

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS  
ACTION AGENDA SUMMARY

DEPT: Environmental Resources

BOARD AGENDA # \*B-6

Urgent

Routine

AGENDA DATE September, 21 2010

CEO Concurs with Recommendation YES  NO

4/5 Vote Required YES  NO

(Information Attached)

SUBJECT:

Approval for the Director of the Department of Environmental Resources to Enter Into and Sign Routine Agreements and Contracts with Various State Agencies for Fiscal Year 2011-2012

STAFF RECOMMENDATIONS:

1. Authorize the Director of the Department of Environmental Resources to enter into and sign the routine Fiscal Year 2011-2012 state agreements and contracts outlined in the discussion section of this board item.
2. Authorize the Director of the Department of Environmental Resources to approve and sign any amendments to the routine Fiscal Year 2011-2012 state agreements and contracts outlined in the discussion section of this board item.

(Continued on Page 2)

FISCAL IMPACT:

If approved, the Director of the Department of Environmental Resources will be authorized to sign routine agreements and contracts with various State agencies, resulting in an efficiency cost savings in reduced weighted labor rate and supply costs through this streamlined process. There is no direct fiscal impact in authorizing the Director to sign agreements or contracts.

(Continued on Page 2)

BOARD ACTION AS FOLLOWS:

No. 2010-586

On motion of Supervisor Monteith, Seconded by Supervisor O'Brien

and approved by the following vote,

Ayes: Supervisors: O'Brien, Chiesa, Monteith, DeMartini, and Chairman Grover

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

1)  Approved as recommended

2)  Denied

3)  Approved as amended

4)  Other:

MOTION:

ATTEST: CHRISTINE FERRARO TALLMAN, Clerk

File No.

Approval for the Director of the Department of Environmental Resources to Enter Into and Sign Routine Agreements and Contracts with Various State Agencies for Fiscal Year 2011-2012

Page 2

STAFF RECOMMENDATIONS (Continued):

3. Adopt a Resolution to authorize the Director of the Department of Environmental Resources to apply for a Waste Tire Cleanup and Amnesty Event Grant from the California Department of Resources Recycling and Recovery for Fiscal Year 2011-2012 to promote the cleanup and recycling of waste tires.
4. Adopt a Resolution to authorize the Director of the Department of Environmental Resources to apply for a Waste Tire Enforcement Grant from the California Department of Resources Recycling and Recovery for Fiscal Year 2011-2012 to promote the administration of a regional waste tire enforcement program.
5. Authorize the submittal of a joint funding request to the California Department of Resources Recycling and Recovery for a Waste Tire Cleanup and Amnesty Event Grant, and for a Waste Tire Enforcement Grant on behalf of participating cities and the unincorporated areas of Stanislaus County.

FISCAL IMPACT (Continued):

State agreements and contracts detailed in this item represent approximately \$681,470 in payments and reimbursements to the Department of Environmental Resources for Fiscal Year 2011-2012 for program activities. Revenue estimates are included in the program discussion and if State contract amounts vary significantly from anticipated revenue, the Department will request separate Board of Supervisors' approval. If approved, revenue estimates and appropriations associated with these agreements and contracts will be submitted in the Fiscal Year 2011-2012 Proposed Budget.

DISCUSSION:

The Department of Environmental Resources (Department) has many routine and long-standing agreements and contracts with State agencies. Historically, requests to apply for and receive funds have been individually brought to the Board of Supervisors for approval. Given that, an opportunity exists to consolidate these efforts in order to increase the efficiency of government operations and expedite the processing of these agreements and contracts. Specifically, staff recommends that the Department Director be authorized to apply for various State funds, enter into and sign routine agreements and contracts for those funds, and accept awards of these funds for Fiscal Year 2011-2012. It is also requested that the Department Director be authorized to approve and sign any amendments to these routine agreements and contracts for Fiscal Year 2011-2012.

The following is a listing of long-standing and anticipated agreements and contracts for Fiscal Year 2011-2012:

**California Department of Resources Recycling and Recovery**

*Beverage Container Recycling Funds*

In the 1980s, Assembly Bill (AB) 2020, more commonly known as the "Bottle Bill," was enacted. It was this legislation that created the point-of-purchase surcharge on most bottled beverages, such as soda pop, wine coolers, beer, etc.

