grants:

CFDA	Contract No.		Federal Expenditures		State penditures
10.576	30-06-08	\$	10,000	\$	-
17.235	30-06-08		104,674		43,412

COUNTY OF STANISLAUS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2008

Program Findings/Noncompliance

Finding 07-1

Adoption Assistance Compliance Requirement: Eligibility (Income Requirements)

CFDA 93.659 Year: 06/07

Criteria

Per County procedures, based on the Adoption Assistance Agreement and inquiry of the adoptive parent, a Federal Eligibility Certification for Adoption Assistance Program form (AAP-4) is completed by an adoptions social worker and signed by a Family Services Specialist indicating their review and approval of the form and the determined eligibility of the child.

Condition

Seven cases out of the forty cases tested for Adoption Assistance Eligibility lacked a signature by a Family Services Specialist on the AAP-4 Eligibility Form. Although all eligibility determinations were performed properly, a signature is required to document that the determinations were correct. The AAP-4 was preceded by the FC-9. The FC-9 did not require an eligibility workers signature, but the AAP-4 does require a signature. The time frame for the missing signatures is from 1988-2001, at which time the County became aware of the problem. Six cases were between the years from 1988-2001, and one case was from 2003. This finding was previously identified in 2005 and designated 05-3 and was described as implemented in 2006.

Questioned Costs

None.

Effect

The failure of the Family Services Specialist to provide a signature to indicate their review and approval of the determined eligibility could result in the eligibility of the child being determined incorrectly.

Cause

The previous form (FC9) did not require a signature and county policy requiring a signature was not implemented until 2001. While we did identify seven cases, only one case was identified after the signature policy was implemented. This appears to be an isolated case.

Recommendation

We recommend that staff be reminded of the importance of the review procedures and steps should be taken to ensure the completeness of all eligibility forms and that county policy is followed.

COUNTY OF STANISLAUS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (Continued) FOR THE YEAR ENDED JUNE 30, 2008

Program

Findings/Noncompliance

Corrective Action Plan

Stanislaus County agrees with the findings. All AAP cases are being reviewed, looking at the AAP 4 forms for signature, dates and making sure that the correct eligibility boxes are checked. Staff has been trained and will be reminded in unit meetings that these forms are to be complete and accurate.

Current Year Status

Implemented

Finding 07-2 Food Stamps

Compliance Requirement: Eligibility (Income Requirements)

CFDA 10.551 Year: 06/07

Criteria

Eligibility Determination and Benefit Calculations must compute benefits accurately for eligible recipients.

Condition

We tested eligibility in forty Food Stamp cases and identified the following two cases which resulted in improper benefit calculations:

Case One: Client's Excess Shelter Costs were inaccurately computed on the EDBC Summary Report. There were eleven active members in the household, with nine members being eligible for excess shelter costs since they did not receive SSI/SSP payments. However, excess shelter costs were calculated incorrectly by using ten active members in the household, and eight eligible members.

Case Two: Client's child was improperly excluded from the EDBC Summary. According to the Food Stamp Manual, a child cannot be excluded from the EDBC calculation for failing to report their sponsor's income to the County unless they are over the age of 18. However, the client's child was only 17 at the time and should not have been sanctioned.

Questioned Costs

We did not question costs because the amount questioned would be under the \$10,000 threshold identified in OMB A133 §510(a)(3).

Effect

The clients in the identified cases received benefits that were not correctly calculated.

COUNTY OF STANISLAUS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (Continued) FOR THE YEAR ENDED JUNE 30, 2008

Program Findings/Noncompliance

Recommendation

Ongoing reviews of Eligibility Determination and Benefit Calculations should be conducted with special focus on large or unusually complicated households. Benefits should be recalculated when errors are found and corrected in a timely fashion.

Corrective Action Plan

Stanislaus County agrees with these findings. Benefits in the first case cited will be recomputed to prorate shelter costs correctly. In the second case, Food Stamp budgets will be recalculated from March 2005 through August 2007 to correct Food Stamp allotments. Child's non-compliance records will be removed from C-IV.

Current Year Status

Implemented.

Finding 07-3 Food Stamps

Compliance Requirement: Eligibility

CFDA 10.551 Year: 06/07

Criteria

The county is required to verify client provided social security numbers as part of its eligibility determination procedures.

