DISCUSSION:

With the passage of the State Budget for 1990-1991, funding for Stanislaus programs was cut. To partially make up these cuts and avoid significant reduction in health, criminal justice and social service programs, the Legislature and the Governor granted counties authority under SB2557 to recover the cost of property tax administration and jail booking fees from other jurisdictions.

During the 1991-1992 regular session of the State Legislature, a change was made to Revenue and Taxation Code Section 97(f) to exempt school districts, community college districts, and county offices of education from property tax administration cost recovery.

During the 1992-1993 session of the State Legislature, various provisions of the Revenue and Taxation Code were changed to allow shifting a portion of the property tax revenue due to local government jurisdictions to the Educational Revenue Augmentation Fund. Revenue and Taxation Code Section 97.5 (d) was then modified to allow the County to recover the property tax administration costs related to the shifted revenue.

The 1994-1995 session of the State Legislature repealed section 97 dealing with property tax administration cost recovery and replaced it with Revenue and Taxation Code Section 95.2, which continued the provisions of the repealed sections. The new section added the legislative intent that recognized that the County was bearing a disproportionate share of property tax administration and provided for collection from local agencies of the proportionate share of those costs.

Revenue and Taxation Code Section 95.3 has superseded section 95.2. The new section eliminates the authority of the County to charge the Educational Revenue Augmentation Fund for property tax administration costs. It also allows the Auditor-Controller to include the Assessments Appeals Board expenses in calculating costs. In addition, it provides for offsetting property tax allocations in the amount of the recovery costs as opposed to invoicing, as had been the practice in the past. It also affirms that costs are to be allocated based on the proportionate share of property taxes allocated to taxing agencies.

SB1096 (Budget Act of 2004) dramatically altered State and local government funding. Beginning in Fiscal Year 2004-2005, the collection and distribution of certain sales tax and vehicle license fees (VLF) received by local agencies were changed dramatically. These revenues were partially eliminated and replaced by property tax revenue now administrated by the counties. To fund the distribution of these revenues, the law provided for the transfer of property taxes from the Educational Revenue Augmentation Fund (ERAF) to the local agencies. Previously local agencies received these revenues directly from the State. As a result of these changes, the County and cities began receiving a larger portion of funds generated from property taxes and consequently are

DISCUSSION (continued):

required under Revenue & Taxation Code 95.3 to pay a larger share of the property tax administration cost. It should be noted that all counties in the State follow the SB 1096 Guidelines in calculating the Property Tax Administration Fee.

In 2004-2005 and 2005-2006 the State (SB 1096) required additional transfers of property taxes for counties and cities to the Educational Revenue Augmentation Fund. This temporary additional transfer was known as ERAF III. The State recognized that these additional ERAF transfers coupled with a higher recovery rate of property tax administration costs would severely compromise local agencies' budgets. To alleviate this inequity, the State suspended the recovery of the property tax administration costs at the higher recovery percentages until the sunset of the additional transfer of taxes to the Educational Revenue Augmentation Fund (ERAF III).

Cities have taken a different view of the impact of replacing VLF and Sales Tax revenues with Property Tax revenues. They maintain that the application of SB 1096 (Revenue and Tax Code Sections 97.68, 97.70, and 97.75) did not intend for the replaced VLF and Sales Tax revenues to be counted as property taxes for the purpose of the Property Tax Administration Cost Recovery Calculation. The cities have interpreted these sections to limit the increase in recovery of costs only to the extent that the "marginal" expenses for the implementation of the Sales Tax revenue ('triple flip") and VLF swap (SB 1096) increase the overall cost of property tax administration.

From 2007 thru 2009, meetings and communications took place between the California State Association of Counties (CSAC), the League of California Cities, the State Controller's Office, and the County Counsels' Association, in an effort to resolve this difference of opinions. These conciliatory efforts have not provided a solution.

There have been two court cases (City of Alhambra, et al, v. County of Los Angeles, Los Angeles County Auditor-Controller Wendy Watanabe, Case Number BS 116375 and City of Clovis, et al v. County of Fresno et al, case number 08CECG03585) with conflicting rulings. The trial court ruled in favor of Los Angeles County, in the City of Alhambra v. County of Los Angeles case. The Courts of Appeal was reversed and remanded back to the lower court. Instead, Los Angeles County took the case to the California Supreme Court and it will be decided there. The trial court in the Fresno case ruled in favor of the city and is awaiting the outcome of the California Supreme Court case.

The total calculated net property tax administration costs for Fiscal Year 2010-2011 is \$7,411,713. The distribution of those costs to each jurisdiction is also provided. Of this amount, \$3,494,441 relates to schools and by law these costs are not recoverable by the County.