Changes to AB 2020 were made in 1999 prior to the sunset of the legislation. The most significant change for local government was the return of some of the surcharge monies to the local level for the enhancement of beverage container recycling efforts.

Specifically, Section 14581(a)(5)(A) of the Beverage Container Recycling and Litter Reduction Act states that \$10.5 million will be returned annually to cities and counties of the State, on a per capita basis. Stanislaus County applies for these funds annually.

Funds are used to supplement existing recycling efforts as follows:

1. The Recycling Poster Contest in elementary and middle schools throughout the unincorporated areas of the County;
2. Production of a recycling calendar using winning Poster Contest entries;
3. Updating and redesign of recycling pages on the County website;
4. Equipment and supplies such as recycling containers and signs for public areas;
5. Advertising, which is tailored to support local programs;
6. Promotional items to support these programs and purchase of end-use items, such as park benches/tables containing recycled content; and
7. Staffing costs associated with the administration of recycling activities.

Recycling programs such as these assist Stanislaus County jurisdictions in meeting the 50% diversion rate mandate, specified by AB 939, otherwise known as the California Integrated Waste Management Act of 1989. It is anticipated that the funds awarded for Fiscal Year 2011-2012 will be between \$5,000 and \$30,000.

For the following programs discussed below, the Department intends to continue a regional approach as it has historically: the Tire Amnesty portion of the Waste Tire Cleanup and Amnesty Event Grant, the local Waste Tire Enforcement program portion of the Waste Tire Enforcement Grant, and the Used Oil Payment Program. For the Fiscal Year 2011-2012 applications, the region will include participating cities and the unincorporated areas of Stanislaus County. Letters of support from these cities will be included in the grant applications. Stanislaus County has historically taken the lead role in the application for and administration of regional grant applications.

*Waste Tire Cleanup and Amnesty Events*

The State of California generates almost 39 million waste tires annually. Although nearly three-quarters of all discarded tires are recycled in the State, the remainder poses an annual 10.5 million tire disposal concern for cities and counties. The illegal

Approval for the Director of the Department of Environmental Resources to Enter Into and Sign Routine Agreements and Contracts with Various State Agencies for Fiscal Year 2011-2012

Page 4

disposal or stockpiling of tires in the State is a problem that ranks in the top tier in the nation.

The illegal dumping of tires is an ongoing problem in the County. In many areas, tires are dumped in large quantities. These occurrences not only present blight and health concerns, they also obstruct emergency vehicles from driving through alleys, present fire hazards, and can attract mosquitoes and other vectors that can spread disease.

The California Department of Resources Recycling and Recovery (CalRecycle) Waste Tire Cleanup and Amnesty Event Grant was established to address this growing problem of unlawful disposal of waste tires. In 1989, the California Legislature passed the California Tire Recycling Act, AB 1843, authorizing the creation of the California Tire Recycling Management Fund. This fund comes from a fee of \$1.75 collected on the retail sale of every new tire sold in California. CalRecycle allocates approximately \$2 million for competitive grants each fiscal year for waste tire cleanup events.

On January 6, 2009, the Board of Supervisors approved the Department's request to apply for the California Integrated Waste Management Board Waste Tire Cleanup and Amnesty Event Grant and the Department was successful in obtaining grant of \$58,312. To date, this source of grant funds has successfully recycled over 11,000 waste tires from Stanislaus County residents and roadways.

The grant application for the upcoming fiscal year will focus on two critical areas: 1) the disposal costs for cleaning up illegally dumped tires in the unincorporated areas through the County's roadside cleanup program; and 2) conducting waste tire amnesty collection events within the participating cities and the County.

The cleanup and disposal portion of this grant will be used to reimburse the Fink Road Landfill for its cost to recycle the over 3,000 waste tires collected on the County's roadways each year. The tire amnesty portion will reimburse each participating jurisdiction for advertising, labor, and recycling costs associated with holding tire amnesty events. Events will be held in each participating city and three events will be held in various locations throughout the unincorporated area of the County. Cities are reimbursed for allowable costs after their events are held following the receipt of grant funds.

