

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS  
ACTION AGENDA SUMMARY

DEPT: Environmental Resources

BOARD AGENDA # 9:05 a.m. (b)

Urgent  Routine

AGENDA DATE April 24, 2012

CEO Concurs with Recommendation YES  NO   
(Information Attached)

4/5 Vote Required YES  NO

SUBJECT:

Public Hearing to Introduce and Waive the First Reading of an Ordinance to Establish New and Amend Existing Fees for the Department of Environmental Resources

STAFF RECOMMENDATIONS:

Conduct a public hearing to introduce and waive the first reading of an ordinance to establish new and amend existing fees for the Department of Environmental Resources.

FISCAL IMPACT:

The proposed Department of Environmental Resources, Landfill Division, fee schedule will allow the recovery of operational costs at the Fink Road Landfill and provide for future ash cell development as well as assist in the funding of the Geer Road Landfill. If a fee adjustment is approved, the increase in annual revenue is estimated as follows: \$22,000 in new and amended user fees, an estimated \$190,000 which would be collected during waste diversions from the waste-to-energy facility, and \$710,000 in ash tipping fees for a total of \$922,000.

(Continued on next page)

BOARD ACTION AS FOLLOWS:

No. 2012-196

On motion of Supervisor Chiesa, Seconded by Supervisor Monteith,  
and approved by the following vote,

Ayes: Supervisors: Chiesa, Withrow, Monteith, De Martini, and Chairman O'Brien

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

1) X Approved as recommended

2) \_\_\_\_\_ Denied

3) \_\_\_\_\_ Approved as amended

4) \_\_\_\_\_ Other:

MOTION:

ATTEST:

CHRISTINE FERRARO TALLMAN, Clerk

File No. ORD-55-P-3

## Public Hearing to Introduce and Waive the First Reading of an Ordinance to Establish New and Amend Existing Fees for the Department of Environmental Resources

### FISCAL IMPACT (Continued):

The additional revenue from new and amended user fees and revenue collected during waste diversions from the waste-to-energy facility (\$212,000) is part of the Department's budget balancing strategy and is needed to cover increasing costs in general liability insurance and retirement expenses, and current handling costs for specialty items including appliances, tires, mattresses, and dead animals. The additional revenue from increased ash tipping fees is needed to cover future ash monocell development/construction costs as well as the post-closure obligations at the Geer Road Landfill.

If a fee decrease in the tipping fee, from \$33/ton to \$30/ton, is approved during periods of diversion from the waste-to-energy facility, the \$3/ton loss in revenue (\$19,000) is anticipated to be off-set by the revenue the County would receive (\$190,000) from waste tonnage that is currently being exported out-of-county. The economies of scale in Landfill operations are such that the additional 20 tons/day the Landfill would receive on average would not increase overall operational costs significantly.

### DISCUSSION:

The Department of Environmental Resources operates the Fink Road Landfill (Landfill) in Crows Landing, California; the only landfill in Stanislaus County which is open to the public. The Landfill is an enterprise fund that is fully funded through the collection of tipping fees. Fees associated with these facilities were last raised as follows: general user fees were last amended in 2001, fees for special handling including dead animals were last modified in 2009, and the ash tipping fee was last amended (lowered) in 2001. The Landfill's handling costs for several specialty items currently exceed the fees being charged, or in some cases are disproportionately low when compared to that of comparable counties. The proposed fee changes are found in Attachment A and are described as follows:

#### *Minimum Charge for Passenger Vehicles*

Currently, the minimum charge is \$5 for passenger vehicles bringing in refuse includes cars, station wagons, SUVs, and mini-vans. Department staff recommends eliminating this minimum charge and combining passenger vehicles with standard pick-up trucks at the current fee of \$10.

#### *Appliances*

Oils, refrigerants, and mercury switches which are found commonly in household appliances must be removed by certified handlers before they can be disposed of or recycled. The recommended new fees for washing machines, dryers, refrigerators/freezers, air conditioners, stoves, water heaters, furnaces/space heaters, and dishwashers represent the charges the Landfill is currently paying for the removal of these items by a certified handler. The recycling revenue the Landfill receives from these items covers the other operational/handling costs.

