CHRISTINE FERRARO TALLMAN, Clerk

Approval to Establish the New Community Corrections Partnership Budget and Transfer Existing Appropriations and Estimated Revenue From the Field Services Budget, and Allow Budget Transfers Among Probation General Fund Budgets

### **DISCUSSION:**

The Probation Department recently requested a new budget unit for use with activities specific to the probation component of the Community Corrections Plan, commonly known as Realignment. Existing appropriations and revenue of \$3,223,538 related to these activities is currently located in the Probation - Field Services budget unit.

As realignment activities increase, it has become necessary to separate those costs in order to more easily and efficiently track and monitor them. A separate budget unit will allow for that, as well as making budget reporting clearer. The Auditor has created a new budget unit called Probation Community Corrections Partnership for this purpose.

The Probation Department has historically requested authority at mid-year to transfer funding between Administration, Field Services, and Juvenile Institutions. The department is now requesting the authority to make transfers among those budget units and to include the new Probation Community Corrections Partnership budget.

#### **POLICY ISSUE:**

Approval of the proposed recommendations in the Probation Department is consistent with the Board's priorities of A Safe Community and Efficient Delivery of Public Services.

## **STAFFING IMPACTS:**

There are no staffing impacts associated with this item.
