Approval to Accept the 2010 California Multi-jurisdictional Methamphetamine Enforcement Team Recovery Act Program Funding from the California Emergency Management Agency

FISCAL IMPACT (continued):

The grant will provide \$181,508 in Federal funding to Stanislaus County. The Probation Department's 2010-2011 Adopted Proposed Budget includes total appropriations and revenue to fund a Deputy Probation Officer. There is no additional cost to the General Fund as a result of the acceptance of this grant.

DISCUSSION:

Funding in the amount of \$181,508 is available from the JAG program for use in Stanislaus County. This grant period is a two year cycle beginning March 1, 2010 and ending February 28, 2012. The Stanislaus County Sheriff's Department was identified as the fiscal agent and submitted an application for the total grant amount of \$181,508. On April 6, 2010 the Sheriff's Department received notification that the application was approved for \$181,508 in funding.

The focus of the Cal-MMET Recovery Act Program is to ensure the multi-disciplinary participation of each task force to include a police officer, a deputy sheriff, a deputy district attorney, a probation officer and/or a child protective services worker for the duration of this grant.

The Probation Department will use the awarded amount of \$181,508 to fund a Deputy Probation Officer. The Probation Officer will assist law enforcement in apprehending drug offenders and coordinating activities between the Probation Department and the Cal-MMET task force. The Cal-MMET team works together as a joint task force with two other anti-drug agencies, Stanislaus County Drug Enforcement Agency (SDEA) and Central Valley California High Intensity Drug Trafficking Area (HIDTA). These three agencies are located in the same building allowing them to efficiently work together by sharing information, resources and equipment. The three agencies work as one team in order to combat the production and distribution of methamphetamines and other narcotics.

The ongoing Cal-MMET grant currently funds one Sergeant, two Deputy Sheriffs and a Legal Clerk in the Sheriff's Department, one Modesto Police Department Officer and one District Attorney Investigator. The Recovery Act Program will provide a Deputy Probation Officer to the Cal-MMET unit to help meet task force goals and objectives.

The Sheriff's Department recommends the County take advantage of this funding opportunity and approve the Staff Recommendation to accept the funding from Cal-EMA.

POLICY ISSUES:

Utilization of this funding will enhance criminal justice processes in our community to combat the production and distribution of methamphetamines and other narcotics consistent with the Board's stated priorities of ensuring A Safe Community and Effective Partnerships.

Approval to Accept the 2010 California Multi-jurisdictional Methamphetamine Enforcement Team Recovery Act Program Funding from the California Emergency Management Agency

STAFFING IMPACT:

There are no recommendations to modify the Salary and Position Allocation Resolution by this action.

Project Narrative

The Stanislaus Cal-MMET Unit is committed to sponsoring and working in support of local and regional programs geared toward the elimination of the manufacturing and trafficking of methamphetamine. The expected outcome of the program is the arrest and successful prosecution of methamphetamine manufacturers, distributors, and traffickers as well as the protection of children who have been endangered by exposure to illicit drug environments.

The ongoing Cal-MMET Program is a multi-jurisdictional task force program that integrates federal, state, and local law enforcement agencies, prosecutors and probation for the purpose of enhancing inter-agency coordination and intelligence and facilitating multi-jurisdictional investigations. In addition, Cal-MMET maintains a Drug Endangered Children (DEC) protocol with the cooperation of all participants in addition to Child Protective Services to ensure the safety of all drug endangered children.

The CAL-MMET team works together as a joint task force with two other anti-drug agencies, Stanislaus County Drug Enforcement Agency (SDEA) and Central Valley California High Intensity Drug Trafficking Area (HIDTA). The three agencies are located in the same building allowing them to efficiently work together by sharing information, resources, and equipment. The three agencies work as one team in order to combat the production and distribution of methamphetamines and other narcotics.

The law enforcement component includes a Modesto Police Department Lieutenant (non-grant funded) who manages the CAL-MMET Unit. He/she is responsible for the coordination of all agency operations. The Sergeant (funded by the ongoing Cal-MMET grant) provides direct supervision to the personnel who do the law enforcement work of the multi-jurisdictional task force and conducts briefings.

Applicant: Stanislaus County

Grant Number: ZA09010502

The law enforcement officers funded by the ongoing Cal-MMET grant include two Deputy Sheriffs (one who is a pilot) and one Modesto Police Officer. These officers initiate cases, conduct surveillance, undercover operations, wiretaps, gathering and analyzing criminal intelligence, conducting probation searches on subjects with prior drug convictions, serving search warrants, utilizing informants, and arresting and prosecuting the responsible(s) involved in mid to large-scale methamphetamine manufacturing and distribution organizations. A Legal Clerk (funded by the ongoing Cal-MMET grant) types reports and search warrants, and prepares case files for prosecution. He/she is responsible for the maintenance of statistics and records.

The Prosecution Component's District Attorney's Investigator (funded by the ongoing Cal-MMET grant) works directly with the law enforcement officers, including responding to crime scenes and assisting with the Drug Endangered Children (DEC) cases. He/she acts as a liaison between the CAL-MMET Unit and the Stanislaus County District Attorney's Office.

The Probation Component will be comprised of a Deputy Probation Officer funded by the Cal-MMET Recovery Act Program. The Probation Officer will assist law enforcement in apprehending drug offenders and coordinating activities between the Probation Department and the Cal-MMET task force. The Probation Officer will identify probationers with search and seizure conditions of probation and serve as a resource for the task force members by providing information and assistance on probation cases and issues. He/she will have direct access to the department's component of the Integrated Criminal Justice Information System database in order to provide critical intelligence and case file information. The Probation Officer will coordinate, participate in, and record the number of probation searches conducted by the task force as well as participate in surveillance activities for probationers suspected of trafficking or selling drugs. The Probation Officer will augment the services of law enforcement and prosecution by targeting and arresting probationers who are in violation of probation.

Applicant: Stanislaus County

Grant Number: ZM09080500

Written violation of probation reports will be completed by the Probation Officer and submitted to the court. The Probation Officer will also determine whether drug testing should be performed concerning probationers suspected of drug-related violations. Currently a Probation Officer working on the SDEA task force is available to the Cal-MMET team when needed. Having a Probation Officer on the Cal-MMET Task Force working with agents will effectively enhance enforcement operations and allow more active participation by the Probation Department on Cal-MMET cases.

Funding a Deputy Probation Officer through the Cal-MMET Recovery Act Program will allow the Stanislaus County Probation Department to retain a position identified for elimination as of July 1, 2010.

The Child Protection component includes cooperation from Community Services Agency (CSA) on an as needed basis. Cal-MMET agents notify a CSA liaison when children are found where drugs, hazardous conditions, or an unfit home exists. The social worker will take the steps necessary to protect the children. The District Attorney will review and prosecute the cases. Cal-MMET, CSA, and the District Attorney will exchange information and work cooperatively in order to provide protection for the children and prosecute the cases. A memorandum of understanding between CSA, Health Services Agency, SDEA, Cal-MMET and Stanislaus County District Attorney is in place to comply with the Drug Endangered Children and Elderly Dependant Adults policy.