Condition

We tested eligibility in forty Food Stamp cases and noted one case in which the participant's case files in C-IV lacked verification of social security numbers for all household members who were determined to be eligible.

Questioned Costs

None.

Effect

County is not performing required procedures regarding verification of all eligible household members social security numbers.

Recommendation

All eligible household members should have their social security numbers verified and the case review process should ensure that this has been completed.

COUNTY OF STANISLAUS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (Continued) FOR THE YEAR ENDED JUNE 30, 2008

Program	Findings/Noncompliance
	Corrective Action Plan
	Stanislaus County agrees with this finding. County will verify social security numbers of all eligible household members for this case and reinforce the importance of verification with eligibility determination staff.
	Current Year Status
	Implemented.

INDEPENDENT AUDITOR'S REPORT

Honorable Grand Jury and board of Supervisors Stanislaus County Health Services Agency Clinic and Ancillary Services Enterprise Fund Modesto, California

We have audited the accompanying financial statements of Stanislaus County Health Services Agency Clinic and Ancillary Services Enterprise Fund (Agency Fund) of the County of Stanislaus, California (County) as of and for the year ended June 30, 2008, as listed in the foregoing table of contents. These financial statements are the responsibility of the Agency Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency Fund's internal control over financing reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Agency Fund and do not purport to, and do not, present fairly the financial position of the County as of June 30, 2008, and the changes in its financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in the notes to the financial statements, the Agency Fund adopted the provisions of GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Agency Fund as of June 30, 2008, and the changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Agency Fund has not presented management's discussion and analysis that accounting principles generally accepted in the United States of America has determined necessary to supplement, although not required to be part of, the basic financial statements.

In accordance with Government Auditing Standards, we have also issued our report dated December 10, 2008 on our consideration of the County's internal control over financial reporting as it relates to the Agency Fund and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

STANISLAUS COUNTY HEALTH SERVICES AGENCY CLINIC AND ANCILLARY SERVICES ENTERPRISE FUND NOTES TO FINANCIAL STATEMENTS JUNE 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Stanislaus County Health Services Agency Clinic and Ancillary Services Enterprise Fund (Agency Fund) was organized as an enterprise fund of the County of Stanislaus (County) July 1, 1980, pursuant to a County Board of Supervisors' Resolution.

On October 28, 1997, the County Board of Supervisors approved closure of their inpatient treatment facility (formerly known as "Stanislaus County Medical Center") as an acute care provider, effective November 30, 1997. In connection with this closure, the County has entered into an agreement with Tenet Health Systems/Doctors Medical Center for the provision of inpatient and emergency medical services to medically indigent residents of Stanislaus County and inmates of Stanislaus correctional institutions. The County, within the Agency Fund, continues to operate various clinics and health service centers throughout the County.

It is the intent of the County Board of Supervisors that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Management of the Agency Fund establishes standard charges for all services provided by the Agency Fund.

The financial statements of the Agency Fund are intended to present the financial position, results of operations and cash flows of only the portion of the funds of the County of Stanislaus that is attributable to the Agency Fund and is not intended to present fairly the financial position and results of operations of the County of Stanislaus in conformity with Generally Accepted Accounting Principles.

The Agency Fund's financial statements are included in the basic financial statements of the County.

B. Financial Accountability

The Agency Fund is subject to budgetary and other oversight controls by the County Board of Supervisors. Fiscal management of the Agency Fund is the responsibility of Agency Fund management personnel. The Agency Fund's cash balances are deposited with and managed by the County Treasurer.

C. Basis of Presentation and Accounting

Government-Wide Financial Statements

Governmental Accounting Standards Statement No. 34 (GASB 34) implemented an additional set of statements called the government-wide financial statements and consisting of the Statement of Net Assets and the Statement of Activities. Since the Agency Fund is a stand-alone enterprise fund, the government-wide Statement of Net Assets and Statement of Activities are identical to the financial statements presented on page 3 and page 4, respectively. However, the Agency Fund has not presented the management's discussion and analysis (MD&A) as required supplementary information under GASB 34.

