

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS
ACTION AGENDA SUMMARY

DEPT: Planning and Community Development *AF*

BOARD AGENDA # *D-1

Urgent Routine

AGENDA DATE March 31, 2015

CEO Concurs with Recommendation YES NO
(Information Attached)

4/5 Vote Required YES NO

SUBJECT:

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice

STAFF RECOMMENDATIONS:

1. Open the 30-day public comment period to consider approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice.
2. Set a Public Hearing for May 5, 2015 at 9:05 a.m. to close the public comment period and consider approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice.

FISCAL IMPACT:

The funds for implementation of the Con Plan, AAP, and AI being considered as part of this item are derived entirely from special revenues administered by the United States Department of Housing and Urban Development (HUD). A delay in opening the public comment period or setting a public hearing may impact receipt of the Fiscal Year 2015-2016 funding, approximately \$2,388,356, for the Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG).

BOARD ACTION AS FOLLOWS:

No. 2015-140

On motion of Supervisor Chiesa, Seconded by Supervisor Monteith
and approved by the following vote,

Ayes: Supervisors: O'Brien, Chiesa, Monteith, De Martini, and Chairman Withrow

Noes: Supervisors: None

Excused or Absent: Supervisors: None

Abstaining: Supervisor: None

1) X Approved as recommended

2) _____ Denied

3) _____ Approved as amended

4) _____ Other:

MOTION:

ATTEST: 
CHRISTINE FERRARO TALLMAN, Clerk

File No.

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 2

DISCUSSION:

This is a request to open a 30-day public comment period and set a public hearing on May 5, 2015 at 9:05 a.m. to consider approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice

Federal regulations require a 30-day public comment period prior to local approval of a Con Plan, AAP, and/or AI. Draft copies of the Con Plan, AAP, and AI to be considered for approval on May 5, 2015 and are available for review between March 31, 2015 and May 5, 2015 at the Planning Departments of each member of the Stanislaus Urban County, and online at <http://www.stancounty.com/planning/index-cdbg.shtm>.

Background:

The adoption of the Regional Consolidated Plan (Con Plan), Annual Action Plan (AAP), and Regional Analysis of Impediments to Fair Housing (AI) are a requirement of the U.S. Department of Housing and Urban Development (HUD) for jurisdictions that receive and administer certain HUD block grants on an entitlement basis.

The Con Plan is a five year strategic plan that details the goals for HUD Community Planning and Development (CPD) entitlement programs. The consolidated planning process serves as the framework for a community-wide dialogue to identify housing and community development priorities that align and focus funding from programs such as CPD formula block grant programs: the Community Development Block Grant (CDBG) Program, the HOME Investment Partnerships (HOME) Program, and the Emergency Solutions Grant (ESG) Program. These programs are targeted to serve low- and moderate-income persons and the neighborhoods where they live, in addition to the activities which aid in the prevention or elimination of slums and blight.

The AAP is a component of the Con Plan in which the jurisdiction identifies the activities it will undertake during the upcoming fiscal year with CPD formula grant funds to address the goals and priorities identified in the Con Plan. Further, the AAP serves as an annual funding "application" for CDBG, ESG, and HOME funds.

The AI is also a mandatory comprehensive housing analysis of the jurisdiction's fair housing activities. As part of the Con Plan, HUD funded recipients are required to: (1) examine and attempt to alleviate housing discrimination within their jurisdiction; (2) promote fair housing choice for all persons; (3) provide opportunities for all persons to reside in any given housing development, regardless of race, color, religion, sex, disability, familial status, or national origin; (4) promote housing that is accessible to and usable by persons with disabilities; and (5) comply with the non-discrimination requirements of the Fair Housing Act.

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 3

Regional Approach:

Currently, Stanislaus County, along with the cities of Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford, form what is known as the Stanislaus County Urban County (hereafter referred to as the “Urban County”) for purposes of participating under HUD’s CPD entitlement program. As an entitlement jurisdiction, the Urban County receives both Community Development Block Grant (CDBG) and Emergency Solution Grant (ESG) grant funds.

Traditionally, the Urban County has conducted the consolidated planning process independently; however, because the Urban County and the City of Turlock are partners in the City of Turlock/Stanislaus County HOME Consortium (hereafter referred to as the “HOME Consortium”) and both jurisdictions are due for a Consolidated Plan update in 2015, the Urban County and City of Turlock have joined efforts in preparing a regional Consolidated Plan. Like the Urban County, the City of Turlock is an entitlement jurisdiction receiving CDBG funding directly from HUD and serves as the “lead entity” of the HOME Consortium.

To facilitate the consolidated planning process and prepare the five-year Con Plan (for Fiscal Years 2015-2020), AAP (for Fiscal Year 2015-2016), and AI to Fair Housing Choice (for Fiscal Years 2015-2020) documents, the Board of Supervisors approved the award of a contract, following a request for proposal process, on August 12, 2014 to Pacific Municipal Consultants (PMC) based out of Rancho Cordova, California.

Although the consolidated planning process and creation of the Con Plan, AAP, and AI has been conducted jointly, it is important to note that Stanislaus County and the City of Turlock will independently approve each document. Stanislaus County will approve the documents as “lead entity” for the Stanislaus Urban County for its CDBG and ESG programs and the City of Turlock will approve the documents as “lead entity” for the HOME Consortium funds and Turlock’s own CDBG entitlement funds.

The following is an overview, as it relates to the Urban County, of each document being presented to the Board of Supervisors for adoption:

FISCAL YEAR 2015-2020 REGIONAL CONSOLIDATED PLAN (Con Plan)

The Con Plan has been developed in accordance with HUD’s Citizen Participation regulations consisting of a community outreach process which included a series of community workshops, stakeholder meetings, a print and online survey, and private and public agency phone and email consultations. A complete summary of the community outreach process is provided in the Community Participation Summary section of the attached Con Plan.

In Fiscal Year 2015-2016, the Urban County will be entering its fourteenth year as an Entitlement Jurisdiction for CDBG funds and the twelfth year as a recipient of ESG funds.

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 4

There are three specific goals for the CDBG/ESG programs. They are:

1. Provide decent housing;
2. Provide a suitable living environment; and,
3. Expand economic opportunities

The Con Plan was designed to address the above program goals by outlining the Urban County's needs and priorities for the plan period. CDBG program funds are designed to serve those at or below 80% of the Area Median Income (AMI). The current 100% AMI in Stanislaus County for one (1) person is \$39,900 and a family of four (4) is \$56,900. If a project benefits a specific neighborhood or community, at least 51% of the population within that geographic boundary must be within this targeted income group (this is known as an "area benefit activity"). A current AMI table for Stanislaus County is provided in Attachment "1" of this report.

As stated above, CDBG area benefit activities must address the needs of low and moderate income persons residing in an area where at least 51% of the residents are of low-income. This is recognized by HUD as a Low/Moderate Area (LMA). With HUD's release of 2010 Census data in 2014, a number of areas that previously qualified as LMA are no longer eligible. Two Urban County partner members (Newman and Patterson) no longer contain any LMA areas according to the new Census data. The northeast portion of the unincorporated Empire community (north of Yosemite Boulevard and east of Santa Fe Avenue) is also no longer a recognized LMA according to the new data.

There is reason to believe that HUD-provided data does not reflect the actual majority income levels of several Urban County neighborhoods based on the visible physical conditions of the project areas and local knowledge and information of the community's demographics. In cases where Urban County members would like to undertake area benefit activities that are not identified as recognized LMA areas by HUD, door-to-door income surveys of the project areas will be conducted to ensure that they meet the required LMA standards.

The Fiscal Year 2015-2020 Regional Consolidated Plan identifies the following needs and priorities:

- Infrastructure Improvements
- Economic Development Programs
- Affordable Housing Programs/Housing Assistance
- Fair Housing Services
- Public Services
- Homeless Shelter Services
- Homeless Prevention and Rapid Re-Housing Services
- Homeless Services Data Collection

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 5

With the development of the proposed Con Plan some new tools have been incorporated to provide the Urban County members greater flexibility in funding projects. Those new tools include:

- The voluntary shifting of fiscal year allocations among Urban County members to allow members to benefit from larger sums of funding to complete infrastructure projects of larger scale. Because redevelopment funds are no longer an option for leveraging funding, annual CDBG allocations alone may not be enough to complete a larger scale project.

Any Urban County members wishing to shift their allocations must enter into an independent agreement to be recognized by the County in the appropriate AAP in which the shifting is to occur. The Cities of Hughson and Waterford have notified the County of their intent to shift allocations starting with the Fiscal Year 2015-2016 funding. The terms of their agreement will be reflected in the final AAP presented to the Board of Supervisors for approval on May 5, 2015.

Cities entering into agreement to shift funds, will be responsible for negotiating repayment terms amongst themselves if future allocations decline.

- The use of State CDBG Program Income (PI) through the Urban County. Prior to joining the Urban County, several Urban County members received CDBG funds directly from the State of California. Since joining the Urban County, some of these members have been collecting program income derived from loans made from their State grants.

At least one Urban County member, the City of Waterford, has formally requested to report and use the State PI through the Urban County. Use of the funds through the Urban County simplifies the process for cities, which would otherwise have to establish a reuse plan with the State Department of Housing and Community Development. As the lead entity for the Urban County, Stanislaus County ultimately assumes the reporting and monitoring liabilities for State PI reported and used through the Urban County. In order to limit liability, the following criteria will need to be met in order for Stanislaus County to accept the oversight of State PI:

- Adequate notice to Stanislaus County of the intent to use PI will need to be provided to allow for reporting via the Urban County's AAP.
- A re-use plan detailing the timely use of the PI, within the same AAP fiscal year, will need to be established by the city and accepted by Stanislaus County.
- PI will need to be used towards a CDBG eligible activity reflected in an adopted AAP and approved for funding by HUD.

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 6

In addition to CDBG and ESG funding, the Con Plan also recognizes the continued use of Neighborhood Stabilization Program (NSP) 1 and 3 funding, including PI, for activities authorized and made eligible under the previous Con Plan and AAP's. Those activities include:

- Continuing to use NSP 1 and 3 PI to remove blighted properties via the Abandoned and Dangerous Building Program (ADB). The ADB is responsible for investigating requests from the public and public agencies regarding structures that pose a threat to the health and safety of unincorporated Stanislaus County communities. The ADB was integrated into the NSP program to effectively address issues of blight resulting from abandoned and dangerous buildings declared a nuisance in NSP target areas.
- Continuing efforts at liquidating NSP inventory (six properties) by finding eligible first time homebuyers to purchase the properties. The six remaining properties are located in the Airport, Empire, Grayson, Parklawn and Salida neighborhoods.
- Development of a vacant NSP property within the City of Oakdale for a multi-family affordable housing project, or other eligible development, or liquidation.

FISCAL YEAR 2015-2016 ANNUAL ACTION PLAN (AAP)

The AAP is an integral component of the Urban County's Consolidated Plan, and describes the specific programs and projects that will be undertaken during Fiscal Year 2015-2016. The following is an overview of the funding allocations and projects identified in the AAP:

Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) Funding Allocations

In February 2015, HUD announced the Fiscal Year 2015-2016 official program allocations. The Stanislaus Urban County CDBG and ESG combined allocations for Fiscal Year 2015-2016 will be:

| | |
|--------------|--------------------|
| • CDBG | \$2,197,687 |
| • ESG | \$ <u>190,669</u> |
| TOTAL | \$2,388,356 |

The Fiscal Year 2015-2016 allocations reflect an increase of 2% (CDBG) and 11% (ESG) over the previous fiscal year (Fiscal Year 2014-2015).

CDBG formula allocations to each respective Urban County member are determined based on U.S. Census poverty and population data formula, after deducting administration, fair housing, and public service allocations from the original allocation.

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 7

The following is a summary of funding distribution among Urban County members and special programs based on the above specified allocation method:

**TABLE ONE
CDBG AND ESG ALLOCATION**

| Urban County Member | Activities | Administration | Total |
|-----------------------------------|--------------------|------------------|--------------------|
| Ceres | \$244,987 | \$15,209 | \$260,196 |
| Hughson | 122,532 | 15,209 | 137,741 |
| Newman | 139,147 | 15,209 | 154,356 |
| Oakdale | 153,530 | 15,209 | 168,739 |
| Patterson | 138,993 | 15,209 | 154,202 |
| Waterford | 127,609 | 15,209 | 142,818 |
| Stanislaus County | 611,854 | 323,013 | 934,867 |
| Public Services Grants | 219,768 | | 219,768 |
| Fair Housing | | 25,000 | 25,000 |
| FY 2015-2016 CDBG Subtotal | \$1,758,420 | \$439,267 | \$2,197,687 |
| ESG | 176,369 | 14,300 | 190,669 |
| Total | \$1,934,789 | \$453,567 | \$2,388,356 |

In addition to the Fiscal Year 2015-2016 allocation identified above, Stanislaus County will plan to utilize approximately \$128,383 in program income collected from repayment of housing assistance loans to fund CDBG activities to be undertaken during the fiscal year.

Activities identified within the AAP must be consistent with the Urban County's adopted Con Plan, which outlines the communities' needs and priorities for the plan period. The Fiscal Year 2015-2020 Con Plan identifies the need for infrastructure improvements. To address these needs, the Urban County participants utilize their respective yearly CDBG fund allocations for infrastructure improvements in U.S. Census designated low-income residential neighborhoods and/or neighborhoods found to be income eligible via project

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 8

area income surveys. Infrastructure improvements include, but are not limited to, sewer/water line installation/replacement, curb, gutter, storm drain, and sidewalks.

The following is an overview of the proposed Fiscal Year 2015-2016 infrastructure projects for all the Urban County jurisdictions:

Stanislaus County:

Airport Neighborhood Sewer Infrastructure Project: Stanislaus County will seek State Water Board funds to finance the remaining phases of the sanitary sewer system in the Airport Neighborhood. CDBG funding will remain allocated to the project until sufficient funding is secured to complete the project.

Empire Storm Drain Infrastructure Project: Stanislaus County will continue seeking viable alternatives for addressing storm drainage within the community, including sidewalks to help facilitate a safer path of travel in storm water impacted areas. On September 9, 2014, the Board of Supervisors approved the Empire Community Storm Drainage Report detailing an alternative, low impact design, swale system and the initiation of a Proposition 218 vote for the funding of the project; however, initial feedback from the community has not indicated support for the alternative swale system. In response to the feedback, the County will be working with the community to identify alternative targeted storm drain and sidewalk solutions.

City of Ceres: Conduct infill construction to include curb, gutter, sidewalk, storm drain, ADA accessible ramps (if needed), and pavement overlay improvements in the eligible residential area of Nadine Avenue and Evans Road.

City of Hughson: Conduct infrastructure improvements along 2nd Street between Walker Lane and Fox Road. Improvements will consist of installation of curb, gutter, sidewalks storm drain and ADA accessible rams as needed. As previously discussed, the City of Hughson is working to shift its allocation with the City of Waterford. If an agreement is reached, the City of Hughson's project may be placed on hold.

City of Newman: Conduct Inyo Avenue Infrastructure Project Phase II to install/replace curb, gutter and sidewalk along Inyo Avenue from R to Merced Streets.

City of Oakdale: Conduct Davitt Avenue Project Phase II construction to include sewer and water main line replacement and curb, gutter, sidewalk, and pavement overlay infrastructure improvements.

City of Patterson: Continue construction of sewer infrastructure improvements on Fourth Street Project. Improvements will consist of water main replacement along Fourth Street.

City of Waterford: Continue the La Gallina Infrastructure Improvements Project. The project will install curb, gutter, sidewalk, and ADA accessible ramps as needed along La Gallina Avenue. As previously discussed, the City of Waterford is working to shift its

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 9

allocation with the City of Hughson and to use State CDGB PI. If an agreement is reached to shift funds and a re-use plan is established for use of State PI, the City of Waterford will undertake construction of a larger phase of the La Gallina project.

In addition to infrastructure, CDBG funds will be used for the following activities:

Public Services Grants

CDBG funds allow for opportunities for the Urban County to fund non-profit organizations that provide a public service. In accordance with HUD regulations, approximately ten percent of the total CDBG allocation, \$219,768 for Fiscal Year 2015-2016, is proposed to be set-aside for this purpose. A portion of these funds (\$40,000) was set aside to provide one Focus on Prevention Grant which would provide services beyond that of the usual public service program activity and will align with the goals of the County's Focus on Prevention Platform.

As part of this funding cycle, the Urban County received and reviewed twenty-six (26) Public Services Grant (PSG) and five Focus on Prevention Grant (FPG) competitive applications for funds. Organizations that have applied for public services funding include, but are not limited to, those providing services to at-risk youth, seniors, and the homeless.

Attachment "2" includes a list of all PSG and FPG applications received (in the order of highest to lowest ranking) with applications recommended for funding reflected in bold print. Recommendations for funding were made by a review panel that consists of seven representatives from the Urban County members, a representative from the Stanislaus County Continuum of Care, and a representative from the Stanislaus County Chief Executive office.

As reflected in Attachment "2", the draft AAP includes CDBG Public Services funding recommendations for the following organizations:

Public Services Grants

Court Appointed Special Advocates (CASA) – *Direct Services*
Center for Human Services – *Ceres Partnership for Healthy Children*
Center for Human Services – *Westside Family Resource Center*
Center for Human Services – *Oakdale Family Resource Center*
Children's Crisis Center – *Guardian House*
The Salvation Army Red Shield – *Tutoring and Mentoring Program*
Second Harvest – *Food Assistance Program*
Second Harvest – *Food 4 Thought Program*
We Care – *Emergency Cold Weather Shelter*

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 10

Focus on Prevention Grant

Central Valley Youth for Christ – *Family Counseling Concern Strength thru Guidance*

Final approval of the CDBG Public Services funding will be requested during the May 5, 2015 public hearing.

Fair Housing Program

As a HUD mandated requirement, the Urban County must provide a fair housing program designed to combat impediments to fair housing choice through education, investigation, and litigation. The Urban County annually complies with this requirement by contracting with a fair housing service provider to seek cooperation of owners and managers, and provide appropriate information and referrals in the effort to prevent housing discrimination. Fiscal Year 2015-2016 funding includes an allocation of \$25,000 for Fair Housing and Tenant/Landlord Services to be provided by Project Sentinel.

Economic Development

The use of CDBG funds for Economic Development (ED) activities can be challenging due to restrictive HUD regulations; however, the Stanislaus Urban County has identified the following potential economic development activities to be undertaken throughout the 2015-2020 Consolidated Planning period:

Americans with Disabilities (ADA) Compliance Assistance Program

This program will provide technical assistance on ADA compliance requirements to eligible business and property owners by qualified professionals to be contracted by the County. Assistance will be focused on, but not limited to, the following:

- How to protect against unwarranted ADA lawsuits
- Federal and State accessibility requirements
- The Certified Access Specialist (CASp) inspection process.

In addition to technical assistance, the program may also cover costs to eligible businesses for inspections and associated on-site improvements.

Small Business Technical Assistance Program

Stanislaus Urban County will partner with the Alliance Small Business Development Center (SBDC) to provide technical assistance to small businesses throughout the County. While SBDC technical assistance programs already exist, Stanislaus County will work with the Alliance to facilitate a more “hands on” role by County staff in the assistance process as a means of gathering better insight into the constraints facing small business development. The insight gain will allow the Urban County to measure the value of its funding and to use information gained to develop future ED programs.

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 11

Other HUD eligible economic development activities, such as a façade improvement program, may also be undertaken during the 2015-2020 Regional Consolidated Planning period. However, such projects would be presented to the Board of Supervisors prior to implementation in the appropriate fiscal year's Annual Action Plan.

Neighborhood Revitalization Strategy Areas (NRSA) -- Airport and Parklawn Neighborhoods

Neighborhood Revitalization Strategy Areas (NRSA) for the Airport and Parklawn neighborhoods were established via the Fiscal Year 2012-2015 Consolidated Plan (Con Plan). Progress toward meeting the goals and objectives identified in the NRSA has been made in each neighborhood via the funding of Public Service grants to service providers, providing affordable housing opportunities to area residents, and installation of sewer systems in both neighborhoods (fully completed in Parklawn and partially completed in Airport).

Because the NRSA was a five year plan, NRSA activities will continue to be implemented and reported over the next two fiscal years. These activities include but are not limited to affordable housing and sewer infrastructure improvements (in the Airport Neighborhood).

Administration and Monitoring

Stanislaus County Planning and Community Development Department staff will continue to provide administrative services to each of the Urban County's participants, as well as to its own activities. As the "lead entity" of the Urban County, HUD recognizes Stanislaus County as the sole grantee responsible for the administration of CDBG and ESG funds. Accordingly, the Planning and Community Development Department is responsible for the receipt and expenditure of funds, environmental documentation for projects, eligibility determination of programs and those persons accessing the services of the programs, and program monitoring.

Other Federal HUD funds to be utilized by the Urban County include Emergency Solution Grant (ESG) and Home Investment Partnerships Program (HOME) funds. The following is an overview of activities to be undertaken with ESG and HOME funds:

Emergency Solution Grants

As with CDBG Public Service funding, ESG funds allow the opportunity for the Urban County to fund non-profit organizations that provide public services to homeless. ESG funds will be used to provide operational and essential services funding for transitional and emergency homeless shelters, for the development of the Homeless Management Information System (HMIS), and to provide financial assistance, in combination with case management, to stabilize housing for persons experiencing homelessness or who are at-risk of becoming homeless. This year, the Urban County received and reviewed ten (10) ESG competitive applications for funds (the application review was conducted by the same

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice Page 12

review committee identified above for CDBG Public Services funding).

Attachment "2" includes a list of all ESG applications received (in the order of highest to lowest ranking) with applications recommended for funding reflected in bold print. The draft AAP includes ESG funding recommendations for the following organizations:

Children's Crisis Center – Verda's Children Shelter
Children's Crisis Center – Martha's High Risk Infant/Toddler Shelter
Community Housing and Shelter Services – *Homeless Prevention Rapid Re Housing*
Community Housing and Shelter Services – *Homeless Management Information Systems Data Entry*
Family Promise – *New Beginnings – Shelter to Solutions*
We Care of Turlock – *Emergency Cold Weather Shelter*
We Care of Turlock – *Rapid Re-Housing Program*

Final approval of ESG funds will be requested during the May 5, 2015 public hearing.

HOME Investment Partnerships Program (HOME)

HOME program funds are used by localities to provide the following activities:

- Affordable housing development;
- Low-income first time homebuyer down payment assistance;
- Owner-occupied housing rehabilitation assistance; and
- Program administration.

The Fiscal Year 2015-2016 estimated HOME Consortium allocation is \$911,823 (allocation amount for entire HOME Consortium). Final Fiscal Year 2015-2016 award amounts will be determined and adopted by the City of Turlock.

Currently, the City of Turlock contracts independently with each of the Urban County participants and, as discussed earlier, is the "lead entity" with responsibility for implementing and administering HOME funds to the HOME Consortium. Please refer to the City of Turlock's Fiscal Year 2015-2016 AAP for specific HOME activities.

Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice

Along with the Regional Consolidated Plan and Annual Action Plan, a Regional Analysis of Impediments to Fair Housing Choice (AI) has also been prepared.

The 2015 AI contains housing demographics and employment profiles, an evaluation of the mortgage lending practices, real estate laws, private practices, fair housing claims and enforcement, and identification of any impediments to fair housing that exist within the Urban County and the City of Turlock, along with suggested measures for addressing

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 13

those impediments.

The following were identified as impediments to fair housing:

- Shortage of affordable housing supply.
- Shortage of subsidies and strategies to promote affordable, accessible housing for lower-income households, including protected classes.
- Differential origination rates based on race, ethnicity, and location.
- Improved coordination with real estate industry.
- Improved knowledge of fair housing rights.
- Discrimination in rental housing.
- Possible constrain of local development standards and their implementation on housing opportunities for minority and low-income households.
- Improved access to employment opportunities, transportation, and public and social services, and infrastructure.

As mentioned earlier, each impediment identified in the AI includes planned actions to address each impediment. For a complete list of planned actions, please refer to the Executive Summary or "Identification of Impediments and Actions to Address" section of the AI.

It is important to note that the identification of an impediment does not necessarily identify a deficiency. By identifying the presence of an impediment, the AI states the nature of a problem that the recommended actions will serve to mitigate. These may be affirmative actions as much as responses to current conditions.

POLICY ISSUES:

Approval of the proposed Con Plan, AAP, and AI furthers the Board's priorities of A Safe Community, A Healthy Community, Effective Partnerships, A Well Planned Infrastructure System, and Efficient Delivery of Public Services by providing the community with the necessary funds to implement needed programs and projects.

The programs and projects represented in the Con Plan, AAP, and AI are consistent with the goals and objectives of the Stanislaus County General Plan, and the comparable plans of the cities of Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford.

STAFFING IMPACT:

The Stanislaus County Planning and Community Development Department is ultimately responsible for the administration of all CDBG, and ESG funds allocated to the Urban County. In addition to monitoring the program and project files of each of the participating Urban County cities, planning staff is responsible for monitoring the program and project files of each organization receiving funds from the Urban County. Annually, the number of

Approval to Open a 30-day Public Comment Period and Set a Public Hearing on May 5, 2015 at 9:05 a.m. to Consider Approval of the Fiscal Year 2015-2020 Regional Consolidated Plan (Con Plan); the Fiscal Year 2015-2016 Annual Action Plan (AAP); and the Fiscal Year 2015-2020 Regional Analysis of Impediments (AI) to Fair Housing Choice
Page 14

different activities receiving CDBG and/or ESG funds varies between 18 and 27. Planning staff also assists participating Urban County cities in the development of eligible projects and programs to ensure that they meet or exceed regulatory guidelines. Existing staff will perform these duties and no additional staff is required.

CONTACT PERSON:

Angela Freitas, Director of Planning & Community Development.
Telephone: 209-525-6330

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that on May 5, 2015 at 9:05 a.m., or as soon thereafter as the matter may be heard, the Stanislaus County Board of Supervisors will meet in the Basement Chambers, Lower Level, 1010 10th Street, Modesto, CA; and the City of Turlock Council on April 28, 2015 at 6:00 p.m. at 156 S. Broadway Turlock, CA in the Council Chambers to conduct a public hearing to consider:

1. Adoption of a Regional Consolidated Plan (Con Plan) for the Stanislaus Urban County and the City of Turlock for Fiscal Years 2015-2016 through 2019-2020;
2. Adoption of Fiscal Year 2015-2016 Annual Action Plan (AAP) that includes a \$2,197,687 Community Development Block Grant (CDBG) allocation and a \$190,669 Emergency Solutions Grant (ESG) allocation for the Stanislaus Urban County; a CDBG allocation of \$548,076 for the City of Turlock and \$911,823 for the City of Turlock/Stanislaus County HOME Consortium; and
3. Adoption of a Regional Analysis of Impediments (AI) to Fair Housing Choice for Fiscal Years 2015-2016 through 2019-2020.

A copy of the documents will be available for review between March 31, 2015 and May 5, 2015 at the Planning Departments of each member of the Stanislaus Urban County and the City of Turlock, and online at
<http://www.stancounty.com/planning/index-cdbg.shtm> and
<http://www.cityofturlock.org>

NOTICE IS FURTHER GIVEN that at the said time and place, interested persons will be given the opportunity to be heard. Interested persons may also submit written comments to Stanislaus County regarding the program to Angela Freitas of the Stanislaus County Department of Planning and Community Development at the above-referenced address. Any materials submitted for consideration (i.e. photos, petitions, etc.) will be retained by the County.

If you have any questions, please call the Planning and Community Development Department at (209) 525-6330 between the hours of 8:30 a.m. and 4:30 p.m. or visit the offices at 1010 10th Street, Suite 3400, Modesto, CA.

BY ORDER OF THE BOARD OF SUPERVISORS

DATED: March 31, 2015

ATTEST: CHRISTINE FERRARO TALLMAN

FY 2015 Income Limits Summary

| Stanislaus County, California | | | | | | | | | | |
|-------------------------------|----------------------|-------------------------------|----------|----------|----------|-----------------|----------|----------|-----------|-----------|
| FY 2015 Income Limit Area | <u>Median Income</u> | FY 2015 Income Limit Category | 1 Person | 2 Person | 3 Person | 4 Person | 5 Person | 6 Person | 7 Person | 8 Person |
| Stanislaus County | \$53,300 | Extremely Low (30%) | \$11,950 | \$15,930 | \$20,090 | \$24,250 | \$28,410 | \$32,570 | \$35,300* | \$37,600* |
| | | Very Low (50%) | \$19,950 | \$22,800 | \$25,650 | \$28,450 | \$30,750 | \$33,050 | \$35,300 | \$37,600 |
| | | Low (80%) | \$31,850 | \$36,400 | \$40,950 | \$45,500 | \$49,150 | \$52,800 | \$56,450 | \$60,100 |
| | | Median (100%) | \$39,900 | \$45,600 | \$51,300 | \$56,900 | \$61,500 | \$66,100 | \$70,600 | \$75,200 |
| | | Moderate (120%) | \$47,880 | \$54,720 | \$61,560 | \$68,280 | \$73,800 | \$79,320 | \$84,720 | \$90,240 |

* The FY 2014 Consolidated Appropriations Act changed the definition of extremely low-income to be the greater of 30/50ths (60 percent) of the Section 8 very low-income limit or the poverty guideline as [established by the Department of Health and Human Services \(HHS\)](#), provided that this amount is not greater than the Section 8 50% very low-income limit. Consequently, the extremely low (30%) income limits may equal the very low (50%) income limits.

Income Limit areas are based on FY 2015 Fair Market Rent (FMR) areas. For information on FMRs, please see our associated FY 2015 [Fair Market Rent documentation system](#).

Effective March 6, 2015

Executive Summary

ES-05 Executive Summary – 24 CFR 91.200(c), 91.220(b)

1. Introduction

Each year the United States Department of Housing and Urban Development (HUD) provides funding for housing and community development programs to the Stanislaus Urban County and the City of Turlock (City), specifically Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnerships Program (HOME) grant. In order to receive these funds, the City and Stanislaus Urban County must complete a report every three to five years called a consolidated plan. In this case, the plan is called the Stanislaus Urban County / City of Turlock Regional Consolidated Plan 2015-2020 (Plan).

Geographic Terms

Throughout this document the following geographic terms will be used.

- ◆ **Stanislaus Planning Area:** Includes the entirety of the planning area considered under this plan: the cities of Turlock, Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford and the unincorporated area of the County.
- ◆ **Stanislaus Urban County:** Includes the cities of Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford and the unincorporated area of the County. Stanislaus County is the “lead entity” for the Stanislaus Urban County.
- ◆ **Unincorporated County:** Includes the entire unincorporated area of the County (this area is not a part of any municipality).
- ◆ **Entitlement Cities:** The CDBG entitlement cities in the County are Modesto and Turlock.
- ◆ **Home Investment Partnerships Program (HOME) Consortium:** The members of the HOME Consortium are Stanislaus Urban County and the City of Turlock. The City of Turlock is the “lead entity” for the HOME Consortium.

Purpose

The purpose of the Plan is to identify Stanislaus Urban County and the City of Turlock’s housing and community development needs, priorities, goals, and strategies and to stipulate how funds will be allocated to housing and community development activities over the period of the regional Plan, which in the case of the Stanislaus Urban County and the City of Turlock is five years.

The Stanislaus County Department of Planning and Community Development, Community Development Division, is the lead agency in developing the regional 2015–2020 Plan. The Plan was prepared in accordance with HUD’s Office of Community and Planning Development (CPD) eCon Planning Suite (launched in May 2012), including the consolidated plan template in Integrated Disbursement and Information System (IDIS). Most of the data tables in the regional Plan are populated with default data from the US Census Bureau, mainly 2007–2011 Comprehensive Housing Affordability Strategy (CHAS) and American Community Survey (ACS) data. Other sources are noted throughout the Plan, including the addition of more recent data where practical. The research process involved the analysis of the following key components: demographic, economic, and housing data; affordable housing market; special

needs populations (homeless and non-homeless); consultation with public and private agencies; and citizen participation.

The Plan process also included the development of the first-year Annual Action Plan, which is the annual plan that the Stanislaus Urban County and the City of Turlock prepares pursuant to the goals outlined in the Plan. A separate Annual Action Plan is prepared for each entity. The plans detail the activities that Stanislaus Urban County and City of Turlock will undertake to address the housing and community development needs and local objectives using CDBG and other housing funds received during Program Year 2015/2016.

The regional Plan is divided into six sections, with the Needs Assessment, Market Analysis, and Strategic Plan forming the key sections:

1. Executive Summary
2. Process
3. Needs Assessment
4. Market Analysis
5. Strategic Plan
6. Annual Action Plan

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

The Stanislaus Urban County and City of Turlock have organized their priority needs according to the structure presented in HUD regulations (24 CFR 91. 215): affordable housing, homelessness, and non-housing community development. Priority is assigned based on the level of need demonstrated by the data that has been collected during the preparation of the regional Plan, specifically in the Needs Assessment and Market Analysis; the information gathered during the consultation and citizen participation process; and the availability of resources to address these needs. Based on all of these components, housing needs are considered a high priority, followed by homelessness and non-housing community development needs.

The Stanislaus Urban County and City of Turlock have six goals to address housing and community development needs between fiscal year 2015-2016 and fiscal year 2019-2020:

1. Increase supply of affordable rental housing for the Stanislaus Urban County and the City of Turlock's lowest-income households.
2. Preserve existing affordable housing stock.
3. Provide housing and services to special needs populations.
4. Increase access to homeownership opportunities for Stanislaus Urban County and City of Turlock residents.
5. Provide funding for public facilities and improvements.
6. Promote economic development activities in the Stanislaus Urban County and City of Turlock.

During the five-year Plan period, the Stanislaus Urban County expects to receive approximately \$2,197,687 annually in CDBG funding, for a five-year total of \$10,988,435. During the five-year Plan period, the Stanislaus Urban County expects to receive approximately \$190,669 annually in Emergency Solutions Grant (ESG) funding, for a five-year total of \$953,345. During the five-year Plan period, the City of Turlock expects to receive \$548,076 annually in CDBG funding, for a five-year total of \$2,740,380. The HOME Consortium also anticipates at least \$911,823 in annual HOME funds, for a five-year total of \$4,559,115, and \$1.6 million in one-time State CalHome funding for City of Turlock housing activities and administrative costs, over the five-year Plan period.

CDBG funds are used by the Stanislaus Urban County and City of Turlock for public services, public facilities and improvements, and planning and administrative costs. City of Turlock also uses its own CDBG funds for housing activities in addition. The CDBG program's primary objective is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low and moderate income. Funds can be used for a wide array of activities, including housing rehabilitation, homeownership assistance, lead-based paint detection and removal, construction or rehabilitation of public facilities and infrastructure, removal of architectural barriers, public services, rehabilitation of commercial or industrial buildings, and loans or grants to businesses.

The Stanislaus Urban County and City of Turlock receive HOME funding through HUD for additional housing activities. The HOME program provides Federal funds for the development and rehabilitation of affordable rental and ownership housing for low- and moderate-income households. HOME funds can be used for activities that promote affordable rental housing and homeownership by low- and moderate-income households, including building acquisition, new construction and reconstruction, moderate or substantial rehabilitation, homebuyer assistance, and tenant-based rental assistance.

The Stanislaus Urban County and City of Turlock may also apply for CalHome funding from HCD when funding announcements are made by the state. These funds are awarded on a competitive basis for mortgage assistance for low- or very low-income first-time homebuyers or for owner-occupied rehabilitation for low- or very low-income homeowners.

CDBG and HOME funds could be coupled with local funds if available, allowing affordable housing projects to compete for additional funding provided by tax credits, bonds, and state financing programs. An investment by the Stanislaus Urban County and City of Turlock makes the projects more competitive in various funding competitions. All sources and types of funds are more limited now due to the current economic climate, along with the demise of statewide redevelopment tax-increment funds and housing set-aside funds. However, as in the past, the Stanislaus Urban County and City of Turlock will be as creative as possible in finding other sources of funding from local, State, Federal, and private sources in order to develop and deliver efficient and cost-effective projects.

3. Evaluation of past performance

As lead entity of the Stanislaus Urban County, Stanislaus County staff assumes overall responsibility for administration of CDBG and ESG funds. The City of Turlock assumes overall responsibility for administration of its own CDBG funds, as well as the HOME Consortium funds.

One of HUD's requirements is that entitlement communities must not have more than 1.5 times their annual allocation amount on account by April of every fiscal year. Stanislaus Urban County has successfully incorporated the 1.5 annual allocation timeliness guidelines to apply to all participating Stanislaus Urban County members individually. The City of Turlock has successfully incorporated the 1.5 annual allocation timeliness guidelines to apply to all participating HOME Consortium members individually. This reduces the burden being placed upon any one participating member in the Stanislaus Urban County and the HOME Consortium, and evenly distributes the responsibility of expending CDBG and HOME funds in a timely manner to all members and their respective projects in a more uniform manner.

Performance of all Stanislaus Urban County members and public service grantees, as well as, HOME Consortium members are tracked in various categories from appropriate use of administrative funds to verifying that outputs (numbers served) and outcomes (how those served are better off after receiving the service) are being met for all awarded public service-related activities and County and City projects.

Public Service/ESG grantees that are not meeting the thresholds they pledged to meet during key points throughout the year are in jeopardy of receiving only partial or no funding in future fiscal years if they reapply for funding. Stanislaus County staff also monitors nonprofit organization processes used to better track and follow up with participants to ascertain participant outcomes (how the participant is better off after receiving a given service). This process helps to better justify the need for the service they provide within the community.

County and city infrastructure projects are tracked by timeline criteria. Stanislaus Urban County members are encouraged to begin their environmental work on projects in early March of each year so that the construction phase of the project can begin in July at the beginning of the fiscal year. Requests for funds are made on a quarterly basis and timeline compliance is confirmed at that time to assure that the Stanislaus Urban County's collective projects are on task.

Stanislaus County staff continues to collaboratively work with its Stanislaus Urban County members to ensure that timeliness deadlines continue to be met in a timely manner.

4. Summary of citizen participation process and consultation process

The community outreach process included four community workshops, one stakeholder meeting, a print and online survey, and agency phone and email consultations on the regional Plan, on the 2015 Stanislaus Urban County / City of Turlock Regional Analysis of Impediments to Fair Housing Choice (Analysis of Impediments), and the Stanislaus County 2015–2023 Housing Element Update (Housing Element Update). Complete meeting notes, sign-in sheets, survey data, and agency consultations are provided in the Outreach Summary appendix.

5. Summary of public comments

The outreach effort for the Plan, the Analysis of Impediments, and the Housing Element Update reached more than 600 interested participants and more than 40 local agencies. Overall, some general themes emerged throughout the process which help guide the development of the Plan and Housing Element Update. The themes can be broken down into the following six topic areas:

- ◆ Housing for seniors, disabled persons, and youth/families
- ◆ Public services and facilities for youth, seniors, and disabled persons
- ◆ Homeless services
- ◆ Housing for homeless households with children
- ◆ Job creation and retention
- ◆ Fair housing

6. Summary of comments or views not accepted and the reasons for not accepting them

None.

7. Summary

The Stanislaus Urban County and City of Turlock have engaged in a process of community outreach, consultations, and analysis of relevant community indicators to establish housing and community development goals for the five-year planning period.

These goals will be used to plan for the use of CDBG, HOME, and ESG funds received by the Stanislaus Urban County and City of Turlock for the five-year period of 2015–2020 (fiscal years 2015-2016 through fiscal years 2019-2020). The Stanislaus Urban County and City of Turlock plan individually for the use of CDBG funds. They plan cooperatively for the use of HOME funds as a HOME Consortium. The County plans independently for the use of ESG funds.

The Process

PR-05 Lead & Responsible Agencies 24 CFR 91.200(b)

Describe agency/entity responsible for preparing the Consolidated Plan (Plan) and those responsible for administration of each grant program and funding source

Table PR-1 – Responsible Agencies

| The following are the agencies/entities responsible for preparing the Plan and those responsible for administration of each grant program and funding source. | | |
|---|-------------------|------------------------------------|
| Agency Role | Name | Department/Agency |
| Lead Agency | Stanislaus County | Planning and Community Development |
| CDBG Administrator | Stanislaus County | Planning and Community Development |
| HOME Administrator | City of Turlock | Housing Program Services |
| ESG Administrator | Stanislaus County | Planning and Community Development |

Overview

Stanislaus County is a county located in the Central Valley of the State of California. As of the 2010 census, the population was 514,453. The county seat is Modesto.

Stanislaus County comprises the Modesto Metropolitan Statistical Area. For purposes of the Community Development Block Grant (CDBG) program, the Stanislaus Urban County includes the cities of Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford (as well as the balance of the county less the cities of Modesto and Riverbank), and the City of Turlock.

Stanislaus County was formed from part of Tuolumne County in 1854. The county seat was first situated at Adamsville, then moved to Empire in November, La Grange in December, and Knights Ferry in 1862, and was fixed at the present location in Modesto in 1871.

According to the US Census Bureau, the county has a total area of 1,515 square miles (3,920 km²), of which 1,495 square miles (3,870 km²) is land and 20 square miles (52 km²) (1.3%) is water.

Turlock is the second largest city in Stanislaus County after Modesto. It is located between Modesto and Merced at the intersection of State Routes 99 and 165.

According to the U.S. Census Bureau, the city has a total area of 16.9 square miles, all of which is land.

PR-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

In preparing the Plan, the Stanislaus Urban County and City of Turlock consulted with various organizations located in the Urban County and City of Turlock that provide services to residents. In many instances, these consultations are part of ongoing interactions between Stanislaus Urban County, City of Turlock, and the agency or group described.

A detailed description of the outreach process, the results, and the documentation of the outreach process is included in Appendix 5.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

STAKEHOLDERS MEETING – STANISLAUS HOUSING AND SUPPORT SERVICES COLLABORATIVE COMMITTEE (CC)

One stakeholders meeting was held on October 16, 2014, at the Housing Authority of the County of Stanislaus (HACS) in Modesto. The presentation and input regarding the Plan, the Analysis of Impediments, and Housing Element Update were part of the agenda for the regularly scheduled CC meeting. The meeting was attended by 33 people from the following agencies and organizations:

- ◆ Disability Resource Agency for Independent Living (DRAIL)
- ◆ Golden Valley Health Center (GVHC) – Corner of Hope
- ◆ United Samaritans Foundation
- ◆ Community Impact Central Valley (CICV)
- ◆ City of Modesto
- ◆ Turning Point Community Program
- ◆ Telecare Shop
- ◆ Stanislaus Team of Active Retired Seniors (STARS) Citizen Volunteers
- ◆ Community Housing and Shelter Services (CHSS)
- ◆ Stanislaus County
- ◆ Golden Valley Health Center
- ◆ Health Plan of San Joaquin
- ◆ Valley Recovery Resources
- ◆ Parent Resource Center

- ◆ Housing Authority of the County of Stanislaus (HACS)
- ◆ Stanislaus County Affordable Housing
- ◆ City of Turlock
- ◆ Behavioral Health and Recovery Services
- ◆ American Red Cross
- ◆ Salvation Army
- ◆ We Care
- ◆ Helping Others Sleep Tonight
- ◆ Center for Human Services
- ◆ Modesto City Council
- ◆ Community representative

The meeting started with an overview presentation on the Plan and Housing Element Update. The presentation included an overview of the update process and schedule as well as demographic information on housing needs. Following the presentation, meeting participants were asked to provide their perspective on a number of discussion questions. In addition to the group discussion, two written feedback forms were also completed. See also the Outreach Summary appendix for additional detail.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

Stanislaus County and City of Turlock staff consults and collaborates with the Stanislaus County Continuum of Care (Stanislaus County CoC) in multiple ways. The CC is made up of representatives from the City of Modesto, the City of Turlock, Housing Authority of the County of Stanislaus (HACS), Stanislaus County Behavioral Health and Recovery Services, Stanislaus County Child Support Services, housing service providers, social service providers, fair housing service providers, health service providers, and homeless service providers. Announcements for all funding opportunities through the County are routinely advertised at the CC meetings. A representative from the Stanislaus County CoC participates on the panel which scores applications for the competitive CDBG Public Service and Emergency Solutions Grant (ESG) grants. In addition, draft ESG and CDBG Public Services funding recommendations are presented to the Stanislaus County CoC during its Housing Collaborative meeting for comment.

A more detailed consultation for how ESG funds are allocated and implemented occurs at the Emergency Solutions Grant / Supportive Housing Program / Homeless Management Information System (ESG/SHP/HMIS) sub-committee, which takes place monthly after the general CC meeting. In recent years, the sub-committee has worked hard to implement the revised ESG, SHP, and HMIS regulations, both in practice and in the HMIS system itself. In general, the sub-committee has agreed that its goal is to develop coordinated intake and data collection processes that still maintain the flexibility to work for each individual or family's unique needs. The sub-committee will continue to work on refining a list of barriers that impede housing stability, on identifying and implementing a coordinated assessment process, on streamlining HMIS data entry, and on standardizing ESG policies and procedures. The sub-committee has an ultimate goal to utilize HMIS data to draw meaningful patterns of homelessness within the County which will allow for more effective targeting of homeless funds.

Representatives from Stanislaus County Behavioral Health and Recovery Services and the Community Services Agency regularly attend the monthly Stanislaus County CoC Housing Collaborative meetings and are active participants in program planning for homeless fund utilization throughout Stanislaus County. The Stanislaus County Health Services Agency has been contacted in regard to health care reform legislation, some of which encourages incorporating rental assistance and case management into discharge planning. Because Stanislaus County does not have a public hospital, private hospitals will ultimately need to be consulted in the future as to which health care reform measures they will be implementing. On October 1, 2011, California passed a corrections realignment plan, which shifts responsibility from the state to counties for the custody, treatment, and supervision of individuals convicted of specified nonviolent, non-serious, non-sex crimes. In anticipation for the huge impact this will have on Stanislaus County in terms of discharging persons released from County jails into homelessness, the Stanislaus County CoC has collaborated with Stanislaus County Sheriff's and Probation Departments to discuss what services are available for recently discharged parolees.

Consultation with public and private agencies that provide assisted housing, health services, and social services to determine what resources are available to address the needs of any persons that are chronically homeless was addressed via coordination with the local Stanislaus County CoC.

Funds are set aside to allow nonprofit organizations and service providers to apply through a competitive process for an ESG program grant. The ESG grant is intended for services provided to eligible Stanislaus Urban County and City of Turlock residents. Applications are released annually, and are due for submittal in December. Submitted applications are received by the Stanislaus County Planning and Community Development Department and reviewed and scored by a review team, consisting of a representative from each Stanislaus Urban County member, the Stanislaus County Chief Executive Office, and a representative from the Stanislaus County CoC.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities

INTRODUCTION

Five public workshops were conducted during the preparation of the Stanislaus Urban County / City of Turlock Regional Consolidated Plan 2015–2020 at the following dates and places.

- ◆ Community Workshop 1: City of Ceres, Ceres Community Center, October 15, 2014
- ◆ Stakeholders Meeting: Housing Authority of the County of Stanislaus(HACS), Modesto, October 16, 2014
- ◆ Community Workshop 2: City of Turlock, City Hall, October 20, 2014
- ◆ Community Workshop 3: City of Oakdale, Bianchi Community Center, October 22, 2014
- ◆ Community Workshop 4: City of Patterson, City Council Chambers 1, October 29, 2014

All meetings were publicly noticed in a newspaper of general circulation (Ceres Courier, Hughson/Denair Dispatch, Modesto Bee, Newman/Gustine Westside Index, Oakdale Leader, and Patterson Irrigator) as well as the Stanislaus County Planning Department website. In addition, flyers were hand distributed in Ceres, Turlock, and Oakdale, and the Patterson meeting was noticed in the Vida en el Valle. The stakeholders meeting on October 16, 2014, was by invitation to area service providers.

A print and online survey was also conducted to determine priority needs for the Plan, Analysis of Impediments, and Housing Element Update.

MEETING AND SURVEY SUMMARIES

COMMUNITY WORKSHOP 1 – CITY OF CERES

Workshop 1 was held at the Ceres Community Center on the evening of October 15, 2014, from 6:30pm to 8:00pm. The workshop was attended by four participants and began with an overview presentation on the Plan and Housing Element Update. Following the presentation, workshop participants were invited to provide their feedback at four activity stations set up around the room:

- ◆ Station 1 – Consolidated Plan: Housing
- ◆ Station 2 – Consolidated Plan: Public Service and Facilities
- ◆ Station 3 – Consolidated Plan: Fair Housing
- ◆ Station 4 – Housing Element Update

STAKEHOLDERS MEETING – STANISLAUS HOUSING AND SUPPORT SERVICES COLLABORATIVE COMMITTEE (CC)

See earlier section for a description of the meeting with the CC.

