Volunteering is one of the greatest forms of civic engagement and we appreciate the volunteers who donate their time without compensation. The County Volunteer Program plays a vital role in the enhancement of public services. The significance of the program is indicated by the fact that County volunteers provide thousands of hours of service each year in various County departments at no cost to the County. Departments hosting volunteer recognition events as part of Stanislaus County Volunteer Week, are using existing budget appropriations and/or donations.

**FISCAL IMPACT:**

Beginning in January 2011, the County resumed administration of the Volunteer Program. In Fiscal Year 2009-2010, the County paid \$74,391.00 to an outside vendor to administer the Volunteer Program. ## **DISCUSSION:**

Volunteers can make all the difference in helping a county improve the local community, whether it's caring for pets awaiting adoption, helping homebound seniors, providing peer support, teaching an adult to read, providing customer service at the information desk, or assisting with seasonal maintenance in County parks. In Stanislaus County, the Board of Supervisors is honoring the efforts of more than 738 volunteers during the year 2012 because local members of the community donated 70,388 hours of service to the County. The 2012 Volunteer Annual Report is presented to the Board, to recognize the efforts and dedication of these volunteers.

The Stanislaus County Chief Executive Office is asking the Board of Supervisors to approve the week of April 21, 2013 to April 27, 2013 as National Volunteer Week for all Stanislaus County departments. National Volunteer Week is also the time to celebrate people doing extraordinary things through service. Established in 1974, National Volunteer Week focuses national attention on the impact and power of volunteerism and service as an integral aspect of our civic leadership. The week draws the support and endorsement of the president and Congress, governors, mayors and municipal leaders, as well as corporate and community groups across the country. Through programs such as the *President's Volunteer Service Award*, we recognize volunteers and the tremendous impact they are making on our county's most critical challenges year-round.

We value our volunteers at every level and thank them for the work they perform helping the County deliver quality services. Volunteering has a positive, meaningful impact on the community and is an excellent way for residents to share their expertise and knowledge. We're pleased to honor all the volunteers today and every day.

The Chief Executive Office—Human Resources Division is responsible for coordinating the overall Volunteer Program with the assistance of Department Volunteer Coordinators identified by participating departments. The Auditor-Controller's Office and CEO-Risk Management continue to work collaboratively with the Chief Executive Office to provide assistance. Administration of the County's Volunteer Program is decentralized with departmental volunteer programs varying considerably in size, scope, services, complexity, and practice. Departments participate in the program at the discretion of the Department Head.

## **Value of Volunteer Program**

Stanislaus County has a long and proud history of volunteer service. Currently the County has over 700 volunteers serving 17 departments. Volunteers are actively working to meet the needs of various County departments.

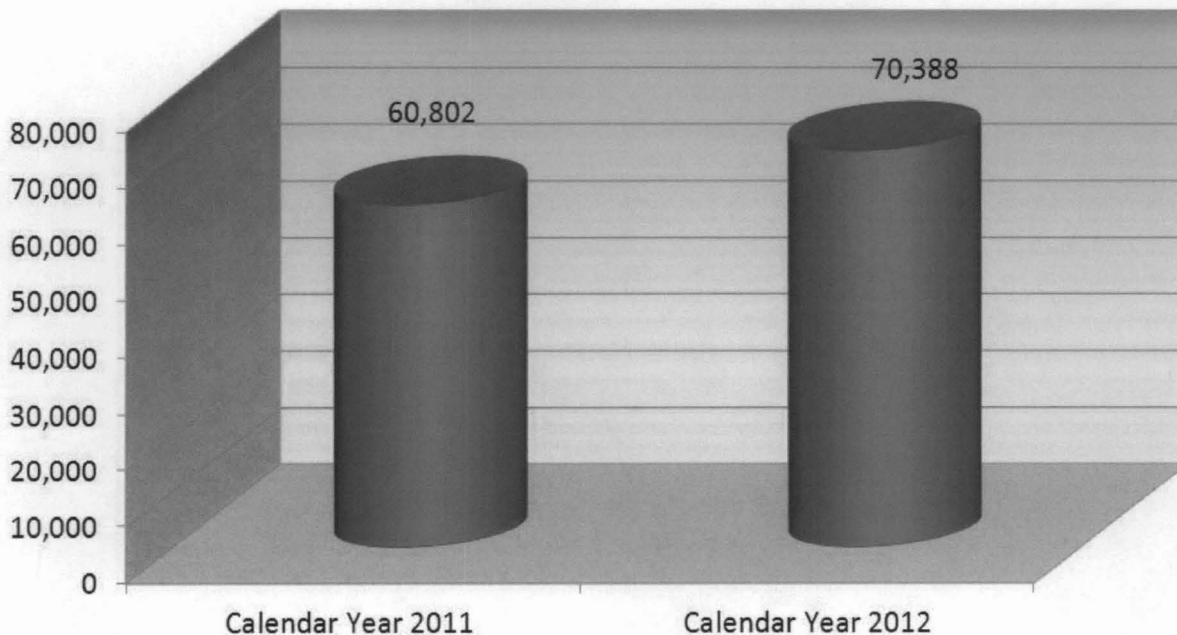

Departments with active volunteer programs readily acknowledge that their service to the public would suffer without the time, effort, and special contributions of their