NOTE 1 – <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (Continued)

C. <u>Basis of Presentation and Accounting</u> (Continued)

Fund Financial Statements

The County uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and aid financial management by segregating transactions related to certain government functions or activities. The Fund's resources are allocated to and accounted for in these financial statements as an enterprise fund type of the proprietary fund group. The enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy management control, accountability, or other policies.

The measurement focus of the accompanying financial statements of the Agency is on the flow of economic resources and the accrual basis of accounting in accordance with generally accepted accounting principles as applicable to governmental units. Revenues are recognized when earned and expenses are recorded when incurred.

The Agency Fund uses the accounting principles applicable to a similar private business enterprise, where the cost of providing services to the public on a continuing basis is recovered through user fees.

Patient service revenues are recorded based on standard charges applicable to all patients. Net patient service revenues include amounts estimated by management to be reimbursable by the Medicare and Medi-Cal programs and private insurance contracts under applicable law, regulation and program instructions. Amounts received are generally less than the established standard charges and differences are reported as deductions from gross patient service revenues (contractual allowances). Final determination of amounts earned for certain Medicare and Medi-Cal patients is subject to review by appropriate program representatives. Subsequent adjustments, if any, arising from such reviews are recorded in the year the final settlement becomes known.

The Agency Fund provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Agency Fund does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

Gifts, grants and bequests not restricted by donors are reported as non-operating revenues, as are income from and realized gains and losses on investments.

Operating revenues, such as charges for services, results from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

D. Accounting Standards

Pursuant to Government Accounting Standards Board (GASB) Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting, the Agency Fund has elected to apply the provisions of all relevant pronouncements of the Financial Accounting Standards Board (FASB) and Accounting Principles Board opinions based on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements in which case GASB prevails.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Cash Equivalents

For purposes of the statement of cash flows, the Agency Fund considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less and its equity in the County Treasurer's Investment Pool to be cash equivalents.

F. Inventories

Inventories consist primarily of pharmaceuticals and supplies and are stated at the lower of cost (first-in, first-out) or market.

G. Capital Assets

Property, plant and equipment are recorded at cost or, if donated, at fair value at the date of receipt. A purchase or receipt of assets is capitalized if the item is over \$1,000 with a useful life of 3 years. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method.

Equipment under capital leases is amortized on the straight-line basis over the estimated useful life of the equipment. Useful lives for property, plant and equipment are as follows:

Building and improvements
Equipment

10 to 60 years 5 to 20 years

Maintenance, repairs and replacements are charged to operations, whereas major renewals and betterments are capitalized and depreciated. Upon disposition or retirement of assets, the undepreciated cost less proceeds from sale, if any, is reflected in non-operating revenue or expense in the year of disposition.

H. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

I. Net Assets

In the basic financial statements net assets are displayed in three components:

- 1. Invested in capital assets, net of related debt consists of capital asses, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- 2. Restricted net assets consist of net assets with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- 3. Unrestricted net assets all other net assets that do not meet the definition of invested in capital assets, net of related debt or restricted.

J. Implementation of New Accounting Pronouncements

The Agency Fund implemented GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions (OPEB) effective for the year ended June 30, 2008. This statement improves the relevance and usefulness of financial reporting by (a) requiring systematic, accrual-basis measurement and recognition of OPEB cost (expense) over a period that approximates employees' years of service and (b) providing information about actuarial accrued liabilities associated with OPEB and whether and to what extent progress is being made in funding the plan. Note 16 shows the disclosures as required by GASB Statement No. 45.

NOTE 2 - CASH AND INVESTMENTS

The Agency Fund's pooled cash and investments are invested pursuant to investment policy guidelines established by the County Treasurer. The pooled cash fund is accounted for separately and interest earned is apportioned quarterly to the Agency Fund based on the relationship of its daily balance to the total of pooled cash. Disclosures in accordance with Government Accounting Standards Board Statements are included in the basic financial statements of the County. The Treasurer's investments and policies are overseen by the Stanislaus County Treasury Oversight Committee.

Investments held by trustee consists of the Agency Fund's portion of the proceeds from the Series 1997 B Certificates of Participation that remain for debt service reserve requirements and are held outside of the County pool. The investments are held in a guaranteed investment contract (GIC) that matures on June 1, 2012 and is not rated.

NOTE 3 - CHARITY CARE

The Agency Fund maintains records to identify and monitor the level of charity care it provides. These records support the following two categories of uncompensated services: services related to patient care and services associated with community involvement.