COMMUNITY WORKSHOP 2 – CITY OF TURLOCK

Workshop 2 was held on October 20, 2014, at the City of Turlock City Hall with approximately 17 community members attending the meeting that evening or providing comments at City Hall the following day. The workshop began with an overview presentation on the Plan and Housing Element Update followed by activity stations (as described under Workshop 1).

COMMUNITY WORKSHOP 3 – CITY OF OAKDALE

Workshop 3 was held at the Bianchi Community Center in Oakdale on October 22, 2014. No participants attended this workshop.

COMMUNITY WORKSHOP 4 – CITY OF PATTERSON

Three community members attended Workshop 4, which was held in the Patterson Council Chambers on the evening of October 29, 2014. The workshop began with an overview presentation on the Plan and Housing Element Update followed by activity stations (as described under Workshop 1).

SURVEY

An online survey was provided on the Stanislaus County website from October 20, 2014, to December 1, 2014. The option was also available to complete a written hard copy survey during this same time period. A total of 588 completed surveys were received: 586 English surveys and 2 Spanish surveys.

CONSULTATIONS AND COORDINATION

The consolidated planning process requires jurisdictions to contact and consult with other public and private agencies when developing the Plan. The Plan itself must include a summary of the consultation process, including identification of the agencies that participated in the process. Jurisdictions are also required to summarize their efforts to enhance coordination between public and private agencies.

CONSULTATIONS

Stanislaus Urban County and City of Turlock consulted with a wide range of service providers and stakeholders. These involved both the public sector and private nonprofit sector. These personal contacts asked those who help to meet the housing and social services needs of Stanislaus County and City of Turlock residents to describe the level of needs in the community, the relative priority of needs, and what they believe can be done to better meet the needs of the county’s residents.

Stakeholders were consulted via e-mail and telephone during January 2015. More than 60 stakeholders were contacted. Successful interviews/responses were received from 10 stakeholders.

See also the Outreach Summary appendix for additional detail.

Table PR2 – Agencies, groups, organizations who participated

Identify any Agency Types not consulted and provide rationale for not consulting

All groups were either consulted or invited to participate in the Plan process. There was no decision to exclude any group.

Other local/regional/state/Federal planning efforts considered when preparing the Plan

Table PR3 – Other local / regional / Federal planning efforts

| Name of Plan | Lead Organization | How do the goals of your Strategic Plan overlap with the goals of each plan? |
|---|--|---|
| CoC Consolidated Application | Housing Authority of the County of Stanislaus (HACS) | Shelter for Homeless Persons; Rapid Re-Housing for Homeless Persons; Homeless Prevention for Extremely Low Income Households and Individuals; Capacity Building for Homeless Service Providers; Homeless Services Data Collection; Focus on Prevention Coordination. |
| Ending Long Term Homelessness | Stanislaus Housing and Support Service Collaborative | Shelter for Homeless Persons; Rapid Re-Housing for Homeless Persons; Homeless Prevention for Extremely Low Income Households and Individuals; Capacity Building for Homeless Service Providers; Homeless Services Data Collection; Focus on Prevention Coordination. |
| San Joaquin Valley Fair Housing Equity Assessment | The Smart Valley Places Consortium | Improve Infrastructure in Low-income Neighborhoods; Acquisition and Single-Multifamily Rehabilitation; Affordable Housing for Seniors |

| Name of Plan | Lead Organization | How do the goals of your Strategic Plan overlap with the goals of each plan? |
|--|--|---|
| | | Improve Accessibility; Fair Housing and Tenant/Landlord Services; Rehabilitate Existing Housing; First-time Homebuyer Assistance. |
| Stanislaus County Housing Element | County of Stanislaus | Acquisition and Single-Multifamily Rehabilitation; Affordable Housing for Seniors Improve Accessibility; Rehabilitate Existing Housing; First-time Homebuyer Assistance; Shelter for Homeless Persons. |
| City of Turlock Housing Element. | City of Turlock | Acquisition and Single-Multifamily Rehabilitation; Affordable Housing for Seniors Improve Accessibility; Rehabilitate Existing Housing; First-time Homebuyer Assistance; Shelter for Homeless Persons. |
| Public Housing Agency Plan (PHA Plan) | Housing Authority of the County of Stanislaus (HACS) | Acquisition and Single-Multifamily Rehabilitation; Affordable Housing for Seniors Improve Accessibility; Rehabilitate Existing Housing; First-time Homebuyer Assistance; Shelter for Homeless Persons. |
| Stanislaus County Capital Improvement Plan | County of Stanislaus | Improve Infrastructure in Low-income Neighborhoods. |

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Plan (91.215(l))

In addition to the organizations that were invited to and participated in public meetings on the Plan, significant aspects of the Plan development process included consultations with the Stanislaus County CoC and its membership which comprises both public and private nonprofit and for-profit entities, as well as private citizens.

PR-15 Citizen Participation - 91.105, 91.200 (c)

Summary of citizen participation process/Efforts made to broaden citizen participation

See earlier section for a description of the citizen participation process and efforts made to broaden citizen participation. See also the Outreach Summary appendix for additional detail.

Summarize citizen participation process and how it impacted goal-setting

In order to ensure maximum participation in the Plan process among all populations and special needs groups and to ensure that their issues and concerns are adequately addressed, the Stanislaus Urban County and City of Turlock have Citizen Participation Plans in place. The Citizen Participation Plans describe the actions to be taken to encourage citizen participation in the development of the Plan, any substantial amendments to the Plan, the Annual Action Plan, and Consolidated Annual Performance Evaluation Report (CAPER).

The community outreach process included four community workshops, one stakeholder meeting, a print and online survey, and agency phone and email consultations. Overall, more than 600 people provided their feedback on the Plan and Housing Element Update. The Community Outreach Summary following this section provides a detailed summary of the responses received during each portion of the outreach process. Overall trends and themes identified are located in the Community Themes section at the end of that summary. The Community Themes section takes into account results and feedback from all input events and methods. Complete meeting notes, sign-in sheets, survey data, and agency consultations are provided.

The Community Themes identified were used to determine the priority needs and goals of the Strategic Plan as well as the planned activities.

Needs Assessment

NA-05 Overview

Needs Assessment Overview

This section of the Plan provides a summary of the County's needs related to affordable housing, special needs housing, community development, and homelessness. The Needs Assessment includes the following sections:

- ◆ Housing Needs Assessment
- ◆ Disproportionately Greater Need
- ◆ Public Housing
- ◆ Homeless Needs Assessment
- ◆ Non-Homeless Needs Assessment
- ◆ Non-Housing Community Development Needs

The Needs Assessment identifies those needs with the highest priority, which forms the basis for the Strategic Plan section and the programs and projects to be administered. Most of the data tables in this section are populated with default data from the Comprehensive Housing Affordability Strategy (CHAS) developed by the Census Bureau for HUD based on the 2007–2011 American Community Survey (ACS). Other sources are noted throughout the Plan.

Data in this section has been provided by HUD's Integrated Disbursement and Information System (IDIS) for the entire planning area which encompasses Stanislaus Urban County and the City of Turlock. Data for the individual jurisdictions has been provided from IDIS and Community Planning and Development (CPD) Maps when available. The following maps are attached in **Appendix 4**:

- ◆ Map 14: Extremely low-income households with any of four severe housing problems (North)
- ◆ Map 15: Extremely low-income households with any of the four severe housing problems (South)
- ◆ Map 16: Low-income households with any of the four severe housing problems (North)
- ◆ Map 17: Low-income households with any of the four severe housing problems (South)
- ◆ Map 18: Moderate-income households with any of the four severe housing problems (North)

NA-10 Housing Needs Assessment – 24 CFR 91.205 (a, b, c)

Summary of Housing Needs

The data in this section analyzes households with housing problems, those experiencing (1) overcrowding; (2) substandard housing; (3) cost burden (paying more than 30 percent of household income for housing costs); or (4) severe cost burden (spending over 50 percent of household income for housing costs).

The following income categories are used throughout the Plan and are applied to the area median income (AMI) contained in the Median Income section of the table below:

- ◆ Extremely low – households with income less than 30 percent of AMI
- ◆ Very low – households with income between 30 and 50 percent of AMI
- ◆ Low – households with income between 51 and 80 percent of AMI
- ◆ Moderate – households with income between 81 and 120 percent of AMI
- ◆ Above moderate – households with income above 120 percent of AMI

It should be noted that data used in this Plan uses the most recent data available which is for 2011. For reference, Table NA-1.1 shows the income limits for 2015.

Table NA- 1.1 – FY 2015 Income Limits Summary

| Stanislaus County, California | | | | | | | | | | |
|-------------------------------|---------------|-------------------------------|----------|----------|----------|----------|----------|----------|-----------|-----------|
| FY 2015 Income Limit Area | Median Income | FY 2015 Income Limit Category | 1 Person | 2 Person | 3 Person | 4 Person | 5 Person | 6 Person | 7 Person | 8 Person |
| Stanislaus County | \$53,300 | Extremely Low (30%) | \$11,950 | \$15,930 | \$20,090 | \$24,250 | \$28,410 | \$32,570 | \$35,300* | \$37,600* |
| | | Very Low (50%) | \$19,950 | \$22,800 | \$25,650 | \$28,450 | \$30,750 | \$33,050 | \$35,300 | \$37,600 |
| | | Low (80%) | \$31,850 | \$36,400 | \$40,950 | \$45,500 | \$49,150 | \$52,800 | \$56,450 | \$60,100 |
| | | Median (100%) | \$39,900 | \$45,600 | \$51,300 | \$56,900 | \$61,500 | \$66,100 | \$70,600 | \$75,200 |
| | | Moderate (120%) | \$47,880 | \$54,720 | \$61,560 | \$68,280 | \$73,800 | \$79,320 | \$84,720 | \$90,240 |

* The FY 2014 Consolidated Appropriations Act changed the definition of extremely low-income to be the greater of 30/50ths (60 percent) of the Section 8 very low-income limit or the poverty guideline as established by the Department of Health and Human Services (HHS), provided that this amount is not greater than the Section 8 50 percent very low-income limit. Consequently, the extremely low (30 percent) income limits may equal the very low (50 percent) income limits.

Income limit areas are based on FY 2015 fair market rent (FMR) areas. For information on FMRs, please see our associated FY 2015 Fair Market Rent documentation system.

Effective March 6, 2015

Based on the data below, there are 288,385 people residing in the Stanislaus Planning Area, comprising approximately 90,472 households. The Stanislaus Planning Area encompasses Stanislaus Urban County and City of Turlock geographies (See Executive Summary section for definitions). Of these 90,472 households, approximately 37.7 percent are at or below 80 percent of AMI and considered low income per HUD regulations. According to the 2008–2012 ACS 5-Year Demographic and Housing Estimates, 59.1 percent of households in the entire county are owner-occupied and 40.9 percent are renter-occupied. In addition, approximately 48.5 percent of Stanislaus County’s households overpaid for housing. The percentage of overpaying households was split between homeowners (41.2 percent) and renters (59.5 percent). This data aligns with Table NA-1 below in that the most prevalent housing problem among both renter and owner households is housing cost burden. Overcrowding for renters is also a housing problem, which reflects the inability of households to afford larger units, possibly as a result of a shortage of affordable housing for larger households.

Demographics

Table NA-1 shows the demographic characteristics for the Stanislaus Planning Area and cities within the Planning Area.

Table NA-1 – Housing Needs Assessment Demographics

| Demographics | Base Year: 2000 | Most Recent Year: 2011 | % Change |
|---------------------------|-----------------|------------------------|----------|
| Population | | | |
| Stanislaus Planning Area* | 242,297 | 288,385 | 19% |
| Turlock | 55,940 | 67,953 | 21% |
| Ceres | 34,609 | 44,153 | 28% |
| Hughson | 3,980 | 6,267 | 57% |
| Newman | 7,093 | 9,806 | 38% |
| Oakdale | 15,503 | 20,076 | 29% |
| Patterson | 11,606 | 19,110 | 65% |
| Waterford | 6,924 | 8,315 | 20% |
| Households | | | |
| Stanislaus Planning Area | 75,497 | 90,472 | 20% |
| Turlock | 18,427 | 22,780 | 24% |
| Ceres | 10,435 | 12,922 | 24% |
| Hughson | 1,223 | 1,891 | 55% |
| Newman | 2,079 | 2,912 | 40% |
| Oakdale | 5,610 | 6,802 | 21% |
| Patterson | 3,146 | 5,496 | 75% |
| Waterford | 1,990 | 2,277 | 14% |

| Demographics | Base Year: 2000 | Most Recent Year: 2011 | % Change |
|--------------------------|-----------------|------------------------|----------|
| Median Income | | | |
| Stanislaus Planning Area | \$40,101 | \$50,671 | 26% |
| Turlock | \$39,050 | \$50,862 | 30% |
| Ceres | \$41,515 | \$50,124 | 21% |
| Hughson | \$39,398 | \$49,997 | 27% |
| Newman | \$39,239 | \$47,416 | 21% |
| Oakdale | \$39,197 | \$59,842 | 53% |
| Patterson | \$47,849 | \$54,187 | 13% |
| Waterford | \$38,990 | \$54,413 | 40% |

Data Source: 2007-2011 CHAS

*Note: Stanislaus Urban County includes the entirety of the planning area considered under this plan: the cities of Turlock, Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford and the unincorporated area of Stanislaus County.

Number of Households Table

Table NA-2 shows the number of households by HUD Area Median Family Income (HAMFI) for the Stanislaus Planning Area and cities within the Planning Area.

Data Source: 2007-2011 CHAS

**HAMFI is the median family income calculated by HUD for each jurisdiction, in order to determine FMRs and income limits for HUD programs. HAMFI will not necessarily be the same as other calculations of median incomes (such as a simple Census number), due to a series of adjustments that are made. (For full documentation of these adjustments, consult the HUD Income Limit Briefing Materials). If you see the terms "area median income" (AMI) or "median family income" (MFI) used in the CHAS, assume it refers to HAMFI. (From http://www.huduser.org/portal/datasets/cp/CHAS/bg_chas.html)*

Housing Needs Summary Tables

Table NA-3 shows housing problems for the Stanislaus Planning Area and cities within the Planning Area. The four housing problems are (1) lacks a complete kitchen; (2) lacks complete plumbing facilities; (3) more than one person per room; and (4) cost burden greater than 30 percent of the gross income. Due to large margins of error in the ACS data in smaller jurisdictions, data in income categories may not equal to total data.

Note: Due to large margins of error in the ACS data in smaller jurisdictions, data in income categories may not equal to total data.

2. Housing Problems 2 (households with one or more severe housing problems: lacks kitchen or complete plumbing, severe overcrowding, severe cost burden)

Table NA-4 shows severe housing problems for the Stanislaus Planning Area and cities within the Planning Area. The four severe housing problems are (1) lacks complete kitchen facilities; (2) lacks complete plumbing facilities; (3) more than 1.5 persons per room; and (4) cost burden greater than 50 percent of the gross income. Due to large margins of error in the ACS data in smaller jurisdictions, data in income categories may not equal to total data.

Note: Due to large margins of error in the ACS data in smaller jurisdictions, data in income categories may not equal to total data.

Describe the number and type of single person households in need of housing assistance.

According to the 2007–2011 ACS 5-Year Estimates, there were 90,472 households in the Stanislaus Planning Area, of which approximately 20.2 percent were single-person households. Of the approximately 73,441 housing units in the Stanislaus Planning Area, 7.3 percent of units were studios and one bedroom with almost 92.8 percent of housing units containing two or three bedrooms. Furthermore, data by household type showed that the majority of Stanislaus County’s homeless population (78.3 percent) comprised people in households without children (2014 Homeless Count). These sources indicate that the anticipated housing needs for single-person households in Stanislaus County are affordable housing studio and one-bedroom units.

Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.

As of 2014, the Housing Authority of the County of Stanislaus (HACS) has 3,930 Housing Choice Vouchers in use.

According to data provided by HUD, approximately 28 percent of voucher households have disabilities. The percentage of current voucher households with disabilities makes evident the need for affordable housing for individuals with disabilities.

The following 2014 Homeless Count data further illustrates the need for affordable housing for persons with disabilities or victims of violent attacks, domestic violence, or abuse:

- ◆ An estimated 310 homeless individuals (27 percent) of the homeless population in 2014 (sheltered and unsheltered) in Stanislaus County have experienced severe mental illness, including chronic depression, post-traumatic stress disorder (PTSD), or another mental illness such as bipolar disorder or schizophrenia.
- ◆ Substance abuse is another important issue for the homeless population, with 16 percent reporting experiencing chronic substance abuse.
- ◆ Domestic violence is a primary cause of homelessness for women and families. Financial stress can make it more difficult for victims to leave violent situations. Stanislaus County's shortage of affordable housing and the increase in the cost of basic needs create a problematic barrier for women who are trying to leave a violent home. An estimated 222 homeless individuals (19 percent) of the homeless population in 2014 (sheltered and unsheltered) in Stanislaus County have experienced domestic violence.

What are the most common housing problems?

Based on the data in Tables NA-3 through NA-6 and similar data provided by HCD, the most prevalent housing problem is housing cost burden. Approximately 24,101 of the Stanislaus Planning Area lower-income households overpaid for housing. Of those lower-income households paying more than 30 percent or more on housing, 54.9 percent were from the City of Ceres. The City of Turlock had approximately 22,780 lower-income households that were paying over 30 percent of their income on housing.

Are any populations/household types more affected than others by these problems?

The data in Tables NA-5 and NA-6 indicates that small related households experience cost burden greater than 30 percent of their total income to a significantly greater degree than other family types, followed closely by other households among renters and the elderly among owners. Single-family renter households experience overcrowding at a significantly greater degree than other household types.

Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered 91.205(c)/91.305(c)). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance

Households, both individuals and families with children, in the extremely low-income group are at high risk of becoming homeless due to limited or lack of income, or high housing cost burden. Job loss, coupled with a shortage of affordable housing, further increases the risk of homelessness for individuals and families with children in the extremely low-income group. A total of 1,156 homeless individuals were counted as part of Stanislaus County's 2014 Point-In-Time (PIT) Homeless Count, the results of which are summarized in NA-40, 38 percent of whom were unsheltered. Because of the severe shortage of emergency shelter for households that are already homeless, the Continuum of Care Housing and Supportive Services Collaborative Committee of Stanislaus County (hereafter referred to as the Collaborative Committee (CC)) includes providers of shelter and services who have focused non-housing services on preventing homelessness. Homeless prevention/intervention is focused on households that are at the most imminent risk of homelessness from entering the homeless services system. Prevention providers have agreed that their common aim is to stabilize such households and improve their housing stability to avoid future housing crises. These services are funded by various sources.

The CC standards define those most at risk of homelessness as those meeting the federal definition of homelessness:

1. People at imminent risk of homelessness (with less than 14 days to vacate housing or an institutional setting) who lack resources to resolve their housing crisis;
2. People who would be considered homeless under definitions used by the federal Department of Education such as unaccompanied youth or families with children who have not had a legal tenancy in permanent housing and experienced persistent instability (e.g., two or more moves) in the 60 days prior to the homeless assistance application, and who lack resources to resolve their housing crisis; or
3. People who are fleeing (or attempting to flee) domestic violence, who lack resources to resolve their housing crisis.

Homeless prevention funds in the Stanislaus Urban County come from the Emergency Solutions Grant (ESG), not from the Continuum of Care programs.

Rapid re-housing is a critical strategy for ending homelessness for households with children due to the extreme shortage of affordable housing. It is also a good tool for chronically homeless individuals who have been through a transitional shelter period. It is also a high priority for single adults who assess as self-sufficient and can address affordability through a combination of shared housing and increasing income.

With funding from the ESG program, support can be provided for individuals and families in need of housing. Assistance may include short- or medium-term rental assistance and stabilization services, including mediation, credit counseling, security or utility deposits, utility payments, moving cost assistance, and case management. Recipients must be Stanislaus County residents and have sustainable income to qualify. Funding is limited by ESG—first come, first served.

The impact of ESG is hampered by the extremely low-income targeting requirement. Such deep targeting limits the ability of the program to respond to families and individuals in crisis to prevent homelessness. The lack of affordable units limits the ability for families and individuals to find appropriate housing under this program. A greater number of units might be available with increased landlord/property owner outreach.

If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:

Data on Stanislaus County's homeless population is tracked through the Homeless Management Information System (HMIS), a federally mandated online data system for all dedicated homeless, prevention, and housing programs that receive Continuum of Care funding. The HMIS collects data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness.

The HRCS utilizes HUD's official definition of homelessness, including the at-risk definition, as required by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), the definition of which was updated on December 5, 2012. The criteria for defining at risk of homelessness are as follows:

Category 1 – Individuals and Families

An individual or family who:

- (i) Has an annual income below 30% of median family income for the area; AND
- (ii) Does not have sufficient resources or support networks immediately available to prevent them from moving to an emergency shelter or another place defined in Category 1 of the “homeless definition”; AND
- (iii) Meets one of the following conditions:
 - (A) Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for assistance; OR
 - (B) Is living in the home of another because of economic hardship; OR
 - (C) Has been notified that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance; OR
 - (D) Lives in a hotel or motel and the cost is not paid for by charitable organizations or by federal, state, or local government programs for low-income individuals; OR
 - (E) Lives in an SRO or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than one and a half persons per room; OR
 - (F) Is exiting a publicly funded institution or system of care; OR
 - (G) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient’s approved Consolidated Plan.

Category 2 – Unaccompanied Children and Youth

A child or youth who does not qualify as homeless under the homeless definition, but qualifies as homeless under another federal statute.

Category 3 – Families with Children and Youth

An unaccompanied youth who does not qualify as homeless under the homeless definition, but qualifies as homeless under Section 725(2) of the McKinney-Vento Homeless Assistance Act, and the parent(s) or guardian(s) or that child or youth if living with him or her.

Although the County have no exact count as to the number of persons who lose their housing and become homeless each year, we do know what risk factors play into causing homelessness. Persons who are “at risk of homelessness” include individuals or families that are experiencing one or more of the risk factors described below. When evaluating these risk factors within the context of Stanislaus County, a rise in persons at risk of homelessness is anticipated. These factors will be taken into consideration when evaluating a client’s risk of entering homelessness:

- a) Sudden and significant increase in utility costs
- b) Mental health and substance abuse issues

- c) Physical disabilities and other chronic health issues, including HIV/AIDS
- d) Severe housing cost burden (greater than 50 percent of income for housing costs)
- e) Homeless in last 12 months
- f) Young head of household (under 25 with children or pregnant)
- g) Current or past involvement with child welfare, including foster care
- h) Pending foreclosure of housing (rental or homeownership)
- i) Extremely low income (less than 30 percent of AMI)
- j) Past institutional care (prison, treatment facility, hospital)
- k) Recent traumatic life event, such as death of a spouse or primary care provider, abandonment of spouse or primary care provider, or recent health crisis that prevented the household from meeting its financial responsibilities
- l) Credit problems that preclude obtaining of housing
- m) Significant amount of medical debt
- n) Eviction within two weeks from a private dwelling (including housing provided by family or friends)
- o) Discharge within two weeks from an institution in which the person has been a resident for more than 180 days (including prisons, mental health institutions, hospitals)
- p) Residency in housing that has been condemned by housing officials and is no longer meant for human habitation
- q) Sudden and significant loss of income

Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness

The housing characteristics most commonly linked with instability and an increased risk of homelessness include high cost burden (the gap between income and the high cost of housing; see Tables NA-5 and NA-6), a tight rental market, and a shortage of affordable housing. These are further compounded by job loss and high unemployment rate and personal circumstances such as health conditions, mental illness, substance abuse, and trauma.

NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Introduction

According to HUD, a disproportionately greater need exists when the members of a racial or ethnic group at a given income level experience housing problems at a greater rate (10 percentage points or more) than the income level as a whole. As shown in the tables below, data is analyzed based on income categories based on the AMI.

The four housing problems are (1) lacking a complete kitchen; (2) lacking complete plumbing facilities; (3) more than one person per room; and (4) cost burden greater than 30 percent. In the tables below, the column title “number of households whose income is zero or negative” is due to self employment, dividends, and net rental income. Households with zero or negative income cannot actually have a cost burden, but still require housing assistance and therefore are counted separately.

In this section, Housing Problems, four racial groups experience a disproportionate housing need throughout the income spectrum in the Stanislaus Planning Area, which includes Stanislaus Urban County and City of Turlock:

- ◆ 0–30% of AMI range: No disproportionate housing need
- ◆ 30–50% of AMI range: Disproportionate housing need exists for Pacific Islander, Asian, and American Indian/Alaska Native populations
- ◆ 50–80% of AMI range: Disproportionate housing need exists for Black/African American and American Indian/Alaska Native populations
- ◆ 80–100% of AMI range: Disproportionate housing need exists for Black/African American, Asian, and Pacific Islander populations

Four racial groups experience a disproportionate housing need throughout the income spectrum in the City of Turlock when analyzed as a separate and distinct area:

- ◆ 0–30% of AMI range: Disproportionate housing need exists for Asian, American Indian/Alaska Native, Black/African American, and Pacific Islander populations
- ◆ 30–50% of AMI range: Disproportionate housing need exists for Asian and American Indian/Alaska Native populations
- ◆ 50–80% of AMI range: Disproportionate housing need exists for American Indian/Alaska Native populations
- ◆ 80–100% of AMI range: Disproportionate housing need exists for Asian and American Indian/Alaska Native populations

Notes Regarding Tables Below:

1) Data on disproportionately greater need is only produced by IDIS for grantee geographies.

2) These are HUD generated tables. Columns may not add up because not all races are included in the table per HUD, and race and ethnicity (Hispanic) are enumerated separately by the US Census Bureau. The universe of households is presented in these tables first by race, then by the total households (all races) who indicated Hispanic ethnicity.

0–30% of Area Median Income

Table NA-9 shows the number of households with one or more housing problems for households earning 0–30% of AMI.

Discussion

O–30% of AMI Range

- ◆ Stanislaus Planning Area: All households in this range experience a housing problem above that of the Planning Area as a whole at 84.6 percent, with 94.1 percent of Asian households experience a housing problem, followed by Hispanics with 88.0 percent of households experiencing a housing problem. The need is the greatest for the 0–30% of AMI income group as a whole at 84.6 percent compared to the other income ranges: 30–50 percent of AMI (81.0 percent), 50–80 percent of AMI (66.1 percent), and 80–100 percent of AMI (51.5 percent), which strongly indicates that the extremely low income group (0–30% of AMI) needs better access to safe, decent, and affordable housing.

- ◆ City of Turlock: All households in this range experience a housing problem above that of the jurisdiction as a whole at 85.1 percent, with 100 percent of Asian, Black/ African American, American Indian/Alaska Natives, and Pacific Islander households experiencing a housing problem, followed by Hispanics with 90.2 percent of households experiencing a housing problem. The need is the greatest for the 0–30% of AMI income group as a whole at 85.1 percent compared to the other income ranges: 30–50 percent of AMI (83.8 percent), 50–80 percent of AMI (73.6 percent), and 80–100 percent of AMI (50.2 percent), which strongly indicates that the extremely low income group (0–30% of AMI) needs better access to safe, decent, and affordable housing.

30–50% of AMI Range

- ◆ Stanislaus Planning Area: Pacific Islander and Asian households have the greatest need, with 100 percent and 93.7 percent of households, respectively, experiencing a housing problem. American Indian/Alaska Native follows with 92.9 percent of households experiencing a housing problem.
- ◆ City of Turlock: Asian and American Indian/Alaska Natives have the greatest need with 100 percent of households experiencing a housing problem. Hispanic households follow with 88.0 percent of households experiencing a housing problem.

50–80% of AMI Range

- ◆ Stanislaus Planning Area: American Indian/Alaska Natives and Black/African Americans have the greatest need at 81.9 percent and 80.0 percent, respectively, of households experiencing a housing problem.
- ◆ City of Turlock: American Indian/Alaska Natives and Hispanic have the greatest need at 100 percent and 74.3 percent, respectively, of households experiencing a housing problem.

80–100% of AMI Range

- ◆ Stanislaus Planning Area: Pacific Islander and Black/African American households have the greatest need at 100 percent and 83.8 percent, respectively, of households experiencing a housing problem.
- ◆ City of Turlock: American Indian/Alaska Natives and Asian households have the greatest need at 100 percent and 64.3 percent, respectively, of households experiencing a housing problem.

NA-20 Disproportionately Greater Need: Severe Housing Problems – 91.205 (b)(2)

Introduction

According to HUD, a disproportionately greater need exists when the members of a racial or ethnic group at a given income level experience housing problems at a greater rate (10 percentage points or more) than the income level as a whole. Unlike the housing problems in section NA-15, severe housing problems include severe overcrowding and severe cost burdens. The four severe housing problems are (1) lacks complete kitchen facilities; (2) lacks complete plumbing facilities; (3) more than 1.5 persons per room; and (4) cost burden over 50 percent.

In this section, Severe Housing Problems, three groups experience severe housing problems throughout the income spectrum in the Stanislaus Planning Area:

- ◆ 0–30% of AMI range: Pacific Islander and Black/African American experience a disproportionate housing need
- ◆ 30–50% of AMI range: Asian, Pacific Islander, and Black/African American experience a disproportionate housing need
- ◆ 50–80% of AMI range: Black/African Americans experience a disproportionate housing need
- ◆ 80–100% of AMI range: Pacific Islanders and Black/African Americans experience a disproportionate housing need

In the City of Turlock, four groups experience severe housing problems throughout the income spectrum:

- ◆ 0–30% of AMI range: Pacific Islander, Black/African American, American Indian/Alaska Native experience a disproportionate housing need
- ◆ 30–50% of AMI range: Asians experience a disproportionate housing need
- ◆ 50–80% of AMI range: American Indian/Alaska Natives and Asians experience a disproportionate housing need
- ◆ 80–100% of AMI range: Asians experience a disproportionate housing need

In the tables below, the column title “number of households whose income is zero or negative” is due to self employment, dividends, and net rental income. Households with zero or negative income cannot actually have a cost burden, but still require housing assistance and therefore are counted separately.

Notes Regarding Tables Below:

1) Data on disproportionately greater need is only produced by IDIS for grantee geographies.

2) These are HUD generated tables. Columns may not add up because not all races are included in the table per HUD, and race and ethnicity (Hispanic) are enumerated separately by the US Census Bureau. The universe of households is presented in these tables first by race, then by the total households (all races) who indicated Hispanic ethnicity.

0–30% of Area Median Income

Table NA-13 shows the number of households with one or more severe housing problems for households earning 0–30% of AMI.

Table NA-13 – Severe Housing Problems 0–30% AMI

Discussion

0–30% of AMI Range

- ◆ Stanislaus Planning Area: Black/African Americans (85.1 percent), Pacific Islanders (84.6 percent), Hispanics (77.0 percent), and American Indian/Alaska Natives (75.0 percent) in this range experienced a severe housing need above that of the Planning Area as a whole at 73.3 percent. The need is the greatest for the 0–30% of AMI income group as a whole at 73.3 percent compared to the other income ranges: 30–50% of AMI (53.5 percent), 50–80% of AMI (34.0 percent), and 80–100% of AMI (21.5 percent), which strongly indicates that this income group needs better access to safe, decent, and affordable housing.
- ◆ City of Turlock: Black/African Americans (100 percent), Pacific Islanders (100 percent), Hispanics (77.5 percent), and American Indian/Alaska Natives (100 percent) in the 0–30% of AMI range experienced a severe housing need above that of the jurisdiction, as a whole at 75.1 percent. The need is the greatest for this income group as a whole at 75.1 percent compared to the other income ranges: 30–50% of AMI (63.0%), 50–80% of AMI (32.7%), and 80–100% of AMI (25.0%), which strongly indicates that this income group needs better access to safe, decent, and affordable housing.

30–50% of AMI Range

- ◆ Stanislaus Planning Area: Pacific Islanders and Asians have the greatest need with 100 percent and 74.7 percent, respectively, of households experiencing a housing problem. Black/African Americans follow with 70.1 percent of households experiencing a housing problem.
- ◆ City of Turlock: Asians and Black/African Americans have the greatest need with 100 percent and 71.4 percent, respectively, of households experiencing a housing problem. Hispanic households follow with 66.1 percent of households experiencing a housing problem.

50–80% of AMI Range

- ◆ Stanislaus Planning Area: Black/African Americans have the greatest need with 56.0 percent of households experiencing a housing problem. American Indian/Alaska Natives follow with 40.5 percent of households experiencing a housing problem.
- ◆ City of Turlock: American Indian/Alaska Natives have the greatest need with 75.0 percent of households experiencing a housing problem. Asian households follow with 50.0 percent of households experiencing a housing problem.

80–100% of AMI Range

- ◆ Stanislaus Planning Area: Pacific Islanders and Black/African Americans have the greatest need with 100 percent and 41.3 percent, respectively, of households experiencing a housing problem.
- ◆ City of Turlock: Asian households have the greatest need with 37 percent of households experiencing a housing problem.

NA-25 Disproportionately Greater Need: Housing Cost Burdens – 91.205 (b)(2)

Introduction

Table NA-17 displays cost burden information for the jurisdiction and each racial and ethnic group, including no cost burden (housing cost to income ratio is less than 30 percent of the gross household income), cost burden (housing cost to income ratio between 30 percent and 50 percent of the gross household income), severe cost burden (housing cost burden more than 50 percent of the gross household income), and no/negative income.

In the Stanislaus Planning Area, 24.5 percent of households were overpaying for housing and 21.0 percent were severely overpaying for housing. Similarly, 31.4 percent of Turlock's households were overpaying for housing and 41.7 percent of households were severely overpaying.

Housing Cost Burden

Table NA-17 below identifies the housing cost burden by race.

Table NA-17 – Greater Need: Housing Cost Burdens AMI

| Housing Cost Burden | ≤30% (No cost burden) | 30–50% (Cost burden) | >50% (Severe cost burden) | No/negative income (not computed) |

| American Indian, Alaska Native | 170 | 115 | 35 | 0 |
| Pacific Islander | 45 | 0 | 30 | 0 |
| Hispanic | 2,620 | 1,965 | 1,220 | 50 |

Data Source: 2007-2011 CHAS

Discussion:

Housing Costs Less than 30% of Total Gross Household Income Field:

- ◆ Stanislaus Planning Area: 60.1 percent of Whites had a cost burden less than 30 percent, followed in order by American Indian/Alaska Natives (52.8 percent), Asians (51.4 percent), Hispanics (44.9 percent), Black/African Americans (36.9 percent), and Pacific Islanders (43.5 percent).
- ◆ City of Turlock: 60.7 percent of Whites had a cost burden less than 30 percent, followed in order by Pacific Islanders (60.0 percent), American Indian/Alaska Natives (53.1 percent), Asians (45.9 percent), Hispanics (45.1 percent), and Black/African Americans (32.4 percent).

Housing Costs 30–50% Field of Total Gross Household Income Field:

- ◆ Stanislaus Planning Area: 40.1 percent of Pacific Islanders had a cost burden between 30 and 50% followed by American Indian/Alaska Natives (32.6 percent), Hispanics (28.5 percent), Asians (24.8 percent), Black/African Americans (22.9 percent) and Whites (22.5 percent).
- ◆ City of Turlock: 34.4 percent of Asians had a cost burden between 30 and 50% followed by American Indian/Alaska Natives (35.9 percent), Hispanics (33.9 percent), Whites (20.3 percent), and Black/African Americans (5.9 percent). Pacific Islanders had no households with a cost burden between 30 and 50%.

Housing Costs Greater than 50% of Total Gross Household Income Field:

- ◆ Stanislaus Planning Area: Black/African American (40.2 percent) had the greatest burden, followed by Hispanics (26.7 percent), Asians (23.7 percent), Whites (17.4 percent), Pacific Islanders (16.3 percent), and American Indian/Alaska Natives (14.5 percent).
- ◆ City of Turlock: Black/ African American (61.8 percent), had the greatest burden, followed by Pacific Islanders (40.0 percent), Hispanics (21.0 percent), Asian (19.7 percent), White (19.0 percent) and American Indian/Alaska Natives (10.9 percent).

No/Negative Income field:

- ◆ Stanislaus Planning Area: Whites (0.6 percent), Hispanics (0.7 percent) Black/African Americans (0.6 percent), and Asians (0.7 percent) that did not report an income were cost burdened. American Indian/Alaska Natives and Pacific Islanders were not cost burdened (all reporting zero households). The population numbers in this field are quite small in comparison to the overall population figures.
- ◆ City of Turlock: Whites (1.2 percent) and Hispanics (0.9 percent) that did not report an income were cost burdened. American Indian/Alaska Natives, Black/African Americans, Asians, and Pacific Islanders were not cost burdened (all reporting zero households). The population numbers in this field are quite small in comparison to the overall population figures.

NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)

Are there any income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?

Review of the housing needs of racial and ethnic groups revealed that each group has housing problems, with four groups experiencing a disproportionate housing need throughout the income spectrum in the Stanislaus Planning Area and four groups experiencing a disproportionate need in the City of Turlock.

In terms of housing problems, four groups experience a disproportionate housing need throughout the income spectrum in the Stanislaus Planning Area: none at the 0–30% of AMI range; Pacific Islander, Asian, and American Indian/ Alaska Native at the 30–50% of AMI range; Black/African Americans and American Indian/Alaska Natives at the 50–80% of AMI range; and Black/African Americans, Asians, and Pacific Islanders at the 80–100% of AMI range.

Four groups experience a disproportionate housing need throughout the income spectrum in the City of Turlock: Asian, American Indian/Alaska Native, Black/ African American, and Pacific Islander at the 0–30% of AMI range; Asian and American Indian/ Alaska Native at the 30–50% of AMI range; American Indian/Alaska Natives at the 50–80% of AMI range; and Asian and American Indian/Alaska Natives at the 80–100% of AMI range.

For severe housing problems, three groups experience severe housing problems throughout the income spectrum in the Stanislaus Planning Area: at the 0–30% of AMI range, Pacific Islander and Black/African American experience a disproportionate housing need; Asian, Pacific Islander, and Black/African American at the 30–50% of AMI range; at the 50–80% of AMI range, Black/African Americans experience a disproportionate housing need; and at the 80–100% of AMI range, Pacific Islanders and Black/African Americans experience a disproportionate housing need.

In the City of Turlock, four groups experience severe housing problems throughout the income spectrum: at the 0–30% of AMI range, Pacific Islander, Black/African American, American Indian/Alaska Native experience a disproportionate housing need; Asians at the 30–50% of AMI range; at the 50–80% of AMI range, American Indian/Alaska Natives and Asians experience a disproportionate housing need; and Asians at the 80–100% of AMI range.

If they have needs not identified above, what are those needs?

According to the data supplied by HUD in the development of this Plan, the needs have been identified in this section of the Plan.

Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?

Data on race and ethnicity were examined at the block group level to determine areas of minority and ethnic concentration (2010 U.S. Decennial Census, Summary File 3). Minority population is defined as the total population less those who responded “White alone” to the U.S. Census. Census tract areas where the percentage of total minority population exceeds the group’s countywide total percentage by at least one percentage point are considered to be areas of “minority concentration.” Areas that have a minority population at least 1.5 times the countywide total percentage are considered to be areas of “high minority concentration.”

The areas which show an overall minority concentration include unincorporated areas north of Modesto, including Salida, unincorporated areas east of Ceres, northern portions of Turlock, western portions of Patterson, and unincorporated areas south of Patterson.

Since the U.S. Census enumerates Hispanic as a distinct ethnic category, this characteristic was examined separately. Census tract areas where the percentage of total Hispanic population exceeds the countywide percentage by at least one percentage point are considered to be areas of Hispanic concentration. Areas that have a Hispanic population at least 1.5 times the countywide percentage are considered to be areas of high Hispanic concentration. Areas on high concentration include portions of western unincorporated county, and portions of Patterson, Bystrom, and Ceres. Concentration maps are located in **Appendix 1 and 2.**

NA-35 Public Housing – 91.205(b)

Introduction

The Housing Authority of the County of Stanislaus’s (HACS) mission is to address the unmet housing needs of residents and communities in the county consistent with Federal, State, and local law. The Housing Authority owns and operates public housing units in addition to operating a housing voucher program. Based on the data supplied by HUD in the table below, the Housing Authority has 3,930 housing choice vouchers in use. As of October 2014, the Housing Authority has a waiting list of 3,514 families in the Stanislaus Urban County and 752 in the City of Turlock.

Source: 2014 Public Housing Authority Plan (PHA Plan)

The data in the tables below, supplied by HUD, is utilized for discussion purposes throughout the Plan. HUD generates housing authority table data based on County-wide data and not by Stanislaus Planning Area geographies.

Totals in Use

Table NA-18 shows the number of units vouchers in use in Stanislaus County (HUD generates housing authority table data per county designations).

Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:

In both the public housing units and Housing Choice Voucher (HCV) program, the Housing Authority acts in accordance with federal regulations as they relate to persons with disabilities, up to and including a fair, thorough, and accessible reasonable accommodations request process. Private owners participating in the public housing and voucher programs are expected to understand and comply with all federal, state, and local laws as they relate to nondiscrimination and accessibility for persons with disabilities.

The HUD data provided indicates that a number of voucher holders are disabled households (see Table NA-19), which may suggest that some of these households require accessible units or modifications.

Most immediate needs of residents of Public Housing and Housing Choice voucher holders

To qualify for the HCV program, applicants must be at or below 50 percent of AMI. A majority of new admissions to the HCV program are families at or below 30 percent of AMI. Families at this income level have difficulty meeting their basic needs even with the assistance of the voucher program. The voucher program staff is well versed in available resources and frequently refers voucher holders to other community organizations. In addition, the Stanislaus Housing Authority offers the Family Self-Sufficiency (FSS) program to help voucher holders augment their education, find employment, build assets, and achieve economic independence.

How do these needs compare to the housing needs of the population at large

According to the 2009–2013 ACS 5-Year Estimates, 9.3 percent of the population under age 65 who lived in Stanislaus County reported a disability. The percentage of disabled voucher holders, out of the total voucher holders, is 28 percent.

While 37.7 percent of the total households in Stanislaus County are classified as low income, which includes the extremely low-income category, the average annual income of 100 percent of voucher holders is less than 30 percent of AMI. In general, the race and ethnicity of voucher holders is comparable to the jurisdiction, with some variations between data sources. The rate of voucher households that identified as Black or African American was higher than the jurisdiction (15.1 percent versus 2.9 percent), while a smaller percentage of voucher holders identified as Hispanic or Latino (28.8 percent versus 41.9 percent). For the jurisdiction as a whole, 45.8 percent of households experience housing cost burden greater than 30 percent of their household income and are in need of affordable housing.

Whereas there are differences in the demographics among voucher holders and the population at large, the need for affordable housing exists among both groups, especially for those extremely low-income cost-burdened households without vouchers.

NA-40 Homeless Needs Assessment – 91.205(c)

Introduction

This Section is still in the process of being edited. Final version will be provided with the May 5, 2015 Board of Supervisors Staff Report for the Consolidated Plan.

At the local level, the most comprehensive analysis of the homeless population and service availability in Stanislaus County is conducted by the Continuum of Care Housing and Supportive Services Collaborative of Stanislaus County, referred to as the Collaborative Committee (CC).

The CC was created to address these issues and comprises over 88 members and more than 50 agencies and organizations representing all cities in Stanislaus County. Representation includes nonprofit organizations, homeless persons, formerly homeless persons, local government, disability service organizations, the public housing authority, police and fire service departments, faith-based and other community-based organizations, service agencies, community members, government agencies, and housing developers.

The Continuum of Care system consists of three components:

- ◆ An emergency shelter/assessment effort that provides immediate shelter and can identify an individual's needs.
- ◆ Transitional housing and necessary social services. Such services include substance abuse treatment, short-term mental health services, independent living skills, job training, etc.
- ◆ Permanent supportive housing arrangements.

While not all homeless individuals and families in a community will need to access all three components, unless all three are coordinated in a community, none will be successful. A strong homeless prevention strategy is also key to the success of the CC. The CC also focuses on community collaboration, coordinating discharge with health and law enforcement agencies, and with mental health and addiction recovery service providers to try to ensure a coordinated community effort in terms of implementation of homeless programs.

In July 2001, the Stanislaus County Board of Supervisors and the City of Modesto officially recognized the collaborative as the coordinating body for homeless programs and services in Stanislaus County. The collaborative is also the lead agency for the Stanislaus County Continuum of Care (Stanislaus County CoC). In 2005, the collaborative adopted "Ending Long Term Homelessness in Stanislaus County," which is a five-year strategy to end long-term homelessness in 10 years. The long-term homeless are defined as those who have been homeless for one year or longer or who have been homeless four times over the last three years. The key component of the plan is to create supportive housing—permanent, affordable rental housing linked to an array of community-based services.

In 2012, the Stanislaus Housing and Supportive Services Collaborative Committee adopted the Stanislaus County Homeless Management Information System (HMIS), which is a collaborative project that will enable homeless service providers to collect uniform client information over time.

Homeless Needs Assessment

- ◆ Table NA-22.1 table NA 22.6 includes Stanislaus County's 2014 Point-In-Time (PIT) Homeless Count and all the information that was collected as part of that survey.

Table NA-22.1 – HUD's 2014 Continuum of Care Homeless Assistance Programs

| HUD's 2014 Continuum of Care Homeless Assistance Programs Point-in Time Count 1/30/2014 Stanislaus County, City of Turlock, and City of Modesto+ | | | |
|---|---|--|--------------|
| Population | Number of persons experiencing homelessness on a given night Sheltered++ | Number of persons experiencing homelessness each year Unsheltered | Total |
| Persons in households with children* | 226 | 106 | 332 |
| Persons in households without children** | 481 | 337 | 818 |
| Persons in households with only children*** | 6 | 0 | 6 |
| Totals | 713 | 443 | 1,156 |

Data Source: HUD, Point-In Time 1/30/2014

+ 2014 survey data is not available for Stanislaus Urban County. The unpublished 2015 survey has measurements by city; however, those survey results will not be ready by time of publication.

++ This category includes households in transitional housing (includes Safe Haven programs).

* This category includes households with one adult and at least one child under age 18.

**This category includes single adults, adult couples with no children, and groups of adults.

*** This category includes configurations of households composed only of children under age of 18.

Table NA-22.2 – HUD’s 2014 Continuum of Care Homeless Assistance Programs

* This category includes households with one adult and at least one child under age 18.

**This category includes single adults, adult couples with no children, and groups of adults.

*** This category includes configurations of households composed only of children under age of 18.

Table NA-22.3 – HUD’s 2014 Continuum of Care Homeless Assistance Programs

| HUD’s Continuum of Care Homeless Assistance Programs Stanislaus County, City of Turlock, and City of Modesto Total Persons Experiencing Chronic Homelessness Multi-Year Comparison (2009–2014) | | | | | | |
|---|--|---|---|---|--|---|
| Population | 2009 Number of persons that are chronically+ homeless each year | 2011 Number of persons that are chronically homeless each year | 2013 Number of persons that are chronically homeless each year | 2014 Number of persons that are chronically homeless each year | Number of persons exiting homelessness each year (2014 estimate) ++ | Number of days persons experience homelessness |
| Sheltered | 68 | 96 | 61 | 69 | 652 | (waiting on data) |
| Unsheltered | 181 | 122 | 66 | 54 | 389 | (waiting on data) |
| Total (Difference from previous year) | 181 (N/A) | 218 (+37) | 127 (-91) | 146 (+19) | 1,029 | (waiting on data) |
| Percentage of chronic homeless persons to total homeless persons, each year | 16% | 15% | 11% | 13% | N/A | (waiting on data) |

Source: Stanislaus County Comparison Chart 2009-2013; HUD, Point-In Time Survey 1/30/2014

+People surveyed are asked whether this is their first time being homeless. If they respond “no,” then they are counted as chronic.

++Calculated by subtracting the number of chronically homeless from the total homeless.

Table NA-22.4 – HUD’s 2014 Continuum of Care Homeless Assistance Programs

| HUD’s 2014 Continuum of Care Homeless Assistance Programs Stanislaus County, City of Turlock, and City of Modesto Homeless Subpopulations | | | |
|--|--|--|--------------|
| Subpopulation | Number of homeless persons, sheltered | Number of homeless persons, unsheltered | Total |
| Severely Mentally Ill | 139 | 171 | 310 |
| Chronic Substance Abuse | 57 | 122 | 179 |
| Veterans | 41 | 28 | 69 |
| HIV/AIDS | 9 | 4 | 13 |
| Victims of Domestic Violence | 111 | 111 | 222 |

Source: HUD, Point-In Time 1/30/2014

If data is not available for the categories "number of persons becoming and exiting homelessness each year," and "number of days that persons experience homelessness," describe these categories for each homeless population type (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth):

See previous table.