## Public Hearing to Introduce and Waive the First Reading of an Ordinance to Establish New and Amend Existing Fees for the Department of Environmental Resources

### *Mattresses*

Mattresses are bulky, hard-to-handle, and do not compress easily unlike other general municipal solid waste. As such, they consume a disproportionate amount of landfill space. Over the past year, staff has searched for a mechanism to divert mattresses to recycling as a way of minimizing handling costs and saving valuable disposal space, and has identified a diversion opportunity at a cost of \$8/mattress. The adoption of a new \$8.00 fee per mattress would allow the Landfill to pass-through this direct cost and operate more efficiently.

### *Tires*

Tires are diverted from disposal and are loaded into trailers. When full, the trailers are transported to Golden By-Products in Merced County where they are remanufactured into various products. With proper loading techniques, the Landfill is able to break even on the handling costs for passenger tires because of their smaller and relatively uniform size which allows the number of tires per trailer to be maximized. This scenario is compromised, however, when larger tires are among the mix because uniform loading is no longer possible resulting in an increased cost to the Landfill.

### *Dead Animals*

Dead animals require special handling because staff must divert from their normal waste placement and compaction activities to prepare a special hole. Afterward, the material must immediately be covered rather than waiting until the end of the day. Many landfills in the State do not accept dead animals, including Merced and San Joaquin Counties, and while the Landfill is permitted to accept them, the County's preference is that they be diverted to tallow operations for rendering rather than disposal.

A recent survey of the local tallow facility charges revealed the County's fees are unusually low. Staff recommends eliminating the \$10 fee for small dead animals and combining it with the existing fee structure for large dead animals at \$30 each. Staff also recommends creating a new category for horses of \$50 each. Larger loads coming in via truck and/or trailer loads would continue to be weighed at the rate of \$100/ton. These recommended rates would continue to encourage the deposition of many dead animals at local rendering facilities while making the County's rate structure more competitive overall.

### *Ash from the Waste-to-Energy Facility*

As the Board is aware, on January 10, 2012, the terms and conditions to be used in the development of a new Service Agreement with Covanta Stanislaus, Inc., for the operation of the waste-to-energy facility were approved. As part of that action, the tipping fee for ash disposal is slated to increase from \$16/ton to \$26/ton. A portion of this charge is used to help address post-closure mitigation obligations of the County and the City of Modesto at the Geer Road Landfill. The ash tipping fee was last raised in 1993-94 from \$25/ton to \$29/ton and since that time it was lowered in 1997, 1998, and again in 2001 to its current rate of \$16/ton. This increase is necessary in order to cover future ash monocell development/construction

## Public Hearing to Introduce and Waive the First Reading of an Ordinance to Establish New and Amend Existing Fees for the Department of Environmental Resources

costs as well as the post-closure obligations at Geer Road which are expected to top \$1 million in Fiscal Year 2011-2012 alone.

### *Tipping Fee Discount during Diversions from the Waste-to-Energy (WTE) Facility*

After not having raised the tipping fee for normal refuse since 1997, the Board approved a \$3/ton increase in July 2009 from \$30 to \$33. Shortly thereafter the Landfill began experiencing a decline in the amount of waste tonnage received due in part to the troubled economy, but also due to competitive pricing being offered to local haulers by the privately held Forward Landfill in San Joaquin County. To help counter-balance this declining revenue, several cost savings strategies have been implemented. One strategy that staff recommends to increase revenue is to discount the current tipping fee of \$33 to \$30/ton, but only during periods where waste is being diverted from the WTE facility. Doing so would offer an incentive to not export waste out-of-county that would have otherwise been destined for the WTE facility. At least one local hauler has indicated that this \$3/ton differential would be sufficient to prevent waste exportation. To facilitate this effort, Department staff intends to engage in discussions with the local cities in an effort to develop disposal agreements whereby a commitment would be made to deliver an amount certain of waste to the WTE facility and the Landfill. The discount would be eligible during waste diversions to those cities that elect to enter into a disposal agreement with the County.

On March 14, 2012, staff held two workshop(s) (see Attachment B) to discuss the proposed Landfill fee changes with public customers and industry representatives. Information about the workshops was disseminated through email and direct mail to parties affected or potentially affected by the fees. In addition, workshop flyers were distributed to public customers visiting the Landfill and the information regarding the proposed fees is posted on the Department's Internet site. Representatives from some of the local garbage haulers and cities, along with a representative of a local dairy association attended. Clarifying questions were asked but no changes were recommended. Staff also recently conducted a fee survey of surrounding counties and found the proposed fees to be comparable.