Estimated equivalent percentage of charity care Patients to all patients serviced

10.89%

During the fiscal year ended June 30, 2008, funding from the County for care for the indigent exceeded the gross service charges incurred to provide care to these patients. Thus, patient care services forgone and estimated costs and expenses incurred to provide uncompensated patient care are \$5,881,276. The estimated equivalent percentage of charity care patients to all patients serviced represents the percentage of patients to whom care was provided who do not have the ability to pay for that coverage compared to all patients serviced.

NOTE 4 - CONTRACTUAL ALLOWANCES AND UNCOLLECTIBLE ACCOUNTS

Patient service revenue is reported net of provisions for contractual allowances in the accompanying statements of revenues and expenses. The provisions for contractual allowances for the year ended June 30, 2008 were as follows:

	\$	26,689,686
Contract insurance contractual allowances		16,490,765
Medi-Cal contractual allowance		5,362,409
Medicare contractual allowance	\$	4,836,512

Allowances to reduce patient accounts receivable to estimated collectible amounts at June 30, 2008 consisted of:

Medicare	\$ 290,572
Medi-Cal	1,196,276
Allowance for contract insurance contractual	
allowances and uncollectible accounts	 15,753,359
	\$ 17,240,207

NOTE 5 – COST REPORT SETTLEMENTS

Prior to November 1997, the Medicare program provided for reimbursement based on prospectively determined rates per discharge or the cost of service provided to program patients (Note 6). The Medi-Cal program provided for reimbursement based on cost per patient day or service provided. Estimates of the amounts to be paid to third parties are included in the accompanying statement of net assets. Final determination of amounts due for services to program patients is made when the cost reports are settled with respective administrative agencies, and any adjustments are made in the period such amounts are finally determined. Medicare and Medi-Cal cost reports have been audited by their respective agencies through June 30, 2006.

NOTE 6 - THIRD PARTY REIMBURSEMENTS

The Agency Fund provides clinical and ancillary outpatient services to Medicare and Medi-Cal patients under separate contractual agreements with each program. The reimbursements for the Specialty Clinic and Physical Therapy unit continue to operate on a fee for service basis. The Primary and Urgent Care Clinics are now designated as (FQ) Federally Qualified Clinics and receive higher reimbursement rates based on the Prospective Payment System. In the (PPS) Prospective Payment System, Medicare reimbursements are capped based on the urban rate, while the rate for Medi-Cal will be the actual cost per visit based on the first full year of operation as an (FQHC-LA) Federally Qualified Health Center Look Alike.

NOTE 7 - RELATED PARTY TRANSACTIONS

Medically Indigent Patient Care – The County is responsible for medically indigent patient care under California Assembly Bill 799 and has established rates at which it pays the Agency Fund for related services. The Agency Fund received approximately \$7,729,468 from Health Services Agency – Indigent Healthcare Program Legal Budget Unit, in 2008 for medically indigent patient care provided.

<u>Due to Other County Funds</u> – This is the amount outstanding at June 30, 2008 to the Health Services Agency's Admin Fund for Administrative Overhead.

<u>Interfund Note Payable</u> – In 2004, the Board of Supervisors authorized an interfund note payable to the Clinics and Ancillary Enterprise Fund from the County's Investment Trust Fund. The note payable was to cover the Agency's significant cash deficit resulting since the closure of the hospital. The note will be repaid with interest by 2021. Interest paid on this borrowing during 2008 was \$815,129.

Administrative Services – The General Fund and the Health Services Agency Administration Fund provide certain administrative services to the Clinics and Ancillary Enterprise Fund. Expenses in the accompanying financial statements include an allocation from these funds for the cost of providing these services in the amount of \$6,383,873 in 2008.

