Approval of the Transportation Development Act-Local Transportation Fund Claim for Fiscal Year 2011-2012 Other Purposes

DISCUSSION:

Local Transportation Funds (LTF) are derived from the one-fourth cent of the general sales tax collected statewide. The State Board of Equalization, based on sales tax collected in each county, returns the general sales tax revenue to each county's LTF. These funds are required to be used primarily for transit purposes. Funds remaining once transit needs have been met are available for local streets and roads, construction and maintenance. The Stanislaus Council of Governments (StanCOG) administers the distribution of these funds.

Local Transportation Funds (LTF) are used to fund routine road and bridge maintenance and non-motorized projects. Prior to submittal, StanCOG requires that the Board of Supervisors take the following actions:

- 1. Approve the claim and its attachments.
- 2. Identify the dollar amount claimed for LTF (\$1,453,058).
- 3. Authorize the individual, by title, to submit the claim to StanCOG.

Section 99233.3 of the Public Utilities Code requires that 2% of identified funds be used for non-motorized purposes. This amount is calculated from the base annual apportionment, as approved by the StanCOG Policy Board. Prior to the non-motorized calculation, the base apportionment is reduced by previously authorized amounts for TDA Administration and Planning. Two percent of the remaining allocation is then distributed to local agencies based on that agencies population percentage. At least half of the 2%, within a five-year period, must be used for bicycle improvements. To accumulate sufficient funds for larger projects funds may be held in reserve for the jurisdiction, by StanCOG for up to five years. The separate, non-motorized apportionment of \$71,741 identified in the claim will be held in reserve until an appropriate project is identified.

POLICY ISSUES:

This action is consistent with the Board's priorities of providing A Safe Community, A Healthy Community, and A Well Planned Infrastructure System. The accessing of these funds contributes to maintaining the County's road system in an acceptable and safe condition.

There is no staffing impact associated with this item.
