Audit Report

Summary

The State Controller's Office (SCO) audited the training reimbursement requests submitted by the Stanislaus County Sheriff's Department pertaining to the Peace Officer Standards and Training Program for the period of July 1, 2012, through June 30, 2013. The Commission on Peace Officer Standards and Training requested that the SCO audit the Stanislaus County Sheriff's Department.

The department claimed and was reimbursed \$82,728 during the audit period. Our audit found that the entire amount is allowable.

Background

Penal Code section 13522 allows local agencies to claim reimbursement from the Commission on Peace Officer Standards and Training (POST) for costs associated with certain training courses. The purpose of the training is to raise the level of competence of local law enforcement officers. A contractual agreement with POST authorizes the SCO to conduct audits of local agencies claiming reimbursement of training costs.

Objectives, Scope, and Methodology

Our audit objectives were to determine whether the costs claimed, as presented in the Summary of Training Reimbursement Adjustments (Schedule 1), were incurred for program purposes, were adequately supported, and were in compliance with applicable laws and regulations.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We did not audit the department's financial statements. We limited our audit scope to planning and performing audit procedures necessary to obtain reasonable assurance that costs claimed for reimbursement are allowable. Accordingly, we examined transactions, on a test basis, to support the amounts claimed for reimbursement. We considered the department's internal controls only to the extent necessary to plan the audit.

Conclusion

The costs claimed by the Stanislaus County Sheriff's Department totaling \$82,728, were incurred for program purposes, were adequately supported, and were in compliance with applicable rules and regulations.
