Approval to Set a Public Hearing on April 27, 2010, at 9:10 a.m. to Introduce and Waive the First Reading of an Ordinance to Amend Existing Fees for the Department of Environmental Resources to Include a New Fee for the Aboveground Petroleum Storage Act (APSA) Program Page 2

DISCUSSION:

The Department of Environmental Resources (Department) charges fees for services it provides in the program areas of Code Enforcement, Environmental Health, Hazardous Materials, Landfill, Milk & Dairy and Solid Waste. State law mandates that fees charged for services cannot exceed actual costs and must be used to cover the costs of implementing the programs.

Annually, in preparation for the Proposed Budget, the Department evaluates the program costs and the fees associated with programs administered. This process includes the consideration of new or additional fees, where appropriate, as well as modifications to existing fees in order to cover the program costs. This year the Department is proposing the creation of a new fee for the Aboveground Petroleum Storage Act Program as mandated by law in Hazardous Materials. There are no proposed fee changes for Code Enforcement, Environmental Health, Landfill, Milk & Dairy or Solid Waste.

Hazardous Materials

On October 13, 2007, Assembly Bill 1130 (AB 1130) was signed by the Governor, which went into effect on January 1, 2008, transferring the responsibility for implementation, enforcement and administration of the Aboveground Petroleum Storage Tank Act (APSA) Program from the Regional Water Control Board to the local Certified Unified Program Agency (CUPA). AB 1130 was written as an extension of the Federal Spill Prevention, Control and Countermeasure (SPCC) Plan found in Chapter 40 of the Code of Federal Regulations, Part 112 designed to prevent oil discharges from reaching navigable waters or adjoining shorelines.

AB 1130 requires the owner or operator of a tank facility with aggregate storage capacity of 1,320 gallons or more of petroleum to prepare an SPCC Plan in accordance with Federal law. However, under APSA, CUPAs are required to conduct inspections at tank facilities with aggregate storage capacity of 10,000 gallons or more of petroleum at least once every three years. The purpose of the inspection is to determine the owner or operator's compliance with the SPCC requirements of the APSA.

To fund the initial program development, the California Environmental Protection Agency (CalEPA) awarded a one-time grant in the amount of \$119,403 to the Department in July 2008 (approved by the Board of Supervisors on February 12, 2008, Board Action No. 2008-102). The monies from the grant were used to update the State Water Resources Control Board inventory list, train CUPA personnel, and provide workshops and outreach to the regulated community. The award was only intended to provide the initial funding needed to frame the APSA Program and did not include the annual administrative or operating costs. To cover the APSA program costs, which includes but is not limited to inspections, enforcement and administrative costs, the Department as the local CUPA needs to establish a fee as part of the single fee system.

On March 3, 2010 the Department held a workshop to discuss the proposed APSA fee with industry representatives. Information about the workshop was mailed to all parties affected or potentially affected by the fee. Two representatives from the regulated business community attended the

workshop and supported the proposed fee; no concerns were expressed.

Proposed Fees

Tank facilities that aggregate between 1,320 gallons and 9,999 gallons of petroleum will be inspected under the Hazardous Material Business Plan and will not be subject to APSA fees. Only tank facilities with aggregate storage capacity of 10,000 gallons or more of petroleum are subject to the APSA fee and will be inspected once every three years. In calculating the proposed fee, the Department reviewed the storage capacity of the tanks within the regulated facilities and the amount of time spent on determining compliance.

The Department will incorporate the APSA Program into the existing CUPA structure. The projected annual operating cost is approximately \$19,817.

Public Hearing

Prior to levying a new fee or amending an existing fee, the County is required by Government Code Section 54985 et seq., to hold a scheduled public hearing as part of a regularly scheduled meeting of the local agency. If approved, these fee increases will correspond with Fiscal Year 2010-2011, and will become effective on July 1, 2010.

POLICY ISSUE:

An ordinance of the Board of Supervisors is required to amend or establish fees for the Department. Further, the Board should determine if approving staff's recommendations are consistent with its priorities of a safe community, a healthy community, a well-planned infrastructure system, and the efficient delivery of public services.

STAFFING IMPACTS:

3800 CORNUCOPIA WAY
MODESTO, CA 95358

This notice is an invitation to attend a public meeting to discuss proposed revisions to the Stanislaus County Master Schedule of Fees for the Department of Environmental Resources (DER). The mission of DER is to promote a safe and healthy environment and improve the quality of life in our community. To achieve and maintain an appropriate level of protection, DER recognizes that it is necessary to have collaboration with the County's business community. It is the hope of this Department that you would make every effort to attend the upcoming workshop. Your input and expertise are valuable to our community to ensure that we accomplish this goal.

This workshop is being conducted prior to the Board of Supervisors approval of the fee proposal. The proposed fee adjustments will be available beginning March 1, 2009 at http://www.stancounty.com/er/ast-programs.shtm. Please let us know if you would like a copy mailed or faxed to you.

Please join our staff to discuss a new fee for the Aboveground Petroleum Storage Tank.

If you have questions, please feel free to call 525-6700. Your feedback is important to us. If you are not able to attend, you may submit any comments in writing to the attention of Beronia Beniamine or Robert Riess at the above listed address.