NOTE 8 - CAPITAL ASSETS

The following table summarizes the changes in capital assets for the year ended June 30, 2008:

	Balance at June 30, 2007	Additions	s Deletions	Balance at June 30, 2008
Capital Assets Being Depreciated:				
Building and improvements	\$ 11,649,603	\$ 735,0	19 \$ (274,715)	\$ 12,109,907
Equipment	6,435,287	202,9	083 (1,422,629)	5,215,641
Information system	9,578		- (1,582)	7,996
Total Capital Assets,				
Being Depreciated	18,094,468	938,0	002 (1,698,926)	17,333,544
Less Accumulated Depreciation for:				
Building and improvements	(10,248,092)	(175,6	340) 154,420	(10,269,312)
Equipment	(5,524,415)	(320,1	36) 1,269,843	(4,574,708)
Information system	(9,575)		1,579	(7,996)
Total Accumulated Depreciation	(15,782,082)	(495,7	776) 1,425,842	(14,852,016)
Total Capital Assets	\$ 2,312,386	\$ 442,2	226 \$ (273,084)	\$ 2,481,528

Additions to Accumulated Depreciation include current year depreciation in the amount of \$414,849 and Accumulated Depreciation associated with assets transferred from other funds in the amount of \$80,927.

NOTE 9 – LONG-TERM DEBT

The following summarizes the activity in long-term debt for the fiscal year ended June 30, 2008:

	Balance at June 30, 2007	Additions	Retirements	Balance at June 30, 2008	Current Portion
Interfund note payable	\$ 19,452,079	\$ -	\$(1,261,526)	\$ 18,190,553	\$ 1,353,823
Capital leases Certificates of participation	41,145 881,656	-	(41,145) (160,440)	- 721.216	- 168,080
Compensated absences Other post employment	1,256,140	615,859	(730,872)	1,141,127	101,033
benefits liability		236,340		236,340	_
Total Long-Term Debt	\$ 21,631,020	\$ 852,199	\$(2,193,983)	\$ 20,289,236	\$ 1,622,936

NOTE 9 - LONG-TERM DEBT (Continued)

Interfund Note Payable

During the year ended June 30, 2004, the Board of Supervisors authorized an interfund note payable in the amount of \$20,489,032, which equated to the Agency Fund's negative position in the County's pooled cash and investment as of June 30, 2003. This amount was borrowed from the County's Investment Trust Fund. During the year ended June 30, 2005, the Board of Supervisors recommended that the note between the County's Investment Trust Fund and the Agency Fund be amended to include the June 30, 2004 cash deficit of \$3,236,112. The note is now expected to be repaid with interest by 2021. The interest will be credited each year end based on the Treasurer's pool rate. Annual transfers from the County's General Fund, which represent the interest generated from the \$50 million tobacco settlement, will be the source to retire the note. The following summarizes the debt service requirements of the interfund note payable as of June 30, 2008:

Year Ending June 30,	Principal		Interest		Total	
						
2009	\$	1,353,823	\$ 725,027	\$	2,078,850	
2010		1,259,977	741,750		2,001,727	
2011		1,341,930	677,849		2,019,779	
2012		1,428,151	609,842		2,037,993	
2013		1,518,856	537,515		2,056,371	
2014-2018		9,128,204	1,435,160		10,563,364	
2019-2020		2,159,612	-		2,159,612	
Total	_\$_	18,190,553	\$ 4,727,143	\$	22,917,696	

Certificates of Participation

On December 16, 1997, the County, through the Stanislaus County Capital Improvements Financing Authority, issued \$10,630,000 of Certificates of Participation at a weighted average interest rate of 4.43%. The Agency Fund's portion of this issue amounted to \$1,524,944. These proceeds were used to advance refund the Agency Fund's portion of the 1992 Series A Certificates of Participation. The Agency Fund is obligated to make annual principal payments and semi-annual interest payments on the 1997 Certificates at rates between 3.75% and 5.00% through June 1, 2012. The debt service requirements are as follows:

Year Ending June 30,	F	Principal	 nterest	Total
2009	\$	168,080	\$ 35,549	\$ 203,629
2010		175,720	27,481	203,201
2011		183,360	18,871	202,231
2012		194,056	9,703	203,759
2013				
Total	\$	721,216	\$ 91,604	\$ 812,820

Compensated Absences

All regular employees of the County earn vacation and sick leave with pay every year. The amount of vacation and sick hours earned is based on the years of continuous service and the bargaining units to which the employees belong. All employee bargaining units have vacation accumulation limits. Also, regular employees are given credit for 8 hours of sick leave each month of employment with limited accumulation.