volunteers. The use of volunteers allows for the enhancement of services to the community by providing services and completing tasks which departments may not be able to otherwise provide. The use of volunteers is an excellent way to use a valuable resource which already exists in the community.

The Volunteer Program is also an excellent way to connect people with opportunities to serve County Departments and form meaningful partnerships. Through their participation, volunteers can develop and share with members of the community a greater understanding of the functions and services provided by County government and develop an appreciation for the kinds of challenges it faces.

The chart below shows a comparison of total volunteer hours by calendar year for the first two years of the County Volunteer Program. The total hours for 2012 reflect an increase of 15.76% over 2011.

**Special Volunteer Program Achievements for 2012**

Health Services Agency volunteers created a new website through IT to showcase the 49 year program history, accomplishments and recruitment needs and also worked with the Chief Executive Office to showcase the Gift Shop under the Special Features section of the County's website.

Health Services Agency Information Desk volunteers completed a project of calling every resource in the 71 page Family Resource Guide to verify and update phone numbers and addresses. They also answered a staggering 7,120 questions, ran 212 errands, stuffed 8,576 packets, opened 9,600 band aids, and assisted 119 patients with wheelchairs.

Public Health, recruited, trained and utilized volunteers in a new role acting as medical interpreters.

The Chief Executive Office, Volunteer Program Coordinator, presented at the StanCERA Pre-Retirement Seminar to acquaint prospective new volunteers of the benefits of our program.

At Parks and Recreation, volunteers were campground hosts and provided campground monitoring for safer and cleaner facilities. This significantly reduced theft and vandalism throughout County facilities and parks. After implementing the Volunteer Camp host position, statistics showed an 85% reduction in vandalism and graffiti cost since 2009. Volunteers also assisted with the youth archery activity program at Modesto Reservoir and have been instrumental in the Off-Highway Vehicle trail maintenance and restoration project. Landscaping volunteers assisted with mowing and maintenance in the Salida area.

At Public Works, volunteers helped scan documents and compiled and filed road deeds. In Transit, volunteers have been tabulating responses from the survey conducted on the fixed route and demand response buses. The survey assists the division in its efforts to improve transit service in the County.

The Auditor-Controller's Office was able to provide a volunteer with the community service hours necessary for her High School graduation requirement. Two volunteers were able to keep up their accounting skills while actively job hunting.

At Behavioral Health and Recovery Service/Stanislaus Recovery Center, volunteers provided peer-to-peer support; clothes closet distribution and two of their volunteers were hired full-time by the County.

At Environmental Resources, volunteers were instrumental in establishing the initial contact with the Tattoo artist community following the implementation of the Safe Body Art Act in July 2012.

### **Volunteer Fund Raising**

Health Services Agency Volunteer Services runs a gift shop, hosts book fairs and receives scholarship donations. Proceeds are donated in the form of equipment purchases for clinics, stickers for minor patients in all clinics, and monies for the Health

Features of the website include: links set up for current Stanislaus County Government Volunteer Opportunities through Volunteer Match, names of Department Volunteer Coordinators, volunteer forms, and program resources such as the Policies and Procedures Manual. Volunteers can readily see volunteer opportunity postings as well as download and print an application form. The County Volunteer Match Community Leader account has had 44,349 page views in 2012 an increase of 71.22% from the 25,901 page views in 2011. ### **President's Volunteer Service Awards Program**

Stanislaus County is an Official Certifying Organization for the President's Volunteer Service Awards Program. As a Certifying Organization, the County verifies each individual's volunteer hours and distributes the Award to those who meet the award criteria. Established in 2003, this award honors individuals who have demonstrated a sustained commitment to volunteer service over the course of 12 months. The President's Volunteer Service Award is issued by the President's Council on Service and Civic Participation on behalf of the President of the United States to recognize the best in the American spirit and to encourage all Americans to improve their communities through volunteer service and civic participation.

To be eligible to receive the President's Volunteer Service Award, the applicant's service hours must be confirmed by a registered Certifying Organization. There are three levels of the Award varying by hours of service completed within a 12 month period. The County would like to recognize and celebrate ordinary people doing extraordinary things to improve Stanislaus County. The awards are as follows:
