Approval of Agreement for Mental Health Services for Fiscal Year 2009-2010 – Behavioral Health and Recovery Services

DISCUSSION:

Behavioral Health and Recovery Services contracts with numerous individuals and agencies to provide mental health, alcohol and other drug and ancillary services to Stanislaus County residents. In most cases, individuals and agencies are selected through a competitive process, which takes into account specific expertise, as well as cost efficiency. Agreements are renewed based on a demonstrated ability to deliver required outcomes effectively, along with availability of funding. While a number of agencies have successful, long term partnering relationships with Behavioral Health and Recovery Services, all major provider agreements continue to be reviewed and, consistent with Board of Supervisors' direction, competitive bids will be sought periodically.

Behavioral Health and Recovery Services experiences occasional funding opportunities and unanticipated increases in the utilization of services throughout the year. On many occasions, this additional funding is time sensitive; hence, the Department requests authorization for the Behavioral Health Director, or her designee, to negotiate and execute amendments up to \$50,000 to the amendment to the agreement included in this agenda item, budget permitting, without further action by the Board of Supervisors, throughout Fiscal Year 2009-2010.

As required by the Board of Supervisors on January 25, 2006, the following table includes a cumulative value of prior contracts with these vendors for the period beginning July 1, 2003 through June 30, 2010.

Department	Budget Unit	Contractor	Description of Service Provided or	Contractual Period (List Amount and	Contract	Gumulative Contract Total
Behavioral Health and Recovery Services	Mental Health 1501	Crestwood Behavioral Health, Inc.	Treatment Facilities (Institute of Mental Disease)	\$5,532,157 (07/01/03-06/30/10)		1

POLICY ISSUE:

Approval of this agenda item supports the Board of Supervisors' priorities of *A healthy community*, *Effective partnerships* and *Efficient delivery of public services* by contracting with community providers to deliver the needed services at an appropriate level of care in a cost effective manner.