NOTE 9 - LONG-TERM DEBT (Continued)

Compensated Absences (Continued)

After at least six months of County service, most regular employees upon separation are entitled to all unused vacation time accumulation. Most regular employees are entitled to a portion of accumulated sick leave after six years of service, depending on age, years of service, and bargaining unit.

At the close of each fiscal year, the balance of this accumulated time at the last pay period is computed for each employee at the current salary range. In the financial statements, these amounts are referred to as "compensated absences." An average of all termination payments since July 1986 is used to compute the amount that is expected to be liquidated with expendable available financial resources. For the Agency Fund the total liabilities for compensated absences are recorded as a fund liability.

NOTE 10 - OPERATING LEASES

The Agency Fund also leases various real estate for clinic use under operating leases. The rental expense for all operating leases was \$1,215,777 during the year ended June 30, 2008. The site leases have lease terms from 2 to 20 years which expire through 2032. Minimum commitments for non-cancellable leases in effect at June 30, 2008 were:

Year Ending June 30,	Total
	rotal
2009	\$ 1,262,999
2010	1,385,054
2011	1,182,781
2012	1,241,321
2013	1,241,320
2014-2018	5,680,156
2019-2023	4,140,717
2024-2028	4,351,204
2029-2032	2,792,175
Total	\$ 23,277,727

NOTE 11 - RISK MANAGEMENT

The Agency Fund is exposed to various risks of loss related to torts: thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

As an enterprise fund, the Agency Fund participates in the same risk management programs as the County.

The County has a risk management program with respect to workers' compensation, general and professional liability, unemployment, vision and dental care. Under its existing workers' compensation insurance plan, the County is responsible for \$500,000 per occurrence, with a commercial insurance company providing certain liability coverage for up to \$5,000,000. The general liability insurance covers property damage, personal injury, auto, and public officials' errors and omissions. General liability, auto, and public officials' errors and omissions are the County's responsibility for up to \$250,000 per occurrence, with the excess insured by the CSAC Excess Insurance Authority for up to \$9,750,000. The County has also purchased optional excess liability coverage in the amount of \$10,000,000. Property damage is insured by a commercial carrier for \$464,552,000 with a \$10,000 deductible. Unemployment, vision care, and dental insurance are the responsibility of the County. Limited exposure precludes the need for outside coverage.

NOTE 11 - RISK MANAGEMENT (Continued)

The Agency Fund participates in the medical malpractice program administered by the CEO Risk Management Division. Under this program, the County has a self-insured retention of \$500,000 per occurrence and pays all defense costs. The County also carries excess insurance coverage up to \$10,000,000 per claim. The County charges the Agency Fund for the estimated cost of current claims and reserve for claims incurred but not reported. Total malpractice insurance charges for the Agency Fund were \$1,247,173 for 2008.

NOTE 12 - RETIREMENT PLAN

The County is a major participant in the Stanislaus County Employees' Retirement Association (STANCERA), a retirement system organized under the 1937 Retirement Act. STANCERA is a cost-sharing multiple-employer Public Employees Retirement System (PERS). STANCERA provides retirement and disability benefits, annual cost-of-living adjustments, death benefits and combined medical/dental insurance of certain retirees and their dependents. As a fund of the County, the Agency Fund is also a participant in STANCERA. See the County's financial statements for further information. The Agency Fund's contribution to STANCERA for the years ending June 30, 2006, 2007, and 2008 were \$1,209,506, and \$1,295,776, and \$891,304, respectively.

NOTE 13 – OTHER OPERATING REVENUE

Other operating revenue consists of:

Doctors Medical Center revenues Donations Miscellaneous	\$ 4,336,520 23,833 356,662
Total Other Operating Revenue	\$ 4,717,015

NOTE 14 – CONCENTRATIONS OF CREDIT RISK

The Agency Fund grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. The mix of receivables from patients and third-party payers at June 30, 2008 was as follows:

Medicare	21%
Medi-Cal	46%
HMO and PPO	3%
Other	30%
Total	100%

NOTE 15 - NET ASSETS (DEFICIT)

The Agency Fund reported a deficit net assets of \$(9,780,358) at June 30, 2008. The deficit is the result of the Agency Fund not receiving full reimbursement for the costs of patient services and the increased costs to provide services to the patients. As disclosed in Note 9, the Board of Supervisors authorized an interfund note that is expected to be repaid with interest generated from the \$50 million tobacco settlement.