Nature and Extent of Homelessness: (Optional) See below.

Table NA-22.5 – Nature and Extent of Homelessness

| | Race: | Sheltered: | Unsheltered (optional) |
|---|---|--|---|
| Stanislaus County, City of Turlock, and City of Modesto | White | White – 569 | White – 350 |
| | Black or African American | Black or African American – 46 | Black or African American – 39 |
| | Asian | Asian – 9 | Asian – 2 |
| | American Indian or Alaska Native | American Indian or Alaska Native – 43 | American Indian or Alaska Native – 40 |
| | Native Hawaiian or Other Pacific Islander | Native Hawaiian or Other Pacific Islander – 20 | Native Hawaiian or Other Pacific Islander – 5 |
| | Multiple Races | Multiple Races – 23 | Multiple Races – 7 |
| | Ethnicity: | Sheltered: | Unsheltered (optional) |
| Stanislaus County, City of Turlock, and City of Modesto | Non-Hispanic/Non-Latino | Non-Hispanic/Non-Latino – 499 | Non-Hispanic/Non-Latino – 270 |
| | Hispanic/Latino | Hispanic/Latino – 214 | Hispanic/Latino – 173 |

Nature and Extent of Homelessness:

Homelessness in the County has experienced a steady decline over the last five years (2009–2014), both in the number and as a percentage of the overall total.¹ Reasons for this decline will need to be analyzed using additional community data. Additionally, across 2009 to 2014, the number of persons in households with children/only children has seen a steady decline with the exception of a spike in 2014. To illustrate, in 2013, 22 percent of the total homeless population is part of households with children/only children and in 2014 this increased to 29 percent.

Using the Point-In-Time count of 2014, one can estimate that approximately 1,156 people experienced homelessness during 2014. Of those, more than 70 percent are individuals in households without children, and approximately 30 percent were individuals in households with children or households of only children.

2014 experienced a marked increase in the percentage of sheltered versus unsheltered homeless persons. Said another way, 2014 saw the lowest number of homeless unsheltered since point in time survey started in 2009. Additionally, the percentage of sheltered homeless, compared to unsheltered, steadily increased from 2009 to 2013. This recent increase will need to be analyzed, taking into consideration community information.

Chronic homelessness has remained constant, but with a slight decline from 2009 to 2014 and with a spike in 2014 compared to 2013 and 2011. 2014’s Point-In-Time count reported that 13 percent of homeless were chronically homeless, which is a decline from 16 percent in 2009. Reasons for this decline will need to be analyzed using additional community information.

¹ “Percentage of overall total” excludes 2014 due to County population data for 2014 being unavailable.

The Stanislaus County's 2014 Point-In-Time (PIT) Homeless Count reports an overall increase in the occurrence of special homeless subpopulation categories (severely mentally ill, chronic substance abuse, persons with HIV/AIDS, and victims of domestic violence) with the exception of veterans. This appears to be a result of increased reporting by participants (individuals can select to fit in more than one category), but additional research will be needed to analyze this further. Additionally, homeless people that experience severe mental illness make up the largest percentage of special homeless populations in Stanislaus County. They represent 29 percent of the total population, compared to (in order) victims of domestic violence (20 percent), chronic substance abuse (15 percent), veterans (6 percent) and persons with HIV/AIDS (1 percent).

Supplemental race/ethnic data

Whites (including Hispanic/Latino) make up the largest race category that experience homeless at 80 percent, followed by Black/African American (7 percent) and tied with American Indian/Alaska Native (7 percent), multiple races (3 percent), Native Hawaiian or Other Pacific Islander (2 percent), and Asian (0.9 percent). Homeless that are Hispanic/Latino represent 33 percent of the total homeless population, which is less than the percentage of Hispanic/Latino in the county (43 percent). See Table 22.6.

Estimate the number and type of families in need of housing assistance for families with children and the families of veterans.

Based on the findings of the 2014 homeless count:

- ◆ There were 114 households with at least one adult and one child, for a total of 332 persons. Of these, 67 percent were living in emergency or transitional housing and 33 percent were unsheltered.
- ◆ 23 families were chronically homeless, 39 percent unsheltered.
- ◆ 69 veterans were homeless, 41 percent of those were unsheltered.

Describe the Nature and Extent of Homelessness by Racial and Ethnic Group.

Surveys collected as part of the 2014 homeless count show the following:

Table NA-22.6 – Nature and Extent of Homelessness by Race and Ethnic Group

| Race/Ethnicity | Homeless Population – Percentage (Actual Number) | Overall Population Percentage (Actual Number) |
|--|--|---|
| Stanislaus County, City of Turlock, and City of Modesto | | |
| White (includes Hispanic/Latino) | 80% (919) | 76% (396,550) |
| Black/African American | 7% (85) | 3% (14,635) |
| American Indian/Alaska Native | 7% (83) | 1% (4,243) |
| Asian | 0.9% (11) | 5% (27,351) |
| Native Hawaiian or Other Pacific Islander | 2% (28) | 0.7% (3,810) |
| Multiple Races | 3% (30) | 4% (22,568) |
| Hispanic/Latino* | 33% (387) | 43% (220,267) |

Data Source: U.S. Census, 2009–2013, ACS 5-year estimates for Stanislaus County.

*If numbers were totaled, they would not add up to the actual total homeless population because Hispanic/Latino category is a separate measurement than measurements by race.

Age Differences between Households with Children and Households without Children

Table NA-22.7 – Age Differences between Households with Children and without Children

| Age Range | Households with Children Sheltered and Unsheltered | Households without Children Sheltered and Unsheltered |
|--|---|--|
| Stanislaus County, City of Turlock, and City of Modesto | | |
| Number of Children (under age 18) | 173 | NA |
| Number of Persons (18 to 24) | 33 | 92 |
| Number of Persons (over 24) | 126 | 723 |

Describe the Nature and Extent of Unsheltered and Sheltered Homelessness.

Of the 1,156 homeless individuals counted as part of the 2014 homeless count, 38 percent were unsheltered. Data by household type showed that the majority of the homeless population was composed of people in households without children. Comparing homelessness by race, 46 percent of Black or African Americans were unsheltered as compared to 38 percent of Whites who were unsheltered. Additionally, 16 percent of the unsheltered homeless were female and 22 percent were male. Lastly, veterans represent 6 percent of the homeless, both sheltered and unsheltered.

NA-45 Non-Homeless Special Needs Assessment – 91.205 (b, d)

Introduction:

Many non-homeless individuals need supportive housing and services to enable them to live independently and to avoid homelessness or institutionalization, including the elderly, persons with physical, mental, or developmental disabilities, persons with HIV/AIDS, victims of domestic violence, children leaving group homes or aging out of foster care, farmworkers, and substance abusers. Within Stanislaus County, subpopulations include the elderly, mentally ill, physically disabled, persons with HIV/AIDS, persons with substance dependence or abuse, youth, victims of domestic violence, and farmworkers. The following is a brief analysis of the needs of these subpopulations. The facilities and services available to these subpopulations are discussed in greater detail in the Market Analysis (MA-35) section of this Plan.

Describe the characteristics of special needs populations in your community:

Elderly: According to the 2008–2012 American Community Survey 5-Year Estimates, there were 32,651 household over the age of 65 living in Stanislaus County, 19.7 percent of total households. The majority of elderly have a fixed income and deal with physical constraints, which makes them a group with special housing needs. Estimates also indicate that approximately 17.4 percent of elderly households fall under the extremely low-income category, approximately 15.3 percent are very low, and about 19.0 percent fall in the low-income category. Since the elderly often live alone and have limited mobility, housing units best suited to their needs are smaller units located near public transportation, medical facilities, shopping, and other services. Security is also a concern for the elderly, primarily because they often are more vulnerable to crime. The elderly often require special design considerations such as ramps and handrails to assist with mobility. Retirement complexes and convalescent homes offer alternative housing choices, but most of the elderly live in independent residences, often in substandard conditions.

Persons with Disabilities: Disabilities vary in type and severity and can have a significant impact on a household's housing needs and ability to pay for appropriate housing. Based on the 2000 US Census, there are 37,333 persons over age 5 with disabilities (9.09 percent of the population) in Stanislaus County. According to the 2008–2012 ACS 5-Year Estimates for 2012, approximately 23.8 percent and 16.1 percent of persons with a disability fall under the extremely low- and very low-income categories.

Youth: In 2013, there were approximately 402,378 youth in the national foster care system (US Department of Health and Human Services, Administration for Children and Families), including 58,699 children and youth in California and 736 in Stanislaus County (kidsdata.org). Typically, the foster care system expects youth to exit the system and live independently at age 18, which can create challenges for young adults who “age out” of the system. California has opted to extend care up to age 21. While many of these young people go on to lead successful lives, others fare poorly. A high percentage experience inadequate housing, low educational and career attainment, early parenthood, substance abuse, physical and mental health problems, and involvement with the legal system (kidsdata.org).

Farm workers. Since agriculture is one of the top industries in Stanislaus County, farm labor is integral to the County's economy. According to the 2012 Agricultural Census conducted by the US Department of Agriculture, there were 14,657 farm workers in Stanislaus County. State and federal housing programs for farm workers in Stanislaus County are administered by the Housing Authority of the County of

Stanislaus (HACS), which is an independent public agency entirely separate from County government. Other efforts to provide farm worker housing come mainly from individual farms and farmers. The Stanislaus County Department of Environmental Resources is the local agency responsible for enforcing state regulations on farm worker housing. Farm workers are housed predominantly in labor camps owned and operated by a Housing Authority, privately owned camps, and individual units in the unincorporated area. Housing shortages exist during peak seasonal labor periods, in the months of July through September, when a large influx of migrant workers enters the workforce.

Because farm workers are usually low income and their employment status is often tenuous, they are unable to compete for housing on the open market. Housing that is available to farm workers is often of substandard condition and located in areas of the community lacking adequate services. However, Stanislaus County is fortunate in that the Housing Authority of the County of Stanislaus maintains 580 farm labor and migrant housing units throughout the agricultural areas of the county that offer a decent living environment for farm workers. The Housing Authority maintains 94 migrant housing units in Empire, 42 units in Patterson, and 88 units in Westley. These units are occupied six months out of the year, from May through October. The labor housing program provides 356 units, including 104 units in Ceres, 76 units in Patterson, 91 units in Modesto, and 85 units in Westley. Stanislaus County is continually supportive of the Housing Authority's efforts to maintain and increase the supply of farm worker housing throughout the county.

What are the housing and supportive service needs of these populations and how are these needs determined?

The needs of the populations discussed above, combined with the difficulties in estimating the extent of such needs, can be challenging. High housing costs and low vacancy rates (as described in the Market Analysis section of this Plan) are especially problematic for those with special needs (2015–2023 Draft Housing Element Update). There is a broad-based array of objectives throughout this and related plans. Some of the housing and supportive housing needs are addressed strategically through funding categories used to meet multiple needs, including the creation of affordable housing, which will benefit the special needs populations discussed in this section.

The majority of the elderly have physical constraints which limit mobility, are on a fixed income, and often live alone. Housing best suited for the elderly is typically located near public transportation, medical facilities, shopping, and other services. Special design considerations to alleviate physical constraints can include ramps and handrails. Local agencies that provide supportive services for the elderly include the Area Agency on Aging, the Salvation Army, Catholic Charities/Stanislaus Elder Abuse Prevention Alliance (SEAPA), the Senior Opportunity Service Program, and the Catholic Charities Homemaker Ombudsman Program. Housing assistance, in the form of Section 8 and housing rehabilitation and repair programs, is available through the Housing Authority of the County of Stanislaus and the Stanislaus County Department of Social Services (2015–2023 Draft Housing Element Update).

Persons with disabilities also often have physical constraints which limit mobility within and outside of the home. Typically, housing best suited for persons with disabilities will also be located near transit, medical facilities, shopping, and other services. Supportive services provided in Stanislaus County include centralized information and emergency housing rehabilitation to address handicap accommodation retrofits. Local agencies that provide assistance to persons with disabilities include the Disability Resource Agency for Independent Living (DRAIL), the Modesto Independent Living Center, and the Stanislaus County (2015–2023 Housing Element Update).

Typically, shortages for farm worker housing exist during peak seasonal labor periods of July through September. Farm work is usually low paying and employment can be tenuous, making it hard for farm workers to compete for housing. Where they do find housing, it is often substandard, and isolated from community services such as shopping, transit, medical, and other supportive services (2015–2023 Draft Housing Element Update).

For the elderly and those aging out of foster care, smaller and more affordable housing units designed for people living alone such as studios and one bedrooms are in short supply. Housing that can affordably and comfortably accommodate larger families is also needed. For many of these special needs populations, employment services and financial stabilization services such as credit counseling, help with utility and other housing-related payments, relocation assistance, and case management are also needed within convenient access to residents.

Discuss the size and characteristics of the population with HIV/AIDS and their families within the Eligible Metropolitan Statistical Area.

In California and the rest of the United States, HIV infections and AIDS diagnoses are reported through a combination of passive and active surveillance. Passive surveillance is conducted through state-required reporting of HIV and AIDS cases by health care providers and reporting of HIV-positive test results from laboratories to local health departments (LHD). Active surveillance is accomplished through routine visits by LHD staff to hospitals, physician offices, laboratories, counseling and testing clinics, and outpatient clinics to ensure completeness, timeliness, and accuracy of reported data. To improve timeliness and completeness of reporting and ensure prompt identification and response to emerging problems in the field, the California Department of Public Health, Center for Infectious Diseases, Office of AIDS supports a decentralized reporting system where HIV and AIDS case reports are identified through passive and active surveillance efforts coordinated by California's 61 LHDs.

According to the California Department of Public Health, Office of AIDS, HIV/AIDS Surveillance Section, data as of June 30, 2014, which is reported by county and not metropolitan statistical area, show the following for Stanislaus County:

| | |
|--------------------|-----|
| HIV Total Cases: | 179 |
| HIV Living Cases: | 172 |
| HIV Deceased: | 7 |
| AIDS Total Cases: | 826 |
| AIDS Living Cases: | 392 |
| AIDS Deceased: | 434 |

NA-50 Non-Housing Community Development Needs – 91.215 (f)

Describe the jurisdiction's need for Public Facilities:

The Stanislaus Planning Area has extensive needs for public facilities. These include, but are not limited to the following:

Parks/Community Facilities: There is a need for facilities serving youth/after school programs and facilities serving seniors.

Accessibility Improvements to Public Facilities: Most existing public facilities in the Stanislaus Planning Area do not meet ADA (Americans with Disabilities) accessibility standards.

Energy Efficiency Improvements to Public Facilities: Many community facilities require upgrading to improve energy efficiency.

How were these needs determined?

A survey was conducted as part of the consolidated plan process. When asked about what parks and community center services were most important to fund, respondents identified the top three priorities as facilities serving youth/after school programs, facilities serving seniors, and improvements to accessibility for seniors and disabled persons. Responses in the City of Turlock identified similar priorities. See Community Outreach Summary for individual responses.

Describe the jurisdiction's need for Public Improvements:

In many neighborhoods and communities of the Stanislaus Planning Area, public infrastructure is minimal or non-existent. Infrastructure such as sewer, water, curb, gutter, sidewalk, and storm drainage are typical development standards in newer neighborhoods. Projects have been identified in the Annual Action Plan that will address this. In addition the following needs have been identified.

Water and Sewer Infrastructure and Services: Extension/improvement of water and sewer lines are needed to serve low and moderate income households and to facilitate economic development activities.

Street and Sidewalk Improvements: Improvements are needed to address safety and traffic issues. In addition, ramps and curb cuts are needed to meet ADA accessibility requirements.

Streetlights: Many streets and public facilities (such as parks and recreation areas) lack adequate street lighting.

How were these needs determined?

A survey was conducted as part of the consolidated plan process. Results of the survey identified street improvements, improving water supply, and installing or improving street lighting to be the highest priority among infrastructure improvements surveyed. Responses for participants who identified as being from Turlock also identified street improvements, improving water supply, and installing or improving street lighting to be the highest priority for funding. See Community Outreach Summary for individual responses.

Additionally, for Stanislaus County projects, the Stanislaus County Board of Supervisors adopted (August 23, 2011) Residential Neighborhood Infrastructure Project Ranking Criteria to be used in determining the priority of future infrastructure spending projects, beyond those already programmed and reflected in past Annual Action Plans and Implementation Plans of the County's former redevelopment agency.

The ranking criteria focus on the following factors:

- a) Health and safety needs of the program/project and how those needs compare with the needs of other programs/projects (i.e., high per capita septic system failures).
- b) The willingness and ability of the local community to assess itself for purposes of contributing toward project costs and costs of ongoing maintenance and operation of improvements inclusive of support of the program/project by the area's municipal advisory council or an organized community group (if no council exists to represent the area).
- c) Identified and available funding sources for the specific program/project (the ability to leverage local agency dollars with outside funding sources are critical to ensuring a successful program/project).
- d) A project's geographical and fiscal equity in terms of equitable distribution throughout the various communities, service to income-qualified residents, and, when needed, proximity to needed infrastructure connects.

Describe the jurisdiction's need for Public Services:

Given the geographic spread of the Planning Area, many communities do not have adequate access to public and supportive services. Service needs in the Planning Area include, but are not limited to, the following:

- Youth services, especially services for at-risk youth
- Senior services, including case management and advocacy
- Physically/mentally disabled persons services
- Homeless and homeless prevention services
- Employment services

How were these needs determined?

A survey was conducted as part of the consolidated plan process. Survey participants were asked to rank the importance of providing grant funds to programs that provide public services to low-income persons in their community. Respondents felt that the highest priority should be given to services for at-risk children/youth, seniors, and physically/mentally disabled persons. Lowest priority was to persons recently incarcerated or on parole, persons with substance abuse problems, and for financial literacy.

Housing Market Analysis

MA-05 Overview

Housing Market Analysis Overview:

The purpose of this section of the Plan is to provide a clear picture of the environment in which the Stanislaus Urban County and City of Turlock will administer its CDBG program over the term of the Plan. The Market Analysis includes the following sections:

- ◆ Number of Housing Units, Cost of Housing, Condition of Housing
- ◆ Public and Assisted Housing
- ◆ Homeless Facilities and Services
- ◆ Special Needs Facilities and Services
- ◆ Barriers to Affordable Housing
- ◆ Non-Housing Community Development Assets
- ◆ Needs and Market Analysis Discussion

In conjunction with the Needs Assessment, the Market Analysis provides the basis for the Strategic Plan and the programs and projects to be administered. Most of the data tables in this section are populated with default data developed by the Census Bureau for HUD based on 2007–2011 American Community Survey (ACS). Other sources are noted throughout the Plan.

Data in this section has been provided by HUD's Integrated Disbursement and Information System (IDIS) for the entire planning area including Stanislaus Urban County and the City of Turlock. Data for the individual jurisdictions has been provided from IDIS and CPD Maps where available. The following maps are attached in **Appendix 4**:

- ◆ Map 14: Extremely low-income households with any of four severe housing problems (North)
- ◆ Map 15: Extremely low-income households with any of the four severe housing problems (South)
- ◆ Map 16: Low-income households with any of the four severe housing problems (North)
- ◆ Map 17: Low-income households with any of the four severe housing problems (South)
- ◆ Map 18: Moderate-income households with any of the four severe housing problems (North)
- ◆ Map 19: Moderate-income households with any of the four severe housing problems (South)

MA – 10 Number of Housing Units – 91.210(a) & (b)(2)

Introduction

Based on the data below, there are 98,036 housing units in the Stanislaus Planning Area (includes the Stanislaus Urban County and City of Turlock); approximately 57.9 percent of these units are owner-occupied and 42.1 percent are renter-occupied. The majority (77 percent) of all units within the Planning Area is single-family detached. Another 4 percent of the housing units in the Stanislaus Planning Area are single-family attached, 5 percent have 2-4 units per structure, and 8 percent have 5 or more units. The majority of the housing units in the Planning Area are 3 or more bedrooms and over 62 percent of all housing units are owner-occupied.

The City of Turlock has 24,595 housing units with approximately 51.6 percent owner-occupied and 48.4 percent are renter-occupied units. The majority (67.7 percent) of all units are single-family detached. Another 6.6 percent of the housing units are single-family attached, 7.1 percent have 2-4 units per structure, and 15.9 percent have 5 or more units. The majority of the housing units in the City of Turlock are 3 or more bedrooms and approximately 56 percent of all housing units are owner-occupied.

The tables below show the number and type of housing units for Stanislaus Planning Area, which includes the Urban County (which includes the six cities listed plus the unincorporated area of the County) and the City of Turlock.

All residential properties by number of units

Table MA-1 shows residential properties by number of units for the Stanislaus Planning Area as well as individual jurisdictions.

Table MA-1 – Residential Properties by Unit Number

| Property Type | Number | % |
|---------------------------------|---------------|-------------|
| Stanislaus Planning Area | | |
| 1-unit detached structure | 75,758 | 77% |

Data Source: 2007-2011 ACS

Describe the number and targeting (income level/type of family served) of units assisted with federal, state, and local programs.

With the dissolution of the Redevelopment Agencies, the Stanislaus Urban County's and City of Turlock's ability to provide affordable housing has been seriously compromised. The Stanislaus Urban County's and City of Turlock's CDBG allocations are limited, and HOME funds are not guaranteed. With limited resources, the Stanislaus Urban County and City of Turlock anticipate the following housing activities:

- ◆ CDBG Funds: The Stanislaus Urban County does not use CDBG Funds for housing activities. The main use of CDBG Funds is infrastructure activities. The infrastructure funded serves low-income areas.
- ◆ HOME Funds: City of Turlock/ Stanislaus Urban County are entitlement communities for HOME Funds. These funds are used for low income households.
- ◆ Other Funding Sources: The Stanislaus Urban County will pursue additional funding to address housing needs in the unincorporated areas and may collaborate with the City of Turlock in funding applications. Potential funding sources include bonds and the State Energy Upgrade California Program and existing PG&E Rebate Program. All of these programs serve low income households.

Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.

The Housing Authority of the County of Stanislaus (HACS) is the largest landlord of multi-family and senior housing for the lower income population. The HACS owns and manages over 1,300 rental units (including public housing, farm labor housing, seasonal migrant farm worker housing). Based upon data collected County staff does not foresee a loss of available public housing units with Stanislaus County.

Does the availability of housing units meet the needs of the population?

The HACS currently has waiting lists for publicly assisted housing and Housing Choice Vouchers have a wait period of many years. In addition to issues relating to affordability, issues relating to housing conditions are also prevalent. With more than half (66 percent) of the housing units older than 30 years of age, a large portion of the County's housing stock may need substantial rehabilitation. The extent of housing needs far exceeds the resources available to address those needs.

Describe the need for specific types of housing:

There are a range of housing needs, including farm worker housing, transitional housing, housing for seniors and housing suitable for families, persons with disabilities, and single bedroom affordable units for homeless individuals without children. Each of these groups has a need for more affordable housing.

MA-15 Housing Market Analysis: Cost of Housing – 91.210(a)

Introduction

One of the most important factors in evaluating a community's housing market is the cost of housing and, even more significant, whether the housing is affordable to households who live there or would like to live there. Housing problems directly relate to the cost of housing in a community. If housing costs are relatively high in comparison to household income, a correspondingly high prevalence of housing cost burden and overcrowding occurs.

The cost of homeownership varies quite dramatically within Stanislaus County depending on the community. For example, the median sales price in 2013 for a home in Hughson was \$250,000. In other areas of the County, such as Waterford, the median sales price was \$143,500, according to real estate data compiled by DataQuick (www.dqnews.com). Overall, the median home price in Stanislaus County was \$175,000 in 2013, a 39 percent increase compared to 2000 Census data.

Rental rates in the County also vary dramatically by community. Rents were highest in Patterson and Hughson, while Waterford, Newman and Ceres had the lowest average rents.

Cost of Housing

Table MA-3 shows housing costs for the County and jurisdictions, and the City of Turlock including median home value and median contract rent.

Table MA-3 – Cost of Housing

| | Base Year: 2000 ¹ | Most Recent Year: 2013 ² | % Change |
|--------------------------|------------------------------|-------------------------------------|----------|
| Stanislaus County | | | |
| Median Home Value | \$125,300 | \$175,000 | 39% |

Housing Affordability

The HUD-Adjusted Area Median Family Income (HAMFI) is used to define housing affordability. It is the median family income calculated by HUD for each jurisdiction, in order to determine Fair Market Rents (FMRs) and income limits for HUD programs. Therefore, the HAMFI may differ from median income in the US Census or other data sources. Table MA-5 shows the number of households by affordability and tenure.

Table MA-5 – Housing Affordability

| % Units Affordable to Households Earning | Renter | Owner |

| High HOME Rent | \$575 | \$710 | \$886 | \$1,014 | \$1,556 |
| Low HOME Rent | \$542 | \$581 | \$697 | \$806 | \$900 |

Data Source: HUD 2014 Fair Market Rents, Modesto MSA

Is there sufficient housing for households at all income levels?

While approximately 38 percent of the Stanislaus Planning Area households, both renter and owner, are low income (at or below 80% of AMI; see Needs Assessment) only 29 percent of housing units (based on a total of 98,036 units) are affordable to these households. A majority of these units are affordable to households earning 80% of AMI, followed by households at 50% (very low income) and 30% (extremely low income) of AMI. This indicates that there is a lack of affordable housing stock in the Stanislaus Planning Area to meet the existing needs of low and very low income households.

How is affordability of housing likely to change considering changes to home values and/or rents?

Given the way the market is trending, it is likely that affordability will continue to be a challenge for both renters and owners. The market has become increasingly difficult for low-income buyers due to a variety of factors, including a shrinking inventory of affordably priced homes, fierce competition from cash investors bidding on the same homes, and the more restrictive credit market that has made it difficult for many homebuyers to obtain financing. As a result of these challenges, the County prioritizes its limited resources for affordable rental housing.

Forced sales and foreclosures have forced many homeowners into the rental market, further stressing an already tight market. This increase in renter households has contributed to low rental vacancy rates and increased rental prices throughout the county.

How do HOME rents/Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?

Based on the data tables in this section, the area's median rent (\$825 in 2013) is affordable for a one bedroom unit, but would not be affordable for a two or more bedroom unit. This data supports the County's strategy to produce or preserve affordable housing, per HUD's Office of Community Planning and Development (CPD) guidance.

MA-20 Housing Market Analysis: Condition of Housing – 91.210(a)

Introduction

Based on data from the 2007-2011 ACS, 48.2 percent (43,675 households) of both owner-occupied and renter-occupied households in the Stanislaus Planning Area have one or more of the following housing conditions: (1) lacks complete plumbing facilities; (2) lacks complete kitchen facilities; (3) more than one person per room; and (4) cost burden greater than 30%. Renter-occupied households have the highest rate of housing conditions at 58 percent while 43 percent of owner-occupied households have none of the housing conditions. With regard to the age and condition of the housing stock, the majority of Planning Area's housing units were built between 1950 and 1979 (34 percent) followed by between 1980 and 1999 (32 percent), 2000 or later (20 percent), and before 1950 (14 percent). Older units are generally in greater need of repair, including possible lead-based paint remediation: 48 percent of both owner-occupied and renter-occupied units were built before 1980. Approximately 30 percent of units built before 1980 have children present. These units pose the greatest risk of lead poisoning.

In the City of Turlock, 44.8 percent (10,747 households) of both owner-occupied and renter-occupied households have one or more of the following housing conditions: (1) lacks complete plumbing facilities; (2) lacks complete kitchen facilities; (3) more than one person per room; and (4) cost burden greater than 30%. Renter-occupied households have the highest rate of housing conditions at 58 percent, while 43 percent of owner-occupied households have none of the housing conditions. With regard to the age and condition of the housing stock, the majority of housing units were built between 1980 and 1999 (36 percent), followed by between 1950 and 1979 (33 percent), 2000 or later (23 percent), and before 1950 (9 percent). Older units are generally in greater need of repair, including possible lead-based paint remediation: 44 percent of both owner-occupied and renter-occupied units were built before 1980. Approximately 33 percent of units built before 1980 have children present. These units pose the greatest risk of lead poisoning.

Definitions

According to HUD, substandard housing conditions in the Stanislaus Planning Area include the following:

- ◆ Violation of State building and housing codes;
- ◆ Lack of adequate plumbing, kitchen, or heating facilities; and
- ◆ Overcrowding conditions (defined as being occupied by more than one person per room, including living and dining rooms but excluding bathrooms and kitchen).

Substandard units suitable for rehabilitation are those units where the total rehabilitation costs do not exceed 25 percent of the after-rehabilitation value.

According to the County's 2012 ESG/PSG Guide, housing unit is considered to be in "Standard Condition" if:

- i. The unit is structurally sound and provides adequate shelter from the weather elements and a securable interior environment.
- ii. Has operable indoor plumbing (a minimum of one of each: wash basin, water closet, bathing facilities, kitchen sink).
- iii. Has an adequate, safe electrical system.
- iv. Has sanitary food preparation facilities.
- v. Has no presence of environmental health concerns such as mold and lead.
- vi. Meets and or exceeds HUD Housing Quality Standards (HQS).

A housing unit is considered to be in “substandard condition but suitable for rehabilitation” if the housing unit:

- i. Does not meet one or more of the conditions required for a dwelling to be in “standard condition” and the cost to bring the dwelling into compliance does not exceed 75 percent of the value of the house and property.
- ii. Has been declared unfit or unsafe for occupancy by a government agency and the cost to bring the dwelling into compliance does not exceed 75 percent of the value of the house and property.

Condition of Units

Table MA-7 shows the housing conditions in the Stanislaus Planning Area by tenure. A majority (57 percent) of owner-occupied housing units have no selected housing conditions and 42 percent of renter-occupied housing units have no selected conditions.

Table MA-7 – Condition of Units

Describe the need for owner and rental rehabilitation based on the condition of the jurisdiction's housing.

Housing age can indicate general housing conditions within a community. Housing is subject to gradual deterioration over time. Deteriorating housing can depress neighboring property values, discourage reinvestment, and eventually impact the quality of life in a neighborhood. A Housing Conditions Survey was conducted from July 2002 to March 2003 in unincorporated portions of the County. A subsequent 2009 windshield survey was conducted to verify that the earlier inventory was still a valid representation of the unincorporated housing stock. An assessment was completed for each residential structure found in the designated communities and neighborhoods but omitted housing units scattered beyond the concentrated neighborhoods. Housing units on large agricultural parcels and in distant rural areas beyond the concentrated housing tracts were deemed impractical to assess. A total of 11,000 housing units (68.4 percent) were in sound condition, with no repairs needed, while 3,593 units (22.3 percent) needed minor repairs. An additional 1,222 units (7.6 percent) needed moderate repairs, and only 185 units (1.2 percent) required substantial repair. A total of 74 housing units (0.5 percent) were found to be dilapidated. As a result, a total of 5,000 (31.1 percent) of the residential units were classified as qualifying for rehabilitation due to their state of disrepair. According to the Planning and Community Development Department, the percentage of units in need of rehabilitation from 2002 to 2003 to present remains similar.

Estimate the number of housing units within the jurisdiction that are occupied by low or moderate income families that contain lead-based paint hazards. 91.205(e), 91.405

Housing age is the key variable used to estimate the number of housing units with lead-based paint (LBP). Starting in 1978, the federal government prohibited the use of LBP on residential property. National studies estimate that 75 percent of all residential structures built prior to 1970 contain LBP. Housing built prior to 1940 is highly likely to contain LBP (estimated at 90 percent of housing units), and in housing built between 1960 and 1979, 62 percent of units are estimated to contain LBP.

All housing related programs administered by the Stanislaus Urban County and the City of Turlock, including those in collaboration with the HOME Consortia and the HACS, have policies in place which require that all units constructed before 1978 be screened for lead-based paint hazards. The lead-based paint regulation that became effective April 22, 2010 added a requirement that required contractors bidding on the rehabilitation of housing built prior to 1978 provide documentation of EPA Lead Renovation and Repair and Painting certification. If lead is found in any housing units, a lead-based paint clearance test is conducted, after the work had been completed, by a licensed contractor with expertise in this type of work. Final payment is not released until the unit has passed the lead-based paint testing requirement.

These requirements will assist Stanislaus Urban County and the City of Turlock in their goal to eliminate the lead-based hazards within the units of the community.

MA-25 Public and Assisted Housing – 91.210(b)

Introduction

Totals Number of Units

Table MA-11 shows the total number of public and assisted housing units in Stanislaus County.

Data Source: Public Information Center and HACs

Describe the supply of public housing developments:

The Housing Authority of the County of Stanislaus (HACS) maintains 5 percent of its Public Housing Units as accessible for disabled persons/families throughout its inventory. The HACS’s remaining Public Housing Units are designated as general occupancy and can be occupied by the elderly without requesting further designation.

Describe the number and physical condition of public housing units in the jurisdiction, including those that are participating in an approved Public Housing Agency Plan:

The Public Housing units are inspected periodically by HUD’s Real Estate Assessment Center to score the physical condition of the property based on HUD’s Uniform Physical Condition Standards. These inspections are conducted by Asset Management Properties (AMP) and consist of full site and common area inspections and a random sampling of units based on the number of units in the AMP.

The HACS operates conventional public housing in five Asset Management Properties (AMP) units that are located throughout Stanislaus County. Only AMP 1 and AMP 2 contain units within Stanislaus Urban County.

AMP 1 was last inspected in 2013 and received a score of 93 out of 100. Based on this score the property will next be inspected in 2016. AMP 2 was last inspected in 2014 and received a score of 86 out of 100. Based on this score the property will next be inspected in 2016.

Describe the restoration and revitalization needs of public housing units in the jurisdiction:

Restoration and revitalization needs are typically identified through physical needs assessments completed for the Public Housing properties. These activities are then incorporated in the HACS’ Five-Year Action Plan. Projects currently planned in these areas over the next five years range from interior and exterior modernization of buildings and units to replacement of mechanical systems. Table MA-11.1 below summarizes the HACS’s restoration and revitalization project needs.

Table MA-11.1 – Conventional Public Housing

| Conventional Public Housing – Stanislaus Urban County | | |
|--|---|----------------|
| AMP 1 | | |
| Property Name | Repairs Needed | Expense |
| Patterson Units | Replace HVAC Systems | \$195,000 |
| Westley Units | Interior Modernization, Kitchens, Baths, Electrical, Finishes | \$500,000 |
| | | |
| AMP 2 | | |
| Property Name | Repairs Needed | Expense |
| Ceres Units | Replace HVAC Systems | \$117,000 |
| Oakdale Units | Replace HVAC Systems | \$364,000 |
| Turlock Units | Interior Modernization, Kitchens, Baths, Electrical, Finishes | \$900,000 |
| Hughson Units | Exterior & Interior Modernization | \$920,000 |

Source Data: Housing Authority of Stanislaus County, 2015

Describe the public housing agency's strategy for improving the living environment of low- and moderate-income families residing in public housing:

The following are activities that HACS conducts to improve the living environment low- and moderate income families residing in public housing:

HACS:

- ◆ Pursues collaborative projects with other local agencies to provide non-housing services to our residents to further economic opportunity.
- ◆ Establishes a zero tolerance policy for illegal drug use/activity to provide a drug-free environment for residents.
- ◆ Works with local law enforcement to establish neighborhood watch programs and to obtain "Crime-Free" certification of our developments.
- ◆ Conducts periodic inspection of properties to ensure buildings, units and grounds are maintained in good repair and free of health and safety hazards.
- ◆ Conducts long-term planning of capital improvements to properties including physical and energy efficiency improvements which reduce the utility costs of residents.

In addition to ensuring safety and habitability through HUD's HQS compliance and other efforts, such as requirements for carbon monoxide detectors, the Housing Choice Voucher (HCV) program provides notices to landlords and tenants warning them of the hazards of lead-based paint.

Discussion:

The HACS operates several affordable housing programs including Public Housing, year round Farm Labor Housing, Seasonal Migrant Farm Worker Housing and several smaller affordable housing properties including units funded under the Neighborhood Stabilization Program (NSP) and the Housing Choice Voucher Program (Section 8).

Currently, there is no other funding or authorization from HUD to increase the number of Public Housing units, however, HACS is always working to increase the stock of affordable housing in Stanislaus County through other available resources, programs, and partnerships as opportunities arise.

The HACS operates 647 conventional public housing units throughout Stanislaus County in five Asset Management Properties (AMP). AMP 1 contains a total of 149 units located in Oakdale, Turlock, Ceres, and Hughson. AMP 2 contains a total of 66 units located in Newman, Patterson and Westley. The remaining 432 units are located in AMPs 3, 4 & 5 in the City of Modesto. Table MA-11.2 below includes a detailed breakdown by area and bedroom size for AMPs 1 and 2.

Table MA-11.2 – Housing Authority of the County of Stanislaus

| Housing Authority of the County of Stanislaus | | | | | | |
|---|---------------|---------------|---------------|---------------|---------------|--------------|
| Number on Waiting List for Conventional Public Housing – Stanislaus Urban County | | | | | | |
| Area | 1 Bdrm | 2 Bdrm | 3 Bdrm | 4 Bdrm | 5 Bdrm | Total |
| AMP 1 | | | | | | |
| Ceres | 638 | 733 | 144 | 19 | 0 | 1534 |
| Hughson | 192 | 210 | 24 | 6 | 0 | 432 |
| Oakdale | 270 | 247 | 34 | 0 | 0 | 551 |

| Patterson | 0 | 196 | 42 | 2 | 0 | 240 |
| Westley | 4 | 14 | 18 | 4 | 0 | 40 |
| Totals | 1660 | 1939 | 356 | 39 | 0 | 3994 |

Data Source: Housing Authority of Stanislaus County, 2015

The current need for public housing is identified by the number of persons on the program waitlists. Specific to Public Housing, the HACS maintains nine site based waiting lists county-wide. Seven of these waiting lists are for units located in AMPs 1 and 2. On these seven lists there are currently a total of 3,994 families. Table MA-11.3 includes a detailed breakdown by area and bedroom size for AMPs 1 and 2.

Table MA-11.3 – Housing Authority of the County of Stanislaus

| Housing Authority of the County of Stanislaus | | | | | | |
|--|---------------|---------------|---------------|---------------|---------------|--------------|
| Number of Conventional Public Housing – Stanislaus Urban County | | | | | | |
| Area | 1 Bdrm | 2 Bdrm | 3 Bdrm | 4 Bdrm | 5 Bdrm | Total |
| AMP 1 | | | | | | |
| Ceres | 8 | 10 | 22 | 6 | 2 | 48 |
| Hughson | 12 | 6 | 18 | 9 | 0 | 45 |
| Oakdale | 4 | 16 | 6 | 0 | 0 | 26 |
| Turlock | 4 | 17 | 8 | 1 | 0 | 30 |
| AMP 2 | | | | | | |
| Newman | 2 | 10 | 4 | 0 | 0 | 16 |
| Patterson | 0 | 8 | 12 | 8 | 2 | 30 |
| Westley | 0 | 0 | 12 | 6 | 2 | 20 |
| Totals | 30 | 67 | 82 | 30 | 6 | 215 |

Data Source: Housing Authority of Stanislaus County, 2015

The HACS currently administers 1,781 properties of which 737 are “conventional” public housing units (90 of these are owned by the Riverbank Housing Authority but managed by HACS), 450 are “private stock,” 20 are mobile home spaces, and 356 are housing units for year-round farm workers, and 218 are for migrant farm laborers.

Although HACS did not specify their locations, it seems reasonable to assume that most if not all of the farm labor units are in Stanislaus County's unincorporated area. Of the 647 units categorized as conventional public housing, HACS indicated that 48 are located in Ceres, 30 in Patterson, 26 in Oakdale, and 16 in Newman. There are no conventional units in Waterford. Twenty conventional units are located in the unincorporated town of Westley. Thus, with respect to the 647 units that the HACS defines as conventional, 120 are located within the Stanislaus Urban County area (18.5 percent). HACS did not identify the location of either the 450 units in its private stock or its 20 mobile homes.

:

MA-30 Homeless Facilities and Services – 91.210(c)

Introduction

The most comprehensive analysis of the homeless population and service availability in Stanislaus County is conducted by the Continuum of Care Housing and Supportive Services Collaborative of Stanislaus County. To obtain demographic data on the homeless and those at risk of becoming homeless, a point-in-time survey is conducted annually.

According to the HCD data for Stanislaus County Housing Elements, there are 322 family beds, 555 adult only beds, 61 children only beds for a total 858 year around beds in Stanislaus County. No seasonal beds were identified.

Facilities and Housing Targeted to Homeless Households

Table MA-13 shows the number of shelter beds in the County by type.

Table MA-13 – Facilities and Housing Targeted to Homeless Households

| | Emergency Shelter Beds | | Transitional Housing Beds | Permanent Supportive Housing Beds | |
|---|---------------------------------|--------------------------------|---------------------------|-----------------------------------|-------------------|
| | Year-Round Beds (Current & New) | Voucher/Seasonal/Overflow Beds | Current & New | Current & New | Under Development |

| Unaccompanied Youth | 62 | 0 | 0 | 0 | N/A |

Data Source: Stanislaus County's 2014 Point-In-Time (PIT) Homeless Count Inventory List

Describe mainstream services, such as health, mental health, and employment services to the extent those services are used to complement services targeted to homeless persons.

- ◆ Intake, Referral, Coordinated Assessment
- ◆ Health
- ◆ Mental Health
- ◆ Employment Services

The following represents a local inventory of these service providers and their respective services including, but not limited to health, mental health, and employment services that can be accessed by homeless persons within the Stanislaus Urban County.

Alliance Worknet

Alliance Worknet offers a variety of resources including job search assistance, resume development, career counseling, occupational skills training, and job placement assistance in order to assist job seekers in obtaining employment in Stanislaus County. This includes three Career Resource Centers in Stanislaus County which provide these services free of charge to the general public.

AspiraNet

AspiraNet's Stanislaus Academy in Turlock prepares students in fifth through twelfth grade in need of special education to once again be enrolled in a traditional public school setting. Among the many services provided, AspiraNet provides vocational education and job training through their California Department of Education Workability program.

BHRS (Inpatient, PSH Supportive Service, Street Outreach, Telecare, ACCESS Team)

Behavioral Health and Recovery Services (BHRS) administers Stanislaus County's behavioral health and recovery services. This includes providing integrated mental health services to adults with a serious mental illness and to children and youth with a serious emotional disturbance. BHRS provides outpatient and residential alcohol and drug treatment and prevention services. The Housing and Employment Services division of BHRS works to provide supportive housing to those in need. BHRS provides training courses to the general public to engage the community in assisting those who need treatment for a mental health illness in obtaining services.

California Conservation Corps

The California Conservation Corps (CCC) provides young men and women between the ages of 18 and 25 the opportunity to work for a year outdoors to improve California's natural resources and to assist with emergency response.

Central Valley Opportunity Center (CVOC)

Central Valley Opportunity Center (CVOC) is a non-profit employment training and service provider serving the counties of Stanislaus, Merced, and Madera. CVOC services include vocational education, remedial education, English Language instruction, housing assistance, energy payment assistance, emergency supportive services, transportation, emergency food, youth employment, health care acquisition, child care services and community education services. CVOC has effectively provided a comprehensive package of services to over 100,000 customers.

STANWORKS - Community Services Agency (CSA)

The Stanislaus County Community Services Agency (CSA) oversees the County's Welfare-To-Work program which helps CalWORKS customers find and keep a job. CalWORKS is a State welfare program that gives cash aid and services to eligible needy California families. The Welfare-To-Work program also includes assisting with job training to upgrade persons to higher paying jobs. This agency's mission is to protect children and adults who are at risk, to preserve families, provide temporary economic assistance, and promote personal responsibility in the areas of job readiness, self-sufficiency, and to practice program and system integrity through innovative and effective business strategies.

Disability Resource Agency for Independent Living (DRAIL)

The Disability Resource Agency for Independent Living (DRAIL) is a non-profit corporation that provides persons with disabilities assistance obtaining Social Security Benefits, acquiring adaptive medical aids, and gaining necessary accommodations to participate in vocational training. DRAIL has offices located in Modesto, Stockton, and Sonora.

Employment Development Department (EDD)

The Employment Development Department (EDD) is a State agency that provides services to Californians under Unemployment Insurance, State Disability Insurance, workforce investment, and Labor Market Information programs. Particularly relevant services include helping job seekers obtain employment, administering workforce investment programs, and assisting disadvantaged recipients in becoming self-sufficient.

Golden Valley Health Center (Corner of Hope Homeless Outreach Program)

The Golden Valley Health Center's mission is to improve the health status of patients by providing quality, managed primary health care services to people in Stanislaus County, regardless of language, and financial, or cultural barriers. Free health services, including dental, vision, general medical and mental health services, are available for the homeless. There are currently thirteen medical facilities located in Stanislaus County. There are six facilities in Modesto, two in Turlock, and one each in Ceres, Newman, Patterson, Riverbank and Westley.

Health Services Agency (HSA)

The mission of the Stanislaus County HSA is to lead the development, implementation, and promotion of public policy and health care services to achieve physical, psychological and social well-being. In partnership with local hospitals and physician groups, it implements and promotes a health delivery system that ensures that Stanislaus County residents have access to quality health care. The Stanislaus County HSA offers a variety of programs aimed at supporting Stanislaus County residents living with HIV/AIDS including the Care Program and the AIDS Drug Assistance Program (ADAP) Services, including an anonymous, walk-in HIV clinic as well as an STD clinic with family planning services. HSA also operates a Medically Indigent Adult Program (MIA) to indigent residents who would otherwise have little or no means of access to or coverage for medical services.

Interfaith Ministries

Interfaith Ministries of Greater Modesto serves thousands of individuals and families in Modesto, Ceres, Salida, Empire and Waterford with emergency food and clothing and the food coalition.

Job Corps

The U.S. Department of Labor administers Job Corps which is a no-cost education and vocational training program for persons between the ages of 16 and 24 who qualify as low income. Job Corps helps young people learn a career, earn a high school diploma or GED, and find and keep a job.

NAMI

The National Alliance for Mental Illness (NAMI) is the nation's largest grassroots mental health organization. With regard to employment assistance, NAMI provides informational resources detailing vocational programs available to persons with a mental illness, legal protections, and health coverage options.

The Salvation Army of Stanislaus County

In addition to serving lunches to approximately 250 people per day, the Salvation Army also operates an emergency and transitional shelter for unaccompanied homeless veterans and non-veterans and adult women and men. The facility also recently opened a health clinic which provides vision, dental and basic medical care for homeless persons staying at the shelter. Currently, the Salvation Army is experiencing an increase in people needing food and clothing. This agency also offers a space for narcotics anonymous meetings, a medical care center for homeless persons, child care services, emergency response services and a food and clothing closet for persons in need.

Stanislaus County Department of Aging & Veterans Services

The mission of this department is to maintain, enhance and improve the quality of life for seniors in Stanislaus County by developing systems of home and community based services, which promote independence and self-sufficiency. This department also provides assistance and advocacy to the men and women who served in the Armed Services of America, their dependents and survivors and the general public in obtaining benefits and entitlements from the United States Department of Veterans' Affairs, Department of Defense, and State and local agencies.

This department provides transportation services through Medi-Van to people in need of specialized medical attention in Bay Area hospitals and Veteran's Administration long-term care facilities. Through linkages with the CHSS, Central Valley Homeless Veterans and the HACS homeless veterans are helped to find permanent housing. One of the main objectives of this department is to promote the value and benefit of hiring veterans, and to increase the understanding and awareness of veterans about entitlement and services. TeleCare Corporation

TeleCare Corporation

Telecare Corporation is one of the nation's largest providers of adult mental health services to county and state governments and offers programs for individuals with co-occurring issues such as homelessness, substance abuse, developmental disabilities, or involvement in the forensic system. TeleCare manages one of Stanislaus County's Regional Service Teams, providing outpatient and intensive community support mental health services adults living in the County. Services that are provided range from short-term interventions to long-term community treatment.

Turning Point (Empowerment Center)

Turning Point offers programs in seven California counties to assist persons with a mental illness. The Turning Point Empowerment Center in Modesto offers a variety of services to persons with a mental illness including housing and employment opportunities, links to treatment services for mental illness and co-occurring substance abuse problems, peer support, and reduced isolation.

United Samaritans Foundation

The United Samaritans Foundation, as referenced within their mission statement, is an advocate for the poor in the spirit of the Christian tradition. The Foundation searches for areas of need and explores creative and holistic ways to meet those needs. The United Samaritans Foundation currently operates the Daily Bread Ministries, which include four mobile food service trucks from facilities in Turlock, Hughson, and Modesto that deliver nutritious lunches to nine Stanislaus communities every day of the year. Volunteers help staff the food pantry, clothes closet and various other services. In Turlock, the Foundation offers a place for homeless to receive mail, use the phone, shower, do laundry, and receive food and clothing. In Hughson, the Community Center complex includes a County Library, County medical office, pharmacy and cafe. This organization provides street outreach and free lunches to over 800 persons a day.