### Proposition 26

As the Board of Supervisors is aware, Proposition 26 was approved by California voters on the November 2010 ballot. Its passage amends sections of the California Constitution to define many fees as taxes, stipulating that they can no longer be levied or increased unless passed by not less than a two-thirds majority vote. The Proposition, however, exempts specific types of fees from this requirement as follows: 1) charges imposed for entrance to or use of local government property; and 2) charges for a specific benefit, privilege, or governmental service granted directly to the payor. County Counsel has opined that Environmental Resources Landfill Division fees are exempt from Proposition 26.

### Public Hearing

Prior to levying a new fee or increasing an existing fee, the County is required by Government Code Section 54985 *et seq.* to hold a public hearing as part of a regularly scheduled meeting

**Public Hearing to Introduce and Waive the First Reading of an Ordinance to Establish New and Amend Existing Fees for the Department of Environmental Resources**

of the Board of Supervisors. At that time, the Board may introduce and waive the first reading of an ordinance to establish new and amend the existing fees of the Department of Environmental Resources. If approved, these fee increases will become effective on July 1, 2012.

**POLICY ISSUES:**

An ordinance of the Board of Supervisors is required to increase or establish fees for the Department of Environmental Resources. Approval of this agenda item to establish new and amend existing Departmental fees is consistent with the Board's priorities of A Safe Community, A Healthy Community, A Well Planned Infrastructure System, and the Efficient Delivery of Public Services. By making funds available and consolidating fees which allow the Department to operate more efficiently and effectively assists in promoting a safe and healthy environment and improving the quality of life in Stanislaus County.

**STAFFING IMPACTS:**

There are no staffing impacts associated with this item.

**CONTACT PERSON:**

Sonya K. Harrigfeld, Director of Environmental Resources      Telephone: 209-525-6770

ORDINANCE NO. C.S. \_\_\_\_\_

**AN ORDINANCE ADOPTING NEW AND AMENDING  
EXISTING FEES COLLECTED BY THE DEPARTMENT OF  
ENVIRONMENTAL RESOURCES**

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS, STATE OF CALIFORNIA, ORDAINS AS FOLLOWS:

**Section 1.** Fees to be collected by the Department of Environmental Resources are adopted and amended as set forth in the Department of Environmental Resources Fee Schedule attached hereto as Attachment A and incorporated by reference, a copy of which is on file with the Clerk of the Board of Supervisors and is available for public inspection and copying in that office in accordance with the California Public Records Act.

**Section 2.** This ordinance shall take effect July 1, 2012 and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Modesto Bee, a newspaper published in the County of Stanislaus, State of California.

Upon motion of Supervisor \_\_\_\_\_, seconded by Supervisor \_\_\_\_\_, the foregoing resolution was passed and adopted at a regular meeting of the Board of Supervisors of the County of Stanislaus, State of California, the \_\_\_\_\_ day of \_\_\_\_\_, 2012, by the following called vote:

AYES: Supervisors:

NOES: Supervisors:

ABSENT: Supervisors:

\_\_\_\_\_  
William O'Brien, Chairman  
Board of Supervisors of the County of  
Stanislaus, State of California

This notice is an invitation to attend a public meeting to discuss proposed revisions to the Stanislaus County Master Schedule of Fees for the Department of Environmental Resources (DER). The mission of DER is to promote a safe and healthy environment and improve the quality of life in our community. To achieve and maintain an appropriate level of protection, DER recognizes that it is necessary to have collaboration with the County's business community. It is the hope of this Department that you would make every effort to attend the upcoming workshop. Your input and expertise are valuable to our community to ensure that we accomplish this goal.

This workshop is being conducted prior to the Board of Supervisors approval of the fee proposal. The proposed fee adjustments will be available beginning March 5, 2012 at [www.stancounty.com/er/index.shtm](http://www.stancounty.com/er/index.shtm). Please let us know if you would like a copy mailed or faxed to you.