NOTE 16 - OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description

Stanislaus County is a participant in the Stanislaus County Employees Retirement Association (StanCERA), a cost-sharing multiple-employer defined benefit public employee retirement system. StanCERA provides retirement benefits only. However, County retirees and active County employees are rated in the same pool to determine health insurance premiums. This ability for retirees to obtain coverage at active employee rates results in an economic benefit or implicit subsidy even though the retirees pay their entire premiums (substantive plan).

Funding Policy

The County makes no direct contributions to the StanCERA to fund the OPEB plan. The implicit subsidy is financed on a pay-as-you-go basis. The County does not intend to adopt a policy to pre-fund the implicit subsidy to retirees.

For fiscal year ended June 30, 2008 the County's annual OPEB cost (expense) of \$525,822 was equal to 56.7% of the annual required contribution (ARC). The net OPEB obligation for 2008 is as follows:

			Percentage of			
Fiscal Year		Annual	Annual OPEB	N	let OPEB	
Ended	OPEB Cost		Cost Contributed		Obligation	
	·					
6/30/2008	\$	545.822	56.7%	\$	236.340	

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements in the County of Tulare's Comprehensive Annual Financial Report, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The plan's first actuarial valuation was performed as of July 1, 2006. In that valuation, the Projected Unit Credit Cost Method was used. The actuarial assumptions included a 6.0 percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 10 percent initially, reduced by decrements to an ultimate rate of 5 percent after 5 years. Both rates reflect an implicit 3.0 percent general inflation assumption. The County's unfunded actuarial accrued liability is being amortized as a level dollar amount on a rolling basis. The remaining amortization period as of June 30, 2008 was 29 years.

NOTE 17 - CONTINGENCIES (CENTERS FOR MEDICARE AND MEDICAID SERVICES)

Pursuant to a contract with Doctor's Medical Center of Modesto (DMC) concerning the Family Medicine Residency Program, the County has an obligation to pay one-half of a funding shortfall. We have been informed by DMC and its parent corporation, Tenet Healthcare Corporation that the Centers for Medicare and Medicaid Services (CMS) are questioning the amount of funding provided by CMS to DMC for the graduate medical education program. The County, DMC and Tenet are continuing discussions with CMS and the outcome of these discussions is not known at this time. However, the potential County obligation to DMC could exceed \$150,000.

Honorable Grand Jury and Board of Supervisors Stanislaus County Health Services Agency Clinic and Ancillary Services Enterprise Fund Modesto, California

We have audited the financial statements of the Stanislaus County Health Services Agency Clinic and Ancillary Services Enterprise Fund (Agency Fund) of the county of Stanislaus, California (County), as of and for the year ended June 30, 2008 which collectively comprise the Agency Fund's basic financial statements and have issued our report thereon dated December 10, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Agency Fund's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency Fund's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency Fund's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Agency Fund's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Agency Fund's financial statements that is more than inconsequential will not be prevented or detected by the Agency Fund's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Agency Fund's internal control.

REQUIRED COMMUNICATION TO THE MEMBERS OF THE BOARD IN ACCORDANCE WITH PROFESSIONAL STANDARDS

To the Board of Supervisors Stanislaus County Health Services Agency Clinic and Ancillary Services Enterprise Fund

Harvey J. McCown, MBA, CPA Lynn R. Krausse, CPA, MST Rosalva Flores, CPA Connie M. Perez, CPA Diana H. Branthoover, CPA Thomas M. Young, CPA Alicia Dias, CPA, MBA Matthew R. Gilligan, CPA Hanna J. Sheppard, CPA Rvan L. Nielsen, CPA Jian Ou-Yang, CPA Ryan S. Johnson, CPA Jialan Su, CPA Ariadne S. Prunes, CPA Samuel O. Newland, CPA Brooke N. DeCuir, CPA Kenneth J. Witham, CPA Clint W. We have audited the financial statements of the Stanislaus County Health Services Agency Clinic and Ancillary Services Enterprise Fund (HSA), for the year ended June 30, 2008, and have issued our report thereon dated December 10, 2008. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 18, 2008, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to the HSA's management in our meeting about planning matters on August 5, 2008.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Agency are described in Note 1 to the financial statements. The HSA adopted Statement of Governmental Accounting Standards (GASB Statement) No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pension," during the fiscal year 2007-08. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the allowance for Bad Debts calculation:

Management's estimate of the allowance for bad debts is based on historical payment trends and adjusted due to HSA receiving FQHC designation. We evaluated the key factors and assumptions used to develop the statement of the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- Note 16 Other Post Employment Benefits (OPEB)
- Note 4 Contractual Allowances and Uncollectible Accounts

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We detected no misstatements during our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 10, 2008.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the information and use of the Stanislaus County Board of Supervisors and management of HSA and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

Baird, CPA Jose Garcia, CPA Adrian Rich, CPA

Lance Larralde, CPA

We have audited the financial statements of the Stanislaus County Health Services Agency (HSA) for the year ended June 30, 2008 and have issued our report thereon dated December 10, 2008. In planning and performing our audit of the financial statements of HSA, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

As a result of our audit, we noted certain agreed-upon findings. These findings and recommendations, all of which have been discussed with the appropriate members of management, are intended to improve the internal control structure or result in other efficiencies and are summarized as follows:

Current Year Findings and Recommendations

None.

Status of Prior Year Findings and Recommendations

Agreed Upon Condition 1 - Patient Receivable

During our testing of patient receivable, we noted that a significant portion of the receivables on the receivables trial balance have been outstanding for a few years. The invoice/patient detail we reviewed indicated that many of the admission/billing dates stretched back to 2001.

Recommendation

A/R aging reports should be periodically reviewed and written off when necessary.

Management Response

The Agency's Central Business Office runs reports every two weeks in order to identify charges as well credits for follow up in a timely manner. However, old patient receivables have been retained on the books for two reasons: (1) the accounts have been sent to the Tax Collector's Revenue Recovery Division for collection and valued via an allowance as deemed appropriate and (2) legislation was underway (AB963) to address the payment by Medi-Cal for Room Charges. AB963 passed and while the legislation requires Medi-Cal to pay a room charge, the legislation was on a prospective basis; hence, Health Services Agency wrote off a little over \$6 million in August 2007 related to the old Medi-Cal Room Charges that were uncollectible.

The Agency will continue to review patient receivables on an ongoing basis and write off accounts as and when deemed appropriate.

Current Year Status

Implemented.

Agreed Upon Condition 2 - Credit Balances in Patient Receivable

We obtained the June 2007 "Period End Detail Insurance Receivables Report" via electronic download from the Health Services Agency. We used data extraction software and determined that there were a total of 32,127 accounts that contained credit balances. Upon further investigation, we noted that some of the credit balances were washed out with actual receivable balances; however, a total of \$537,455 in credit balances still remained. The credit balances were the result of overpayments or duplicate payments by insurance companies and should have been appropriately classified as payables. We proposed a reclassification journal entry to ensure that both patient receivable and liabilities were properly stated in the financial statements.

Recommendation

Management should periodically review patient accounts to identify and correct any credit balances. This review will ensure that all assets and liabilities are properly recorded.

Management Response

Agency Management agreed to the reclassification entry (i.e. the reclass of credit balances in patient receivables to payables) since the entry was immaterial to the Agency's financial statements - (1) represented only 4.5% of the Net Patient A/R, (2) the reclassification of approximately \$446,000 from an asset to a liability resulted in a zero net effect on the Agency's Balance Sheet and (3) the reclassification does not affect any liquidity ratios.

Health Services Agency staff assigned to the Central Business Office continually monitors and reviews the Agency's Accounts Receivable Balances. Procedures aimed at ensuring timely review and follow up on accounts receivable balances, including credit balances, includes, but are not limited to, the following:

- Bi-monthly reports summarized by collector, insurance type and date ranges are run.
- Reports include credit and debit balances.
- Both credit and debit balances are equally worked and processed (except for balances that have been assigned to the Treasurer/Tax Collector's Revenue Recovery Division).
- When credits are identified by the account rep the rep will research to determine if a refund is appropriate and/or determine if the patient credit balance should be transferred to other outstanding accounts including collector accounts and/or pharmacy accounts.

Current Year Status

Implemented.

This information is intended solely for the information and use of the Board of Supervisors and management of HSA and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.