Valley Mountain Regional Center

The Valley Mountain Regional Center provides a variety of resources to children and adults with developmental disabilities in Stanislaus, San Joaquin, Amador, Calaveras, and Tuolumne counties. The Valley Mountain Regional Center provides some employment services for those with developmental disabilities including competitive employment, supported employment, sheltered employment, and pre-vocational training programs.

Veterans Administration

The U.S. Department of Veterans Affairs provides numerous benefits and services to veterans and their families including health care, vocational rehabilitation, education, and home loans. Some of the vocational training services they provide include job training, employment accommodations, resume development, and job seeking skills coaching. Additional services include assisting veterans in starting their own businesses or independent living services for those who are severely disabled.

Pacific Gas and Electric Company

The Pacific Gas and Electric Company (PG&E) operates the following programs for low-income people:

- ◆ California Alternate Rates for Energy (CARE) provides a monthly discount on energy bills for income qualified households and housing facilities.
- ◆ Relief for Energy Assistance Through Community Help (REACH) provides emergency energy assistance to low-income families who are in jeopardy of losing their electric services. REACH is a one-time assistance program and is administered through the Salvation Army. Households who have experienced an uncontrollable or unforeseen hardship may receive an energy credit one time within an 18 month period.
- ◆ Energy Crisis Intervention Program uses state funds to provide assistance to low-income persons facing an energy related crisis.
- ◆ Home Energy Assistance Program (HEAP) provides a direct energy assistance payment to a low-income customer's utility bill to help offset the high cost of heating and cooling.

Modesto Irrigation District

MID Cares Program: The Modesto Irrigation District offers a 23% discount to eligible low-income customers on their monthly bill.

Medical Life Support Program: A discount rate is offered to customers who depend on medical life support devices at home or whose qualified medical condition requires special heating or air conditioning needs. This discount halves the cost of the first 500 kilowatt hours (kWh) of electricity used in each billing cycle.

MID Weatherization Program: Provides energy efficient measures to low-income rental or owner occupied MID customers' homes. Work may include but is not limited to; replacement of broken windows, refrigerator, installation of insulation.

Turlock Irrigation District

TID Cares Program: The Turlock Irrigation District offers a discount to eligible low-income customers on their monthly bill.

Medical Life Support Program: A discount rate is offered to customers who depend on medical life support devices at home or whose qualified medical condition requires special heating or air conditioning needs. This discount halves the cost of the first 500 kilowatt hours (kWh) of electricity used in each billing cycle.

TID Weatherization Program: Provides energy efficient measures to low-income rental or owner occupied TID customer's homes. Work may include but is not limited to; replacement of broken windows, refrigerator, installation of insulation.

List and describe services and facilities that meet the needs of homeless persons, particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. If the services and facilities are listed on screen SP-40 Institutional Delivery Structure or screen MA-35 Special Needs Facilities and Services, describe how these facilities and services specifically address the needs of these populations.

Inventory of Facilities/Services related to Homelessness, AIDS, Mental Illness, or Substance Abuse.

Many of the agencies providing services to the homeless fall into more than one category. The most common overlap is between social service agencies serving the homeless and those that work with people in danger of becoming homeless. The agencies described in this section have been listed according to their primary function.

Center for Human Services (CHS)

The mission of CHS is to support the well-being of youth and families through quality prevention, education and counseling services, through programs that build and strengthen families and the neighborhoods in which they live; and in a way that honors and respects the diversity of the community. The following are facilities and services operated by CHS.

Hutton House

Hutton House is an emergency shelter for runaway, homeless and youth in crisis who are ages 13-17. It provides services in a residential setting for 8 youth at a time for a maximum of 15 days. Day services are available for youth and their families. Crisis line is available 24 hours a day.

Pathways

Pathways is a transitional living and support services program that focuses on youth who have “aged out” of the foster care placement system and have limited financial and emotional support. Pathways addresses several individual and community challenges such as homelessness, substance abuse, unemployment, lack of basic living skills, mental and health issues, limited education, and preparation for adulthood. Services include residential component with a 16-bed capacity in an apartment setting with support services. Supportive services that are available through the program are case management, mentoring basic/life skills, counseling and resource development. The program also serves teen moms and their infant toddler children. This program is offered through the CHS and is for young adults aged 18-21.

Children’s Crisis Center (CCC) of Stanislaus County

The CCC is a non-profit organization that provides childcare and shelter services to abused, neglected and at risk children in the community. It also provides overnight emergency shelter on an as needed basis. Clients generally come as referrals from the police department and the Stanislaus County’s Child Protective Services. A 24 hour crisis intervention lines is also available for families in need. The following are facilities and services operated by CCC:

Cricket, Guardian, Marsha’s, Sawyer, and Verda’s Houses

The CCC Houses provide a shelter for up to 53 children, age’s birth to 17 years, that may be involved in a family crisis or a conflict situation. Individual, group and family counseling is provided to residents. Program goals include the reunification of children with their families and the provision of follow-up and ongoing family counseling after the resident moves.

Homeless Prevention and Rapid Re-Housing Program (HPRP)

The CCC also provides rental assistance in conjunction with intensive case management to place homeless families into permanent housing and to prevent families from losing their current housing.

Community Housing and Shelter Services (CHSS)

CHSS is a non-profit housing organization. This agency continues to be awarded funds to provide short-term rent, utility or mortgage assistance, tenant-based rental assistance, housing information, ESFP and TANF motel vouchers, housing for persons in recovery, and resource and referral services. This agency works with all city police departments, hospitals, mental health agencies, and all homeless providers throughout Stanislaus County including the Oakdale Soroptimists to provide opportunities to households with and without children to obtain and maintain permanent housing. The CHSS is also involved with the Homeless Prevention and Rapid Re-Housing Program discussed above.

Community Impact of Central Valley (CICV)

Community Impact of Central Valley (CICV) provides services to individuals with HIV/AIDS through the Housing Opportunities for Persons with AIDS Program. Under HOPWA, CICV is able to assist persons that qualify with security deposit, first-month rent, mortgage assistance, rental assistance, utilities and food depending on their need. CICV can assist these individuals for up to six months and participants must show proof of hardship.

CICV also serves veterans. Additionally, CICV serves families through its tenant based rental program, permanent housing placement services, and supportive services. Under the tenant-based program, individuals and their families will be provided rental assistance for up to one year. The program is renewed on a yearly basis, and if qualifying, the family can receive assistance passed a year. People

may also receive assistance, such as security deposit, first month rent, credit check and utility hook-up, through CICV's permanent housing placement services. Lastly CICV provides supportive services including transportation, food and nutrition classes.

Family Promise

Family Promise of Greater Modesto is an interfaith ministry of 13 congregations in the Modesto area that provides transitional shelter at church sites and case management support for finding permanent affordable housing (Rapid Re-Housing) and other family support services to low income homeless families with children.

Haven Women's Center of Stanislaus County

This center provides outreach to homeless women and children in the South County area and within the City of Modesto. Haven operates the Haven Shelter and Women's Haven. One is a four-bedroom house with kitchen, living room, children's room, three bedrooms and an office. It provides 44 beds for women who have been abused or who are in life-threatening situations. The Center also houses the children of abused women. Counseling services, weekly support groups and legal advocacy programs are available.

Helping Other's Sleep Tonight (HOST)

HOST is an emergency shelter in Patterson which houses up to 8 homeless adult males throughout the coldest months of the winter. In collaboration with the Center for Human Services' Westside Family Resource Center, case managers also provide resource and referral services for all homeless persons in the area of Patterson.

Housing Authority of the County of Stanislaus (HACS)

The HACS administers 222 SPC Certificates (SOC 1 4 6,7) within Stanislaus County, of those 98 are utilized for individuals without children and 124 for families with children. Participants pay 30% of their income toward rent and receive supportive services through the Stanislaus County Assistance Project, the Stanislaus County Department of Mental Health, or Stanislaus County Integrated Services Agency. HACS also administers HUD-VASH vouchers which help provide permanent supportive housing to homeless veterans.

Miller Pointe

The Miller Pointe project is a collaborative effort involving the Housing Authority and Stanislaus County Behavioral Health & Recovery Services (SCBHRS). HACS and SCBHRS are working together in order to develop affordable housing for individuals who are receiving services through SCBHRS. Miller Pointe is a 15 unit permanent rental housing project serving very low-income households.

The Modesto Men's Gospel Mission and Women's Mission

This privately funded and faith-based shelter is located on a two-block campus that includes seven buildings. This agency provides a limited stay of seven nights on the floor, and three nights out, and also serves two meals a day (Monday through Friday), and three meals on the weekend. The Mission serves 150,000 meals per year to clients and to the general public. The Gospel Mission serves approximately 2,500 people each year. The majority of men (95%) that arrive at the Mission are locals raised in Stanislaus County and 60% are under 36 years of age. The following are facilities and services operated by Modesto Gospel Mission.

Mission Emergency Shelter

The Mission provides beds for temporary shelter to house up to 100 unaccompanied adult men and women and up to 90 women and children for a maximum stay of fourteen days. Both Missions require that those seeking shelter participate in religious activities, (this requirement also exempts the Missions from receiving any Federal or State funding assistance). Therefore, the missions must rely strictly on private donations from local churches and the community. Their program also includes Christian drug and alcohol rehabilitation group counseling to its clients.

New Life Program

Residential on-site program for up to 41 unaccompanied adult men and women who need specialized help to return to societal living including Physical, Spiritual, Emotional, Social, Educational, Vocational, Employment, and Financial programs designed to help them break the cycle of homelessness, despair and addiction.

Exodus

The Exodus Program offers up to 20 transitional beds to unaccompanied adult men and women who have successfully gone through the 30 day New Life Program, yet require additional supportive housing before transitioning into stable permanent housing.

The Salvation Army of Stanislaus County

In addition to serving lunches to approximately 250 people per day, the Salvation Army also operates an emergency and transitional shelter for unaccompanied homeless veterans and non-veterans and adult women and men. The facility also recently opened a health clinic which provides vision, dental and basic medical care for homeless persons staying at the shelter. Currently, the Salvation Army is experiencing an increase in people needing food and clothing. This agency also offers a space for narcotics anonymous meetings, a medical care center for homeless persons, child care services, emergency response services and a food and clothing closet for persons in need. The following are facilities and services operated by the Salvation Army:

Berberian Emergency Shelter

The Berberian Emergency Shelter provides 100 cold weather beds to unaccompanied homeless adult men and women and up to 30 year round beds to homeless persons with special medical needs.

Berberian Transitional Living Facility

The Berberian Transitional Living Facility provides 20 beds for homeless male and female veterans and 20 beds for unaccompanied homeless males and females for up to 24 months. Participants of the Berberian Transitional Living Facility work with case managers to improve access to medical care, employment and permanent housing.

Stanislaus County Assistance Project

This agency provides street outreach for the special needs homeless population, as well as 181 beds for special needs homeless within the community. Outreach workers frequent parks, local bars, and hotels where high-risk behavior occurs.

Stanislaus Urban County

Housing Opportunities for Persons with AIDS (HOPWA) Program SCAP has a total of 6 HOPWA vouchers, which are rental assistance vouchers for HIV positive homeless families with children (3) and individuals without children (3).

Halo

Through the Housing Assistance and Life Development Opportunity Program (HALO), SCAP provides 28 transitional and 11 PSH beds for homeless families with children; as well as 14 transitional beds and 58 permanent supportive beds for unaccompanied homeless adult males and females. In addition, SCAP has 9 transitional, non-HALO, beds for homeless families with children.

STANCO

STANCO's mission is to promote the construction and development of affordable housing opportunities for residents of Stanislaus County. They currently operate eight properties for permanent affordable housing. STANCO conducts outreach to place people in supportive housing. STANCO also provides Transitional Housing to assist the homeless, Housing Advocacy for renters, and the development of affordable housing. The agency's objective is to transition program participants from the streets, to temporary housing, with the eventual goal of independent and permanent living arrangements. STANCO operates 33 transitional beds for homeless families with children and 37 beds for unaccompanied adult homeless males and females.

Turlock Gospel Mission

Working with a variety of different churches throughout the city, Turlock Gospel Mission provides a hot meal to homeless and food insecure guests 365 days a year. From mid- November until early April Turlock Gospel Mission (TGM) provides overnight shelter for up to 30 women and children each night. Staff works with guests to build relationships, support and encourage, in every way possible and to maintain security. Overnight guests eat dinner with other TGM guests, but instead of returning to the TGM building after dinner, they stay overnight at the host church for that week. A light breakfast is provided in the morning.

Turning Point

Turning Point Community Programs provides integrated, cost-effective mental health services, employment and housing for adults, children and their families that promote recovery, independence and self-sufficiency. They provide case management, crisis intervention, respite care, PSH, mentoring programs, and job training and transportation assistance to persons struggling to overcome mental illness throughout Stanislaus County. The following are facilities and services operated by Turning Point.

Garden Gate Respite

Turning Point Respite Center at Garden Gate in Modesto provides a safe home-like environment for up to 12 homeless mentally ill persons nightly. This program links mentally ill homeless individuals to community resources while providing basic care such as homecooked meals and clothing. Open 24/7, the center works together with law enforcement to reduce incarceration and victimization. The center works with an outreach team to engage and connect individuals with needed services. Garden Gate Innovation is also operated by Turning Point.

Affordable and Supportive Housing Projects

Through the CoC, Turning Point's Affordable and Supportive Housing Projects provide PSH to 21 unaccompanied adults with mental illness.

WE CARE Program

WE CARE originated from the Turlock Community Collaborative of 2003 as a result of the urgent need for an additional emergency shelter in Stanislaus County. The Program is based in Turlock, but serves the surrounding unincorporated communities with essential services for the homeless during inclement weather months. This program serves approximately 34 homeless individuals per night during the months of November through March. We Care is currently in the process of amending their Conditional Use Permit, through the City of Turlock, to add an additional 15 emergency shelter beds.

Rapid Re-Housing Program

We Care also provides rental assistance in conjunction with intensive case management to place homeless families into permanent housing through their Rapid Re-housing Program.

MA-35 Special Needs Facilities and Services - 91.210(d)

Introduction

Many non-homeless individuals need supportive housing and services to enable them to live independently and to avoid homelessness or institutionalization, including those persons returning from mental health and physical health institutions. As previously discussed in the Needs Assessment section of this Plan, these subpopulations include but, are not limited to, the elderly, persons with physical, mental, or developmental disabilities, persons with HIV/AIDS, victims of domestic violence, children leaving group homes or aging out of foster care, farm workers, and substance abusers. This section provides a brief summary of the facilities and services available to these subpopulations, as noted in the previous section (MA-30 Homeless Facilities and Services). This is not meant to be a comprehensive list of all the services, facilities, programs, or agencies that serve these subpopulations in Stanislaus County. Additionally, many of the agencies noted below serve homeless persons as discussed in the previous section (MA-30 Homeless Facilities and Services).

Housing Opportunities for Persons with AIDS (HOPWA) Program

Community Impact of Central Valley (CICV) provides services to individuals with HIV/AIDS through the Housing Opportunities for Persons with AIDS Program. Under HOPWA, CICV is able to assist persons that qualify with security deposit, first-month rent, mortgage assistance, rental assistance, utilities and food depending on their need. CICV can assist these individuals for up to six months and participants must show proof of hardship.

Additionally, CICV serves these families through its tenant based rental program, permanent housing placement services, and supportive services. Under the tenant-based program, individuals and their families will be provided rental assistance for up to one year. The program is renewed on a yearly basis, and if qualifying, the family can receive assistance passed a year. People may also receive assistance, such as security deposit, first month rent, credit check and utility hook-up, through CICV's permanent housing placement services. Lastly, CICV provides people and their families that are experiencing AIDS, supportive services including transportation, food and nutrition classes.

HOPWA Assistance Baseline Table

Table MA-14.1 shows the type of HOWA assistance in the County; however, HACS and CICV do not collect this data.

Table MA-14.1 – HOPWA Assistance Baseline

| Type of HOWA Assistance | Number of Units Designated or Available for People with HIV/AIDS and their families |
|--------------------------|---|
| Stanislaus County | |
| TBRA | 0 |
| PH in Facilities | 0 |
| STRMU | 0 |
| ST or TH Facilities | 0 |
| PH Placement | 0 |

Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify, and describe their supportive housing needs

Elderly/Frail Elderly

The majority of the elderly persons have a fixed income and deal with physical constraints, which makes them a group with special housing needs. Since the elderly often live alone and have limited mobility, housing units best suited to their needs are smaller units located near public transportation, medical facilities, shopping, and other services. Security is also a concern for the elderly, primarily because they often are more vulnerable to crime. The elderly often require special design considerations such as ramps and handrails to assist with mobility. Retirement complexes and convalescent homes offer alternative housing choices, but most of the elderly live in independent residences, often in substandard conditions.

It is estimated that 7,801 of the total 40,704 households in unincorporated Stanislaus County were headed by persons over the age of 65 in 2012, representing approximately 19.2% of the total unincorporated household population, which is slightly lower than the 19.7% countywide.

Agencies that provide services and resources to the elderly include: Area Agency on Aging, Howard Training Center, Healthy Aging, Catholic Charities, CRLA Senior Law Project, Valley Mountain Regional Center (foster grandparent and senior companion program), Adult Protective Services, AARP, ATEX Care, In-home Support Services, Lifeline Response Services (Golden Valley Senior Life Line), Program to Encourage Active and Rewarding Lives for Seniors (PEARL), Stanislaus Elder Abuse Prevention Alliance (SEAPA), Society for the Blind (Senior Impact Project),

Persons with Disabilities

There are a variety of disabilities, including sensory, physical, mental, and developmental. Disabilities can result in mobility, self-care, and employment limitations. According to the Stanislaus County Housing Element there are approximately 37,333 persons in unincorporated Stanislaus County with a disability.

Agencies that provide assistance to persons with disabilities include Disability Resource Agency for Independent Living (DRAIL), Modesto Independent Living Center, NAMI, Howard Training Center, Stanislaus County Office of Education John F. Kennedy Center for Special Education, Valley Mountain Regional Center, Ear of the Lion, Society for Handicapped Children and Adults, Vision Impaired Person Support, United Cerebral Palsy, California State Rehabilitation Department, BHRS – Inpatient, PSH Supportive Service, Street Outreach, ACCESS Team, TeleCare Corporation, Turning Point (Empowerment Center) that provides countywide information or referrals on services and resources for persons with disabilities, and Stanislaus County with its HOME fund activity of emergency and major housing rehabilitation to address handicap accommodation retrofits.

Developmentally Disabled

Many developmentally disabled persons can live and work independently in a conventional housing environment. More severely disabled individuals require a group living environment where supervision is provided. The most severely affected individuals may require an institutional environment where medical attention and physical therapy are provided. Because developmental disabilities exist before adulthood, the first issue in supportive housing for the developmentally disabled is the transition from the person's living situation as a child to an appropriate level of independence as an adult.

The California Department of Developmental Services currently provides community-based services to approximately 243,000 persons with developmental disabilities and their families through a statewide system of 21 regional centers, four developmental centers, and two community-based point of entry to services for people with developmental disabilities. The Valley Mountain Regional Center in Stockton serves all of Stanislaus County. The center is a private, nonprofit community agency that contracts with local businesses to offer a wide range of services to individuals with developmental disabilities and their families.

According to the Stanislaus County Housing Element, there are approximately 3,070 persons living within zip codes of the unincorporated County with a developmental disability. Refer to services above for services providers that support persons with developmental disabilities.

Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing

Residential care facilities provide supportive housing for persons with disabilities. The types of facilities available in the Stanislaus Urban County include:

- ◆ Group Homes: Facilities of any capacity and provide 24-hour non-medical care and supervision to children in a structured environment. Group Homes provide social, psychological, and behavioral programs for troubled youths.
- ◆ Adult Residential Facilities: Facilities of any capacity that provide 24-hour nonmedical care for adults ages 18 through 59, who are unable to provide for their own daily needs. Adults may be physically handicapped, developmentally disabled, and/or mentally disabled.
- ◆ Residential Care Facilities for the Elderly : Facilities that provide care, supervision and assistance with activities of daily living, such as bathing and grooming. They may also provide incidental medical services under special care plans. These facilities are regulated by the State Department of Social Services (DSS), Community

Refer to programs listed above for service providers.

Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 91.315(e)

Given the limited CDBG funding, the Stanislaus Urban County proposes to focus ESG public service funds for Fiscal Year 2015-2016 on emergency cold-weather shelter for homeless persons, emergency food assistance for seniors and low-income households, and services for strengthening families and at-risk youth. In addition, CDBG funds will be used to fund fair housing and tenant/landlord counseling, economic development in the form of technical assistance for qualified business owners, and infrastructure projects in low-income neighborhoods throughout the Urban County and Turlock. Some limited CDBG funds may be utilized for down-payment assistance in the community of Turlock.

Jurisdictions within Stanislaus County are required to update the Housing Element of the General Plan by December 2015. As part of that update, the jurisdictions must address the provision of transitional and supportive housing for the homeless and persons with disabilities. Jurisdictions will be reviewing their Zoning Codes for constraints to housing for persons with disabilities.

For entitlement/consortia grantees: Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. (91.220(2))

In Fiscal Year 2015, the Stanislaus Urban County and City of Turlock may fund the following housing and supportive services projects and programs:

1. Improve Infrastructure in Low-income Neighborhoods
2. Acquisition and Single-Multifamily Rehabilitation
3. Affordable Housing for Seniors
4. Rehabilitate Existing Housing
5. First-time Homebuyer Assistance
6. Technical Assistance for Small Businesses
7. Improve Accessibility
8. Fair Housing and Tenant/Landlord Services
9. Access to public services for low income households and special populations
10. Shelter for Homeless Persons
11. Rapid Re-Housing for Homeless Persons
12. Homeless Prevention for Extremely Low Income Households and Individuals
13. Homeless Services Data Collection

MA-40 Barriers to Affordable Housing – 91.210(e)

Negative Effects of Public Policies on Affordable Housing and Residential Investment

Potential constraints to housing development in Stanislaus County vary by area, but generally may include infrastructure, residential development fees, land use controls, development standards, development and building permit application processing times, and resource preservation. An analysis of some of these potential constraints is detailed in the Stanislaus County Housing Element Update and the City of Turlock 2007 – 2014 Housing Element. Following is a summary of some potential constraints.

Fee Structure

Part of the cost associated with developing residential units is related to the fees or other exactions required of developers to obtain project approval consistent with state law. Lengthy review periods can increase financial and carrying costs, which in turn can increase project-related expenses that are passed along to project occupants in the form of higher purchase prices or rents.

Stanislaus County requires an application fee of \$4,056 or higher depending on processing time for a General Plan amendment and \$4,156 for a zone change. Stanislaus County's application fees are based on a full recovery of costs associated with the processing of land use applications. It is the County's policy that all development "pay its own way" and not be subsidized by the General Fund.

According to the City of Turlock 2007-2014 Housing Element, a brief survey shows that the City of Turlock charges somewhat above-average planning application fees when compared to its neighboring jurisdictions. For example, Turlock requires a deposit of \$8,275 for a General Plan amendment, while, Stanislaus County (\$4,156), Ceres (\$2,000), and Patterson (\$2,760) fees are all less. In Turlock, the average cost for a 20-lot subdivision would be between \$5,070 and \$7,230, while in Patterson (\$3,390), Ceres (\$1,020), and Stanislaus County (\$4,170), the total cost is several thousand dollars less. Turlock's fees are similar to Stanislaus County and designed to recover costs for all City departments, not just the Planning Division's costs of reviewing the application.

Fees, land dedications, or improvements are also required in most instances to provide an adequate supply of necessary infrastructure (streets, sewers, and storm drains) to support the new development as well as public parkland. While such costs are charged to the developer, most, if not all, additional costs are passed to the ultimate product consumer.

There are numerous fire and school districts within Stanislaus County, and all charge impact fees. School fees range from \$2.60 to \$5.16 per square foot with an average of \$3.88 per square foot and can add significantly to the cost of development, but are consistent with the amounts and parameters established by California Government Code Sections 65995 and 66000 et seq. Fire fees range from \$0.24 to \$0.60 per square foot with an average of \$0.42 per square foot.

Compliance with numerous governmental laws or regulations can also add to the cost of housing. Requirements relating to site coverage, parking, and open space in developments can indirectly increase costs by limiting the number of dwelling units that can occupy a given piece of land. This is especially true with larger units when the bulk of the buildings and increased parking requirements occupy a large share of the site. Connecting to public water and sewer systems, street improvements, storm drain, and fire suppressions requirements can also add significant costs to residential projects.

Other development and construction standards can also impact housing costs. Such standards may include the incorporation of additional design treatment (architectural details or trim, special building materials, landscaping, and textured paving) to improve the appearance of the development. Other standards included in the California Building Code requiring developers to address such issues as noise transmission and energy conservation can also result in higher construction costs. While some features

(interior and exterior design treatments) are included by the developer as amenities to help sell the product in the competitive market, other features (i.e., those required to achieve compliance with energy conservation regulations) may actually reduce monthly living expenses. However, all these features may add to the initial sales price, resulting in an increasingly difficult hurdle for many new homebuyers to overcome.

Land Costs, Construction, and Financing

Land Costs: The cost of raw, developable land creates a direct impact on the cost for a new home and is considered a possible constraint. A higher cost of land raises the price of a new home. Therefore, developers sometimes seek to obtain approvals for the largest number of lots allowable on a parcel of land. Residential land prices in Stanislaus County average around \$35,000 per acre of raw single-family residential land and \$200,000 per acre of raw multi-family residential land based on information from LoopNet.com.

Construction: Factors that affect the cost of building a house include the type of construction, materials, site conditions, finishing details, amenities, and structural configuration. The County estimates the construction cost of a single-family home to be approximately \$98 per square foot or \$245,000 for a 2,500-square-foot home; however, the cost can be much higher depending on the quality of construction. An internet source for construction cost data (www.building-cost.net), provided by the Craftsman Book Company, estimates the cost of a single-story four-cornered home in Stanislaus County to be approximately \$141 per square foot, actually cost will vary by area of the county. This cost estimate is based on a 2,500-square-foot house of good quality construction including a two-car garage and central heating and air conditioning. The total construction costs excluding land costs are estimated at approximately \$353,076. A typical multi-family 500-square-foot unit, based on recent examples in Stanislaus County, is \$98 per square foot, resulting in a construction cost of \$49,000.

If labor or material costs increased substantially, the cost of construction in Stanislaus County could rise to a level that impacts the price of new construction and rehabilitation. Therefore, increased construction costs have the potential to constrain new housing construction and rehabilitation of existing housing, but are not a constraint at this time.

Financing: The cost of borrowing money to finance the construction of housing or to purchase a house affects the amount of affordably priced housing throughout Stanislaus County. Fluctuating interest rates can eliminate many potential homebuyers from the housing market or render a housing project that could have been developed at lower interest rates infeasible. When interest rates decline, sales increase. The reverse is true when interest rates increase. Over the past decade, there was dramatic growth in alternative mortgage products, including graduated mortgages and variable rate mortgages. These types of loans allow homeowners to take advantage of lower initial interest rates and to qualify for larger home loans. However, variable rate mortgages are not ideal for low- and moderate-income households that live on tight budgets. In addition, the availability of variable rate mortgages has declined in the last few years due to greater regulation of housing lending markets. Variable rate mortgages may allow lower-income households to enter into homeownership, but there is a definite risk of monthly housing costs rising above the financial means of that household. Therefore, the fixed interest rate mortgage remains the preferred type of loan, especially during periods of low, stable interest rates.

Non-Governmental Constraints

Although recent economic conditions have seen housing prices increase and interest rates have remained low, it can be significantly more difficult to obtain a home loan. In particular, people with short credit history, lower incomes, self-employment incomes, or other unusual circumstances have had trouble qualifying for loans or are charged higher rates.

Fair Housing

2015 Stanislaus Urban County / City of Turlock Regional Analysis of Impediments to Fair Housing Choice (Analysis of Impediments) identified a lack of multi-family affordable housing in the Stanislaus Urban County. Further the document provided the following recommendations:

- ◆ Action 1.1: Continue to provide assistance to preserve existing affordable housing and to create new affordable housing.
- ◆ Action 1.2: Continue to offer regulatory relief and incentives for the development of affordable housing.
- ◆ Action 1.3: Continue to ensure the availability of adequate sites for the development of affordable housing.
- ◆ Action 2.1: Continue to pursue available and appropriate State and Federal funding sources to support efforts to construct housing meeting the needs of lower income households.
- ◆ Action 2.2: Continue to support the Stanislaus Housing Authority Section 8 Housing Choice Voucher (HCV) Rental Assistance Program, including distribution of program information at the public counters for the Stanislaus County Department of Planning and Community Development; City of Turlock Housing Services, and all Stanislaus Urban County member jurisdictions. Stanislaus County and the City of Turlock will hold periodic meetings with representatives of the Housing Authority of the County of Stanislaus to discuss actions Stanislaus County, the City of Turlock, and Stanislaus Urban County member jurisdictions can take to coordinate housing program implementation. Action 2.3: Follow through on the Housing Element policies and programs.
- ◆ Action 3.1: When selecting lending institutions for contracts and participation in local programs, Stanislaus County, the City of Turlock, and Stanislaus Urban County member jurisdictions may prefer those with a Community Reinvestment Act (CRA) rating of “Outstanding” and may exclude those with a rating of “Needs to Improve” or “Substantial Noncompliance” according to the most recent examination period published by the Federal Financial Institutions Examination Council (FFIEC). In addition, the Stanislaus Urban County and the City of Turlock may review an individual institution’s most recent HMDA reporting as most recently published by the FFIEC.
- ◆ Action 3.2: Strengthen partnerships with lenders to discuss lenders’ community reinvestment goals, including home mortgages, home improvement loans, and community development investments to be made in low- and moderate-income neighborhoods in the Stanislaus Urban County and in the City of Turlock.
- ◆ Action 4.1: Work cooperatively with the real estate industry to develop ways for local agents to become more familiar with Stanislaus Urban County and City of Turlock housing programs.
- ◆ Action 4.2: Encourage realtors to seek fair housing training.
- ◆ Action 5.1: Conduct more outreach to educate tenants, and owners and agents of rental properties, regarding their fair housing rights and responsibilities.
- ◆ Action 5.2: Provide educational literature in Spanish and other appropriate languages.

- ◆ Action 6.1: Support efforts to enforce fair housing rights and provide redress to persons who have been discriminated against.
- ◆ Action 6.2: Support efforts to increase the awareness of discrimination against all Federal and State protected classes.
- ◆ Action 7.1: Review zoning and related regulations to determine degree of adequate opportunity in the community for affordable housing to exist and to develop new affordable housing options.
- ◆ Action 8.1: Examine possible gaps in public infrastructure and services, especially for the needs of persons with disabilities, seniors, and low-income residents via a Disadvantaged Unincorporated Communities assessment. If significant gaps are found, explore methods to address the gaps and incorporate public improvements and services into local infrastructure and service plans.

MA-45 Non-Housing Community Development Assets – 91.215 (f)

Introduction

This section of the Plan describes the Stanislaus Planning Area’s economic development asset needs, whereas the Needs Assessment section of this Plan, specifically NA-50 (Non-Housing Community Development Needs), described the Stanislaus Planning Area’s needs for public facilities, improvements, and services.

Economic Development Market Analysis

Business Activity

Table MA-15 shows the major business activities in the Stanislaus Planning Area and individual jurisdictions within the Planning Area. In the Stanislaus Planning Area, the major business activities include manufacturing (34 percent share of all jobs), education and health services (28 percent), and retail trade (26 percent). In Turlock, the major business activities are education and health care services (19 percent) manufacturing and retail trade (16 percent).

Table MA-15 - Business Activity

Educational Attainment – Median Earnings in the Past 12 Months

Table MA-21 shows educational attainments and median earnings in the past 12 months for residents in the Stanislaus Planning Area and jurisdictions within the Planning Area.

Table MA-21 – Educational Attainment

| Educational Attainment | Median Earnings in the Past 12 Months |
|---|---------------------------------------|
| Stanislaus Planning Area | |
| Less than high school graduate | N/A |
| High school graduate (includes equivalency) | N/A |
| Some college or associate's degree | N/A |
| Bachelor's degree | N/A |
| Graduate or professional degree | N/A/0 |
| City of Turlock | |
| Less than high school graduate | 19,436 |
| High school graduate (includes equivalency) | 26,690 |
| Some college or Associate's degree | 36,272 |
| Bachelor's degree | 50,621 |
| Graduate or professional degree | 70,741 |
| City of Ceres | |
| Less than high school graduate | 21,574 |
| High school graduate (includes equivalency) | 31,773 |
| Some college or Associate's degree | 30,665 |

| Educational Attainment | Median Earnings in the Past 12 Months |
|---|--|
| Bachelor's degree | 37,146 |
| Graduate or professional degree | 63,050 |
| City of Hughson | |
| Less than high school graduate | 22,191 |
| High school graduate (includes equivalency) | 27,204 |
| Some college or Associate's degree | 34,659 |
| Bachelor's degree | 57,727 |
| Graduate or professional degree | 75,375 |
| City of Newman | |
| Less than high school graduate | 17,973 |
| High school graduate (includes equivalency) | 32,768 |

| Some college or Associate's degree | 36,598 |
| Bachelor's degree | 55,192 |
| Graduate or professional degree | 63,148 |

Data Source: 2007-2011 ACS

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

This section provides an overview of employment trends in Stanislaus County and the City of Turlock. . In the Stanislaus Planning Area, the major business activities include manufacturing (34 percent share of all jobs), education and health services (28 percent), and retail trade (26 percent). In Turlock, the major business activities are education and health care services (19 percent) manufacturing and retail trade (16 percent). According to the Stanislaus County Housing Element, in unincorporated parts of the County, the major industries are education (15.9 percent), agriculture (12.1 percent), and manufacturing (12.6 percent).

Major Manufacturing Employers – Stanislaus County

The manufacturing industry continues to be an important employer in Stanislaus County. Table MA-21.1 shows the top 12 employers in the manufacturing industry in 2014.

Table MA-21.1 – Major Manufacturing Employers

| Employer | Description | Number of Employees |
|----------------------------------|---------------------------|----------------------------|
| Zabaco Winery | Winery | 1,000–4,999 |
| Foster Farms | Poultry Processing Plants | 1,000–4,999 |
| Fairbanks Cellars | Winery | 1,000–4,999 |
| Ecco Domani Winery | Winery | 1,000–4,999 |
| E & J Gallo Winery | Winery | 1,000–4,999 |
| Del Monte Foods | Canning | 1,000–4,999 |
| Con Agra Foods Inc | Canning | 1,000–4,999 |
| Bartles & Jaymes Company | Winery | 1,000–4,999 |
| Andre Champagne Cellars | Winery | 1,000–4,999 |
| Carlo Rossi Winery | Winery | 1,000–4,999 |
| CVS Caremark Distribution Center | Distribution Center | 500–999 |
| Modesto Bee | Newspaper | 500–999 |

Data Source: California EDD 2014

Major Non-Manufacturing Employers – Stanislaus County

Some of the County’s largest employers are also in the non-manufacturing field. Table MA-21.2 shows the top 13 non-manufacturing employers for 2014.

Table MA-21.2 – Major Non-Manufacturing Employers

| Employer | Description | Number of Employees |
|--------------------------------------|--|---------------------|
| Stanislaus County Community Services | Government Office | 1,000–4,999 |
| Memorial Medical Center | Hospital | 1,000–4,999 |
| Doctors Medical Center | Hospital | 1,000–4,999 |
| Emanuel Medical Center | Hospital | 1,000–4,999 |
| Hornsby's Pub Draft Cider Ltd. | Beverages | 1,000–4,999 |
| Oak Valley Hospital | Hospital | 500–999 |
| Frito-Lay Inc. | Potato Chips/Snack Foods | 500–999 |
| California State University | Schools – Universities & Colleges Academic | 500–999 |
| Alliance Worknet | County Government –Social/Human Resources | 500–999 |
| Stanislaus County Community | Government Offices | 500–999 |
| Stanislaus County Welfare Dept | County Government | 500–999 |
| Women Infants Child Program – WIC | Social Service & Welfare Organization | 500–999 |
| Turlock Irrigation District | Electric Company | 250–499 |

Data Source: California EDD 2014

Describe the workforce and infrastructure needs of the business community:

Stanislaus County LWIA Local Plan Program Years 2013-17

The Stanislaus County LWIB membership includes 25 employers from business and industry. These members represent some of the region’s biggest employers, including Foster Farms, Kaiser Permanente, and the Manufacturers Council of the Central Valley. In addition, eight of the largest organized labor unions are represented as is education with representation by the Superintendent of the County Office of Education and the President of Modesto Junior College. Finally, the unique structure of the Stanislaus Economic Development and Workforce Alliance (The Alliance) organization combines economic development and workforce development services under one roof and one Board of Directors. Consequently, economic development experts from each of the nine cities in Stanislaus County are represented on the board, and economic development specialists are employed by the organization.

This combination of key stakeholders is convened at least annually and more often if circumstances require it to identify the workforce challenges facing the local area and to develop solutions to address those challenges.

In the effort to assure that local workers are being prepared for employment in current high demand and emergent industry sectors, the Stanislaus LWIB annually reviews and approves a list of the top 25 demand occupations authorized for WIA – funded training. The list is compiled based upon three sources of data: the Employment Development Department (EDD) Labor Market Information Division (LMID) 2008-2018 Occupational Employment Projections, Modesto Metropolitan Statistical Area; 2012 Alliance Worknet job orders from local employers; 2012 job postings in Stanislaus County from Wanted Technologies, Inc. The Stanislaus LWIB focuses its training efforts and dollars on the occupations on this list, thus helping to assure that workers are being trained for jobs that currently exist and/or will exist in the near future.

As a member of the Central California Workforce Collaborative, the Stanislaus Alliance Worknet (AW) is able to collaborate with eight other LWIBS in the region to establish regional workforce development priorities. The Alliance is a member of the Central California Economic Development Corporation (CCEDC), from which information on regional education and training needs from an economic development perspective is gathered and used to help guide the education and training efforts for the region.

The Central California Workforce Collaborative (CCWC) has been a member of the California Partnership for the San Joaquin Valley (CPSJV) since designation by Executive Order in 2005. In 2006, the CPSJV conducted a sector study of the Valley and determined the high growth and high demand sectors to be Manufacturing, Health Care, Logistics, Energy, and Agribusiness. The CCWC adopted the five targeted sectors as priority for the region. Each CCWC LWIA target their investments in high growth, high demand sectors in the region.

While each local area has their unique micro clusters, there is a great deal of commonality in the definition and focus of the targeted high growth cluster at the regional level.

The CPSJV recently commissioned an update to their 2005 cluster study of the Valley. The 2012 study, Regional Industry Cluster Analysis and Action Plan (Plan). For the complete report, go to the site provided below:

http://sjvpartnership.org/wp-content/uploads/2013/03/SJV_RegionalIndustryClustersInitiative_Plan_Sep2012.pdf

The result was a continued confirmation of the importance of the five industry clusters identified in the 2006 report:

1. Agriculture
2. Energy
3. Health and Wellness
4. Transportation/Logistics
5. Manufacturing

In addition, two important industry clusters were identified and included in the target list:

1. Water Technology
2. Public Sector Infrastructure (Construction)

The report identified the issues and opportunities related to each industry cluster and provided an action plan targeted at resolving the issues and capitalizing on the opportunities.

According to the Plan, the clusters represent 52% of private sector employment in the region, but were responsible for 73% of private sector job growth. While the economy in the region experienced some minor growth during the past two (2) years, it was especially hard hit by the Great Recession. Also according to the Plan, the valley experienced rapid job growth from 2004-2007, but during the economic downturn, between 2008 and 2010, 92,000 jobs were lost. The Plan also highlighted the Valley's inability to capture the economic "value chain" of goods flow movements resulting in a leakage of economic potential, as well as a leakage of skilled workers who commute to jobs located outside of the Valley. To address these issues, a high level implementation blueprint has been included in the Plan with a focus on collaboration at a regional level.

County

Stanislaus County and the Central Valley region has not experienced a significant recovery from the Great Recession, Stanislaus County has 35,000 – 40,000 individuals unemployed in any given month, consequently a ready labor force exists who possess a variety of skills that cut across industry sectors. Given this dynamic, employers are not currently experiencing the skill gap shortage that perhaps other regions with booming industries and rapidly growing economies are experiencing.

Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

The Stanislaus LWIB fosters collaboration between community colleges and DIR-DAS approved apprenticeship programs through a 3-way partnership consisting of Modesto Junior College (MJC), the local manufacturing industry, and the LWIB. This DAS approved Registered Apprenticeship program provides apprentices with training for the Maintenance Mechanic trade at MJC during the evenings and hands-on training through their employment with a local manufacturer during the day. The LWIB provides on-the-job training wage reimbursement support for the apprentices while they are in the hands-on training component.

In addition, the Stanislaus LWIB has partnered with the local Plumbers & Pipefitters, Electrical, and Sheet Metal Workers labor unions to fund a pre-apprenticeship program designed to prepare individuals for Registered Apprenticeships with any of the above unions.

The Local Board is constantly looking for opportunities to address skill gap needs that emerge. In many situations, partnerships with Community Colleges are used to provide programs that fill the gaps. Examples are: Psychiatric Technician training, Warehouse/Distribution training, and Maintenance Mechanic training. In other instances, partnerships with local Labor Unions is the tool used.

An example is Pre-Apprenticeship training for Plumbers/Pipefitters, Electricians, and Sheet Metal Workers. In other situations the Board has turned to Technical Colleges for partnerships. An example is a Medical Billing certification program developed in partnership with Community Business College.

In every situation where skill gaps are identified, the input of local businesses is sought to confirm the existence of the skill gaps and for input into curriculum content. For example, the Local Board works closely with the Manufacturers Council of the San Joaquin Valley on any manufacturing and logistics projects.

Regional Clusters of Opportunity Grants (RICO)

The California Workforce Investment Board's (State Board) Sector Strategies approach to bolstering regional economic competitiveness requires the development of regional initiatives that are based upon a data driven analytical framework. In support of this framework, the Regional Industry Clusters of Opportunity Grant (RICO) program was developed jointly by the State Board, the California Energy Commission (Energy Commission), and the California Economic Strategy Panel (ESP). These grants bolster regional economic competitiveness by building the capacity of regional collaborations to identify growing industries, undertake strategic planning and leverage public/private resources. The funding supports the utilization of the Industry Cluster of Opportunity Methodology to develop the data-driven analysis necessary for the formation of relevant regional sector initiatives. The State Board's intent is that the resulting data-driven analyses will serve as the foundation for developing and implementing regional clusters of opportunity strategies and for involving partners in advancing the competitive position of targeted clusters resulting in economic prosperity.

In February 2010, funding in the amount of \$200,000 was awarded to the Fresno County Workforce Investment Board which includes Amador, Calaveras, Fresno, Kern, Kings, Inyo, Madera, Mariposa, Merced, Mono, San Joaquin, Stanislaus, and Tuolumne counties.

The 14 county region focused on the health care cluster and implemented employer workforce surveys across the segments of the health care cluster to identify and target critical workforce shortages in health occupations, focusing first on implementing a skilled nursing internship program and applying for funding to meet specific needs such as psychiatric and radiation technicians, as well as working together on key regulatory issues (e.g., long-term care).

Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?

Yes.

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

The 2014-2017 update to the Comprehensive Economic Development Strategy (CEDS) was compiled in joint effort with the Economic Development Action Committee (EDAC) membership which includes Stanislaus County and the nine incorporated cities of Ceres, Hughson, Modesto, Newman, Oakdale, Patterson, Riverbank, Turlock and Waterford with research assistance provided by the Stanislaus Economic Development and Workforce Alliance/Business Resource Center.

The Strategy presents a socio-economic overview of Stanislaus County, along with economic development activities and projects that will be undertaken by public and private entities in a mission to create new jobs and provide critical services to the residents of Stanislaus County. The CEDS update contains a summary of infrastructure projects that require support for future growth within the County.

The priority objective of the CEDS strategic effort is to facilitate future investments in infrastructure – both physical and human so as to maintain a competitive place in the economic development future of the San Joaquin Valley. To that end, the CEDS development goals and priorities are consistent with regional objectives and include:

- ◆ Encourage and support new business innovation and entrepreneurs;
- ◆ Promote the region as a tourism destination;
- ◆ Develop specialized education including higher education and workforce development;

- ◆ Develop a college going culture in Stanislaus County;
- ◆ Continue to implement computer literacy outreach to align with community college curriculum;
- ◆ Enhance goods movement transportation projects that build capacity while increasing safety, decreasing congestion, improving air quality and promoting economic development;
- ◆ Participate in the development of a comprehensive San Joaquin Valley Regional Water Plan;
- ◆ Continue to promote accessibility and utilization of advanced communications services (through targeted technology training efforts, etc.) as fundamental and necessary for all residents and businesses.

Annual projects and programs in the Stanislaus Urban County and City of Turlock reflect the CEDS focus on infrastructure improvements and projects. The CEDS projects and strategies may in the future be coordinated with the Plan so that CDBG funding can be considered, based on area and project eligibility, for future infrastructure projects. However, based on needs data and limited funding, CDBG funds are not currently allocated for economic development purposes at this time.

MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")

Households with any one of four severe housing problems, those experiencing (1) overcrowding; (2) substandard housing; (3) cost burden (paying more than 30% of household income for housing costs); and (4) severe cost burden (spending over 50% of household income for housing costs) are concentrated in several areas of the County. A concentration is defined as an area representing the upper quintile of incidence by percentage of the population. Tract level data was compared to county-wide data. The population are examined by income grouping. The following income categories are used throughout the Plan:

- ◆ Extremely low – households with income less than 30% of area median income (AMI)
- ◆ Very low – households with income between 30 and 50% of AMI
- ◆ Low – households with income between 51 and 80% of AMI
- ◆ Moderate – households with income between 81 and 120% of AMI
- ◆ Above moderate – households with income above 120% of AMI

For moderate income households, a concentration is where more than 78 percent of households are experiencing four or more severe housing problems. Areas of concentration are found in the following areas (please see the maps included in **Appendix 6**):

- ◆ an area southeast of Oakdale;
- ◆ areas east and south of Salida;
- ◆ an area in central Ceres;
- ◆ an area in the east of Turlock; and
- ◆ the area surrounding Newman.

For low income households, a concentration is where more than 85 percent of households are experiencing four or more severe housing problems. Areas of concentration are found in the following areas (please see the maps included in **Appendix 6**):

- ◆ Valley Home;
- ◆ an area southeast of Oakdale and East Oakdale;
- ◆ Salida and an area to the south of Salida;
- ◆ areas of Ceres;
- ◆ Waterford and Hickman;
- ◆ areas in the northwest and southwest of Turlock;
- ◆ the area surrounding Newman.

For extremely low income households, a concentration is where more than 89 percent of households are experiencing four or more severe housing problems. Areas of concentration are found in the following areas (please see the maps included in **Appendix 6**):

- ◆ Valley Home;
- ◆ an area southeast of Oakdale and East Oakdale;
- ◆ Salida;
- ◆ unincorporated areas surrounding Modesto;
- ◆ Shackelford;
- ◆ areas of Ceres;
- ◆ Keyes and an area north of Keyes;
- ◆ Waterford and Hickman;
- ◆ several areas in Turlock;
- ◆ unincorporated areas south of Turlock;
- ◆ Westley;
- ◆ Patterson;
- ◆ Crows Landing;
- ◆ the area surrounding Newman.

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")

Significant areas of the County have over 50 percent low-income households. Most notably areas in Oakdale; unincorporated areas surrounding Modesto; areas of Ceres; areas of Turlock; and the northern half of the southwestern portion of the County including Westley and portions of Patterson.

The highest incidences of low-income households – over 75 percent -- are found in areas bordering the south of Modesto.

The top quartile of minority household percentage is 13-30 percent. No areas have a percentage higher than 30. The areas of high minority households are mostly in the more urbanized areas surrounding Modesto, Ceres and Turlock following state highway 99. Areas of Patterson between state route 32 and Interstate 5 also show a concentration of minority households.

The top quartile of Hispanic household percentage is 59-88 percent. No areas have a percentage higher than 88. The areas of high Hispanic households are disbursed throughout the County. They are found in the unincorporated areas south of Modesto and Shackelford; areas of Ceres, Turlock, Westley, Patterson and Crows Landing.

What are the characteristics of the market in these areas/neighborhoods?

The characteristics of the market are discussed in detail in earlier sections MA-05 through MA-25. Most of the same characteristics as described in those discussions apply to the market in these areas.

Are there any community assets in these areas/neighborhoods?

Community assets generally include facilities such as schools, libraries, community centers, parks, and access to commercial establishments such as grocery stores, general merchandise stores, and pharmacy retailers, among others. Community assets are dispersed throughout the County and City of Turlock, although more urban areas provide a larger concentration of community assets than non-urban areas.

Are there other strategic opportunities in any of these areas?

No.

Article I. Strategic Plan

Section 1.01 SP-05 Overview

Strategic Plan Overview

In conjunction with the Needs Assessment and Market Analysis sections of this Plan, the Strategic Plan identifies the Stanislaus Urban County and City of Turlock's priority needs and describes strategies that will be undertaken to serve the priority needs. The Strategic Plan includes the following sections:

- ◆ Geographic Priorities
- ◆ Priority Needs
- ◆ Influence of Market Conditions
- ◆ Anticipated Resources
- ◆ Institutional Delivery Structure
- ◆ Goals
- ◆ Public Housing
- ◆ Barriers to Affordable Housing
- ◆ Homelessness Strategy
- ◆ Lead-Based Paint Hazards
- ◆ Anti-Poverty Strategy
- ◆ Monitoring

Section 1.02 SP-10 Geographic Priorities – 91.215 (a)(1)

Geographic Area

Geographic Priority Areas

The Stanislaus Urban County allocates funds on a geographic basis in eligible Census Block Groups and low income areas.

General Allocation Priorities - Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

The Stanislaus Urban County and City of Turlock allocate funds to organizations that provide low-income households with housing and supportive services. On an annual basis, the Stanislaus Urban County and City of Turlock prioritize the use of their CDBG and HOME funding for the improvement or provision of community development activities such as infrastructure, economic development, public services, homeless services, and affordable housing (including preservation and conservation) that serve low-income households.

The Stanislaus Urban County and City of Turlock allocate investment of resources on a Stanislaus Urban County and City-wide basis for affordable housing programs such as the First-Time Homebuyer and the Owner-Occupied Housing Rehabilitation programs. Project priorities within City boundaries also include but not limited to sidewalks, ADA improvements, parks, and lighting projects, whereas projects in the unincorporated pockets of the county focus on health and safety related infrastructure improvements such as water and sewer systems.

Throughout the Stanislaus Urban County, there are neighborhoods and communities with minimal or non-existent public infrastructure. This round of Consolidated Planning process once again reaffirmed the community's desire for public infrastructure improvements especially in the low income communities. To this end, the Stanislaus Urban County has prioritized and will continue to set aside CDBG funds for needed infrastructure projects throughout these areas. Projects will include but are not limited to public sewer and water system installations as well as repairs, curb, gutter and sidewalk installation and repairs, improvements that provide greater accessibility, as well as other, CDBG eligible, non-housing community development infrastructure improvements.

Overall, funding for infrastructure improvements in the City of Turlock will be a medium-priority for the five-year period covered by the Plan. Infrastructure improvements have been an important goal in previous years, and the City expects to continue its use of CDBG funds for improvements such as installation of curbs and sidewalks in target areas. Specific situations that demonstrate a need for such improvements will be considered on a case-by-case basis, as funding is available. Priority consideration will be given to areas where ADA issues exist and other funds can be leveraged as part of a project.

Infrastructure improvements are undertaken in older, lower-income areas. Activities identified under the public service category and targeted to special needs populations are offered on an Stanislaus Urban County and Turlock City-wide basis, and/or where resources can be coordinated with existing facilities or services.

Lack of sufficient funding continues to be the greatest obstacle in meeting the underserved needs. The Stanislaus Urban County and City of Turlock will continue to apply for funding and/or support applications by service providers to expand affordable housing opportunities as well as homeless assistance and supportive services consistent with the Plan.

Section 1.03 SP-25 Priority Needs – 91.215(a)(2)

Priority Needs

Priority needs are those that will be addressed by the goals outlined in the Strategic Plan (discussed in greater detail in SP-45), according to the structure presented in the regulations at 24 CFR 91.215:

- ◆ Affordable Housing
 - Rental assistance
 - Production of new units
 - Rehabilitation of existing units
 - Acquisition of existing units
- ◆ Homelessness
 - Outreach
 - Emergency shelter and transitional housing
 - Rapid re-housing

- Prevention
- ◆ Non-Housing Community Development
 - Public facilities
 - Public improvements and infrastructure
 - Public services
 - Economic development

Priority is assigned based on the level of need that is demonstrated by the data collected during the preparation of the Plan, specifically in the Needs Assessment and Market Analysis; the information gathered during the consultation and citizen participation process; and the availability of resources to address these needs. Based on all of these components, non-housing community development needs (including infrastructure, economic development, and public services), affordable housing, and homelessness are considered “high” priorities.

Table SP-1 Priority Needs Summary

| 1. Priority Need Improvement | | Non-housing Community Development - Public Infrastructure |
|-------------------------------------|----------|--|
| Priority Level | | High |
| Population | X | Extremely low income |
| | X | Low income |
| | | Moderate income |
| | | Large families |
| | | Families with children |
| | | Elderly |
| | | Chronic homelessness |
| | | Individuals |
| | | Mentally ill |
| | | Chronic substance abuse |
| | | Veterans |
| | | Persons with HIV/AIDS |
| | | Victims of domestic violence |
| | | Unaccompanied youth |
| | | Elderly |
| | | Frail elderly |
| | | Persons with mental disabilities |
| | | Persons with physical disabilities |
| | | Persons with developmental disabilities |
| | | Persons with alcohol or other addictions |
| | | Persons with HIV/AIDS and their families |
| Geographic Areas Affected | | County: Stanislaus Urban County and Turlock City-wide |

| | |
|------------------------------------|---|
| | Stanislaus Urban County: CDBG Eligible Block Groups |
| | City of Turlock: CDBG Eligible Block Groups |
| | |
| Associated Goals | Improve infrastructure in low income neighborhoods |
| | Secure leverage funding |
| Description | The Stanislaus Urban County and City of Turlock will continue addressing infrastructure improvement needs in low-income neighborhoods to create improved suitable living environments. |
| Basis for Relative Priority | Throughout the Stanislaus Urban County and City of Turlock, there are neighborhoods and communities with minimal or non-existent public infrastructure. This round of Consolidated Planning process once again reaffirmed the community's desire for public infrastructure improvements especially in the low income communities. Projects will include but are not limited to public sewer and water system installations (mainly in the unincorporated areas) as well as public sewer and water system repairs, curb, gutter and sidewalk installation and repairs, storm drain improvements, improvements that provide greater accessibility, as well as other, CDBG eligible, non-housing community development infrastructure improvements (mainly within the incorporated boundaries where public sewer and water systems already exist). |

| | | |
|----------------------------------|---|--|
| 2. Priority Need | Affordable Housing | |
| Priority Level | High | |
| Population | X | Extremely low income |
| | X | Low income |
| | | Moderate income |
| | X | Large families |
| | | Families with children |
| | X | Elderly |
| | | Chronic homelessness |
| | X | Individuals |
| | | Mentally ill |
| | | Chronic substance abuse |
| | X | Veterans |
| | | Persons with HIV/AIDS |
| | | Victims of domestic violence |
| | | Unaccompanied youth |
| | | Frail elderly |
| | | Persons with mental disabilities |
| | X | Persons with physical disabilities |
| | | Persons with developmental disabilities |
| | | Persons with alcohol or other addictions |
| | | Persons with HIV/AIDS and their families |
| Geographic Areas Affected | Stanislaus Urban County and Turlock City-wide | |
| Associated Goals | Acquisition and Single-Multifamily Rehabilitation | |
| | Affordable Senior Housing | |
| | Improved Accessibility | |
| | Temporary Relocation Services | |
| | Rehabilitation of Existing Housing | |
| | First-time Homebuyer Assistance | |
| | Fair Housing and Tenant/Landlord Services | |

| | |
|------------------------------------|---|
| Description | The City of Turlock and/or Stanislaus Urban County intend to use a portion of their CDBG allocation and all of their HOME allocation to fund affordable housing activities. Leverage funding for these activities are described within the Anticipated Resources section of the Strategic Plan. |
| Basis for Relative Priority | According to data provided in the Needs Assessment and the housing Market Analysis completed as part of this Plan, high housing cost burden, overcrowding, and low vacancy rates create a high need for affordable housing, which will benefit both homeless and non-homeless special needs populations. Based on this data and the housing market analysis completed as part of this Plan, the Stanislaus Urban County and City of Turlock will pursue the creation of affordable housing (new unit production and conversion or preservation) as resources are available, which will benefit low-income households, homeless persons, households at-risk of homelessness and those with special needs. Home ownership will be increased for low and moderate households through the First-time Homebuyer program. Fair Housing and Tenant/Landlord Services will also be provided to improve the quality of rental housing. |
| | |

| | |
|------------------------------------|---|
| 3. Priority Need | Non-housing Community Development - Economic Development |
| Priority Level | High |
| Population | Extremely low income |
| | X Low income |
| | Moderate income |
| | Large families |
| | Families with children |
| | Elderly |
| | Chronic homelessness |
| | Individuals |
| | Mentally ill |
| | Chronic substance abuse |
| | Veterans |
| | Persons with HIV/AIDS |
| | Victims of domestic violence |
| | Unaccompanied youth |
| Geographic Areas Affected | Stanislaus Urban County and Turlock City-Wide |
| Associated Goals | Technical Assistance for Small Businesses |
| Description | The Stanislaus Urban County and City of Turlock will provide technical assistance on facility accessibility requirements to eligible business and property owners by a California Certified Access Specialist and other qualified professionals, as well as technical assistance to small businesses to assist with capacity building, including strategic planning, operations, marketing, and finance assistance. |
| Basis for Relative Priority | The Market Analysis indicated that due to the economic downturn, between 2008 and 2010, 92,000 jobs were lost, some of which were the result of skilled workers who chose to commute to jobs located outside of the Valley. As a result, the county has a great need for economic development. Small businesses in the Urban County and City of Turlock have identified a need locally for assistance and education regarding compliance with accessibility requirements. Small start-up businesses who desire to expand, but lack the capacity to do so will receive assistance with financial reporting systems, developing a business strategy, designing a company website, and/or enhance marketing efforts. |

| 4. Priority Need | | Other Special Needs - Public Services |
|------------------------------------|---|---|
| Priority Level | | High |
| Population | X | Extremely low income |

| | X | Persons with alcohol or other addictions |
| | X | Persons with HIV/AIDS and their families |
| Geographic Areas Affected | | Stanislaus Urban County and Turlock City-wide |
| Associated Goals | | Public Services |
| Description | | The Stanislaus Urban County will utilize 10% of their annual award and the city of Turlock will utilize 15% of their annual award for the provision of public services. Public services include services targeted to extremely low, low, and moderate income families and individuals, as well as services targeted to special populations such as at-risk youth, persons over 62 years of age, or persons with disabilities. |
| Basis for Relative Priority | | The needs assessment and Market Analysis indicated a great need for public services for extremely-low and low income households, the elderly, persons with disabilities, at-risk youth. Public service programs help these vulnerable populations meet their basic needs, such as food and shelter, and provide them with the resources and referrals for any additional needed services. |

| | | Homeless Services Data Collection |
| | | Coordinated Assessment and Targeting of Services |
| | | Outreach |
| Description | | The Stanislaus Urban County and City of Turlock allocate up to 15% of each annual award for public services grants, some of which include programs that provide homeless services. Stanislaus Urban County utilizes 7.5% of their annual ESG award for Admin, 7.5% for HMIS Activities, 42.5% for emergency shelter activities, and 42.5% for Homeless Prevention and Rapid Re-Housing Activities. Admin funds will be utilized to work with the Stanislaus County Continuum of Care (CoC) on coordinated assessment, outreach, and data collection. Affordable housing activities, as described in Priority Need 2 – Affordable Housing, |

will also be a part of the regional approach to solving homelessness.

Basis for Relative Priority

As discussed in greater detail in the Needs Assessment, homeless individuals were counted as part of Stanislaus County's 2014 point-in-time count, including those who were unsheltered. The data indicates a need to support programs that serve the homeless. Homelessness was also identified as a High priority in the community input received. Homelessness is also identified as a high priority by the Stanislaus County Board of Supervisor's Focus on Prevention 2014 effort and by the Federal Department of Housing and Urban Development. The Stanislaus Urban County and City of Turlock will focus CDBG, HOME, and ESG resources on shelter, rental assistance, and affordable housing, which is crucial to ending homelessness. Both entities will also work closely with the Stanislaus County CoC to ensure that ESG programs are working in harmony with Stanislaus County CoC Transitional and Permanent Supportive Housing programs.

Section 1.04 SP-30 Influence of Market Conditions – 91.215 (b)

Influence of Market Conditions

| Affordable Housing Type | Market characteristics that will influence the use of funds available for housing type |
|---------------------------------------|---|
| Tenant-Based Rental Assistance (TBRA) | While a need exists for tenant-based assistance, the Stanislaus Urban County and City of Turlock do not intend to use HOME funds for TBRA. If the Stanislaus Urban County and City were to provide funding for tenant-based assistance, such as a Rapid Re-Housing program, the funds would likely be non-federal. |
| TBRA for Non-Homeless Special Needs | While a need exists for tenant-based assistance, the Stanislaus Urban County and City of Turlock do not intend to use HOME funds for TBRA for non-homeless special needs. If the Stanislaus Urban County and City were to provide funding for tenant-based assistance, such as a rapid re-housing program, the funds would likely be non-federal. |
| New Unit Production | According to data provided in the Needs Assessment, a number of Stanislaus Urban County and City of Turlock households are overpaying for housing. Based on this data and the Market Analysis completed as part of this Plan, the Stanislaus Urban County and City will prioritize the creation of affordable housing (new unit production and conversion or preservation), which will benefit low-income households, including those with special needs. |
| Rehabilitation | Based on the data provided for in the Needs Assessment and the housing Market Analysis completed as part of this Plan, housing needs are a priority including the preservation and/or conversion of affordable housing which frequently results in the rehabilitation of these units. |
| Acquisition, including preservation | According to data provided for in the Needs Assessment, a number of Stanislaus Urban County and City of Turlock households are overpaying for housing. Based on this data and the housing Market Analysis completed as part of this Plan, the City will prioritize the creation of affordable housing (new unit production and conversion or preservation), which will benefit low-income households, including those with special needs. |

Section 1.05 SP-35 Anticipated Resources – 91.215(a)(4), 91.220(c)(1,2)

Introduction

During the five-year Plan period, the Stanislaus Urban County expects to receive approximately \$2,197,687 annually in CDBG funding, for a five-year total of \$10,988,435. During the five-year Plan period, the Stanislaus Urban County expects to receive approximately \$190,669 annually in ESG funding, for a five-year total of \$953,345. During the five-year Plan period, the City of Turlock expects to receive \$548,076 annually in CDBG funding, for a five-year total of \$2,740,380. The HOME Consortium also anticipates at least \$911,823 in annual HOME funds, for a five-year total of \$4,559,115. The City of Turlock expects to use \$1,700,000 in CalHome funding for housing activities and administrative costs over the five-year Plan period. The table below provides a breakdown of these anticipated resources, which are based on the Fiscal Year 2015-2016 allocations.

Anticipated Resources

| Program | Source of Funds | Uses of Funds | Expected Amount Available Year 1 | | | | Expected Amount Available Reminder of Plan | Narrative Description |
|------------------------------|-----------------|---|----------------------------------|---|-----------------------------|--------------|--|---|
| | | | Annual Allocation: \$ | Program Income: \$ | Prior Year Resources: \$ | Total: \$ | | |
| CDBG Stanislaus Urban County | Public-Federal | Infrastructure, Economic Development, Public Services, Fair Housing, Administration | \$2,197,687 | County \$128,383 Waterford \$162,665 | \$140,000 | \$2,628,735 | \$8,790,748 | Prior year resources are unknown, other than \$140,000 set aside for Economic Development Activities. This figure may be more than listed in this table. |
| ESG Stanislaus Urban County | Public-Federal | Homeless Programs, Data Management, Administration | \$190,669 | N/A | N/A | \$190,669 | \$762,676 | Funds will be utilized for ESG program administration, emergency and transitional shelters, homeless management information systems data entry, and homeless prevention and rapid re-housing services |

| Program | Source of Funds | Uses of Funds | Expected Amount Available Year 1 | | | | Expected Amount Available Reminder of Plan \$ | Narrative Description |
|---------------------------------|-----------------|--|----------------------------------|-----------------------|-----------------------------|--------------|--|--|
| | | | Annual Allocation: \$ | Program Income: \$ | Prior Year Resources: \$ | Total: \$ | | |
| HOME Consortium | Public-Federal | Affordable Housing, Down Payment Assistance, Housing Rehab, Administration | \$911,823 | \$100,000 | \$800,000 | \$1,811,823 | \$3,547,292 | Funds will be utilized for affordable housing, rehab, and down-payment assistance for first-time homebuyers. |
| CalHome Stanislaus Urban County | Public-State | Housing Programs – Down Payment Assistance & Housing Rehab | N/A | N/A | \$500,000 | \$500,000 | Unknown | Balance remaining for the rest of the Consolidated Planning period depends on first year spend down. |
| CDBG City of Turlock | Public-Federal | Infrastructure, Housing Programs, Housing Rehab, Down Payment Assistance, Fair Housing Public Services, Administration | \$548,076 | \$50,000 | \$800,000 | \$1,398,076 | \$2,142,304 | Funds will be utilized for affordable housing, temporary relocation assistance, infrastructure, Fair Housing, Public Services, and Administration. |
| CalHome City of Turlock | Public-State | Affordable Housing, Down Payment Assistance, Housing Rehab, Administration | N/A | N/A | \$1,700,000 | \$1,700,000 | \$800,000. | These funds were awarded competitively through HCD. The grants call for the fund to be used for Down payment assistance in specific low income census tracts and DPA with a rehab component. |

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The Stanislaus Urban County members will continue the use of State of California funds (as they become available) designed to fund affordable housing projects/programs. Stanislaus County is currently a recipient of CalHome funds to provide down payment assistance to first time home buyers and owner occupied housing rehabilitation assistance.

PROGRAM INCOME

CDBG, HOME, NSP, and CDBG-R Program Income (PI) funds will continue to be used by the Stanislaus Urban County to fund gaps in projects/programs.

URBAN COUNTY MEMBER STATE CDBG PROGRAM INCOME

Prior to joining the Stanislaus Urban County, several Stanislaus Urban County cities received CDBG funds directly from the state of California. Since joining the Stanislaus Urban County, some of these cities have been collecting program income derived from loans made from their State grants.

Use of the funds through the Stanislaus Urban County simplifies the process for cities, which would otherwise have to establish a reuse plan with the State Department of Housing and Community Development. As the lead entity for the Stanislaus Urban County, Stanislaus County ultimately assumes the reporting and monitoring liabilities for State PI reported and used through the Stanislaus Urban County. In order limit liability, the following criteria will need to be met in order for Stanislaus County to accept the oversight of State Program Income (PI):

- ◆ Adequate notice to Stanislaus County of the intent to use PI will need to be provided to allow for reporting via the Stanislaus Urban County's AAP.
- ◆ A re-use plan detailing a plan for the timely use of the PI, within the same AAP fiscal year, will need to be established by the City and accepted by Stanislaus County.
- ◆ PI will need to be used towards a CDBG eligible activity reflected in an adopted AAP and approved for funding by HUD.

NSP PROGRAM INCOME

The Stanislaus Urban County will continue to use NSP Program Income to remove blighted properties via the Abandoned and Dangerous Building Program (ADB). The ADB is responsible for investigating requests from the public and public agencies regarding structures that pose a threat to the health and safety of unincorporated Stanislaus County communities. The ADB was integrated into the NSP program to effectively address issues of blight resulting from abandoned and dangerous buildings declared a nuisance in NSP target areas.

NSP GENERAL

Stanislaus County will continue its efforts at liquidating NSP inventory (six properties) by finding eligible first time homebuyers to purchase the properties. The six remaining properties are located in the Airport, Empire, Grayson, Parklawn and Salida neighborhoods.

The City of Oakdale will be working on a mutli-family affordable housing project over this next Consolidated Planning period in which NSP Program Income funds may be used. The project plans to serve families with extremely low- to very low- incomes (30 – 60% of the Area Median Income).

STATE HOME PROGRAM INCOME (PI) (TURLOCK)

Turlock will continue to use State HOME PI as an additional funding source for the first time home buyer program. **AMERICAN DREAM DOWNPAYMENT INITIATIVE (ADDI) PI (TURLOCK)** – Any ADDI PI received will be utilized as part of the HOME program.

CAL HOME

The City of Turlock and Stanislaus Urban County members will continue the use of State of California funds (as they become available) designed to fund affordable housing projects/programs. Stanislaus County and the City of Turlock are currently recipients of CalHome funds, which provide down payment assistance to first time home buyers and owner occupied housing rehabilitation assistance.

STATE WATERBOARD GRANT

Stanislaus County will continue pursuing California State Water Resources Control Board (Water Board) grant funds to assist in the completion of CDBG funded infrastructure projects. With Redevelopment Agency funds no longer being a financial tool for capital improvement projects, Stanislaus County must now competitively apply for funds such as these to complete projects that are initiated with CDBG funds. In 2014, Stanislaus County was able to secure a five million dollar grant for the Parklawn Sewer Infrastructure Project, and is currently working on its second application for the Airport Sewer Infrastructure Project.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Stanislaus Urban County maintains six Neighborhood Stabilization Program (NSP) properties in Grayson, Salida, Empire, and the Parklawn and Airport neighborhoods which will be sold to first-time homebuyers throughout the 5-year Plan cycle.

Section 1.06 SP-40 Institutional Delivery Structure – 91.215(k)

| Responsible Entity | Responsible Entity Type | Role | Geographic Area Served |
|---------------------------|--|--|--|
| City of Turlock | Government, HOME Consortium Lead, CDBG Entitlement | Non-homeless Special Needs, Affordable Housing, Housing Rehab, Infrastructure, Neighborhood Improvements, Public Facilities, Economic Development, Public Services | Ceres, Hughson, Newman, Oakdale, Patterson, Waterford & Turlock city limits (eligible areas), unincorporated areas surrounding the city of Turlock |
| Stanislaus County | Government, CDBG/ESG Entitlement (Urban County Lead), HOME Consortium Member | Non-homeless Special Needs, Housing Rehab, Infrastructure, Neighborhood Improvements, Economic Development, Public Services, Homeless Services, Homeless Prevention Services | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, unincorporated Stanislaus County |
| City of Ceres | Government, CDBG/ESG Entitlement (Urban County Member), HOME Consortium Member | Non-homeless Special Needs, Housing Rehab, Infrastructure, Neighborhood Improvements, Economic Development | Ceres city limits (eligible areas) |
| City of Hughson | Government, CDBG/ESG Entitlement (Urban County Member), HOME Consortium Member | Non-homeless Special Needs, Housing Rehab, Infrastructure, Neighborhood Improvements, Economic Development | Hughson city limits (eligible areas) |
| City of Newman | Government, CDBG/ESG Entitlement (Urban County Member), HOME Consortium Member | Non-homeless Special Needs, Housing Rehab, Infrastructure, Neighborhood Improvements, Economic Development | Newman city limits (eligible areas) |
| City of Oakdale | Government, CDBG/ESG Entitlement (Urban County Member), HOME Consortium Member | Non-homeless Special Needs, Housing Rehab, Infrastructure, Neighborhood Improvements, Economic Development | Oakdale city limits (eligible areas) |

| Responsible Entity | Responsible Entity Type | Role | Geographic Area Served |
|---|--|--|---|
| City of Patterson | Government, CDBG/ESG Entitlement (Urban County Member), HOME Consortium Member | Non-homeless Special Needs, Housing Rehab, Infrastructure, Neighborhood Improvements, Economic Development | Patterson city limits (eligible areas) |
| City of Waterford | Government, CDBG/ESG Entitlement (Urban County Member), HOME Consortium Member | Non-homeless Special Needs, Housing Rehab, Infrastructure, Neighborhood Improvements, Economic Development | Waterford city limits (eligible areas) |
| Housing Authority of the County of Stanislaus | Non-profit Public Corporation | Housing Rehab | County-wide |
| Non-profits (Various) | Non-profit Corporation | Public Services, Homeless Services, Homeless Prevention Services | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County |

Assess of Strengths and Gaps in the Institutional Delivery System

Please refer to the detailed discussion of homeless needs in the Needs Assessment section of the Plan (NA-40) and homeless services and facilities in the Market Analysis section (MA-30).

Please note that the County has a robust planning and coordination system that involves service providers and program operators at all levels. In general, the collaborative programming between the County, cities, and nonprofits is identified as a key strength. Other strengths include capital improvements, HOME Investment Partnership Program (HOME) and Neighborhood Stabilization Program (NSP) units, some programs for the chronically homeless (including comprehensive case management with a transition period before housing placement, supportive housing, and programs emphasizing home visits), and nonprofit capital facilities (i.e., shelters and transitional housing).

In general, the primary weakness is funding that is inadequate to meet the level of need. Funding gaps are most common for extremely low-income households, chronically homeless, homeless youth, and those living in transitional shelters.

Although some programs for the chronically homeless have been successful, there are greater barriers and funding gaps to providing enough services to the chronically homeless. In particular housing homeless youth is challenging because they are often not ready or willing to live in permanent housing. Another homeless subgroup identified as having a great need is homeless families with children.

The lack of permanently affordable housing is a considerable gap in the system. With no place to move persons out of transitional housing or for those in housing crisis to move to, persons and families can become homeless. The demise of the redevelopment agencies, long waiting lists, lack of funding for case management, mental health issues, bad credit or rental history, projects not being able to pencil out for developers, and job development are some of the top barriers to permanently affordable housing.

Housing placement was also identified as a weakness with long waiting lists, drug and GED requirements for applicants, lack of employment, income documentation, timing considerations for the NSP program, and the lack of affordable housing units.

Challenges to the success of homeless prevention services included income targeting requirements that are too low and too difficult to meet, uninhabitable substandard housing stock, cost of utility bills, insufficient mental health services, participants terming out of programs, lack of financial literacy and life skills amongst participants, inability of participants to document homeless status, need for willing landlords and employers, and the need to educate those in substandard housing regarding available resources. Also, sufficient funding from a variety of funding programs for housing as part of homeless prevention programs was identified as a funding gap for homeless prevention.

Although a significant number of homeless persons are sheltered (see 2014 Point in Time County), there remain those who are not sheltered. Among these are the chronically homeless, most of whom are persons in households without children. The trend has been a reduction in the number of unsheltered homeless households with children and little change in the number of unsheltered households without children.

The percentage of the homeless population that is considered to be chronically homeless has remained relatively steady over time (10-15%). With the exception of 2014, the majority of the chronically homeless are unsheltered.

Looking at particular sub-populations of the homeless, many are experiencing severe mental illness and are suffering under chronic substance abuse. There is also a significant number who are Victims of Domestic Violence. The severely mentally ill, chronic substance abuse and veterans are all populations with more unsheltered persons than sheltered. Persons with HIV/AIDS are more likely to be sheltered as are Victims of Domestic Violence. Comparing homelessness by race, 46 percent of Black or African Americans were unsheltered as compared to 38 percent of Whites who were unsheltered. Additionally, 16 percent of the unsheltered homeless were female and 22 percent were male.

Although the County's efforts to prevent homelessness, shelter homeless persons and families, and transition persons to supportive and permanent housing are well-coordinated "wrap-around" services, there still remains a core of chronically homeless individuals who are largely unsheltered. This population is marked by severe mental illness and chronic substance abuse. Men and black/African American persons are over-represented among the homeless.

It can be concluded by both the trends in the homeless population, and a review of the types services offered and facilities available that efforts to serve and house households with children and prevention services aimed at that same population have been effective. To some degree, efforts to house the chronically homeless and move them along the continuum to permanent housing have also been successful, with significant resources being brought to bear in a multi-faceted approach to the problem. Who remain unsheltered and/or chronically homeless are the severely mentally ill and those afflicted by chronic substance abuse.

Availability of services targeted to homeless persons and persons with HIV and mainstream services

| Homelessness Prevention Services | Available in the Community | Targeted to Homeless | Targeted to People with HIV |

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

Please see the section above which partly answers this question as well section NA-40 of the Needs Assessment and section MA-30 of the Market Analysis.

The County has a variety of services focused on the needs of the homeless not just for shelter but also preventative services and services directed at the social and health needs of the homeless. These “wrap-around” services are targeted at the homeless population generally but also targeted to specific populations such as youth and foster youth, and families with children.

As previously mentioned, although the County has a well-rounded and comprehensive approach to the problem of homelessness certain populations remain hard to house, namely the chronically homeless who are severely mentally ill and those afflicted by chronic substance abuse.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

Please see the sections above which partly answer this question as well section NA-40 of the Needs Assessment and section MA-30 of the Market Analysis.

The services and facilities provided serve both the general population of homeless persons but there are also a number of programs that are targeted to meet the needs of special needs homeless such as persons with HIV/AIDS, veterans, youth, aging-out foster youth, women and children, and the mentally ill.

Although treatment for substance abuse is available in the community, there are limited opportunities for persons who are actively using to be housed other than an overnight emergency shelter. The same holds true for those who are severely mentally ill. Although there are services available and there is supportive housing (transitional and permanent), those with the most severe mental illness do not have housing that is coupled with the level of care required. One option available is short term confinement or institutionalization as the result of arrest by law enforcement

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

The County will continue to work collaboratively with service and shelter providers to identify and address gaps in the institutional structure and service delivery system. The County generally has a well-developed institutional structure and service delivery system.

Although every attempt is made to address the needs of the complete continuum of homelessness from prevention to permanent supportive housing, there is a portion of the chronically homeless population that remains difficult to serve. Although many of these persons could stabilize and recover if placed in stable housing, the intensity of services required and the disruptive nature of mental illness and substance abuse often make housing such persons challenging. Pursuing a “housing first” strategy for the chronically homeless who are suffering from mental illness or substance abuse is one approach the County will consider. (See The National Alliance to End Homelessness http://www.endhomelessness.org/pages/housing_first) One of the greatest challenges for this approach is the amount of funding and resources that must be brought to bear to have an impact.

The County will continue to work to increase the resources devoted to permanently affordable housing to serve as a stabilizing force preventing homelessness.

The County will focus increased resources on homeless prevention/crisis intervention, especially on homeless youth, aging-out foster youth and persons being discharged from institutions.

The County will continue to devote resources to address the needs of the chronically homeless including comprehensive case management, supportive housing, shelters and transitional housing.

The County will target resources to the lowest income groups with the highest needs including the chronically homeless, homeless youth, and those living in transitional shelters.

Section 1.07 SP-45 Goals Summary – 91.215(a)(4)

Goals Summary Information

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|--|------------|----------|-----------------------------------|---|------------------------------------|--|--|
| 1 | Improve Infrastructure in Low-income Neighborhoods | 2015 | 2019 | Non-Housing Community Development | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County | Public Infrastructure Improvements | CDBG (Urban County): \$7,331,725 Turlock – TBD due to NOFA process still underway | Stanislaus Urban County: Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 7,136 Persons assisted Turlock: Public facility and infrastructure activities will occur in the LMI census tracts as well as in strategies to connect Low income households to city water and sewer services in the Montana West area |

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|---|------------|----------|--------------------|---|---|--|---|
| 2 | Acquisition and Single-Multifamily Rehabilitation | 2016 | 2019 | Affordable Housing | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County | <p>Affordable Housing Availability. Develop a strategy to acquire and rehabilitate rental units exhibiting deferred maintenance or poor property management, especially duplexes, triplexes and four-plexes in areas where multiple parcels can be acquired.</p> <p>Where feasible units will be converted to owner occupancy. If the units are to be retained as rental units, the City will turn the units over to a non-profit or other community-based organization to own and manage as transitional, permanent supportive or affordable rental units.</p> | <p>HOME & CDBG*: TBD due to NOFA process still underway</p> <p>*Turlock Only</p> | Acquisition and rehab of 10-20 single/multifamily units |
| 3 | Affordable Housing for Seniors | 2015 | 2019 | Affordable Housing | Waterford | Affordable Senior Housing | HOME Consortium (Waterford): TBD due to NOFA process still underway | ___ New Affordable Senior Housing Units |
| 4 | Temporary Relocation Services | 2015 | 2019 | Housing | Turlock | Temporary Housing Relocation for Housing Rehab Recipients | CDBG (Turlock): TBD due to NOFA process still underway | Provide temporary relocation assistance to 5 target income homeowners |

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|---|------------|----------|-----------------------------------|---|--|---|--|
| 5 | Rehabilitate Existing Housing | 2015 | 2019 | Housing | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County | Housing Rehabilitation: Emergency and Minor Repairs Preserve Affordable Housing Stock | HOME (Consortium-wide): \$750,000 CalHOME(Turlock): TBD due to NOFA process still underway CalHOME(County): 365,000 | HOME Consortium: Provide housing rehabilitation services to 40 target income owners |
| 6 | First-time Homebuyer Assistance | 2015 | 2019 | Affordable Housing | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County | Affordable Housing Availability | HOME(Consortium-wide): TBD due to NOFA process still underway CalHOME(Turlock): TBD due to NOFA process still underway CalHOME(County): \$500,000 | Turlock: Provide down-payment assistance to 50 First-time Homebuyers HOME Consortium: Provide down-payment assistance to 60 first-time homebuyers |
| 7 | Technical Assistance for Small Businesses | 2016 | 2019 | Non-Housing Community Development | Ceres, Hughson, Newman, Oakdale, Patterson, Waterford, Unincorporated County | Economic Development | CDBG (Urban County): \$140,000 (previous years funds) | Assist 20 small businesses to expand and/or receive education on Federal/State Accessibility requirements |

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|---|------------|----------|------------------------------------|---|---|---|---|
| 8 | Improve Accessibility | 2015 | 2019 | Non-Housing Community Development | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County | Housing Improvements for persons with Disabilities and Economic Development for Small Businesses who needs assistance with meeting Fed/State Accessibility Requirements | CDBG (Urban County): \$100,000 (previous years funds) Non-CDBG Funds (Turlock): \$50,000 | Assist 10 small businesses with education on Federal/State Accessibility requirements Turlock: Assist 10 small businesses with education on Federal/State Accessibility requirements |
| 9 | Fair Housing and Tenant/Landlord Services | 2015 | 2019 | Non-Homeless Community Development | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County | Fair Housing | CDBG (Urban County): \$125,000 CDBG (Turlock): \$50,000 | 1,150 Extremely low, very low, low, and moderate income individuals 300 Extremely low, very low, low and moderate income individuals |
| 10 | Access to public services for low income households and special populations | 2015 | 2019 | Non-Homeless Special Needs | Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, Unincorporated County | Public Services for extremely low, low, and moderate-income households/individuals and special populations | CDBG (Urban County): \$1,098,845 CDBG (Turlock): \$400,000 | 14,350 Extremely low, very low, low, and moderate income individuals 2,500 Extremely low, very low, low, and moderate income individuals |
| 11 | Shelter for Homeless Persons | 2015 | 2019 | Homeless | County-wide | Homelessness | ESG (Urban County): \$403,425 | 2,700 sheltered homeless individuals and families |

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|---|------------|----------|----------|-----------------|-------------------------|-------------------------------|---|
| 12 | Rapid Re-Housing for Homeless Persons | 2015 | 2019 | Homeless | County-wide | Homelessness | ESG (Urban County): \$201,713 | Housing for chronically homeless, homeless families with children, homeless veterans, and homeless persons without children 140 individuals; made up of 40 households |
| 13 | Homeless Prevention for Extremely Low Income Households and Individuals | 2015 | 2019 | Homeless | County-wide | At-risk of Homelessness | ESG (Urban County): \$201,712 | Prevention of homelessness for extremely low-income families with children, and at-risk individuals 175 Individuals, made up of 50 households |

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|--|------------|----------|---|-----------------|---|--|---|
| 14 | Capacity Building for Homeless Service Providers | 2015 | 2019 | Homeless Facilities, Permanent Supportive Housing | Turlock | City of Turlock will work with homeless service provider to acquire property for the purpose of capacity building with allowing the use of city owned facilities for the purpose of assisting homeless persons and families with the permanent supportive housing and with operation of a day center. | Turlock - TBD due to NOFA process still underway | Turlock Gospel Mission – Development and operation of a day center for homeless persons We Care of Turlock – Development of city-owned building for the purposes of operating a permanent supportive housing project for homeless persons. |

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)

The City of Turlock has received its Final and Conclusive Letter of Determination from the California Department of Finance to move ahead with the second phase of Avena Bella, the City’s most recent affordable housing project with its nonprofit development partner, EAH, Inc. the second phase of the project calls for the construction of an additional 60 units that are primarily two bedroom units. It is intended that during the period of the Plan that Low Income Housing Tax Credits (LIHTC) will be sought and awarded so that construction phase will begin. This 60 unit phase is 20% extremely low, 25% very low and 55% low income as per the guidelines of the tax credit financing.

Section 1.08 SP-50 Public Housing Accessibility and Involvement – 91.215(c)
Need to Increase the Number of Accessible Units (if Required by a Section 504 Voluntary Compliance Agreement)

The Housing Authority is not under a Section 504 Voluntary Compliance Agreement.

Activities to Increase Resident Involvements

The Housing Authority provides homeownership resources to participants in the Housing Choice Voucher Program. The Family Self-Sufficiency (FSS) Program has established partnerships with a variety of community resources to refer participants for services including pre- and post-secondary education, health care, child care, employment development, supported employment, and small business development including micro-loans. The FSS Program also encourages families to participate in financial wellness programs including financial literacy and credit repair with an emphasis on long-term financial stability for the purposes of homeownership. Supportive services are provided through the Stanislaus County Assistance Project, the Stanislaus County Department of Mental Health, or Stanislaus County Integrated Services Agency.

The Housing Authority previously implemented a services and communication “quality control” system that provides the Housing Authority with immediate customer feedback and identifies areas that may need improvement .

The Housing Authority has also implemented a resident education program with regularly scheduled meetings and written communications on agency policy, rules, and leases .

Efforts to improve communications with residents and program participants include: on site resident training/informational meetings, regular newsletters and flyers.

The Housing Authority has implemented a “curb-side” appearance program . The focus of the program is the exterior of buildings, parking areas, play grounds and other areas of the complexes. Rodent and insect problems are addressed when residents report a problem and/or on Annual Inspections. In an effort to better educate residents concerning these problems, information is regularly provided through the Housing Authority’s newsletter.

These actions have assisted the Housing Authority in creating an atmosphere which emphasizes customer satisfaction and communication .

Is the public housing agency designated as troubled under 24 CFR part 902?

No.

Plan to remove the ‘troubled’ designation

N/A.

Section 1.09 SP-55 Barriers to affordable housing – 91.215(h)
Barriers to Affordable Housing

State law employs the term “constraints” to describe forces or efforts to restrain actions that would otherwise occur.

Environmental review, general planning, zoning, and related local land use regulations and development standards are all extensions of local government police powers to protect life and property, minimize nuisances, and achieve a desired quality of life as expressed through a participatory public process. Certain barriers to affordability are required by State Law (such as preparing and adopting a General Plan and conducting environmental review), adopted for safety or civil rights reasons (such as the imposition of seismic construction standards in quake-prone areas, or requiring compliance with accessibility or visit ability design standards), or enacted to remedy or prevent a specific local issue (such as requiring landscaping to deter graffiti). However, the term “barrier” should not be interpreted in the context that local development standards and development review procedures are inhibiting the provision of quality affordable housing that would otherwise be developed.

Potential constraints to housing development in the Stanislaus Urban County and City of Turlock vary by area, but generally include infrastructure, residential development fees, land use controls, development standards, development and building permit application processing times, and resource preservation. Barriers to housing also include personal barriers such as poor credit history, involvement with the law, limited knowledge about tenants’ rights and the complaints process.

An analysis of these potential barriers is detailed in the Stanislaus and City of Turlock Housing Elements. A summary of potential barriers identified in the Housing Elements is provided in the Market Analysis (MA-40) section of this Plan.

Strategy to Remove or Ameliorate the Barriers to Affordable Housing

The Stanislaus Urban County and City of Turlock strive to consistently implement all policies and procedures, to review local development standards and development review procedures in such a way as to ensure that such do not have unintended negative consequences, and to improve policies and procedures so as to increase the opportunities and feasibility of developing affordable housing, especially for special needs and very low- and low-income units).

Public policy can help mitigate barriers to affordable housing in two ways. First, resources can be put toward reducing housing development’s carrying costs associated with housing development and construction. Another option is to directly subsidize rents, as with the Stanislaus Housing Authority Housing Choice Voucher Program. Taken together, these two options present the best opportunity to impact barriers to housing affordability for an individual household. Public and private resources need to be available in a manner which allows for the most effective and efficient use of resources at the local level.

With respect to program regulations, federal and state funding programs are most often created and structured to serve specific populations, i.e. low or very low income families, the elderly, people with disabilities. Other times, the programs focus on a particular type of housing, such as narrowly defined cooperatives, congregate housing, or owner-occupied homes. During the underwriting process, additional layers of requirements apply that limit cost, size, design, return, and subsidies. Such constraints are well intentioned and designed to ensure the proper use of limited public resources. However, they also force developers (and ultimately the residents) to be driven by the requirements of the funding sources rather than the needs of the community or the residents who will live in the housing. These requirements often demand that housing be narrowly defined as "low-income" or "elderly" or "congregate" housing, resulting in concentration of assisted housing.

Residents who receive Social Security and other supplemental income benefits, and the vast majority of individuals who use publicly funded services, face extreme barriers to accessing housing. The past decade has seen a greater number of persons who must expend more than 50% of their income to secure housing. This has resulted in greater pressure on publicly funded social services to direct scant resources to address this critical housing need and from a system perspective this policy has increased pressure on housing subsidy programs. Effective service delivery/treatment is diminished if consumers lack the income to access housing. If this barrier is not addressed, there will continue to be a high incidence of homelessness among individuals who are disabled and poor.

In the context of infrastructure, land cannot be used for housing unless, at a minimum, it is accessible by roads and is able to meet other basic infrastructure needs such as wastewater management. Ideally, sites will have easy access to sewer, water and utility hook-ups, be on or near a transportation corridor, and have easy access to shopping and municipal services. These elements are particularly true for affordable housing developments, where tenants may not have their own modes of transportation. However, in rural communities that lack adequate infrastructure, the cost of bringing in utilities and roads can often render affordable housing impossible to development. In many communities, reconciling environmental concerns with housing needs is a challenge.

The strategy of the Stanislaus Urban County and City of Turlock will be to continue on-going efforts to review all potential barriers to affordable housing that are within their authority to address; to continue to pursue and utilize available funding for mortgage assistance and housing rehabilitation; and to continue to work with and partner with housing non-profit agencies, and housing developers from the non-profit and for-profit sectors to promote the development of affordable and special-needs housing.

Stanislaus Urban County and City of Turlock goals and programs, which are developed to address the need, as well as the barriers, to affordable housing are noted in the previous section SP-45 Goals Summary – 91.215(a)(4)

Section 1.10 SP-60 Homelessness Strategy – 91.215(d)

Introduction

As discussed earlier in this Plan, the Stanislaus Urban County and City of Turlock participate in the Stanislaus County Continuum of Care (CoC) to develop and implement the Stanislaus County CoC's 10-Year Plan to End Long-Term Homelessness (2007). The Stanislaus County CoC's 10-Year Plan to End Long-Term Homelessness (2007) and its annual submissions to HUD reflects the demographics, needs and available shelter, housing, and services in the region in order to provide a cohesive homeless services system throughout the County. The goals and strategies outlined in this section are those of the entire region.

To develop the Stanislaus Urban County's homeless funding priorities, the current condition of homelessness in the nation and Stanislaus County was examined by pulling from the Stanislaus County's 2014 Point-In-Time (PIT) Homeless Count, the Stanislaus County CoC's 2014 Exhibit 1, the Stanislaus Urban County's 2012-2015 Consolidated Plan (CP), the Stanislaus County CoC's 10-Year Plan to End Long-Term Homelessness (2007), and the United States Interagency Council on Homelessness's Report, "Opening Doors – Federal Strategic Plan to Prevent and End Homelessness" (2010). A recent Community Survey, conducted in preparation for the development of Stanislaus Urban County's 2012-2015 CP, identified homeless services as a high priority and homeless prevention activities as a medium priority. Eligible activities allowed for under the homeless funds that the CDBG Stanislaus Urban County receives (ESG and CDBG Public Services) were then compared to existing services available to homeless and at-risk persons to develop the funding priorities described below. The ultimate goal of the CDBG Stanislaus Urban County Homeless Strategy is to increase housing stability and decrease incidents of homelessness in Stanislaus County by targeting funds to populations most in need, meeting both the immediate and long-term needs of the homeless, and avoiding the duplication of services by coordinating with service providers and the Stanislaus County CoC.

The Federal Strategic Plan to Prevent and End Homelessness has the following four Goals:

- ◆ End Chronic Homelessness in five years
- ◆ Prevent and End Homelessness among Veterans in 5 years
- ◆ Prevent and End Homelessness for Families, Youth and Children in 10 years
- ◆ Set a Path to End all Homelessness

The Federal Strategic Plan focuses on solving homelessness for the chronic homeless, homeless veterans, homeless families with children, and homeless unaccompanied youth. Within the document six strategies are discussed as paths to housing those target populations:

- ◆ Individualized Goal-Based Service Planning
- ◆ On-Going Support Services Connected to Mainstream Resources
- ◆ Independent Living Skills Training
- ◆ Connections to Supportive and Trustworthy Adults and Support Networks
- ◆ Employment and Education
- ◆ Housing

Similarly, the Stanislaus County CoC's Stanislaus County CoC's 10-Year Plan to End Long-Term Homelessness (2007), identifies CH, long-term homeless adults and families, and homeless youth as target groups for homeless assistance. Currently, the focus of Stanislaus County CoC funding has been to provide permanent supportive housing (PSH) for the chronically homeless, homeless veterans and for homeless youth out of foster care. The Emergency Solutions Grant (ESG) Program provides both emergency shelter and rental assistance to help stably house homeless households with and without children and long-term homeless adults. ESG sub-grantees will assess individual clients' needs and will evaluate their potential for success in the appropriate program (Emergency, Transitional, Permanent Supportive Housing or Rental Assistance). If they are not able to offer the needed service, then clients will be referred to the appropriate resource.

Drawing from these local data sources and federal strategies, the Stanislaus Urban County has established the following Homeless Strategic Plan action items:

- ◆ Develop and operate coordinated entry for all households who are entering the homeless system or at risk for homelessness.
- ◆ Reach out to homeless households (especially unsheltered persons) and assess their individual needs with coordinated entry and a common assessment tool; collect information to determine the underlying issues and risk factors and develop a plan to address those issues.
- ◆ Reduce recidivism through system-wide implementation of evidenced-based practices known to effectively address homelessness, including incorporation of the Focus on Prevention 2014 strategies.
- ◆ Address the emergency shelter needs of people living outside through increased street outreach and assessment of their health needs.
- ◆ Significantly expand homeless rapid re-housing services to end homelessness as quickly as possible.
- ◆ Shift the entire homeless system of care to a "housing first" approach as the most cost-effective and direct route to reducing homelessness.
- ◆ Help low-income households who are being discharged from publicly funded systems of care avoid becoming homeless by engaging those systems of care in identifying solutions to such households and planning to avoid new homelessness.

- ◆ Improve data collection and analysis, including better utilizing HMIS to track the transition of persons into and out of homelessness.
- ◆ Increase access to vocational training opportunities for homeless persons.
- ◆ Increase access to affordable housing & support services in areas related to life skills.
- ◆ Increase coordination with entities releasing persons into homelessness and with service providers and the Stanislaus County CoC.

Please see Table 1a and the discussion provided under the Homeless Needs Assessment portion of this document for additional details on the needs of homeless in Stanislaus County.

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

In coordination with the Stanislaus County CoC, programs that provide street outreach to unsheltered homeless persons and assess their individual needs include the following:

Stanislaus County CoC Homeless Fair

The annual homeless fair, organized by Stanislaus County CoC members, provides on-site needed health and resource needs assessments, as well as provides outreach regarding available shelter and social services to homeless persons who are both sheltered and unsheltered. Previous homeless fairs have also provided pet food and bike repair services to participants.

Telecare Corporation – Westside SHOP Stanislaus Homeless Outreach Program

Under contract with Stanislaus County Behavioral Health and Recovery Services, the Westside SHOP program uses a multidisciplinary team, which includes a psychiatrist, a nurse, a Master's prepared clinician, and personal service coordinators/case managers with experience in substance abuse recovery, housing, employment, and mental health support to adult residents with serious mental illness and a history of homelessness. The team works in partnership with each other as well as other agencies and service providers in the area to assist members with linkage to community resources.

