

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS

ACTION AGENDA SUMMARY

DEPT: Agricultural Commissioner Gary Caselli

BOARD AGENDA # B-10

Urgent

Routine

AGENDA DATE August 11, 2009

CEO Concurs with Recommendation YES NO

4/5 Vote Required YES NO

(Information Attached)

SUBJECT:

Acceptance of a Presentation of the 2008 Stanislaus County Agricultural Crop Report

STAFF RECOMMENDATIONS:

Accept the presentation of the 2008 Stanislaus County Agricultural Crop Report.

FISCAL IMPACT:

The gross agricultural farm gate income for 2008 is \$2,473,843,000. This represents an increase of \$52,193,000 from the 2007 gross production value of \$2,421,650,000. Activities associated with processing of these agricultural commodities increases the economic value by a multiplier of approximately 4.5. Using this multiplier, agriculture's contribution to our local economy for the year 2008 amounts to over \$11 billion.

BOARD ACTION AS FOLLOWS:

No. 2009-540

On motion of Supervisor Chiesa, Seconded by Supervisor Grover

and approved by the following vote,

Ayes: Supervisors: O'Brien, Chiesa, Grover, Monteith, and Chairman DeMartini

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

1) X Approved as recommended

2) _____ Denied

3) _____ Approved as amended

4) _____ Other:

MOTION:

Christine Ferraro

ATTEST: CHRISTINE FERRARO TALLMAN, Clerk

File No.

Acceptance of a Presentation of the 2008 Stanislaus County Agricultural Crop Report

DISCUSSION:

Sections 2272 and 2279 of the California Food and Agricultural Code require that the County Agricultural Commissioner annually report the condition of agriculture in the county to the Secretary of the California Department of Food and Agriculture. This is the seventh year that the Stanislaus County Agricultural Crop Report will be published primarily on-line. Customers may access the crop report information at the main Stanislaus County web site located at www.stancounty.com by selecting "County Services", then "Departments", then "Agricultural Commissioner". The Agricultural Commissioner's website offers access to Stanislaus County Crop Report statistics dating back to 1940.

The on-line publication of the crop report illustrates the importance of technology in Stanislaus County's number one industry --agriculture, while maintaining a focus on the driving force behind this industry --the people of agriculture.

POLICY ISSUE:

The 2008 Agricultural Crop Report promotes and illustrates the significance of the agricultural industry in Stanislaus County and supports the Board Priority for a Strong Agricultural Economy/Heritage.

STAFFING IMPACT:

There are no staffing impacts associated with this item.

Stanislaus County Agricultural Crop Report 2008

The 2008 Stanislaus County Agricultural Crop Report is dedicated to

Tom Mayfield

December 12, 1930 – December 9, 2008

Tom Mayfield was born in Holtville, California and raised in Imperial County, California. His family moved to Hughson, California where he graduated from Hughson High School. He worked in construction in Alaska prior to serving in the Air Force. Tom lived in Hughson with his wife Anita and they have three children and three grandchildren. He owned and operated a farm growing walnuts and almonds and also operated a hulling business.

Tom had a long and distinguished record of involvement in the Hughson community. He was a member of the Stanislaus County Farm Bureau, the Hughson Chamber of Commerce and St. Anthony's Church. He also served ten years on the Hughson Elementary School Board.

Mr. Mayfield was a member of the Stanislaus County Board of Supervisors since January 1993. He served on many committees and commissions. Tom had a strong interest in issues of agriculture and was an ardent proponent of the family unit. As a County Supervisor, one of Tom's goals was to re-create County government.

Capital Projects completed during his term of office: Jail; Sheriff Operation Center; Ray Simon Criminal Justice Center; Tenth Street Place; 12th Street; Gallo Performing Arts Center; and the Agricultural Center. He was also instrumental in the Geer Rd Hwy 120 road improvements.

Tom Mayfield served as Stanislaus County Supervisor from 1993 – 2008. His lively spirit and his dedication to agriculture will be sorely missed.

July 1, 2009

TO: A. G. Kawamura, Secretary
California Department of Food and Agriculture

The Honorable Board of Supervisors of Stanislaus County

Jim DeMartini, Chair, Fifth District
Bill O'Brien, First District
Vito Chiesa, Second District
Jeff Grover, Third District
Dick Monteith, Fourth District

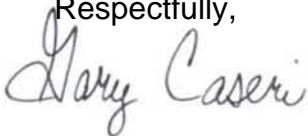

Richard W. Robinson, Chief Executive Officer

I am pleased to submit, in accordance with Section 2279 of the California Food and Agricultural Code, Stanislaus County's Annual Crop and Livestock Report for 2008. This report provides a statistical description of Stanislaus County's agricultural production. I must emphasize that this report represents **gross values** of agricultural commodities and does not reflect production costs or profits.