**Please join our staff to discuss a new fee schedule, which includes new and amended fees at the Fink Road Landfill, in Crows Landing, CA, which, if approved, are proposed to be effective July 1, 2012.**

If you have questions, please feel free to call 525-6768 (DER) or 837-4800 (Landfill). Your feedback is important to us. If you are not able to attend, you may submit any comments in writing to the attention of Jami Aggers or Gerry Garcia (for Landfill) at the above listed address, or e-mail your comments to [jaggers@envres.org](mailto:jaggers@envres.org).

# **Department of Environmental Resources:**

## **New and Amended Fees**

# Proposed New and Amended Existing Fees

(C.C.P. S2015.5)**

**COUNTY OF STANISLAUS  
STATE OF CALIFORNIA**

I am a citizen of the United States and a resident Of the County aforesaid; I am over the age of Eighteen years, and not a party to or interested In the above entitle matter. I am a printer and Principal clerk of the publisher of **THE MODESTO BEE**, printed in the City of **MODESTO**, County of **STANISLAUS**, State of California, daily, for which said newspaper has been adjudged a newspaper of general circulation by the Superior Court of the County of **STANISLAUS**, State of California, Under the date of **February 25, 1951, Action No. 46453**; that the notice of which the annexed is a printed copy, has been published in each issue there of on the following dates, to wit:

May 01, 2012

I certify (or declare) under penalty of perjury That the foregoing is true and correct and that This declaration was executed at

**MODESTO, California** on

May 2nd, 2012

(By Electronic Facsimile Signature)

**STANISLAUS COUNTY  
PUBLIC NOTICE**

NOTICE IS HEREBY GIVEN that on May 8, 2012, at 9:00 a.m., or as soon thereafter as the matter may be heard, the Stanislaus County Board of Supervisors will meet in the Basement Chambers, 1010 10th St., Modesto, CA, to consider the adoption and the waiving of the second reading of the following ordinances:

A. Ordinance C.S. 1114 amends existing fees and adopts new National Pollutant Discharge Elimination System (NPDES) Fees for the Department of Public Works - Engineering Division. For further information, contact Diane Haugh at (209) 525-4100 or at 1716 Morgan Road, Modesto, CA.

B. Ordinance C.S. 1115 amends the existing Fink Road Landfill fees to eliminate the stand-alone fee categories for small dead animals and adds new fees which include the following: a) charging a separate handling fee for specified appliances and mattresses; b) charging a fee for loader-sized tires; c) charging a fee for dead horses; and d) offering a discounted waste-to-energy tipping fee during diversions for in-county jurisdictions (only) that have a Disposal Agreement with the County. Lastly, modifications to existing fees include increasing the "Price by Load" for passenger cars/station-wagons/SUVs/mini-vans, the ash tipping fee, small dead animal fees, and the fees for various tire sizes. For further information, contact Jami Aggers at (209) 525-6768, jaggers@envres.org or at 3800 Comucopia Way, Suite C, Modesto, CA.

C. Ordinance C.S. 1118 amends the existing Regional Park fees at Frank Raines, La Grange, Modesto Reservoir, and Woodward Reservoir to eliminate the day use fees for buses and horses (to be combined with the fees for dogs), the camping fee for youth groups/foster parents (to be combined with general group camping), the 50% discount to 100% permanently disabled veterans/P.O.W. and permanently disabled individuals (to be replaced with a set fee), the annual pass fee for disabled/P.O.W./seniors for a second vehicle or vessel (to be combined with a general second vehicle/vessel category), and adds new fees which include the following: a) annual deer/wild pig hunting permit; b) special hunt permits; c) a late exit fee; d) mooring and dry storage fees; e) recreation hall and key deposit fees; and f) field hunt competition fees. Lastly, modifications to existing fees include increasing annual pass, horse, and watertowl blind permit fees, and modifying the fee for a second vehicle at campsites. For further information, contact Jami Aggers at (209) 525-6768, jaggers@envres.org or at 3800 Comucopia Way, Suite C, Modesto, CA.

ADDITIONAL NOTICE IS GIVEN that the proposed Ordinances and Fee Schedules are available for review in the Clerk of the Board Office, 1010 10th Street, Suite 6700, Modesto, CA. BY ORDER OF THE BOARD OF SUPERVISORS. DATED: April 24, 2012. ATTEST: Christine Ferraro Tallman, Clerk of the Board of Supervisors of the County of Stanislaus, State of California. BY: Elizabeth A. King, Asst Clerk. Pub Dates May 1, 2012