Based on the well-researched Program of Assertive Community Treatment model, developed in Madison, Wisconsin, the program provides or assists members in obtaining a full range of services, including:

- ◆ Comprehensive assessment and treatment
- ◆ Crisis intervention and immediate support 24 hours/day, 7 days/week
- ◆ Outreach and engagement
- ◆ Psychiatric assessment and treatment
- ◆ Medication management, support, and education
- ◆ Risk focused assessment and intervention
- ◆ Physical health screening, care coordination, and referral
- ◆ Substance abuse intervention and counseling

- ◆ Focus on self-help and wellness
- ◆ A primary focus on peer support and family / significant other involvement, promoting community integration
- ◆ Vocational and educational services
- ◆ Engagement activities
- ◆ Case management
- ◆ Housing support
- ◆ Benefits and entitlements assistance
- ◆ Family support
- ◆ Education and life skill coaching, including money management
- ◆ Dual diagnosis assessment and intervention
- ◆ Providing information and learning opportunities as support for individuals in their recovery

Emergency Solutions Grant Program

ESG funds may be used for costs of providing essential services necessary to reach out to unsheltered homeless people; connect them with emergency shelter, housing, or critical services; and provide urgent, nonfacility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility. Any funding provided for such services through the ESG program would be subject to the competitive grant award process.

Addressing the emergency and transitional housing needs of homeless persons

Short-term strategies for addressing the emergency and transitional housing needs of homeless persons include but are not limited to the following:

- ◆ Expanding street outreach efforts to prioritize the needs of persons living outside, especially those whose health is compromised.
- ◆ Sustaining existing emergency shelter inventory and helping those in shelter exit to permanent housing through rental assistance and case management addressing specific barriers to obtaining and retaining housing.
- ◆ Expanding economic opportunities to help participants achieve long-term housing stability by coordinating services with local employment training agencies and banks to offer budgeting and financial literacy workshops.

Long-term strategies include but are not limited to the following:

- ◆ Expanding economic stability programming to help participants achieve long-term stability and reduce recidivism.
- ◆ Increasing inventory of permanent supportive housing for homeless households through the development of affordable housing.

- ◆ Aligning 10-Year Homeless Action Plan goals and strategies with the Consolidated Plan.
- ◆ Aligning Stanislaus County CoC strategies with the “Opening Doors” Federal Strategic Plan to Prevent and End Homelessness and HEARTH data-driven strategies to shorten lengths of stay, rapidly re-house as many homeless persons as possible, and prevent persons from becoming homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The Continuum of Care strategies encourage providing homeless households with housing quickly and only availing supportive services that are of greatest need to support stable housing; other needs the households may have should be addressed through existing mainstream resources available in the community. This reflects an emphasis on both homelessness prevention and rapid re-housing.

Permanent housing destinations generally include an apartment or house, permanent supportive housing, or living permanently with friends or family. A return to homelessness is indicated by a new entry in a homeless residential program (emergency shelter, transitional housing, rapid re-housing) in HMIS within 365 days after exiting to permanent housing.

Key to stabilizing housing for these homeless populations is the provision of supportive services, tailored to fit the needs of the individual.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The state has policies in place that require health care facilities to participate in regional planning meetings and develop a specific document to identify best practices for the post-hospital transition of homeless patients, methods to establish and support effective communications between hospitals and stakeholders regarding this transition and the identification of resources. Local health care facilities have specific protocol in place requiring a safe discharge for all patients. In 2008, the Stanislaus County Public Health Agency reestablished the task force to review the current protocol in place and address any gaps in services necessary to ensure successful discharge planning services. The Public Health Agency has become actively involved in the Stanislaus County CoC and working towards developing liaisons with housing services agencies within the Stanislaus County CoC to update the existing discharge planning protocol. Currently in place there are discharge planning social workers on staff at the hospitals who work with service providers to locate appropriate housing and prevent the release of patients to the streets or to HUD McKinney-Vento funded emergency shelters, transitional or permanent housing units.

Representatives from Behavioral Health and Recovery Services (BHRS) and the Community Services Agency (CSA) regularly attend the monthly Stanislaus County CoC Housing Collaborative meetings and are active participants in discharge coordination planning, in particular for homeless individuals, throughout Stanislaus County.

For adults recently released from custody, Stanislaus County addresses housing issues through the Day Reporting Center (DRC). The Sheriff's Department conducts Probation Orientation Meetings at the DRC in which several programs have participated in the past including Solidarity, Teen Challenge, and Gospel Mission. As a result of the Stanislaus County's CoC's coordination with the Probation Department, the Stanislaus County Sheriff's and Probation Departments also recently began a diversion program, where homeless individuals who would otherwise be jailed for minor crimes are able to stay at the Salvation Army shelter facility, where they receive shelter and case management services. Collaboration with public service providers and the Probation Department is on-going.

Stanislaus County has transitional living procedures in place for juveniles exiting foster care to address youth in placement where the long term plan is emancipation. These procedures are required by both the State and Federal governments. Stanislaus County develops a 90 day transition plan that includes a housing component. Procedurally, a lead officer receives a list of those eligible minors from the case officers and he works with the case officer, minor, family, and any service providers to develop the plan prior to the minor's last status review (usually at 18 years old). A status review is a court hearing to review the minor's status in placement. The plans are submitted to the court and all involved parties, including the minor.

Through contracted services with BHRS, Telecare SHOP (Stanislaus County's primary agency for outreach to CH/mentally ill persons) provides treatment and discharge planning to adults with mental illness and/or chemical addiction. Extensive policies are in place to ensure that patients and mentally ill inmates are not discharged into settings such as shelters, the streets, hotel or motels. Discharge planning is multi-disciplinary and starts upon admission to a facility, with SHOP case managers working with a team including the patient, family, guardians and agencies to develop a plan for housing, medication, vocational, social and educational needs, follow-up, support services and life activities. Discharge planning includes supportive or protective housing if the patient is incapable of independent living. Agencies receive diagnosis, medication and other pertinent information to assist with follow up services. Appropriate discharge settings include nursing homes, basic care facilities, adult foster care, and independent living which are not funded through HUD McKinney-Vento resources. SHOP assists individuals in completing application for housing and mainstream resources such as Social Security prior to the patients discharge. This protocol has been accepted within the Stanislaus County CoC and the general community and has proven to be highly successful in preventing homelessness from persons discharged from mental health facilities.

Section 1.11 SP-65 Lead-Based Paint Hazards (LBP) – 91.215(i)

Actions to address LBP hazards and increase access to housing without LBP hazards

All housing related programs administered by the Stanislaus Urban County and the City of Turlock, including Rapid Re-Housing, NSP and HOME Consortia projects, require that all units constructed before 1978 be screened and inspected for lead-based paint hazards. HOME Consortia projects are generally inspected by the Housing Authority of the County of Stanislaus and ESG Rapid Re-Housing units are inspected by Stanislaus County Building Inspectors, unless the Housing Authority of the County of Stanislaus (HACS) has already conducted a LBP inspection. The lead-based paint regulation that became effective April 22, 2010 added a requirement that requires contractors bidding on the rehabilitation of homes built prior to 1978 provide documentation of EPA Lead Renovation and Repair and Painting certification. If lead is found in any housing unit, a lead-based paint clearance test is conducted, after the work has been completed, by a licensed contractor with expertise in this type of work. Final payment is not released until the unit has passed the lead-based paint testing requirements. These requirements will assist Stanislaus County in its goal to eliminate the lead-based hazards.

How are the actions listed above related to the extent of lead poisoning and hazards?

Although lead was banned from residential paint in 1978, a significant number of pre-1978 housing units still exist within the Stanislaus Urban County jurisdiction. The presence of lead-based paint constitutes an active or latent problem that may now or in the future cause harm. The 2007-2011 ACS (Total Units) and 2007-2011 CHAS (units with children present) estimates that there are 24,498 owner-occupied housing units, of which 7,754 have children present, that were constructed prior to 1980 within the Stanislaus Urban County jurisdictions and 4,727 owner-occupied housing units, of which 1,885 have children present, in the City of Turlock. This same data also shows that there are 18,412 renter-occupied housing units, of which 5,065 have children present, that were constructed prior to 1980 within the Stanislaus Urban County jurisdictions and 1,245 renter-occupied housing units, of which 2,131 have children present, in the City of Turlock. This data shows that there is a much higher percentage of pre-1980 renter-occupied units with children present, than in owner-occupied units.

The HSA of Stanislaus County serves as the lead agency for Stanislaus County in the identification, documentation and prevention of lead poisoning. The Childhood Lead Poisoning Prevention Program of Stanislaus County, administered through the HSA, becomes involved with childhood lead-based poisoning when notification of an elevated screening blood level is received either from the laboratory or physician. If the blood level is 10ug/dL (micrograms per deciliter), notification is made to the family. Once a child meets the case definition, an environmental investigation is performed by a Registered Environmental Health Specialist to determine, if possible, the source of lead exposure. The Stanislaus County HSA in partnership with the Department of Environmental Resources conducts the investigation of residences where children with elevated levels of lead reside.

The Stanislaus Urban County partnered with the Childhood Lead Poisoning Prevention Program to distribute information in the unincorporated areas of Stanislaus County and PJs. If the source of lead exposure is related to the residential physical environment (e.g. peeling paint that indicates the presence of lead) then the Housing Rehabilitation Program may participate in source eradication.

How are the actions listed above integrated into housing policies and procedures?

All housing related programs administered by the Stanislaus Urban County, including Rapid Re-Housing and HOME Consortia project who collaborate with the HACS, have policies in place which require that all units constructed before 1978 be screened for lead-based paint hazards.

Section 1.12 SP-70 Anti-Poverty Strategy – 91.215(j)

Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

The City of Turlock, Turlock HOME Consortium, and Stanislaus Urban County have a multipronged approach to addressing the issue of reducing poverty through ensuring an adequate, affordable, quality housing supply, improving low-income neighborhoods, strengthening the employment skills of the community and ensuring access to basic needs such as food and shelter. The City is particularly focused on ensuring quality housing options to low-income individuals through the production of new low-income units as well, the rehabilitation of existing low-income units and combating rental discrimination against minorities.

The City realizes that it cannot combat poverty alone, and it is a top priority of the City to coordinate with other entities where needed. The City is particularly committed to coordinating with the County of Stanislaus, which is responsible for many housing and social service programs. The City also coordinates with other entities such as the Continuum of Care and various community-oriented nonprofit groups that have a stake in the community. It is a top goal of the City to ensure that it accesses all available grant money to assist the community.

The City is committed to removing all impediments to eliminating poverty that are within the City's control. The City regularly reviews its zoning, codes, permit process and fees to ensure that the City is as

accommodating as possible to those who wish to create jobs by opening or expanding businesses in the City. The City is committed to ensuring an adequate law enforcement presence so that businesses feel safe operating in Turlock and providing the quality infrastructure needed to support a vibrant economy. The City is also taking the lead in increasing coordination with nonprofits to provide a unified plan.

See **Appendix 3** for map of low- and moderate income households within Stanislaus County.

FOCUS ON PREVENTION 2015

On October 28, 2014 the Board of Supervisors adopted a plan called Focus on Prevention 2015, which is a strategy for community transformation in four areas critical to the quality of life in Stanislaus County, including:

- ◆ Homelessness
- ◆ Strengthening Families
- ◆ Youth Early Intervention
- ◆ Reducing Recidivism

The goal of Focus on Prevention 2015 is to bring all sectors of the community together to provide an opportunity for cross-sector development of community-wide prevention strategies. A community convening will be held centering on each of the four categories listed above, where a plan for the development of the next phase will be outlined by the participants. This effort recognizes that although good programs exist throughout the County, multiple sectors of the community often stay within their established networks causing gaps in the network of care for the County's at-risk populations. As a result the outcomes and overall impact of these programs is falling short and the County is experiencing both funding gaps and funding redundancies. While the County will act as the facilitator of the Convenings, this effort centers on the platform that government is not the answer and that champions from the community must be the mobilizers of change. The effort focuses on coordination between the following sectors of the community:

- ◆ Education
- ◆ Faith-based
- ◆ Arts
- ◆ Media
- ◆ Government
- ◆ Non-profits
- ◆ Business
- ◆ Entertainment and Sports
- ◆ Neighborhoods

Upon completion of the Convenings and the next step will be development of community-led prevention strategies. The County will be offering mini-grants for implementation plans which incorporate all seven sectors of the community. The focus on prevention is intended to become a new norm in which programs

and services with a prevention focus and with meaningful prevention performance measures guide future resource decisions.

Stanislaus County through its CDBG/ESG program is committed to implementation of the Focus on Prevention 2015 platform and will integrate the work that comes out of this effort into future funding decisions. As a first step to incorporate the Board of Supervisor's Focus on Prevention 2015 effort into the Community Development Block Grant and Emergency Solutions Grant programs, this year planning staff will be setting aside one \$40,000 grant for prevention focused applications. CDBG and ESG funds will be incorporating more Focus on Prevention 2015 strategies as the process unfolds.

Homeless Services

All local nonprofit agencies serving the homeless offer some level of supportive services to program participants, ranging from family counseling to job skill development, all of which are intended to promote self-sufficiency and exiting poverty and homelessness.

The Emergency Food and Shelter Grant Program (EFSG), administered by the Federal Emergency Management Agency (FEMA), provides funding to supplement and expand ongoing efforts to provide shelter, food, and supportive services for the nation's hungry, homeless, and people in economic crisis.

Homeless Prevention and Transitional Housing

Homeless prevention activities are designed to keep low-income people who are at the highest risk of homelessness from entering homeless services. Prevention programs have been retooling to stabilize individuals and families that are at risk of becoming homeless and to improve their stability to avoid future housing crises. Prevention programs are funded through Balance of State ESG funds, HOPWA funds, Supportive Services for Homeless Veterans funds, and local private funding.

As the Continuum of Care begins a system-wide shift to a housing first approach, the Continuum of Care has encouraged the conversion of transitional facilities to permanent supportive housing. The remaining transitional housing programs are shortening their length of stay to more rapidly exit homeless persons to permanent housing, or they are seeking funding from other systems of care for intensive services for homeless persons facing severe barriers to housing. This reflects a new understanding of the purpose of transitional housing rather than continuing to fund it as a routing component of Stanislaus County's homeless housing system.

Vulnerability Index Survey

HOMELESS RISK FACTORS

Although we have no exact count as to the number of persons who lose their housing and become homeless each year, we do know what risk factors play into causing homelessness.

Persons who are homeless or at-risk of homelessness include individuals or families that are experiencing one or more risk factors. When evaluating these risk factors within the context of Stanislaus County a rise in persons at-risk of homelessness is anticipated. Some risk factors for homelessness include the following:

- ◆ Sudden and significant increase in utility costs
- ◆ Mental health and substance abuse issues
- ◆ Physical disabilities and other chronic health issues, including HIV/AIDS
- ◆ Severe housing cost burden (greater than 50 percent of income for housing costs)

- ◆ Homeless in last 12 months
- ◆ Young head of household (under 25 with children or pregnant)
- ◆ Current or past involvement with child welfare, including foster care
- ◆ Pending foreclosure of housing (rental or homeownership)
- ◆ Extremely low income (less than 30 percent of Area Median Income)
- ◆ Past institutional care (prison, treatment facility, hospital)
- ◆ Recent traumatic life event, such as death of a spouse or primary care provider, abandonment of spouse or primary care provider, or recent health crisis that prevented the household from meeting its financial responsibilities
- ◆ Credit problems that preclude obtaining of housing
- ◆ Significant amount of medical debt.
- ◆ Eviction within 2 weeks from a private dwelling (including housing provided by family or friends)
- ◆ Discharge within 2 weeks from an institution in which the person has been a resident for more than 180 days (including prisons, mental health institutions, hospitals)
- ◆ Residency in housing that has been condemned by housing officials and is no longer meant for human habitation
- ◆ Sudden and significant loss of income

Mental or Physical Disabilities, Substance Abuse and Other Chronic Health Issues

Living with mental illness, physical disabilities, substance abuse or other chronic health issues can increase the risk of homelessness. The HAS's Stanislaus County Community Health Assessment Survey for 2008 found that Stanislaus County residents who needed help for emotional or mental health problems increased from 14.6% in 2001 to 20.5% in 2005. However, the number of persons who did not see health professionals who needed it for emotional or mental problems was at 43.3%. When asked why those not receiving help did not get it, 62.4% responded that it was due to a lack of insurance. Disabilities vary in type and severity and can have a significant impact on a household's housing needs and ability to pay for appropriate housing (2015 – 2023 Housing Element). According to the 2013 ACS 1-Year Estimates, 13.1% of the population in Stanislaus County and 11.8% in the City of Turlock reported a disability as compared to the State where 10.1% of the population reported a disability.

Stanislaus County rates for chronic health issues, such as diabetes, asthma, and obesity, are higher than averages for the State.

Standard Condition & Substandard Condition But Suitable For Rehabilitation

Based on data from the 2007-2011 ACS, 48.2% (43,675 households) of both owner-occupied and renter-occupied households in the Stanislaus Planning Area have one or more of the following housing conditions: (1) lacks complete plumbing facilities; (2) lacks complete kitchen facilities; (3) more than one person per room; and (4) cost burden greater than 30%. Renter-occupied households have the highest rate of housing conditions at 58%, while 43% of owner-occupied households have none of the housing conditions. With regard to the age and condition of the housing stock, the majority of the Stanislaus

Planning Area's housing units were built between 1950 and 1979 (34%), followed by between 1980 and 1999 (32%), 2000 or later (20%), and before 1950 (14%). Older units are generally in greater need of repair, including possible lead-based paint remediation: 48% of both owner-occupied and renter-occupied units were built before 1980. Approximately 30% of units built before 1980 have children present. These units pose the greatest risk of lead poisoning.

In the City of Turlock, 44.8% (10,747 households) of both owner-occupied and renter-occupied households have one or more of the following housing conditions: (1) lacks complete plumbing facilities; (2) lacks complete kitchen facilities; (3) more than one person per room; and (4) cost burden greater than 30%. Renter-occupied households have the highest rate of housing conditions at 58%, while 43% of owner-occupied households have none of the housing conditions. With regard to the age and condition of the housing stock, the majority of housing units were built between 1980 and 1999 (36%), followed by between 1950 and 1979 (33%), 2000 or later (23%), and before 1950 (9%). Older units are generally in greater need of repair, including possible lead-based paint remediation: 44% of both owner-occupied and renter-occupied units were built before 1980. Approximately 33% of units built before 1980 have children present. These units pose the greatest risk of lead poisoning.

Cost Burden and Severe Cost Burden

Cost is the primary reason many individuals are unable to obtain or maintain quality housing. . . . Approximately 24,101 of the Stanislaus Planning Area lower-income households overpaid for housing. Of those lower-income households paying more than 30% or more on housing, 54.9% were from the City of Ceres. The City of Turlock had approximately 22,780 lower income households that were paying over 30% of their income on housing.

Unemployment and Underemployment

According to the California Employment Development Department, the unemployment rate in Stanislaus County was 11.1 percent in January 2015, up from a revised 10.4 percent in December 2014, and below the year-ago estimate of 13.0 percent. This compares with an unadjusted unemployment rate of 7.3 percent for California and 6.1 percent for the nation during the same period. According to the 2009-2013 ACS, 9.6% were unemployed in the City of Turlock.

Overcrowding

The Census defines an overcrowded unit as one occupied by 1.01 persons or more per room (excluding bathrooms and kitchens). Units with more than 1.5 persons per room are considered severely overcrowded. Overcrowding increases health and safety concerns and stresses the condition of the housing stock and infrastructure. Overcrowding is strongly related to household size, particularly for large households and especially very large households and the availability of suitably sized housing. Overcrowding impacts both owners and renters; however, renters are generally more significantly impacted.

While family size and tenure are critical determinants in overcrowding, household income also plays a strong role in the incidence of overcrowding. As a general rule, overcrowding levels tend to decrease as income rises, especially for renters (particularly for small and large families). The rate of overcrowding for very low-income households is generally nearly three times greater than households over 95 percent of the area median income. As with renters, owner households with higher incomes have lower rates of overcrowding.

According to the 2009-2013 ACS, 7.1% of households in Stanislaus County and 6.7% of households in the City of Turlock were overcrowded, compared to 8.2% in California.

HOMELESS NEEDS

Persons experiencing homelessness and households at-risk of homelessness need access to the following services:

- ◆ Job training;
- ◆ Sustainable paying jobs;
- ◆ Stable and affordable housing;
- ◆ Supplemental food supplies;
- ◆ Life-skills training;
- ◆ Basic coping skills, financial planning, food shopping, spending;
- ◆ Safe, affordable child care;
- ◆ Accessible and reliable public transportation;
- ◆ Case management services or supportive housing after leaving a shelter;
- ◆ Coordinated case management for those involved with a variety of public entities, such as the courts and parole;
- ◆ A safe environment that is drug and gang free;
- ◆ Recreational programs for adults;
- ◆ Chore services, including yard maintenance for the elderly;
- ◆ Medication administration assistance for the elderly; and,
- ◆ Access to health care
- ◆ Access to vocational training opportunities; and
- ◆ Access to substance abuse treatment programs

Other Programs and Services

Continuum of Care Plan

Stanislaus County and City of Turlock staff consults and collaborates with the Stanislaus County CoC's committee in multiple ways. The Stanislaus County CoC is made up of representatives from the City of Modesto, the City of Turlock, Housing Authority of the County of Stanislaus (HACS), Stanislaus County Behavioral Health and Recovery Services, Stanislaus County Child Support Services, housing service providers, social service providers, fair housing service providers, health service providers and homeless service providers. Announcements for all funding opportunities through the County are routinely advertised at the Stanislaus County CoC meetings. A representative from the Stanislaus County CoC participates on the panel which scores applications for the competitive CDBG Public Service and ESG grants. Additionally, draft ESG and CDBG Public Services funding recommendations will be presented to the Stanislaus County CoC during their April 2015 Housing Collaborative meeting for comment.

The Stanislaus Urban County and City of Turlock will maintain its membership and active involvement in the Stanislaus County CoC, a multi-agency collaborative which focuses on the community's housing and social service needs, to continue outreach and information sharing with other Stanislaus County agencies serving similar clientele.

The Stanislaus County CoC has developed two working committees to evaluate the best method for implementing a coordinated client intake and assessment process. As it is required to participate in HMIS as an ESG sub-recipient, a common data entry form was developed in this sub-committee to assist with uniform data collection to be input into the Stanislaus County CoC's HMIS database. The sub-committee will continue to work together to develop a coordinated assessment process. The sub-committee is leaning toward a coordinated, rather than centralized, assessment system due to the limitations on the number of HMIS licenses and computers available to service providers.

INSTITUTIONS THAT MAY DISCHARGE PERSONS INTO HOMELESSNESS

Representatives from Behavioral Health and Recovery Services (BHRS) and the Community Services Agency (CSA) regularly attend the monthly Stanislaus County CoC Housing Collaborative meetings and are active participants in program planning for homeless fund utilization throughout Stanislaus County. The Health Services Agency (HSA) has been contacted in regard to recent and upcoming health care reform legislation, some of which encourages incorporating rental assistance and case management into discharge planning. Because Stanislaus County does not have a public hospital, private hospitals will ultimately need to be consulted in the future as to which health care reform measures they will be implementing. On October 1, 2011 California passed a corrections realignment plan, which shifts responsibility from the state to counties for the custody, treatment, and supervision of individuals convicted of specified nonviolent, non-serious, non-sex crimes.

As a result of this process, the Stanislaus County Sherriff's and Probation Departments refer recently discharged paroles to the Salvation Army shelter facility, where they receive shelter and case management services. Collaboration with public service providers and the Probation Department is on-going.

Article II. SERVICE PROVIDERS

Consultation with public and private agencies that provide assisted housing, health services, and social services to determine what resources are available to address the needs of any persons that are chronically homeless was addressed via coordination with the local Stanislaus County CoC.

How is the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

By continuing to fund the acquisition, development, and/or rehabilitation of affordable housing units when funding resources are available, the Stanislaus Urban County and City of Turlock will be providing individuals and families in poverty with a decent, affordable place to live, which will allow them to focus their efforts on overcoming poverty.

Providing financial assistance to first-time homebuyers can help them in making the transition to homeowner status and build up equity in their own home. Similarly, assisting a low-income family which already owns in home to rehabilitate or improve that home increases its value, and thus increases the value of that family's home in the long run.

Increased equity in the form of home ownership can, when properly nurtured, provide economic resources that can permit a low-income homeowner to increase their income, which can assist in the financing of higher education for household members (leading to increased income), or wealth which can assist in obtaining investment capital to start a business.

While the ability to access home equity is limited for extended periods of time under most housing assistance programs, a valuable credit history can be created which increases a family's access to borrowed money. In addition, the eventual termination of restrictions permits direct access to accumulated equity at some point in the future.

Funding for homeless-related programs will also provide a support system for individuals and families who are struggling with poverty.

All of these can have the effect of lifting families out of poverty.

Section 2.01 SP-80 Monitoring – 91.230

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Stanislaus County, as the lead agency for CDBG and ESG funds, monitors all sub-recipients on a regular basis (at least once per quarter). Monitoring is conducted to ensure statutory, regulatory, and programmatic requirements are being met and that information submitted to Stanislaus County is accurate and complete.

An agreement is executed with every sub-recipient which clearly states all contractual requirements including but not limited to the project scope of work, performance measurement standards, reporting requirements, draw-down requirements, and applicable federal requirements. The monitoring process emphasizes on-site field visits, desk audits, technical assistance, and assistance to sub-recipients to ensure a good data collection and reporting system is in place.

Specifically, the objectives of Stanislaus County's monitoring program are to:

- ◆ Ensure that sub-recipient implements its program and its individual activities, as described in the application and the sub-recipient Agreement.
- ◆ Ensure that sub-recipient conducts its activities in a timely manner, and in accordance with the schedule included in the Agreement.
- ◆ Ensure that sub-recipient charges costs to the project, which are eligible under applicable laws and CDBG regulations, and reasonable in light of the services or products delivered.
- ◆ Ensure that sub-recipient conducts activities with adequate control over program and financial performance, and reasonable in light of the services or products delivered.
- ◆ Ensure that sub-recipient has continuing capacity to carry out the approved project, as well as other grants for which it may apply.
- ◆ Identify potential problem areas and assist the sub-recipient with applicable laws and regulations compliance.
- ◆ Assist sub-recipients in resolving compliance problems through discussion, negotiation, and the provision of technical assistance and training.
- ◆ Provide adequate follow-up measures to ensure that performance and compliance deficiencies are corrected and not repeated.
- ◆ Comply with the federal monitoring requirements of 24 CFR 570.501(b) and 24 CFR 85.40.
- ◆ Determine if any conflicts of interest exist in the operation of the CDBG program per 24 CFR 570.611.
- ◆ Ensure that required records are maintained to demonstrate compliance with applicable regulations.
- ◆ Verify that the outputs and outcomes are realized in a timely manner.
- ◆ Track grantee's progress in fulfilling its goals and objectives set forth in the Plan measured with established guidelines to assure that the program remains on task. Additionally, with data collected by the grantee during monitoring visits and ultimately entered into the IDIS system, this program is capable of presenting the data to defend its progression towards accomplishment of its goals and objectives set forth in the Plan. On a semi-annual basis this information is compiled and compared with the goals and objectives in the Plan. If this information reflects the accomplishments set forth in the Plan, the programs will proceed as planned. If this information falls short of the goals set forth, appropriate adjustments will be made and notification sent to the respective sub-recipients to be cognizant of their need to meet certain milestones and timeliness requirements to assure receipt of expected funds for their respective programs.

PROGRAM AND PLANNING REQUIREMENTS

A coordinated monitoring process has been established to verify and confirm that grant funds have been used in an eligible and appropriate manner for each of the following programs:

COMMUNITY DEVELOPMENT BLOCK GRANT STANISLAUS URBAN COUNTY

Stanislaus County staff reviews quarterly project progress reports, requests for funds reports and budget printouts, which identify the total funds used by all jurisdictions during a given month. Stanislaus County staff verifies and cross-references the information on the quarterly budget activity reports. Monitoring visits are also scheduled quarterly by Stanislaus County staff for each jurisdiction to ensure appropriate expenditure of funds. Finally, Stanislaus County tracks the timeliness of draw-downs within the IDIS system to assure that the program meets or exceeds the threshold requirements established by HUD.

CDBG PUBLIC SERVICE GRANT PROGRAM

Stanislaus County staff reviews quarterly CDBG statistics tables, narratives, request for funds forms and budget printouts, which identify the total funds used/requested by each grantee during that reporting period. Stanislaus County staff verifies and cross-references the information on the quarterly budget activity reports. Monitoring visits are also scheduled quarterly by Stanislaus County staff for each grantee to ensure appropriate expenditure of funds and recommendations are provided to the grantee within 30 days of the monitoring visit.

EMERGENCY SOLUTIONS GRANT (ESG) PROGRAM

Stanislaus County staff reviews quarterly ESG statistical tables, narratives, Request for Funds forms and budget printouts, which identify the total funds used/requested by each grantee during that reporting period. Stanislaus County staff verifies and cross-references the information on the quarterly budget activity reports. Monitoring visits are also scheduled quarterly by Stanislaus County staff for each grantee to ensure appropriate expenditure of funds (including match requirements). Monitoring will include on-site visits, review of records such as client files, financial records, and interviews with staff and project participants. On-site monitoring will include formal and advance notification of the visit; pre-visit preparation based on review of existing information, and clear conclusions and recommendations provided to the grantee following the monitoring visit. As part of the ESG monitoring process invoices and accompanying receipts are reviewed for reimbursement eligibility. Once eligibility is confirmed, fifty percent (50%) of the costs related to the project are reimbursed. The sub-recipient in turn commits their dollar-to-dollar match by paying the remainder of the expenses from non-Federal sources.

DOWN PAYMENT ASSISTANCE PROGRAM

HOME Consortia members meet on a quarterly basis to update them on the progress of our Down Payment Assistance Program applicants and loans. Monitoring is the responsibility of the HOME Consortium lead agency (City of Turlock).. Many applicants have credit challenges and are encouraged to reapply following the mitigation of all deficiencies. Monthly updates are also given on the funding availability for the program. When possible, applicants with credit problems are actively referred to non-profit credit counseling services to address such concerns.

HOME REPAIR (REHABILITATION) PROGRAM

Stanislaus County successfully collaborates with the HACS and use a combination of funds, including but not limited to HOME Consortia contributions that allow us to address the needs of both major and minor home rehabilitation programs. The HACS local presence has offered a more effective program.

In addition, there are monitoring procedures tailored to the above-mentioned programs, which include but are not limited to compliance with housing codes through on-site inspections and clearance to ensure eligibility for the project's release of funds. Stanislaus County staff is continually working to improve program oversight by attending training on compliance topics, amendments to regulations and/or OMB circulars, and developing written procedures and forms.

TURLOCK HOME AND CDBG PROGRAM MONITORING

Monitoring of the Plan will be the responsibility of the City's Housing Program Services Division. Monitoring will include the HUD-funded activities administered by the City as described in the Plan. This will ensure that all statutory and regulatory requirements are being met and that performance reports and all other information submitted to HUD is correct and complete. The goal of the City and the Consortium is to have no significant monitoring comments or audit findings.

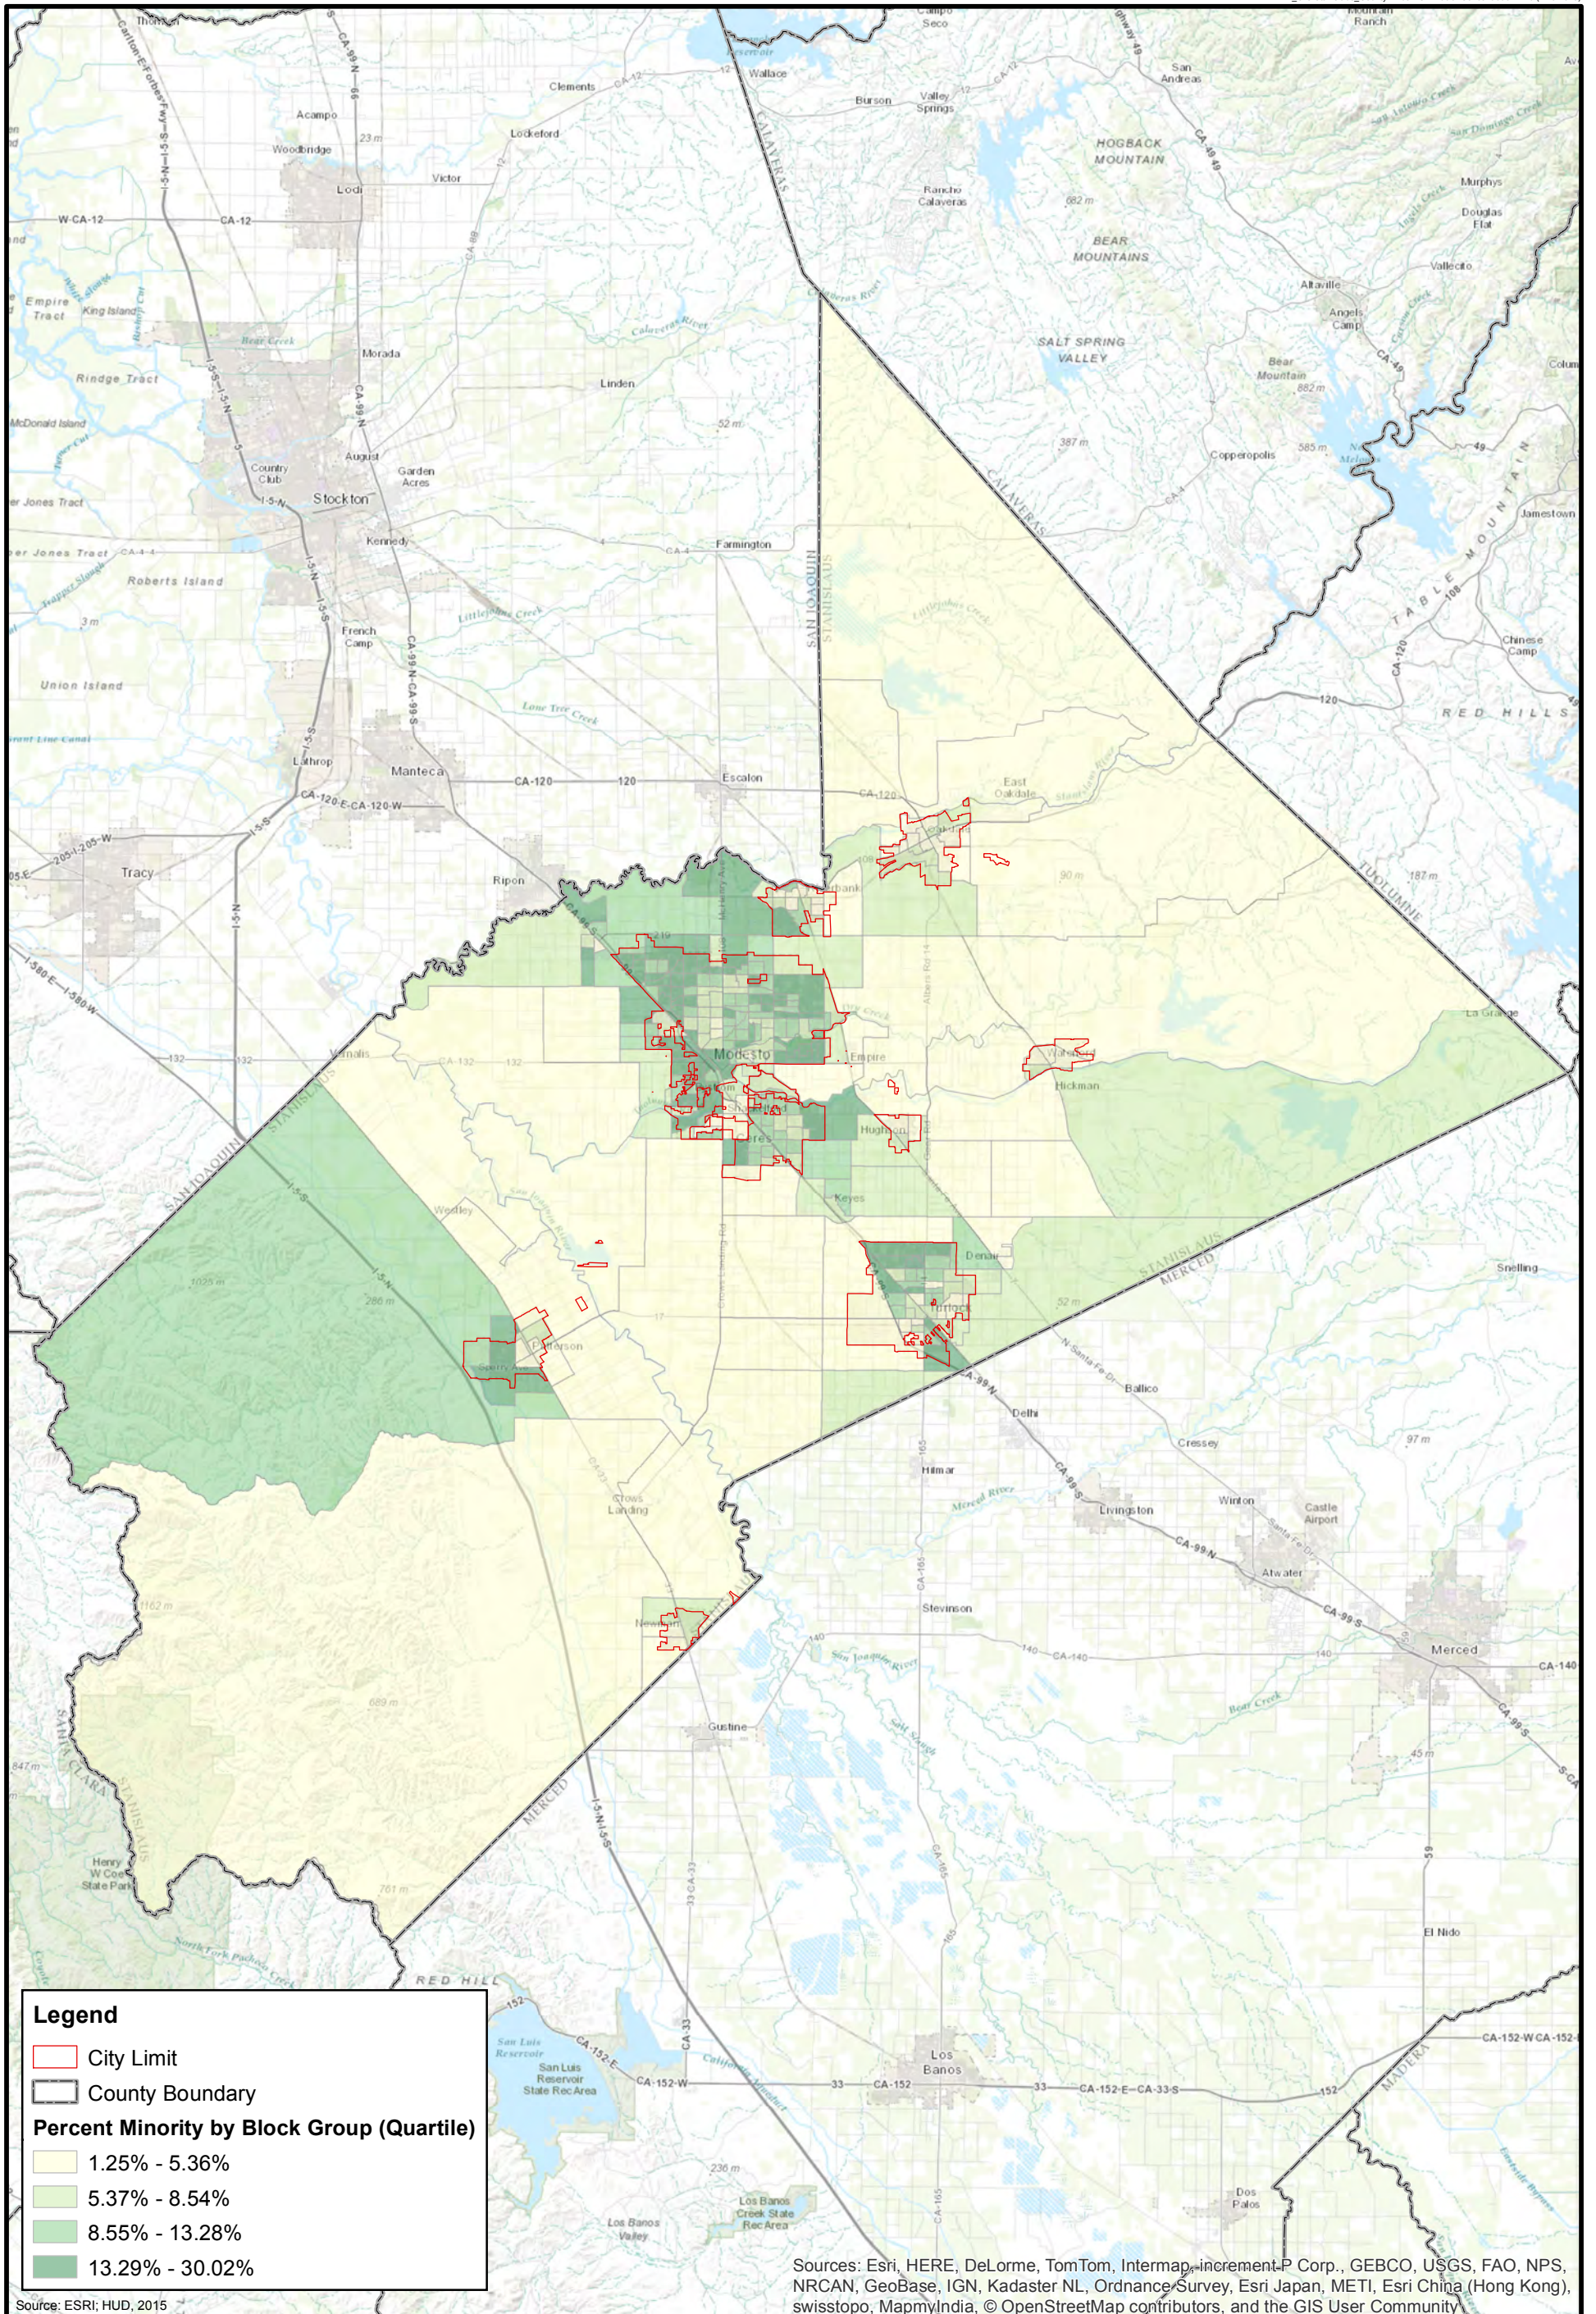

Specific monitoring functions will include the following:

- ◆ Review potential activities to ensure compliance with eligibility, national objectives and overall benefit.
- ◆ Review projects, prior to, during and at completion of their implementation to ensure compliance with all statutory and regulatory requirements.
- ◆ Conduct a single audit on a yearly basis to ensure compliance with the income requirements.
- ◆ Supervise and train employees with an emphasis on HUD statutory and regulatory requirements and hold periodic City staff and Consortium member meetings to monitor activities.
- ◆ Prepare for and cooperate with the auditor conducting the annual audit of federal funds received by the Consortium.
- ◆ Review all reports and other documentation submitted to HUD to ensure correctness and completeness.

Turlock tracks and reports on its progress toward meeting its housing and community development goals and report these on an annual basis in the Consolidated Annual Performance Report (CAPER). At a minimum, a yearly onsite review will be conducted to ensure compliance with specific long-term monitoring requirements of the programs involved including minority business outreach and comprehensive planning requirements. Quarterly reports prior to draw requests will be required to ensure compliance and eligibility, as well as the timeliness of expenditures by all of the City's CDBG-funded nonprofits.

Appendix 5 – Outreach Summary

COMMUNITY PARTICIPATION SUMMARY

INTRODUCTION

The community outreach process included four community workshops, one stakeholder meeting, a print and online survey, and agency phone and email consultations. Overall over 600 people provided their feedback on the Turlock/Stanislaus County HOME Consortium 2015–2020 Consolidated Plan and Stanislaus County 2015–2023 Housing Element. The following is a summary of the responses received during each portion of the outreach process. Overall trends and themes identified are located in the Community Themes section at the end of this summary. The Community Themes section takes into account results and feedback from all input events and methods. Complete meeting notes, sign-in sheets, survey data, and agency consultations are provided following this summary.

COMMUNITY WORKSHOPS

The workshops each began with a presentation then workshop participants were invited to provide their feedback at four activity stations set up around the room. The stations included posters where participants were asked to place dots (stickers) on the posters to prioritize issues and needed services and funding. The full dot voting results for all workshops are included at the end of this appendix.

COMMUNITY WORKSHOP 1 – CITY OF CERES (OCTOBER 15, 2014)

The following feedback was provided at the four activity stations set up around the room:

Station 1 – Consolidated Plan: Housing

Generally participants felt that unsafe neighborhood conditions and homelessness were very common and important to address. Emergency shelters, transitional housing, new affordable housing units, and improvements to the existing rental housing stock were all seen as very important to fund.

Station 2 – Consolidated Plan: Public Service and Facilities

Participants felt that funding for homeless prevention assistance, services for at-risk youth, and employment skills training were important to fund. Curbs and gutters as well as lighting improvements were also identified as very important to fund.

Station 3 – Consolidated Plan: Fair Housing

Participants felt that the greatest barrier to accessible housing was cost. Race and ethnicity was seen as the most common form of discrimination.

Station 4 – Housing Element

Building code enforcement and conserving and improving the existing housing stock were seen as important goals in the Housing Element.

Complete workshop materials, notes, and sign-in sheets are provided following this summary.

COMMUNITY WORKSHOP 2 – CITY OF TURLOCK (OCTOBER 20, 2014)

The following feedback was provided at the four activity stations set up around the room:

Station 1 – Consolidated Plan: Housing

Participants at Workshop 2 felt that new affordable rental housing and transitional housing for the homeless should be a priority for the next five years. Funding priorities were housing for lower-income households, mentally ill persons, and seniors. Services for homeless families with children and youth were also seen as very important to fund by workshop participants.

Station 2 – Consolidated Plan: Public Service and Facilities

In the public services category, participants felt services for low-income households, at-risk youth, and a job creation and retention program were very important to fund. Improvements including neighborhood facilities and street improvements were also categorized as very important to workshop participants.

Station 3 – Consolidated Plan: Fair Housing

Cost, accessibility, and supply were all identified as common barriers to finding housing. Discrimination based on race and ethnicity was identified as the most common form of discrimination. In addition, workshop participants felt that consumers were not aware of their rights under fair housing law.

Station 4 – Housing Element

Workshop participants identified first-time homebuyers programs, energy conservation, assistance for special needs housing, and conserving and improving existing housing as important goals for the Housing Element update.

Complete workshop materials, notes, and sign-in sheets are provided following this summary.

COMMUNITY WORKSHOP 3 – CITY OF OAKDALE (OCTOBER 22, 2014)

No participants attended this workshop.

COMMUNITY WORKSHOP 4 – CITY OF PATTERSON (OCTOBER 29, 2014)

The following feedback was provided at the four activity stations set up around the room:

Station 1 – Consolidated Plan: Housing

Rental housing affordability and overcrowding were identified as the most common housing concerns. Services for homeless families with children as well as individuals without children were very important to fund over the next five years.

Station 2 – Consolidated Plan: Public Service and Facilities

Participants identified facilities serving youth, child care facilities, street improvements, and improving the water supply as important to fund. Programs including homeless services, parent education, and financial literacy were also important to fund. Economic development funds should focus on technical assistance for businesses and employment skills training.

Station 3 – Consolidated Plan: Fair Housing

The most common barriers to housing were identified as cost, accessibility, and type of housing. Participants felt that reasons for discrimination include that consumers are not aware of their rights and landlords/owners are not aware of the law.

Station 4 – Housing Element

Workshop participants identified energy conservation, assistance for special needs housing, development of second units, conservation and improvement of existing housing, encouraging mixed-use development, and working with Habitat for Humanity and other agencies as very important for the Housing Element.

STAKEHOLDERS MEETING – STANISLAUS HOUSING AND SUPPORT SERVICES COLLABORATIVE COMMITTEE (CoC) (OCTOBER 16, 2014)

Generally participants felt that the collaborative programming between the County, cities, and nonprofits contributed to the success of Consolidated Plan programs. Other things identified as working well included capital improvements, HOME Investment Partnership Program (HOME) and Neighborhood Stabilization Program (NSP) units, some programs for the chronically homeless (including comprehensive case management with a transition period before housing placement, supportive housing, and programs emphasizing home visits), and nonprofit capital facilities (i.e., shelters and transitional housing).