DISCUSSION (continued):

PROPERTY TAX ADMINISTRATION COSTS SUMMARY

County General Fund	\$1,913,048
Schools (not recoverable)	3,494,441
Cities	1,251,465
Redevelopment Agencies	499,368
Special Districts	265,597
Credit for non-AB8 entities	(12,206)
TOTAL	\$7,411,713

RECOVERY AMOUNTS TO BE ALLOCATED TO:

Assessor's Office	\$1,530,397
Auditor-Controller's Office	137,577
Tax Collector's Office	275,172
Chief Executive Office (Assessment Appeals Board)	<u>75,108</u>
TOTAL	\$2,018,254

These calculations are based on the attached Fiscal Year 2011-2012 Stanislaus County Property Tax Administration Fee Cost Calculations Final Report. The property tax administration costs are reduced by the non-recoverable School's portion and the County General Fund costs to derive the recoverable amounts that are apportioned to the tax administration departments as a ratio of the total. There is an additional small difference of \$1,824 that results in not charging those agencies that have already paid more in their direct assessment fee than their property tax administration fee.

POLICY ISSUES:

The Stanislaus County Code Section 4.44.010 requires the Auditor-Controller to submit a final report of Property Tax Administration costs for the review by the Board of Supervisors and the affected agencies. A copy of the final report was mailed to all affected agencies on April 6, 2012. Refer to a sample copy of the letter, listed as Attachment A, sent to the affected agencies along with a list of these agencies. The accompanying letter requested that any affected agencies respond to the Clerk of the Board by April 20, 2012 to set a public hearing. No requests for removal from the consent calendar were received. Adoption of this agenda item supports the Board of Supervisors' priority of Efficient Delivery of Public Services.

STAFFING IMPACT:

Staff in the offices of County Counsel, Auditor-Controller, Treasurer-Tax Collector, Assessor, and Assessment Appeals Board has been involved in the development and accumulation of data required for this report. The report has also been subjected to a review by the Auditor-Controller. The current staffing level in the Auditor-Controller's Office is sufficient to administer the Property Tax Administration Program for the affected local agencies.

SUBJECT: PROPERTY TAX ADMINISTRATION FEE

In prior years an examination was performed of the Property Tax Administration Fee (PTAF) by auditors not affiliated with the Auditor-Controller Property Tax division who prepare the report. The examination was performed by the Internal Audit Division and was performed primarily to provide further assurance the report was prepared correctly. Due to current budget constraints I performed a review rather than an examination of the PTAF. While a review is lesser in scope than an examination some additional assurance is provided by the work performed. My review procedures consisted of:

- Compared the revenue and expenditures reported to the financial accounting system.
- Compared certain expenditures to the annual Cost Plan approved by the State of California
- Compared the current year revenues and expenditures to prior year to note unusual variances.
- Performed various analyses on salaries and benefits
- Recalculated totals to determine accuracy as well as cost distributions
- Overall review of data to determine any unusual activity

Stanislaus County Property Tax Administration Fee Cost Calculations

Final Report

For use in Fiscal Year 2011/2012

METHODOLOGY

I. <u>PROCESS DEFINED</u>: Four departments were reviewed for property tax administration costs -- Auditor-Controller, Tax Collector, Assessor, and the Clerk of the Board.

Each department was reviewed and property tax related activities and/or functions were defined. All services that were property tax related were grouped into a "Property Tax" function. Other services (including those allocated in the countywide cost allocation plan) were classified as "All Other". Any function that was administrative in nature was so classified.

II. <u>COSTS DISTRIBUTED</u>: Using the procedures described above, each staff member was categorized in terms of assignments and responsibilities.

This distribution provided an allocation base for salary, benefits, services and supplies, and overhead costs. Certain specialized costs were analyzed separately and spread in a specific manner.

RESULTS

The total 2010/2011 net cost for property tax administration equals \$7,411,713.

Distributing this cost over the Auditor-Controller's apportionment percentages for 2011/2012 results in the calculations shown on the following pages:

SUBJECT: CALCULATION OF PROPERTY TAX ADMINISTRATION COSTS AND RECOVERY ALLOCATION METHODOLOGY

We recently completed the calculation of the annual property tax administration cost to be collected in fiscal year 2011/2012. The property tax administrative costs being recovered are for fiscal year 2010/2011. This year's net property tax administrative costs of \$7,411,713 represent an increase of .6% over the 2009/2010 fiscal year costs. While gross property tax administrative costs actually decreased by over 1.1%, offsetting revenue from supplemental administration fees decreased by more than 30% resulting in the increase in net property tax administrative costs.

Approval and recovery of the Property Tax Administrative Cost Calculations will be on the consent calendar before the Stanislaus County Board of Supervisors on April 24, 2012 at 9:00 A.M. in the Board Chambers at 1010 Tenth Street, Modesto. Stanislaus County Ordinance Code Sect 4.44.010 Paragraph B makes provision for removal of this item from the consent calendar and the setting of a public hearing on this matter by request to the Clerk of the Board prior to April 20, 2012 by any affected taxing agency or revenue district.

The Auditor-Controller's Property Tax Division staff is available to meet with your representatives to answer questions regarding the preparation of the Property Tax Administration Cost Calculation. We would be happy to meet with your representatives individually or as a group to answer questions you may have regarding the cost and recovery allocation calculations. If you wish to meet, please contact Todd Filgas at (209) 525-6597 or Curtis Lee at (209) 525-6531, so we may plan accordingly.
