BOARD OF SUPERVISORS

2010 APR 21 P 12: 15

April 15, 2010

Jeff Grover, Chair
Stanislaus County Board of Supervisors
1010 Tenth Street, Suite 6500
Modesto, CA 95354

Dear Board of Supervisors,

I know that all levels of Government are looking at ways to save money during these most difficult and challenging times; however, I want to encourage you to continue to fully fund your County Veteran Service Office (CVSO) and keep the promise that our Nation has made to the men and women who have served our country so bravely, selflessly and proudly.

As you are aware, your CVSO is the nexus for these veterans to connect to their well deserved benefits, including GI Bill education, medical care, disability compensation and pension along with benefits for their college age children. What you may not be aware of however is how their great and noble work results in significant amounts of federal dollars being placed in the hands of the Veterans residing in your County. To illustrate, I have enclosed the breakout of federal dollars your County received in both 2008 and 2009 as a direct result of your CVSO's efforts.

Above and beyond the economic impact of their work, we need to be there for these young men and women when they return to our communities from Iraq and Afghanistan. Without the support provided by your CVSO, many will not be able to make a successful transition from the battlefield to becoming productive citizens. This is why it is so important that you continue to fund them at full capacity.

Thank you in advance for your consideration of my request. If you have any questions, do not hesitate to contact me directly at (916) 653-2158.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Brautigan", followed by a horizontal line.

Roger Brautigan
Major General, U.S. Army (Ret)
Secretary

Notes:

*Veteran population estimate as of September 30, 2008 by the VA Office of the Actuary (VetPop 2007).

‡In some counties and congressional districts, construction expenditures might be shown as "negative" numbers. Negative expenditures indicate de-obligations of fund as a result of construction projects completed under budget or due to changes in project scopes.

**Unique patients are patients who received treatments at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).

FY08 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

CALIFORNIA Expenditures in \$000s										
County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pensions	Construction [±]	Education & Vocational Rehabilitation/ Employment	Loan Guaranty	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**
1. Expenditures are rounded to the nearest thousand dollars: "\$1" = \$500 to \$1,000; "\$0" < \$500; and "\$-" = 0.										
2. Expenditures presented at the county level for compensation, pension, education and vocational rehabiliation reflect the dollar values of actual payments made to individuals.										
3. The Compensation & Pension category includes expenditures for the following programs: veterans' compensation for service-connected disability; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.										
4. Medical Care category includes medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care does not include construction or other non-medical support expenditures.										
5. Total expenditures by sum of counties may be slightly different from those calculated by sum of 110th Congressional Districts. The differences are resulted from rounding.

FY09 GEOGRAPHIC DISTRIBUTION OF VA EXPENDITURES (GDX)

CALIFORNIA										
Expenditures in \$000s										
County/ Congressional District	Veteran Population*	Total Expenditure	Compensation & Pensions	Construction [‡]	Education & Vocational Rehabilitation/ Employment	Loan Guaranty	General Operating Expenses	Insurance & Indemnities	Medical Care	Unique Patients**
* Veteran population estimates, as of September 30, 2009, are produced by the VA Office of the Actuary (VetPop 2007).										
# Prior to FY 08, "Loan Guaranty" expenditures were included in the Education & Vocational Rehabilitation and Employment (E&VRE) programs. Currently, all "Loan Guaranty" expenditures are attributed to Travis, TX, where all Loan Guaranty payments are processed. VA will continue to improve data collection for future GDX reports to better distribute loan expenditures at the state, county and congressional district levels.										
** Unique patients are patients who received treatment at a VA health care facility. Data are provided by the Allocation Resource Center (ARC).										
Expenditure data sources: Federal Assistance Awards Data System (FAADS) for Compensation & Pension (C&P) and Vocational Rehabilitation and Employment (VRE) Benefits; Veterans Benefits Administration Insurance Center for the Insurance costs; the VA Financial Management System (FMS) for Construction, Medical Research, General Operating Expenses, and certain C&P and Readjustment data; and the Allocation Resource Center (ARC) for Medical Care costs.										
1. Expenditures are rounded to the nearest thousand dollars. For example, \$500 to \$1,000 are rounded to \$1; \$0 to \$500 are rounded to \$0; and "\$ -" = 0 or no expenditures.										
2. The Compensation & Pension expenditures include dollars for the following programs: veterans' compensation for service-connected disability; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected disabilities; and burial and other benefits to veterans and their survivors.										
3. Medical Care expenditures include dollars for medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care expenditures do not include dollars for construction or other non-medical support.										
4. Medical Care expenditures are based on where patients live instead of where care is delivered.										
5. Congressional District data will be available in the near future.