Participants identified that funding gaps were most common for extremely low-income households, chronically homeless and homeless youth, and those living in transitional shelters because they are not considered homeless by HUD.

Although some programs for the chronically homeless were noted amongst the successes, more participants felt there were barriers and funding gaps to providing enough services to the chronically homeless. It was noted that housing homeless youth is challenging because they are often not ready or willing to live in permanent housing. More transitional or emergency housing for homeless youth would be helpful. Another homeless subgroup identified as having a great need is homeless families with children.

Another question was regarding the top barriers to sustaining permanent housing. The group identified the demise of the redevelopment agencies, long waiting lists, lack of funding for case management, mental health issues, bad credit or rental history, projects not being able to pencil out for developers, and job development as some of the top barriers. Some of the top obstacles to housing placement were long waiting lists, drug and GED requirements for applicants, lack of employment, income documentation, timing considerations for the NSP program, and the lack of affordable housing units. Sheltered employment or employment that provides on-the-job training is needed.

Other comments included a discussion on economic development, NSP, coordination and referrals, and homeless prevention services.

Challenges to success of homeless prevention services included that income targeting requirements are too low and too difficult to meet, uninhabitable substandard housing stock, cost of utility bills, insufficient mental health services, participants terming out of programs, lack of financial literacy and life skills amongst participants, inability of participants to document

homeless status, need for willing landlords and employers, and the need to educate those in substandard housing regarding available resources. Also, sufficient funding from a variety of funding programs for housing as part of homeless prevention programs was identified as a funding gap for homeless prevention. Prevention truly needs to be the focus for homeless prevention programs.

An overall greater level of funding for services and programs was mentioned repeatedly. Staffing the CoC was one suggestion related to funding. Funding for people to afford housing was mentioned repeatedly and lack of funding and overcrowding of emergency shelters was mentioned by several respondents.

The discussion questions, complete workshop notes, feedback forms, and attendance information are provided following this summary.

PRINT AND ONLINE SURVEY

An online survey was provided on the Stanislaus County website from October 20, 2014, to December 1, 2014. The option was also available to complete a written hard copy survey during this same time period. A total of 587 completed surveys were received: 585 English surveys and 2 Spanish surveys. The following survey results section includes results from both the online and print surveys completed.

Of those who indicated their affiliation or role when completing the survey many worked for the government or non-profit organization. Others included those in agriculture, education, and concerned citizens.

SURVEY RESULTS BY QUESTION

Demographics

The first set of questions in the survey was regarding demographics. The majority of survey respondents identified themselves as homeowners (54%), followed by interested resident (41%) and public service provider (21%).

| I am completing this survey as a(n)... | | |
|--|------------------|----------------|
| Answer Options | Response Percent | Response Count |
| Interested resident | 40.7% | 239 |
| Homeowner | 54.2% | 318 |
| Renter | 14.8% | 87 |
| Public/subsidized housing consumer | 0.3% | 2 |
| Homeless individual | 0.5% | 3 |
| Business owner | 3.7% | 22 |
| Subsidized housing provider | 0.7% | 4 |
| Landlord | 5.1% | 30 |
| Public service provider | 21.1% | 124 |
| Homeless service provider | 4.3% | 25 |
| Housing advocate | 2.6% | 15 |
| Health service provider | 8.3% | 49 |
| Educator | 7.2% | 42 |
| Municipal employee | 10.1% | 59 |
| Other (please specify) | 7.7% | 45 |
| Total | 100% | 587 |

Survey responses came from incorporated cities and unincorporated County, as well as outside of the County. The largest number of responses came from Modesto (34%), followed by Turlock (17%) and Salida (11%). Note that survey respondents that indicated that they are from Modesto may be from unincorporated areas of the County.

Parks and Community Centers

A majority of survey respondents felt it was important to fund facilities serving youth/after school programs (82%), facilities serving seniors (71%), improvements to parks (55%), and improvements to accessibility for seniors and disabled persons (61%). Respondents felt that neighborhood facilities and improvements to technology were maybe OK to fund. Other suggestions included facilities for the homeless and community service centers.

| Please indicate the importance of investing funds in parks and community centers in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Facilities serving youth/after-school programs | 456 | 90 | 9 | 555 |
| Facilities serving seniors | 392 | 147 | 11 | 550 |
| Neighborhood facilities | 231 | 264 | 41 | 536 |
| Facilities for child care | 258 | 203 | 76 | 537 |
| Improvements to parks | 299 | 211 | 34 | 544 |
| Improvements to accessibility for seniors and disabled persons | 333 | 181 | 28 | 542 |
| Improvements to technology | 187 | 267 | 81 | 535 |
| Other | 45 | 14 | 29 | 88 |

STRATEGIC PLAN

Streets, Sewers, and Storm Drains

A majority of survey respondents felt it was important to fund street improvements (72%), install or repair curb and gutter (54%), install or repair sewer (59%), and storm drainage (62%), improve water supply (73%), install or repair sidewalks (57%), and install or improve street lighting (73%).

| Please indicate the importance of investing funds for streets, sewer, and storm drainage related improvements in low-income communities throughout Stanislaus County. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Street improvements | 392 | 131 | 18 | 541 |
| Install or repair curb and gutter | 286 | 209 | 37 | 532 |
| Install or improve sewer | 314 | 191 | 28 | 533 |
| Install or improve storm drainage | 332 | 180 | 23 | 535 |
| Improve water supply | 388 | 127 | 16 | 531 |
| Install or repair sidewalks | 304 | 191 | 36 | 531 |
| Install or improve street lighting | 394 | 123 | 22 | 539 |
| Other | 29 | 8 | 21 | 58 |

Public Services Programs

Survey participants were asked to rank the importance of providing grant funds to programs that provide public services to low-income persons in their community. Respondents felt that the highest priority should be given to services for at-risk children/youth, seniors, and physically/mentally disabled persons. Lowest priority was to persons recently incarcerated or on parole, persons with substance abuse problems, and for financial literacy.

Economic Development and Business Assistance

Survey participants felt it was important to fund job creation/retention (79%), employment skills training (66%), start-up business assistance (five or fewer employees) (46%), and small business lending (45%). Participants felt it was maybe OK to fund commercial rehabilitation, facade improvement, commercial infrastructure, technical assistance for business expansion/improvement, and economic development studies, specific plans, and program development.

Top Concerns

Participants were asked to rank 21 potential areas or issues to prioritize in terms of housing choices and affordability, cost of living, special needs groups (seniors, those with disabilities, large families, homeless), energy conservation, housing conditions and safety, and infrastructure. Only one of the print surveys was filled in for this question and all issues were ranked equally. The three concerns receiving the largest percentage of the vote on the online survey were (in order of ranking).

1. Providing shelters and transitional housing for the homeless, along with services, to help move persons into permanent housing.
2. Establishing special needs housing for seniors.
3. Ensuring that children who grew up in Stanislaus County can afford to live in Stanislaus County.

| Please indicate the importance of investing funds in the following economic development activities in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Commercial rehabilitation, facade improvement | 98 | 275 | 122 | 495 |
| Commercial infrastructure | 119 | 274 | 104 | 497 |
| Small business lending | 225 | 215 | 55 | 495 |
| Technical assistance for business expansion/improvement | 133 | 266 | 92 | 491 |
| Start-up business assistance (5 or fewer employees) | 227 | 213 | 55 | 495 |
| Employment skills training | 332 | 138 | 31 | 501 |
| Job creation/retention | 394 | 89 | 15 | 498 |
| Economic development studies, specific plans, and program development | 156 | 258 | 79 | 493 |
| Other | 18 | 6 | 21 | 45 |

Homeless Needs

Survey participants were asked to rank the importance of meeting the needs of certain sub-populations of homeless persons in their community. Households with children was ranked as the highest priority followed by homeless veterans and then unaccompanied youth.

Participants were then asked to identify the greatest needs of certain homeless sub-populations in their community. For households with children, the greatest need was housing followed by case management, and temporary rental assistance. For households/individuals without children, the greatest need identified was transitional housing followed by emergency shelter. Mental health services were identified as the highest priority for the chronically homeless. Case management was considered to be most important for unaccompanied youth. Permanent supportive housing was identified as being the most important for homeless veterans. Families and individuals at risk of becoming homeless were in greatest need of temporary rental assistance.

Housing Assistance Needs

Survey participants were asked to identify which housing assistance needs were important to fund. Health- and safety-related home repair (53%), energy efficiency improvements (50%), low-income housing acquisition (45%), and first-time homebuyer assistance (45%) were identified by participants as important to fund. Rehabilitation of public housing, lead-based paint abatement, homeownership/credit counseling, and fair housing/tenant landlord mediation were identified as maybe OK to fund.

In addition, 67% of survey respondents felt that providing shelters and transitional housing for the homeless, along with services to help move persons into permanent housing, was very important to fund. Other concerns that were very important included ensuring that children who grew up in Stanislaus County can afford to live in Stanislaus County when they become adults (66%) and establishing special needs housing for seniors (66%).

STRATEGIC PLAN

| Please indicate the importance of investing funds for the following housing-related activities in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to Fund | Maybe, OK to Fund | No, Do Not Fund | Response Count |
| Rehabilitation of public housing | 205 | 225 | 46 | 476 |
| Energy efficiency improvements | 237 | 179 | 62 | 478 |
| Lead-based paint abatement | 167 | 201 | 107 | 475 |
| Low-income housing acquisition | 215 | 181 | 78 | 474 |
| Health and safety related home repair | 256 | 176 | 47 | 479 |
| First-time homebuyer assistance | 216 | 178 | 83 | 477 |
| Homeownership/credit counseling | 187 | 198 | 88 | 473 |
| Fair housing/tenant landlord mediation | 186 | 219 | 68 | 473 |
| Other | 13 | 3 | 11 | 27 |

Housing Types

Participants were asked to identify housing types that were important to fund during 2015–2020. Participants identified emergency shelters (68%), permanent housing for special needs (57%), and transitional housing for the homeless (57%) as the highest priorities.

| Please indicate the importance of investing funds in the following housing-related activities in your community. | | | | |
|--|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Emergency shelter | 304 | 126 | 16 | 446 |
| Transitional housing for the homeless | 254 | 164 | 31 | 449 |
| Permanent housing for special needs | 257 | 162 | 29 | 448 |
| Affordable rental housing | 226 | 154 | 62 | 442 |
| Affordable for-sale housing | 189 | 154 | 100 | 443 |
| Improvements to existing rental housing | 136 | 205 | 99 | 440 |
| Improvements to existing ownership housing | 134 | 196 | 113 | 443 |
| Other | 8 | 4 | 12 | 24 |

Housing Populations

Participants were asked to identify which housing populations grant funds should be invested in. Survey respondents identified housing for senior persons (70%), housing for disabled persons (69%), and housing for aging-out foster youth (59%) as the highest priority.

| Please indicate the importance of investing funds in housing for the following populations in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Housing for senior persons | 310 | 113 | 18 | 441 |
| Housing for disabled persons | 305 | 124 | 11 | 440 |
| Housing for homeless persons | 224 | 166 | 45 | 435 |
| Housing for large families (5 or more) | 105 | 183 | 151 | 439 |
| Housing for very low-income persons | 202 | 173 | 61 | 436 |
| Housing for aging-out foster youth | 261 | 141 | 37 | 439 |
| Housing for mentally ill persons | 240 | 166 | 32 | 438 |
| Housing for persons recently in jail or on parole | 76 | 206 | 156 | 438 |
| Other | 7 | 2 | 12 | 21 |

Barriers to Equal Access to Housing

Cost was identified as the number one barrier to equal access to housing with 70% of respondents indicating that this is very common. Participants also felt that accessibility (for seniors and disabled persons) was also a barrier with 59% of the votes.

| Please indicate how common and important it is to address the following barriers to equal housing in your community. | | | | |
|--|-----------------------------------|-------------------------------|--------------------------------|----------------|
| Answer Options | Very Common, Important to Address | Somewhat Important to Address | Rare, Not Important to Address | Response Count |
| Cost | 304 | 88 | 40 | 432 |
| Accessibility (seniors and disabled persons) | 260 | 146 | 35 | 441 |
| Supply (new housing) | 140 | 186 | 115 | 441 |
| Proper size/type of housing | 136 | 189 | 116 | 441 |
| Other | 8 | 8 | 9 | 25 |

Fair Housing

The next group of questions was regarding fair housing in Stanislaus County. Participants identified that discrimination was common and should be addressed in rental housing and mortgage lending. Discrimination was most common in regard to race/ethnicity and disability. The most common types of discrimination included deception regarding availability or price of housing and variation in price, rent, fees, or deposit information. Lack of enforcement, lack of reporting, consumers not being aware of their rights, and sellers/landlords not being aware of the law were all seen as reasons for unfair housing practices. Education was identified as the best method to combat housing discrimination.

STRATEGIC PLAN

| Please indicate how common and important it is to address the following areas of housing discrimination in your community. | | | | |
|--|-----------------------------------|-------------------------------|--------------------------------|----------------|
| Answer Options | Very Common, Important to Address | Somewhat Important to Address | Rare, Not Important to Address | Response Count |
| Rental housing | 197 | 157 | 82 | 436 |
| Housing for sale | 154 | 169 | 111 | 434 |
| Mortgage lending | 171 | 152 | 110 | 433 |
| Other | 6 | 7 | 9 | 22 |

SURVEY RESULTS BY JURISDICTION

Survey results were further broken down based on location of the participant. The following is a summary of the responses received for Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, as well as other areas of the county including Salida and Modesto.

Ceres

There were a total of 68 survey participants responding from Ceres. Participants from Ceres felt that the following programs and services are most important to fund:

- Job creation/retention
- Facilities serving youth/afterschool programs
- Housing for senior persons
- Facilities serving seniors
- Install or improve street lighting

Hughson

13 survey participants indicated that they were from Hughson. The following programs and services were most important to fund for Hughson participants:

- Improve water supply
- Ensuring that children who grew up in Stanislaus County can afford to live in Stanislaus County
- Job creation/retention

STRATEGIC PLAN

Newman

A total of 7 survey participants were from Newman. Participants indicated they the following were most important to fund:

- Facilities serving youth/afterschool programs
- Facilities for child care
- First-time homebuyer assistance
- Job creation/retention
- Housing for senior persons and disabled persons

Oakdale

There were a total of 18 survey participants responding from Oakdale. Participants from Oakdale felt that the following programs and services are most important to fund:

- Facilities serving youth/afterschool programs
- Job creation/retention
- Providing shelters and transitional housing for the homeless, along with services, to help move persons into permanent housing
- Emergency shelter
- Housing for senior persons and disabled persons

Patterson

Of the survey participants, 30 were from Patterson. Participants from Patterson felt that the following programs and services are most important to fund:

- Street improvements
- Install or improve street lighting
- Job creation/retention
- Improve water supply
- Facilities serving youth/afterschool programs

Turlock

A total of 99 survey participants indicated they were from Turlock. Participants from Turlock felt that the following programs and services are most important to fund:

- Facilities serving youth/afterschool programs
- Job creation/retention
- Improve water supply
- Employment skills training
- Facilities serving seniors

Waterford

A total of 28 participants indicated that they were from Waterford. Results of the survey show that the program and services that are most important to fund are:

- Facilities serving youth/afterschool programs
- Establishing special needs housing for seniors
- Improve water supply

Other Areas

The remaining 329 survey participants were from Modesto, Salida, Riverbank, the unincorporated county, and a few were from other counties.

Salida

A total of 72 participants indicated that they were from Salida. Results of the survey in Salida show that the program and services that are most important to fund are:

- Install or improve street lighting
- Street improvements

Modesto and Surrounding Area

Of the survey participants, 203 indicated that they were from Modesto or unincorporated areas of the County adjacent to Modesto. Participants from this area felt that the following programs and services are most important to fund:

- Facilities serving youth/afterschool programs
- Street improvements
- Facilities serving seniors
- Improve water supply
- Job creation/retention

CONSULTATIONS

The primary trends in the input received during the consultations included:

- Need for more mental health services.
- As the economy recovers the people most likely in need will be those with fewer skills and less education.
- Shortage of experienced staff and lack of funding to employ experienced staff persons continues to be a problem.

COMMUNITY THEMES

The outreach effort for the Turlock/Stanislaus County HOME Consortium 2015–2020 Consolidated Plan and Stanislaus County 2015–2023 Housing Element reached over 600 interested participants and over 40 local agencies. Overall, some general themes emerged throughout the process that will help guide the development of the Consolidated Plan and Housing Element. The themes can be broken down into the following six topic areas.

HOUSING FOR SENIORS, DISABLED PERSONS, AND YOUTH/FAMILIES

Housings for seniors, disabled persons, and youth/families were seen as a priority to both participants at the workshops and survey participants. Many participants agreed that homelessness was a priority to address in the next five years. Participants identified providing shelters and transitional housing for the homeless as important to fund.

PUBLIC SERVICES AND FACILITIES FOR YOUTH, SENIORS AND DISABLED PERSONS

Respondents felt that the highest priority should be given to services for at-risk children/youth, seniors, and physically/mentally disabled persons. Facilities serving youth/afterschool programs were also identified as very important to many of the counties jurisdictions and was identified as a top priority overall.

HOMELESS SERVICES

Homeless services and needs were emphasized in the various forums for providing input. It was a focus of input from the CoC and was the top concern of the 21 issues ranked in the online survey. Homeless issues were identified as concerns and priorities at all three of the workshops where input was received. Eight percent of the fill in the blank comments on the survey in addition to the multiple choice responses were on the subject of homelessness.

HOUSING FOR HOMELESS HOUSEHOLDS WITH CHILDREN

Participants felt that homeless households with children were in the greatest need for support. Many felt that permanent supportive housing and temporary rental assistance was in great need for this subpopulation.

JOB CREATION AND RETENTION

The recession hit a lot of people in Stanislaus County in all educational and skill levels. Participants felt that job creation and retention was very important to fund over the next five years in almost all of the jurisdictions.

FAIR HOUSING

Cost and accessibility were generally identified as the most common barriers to finding housing. Discrimination based on race and ethnicity was identified as the most common form of discrimination.

**Stakeholders Meeting
City of Modesto, Modesto Housing Authority of Stanislaus
County
October 16, 2014**

Meeting Notes

What's working in terms of a successful program?

- Collaborative programming between County, cities and non-profits
- NSP units
- HOME units
- Also capital improvements
- Non-profit capital facilities (shelters, transitional housing)
- Family Promise – family services
- City of Modesto please provide input on how Modesto should spend their funds
- Expand support services
- Ongoing support
- Chronically homeless – permanent housing with supportive services – money and time management
- Holistic approach – whole housing/re-housing package

Where are the funding gaps? What are the reasons for denying eligibility to program applicants?

- ESG=extremely low income households – too low (income eligibility)
- Chronically homeless and youth – often no source of income- hard to move through continuum
- HUD defines chronically homeless as those who are not sheltered (barrier)
- Those living in transitional shelters are now not considered homeless by HUD (just in the last few months)

What are the top barriers to sustaining permanent housing?

- Demise of Redevelopment Agencies
- Valley doesn't get as much tax credit funding
- Tons of families on waiting lists for units – not enough affordable housing
- Money doesn't pencil out for developers
- Harder to raise investment capital
- Maintaining regular income
- Sufficient funding for case management
- Money for support services staffing (need a depth of staff)
- Challenging to keep the population in need, informed of what is available to them
- Access to substance abuse treatment

- Homeless youth not always ready for permanent housing
- Need more transitional/emergency shelters for youth
- Public transportation – quantity, timing
- Age of minority/age of majority – minimal life skills/navigating the system - need to bridge the gap
- Resources
- Jobs that help employee learn how to work
- Job tax credits for employers

Economic Development

- Tough for some because often GED and drug tests are required
- Stability /jobs are huge for addicts
- Decreases in CDBG HOME programs recently
- Need increases – \$\$ decreases
- Need/problems are becoming more complicated
- Capacity building requires more infrastructure
- No coordinated effort in some ways e.g. required to do an assessment (no clear lead)

What are the top obstacles to placement?

- Thousands on Housing Authority wait list
- Not enough affordable housing units
- NSP 2 Process – homeowner and rental foreclosure units that have been created recently
- Developers manage rental units
- Overcrowding can result in exceeding income thresholds
- Substance abuse can affect eligibility
- NSP time frames with HCD, SHPO, and environmental review have made it hard to use that program

NSP 1, 2, 3

- Modesto did multi-family
 - Others have used NSP funds towards HOME projects
- Rehab City/County fast track without public funds?? Didn't get answered
- Some foreclosed units –NSP, other units still vacant
- Criticism of multifamily construction criticized because prevailing wage is triggered

Coordination/referrals

- Could inform each other as CoC more often about opportunities/funding
- People feel like they get shuffled around
- HUD is mandating (without enough money) a lead agency /centralized organization
- Many cities/counties used to have more housing staff

Homeless prevention services

- Income targeting requirements are too low and too difficult to meet.
- Habitability of substandard housing
- Could define substandard housing as a continuum
- Educate those in substandard housing regarding available resources

Other

- Assistance with security deposit, bad credit, utility money owed

TURLOCK/STANISLAUS COUNTY HOME CONSORTIUM 2015-2020 CONSOLIDATED PLAN

DISCUSSION

- Question & Answer Session

3:50 PM

CLOSING AND NEXT STEPS

DISCUSSION QUESTIONS

1. What's working in terms of successful program, and where are the funding gaps?

Programs that provide transitional housing that meet 30% of individuals income. More housing for SST recipients.

2. What are the top 5 reasons for denying eligibility to program applicants?

*Credit records
Criminal History
Previous negative landlord history
Income*

3. What are the top 5 barriers to sustaining permanent housing for the following groups?

- Homeless families with children: *Case management, Income*
- Homeless families or individuals without children: *Case management, Income*
- Chronically homeless: *Income, Case management*
- Veterans: *Income, case management,*
- Homeless youth: *Income, education, case management*

4. What are existing/additional resources for assisting in overcoming those barriers?

economic development

5. What are the top 5 obstacles to housing placement (e.g., landlords willing to work with clients)?

- Homeless families with children: _____
- Homeless families or individuals without children: _____
- Chronically homeless: _____
- Veterans: _____
- Homeless youth: _____

6. In your opinion, how successful are the coordination of service providers and the process of referrals?

What changes would you recommend to make the process more effective?

Broken down, it would help to have further more communication within agencies.

7. What barriers are there to providing homeless prevention assistance?

Unable to turn on utilities due to bad record

8. Additional Comments:

3:00 PM

DISCUSSION

- Question & Answer Session

3:50 PM

CLOSING AND NEXT STEPS

(AOD: Alcohol & Drug)

DISCUSSION QUESTIONS

1. What's working in terms of successful program, and where are the funding gaps?

- *Supportive services, case management &/or check ins w/ tenants* (Housing provider & employed notes)
- *community collaboration with many non-profits/service providers*
- *wrap around services, intense case management, ongoing case management to assist after housing placement*

2. What are the top 5 reasons for denying eligibility to program applicants?

- *lack of documentation*
- *lack of income*
- *lack of proper diagnosis*
- *lack of consistent homelessness documentation*
- *lack of check in / transiency / MIA*
- *lack of income maintenance*

3. What are the top 5 barriers to sustaining permanent housing for the following groups?

- **Homeless families with children:** *childcare, domestic violence, school attendance, mental health support, ability to find work*
- **Homeless families or individuals without children:** *employment, mental health support, consistent income, AOD services.*
- **Chronically homeless:** *Addiction/AOD services, mental health support, budgeting/financial support, case management*
- **Veterans:** *mental health support, AOD services, case management, income limited, transportation*
- **Homeless youth:** *lack of income, emergency shelter/housing, case management, transportation, lack of transition to Adult services - knowledge of*

Please proceed to the next page.

4. What are existing/additional resources for assisting in overcoming those barriers?

Peer support programs, community services, community-provider round tables. Shelter/transitional services, CW/casemanagement Business/Employer incentives - Economic Development

5. What are the top 5 obstacles to housing placement (e.g., landlords willing to work with clients)?

• Homeless families with children: _____

• Homeless families or individuals without children: _____

• Chronically homeless: _____

• Veterans: _____

• Homeless youth: _____

Documentation,
Lack of income,
Lack of case management,
Substance abuse issues,
Mental health issues,
Criminal history,
Lack of credit history

6. In your opinion, how successful are the coordination of service providers and the process of referrals?

What changes would you recommend to make the process more effective?

Hit & miss. Coordinating efforts can be "missed" due to the disjointedness of meetings & client/tenant specific needs of focused population is discussed in different venues. There needs to be a more consistent effort in a "Charge/Lead" of COC/HMIS oversight. Fund availability more accessible

7. What barriers are there to providing homeless prevention assistance?

Lack of preventative education in schools & support. Homelessness. Lack of support & peer support to families & individuals experiencing homelessness or risk of homelessness.

8. Additional Comments:

Casemanagement & increase support from peers who have successfully obtained housing are important pieces to foster success & hope to those who are experiencing homelessness & risk of. This can ~~complement~~ complement the financial infrastructure that needs to be implemented to coordinate the effort

| 60 | We need Sheriff patrol for Salida | Oct 23, 2014 3:35 PM |
| 61 | domestic violence services | Oct 23, 2014 2:24 PM |
| 62 | Services for the mentally ill homeless | Oct 23, 2014 1:12 PM |

Page 4, Q1. Please indicate the importance of investing funds for streets, sewer, and storm drainage related improvements in low-income communities throughout Stanislaus County.

| | | |
|----|--|-----------------------|
| 1 | trim trees so they don't fall on houses and cars | Dec 5, 2014 11:20 AM |
| 2 | Definitely improve water quality | Dec 4, 2014 9:28 AM |
| 3 | air filter, sewer filter | Dec 4, 2014 8:45 AM |
| 4 | money for home repairs gives us a better living enviroment also, along with the above | Nov 17, 2014 9:01 AM |
| 5 | lighting is horrible in the Meritage homes subdivision...again, unsafe, and my money should be paying for safety. My guests are at peril when they leave after dark...over the years we have had near falls and an actual twisted ankle. | Nov 13, 2014 4:00 PM |
| 6 | keep checking street lighting after it is repaired/installed. Most times when there has been a problem with not enough street lighting, city of Newman does not take care of it, and keep saying they will come and repair it. | Nov 13, 2014 2:54 PM |
| 7 | Street lighting in Oakdale, especially- Night time driving there is dangerous, MANY crosswalks, and few are lighted. LOVE the blinking lighted walkways, should be more installed in the County, along with better projecting overhead streetlights. | Nov 13, 2014 12:54 PM |
| 8 | dedicated bicycle lanes | Nov 13, 2014 11:21 AM |
| 9 | Handicap Accessible Sidewalks, Parking, etc. | Nov 13, 2014 11:19 AM |
| 10 | SRTS sidewalk install in areas between city and county within one sq mile of schools | Nov 13, 2014 11:12 AM |
| 11 | Repair streets in West Turlock, every resident pays taxes and deserves to have nice streets to drive on, even areas where the houses are cheaper. | Nov 13, 2014 10:41 AM |
| 12 | Residential street paving in unincorporated Hughson neighborhoods. The roads are dangerous! | Nov 13, 2014 10:37 AM |
| 13 | county should be spending its gas tax \$ on streets fix the GIS I can't ever use it at home. | Nov 13, 2014 10:22 AM |
| 14 | Please improve the water of Turlock, calcium deposits are terrible. Hard water | Nov 13, 2014 9:21 AM |
| 15 | safety of roads and pedestrian areas is important for public safety | Nov 13, 2014 9:16 AM |
| 16 | clean up from old debris dumped in these neighborhoods | Nov 13, 2014 9:14 AM |

Page 4, Q1. Please indicate the importance of investing funds for streets, sewer, and storm drainage related improvements in low-income communities throughout Stanislaus County.

| | | |
|----|--|-----------------------|
| 17 | bad lighting is a HUGE issue | Nov 13, 2014 9:09 AM |
| 18 | Training program so low income communities can assist in repairing their communities | Nov 13, 2014 8:29 AM |
| 19 | Peplace Bad Trees (Sap producing or Sick) | Nov 13, 2014 8:19 AM |
| 20 | improve street sign visibility | Nov 13, 2014 8:17 AM |
| 21 | IMPROVE QUALITY OF WATER | Nov 13, 2014 8:14 AM |
| 22 | Majority of items above already have funds being taken from taxpayers for these improvement or paid by people for for the particular service such as sewer | Nov 13, 2014 8:09 AM |
| 23 | City waste more water then most residents | Nov 13, 2014 8:07 AM |
| 24 | Funds should be used in every area of the county equally, regardless of income status | Nov 13, 2014 8:04 AM |
| 25 | get rid of street cameras for traffic, add to high risk danger zones | Nov 7, 2014 10:16 AM |
| 26 | make sure cities are safe and clean | Nov 3, 2014 10:14 AM |
| 27 | Street cameras | Oct 29, 2014 7:38 PM |
| 28 | County islands first | Oct 28, 2014 10:08 AM |
| 29 | install bumps on streets to slow down cars | Oct 26, 2014 5:57 AM |
| 30 | adding \$800 a year to a low income home for sewer service may not be helpfull | Oct 24, 2014 6:15 PM |
| 31 | Do something so we won't have to pay Mello Roos anymore | Oct 24, 2014 3:38 PM |
| 32 | law inforcement | Oct 24, 2014 9:49 AM |
| 33 | Water conservation | Oct 23, 2014 8:17 PM |
| 34 | Brighter street lighting | Oct 23, 2014 6:50 PM |

Page 4, Q1. Please indicate the importance of investing funds for streets, sewer, and storm drainage related improvements in low-income communities throughout Stanislaus County.

| | | |
|----|---|----------------------|
| 35 | Sidewalks and street lights are a critical need in older sections of Salida | Oct 23, 2014 2:32 PM |
| 36 | Major street improvements needed along first street, olive ave, and sycamore ave. | Oct 23, 2014 2:00 PM |
| 37 | Shelter & other services for the mentally ill homeless | Oct 23, 2014 1:13 PM |

Page 6, Q1. Please indicate the importance of investing funds in the following economic development activities in your community.

| | | |
|----|--|-----------------------|
| 1 | Free Adult Education | Dec 4, 2014 8:47 AM |
| 2 | Health insurance developement for better coverage and a price we can afford it is getting worse here in California | Nov 25, 2014 7:52 AM |
| 3 | Super market closer to low income neighborhoods/cost efficient | Nov 17, 2014 9:06 AM |
| 4 | Jobs/Summer Jobs for Youth | Nov 17, 2014 8:30 AM |
| 5 | Provide with examples RE: economic development activities | Nov 14, 2014 9:09 AM |
| 6 | Employment training is good, but businesses need to exist. There is much talk of our low literacy rate in the county and how that prevents jobs and businesses, but what I see and hear are that the Valley, and California, make it hard for business to move here or start up. | Nov 13, 2014 4:04 PM |
| 7 | Mentor programs, internships, on the job skills training/learning (liability insurance, etc to cover such) | Nov 13, 2014 12:57 PM |
| 8 | pedestrian and bicycle improvements downtown | Nov 13, 2014 11:24 AM |
| 9 | Assistance Program to encourage healthy retailers and buisness. Meaning buisness must provide a health/well-being and/or quality of life improvement to the community in order to do "buisness" and make a profit. | Nov 13, 2014 11:19 AM |
| 10 | Geez what does the alliance or sba do? more govt? spend the \$ on needed things | Nov 13, 2014 10:24 AM |
| 11 | Deregulation and reduction of government fees and other government obstacles to economic development. | Nov 13, 2014 9:52 AM |
| 12 | for profit entities should pay thier own business costs | Nov 13, 2014 9:19 AM |
| 13 | Employment Assistance for Physically disabled | Nov 13, 2014 9:14 AM |
| 14 | Job placement assistance for learning disabled | Nov 13, 2014 8:58 AM |
| 15 | Studies on what to spend funds only seem to benefit the people "conducting the study". Talk to schools, employment agencies and community agencies to see where funds could benefit people in the most direct and quick manner. | Nov 13, 2014 8:39 AM |
| 16 | Volunteer or education opportunities for youths to encourage to stay & work in their communities | Nov 13, 2014 8:33 AM |
| 17 | do something about the homeless | Nov 13, 2014 8:12 AM |

Page 6, Q1. Please indicate the importance of investing funds in the following economic development activities in your community.

| | | |
|----|---|----------------------|
| 18 | There is a lot of empty retail space around town. I would like to see less new buildings and old buildings be revitalized and used. To much asphalt being poured around the county. | Nov 13, 2014 8:01 AM |
| 19 | Waiver of fees for economic impact reports for start up businesses | Nov 10, 2014 7:27 AM |
| 20 | No more studies needed - we know what the problems are. Take action! Quit blaming the educational system. We produce quality high school graduates who go to the best universities in the country. They leave and don't come back because there are no jobs in Stanislaus County for them to return home to. The ones who stay are the uneducated and unemployable. | Nov 6, 2014 5:18 PM |
| 21 | Empire needs a laundrymat | Oct 30, 2014 6:58 PM |
| 22 | farmers market | Oct 24, 2014 6:19 PM |
| 23 | Salida needs to become independent. Change the boundaries so that the shopping center with Costco and SaveMart are included as a part of Salida so we can begin to be an independent city with revenue. | Oct 24, 2014 3:48 PM |
| 24 | Get these middle class kids who cant afford college job training | Oct 23, 2014 1:16 PM |

Page 8, Q1. In your opinion what are the greatest needs of the following homeless sub-populations in your community?

| | | |
|----|--|-----------------------|
| 1 | Addicts, mentally challenged, abuse victims | Dec 4, 2014 8:48 AM |
| 2 | Build more low income homes for single mother, struggling to become self-suffiecient | Nov 17, 2014 9:10 AM |
| 3 | substance abuse treatment | Nov 14, 2014 11:31 AM |
| 4 | almost anyone in our community not in the over 100,000 income bracket can be at risk for homelessness. We are still dealing with the fallout of 2008 | Nov 13, 2014 4:08 PM |
| 5 | individuals with substance abuse problems/recovery | Nov 13, 2014 2:13 PM |
| 6 | what is unaccompanied youth? get your terms right. don't u work with social service agencies profit and non profit and public? Ask them these questions. | Nov 13, 2014 10:27 AM |
| 7 | special needs (mentally/physically/emotionally) | Nov 13, 2014 9:55 AM |
| 8 | groups above do not include homeless mentally ill | Nov 13, 2014 9:21 AM |
| 9 | Physically disabled | Nov 13, 2014 9:15 AM |
| 10 | More services for undocumented workers that are employed | Nov 13, 2014 8:38 AM |
| 11 | SENIORS WITHOUT FAMILY | Nov 13, 2014 8:31 AM |
| 12 | Recent job loss of a head of household individual | Nov 13, 2014 8:16 AM |
| 13 | households with children should be top priority | Nov 13, 2014 8:14 AM |
| 14 | Pregnant teenagers | Nov 13, 2014 8:12 AM |
| 15 | Substance abuse servcies | Nov 13, 2014 8:11 AM |
| 16 | abused women | Nov 7, 2014 10:22 AM |
| 17 | Addicts and petty criminals need forced rehabilitation or incarceration | Nov 6, 2014 5:21 PM |
| 18 | Find a place to put this people to work so they can earn a living | Nov 3, 2014 10:21 AM |

Page 8, Q1. In your opinion what are the greatest needs of the following homeless sub-populations in your community?

| | | |
|----|---|-----------------------|
| 19 | Utility,water and resources for rental assistance are vital | Oct 25, 2014 8:47 PM |
| 20 | Those who need jobs. Give them job training, job possibilities, transitional housing, and see that they're stabalized before sending them on their own. | Oct 24, 2014 3:53 PM |
| 21 | provide mental health to those individuals with mental illness | Oct 24, 2014 12:36 PM |
| 22 | Drug-addicted homeless | Oct 23, 2014 2:36 PM |
| 23 | Intensive Case Management with Transporatation Assistance to and from appointments/including assistance with naviagting the system to sign up for services/programs | Oct 22, 2014 3:48 PM |

Page 9, Q1. Please indicate the importance of investing funds for the following housing-related activities in your community.

| | | |
|----|---|-----------------------|
| 1 | earthquake resistant bases, and alternative energy | Dec 4, 2014 8:49 AM |
| 2 | assistance with better yards for our children to play in/home repairs | Nov 17, 2014 9:12 AM |
| 3 | you should have a tab that says "Dont know what that is" | Nov 14, 2014 9:14 AM |
| 4 | affordable senior housing | Nov 13, 2014 4:55 PM |
| 5 | again is the county the housing authority? pge/mid? | Nov 13, 2014 10:29 AM |
| 6 | homeowners should pay for thier own costs no government help for this area | Nov 13, 2014 9:23 AM |
| 7 | Homeowner physically disabled assistance | Nov 13, 2014 9:18 AM |
| 8 | do we really still have lead-based paint in ANY housing?? | Nov 13, 2014 9:16 AM |
| 9 | Housing services counseling for undocumented workers | Nov 13, 2014 8:40 AM |
| 10 | Low income housing top priority | Nov 13, 2014 8:15 AM |
| 11 | senior housing | Nov 7, 2014 10:22 AM |
| 12 | Low interest loans for middle income families and housing incentives for public employees to live where they work. We do not need to continue subsidizing housing for welfare recipients and transients moving in from the Bay Area. Grow our middle class and you will grow our local economy. We are quickly turning too many neighborhoods in Stanislaus County into "suburban slums". | Nov 6, 2014 5:24 PM |
| 13 | Open up a place to councel people so they can work for a living after helping them to find a job | Nov 3, 2014 10:24 AM |
| 14 | Development loans for new affordable multifamily development | Oct 28, 2014 1:31 PM |
| 15 | waterford is located far from jobs and public services. expenses of living so far from jobs make it a poor choice for low income housing | Oct 28, 2014 7:16 AM |
| 16 | tax money should not flow to banks ! | Oct 24, 2014 6:26 PM |
| 17 | Pubic education so that more can afford their own housing.. | Oct 24, 2014 3:56 PM |

Page 10, Q1. Please indicate how important each of the following concerns is to you and your family.

| | | |
|----|---|-----------------------|
| 1 | providing homeowners the security children are safe to cross streets at busy intersections from where their school is located is no longer within the neighborhood they live in. For example one of my childs school is down the road where I feel he's safer in crossing streeting to get to school, while my other child crosses a busy street early mornings to get to Jr High. No lights, crosswalks, yard duty is present. | Nov 17, 2014 9:18 AM |
| 2 | Do not provide street lighting. Home owners can light their own homes at a lower cost and more efficiently than government street lighting. It is unfair to force people to do both. My home has street lighting fees in the property taxes but the closest light is too far to light my home. As a result I am forced to pay the tax/fee and my own power bill. Lighting my home makes it brighter at night than the ones under the public lights who choose not to light their own lamps. | Nov 17, 2014 7:57 AM |
| 3 | Help for upside down mortgages. | Nov 14, 2014 10:01 AM |
| 4 | people are still losing their homes to foreclosure, the trickle- down effect has slowed, but not stopped. | Nov 13, 2014 4:10 PM |
| 5 | what does it matter about making sure kids live here? why not work with the schools so they can get jobs? | Nov 13, 2014 10:31 AM |
| 6 | Encourage to me means NOT mandatory. NO more government restrictions, laws, requirements that create costs for those who do work and pay taxes. There are enough laws on the books to do all of the above. Refer at-risk homeowners to mortgage co's. Too many entitlements. | Nov 13, 2014 9:23 AM |
| 7 | Again, do we still have lead-based paint in any housing?? Our neighborhoods are very mixed already,. | Nov 13, 2014 9:20 AM |
| 8 | Reduction in property taxes by any means | Nov 13, 2014 9:10 AM |
| 9 | Have a website for reputable home repair persons with affordable fees. Provide training for homeowners or renters so they can assist in repairing their communities. | Nov 13, 2014 8:47 AM |
| 10 | Ensure that vacant/foreclosed homes are properly maintained to deter crime and vandalism. Provide services to deter "dumping" in alleys and vacant buildings/properties | Nov 13, 2014 8:46 AM |
| 11 | help people with poor or bad credit but with employment to overcome financial difficulties if they are interested in purchasing an affordable home with counseling assistance and home ownership sustainability. | Nov 13, 2014 8:40 AM |
| 12 | Purchase foreclosed homes, fix them up, and provide low interest loans to families and Vets or as group homes for disabled or homeless persons | Nov 13, 2014 8:39 AM |
| 13 | Establish quality minimum guidelines as to how housing, neighborhoods and commercial properties should be maintained and fine people whose properties are not kept up and if the city has to clean it up charge them for the cost. | Nov 13, 2014 8:16 AM |

Page 10, Q1. Please indicate how important each of the following concerns is to you and your family.

| | | |
|----|--|-----------------------|
| | Even it it requires adding the cost to their property taxes or filing a lien against the home/ property. | |
| 14 | NO MORE BIKE LANES | Nov 13, 2014 8:07 AM |
| 15 | single parents | Nov 7, 2014 10:25 AM |
| 16 | I reject the premise that housing in Stanislaus County is not "affordable". Are you kidding? Not affordable to whom? We have some of the lowest prices in the State of California! Middle class families from L.A. and the Bay Area would flock here IF THERE WERE JOBS!!! If this county continues to pander to the homeless and shiftless, we're going to continue on this downward spiral. My children left and are never coming back. I'm contemplating retiring to another state and taking my sizable retirement income with me. You're policies are killing the middle class in our region. We're slipping into an untenable third-world economy. Focus on economic development and stop pandering to the crack-heads and low-lives who won't every contribute anything to our community. We have enough social services in our community. Some will never seek help - so don't make it comfortable for them to panhandle, get high, and commit petty crimes against our hard-working citizens. | Nov 6, 2014 5:30 PM |
| 17 | Making sure that people are responsible for their own homes and take care of their own area | Nov 3, 2014 10:45 AM |
| 18 | Help people, not give handouts to people that refuse to earn their keep. We are a poor county. | Oct 29, 2014 7:55 PM |
| 19 | Not important for govt to be involved in the free market. It is OK for emergency help. | Oct 27, 2014 4:07 PM |
| 20 | we should hold the banks accountable for the corporate tricks | Oct 24, 2014 6:30 PM |
| 21 | Funding for programs that create safe neighborhoods. Security or more police in impoverished areas. | Oct 24, 2014 12:57 PM |
| 22 | Not everyone is capable or wanting to be homeowner . Enough money had been wasted on these programs. Spend that money on job placement or training. | Oct 23, 2014 7:01 PM |

Page 11, Q1. Please indicate the importance of investing funds in the following housing-related activities in your community.

| | | |
|---|---|-----------------------|
| 1 | is the county entering housing ownership? | Nov 13, 2014 10:34 AM |
| 2 | Improvements to existing ownership housing for the disabled | Nov 13, 2014 9:27 AM |
| 3 | homeowners should pay for thier own improvements | Nov 13, 2014 9:26 AM |
| 4 | Training program for people in their community in repairing their communities | Nov 13, 2014 8:48 AM |
| 5 | Make sure more people buy homes | Nov 3, 2014 10:46 AM |
| 6 | would not like section 8 expanding in Salida | Oct 24, 2014 6:33 PM |
| 7 | Invest in educating people in how to take care of themselves. | Oct 24, 2014 4:02 PM |

Page 12, Q1. Please indicate the importance of investing funds in housing for the following populations in your community.

| | | |
|----|---|-----------------------|
| 1 | affordable housing for single mothers in nice neighborhoods, seems as because it's affordable it has to be in the drug, gang infested neighborhoods. If we want to change, then show a better life style. | Nov 17, 2014 9:23 AM |
| 2 | Veterans Housing Assistance | Nov 17, 2014 8:51 AM |
| 3 | help those agencies who provide those services with grants/loans. Who is on the county loan committee? involve the public | Nov 13, 2014 10:35 AM |
| 4 | safe housing for troubled youth runaways | Nov 13, 2014 9:26 AM |
| 5 | People needing services should be drug/alcohol/tobacco free | Nov 13, 2014 8:49 AM |
| 6 | housing for ex convicts, their families need to be the ones that help, the went against society, they received services, food in jail. | Nov 7, 2014 10:28 AM |
| 7 | Again, as a taxpayer I reject the premise of this survey. You want housing for aging-out foster youth? Fly-by night foster care providers are moving in from Alameda County, Santa Clara County, and Sacramento County to take advantage of the stupidity of our county government. In some cases, I have personally witnessed welfare fraud where foster youth are being claimed by multiple providers, and child sex slavery. Our local law enforcement is so overwhelmed that nothing is done! | Nov 6, 2014 5:34 PM |
| 8 | very low income families will find it difficult to manage the expenses of driving to Modesto for jobs, services, and affordable groceries. | Oct 28, 2014 7:24 AM |
| 9 | by 'investing' i would hope this would not be moving tax dollars to developers and bankers | Oct 24, 2014 6:35 PM |
| 10 | Housing for disabled veterans | Oct 24, 2014 4:04 PM |
| 11 | Integration not just specific to a population- affordable housing for all | Oct 23, 2014 2:03 PM |

Page 13, Q1. Please indicate how common and important it is to address the following barriers to equal housing in your community.

| | | |
|----|--|----------------------|
| 1 | By stating a home, it could also mean a facility that provides private rooms that could be home spaces ie. apartment rooms for homeless, single veterans, elderly, aged out foster children | Nov 25, 2014 8:04 AM |
| 2 | Consider, location, schools, crime, stores, transportation access, parks. All these features are important when you are wanting decent life style and becoming self sufficient. | Nov 17, 2014 9:25 AM |
| 3 | I don't believe in fair or equal. No such thing. | Nov 13, 2014 9:27 AM |
| 4 | Have a one stop agency for all housing services | Nov 13, 2014 8:50 AM |
| 5 | more attention to complaints about "slum lords" | Nov 13, 2014 8:49 AM |
| 6 | counseling regarding how to properly purchase | Nov 13, 2014 8:30 AM |
| 7 | quality | Oct 30, 2014 7:30 PM |
| 8 | let the market decide and dont over regulate. fovt intereferece increase all housing cost. | Oct 27, 2014 4:10 PM |
| 9 | to many large homes on small lots , and very few small home , also very few home with larger lots .5 acre etc. much need for smaller homes for older folks and young familys | Oct 24, 2014 6:42 PM |
| 10 | The amount of loss homeowners took when the market dropped after buying when the market was so high. Be sure to reassess home values and lower taxes for those who bought at the high times. | Oct 24, 2014 4:08 PM |

Page 14, Q1. Please indicate how common and important it is to address the following areas of housing discrimination in your community.

| | | |
|---|---|-----------------------|
| 1 | amount of children or wheather your working or/and going to school. | Nov 17, 2014 9:26 AM |
| 2 | red lining is illegal but it happens still | Nov 13, 2014 10:36 AM |
| 3 | not aware of any discrimination | Nov 13, 2014 10:03 AM |
| 4 | Section 8 &/or low rent housing | Nov 13, 2014 8:47 AM |
| 5 | Housing Discrimination? Get a job. | Oct 29, 2014 7:57 PM |
| 6 | not a problem. many ambulance chasers available if it ever becomes a problem. | Oct 27, 2014 4:12 PM |
| 7 | banks pushing high rate loans on the poor... | Oct 24, 2014 6:43 PM |
| 8 | Bringing older homes to higher, more energy efficient standards. | Oct 24, 2014 4:09 PM |
| 9 | I DON'T KNOW | Oct 24, 2014 1:44 PM |

Page 15, Q1. Please indicate how common and important it is to address the following areas of housing discrimination in your community.

| | | |
|----|---|-----------------------|
| 1 | economic status | Nov 17, 2014 9:27 AM |
| 2 | not aware of any discrimination | Nov 13, 2014 10:03 AM |
| 3 | If you get offended get over it and move on | Nov 13, 2014 9:28 AM |
| 4 | Undocumented persons | Nov 13, 2014 8:51 AM |
| 5 | low income or poverty individuals and families (financial) | Nov 13, 2014 8:50 AM |
| 6 | Financial credibility. Families with poor or no credit cannot purchase a home and then find it difficult to rent a nice home. | Nov 13, 2014 8:10 AM |
| 7 | general disparities and segregation issues. | Nov 7, 2014 10:30 AM |
| 8 | Really? With multiple regulatory agencies at the county, state, and federal level this is an "issue"? Get a grip. | Nov 6, 2014 5:35 PM |
| 9 | Financial and Criminal Past History | Nov 6, 2014 4:10 PM |
| 10 | age discrimination | Oct 24, 2014 6:36 PM |
| 11 | Prejudice against single, female parents raising their children without a man at home. | Oct 24, 2014 4:11 PM |
| 12 | I DON'T KNOW | Oct 24, 2014 1:44 PM |
| 13 | People who own dogs | Oct 23, 2014 6:13 PM |
| 14 | California state law prohibits discrimination in housing. Does it happen? Yes. Can you do something about it? You tell me. | Oct 23, 2014 2:41 PM |

Page 16, Q1. Please indicate how common and important it is to address the following areas of housing discrimination in your community.

| | | |
|----|---|-----------------------|
| 1 | Don't Know | Nov 17, 2014 9:28 AM |
| 2 | credit checks. people change | Nov 17, 2014 9:27 AM |
| 3 | Property management rents before it can be viewed | Nov 13, 2014 11:56 AM |
| 4 | Real families dont have a chance to buy because investors have deals with realtors. Even if they show you the home, they secretly already have a buyer. | Nov 13, 2014 10:55 AM |
| 5 | have not seen any discrimination | Nov 13, 2014 10:04 AM |
| 6 | I have no incouneters in any of the above. | Nov 7, 2014 2:43 PM |
| 7 | out of town owner using 'home owner' tax breaks | Oct 24, 2014 6:53 PM |
| 8 | Hazardous waste left in inoperable vehicles left parked on the street by renters of homes in the area. | Oct 24, 2014 4:14 PM |
| 9 | I DON'T KNOW | Oct 24, 2014 1:45 PM |
| 10 | Different Tenant Rules | Oct 22, 2014 3:54 PM |

Page 17, Q1. Please indicate why housing discrimination might still happen in your community.

| | | |
|----|--|-----------------------|
| 1 | Many tenants know their rights; they can't get anyone to help them fight for their rights | Nov 18, 2014 6:58 PM |
| 2 | credit report, insufficient references, | Nov 17, 2014 9:28 AM |
| 3 | not sure | Nov 13, 2014 10:49 AM |
| 4 | Lack of physically disable access dewllings | Nov 13, 2014 9:32 AM |
| 5 | Lack of penalty | Nov 13, 2014 9:16 AM |
| 6 | Affordability | Nov 13, 2014 9:15 AM |
| 7 | Afraid if losing their home/housing | Nov 13, 2014 8:53 AM |
| 8 | Don't know the answers to these questions | Nov 13, 2014 8:13 AM |
| 9 | No comment | Nov 7, 2014 2:43 PM |
| 10 | discrimination regarding people of different cultures, there are so many disparities in this community, county, it must be addressed ad changes have to happen, cost is not the only issues that keeps this county below average and community members dissatisfied. | Nov 7, 2014 10:32 AM |
| 11 | These questions make no sense to me as a home owner | Oct 25, 2014 8:57 PM |
| 12 | american history of slavery and capitulism | Oct 24, 2014 6:54 PM |
| 13 | Landlords have prejudices against white, non-hispanic neighbors. | Oct 24, 2014 4:16 PM |
| 14 | Not a priority | Oct 23, 2014 8:35 PM |

Page 18, Q1. Please indicate which are effective ways to combat housing discrimination in your community.

| | | |
|---|---|----------------------|
| 1 | Conseques to landlors who take advantage of those who are poor | Nov 18, 2014 6:59 PM |
| 2 | make landlords aware of laws as well as potential renters | Nov 17, 2014 9:30 AM |
| 3 | Fair Housing is for those who are entitlement minded. | Nov 13, 2014 9:31 AM |
| 4 | Is the point of this survey to target housing discrimination? It seems that way. | Nov 13, 2014 9:20 AM |
| 5 | Not an issue - this survey is a complete joke. You're looking for people to validate your preconceived opinions. What a waste of tax dollars. | Nov 6, 2014 5:37 PM |
| 6 | There are laws in place to deal with these types of issues. | Oct 29, 2014 7:59 PM |
| 7 | asset forfeiture | Oct 24, 2014 6:55 PM |
| 8 | Invite a balance of ethnicity inot neighborhoods. | Oct 24, 2014 4:17 PM |

OAKDALE SURVEY RESULTS

Stanislaus Consolidated Plan Survey

1. I am completing this survey as a(n)... (select all that apply)

| | | Response Percent | Response Count |
|------------------------------------|--|------------------|----------------|

CONSULTATIONS

AGENCY

Ceres Healthy Start

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

Families with children 0-5 not limited to k-12 student's parents and community at large;
Approximately 53 families per month

• Characteristics of service population (gender, family type, income, other special needs)

Low income families include:

Female and Male, Hispanic, White, seasonal agriculture and minimum wage, income households. All services are free

• Recent changes in service levels or characteristics of service population

Service coordination between families and certified enrollment agencies has increased

• Anticipated future changes in service levels or population

Single parent household may increase due to spouse deportation; greater need for low income housing and programs to supplement utility bills impacted by drought and lack of agriculture farm labor

• Factors driving changes?