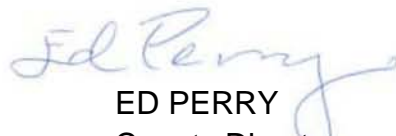

The value of agricultural commodities produced last year in Stanislaus County increased by 2% to \$2,473,843,000. This represents an increase of \$52,193,000 from the 2007 gross production value of \$2,421,650,000. This is primarily attributed to a general increase in prices; however, fluctuation in acreage, economic concerns and weather played a factor. Most notable increases were the Silage Crops category that increased by \$47,109,000 or a 58% gain, and Alfalfa Hay Crops that increased by \$28,582,000 or a 73% increase. On the downside, milk suffered a significant loss, which can be attributed to an overall drop in price along with high feed costs and the reduced availability of quality feed putting an economic strain on the dairy industry.

I wish to express my appreciation to agricultural producers, industry representatives and public agencies who have cooperated in providing data for this report. I would also like to express sincere thanks to the Agricultural Commissioner staff, especially Agricultural Inspector Michael Terra who compiled the report, and Cynthia Darmstandler who prepared the information for publication.

Respectfully,

GARY CASERI
Agricultural Commissioner/Sealer
Department of Agriculture
Stanislaus County

ED PERRY
County Director
Cooperative Extension
Stanislaus County

Stanislaus County Export Products 2008

Almonds 70%, Walnuts 14%, Tomatoes 4%, Dried Beans 2%, Melons 2%, Miscellaneous 8%

The Export Certification program, one of the most important programs run by the Agricultural Commissioner's Office, allows our farmers to ship their product throughout the world. Agriculture, our number one industry, brings in billions of dollars in revenue by exportation of the product to the world market. In the year 2008, our staff issued 6,252 phytosanitary certificates for over a hundred commodities. Phytosanitary certificates are issued to indicate that consignments of plants, plant products or other regulated articles meet specified phytosanitary import requirements of the destination country. Our export program is an industry-funded program.

Pest Detection & Emergency Projects 2008

Mediterranean Fruit Fly Trap

County Trapper Hanging Trap

To protect the agricultural and horticultural industries in Stanislaus County, various traps are placed to monitor for specific insects. Trapping allows for the possible early detection of invasive and destructive pests that would be detrimental to our economy, the environment, and our health.

Pest	# of Traps	Crops Affected
Mediterranean Fruit Fly	393	Walnut, tomato, apple, almond, plum, peach, nectarine, pear, grape, orange, lemon, grapefruit, fig, pomegranate, kumquat and olive
Mexican Fruit Fly	230	Apple, apricot, citrus, pear, plum, peach, nectarine and pomegranate
General Fruit Fly	88	Citrus, stone fruit and pome fruit
Light Brown Apple Moth	474	Alfalfa, almond, apple, berries, broccoli, citrus, corn, grape, olive, stone fruit and tomatoes
Japanese Beetle	207	Turf and roses
Gypsy Moth	221	Most trees
Oriental Fruit Fly	236	Apple, citrus, cucumber, fig, grape, pear, pomegranate, stone fruit, tomato and walnut
Melon Fly	235	Peaches, oranges, beans, tomato, cucumber, apple, cantaloupe, grape, pear and watermelon
Glassy-winged Sharpshooter	1,450	Grape, almond, peach and citrus / vector for Pierce's Disease
Apple Maggot	48	Stone fruit and pome fruit
Vine Mealybug	36	Grapes
Citrus Leafminer	13	Citrus
Khapra Beetle	223	Grain and grain products
European Corn Borer	7	Corn, potatoes, oat, green bean, and rhubarb
Red Imported Fire Ant (RIFA)	Survey & Treat	May infest agricultural and residential settings, as well as natural habitats-dangerous to children, pets, elderly and wildlife

Our survey includes traps to check for the Glassy-winged Sharpshooter (GWSS). Traps are set out at nurseries and residential sites, and inspections are done of all incoming plant shipments originating from GWSS infested counties.

Glassy-winged Sharpshooter inspection at a local nursery.
