DISCUSSION:

The 12th Street Office Building is owned jointly by Stanislaus County, Stanislaus County Employees Retirement Association (StanCERA), and a private developer, Westland Development Corporation. The General Services Agency (GSA) – 12th Street Office Building budget is managed by GSA – Administration and was established to process and distribute operational costs associated with the 12th Street Office Building.

In Fiscal Year 2012-2013, this budget experienced higher than expected maintenance costs due to increased pigeon control, 5-year fire sprinkler testing, and other maintenance services. Costs are projected to exceed current appropriations and therefore an increase of \$3,500 in appropriations is needed to cover these costs in the current fiscal year.

Additional pigeon control was experienced earlier in the year, but it was thought that the budget could absorb the cost, if other expenses were controlled. The additional 5-year fire sprinkler testing was not included in the mid-year review, as it was believed to be strictly related to the 12th Street Garage. However, the 5-year fire sprinkler testing process also involves testing the connection to the 12th Street Office Building, and will result in a cost sharing.

The General Services Agency (GSA) 12th Street Office Building is a Special Revenue Fund, which covers the expenses of the Condominium Association, and is split between Stanislaus County (51%), Stanislaus County Employee Retirement Association (16.9%) and private business (32.1%). The fund currently has a balance of \$7,581 due to the collection of administrative and alley fees. Any use of fund balance must be approved by the Management Committee of the 12th Street Condominium Association.

The Management Committee of the 12th Street Condominium Association, comprised of representatives of the Stanislaus County Chief Executive Office, Stanislaus County Employee Retirement Association, and Westland Development, met on May 10, 2013 and approved the additional expenditures and the use of Restricted Fund balance for these costs.

POLICY ISSUES:

Approval of this item supports the Boards' priority of Efficient Delivery of Public Services by ensuring that required safety inspections are performed in a timely manner and payments are processed appropriately.

STAFFING IMPACT:

There is no staffing impact associated with this item.
