## Approval to Adopt the 2008 Stanislaus County Maintained Mileage Report

### **DISCUSSION:**

The Streets and Highways (S&H) Code confers upon the Board of Supervisors the authority, duties, and limitations that have to do with the establishment and maintenance of the county road system. The County is required to submit the Maintained Mileage Report to the California Department of Transportation (Caltrans). The main object of this activity is to supply the necessary information for distribution of HUTA in accordance with Section 2104 of the S&H Code.

Submitted in this report of the County maintained mileage, as required by Section 2121 of the Streets and Highway Code, are the following:

1. Exhibit "A" – 2008 Maintained Mileage – green indicates road mileage changes.
2. Exhibit "B" – A listing of road mileage that were annexed from the maintained mileage road system.
3. Exhibit "C" – A listing of new roads to be included on the maintained mileage road system.
4. Exhibit "D" – A listing of roads that were adjusted to the new urban limits in the Modesto, Oakdale, Turlock, Riverbank and Patterson areas.

The total maintained mileage at present is 1527.04 miles. This is a decrease of 18.31 miles since May 2007. All exhibits are on file with the Clerk of the Board of Supervisors.

### **POLICY ISSUES:**