The amnesty events will be conducted at either a central drop-off point where individuals will deliver tires, or through the use of a voucher system. The voucher system would provide residents with a coupon that would allow them to take their tires to a designated local waste transfer station. Central drop-off points are typically used when events are held in a city or within a particular segment of the unincorporated area of the County. For events that canvass a larger geographic area, a voucher system typically works best. The estimated contract amount to be received by the Department for Fiscal Year 2011-2012 is approximately \$171,000.

### *Waste Tire Enforcement*

CalRecycle also provides grant funding from the Tire Recycling Management Fund for the enforcement of waste tire regulations. Specifically, the Waste Tire Enforcement Grant program allows jurisdictions to administer a comprehensive waste tire enforcement program which includes the following elements: identification, documentation, education, and inspection of businesses involved in the generation, collection, transportation, and disposal of waste tires. The funding provided by this non-competitive grant reimburses the Department for all expenses incurred from its local Waste Tire Enforcement Program, with the exception of tire amnesty collection events.

In these programs, local agencies are not responsible for prosecuting violators. Instead, noncompliant violators of the waste tire regulations are referred to CalRecycle for legal action. Currently, there are 380 waste tire businesses in Stanislaus County and in the participating cities. The grant requires inspections of each of these tire facilities, tire dealers, auto dismantlers, tire haulers, and other waste tire generators, and limits inspection frequencies to once every 1-3 years depending on the type of facility, unless compliance issues are encountered. The local enforcement of the waste tire regulations will emphasize the importance of proper disposal, reuse, and recycling of waste tires through the education and the regulation of generators, haulers, and end-user businesses.

Since the program's inception in 2006, two (2) large tire piles containing over 20,000 tires have been cleaned up. Over 1,400 inspections of tire facilities and tire haulers have been conducted, with 20 notices of violation issued along with eight (8) referrals to CalRecycle for legal action. Subsequent grants have been aimed at conducting inspections and referring enforcement actions to the State, all of which have been successful.

The proposed grant budget is contingent upon approval from CalRecycle, but is estimated to be approximately \$120,000 for Fiscal Year 2011-2012. All budgeted expenses associated with the local Waste Tire Enforcement Program will be reimbursed to the Department including grant administration, one existing full-time employee, training, and all necessary field and office equipment. This Program covers Stanislaus County's unincorporated area as well as the incorporated cities with the exception of the City of Modesto.

### *Used Oil Payment Program*

The California Oil Recycling Act (Act) provides for, among other things, funding to assist local governments in developing and maintaining ongoing used oil and used oil filter collection/recycling programs for their communities. In 2009, Senate Bill 546 (Lowenthal) was enacted which made various changes to the Act, including: changing the funding from a reimbursable grant program (formerly known as the Used Oil Block Grant Program) to a payment program (now referred to as the Used Oil Payment Program, or OPP), increasing the statewide funding from \$10 million to \$11 million per year, and encouraging local governments to use approximately 10 percent of their individual funding on the collection and recycling of used oil filters.

Approval for the Director of the Department of Environmental Resources to Enter Into and Sign Routine Agreements and Contracts with Various State Agencies for Fiscal Year 2011-2012

Page 6

The OPP is non-competitive and provides funds to establish and maintain used oil and used oil filter collection/recycling programs. Actual budget amounts are determined annually as part of the State budget process. Allocations are calculated on a per capita basis using the Department of Finance's population statistics. Programs paid for by this funding will help Stanislaus County and the cities within the regional group in meeting the goals and objectives of their Household Hazardous Waste (HHW) Elements such as continuing educational efforts aimed at diverting HHW from the waste stream and expanding used oil and used oil filter recycling opportunities.

By Resolution adopted on June 29, 2010, the Board of Supervisors has authorized Stanislaus County to submit an OPP regional application on behalf of itself as Lead Agency and the participating agencies/jurisdictions that include: Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock, and Waterford. This authorization is effective until rescinded by the Board.

For Fiscal Year 2011-2012, approximately \$79,000 will be available to the County and the participating cities to continue promotion of used oil and used oil filter recycling. OPP funds must be expended within a maximum of 24-month term.

