Approval to Award a Contract to Conduct Testing on Milk Samples for the Department of Environmental Resources, Milk and Dairy Inspection Program, to Silliker Laboratories, Inc.

DISCUSSION:

Stanislaus County has been an Approved Milk Inspection Service since 1957. The program enforces the California Food and Agricultural Code, the California Code of Regulations and the Pasteurized Milk Ordinance, as they pertain to the County's Grade A and Grade B dairies. These regulations mandate that the dairies be routinely sampled for quality four times in any six-month period. If violations occur, then additional samples are required to abate the violations of quality. Stanislaus County has approximately 220 dairies, and approximately 2,000 routine samples are taken annually. An additional 1,000 samples are taken to abate quality violations, and approximately 10,250 tests are run annually on these samples to assure the milk supply is safe for consumption.

The Department of Environmental Resources (DER), in partnership with the General Services Agency (GSA) Purchasing Division, issued a bid on December 6, 2012, for Milk and Dairy Laboratory Service. The bid closed on January 4, 2013, and the GSA Purchasing Division conducted the opening of the bid on the closing date. One laboratory, Silliker Laboratories, Inc., responded to the bid. The GSA Purchasing Division and DER staff reviewed and evaluated the bid response and found Silliker Laboratories, Inc., to be a responsible and responsive bidder.

Since 2005, DER has contracted with Silliker Laboratories, Inc., which has provided the DER Milk and Dairy Inspection Program with excellent service. Silliker Laboratories, Inc. currently has 27 labs in 11 countries and, for over 40 years, has provided support to food manufacturers, restaurants, and retailers to help assure product safety and nutrition. The Silliker Laboratories, Inc. commitment to excellence helps the Department meet exacting specifications for quality and safety.

The Contract (Attachment A) with Silliker Laboratories, Inc., for Milk and Dairy laboratory service has a term of five years and is set not to exceed \$240,000 over the five year term.

POLICY ISSUES:

This action supports the Board's priorities of A Safe Community, A Healthy Community, A Well Planned Infrastructure System, and Efficient Delivery of Public Services. Approval of this request will enable Stanislaus County to continue to sample and test the County's Grade A and Grade B Dairies for quality assurance in an efficient and cost effective manner.

6.2 Any deductibles, self-insured retentions or named insureds must be declared in writing and approved by County. At the option of the County, either: (a) the insurer shall reduce or eliminate such deductibles, self-insured retentions or named insureds, or (b) the Contractor shall provide a bond, cash, letter of credit, guaranty or other security satisfactory to the County guaranteeing payment of the self-insured retention or deductible and payment of any and all costs, losses, related investigations, claim administration and defense expenses. 6.4 The Contractor's insurance coverage shall be primary insurance regarding the County and County's officers, officials and employees. Any insurance or self-insurance maintained by the County or County's officers, officials and employees shall be excess of the Contractor's insurance and shall not contribute with Contractor's insurance.

6.5 Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the County or its officers, officials, employees or volunteers.

6.6 The Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6.7 Each insurance policy required by this section shall be endorsed to state that coverage shall not be suspended, voided, canceled by either party except after thirty (30) days' prior written notice has been given to County. The Contractor shall promptly notify, or cause the insurance carrier to promptly notify, the County of any change in the insurance policy or policies required under this Agreement, including, without limitation, any reduction in coverage or in limits of the required policy or policies.

6.8 Insurance shall be placed with California admitted insurers (licensed to do business in California) with a current rating by Best's Key Rating Guide acceptable to the County; provided, however, that if no California admitted insurance company provides the required insurance, it is acceptable to provide the required insurance through a United States domiciled carrier that meets the required Best's rating and that is listed on the current List of Eligible Surplus Line Insurers maintained by the California Department of Insurance. A Best's rating of at least A-VII shall be acceptable to the County; lesser ratings must be approved in writing by the County.

6.9 Contractor shall require that all of its subcontractors are subject to the insurance and indemnity requirements stated herein, or shall include all subcontractors as additional insureds under its insurance policies.

6.10 At least ten (10) days prior to the date the Contractor begins performance of its obligations under this Agreement, Contractor shall furnish County with certificates of insurance, and with original endorsements, showing coverage required by this Agreement, including, without limitation, those that verify coverage for subcontractors of the Contractor. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. All certificates and endorsements shall be received and, in County's sole and absolute discretion, approved by County. County reserves the right to require complete copies of all required insurance policies and endorsements, at any time.

6.11 The limits of insurance described herein shall not limit the liability of the Contractor and Contractor's officers, employees, agents, representatives or subcontractors.