**Governor's Office of Emergency Services**

*Hazardous Materials Emergency Preparedness*

The California Health and Safety Code mandates that each Certified Unified Program Agency (CUPA) develop an Area Plan, and update the plan every three years. The Department, serving as Stanislaus County's CUPA, completed the Area Plan in 1995. The last revision to the Area Plan was in 2008.

The Stanislaus County Area Plan (Plan) details the roles and responsibilities of emergency response agencies during a hazardous materials incident. Revision of the current Plan is anticipated to begin in late 2010, and be completed by mid-2011. A consultant will be obtained through a competitive bid process and will collaboratively work with the Department, along with State and local emergency response and planning agencies, to revise the Plan to reflect current standards and practices related to hazardous materials response incidents.

The Governor's Office of Emergency Services (OES) offers funding to assist with Plan revisions through the non-competitive Hazardous Materials Emergency Preparedness (HMEP) Grant Program. The Local Emergency Planning Commission (LEPC) coordinates applications for HMEP grants prior to acceptance by OES. The Department anticipates the non-competitive grant award for Fiscal Year 2011-2012 to be approximately \$37,500.

Approval for the Director of the Department of Environmental Resources to Enter Into and Sign Routine Agreements and Contracts with Various State Agencies for Fiscal Year 2011-2012

Page 7

**State Water Resources Control Board**

*Underground Storage Tank Local Oversight Program*

It is common practice for businesses to store substances that are hazardous to public health and safety and the environment in hundreds of underground storage tanks (USTs) throughout Stanislaus County prior to their use or disposal. Underground tanks used for the storage of hazardous substances and wastes are potential sources of soil and groundwater contamination.

Stanislaus County currently has 69 open soil and groundwater investigations associated with releases from USTs. California Health and Safety Code Section 25297.1 authorizes the State Water Resources Control Board (SWRCB) to implement a Local Oversight Program for the abatement of unauthorized releases from USTs.

The SWRCB has contracted with Stanislaus County to provide a Local Oversight Program since 1988. Each contract covers a fiscal year, expiring on June 30<sup>th</sup>, annually. The SWRCB submits a new contract each year for the County's review and consideration. The signed contract will allow the continued abatement of unauthorized releases from USTs for an additional year. It is anticipated the contract amount for Fiscal Year 2011-2012 will be approximately \$258,970.

**POLICY ISSUE:**

Approval of this agenda item to authorize the Director of Environmental Resources to enter into and sign routine agreements and contracts with various State agencies for Fiscal Year 2011-2012 is consistent with the Board's priorities of A Safe Community, A Healthy Community, A Strong Local Economy, Effective Partnerships, A Well Planned Infrastructure System, and the Efficient Delivery of Public Services. It provides critical funding for the administration of various programs that support the Department's mission to promote a safe and healthy environment and improve the quality of life in the community through a balance of science, education, partnerships and environmental regulation.

**STAFFING IMPACTS:**

There are no staffing impacts associated with this item. All but one of the grants and/or contracts included herein are non-competitive and are received annually, therefore, the work associated with them is accommodated through the use of existing staff.

**CONTACT PERSON:**

Sonya K. Harrigfeld, Director of Environmental Resources Telephone: 209-525-6770

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS  
STATE OF CALIFORNIA

Date: September 21, 2010

No. 2010-586

On motion of Supervisor Monteith Seconded by Supervisor O'Brien  
and approved by the following vote,

Ayes: Supervisors: O'Brien, Chiesa, Monteith, DeMartini, and Chairman Grover

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

THE FOLLOWING RESOLUTION WAS ADOPTED:

Item # \*B-6

**Approval to Apply for a Waste Tire Enforcement Grant from the California Department of  
Resources Recycling and Recovery for Fiscal Year 2011-2012**

WHEREAS, Public Resources Code (PRC) § 40000 et seq. authorize the Department of Resources Recycling and Recovery (CalRecycle) to administer various Grant Programs in furtherance of the State of California's (State) efforts to reduce, recycle, and reuse solid waste generated in the State thereby preserving landfill capacity and protecting public health and safety and the environment; and

WHEREAS, in furtherance of this authority CalRecycle is required to establish necessary procedures governing the application, awarding, and management of the Grants; and

WHEREAS, procedures established by the State and CalRecycle require each Applicant's governing body to certify by resolution its approval of the submittal of a Grant Application for the Waste Tire Enforcement Grant to CalRecycle; and

WHEREAS, if awarded a Grant, Stanislaus County Department of Environmental Resources will enter into a Grant Agreement with CalRecycle for implementation of the Waste Tire Enforcement Grant; and

WHEREAS, the Applicant for itself and on behalf of the participating jurisdictions will enter into an agreement with the State of California for implementation of a regional Waste Tire Enforcement program;

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors authorizes the submittal of a regional application on behalf of itself and the participating Cities to CalRecycle for the Waste Tire Enforcement Grant for the period of September 1, 2010, through September 30, 2012.

ATTEST: **CHRISTINE FERRARO TALLMAN**, Clerk  
Stanislaus County Board of Supervisors,  
State of California

BE IT FURTHER RESOLVED that this authorization is effective on September 1, 2010, through September 30, 2012;

BE IT FURTHER RESOLVED that the Director is hereby authorized and empowered to execute in the name of the Stanislaus County Department of Environmental Resources all grant documents, including but not limited to, applications, agreements, amendments and requests for payment necessary to secure grant funds and implement the approved grant project.

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS  
STATE OF CALIFORNIA

Date: September 21, 2010

No. 2010-586

On motion of Supervisor Monteith Seconded by Supervisor O'Brien  
and approved by the following vote,

Item # \*B-6

THE FOLLOWING RESOLUTION WAS ADOPTED:

**Approval to Apply for a Waste Tire Cleanup and Amnesty Event Grant from the California Department of Resources Recycling and Recovery for Fiscal Year 2011-2012**

WHEREAS, Public Resources Code (PRC) § 40400 et seq., authorize the Department of Resources Recycling and Recovery (CalRecycle), previously known as the California Integrated Waste Management Board, to administer various Grant Programs in furtherance of the State of California's (State) efforts to reduce, recycle, and reuse solid waste generated in the State thereby preserving landfill capacity and protecting public health and safety and the environment; and

WHEREAS, in furtherance of this authority CalRecycle is required to establish procedures governing the application, awarding, and management of the grants; and

WHEREAS, Grant Application procedures require an Applicant's governing body to authorize by resolution its approval for submittal of the Grant Application(s) identified below, and the designation by job title of the individual authorized to execute all Grant documents on behalf of the Stanislaus County Department of Environmental Resources; and

WHEREAS, if awarded, the Stanislaus County Department of Environmental Resources will enter into a Grant Agreement with CalRecycle for implementation of said Grant(s); and

WHEREAS, the Applicant for itself and on behalf of the participating jurisdictions will enter into an agreement with the State of California for implementation of a regional Waste Tire Cleanup and Amnesty Event program; and

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors authorizes the submittal of a regional application on behalf of itself and the participating Cities to CalRecycle for the Local Government Waste Tire Cleanup and Amnesty Event Grant Programs, referred to as the Fiscal Year 2010/2011 TCA Cycle.

ATTEST: **CHRISTINE FERRARO TALLMAN, Clerk**  
**Stanislaus County Board of Supervisors,**  
**State of California**

BE IT FURTHER RESOLVED that the Director is hereby authorized and empowered to execute in the name of the Stanislaus County Department of Environmental Resources all Grant-related documents, including but not limited to, Applications, Agreements, Amendments and requests for payment necessary to secure Grant funds and implement the approved Grant project.

# Used Oil Payment Program Application Certification

**Stanislaus County**

Fiscal Year: 2010-2011

Cycle: OPP1

## Program Requirements Summary

### 1) Public Resources Code 48691(a)(1)(2)

Ensures there is one Certified Used Oil Collection Center for every 100,000 residents.

### 2) Public Resources Code 48691(b)

Our program has a public education component that informs the public of locally available used oil recycling opportunities.

### Acceptance of Used Oil Payment Program Provisions

Applicant acknowledges that submittal of this application constitutes acceptance of all provisions as contained in the Used Oil Payment Program Guidelines. The Guidelines document is available at:  
<http://www.calrecycle.ca.gov/UsedOil/LGPayments/1stCycle/Guidelines.pdf>

## Payment Information

**Payment Option:** April Payment Requested: Standard payment request