Single income and parent households will be vulnerable; children will be impacted; greater need for Early Ed resources for families that will allow single parents to seek employment

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

(Latino families in transition) small number of Latino clinicians to provide mental health wellness for Spanish speaking community and schedule conflicts for working fathers to access mental health wellness

• Do you provide services to the homeless? If so, how many in a month? year?

Minimal; we are a multipurpose resource center when we conduct school readiness activities the capacity to distribute food for homeless community is limited

**• Challenges to providing adequate services (quantity or quality) experienced by the agency:
staffing or funding?
facility or equipment?
information or technical skills/knowledge?**

Space Challenges, limited staff to conduct case management

• Are there any other good sources of information (written, online, person) that we should be talking to?

AGENCY

Central Valley Opportunity Center

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o Utility assistance, rental assistance, food vouchers, 25% discount for seniors city of Modesto water sewer and garbage.
- o Home weatherization, HEAP program.
- o HEAP about 500 - 600 per month.
- o Weatherization approx 40 homes per month.
- o Vocational training approx 20 persons per month under different grants.
- o Community education (EOP, County Health) 100 per month.
- o High School Diploma program about 20 persons per month.
- o Additional vocational trainings: farm worker programs trainings, about 20 – 30 persons per month.
- o Scholarship programs at about five yearly at approx \$1500.
- o Food baskets at about 200 per year.
- o Solar water installations at about 40 in the first year.
- o Youth program that does vocational training for about 35 youth per year.
- o Cal Works job search workshops for about 300 people per year with remedial education and language assistance.
- o City of Modesto below costs utility assistance for seniors. Approx 60 – 70 people a month apply for eligibility.

• Characteristics of service population (gender, family type, income, other special needs)**• Recent changes in service levels or characteristics of service population****• Anticipated future changes in service levels or population****• Factors driving changes?****• Any particular needs or populations that are particularly under-served? If so, why are they under-served****• Do you provide services to the homeless? If so, how many in a month? year?**

- o Very few lately, approximately 2 – 4 annually, not really a target population. Maximum that may have been served is 10 – 15 per year.

• Challenges to providing adequate services (quantity or quality) experienced by the agency: staffing or funding? facility or equipment?

- o Always looking for good staff, bi lingual is a need.
- o The space they rent is very expensive and probably not the best suited for their work.

• Are there any other good sources of information (written, online, person) that we should be talking to?

AGENCY

QUESTION/RESPONSE BY AGENCY

Child Abuse Prevention Council of Stanislaus County

• **Current service levels (persons/households per month)**

o Shaking baby program offers education to all new born mothers in Stanislaus and Foster parents pride training, a first step program. (keeps all hospitals in the program stocked with materials)

• **Characteristics of service population (gender, family type, income, other special needs)**

o Strengthening families program is just starting out, it offers:

Training and professional development

Engaging parents in the community

Policy and systems of aligning policy

• **Recent changes in service levels or characteristics of service population**

o Strengthening families program is new

• **Anticipated future changes in service levels or population**

o Strengthening families is still taking root, its up in the air

o Shaking baby program is fairly stable, trying to move trainings into pre birthing classes and in the schools. Always looking to expand the program.

• **Factors driving changes?**

• **Any particular needs or populations that are particularly under-served? If so, why are they under-served**

o As manager of child welfare, would say lack of affordable housing and section 8 housing, safe housing also.

• **Do you provide services to the homeless? If so, how many in a month? year?**

• **Challenges to providing adequate services (quantity or quality) experienced by the agency:**

staffing or funding?

facility or equipment?

information or technical skills/knowledge?

• **Are there any other good sources of information (written, online, person) that we should be talking to?**

o VMRC, HSA, Federal Resource Centers (13 to 16) Parent resource center, children's and family commission, Faith based organizations.

AGENCY

Heaven Women's Center

QUESTION/RESPONSE BY AGENCY

- **Current service levels (persons/households per month)**
 - o July '13 to June '14 total of 2550 clients unduplicated.
 - o Counties designated domestic violence and sexual assault center
 - o Provide educational services for violence and assault
 - o Services for kids exposed to violence
 - o Emergency shelter
 - o Counseling available
 - o Youth programs for kids between 4 – 17
 - o Group for children who have been abused
 - o Educational outreach program which can be deployed at schools or centers
 - o Legal program to help with domestic violence and for those with out legal status in us
 - o 24 hour crisis line
 - o Volunteer training, volunteers work in all of the programs.
 - o Have a service site in Modesto and Turlock, and folks stationed at various welfare to work recipients, and family justice center.

- **Characteristics of service population (gender, family type, income, other special needs)**
 - o Population is overwhelmingly female
 - o Most have children

- **Recent changes in service levels or characteristics of service population**
 - o Not really, pretty steady.

- **Anticipated future changes in service levels or population**
 - o None anticipated, new transitional housing project coming online

- **Factors driving changes?**

- **Any particular needs or populations that are particularly under-served? If so, why are they under-served**
 - o Need for transitional housing
 - o Need for shelter in general (would like three more plus)
 - o A lot of undocumented clients coming in
 - o Greater demand for legal help

- **Do you provide services to the homeless? If so, how many in a month? year?**
 - o Only criteria is that clients must be victims of domestic violence

- **Challenges to providing adequate services (quantity or quality) experienced by the agency:**
 - staffing or funding?**
 - facility or equipment?**
 - information or technical skills/knowledge?**

- o Greatest challenge is always that the demand is higher than the ability to meet it, only have a 24 bed shelter, that's max capacity. Funding is key.
- o Staffing is 24 hours, washing machines go through furniture and appliances quickly.
- o Economic resources and financial support, lack of housing for the clients is key.

- **Are there any other good sources of information (written, online, person) that we should be talking to?**

AGENCY

QUESTION/RESPONSE BY AGENCY

Homeless Documentary in progress

- **Current service levels (persons/households per month)**

- **Characteristics of service population (gender, family type, income, other special needs)**

- o Been making a documentary over the past couple of years, started 2012
- o Focus on Modesto, but open to the whole county

- **Recent changes in service levels or characteristics of service population**

- **Anticipated future changes in service levels or population**

- **Factors driving changes?**

- o Need a paid full time director of the continuum of care.

- **Any particular needs or populations that are particularly under-served? If so, why are they under-served**

- o Drug addiction and mental health are still an underserved need.

- **Do you provide services to the homeless? If so, how many in a month? year?**

- **Challenges to providing adequate services (quantity or quality) experienced by the agency:**

- staffing or funding?

- facility or equipment?

- information or technical skills/knowledge?

- **Are there any other good sources of information (written, online, person) that we should be talking to?**

AGENCY

Stanislaus Economic Development and Workforce Alliance

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o Approximately 11,000 people who they provided some level of service to in 2014
- o Combined economic development agency and workforce investment program, administrator of workforce investment act for Stanislaus county, federally funded job training program for the unemployed
- o Also provides economic development services for existing business and business attraction.
- o Small business development center, to help entrepreneurs.

• Characteristics of service population (gender, family type, income, other special needs)

- o Most are receiving UI, most in typical population are in the lower level of skills attainment.

• Recent changes in service levels or characteristics of service population

- o Starting to see fewer individuals coming in for assistance, possibly because recession is easing up.
- o During recession there were more people in the high skill level seeking services.

• Anticipated future changes in service levels or population

- o No, probably leveling off as far as numbers.

• Factors driving changes?

- o The recession hit people at all levels of education and skill hard. If the economy continues to improve, the individuals who need services will likely be in the lower skill level.
- o This pop will likely require basic reading, writing, math skill and HSD to be employable.

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

- o Starting to see more limited English speaking population. The low skill jobs for those with limited English are going away either via automation or outsourcing. Most are now requiring more skills (computer). These jobs included line work at a canary and such (manual labor jobs).

• Do you provide services to the homeless? If so, how many in a month? year?

- o They do but the vast majority of homeless have many more issues to resolve before they can become employable. (mental health, Drug and Alcohol abuse, Finding Shelter.)

• Challenges to providing adequate services (quantity or quality) experienced by the agency: staffing or funding? facility or equipment? information or technical skills/knowledge?

- o So far, able to find qualified employees, but it is getting harder. (had to lower some of the job requirements) so skill level may be an issue. (still looking at 4 year degree, just less skill)
- o Funding has slowly decreased and leveled off to the appropriate amount to provide a decent and adequate level of service.

• Are there any other good sources of information (written, online, person) that we should be talking to?

AGENCY

United Samaritans

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o 1500 – 1800 lunches per day varies by time of the month ebb and flow to the end of the month when people run out of food stamps
- o Kitchen in Modesto, Turlock has homeless support services window, clothes closet, mail service for the homeless, couch surfers recognized by county.

• Characteristics of service population (gender, family type, income, other special needs)

- o Most people served fall into the Very Low Income, statistical surveys twice a year at each truck, very few fall any higher than low income,
- o Roughly 48 percent Hispanic, roughly 50 percent white, rest is black, asian, etc.

• Recent changes in service levels or characteristics of service population

- o Services stayed ok, 2010 362151 meals served, 2013 396590 meals, 2014 382458 meals. 2008 422880 meals.
- o Increased from 443 about to 665 in 2014 unduplicated seeking services.

• Anticipated future changes in service levels or population**• Factors driving changes?**

- o More people receiving food stamps, that helps the families.
- o People are getting back to work
- o Some might be from depopulation of neighborhoods, people moving away.
- o Don't have a replacement food truck for the days when a truck is down. Trucks are getting old.
- o In kind donation going down because businesses are better managing their excess.

• Any particular needs or populations that are particularly under-served? If so, why are they under-served**• Do you provide services to the homeless? If so, how many in a month? year?**

- o 20 percent of clients in Modesto are homeless, 80 percent are housed. In other places the homeless pop is less.

• Challenges to providing adequate services (quantity or quality) experienced by the agency:**staffing or funding?****facility or equipment?****information or technical skills/knowledge?****staffing or funding?**

- o Get a lot of in kind donations, but those are going down.

- o Food costs have gone up, seeking more grant funding

facility or equipment?

- Truck fleet is getting older, replacement will be a problem because they were donated new. Costs of replacement are skyrocketing.

• Are there any other good sources of information (written, online, person) that we should be talking to?

AGENCY

We Care Shelter Program

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o The shelter opened nov 8 2014 and to april 15 2015
- o Dinner is served, MSW on site,
- o 49 beds, 138 unduplicated count duplicated count over a 1000, entered into HMIS
- o Also does rapid rehousing and a supportive transitional housing program through HUD under "We Care"

• Characteristics of service population (gender, family type, income, other special needs)

- o Can only come in 615 must be out by 8
- o Only men over 18 from 18 to the 70s mostly 31 – 50 surprised with how many younger people sometimes.
- o Largest race is white
- o Large mentally ill population

• Recent changes in service levels or characteristics of service population

- o Numbers have increased over the past five years.
- o Allowed beds have increased from 34

• Anticipated future changes in service levels or population

- o Trying different programs for life skills

• Factors driving changes?

- o Level of service has increased because increased funds to shelter them in transitional housing. Typically the people with SSI.

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

- o Mental health is underserved in Turlock, most mental health services offered are in Modesto.
- o Mental health services in Turlock might start doing ride alongs with police.

• Do you provide services to the homeless? If so, how many in a month? year?

- o Would like to be year round, see above
- o We Care housing program is year round

**• Challenges to providing adequate services (quantity or quality) experienced by the agency:
staffing or funding?
facility or equipment?
information or technical skills/knowledge?**

- o Staffing, finding qualified staffing, paid staffing too.

• Are there any other good sources of information (written, online, person) that we should be talking to?

- o United semeritans

AGENCY

Stanislaus County Children and Families
Commission

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

for the 2013/14 year, the Stanislaus County Children and Families Commission has had a total of 24,705 participants

• Characteristics of service population (gender, family type, income, other special needs)

Of the 24,705 participants from 2013/14, 10,223 were under the age of six years, 10,870 were parents or guardians, and another 3,612 were classified as "other family members". On average, 56 percent of the population was Hispanic or Latino, with 23 percent White. Primary language needs were in english and spanish. The Hispanic proportion of population has dipped compared to previous years, and is more in line with the County's Hispanic population.

• Recent changes in service levels or characteristics of service population

No significant changes have been made

• Anticipated future changes in service levels or population

No significant changes anticipated

• Factors driving changes?

none

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

Special needs populations tend to be underserved. There are not enough resources and not enough expertise to serve this population.

• Do you provide services to the homeless? If so, how many in a month? year?

no

**• Challenges to providing adequate services (quantity or quality) experienced by the agency:
staffing or funding?
facility or equipment?
information or technical skills/knowledge?**

Funding and expertise are needed to be able to provide adequate services.

• Are there any other good sources of information (written, online, person) that we should be talking to?

The Epidemiologists at the Stanislaus County Health Services Agency are always a good source of

Expected Resources

AP-15 Expected Resources - 91.220(c)(1,2)

Introduction

During Fiscal Year 2015-2016, Stanislaus Urban County expects to receive \$2,197,687 in Community Development Block Grant (CDBG) program funding and \$190,669 in Emergency Grant Solutions (ESG) funding. CDBG program income consists of approximately \$291,048, which will be spent down prior to Fiscal Year 2015-2016 program funds. The exact amount of prior year funds are still unknown. However, Economic Development activities, to be used on a Stanislaus Urban County-wide basis, will be funded with \$140,000 of prior year funds. Stanislaus County also currently has a balance of \$865,000 in CalHome funding, of which \$100,000 is anticipated to be utilized during the Fiscal Year 2015-2016 on down payment assistance activities and \$200,000 on housing rehabilitation activities.

Anticipated Resources

Table 1 - Expected Resources – Priority Table

| Program | Source of Funds | Uses of Funds | Expected Amount Available Year 1 | | | | Expected Amount Available Reminder of ConPlan \$ | Narrative Description |
|--|------------------|--|----------------------------------|---|--------------------------------------|--------------------------------------|--|--|
| | | | Annual Allocation: \$ | Program Income: \$ | Prior Year Resources: \$ | Total: \$ | | |
| CDBG Stanislaus Urban County | Public-Federal | Planning Administration Economic Development, Public Infrastructure Improvements, Fair Housing Services, and Public Services | \$2,197,687 | County \$128,383 Waterford \$162,665 | \$140,000 | \$2,628,735 | \$8,790,748 | Majority of funds will be utilized for infrastructure projects. 10% will be set aside for public services. 20% for Admin. Prior year resources are unknown, other than \$140,000 set aside for Economic Development activities. This figure may be more than listed in this table. |
| ESG Stanislaus Urban County | Public - Federal | Homeless Programs, Data Management, and Administration | \$190,669 | N/A | N/A | \$190,669 | \$762,676 | Funds will be utilized for ESG program administration, emergency and transitional shelters, homeless management information systems data entry, and homeless prevention and rapid re-housing services. |
| CalHome Stanislaus County (Unincorporated County only) | Public-State | First-time homebuyers and/or Owner Occupied Housing Rehabilitation and Admin | N/A | N/A | \$100,000 – DPA \$200,000 – Rehab | \$100,000 – DPA \$200,000 – Rehab | \$400,000 – DPA \$292,000 – Rehab | Funds will be used for first-time homebuyers and/or Owner-Occupied Housing Rehabilitation and Admin. |

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The Stanislaus Urban County members will continue the use of State of California funds (as they become available) designed to fund affordable housing projects/programs. Stanislaus County is currently a recipient of CalHome funds to provide down payment assistance to first-time homebuyers and owner-occupied housing rehabilitation assistance.

PROGRAM INCOME (PI)

CDBG, HOME Investment Partnerships Program (HOME), Neighborhood Stabilization Program (NSP), and CDBG-R Program Income funds will continue to be used by the Stanislaus Urban County to fill funding gaps for affordable housing projects/programs as needed to help leverage other funds when possible.

URBAN COUNTY MEMBER STATE CDBG PROGRAM INCOME

Prior to joining the Stanislaus Urban County, several Stanislaus Urban County cities received CDBG funds directly from the State of California. Since joining the Stanislaus Urban County, some of these cities have been collecting program income derived from loans made from their State grants.

Use of the funds through the Stanislaus Urban County simplifies the process for cities, which would otherwise have to establish a reuse plan with the State Department of Housing and Community Development. As the lead entity for the Stanislaus Urban County, Stanislaus County ultimately assumes the reporting and monitoring liabilities for State PI reported and used through the Urban County. In order limit liability, the following criteria will need to be met in order for Stanislaus County to accept the oversight of State Program Income (PI):

- ◆ Adequate notice to Stanislaus County of the intent to use PI will need to be provided to allow for reporting via the Stanislaus Urban County's Annual Action Plan.
- ◆ A re-use plan detailing a plan for the timely use of the PI, within the same Annual Action Plan fiscal year, will need to be established by the city and accepted by Stanislaus County.
- ◆ PI will need to be used towards a CDBG eligible activity reflected in an adopted Annual Action Plan and approved for funding by U.S. Department of Housing and Urban Development (HUD).

NEIGHBORHOOD STABILIZATION PROGRAM (NSP) 1 and 3 PROGRAM INCOME

The Stanislaus Urban County will continue to use NSP 1 and 3 Program Income to remove blighted properties via the Abandoned and Dangerous Building (ADB) Program. The ADB is responsible for investigating requests from the public and public agencies regarding structures that pose a threat to the health and safety of unincorporated Stanislaus County communities. The ADB was integrated into the NSP program to effectively address issues of blight resulting from abandoned and dangerous buildings declared a nuisance in NSP target areas.

NSP GENERAL

Stanislaus County will continue its efforts at liquidating NSP inventory (six properties) by finding eligible first-time homebuyers to purchase the properties. The six remaining properties are located in the Airport, Empire, Grayson, Parklawn, and Salida neighborhoods.

The City of Oakdale will be working on a multi-family affordable housing project over this next Consolidated Planning period in which NSP Program Income funds may be used. The project plans to serve families with extremely low to very low incomes (30–60% of the area median income, or AMI).

CALHOME

Stanislaus Urban County members will continue the use of State of California funds (as they become available) designed to fund affordable housing projects/programs. Stanislaus County is currently a recipient of CalHome funds, which provide down payment assistance to first-time homebuyers and owner-occupied housing rehabilitation assistance.

STATE WATER BOARD GRANT

Stanislaus County will continue pursuing California State Water Resources Control Board (Water Board) grant funds to assist in the completion of CDBG-funded infrastructure projects. With redevelopment agency funds no longer being a financial tool for capital improvement projects, Stanislaus County must now competitively apply for funds such as these to complete projects that are initiated with CDBG funds. In 2014, Stanislaus County was able to secure a \$5 million grant for the Parklawn Sewer Infrastructure Project, and is currently working on its second application for the Airport Sewer Infrastructure Project.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Stanislaus Urban County maintains four NSP properties in Grayson, Salida, Empire, and the Airport neighborhood which will be sold to first-time homebuyers throughout the 5-year consolidated plan cycle. The City of Oakdale also intends to use a 3-acre NSP acquired property to develop a multi-family affordable housing complex over the consolidated plan period.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives - 91.220(c)(3)&(e)Goals Summary Information

Table 2 – Goals Summary

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|--|------------|----------|------------------------------------|--|---|---|---|
| 1 | Improve Infrastructure in Low-income Neighborhoods | 2015 | 2020 | Non-Housing Community Development | Ceres, Hughson, Newman, Oakdale, Patterson, Waterford, Unincorporated County | Public Infrastructure Improvements | CDBG (Urban County): \$1,667,035 in current year funds. (Prior fiscal year funds will also be used) | Public facility or infrastructure activities other than low/moderate income housing benefit: 2,400 persons assisted (cities only; Empire/Airport not counted) |
| 2 | Economic Development | 2015 | 2020 | Non-Housing Community Development | Ceres, Hughson, Newman, Oakdale, Patterson, Waterford, Unincorporated County | Economic Development | CDBG (Urban County): \$140,000 in prior year funds | Assist four to ten small businesses to expand and/or receive education on Federal/State accessibility requirements, business expansion, or to do façade improvements. |
| 3 | Fair Housing and Tenant/Landlord Services | 2015 | 2016 | Non-Homeless Community Development | Ceres, Hughson, Newman, Oakdale, Patterson, Waterford, Unincorporated County | Fair Housing | CDBG (Urban County): \$25,000 | 230 extremely low-, very low-, low-, and moderate-income individuals |

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|---|------------|----------|----------------------------|--|--|--------------------------------|--|
| 4 | Access to public services for low-income households and special populations | 2015 | 2016 | Non-Homeless Special Needs | Ceres, Hughson, Newman, Oakdale, Patterson, Waterford, Unincorporated County | Public Services for Extremely Low-, Low-, and Moderate-Income Households/Individuals and Special Populations | CDBG (Urban County): \$219,768 | 2,870 extremely low-, very low-, low-, and moderate-income individuals |

| Sort Order | Goal Name | Start Year | End Year | Category | Geographic Area | Needs Addressed | Funding | Goal Outcome Indicator |
|------------|---|------------|----------|----------|-----------------|--------------------------|------------------------------|--|
| 5 | Shelter for Homeless Persons | 2015 | 2017 | Homeless | Countywide | Homelessness | ESG (Urban County): \$80,685 | 540 sheltered homeless individuals and families |
| 6 | Rapid Re-housing for Homeless Persons | 2015 | 2017 | Homeless | Countywide | Homelessness | ESG (Urban County): \$40,343 | Housing for chronically homeless, homeless families with children, homeless veterans, and homeless persons without children 28 individuals; made up of 8 households |
| 7 | Homeless Prevention for Extremely Low Income Households and Individuals | 2015 | 2017 | Homeless | Countywide | At Risk of Homelessness | ESG (Urban County): \$40,342 | Prevention of homelessness for extremely low-income families with children, and at-risk individuals; 35 individuals, made up of 10 households |
| 8 | Homeless Services Data Collection | 2015 | 2016 | Homeless | Countywide | Homeless Data Collection | ESG (HMIS Funds): \$14,999 | Data collection 1 job maintained or created for data entry assistance |

AP-35 Projects - 91.220(d)

Introduction

As shown in the previous section, AP 20 Annual Goals and Objectives, the Stanislaus Urban County has identified goals to address housing and community development needs between Fiscal Years 2015 and 2019. On an annual basis, the Stanislaus Urban County will try to achieve as many of these goals as feasible. Below are the proposed Fiscal Year 2015-2016 projects (also known as programs or activities). Wherever possible, the Stanislaus Urban County has identified specific projects.

Table 3 – Project Information

| # | Project Name |
|----|--|
| 1 | Stanislaus County Empire Storm Drain Infrastructure Project – |
| 2 | Stanislaus County Airport Neighborhood Sewer Project – |
| 3 | Economic Development Program – ADA Technical Assistance/Business Development Technical Assistance/Façade Improvements |
| 4 | Fair Housing and Tenant/Landlord Services – Project Sentinel |
| 5 | City of Ceres Nadine Avenue and Evans Road Infrastructure Infill |
| 6 | City of Hughson - 2nd Street Infrastructure Project (Part 1) |
| 7 | City of Newman - Inyo Avenue Infrastructure Project Phase II |
| 8 | City of Oakdale - Davitt Phase II |
| 9 | City of Patterson - 4th Street Infrastructure Project Phase II and 5th Street Alley Infrastructure Project |
| 10 | City of Waterford - La Gallina Avenue Infrastructure Project Phase II – installation of curb, gutter, sidewalk, ADA ramps, and storm drain improvements. |
| 11 | CASA of Stanislaus County – Direct Service Project |
| 12 | Center for Human Services – Westside Family Resource Center |
| 13 | Center for Human Services – Oakdale Family Resource Center |
| 14 | Center for Human Services – Ceres Partnership for Healthy Children |
| 15 | Children’s Crisis Center – Children’s Guardian Project |
| 16 | Salvation Army Red Shield – Tutoring and Computer Program |
| 17 | Second Harvest Food Bank – Food Assistance Program |
| 18 | Second Harvest Food Bank – Food 4 Thought Program |
| 19 | We Care Program – Turlock – Emergency Cold Weather Shelter |
| 20 | Central Valley Youth for Christ - Family Counseling Concern Strength thru Guidance |
| 21 | Children’s Crisis Center – Marsha’s High Risk Infant/Toddler Shelter |
| 22 | Children’s Crisis Center – Verda’s Children Shelter |
| 23 | Community Housing and Shelter Services – HPRP Program |
| 24 | Community Housing and Shelter Services – HMIS Data Entry |
| 25 | Family Promise - New Beginnings – Shelter to Solutions |
| 26 | We Care – Emergency Cold Weather Shelter |
| 27 | We Care – Rapid Re-Housing Program |

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

There are three specific goals for the CDBG/ESG programs. They are:

- ◆ Provide decent housing;
- ◆ Provide a suitable living environment; and,
- ◆ Expand economic opportunities

The Stanislaus Urban County / City of Turlock Regional Consolidated Plan 2015-2020 (Plan) was designed to address the above program goals by outlining the Urban County's needs and priorities for the plan period. CDBG program funds are designed to serve those at or below 80% of the AMI. The current 100% AMI in Stanislaus County for one (1) person is \$39,900 and a family of four (4) is \$56,900. If a project benefits a specific neighborhood or community, at least 51% of the population within that geographic boundary must be within this targeted income group (this is known as an "area benefit activity").

As stated above, CDBG area benefit activities must address the needs of low and moderate income persons residing in an area where at least 51% of the residents are of low-income. This is recognized by United States Department of Housing and Urban Development (HUD) as a Low/Moderate Area (LMA). With HUD's release of 2010 Census data in 2014, a number of areas that previously qualified as LMA are no longer eligible. Two Stanislaus Urban County partner members (Newman and Patterson) no longer contain any LMA areas according to the new Census data. The northeast portion of the Empire community (north of Yosemite Boulevard and east of Santa Fe Avenue) is also no longer eligible according to the new data.

There is reason to believe that HUD-provided data does not reflect the actual majority income levels of several Stanislaus Urban County neighborhoods based on the visible physical conditions of the project areas and local knowledge and information of the community's demographics. In cases where Stanislaus Urban County members would like to undertake area benefit activities that are not identified as eligible areas by HUD, Stanislaus County and those Stanislaus Urban County members will conduct door-to-door income surveys of the project areas to ensure that they meet the required LMA standards.

Further, priority is assigned based on the level of need that is demonstrated by the data collected during the preparation of the Consolidated Plan, specifically in the Needs Assessment and Market Analysis; the information gathered during the consultation and citizen participation process; and the availability of resources to address these needs.

During this Consolidated Planning period, members of the Stanislaus Urban County will have the opportunity to "shift" their fiscal year allocations for other member(s) of the Stanislaus Urban County's future year allocation to address the need for larger sums of funding to complete infrastructure projects of larger scale.

Aside from the City of Ceres, most Stanislaus Urban County's city allocations range from \$120,000 to \$153,000 for infrastructure activities. Because redevelopment funds are no longer an option for leverage funding, their annual CDBG allocation alone may not be enough to complete a larger scale project.

Any Stanislaus Urban County member that would like to shift their allocation with another member's future year allocation must enter into an independent agreement, to be recognized by the County in the appropriate Annual Action Plan in which the shifting is to occur. The Cities of Hughson and Waterford have notified the County of their intent to shift allocations starting with the Fiscal Year 2015-2016 funding. Cities entering into agreement to shift funds, will be responsible for working out repayment terms amongst themselves if future allocations decline.

The yearly allocation for the HOME program includes Stanislaus County and its urban members. The allocation is also based on Census data population and poverty percentages amongst jurisdictions. The City of Turlock is the lead entity with responsibility for implementing and administering HOME funds for the HOME Consortium. Please refer to the City of Turlock's Fiscal Year 2015-2016 AAP for specific HOME activities.

In addition, the members of the HOME Consortium and Stanislaus Urban County use various methods to establish health and safety project priority criteria based on unique community needs.

For Stanislaus County, the County Board of Supervisors adopted on August 23, 2011 a Residential Neighborhood Infrastructure Project Ranking Criteria to be used in determining the priority of future infrastructure spending projects beyond those already having been programmed and reflected in past Annual Action Plans and Implementation Plans of the County's former redevelopment agency.

The ranking criteria focuses on the following factors:

- a. Health and safety needs of the program/project and how those needs compare with the needs of other programs/projects. (i.e., high per capita septic system failures).
- b. The willingness and ability of the local community to assess themselves for purposes of contributing towards project costs and costs of ongoing maintenance and operation of improvements inclusive of support of the program/project by the area's Municipal Advisory Council (MAC) or an organized community group (if no MAC exists to represent the area).
- c. Identified and available funding sources for the specific program/project (the ability to leverage local agency dollars with outside funding sources are critical to ensuring a successful program/project).
- d. A projects geographical and fiscal equity in terms of equitable distribution throughout the various communicates, service to income qualified residents, and, when needed, proximity to needed infrastructure connects.

On October 28, 2014 the Board of Supervisors adopted a plan called Focus on Prevention 2015, which is a strategy for community transformation in four areas critical to the quality of life in Stanislaus County (homelessness, strengthening families, youth early intervention, and reducing recidivism). The goal of Focus on Prevention 2015 is to bring all sectors of the community together to provide an opportunity for cross-sector development of community-wide prevention strategies

Stanislaus County through its CDBG/ESG program is committed to implementation of the Focus on Prevention 2015 platform and will integrate the work that comes out of this effort into future funding decisions. As a first step to incorporate the Board of Supervisor's Focus on Prevention 2015 effort into the Community Development Block Grant and Emergency Solutions Grant programs, this year planning staff set aside one \$40,000 grant for prevention focused applications. CDBG and ESG funds will be incorporating more Focus on Prevention 2015 strategies as the process unfolds.

For the 2015-2016 Fiscal Year, Public Service funds were allocated based on a competitive grant cycle to which public service providers can apply for grants up to \$20,000. Applicants were restricted to submitting three (3) applications per agency for public services, provided each application is a request for a different program or office. One \$40,000 Focus on Prevention Grant was made available which had an agency limit of one (1) application per agency. All applicants were required to attend a technical workshop prior to submission of an application. A panel made up of representation from each Stanislaus Urban County members, the Stanislaus County Chief Executive Office, and the CoC, reviewed each written application submission and oral presentation and scored them individually.

Community outreach was conducted to prioritize the targeting of public service funds within the community. A community surveys identified the following public service priorities:

High Priorities

- ◆ Services for At-risk Children/Youth
- ◆ Senior Services
- ◆ Services for Physically/Mentally Disabled Persons

Medium Priorities

- ◆ Homeless Services
- ◆ Services for Victims of Domestic Violence
- ◆ Emergency Food Assistance
- ◆ Parent Education

Low Priorities

- ◆ Utility Assistance
- ◆ Financial Literacy
- ◆ Services for Persons Recently Incarcerated or on Parole
- ◆ Service for Persons with Substance Abuse Problems
- ◆ Other General Low/Mod Income Services

Based on the survey results, each public service applicant receives a score between 0-5 representing the priority, as identified by the community surveys, of the primary population they serve. Additional criteria for public service providers scoring during the competitive grant application process include:

CAPACITY & EXPERIENCE

- ◆ Agency & Staff Experience with Proposed Program
- ◆ Agency Experience with the Implementation of Grants (Federal, State or Private)
- ◆ Site Control for Activity Location
- ◆ Program Sustainability

NEED/EXTENT OF THE PROBLEM

- ◆ Low-Income Populations Served
- ◆ Focus on Eligible Urban County Areas
- ◆ Meeting an Important Community Need

- ◆ Consolidated Plan Priority

SOUNDNESS OF APPROACH

- ◆ Multi-sector Partnerships
- ◆ Project Innovation

METHODOLOGY

- ◆ Eligible & Reasonable Budget
- ◆ Standardized Client Intake and Eligibility Process

ACCOMPLISHMENTS

- ◆ Measurable, Verifiable and Effective Accomplishments
- ◆ Long-term Accomplishments
- ◆ Activity Results

FUNDING RESOURCES

Leveraging Sources (Private, Fed, State, Local, In-kind)

ACHIEVING RESULTS & PROGRAM EVALUATION (only applies to programs funded within the last 12 months)

- ◆ Monitoring Results & Timeliness
- ◆ Continuum of Care Partner

GRANT SUBMITTAL

- ◆ Application Accuracy, Completeness, and Quality

As discussed earlier within the Consultation Process section of this document, the results of the competitive process will be presented to the CoC, and the ESG/SHP/HMIS Sub-committee for input in April 2015.

The greatest single obstacle to meeting underserved needs, in addition to constraints and restrictions of the funding programs' requirements, is the limited funding available to address underserved needs.

AP-38 Project Summary

Project Summary Information

PUBLIC SERVICES PROGRAMS –URBAN COUNTY

CASA of Stanislaus County *Direct Service Project \$20,000*

CASA connects youth in foster care with case managers who advocate for them throughout their time in the foster care system. At-risk youth in the foster care system are referred to CASA by the Stanislaus County Superior Court to provide advocacy services for children in dependency. The advocate works with everyone involved and makes independent, informed recommendations on the child's behalf directly to the Judge who makes all orders regarding the case. The dedication of CASA volunteers allows judges to ensure successful outcomes for children. For many abused children, their CASA volunteer will be the one constant adult presence in their lives. Independent research has demonstrated that children with a CASA volunteer are substantially less likely to spend time in long-term foster care and less likely to reenter care.

Center for Human Services *Ceres Partnership for Healthy Children- Concrete Support in Times of Need \$20,000*

CHS in partnership with Ceres Partnership for Healthy Children (CPHC) will provide emergency assistance (food, clothing, utility assistance, baby supplies, transportation vouchers, hygiene needs) to low-income families from the Ceres area through their Concrete Support in Times of Need Program. CPHC's Family Resource Center provides case management services to families referred from Ceres Unified School District, Ceres Public Safety, Community Services Agency, local businesses, or self-referred. Families will receive a Family Development Assessment to determine need and to help with future family goal planning. Families that are in need of emergency assistance would work with a Family Advocate to access other programs such as housing assistance, Cal Fresh, Temporary Assistance for Needy Families, WIC and other community programs.

Center for Human Services *Oakdale Family Resource Center Crisis Support Program \$20,000*

CHS will assist residents and families from Oakdale, Valley Home and Knights Ferry who need assistance with utility bills, food, clothing, temporary shelter and mental health or alcohol and drug counseling services through their Crisis Support program at the Oakdale Family Resource Center (FRC). A Family Advocate will provide strength-based assessments, an empowerment plan with goals, resource and referrals and other needed services. The goal is to increase each resident's capacity to become a healthy and productive member of the Eastside community by providing concrete support for basic and emergency needs.

Center for Human Services *Westside Family Resource Center \$20,000*

The Patterson and Newman Family Resource Centers will provide brief case management and crisis intervention, utility assistance, emergency food, and resource and referral services for low-income families in need residing on the Westside of the County. Families and individuals that are in need of utility assistance must work with a case manager to complete a three session Budget and Financial Planning Training in order to receive the utility assistances. Families and individuals in need of emergency food can receive a one-time emergency food bag and would be referred to our nutrition classes to help address any future emergency food needs. CHS will work with community partners on the Westside to maximize the number and depth of resources provided to the homeless or low income residents seeking services and support.

Children’s Crisis Center
Children’s Guardian Project \$20,000

This project will provide emergency child care, meals, crisis intervention and support services to a disadvantaged population of high-risk infants, toddlers and school-age children living in Oakdale, Valley Home, Hughson, Empire, Hickman and Waterford. This project will deliver specialized care to an impoverished population of children growing up within families experiencing generational abuse, domestic violence, familial abuse and/or homelessness. These children will be members of families living in very low to moderate low income households (below 80% of AMI), enduring various social and economic challenges. They will have undergone traumas stemming from exposure to domestic violence, substance abuse, extreme poverty, mental illness or homelessness. They are likely to be frightened, suffering poor hygiene, lacking trust and delayed in their development. Without intervention, they face increased risk for further abuse, advanced neglect, chronic illness, developmental delays, emotional disturbance, mental illness, academic failures and delinquency.

Nurturing staff, specializing in child development, crisis counseling and crisis management will tend to the physical, emotional, therapeutic, educational and nutritional needs of each child. Caregivers will be qualified with education and advanced training in child development, school-age instruction, disaster preparedness, food service and crisis intervention. This project will shield vulnerable children from family situations that threaten their well-being and will help families overcome anxieties related to poverty, homelessness, unemployment and evictions.

Salvation Army Red Shield
Tutoring and Computer Program \$19,812

The agency will be operating a tutoring program to help children in south Modesto and surrounding areas with their educational needs. Children will be divided into 3 groups due to grade level with an additional group for Spanish Speakers. There is a tutor assigned to each grade level group, and he/she sits in the center of the circular table to assist each student. In the case where no homework is given, the children will work on level appropriate packets of work that have been prepared by the tutoring coordinator. A computer program is also available after tutoring that allows each child to learn typing skills and informational literacy. They are also given a small snack prior to the tutoring and a meal after computer program is complete.

Second Harvest Food Bank
Food Assistance Program \$20,000

Second Harvest Food Bank provides assistance to those who are food insecure. Second Harvest’s Food Assistance Program interacts with non-profit charities that have a food pantry program of their own. The agency is currently serving 18 non-profit organizations in the cities of Ceres, Oakdale, Hickman, Keyes, Empire, Patterson, Waterford, and Newman which include the unincorporated areas of Stanislaus County. The non-profit charities visit the Food Bank as often as once per week to select packaged groceries, canned fruit and vegetables, grains, dairy products, meats, fresh fruits and vegetables. The charities then distribute the food through their food pantries to individuals in need. The strength of the program is the ability to pick up large-scale donations from retail stores and distribution centers, which far exceeds the pickup and storage capabilities of small non-profit charities. By centralizing the collection, storage, and distribution of product through the Food Bank, more individuals in need are served through the food pantries.

Second Harvest Food Bank is requesting funding to purchase food that will be used to supplement our distribution efforts in the grant service areas. The funds will be used to purchase additional nutritional groceries that are not frequently donated to Second Harvest Food Bank. These funds will provide for additional nutritional food being made available to the low-income residents residing within the Stanislaus County CDBG funding area.

Second Harvest Food Bank
Food 4 Thought Program \$20,000

The Food 4 Thought program is an innovative approach that addresses the nutritional needs of hungry school children and offers them the incentive to improve academically and physically. The program reaches out to children through existing tutorial programs at schools and youth sites. Children that participate in the required four hours per week in tutoring and four hours in physical activities are provided a bag of 15-18 pounds of supplemental groceries, including 7-9 pounds of fresh fruits and vegetables. The after-school programs incorporate tutoring, enrichment, and fitness goals to promote healthy outcomes while building self-esteem.

We Care Program-Turlock
Emergency Cold Weather Shelter \$20,000

The We Care Program (WCP) Emergency Cold Weather Shelter serves homeless men over the age of 18. The WCP's Cold Weather Shelter has the capacity to shelter 48 homeless individuals a night during the most inhospitable winter months. The shelter provides a warm, safe environment for individuals who would otherwise be sleeping on the street or in places not meant for human habitation. The shelter will operate from November 8, 2015 to April 15, 2016, seven days a week from 6:30pm to 8:00am. Nutritious meals are provided nightly by various local churches, civic organizations, local businesses and individual families. Mealtime provides community members with the opportunity to bring immediate assistance to those in need while serving to break down the stereotypes of homelessness. We Care provides onsite services including, but not limited to, computer access for employment searches, resume development, Rapid Re-Housing and Supportive Housing Programs, case management provided by a licensed clinician, notary public services, a clothes closet, transportation vouchers, and financial assistance to obtain identification documents.

FOCUS ON PREVENTION PROJECT (PART OF PUBLIC SERVICES SET ASIDE) – URBAN COUNTY

Central Valley Youth for Christ
Family Counseling Concern Strength thru Guidance \$39,539

CVYFC will provide follow-up counseling services to youth and families identified primarily through CVYFC's Point Break workshops conducted at schools in the Ceres Unified School District. Point Break is an intervention strategy designed to develop resiliency skills, break down educational and social barriers among youth, and teach the value of conflict resolution and respect for others. Following Point Break workshops, CVYFC Family Concern Counselors will provide counseling to low- and moderate-income, high-risk students and their families identified by school counselors, teachers, and administrators. CDBG funding will allow Marriage and Family Therapist internists (qualified by education and obtaining experience and hours for full licensure) to provide at least six weekly, one-hour counseling sessions per youth/family. Spanish language counseling will be provided by bilingual-bicultural personnel, as needed. Counseling and case management are supervised by a licensed MFT on the CVYFC staff. Anticipated results are improved academic achievement and behavior and strengthened family and peer relationships.

INFRASTRUCTURE PROJECTS – URBAN COUNTY

STANISLAUS COUNTY

Airport Neighborhood Sewer Infrastructure Project: Stanislaus County will seek State Water Board funds to finance the remaining phases of the sanitary sewer system in the Airport Neighborhood. CDBG funding will remain allocated to the project until sufficient funding is secured to complete the project.

Empire Storm Drain Infrastructure Project: Stanislaus County will continue seeking viable alternatives for addressing storm drainage within the community, including sidewalks to help facilitate a safer path of travel in storm water impacted areas. On September 9, 2014, the Board of Supervisors approved the Empire Community Storm Drainage Report detailing an alternative, low impact design, swale system and the initiation of a Proposition 218 vote for the funding of the project; however, initial feedback from the community has not indicated support for the alternative swale system. In response to the feedback, the County will be working with the community to identify alternative targeted storm drain solutions that may include sidewalks. CDBG funds will remain allocated to the project for design and construction of the project.

CITY OF CERES

Nadine Avenue and Evans Road Infrastructure Infill: The project will provide curb, gutter, and sidewalk, matching AC and storm drainage. The project area is located along Nadine Avenue between Weber Avenue and Richland Avenue.

- ◆ Estimated cost: \$200,000
- ◆ Estimated number of people served: 75

CITY OF HUGHSON

2nd Street Infrastructure Project (Part 1): The project is part of a multi-year effort to complete sidewalk infill projects to improve connectivity, mobility and access for non-motorized users of the City. The project will include the installation of curb, gutter and sidewalk and pedestrian and ADA improvements. The project area is located along 2nd Street between Walker Land and Fox Road.

- ◆ Estimated cost: \$150,000
- ◆ Estimated number of people served: 50

CITY OF NEWMAN

Inyo Avenue Infrastructure Project: The project is to install/replace curb, gutter and sidewalk and street repair and overlay (due to infrastructure repairs) on the north side of Inyo Avenue from R to Merced Streets.

- ◆ Estimated cost: \$100,000
- ◆ Number of People to Be Served:
 - Approximately 2,800 drivers/trips per day (refer to GP EIR Traffic report).
 - 598 Households reside within the project area (1/4 mile) and will benefit from the improvements.
 - 13 Households are adjacent to the project site.
 - If narrowed down to a service radius, one can estimate the local service area as:
 - 598 households within a ¼ mile radius
 - 832 additional households when extending to a ½ mile radius
 - For a total of 1,430 households within a ½ mile radius

CITY OF OAKDALE

Davitt Phase II: The project will install new water/sewer mains and service connections, and provide pavement rehabilitation. The project area is located on Davitt Avenue between West J Street to a southern dead end.

- ◆ Estimated cost: \$200,000
- ◆ Estimated number of people served: 100

CITY OF PATTERSON

4th Street Infrastructure Project Phase II and 5th Street Alley Infrastructure Project: The project will be phased over the next 5 fiscal years and will include 2,158 linear feet of water main replacement along 4th Street and 2,825 linear feet of water main replacement along the 5th Street alley. The location is along 4th Street and the 5th Street alley between C and D Streets.

- ◆ Estimated cost: \$312,375 and \$398,305
- ◆ Estimated number of people served: 147

CITY OF WATERFORD

La Gallina Infrastructure Project Phase II: The City of Waterford will be entering into an “allocation trading agreement” with the City of Hughson to allow Waterford the use of Hughson’s Fiscal Year 2015-2016 CDBG allocation. The City of Waterford will use its CDBG allocation in addition to Hughson’s allocation to complete the La Gallina Infrastructure Project in Fiscal Year 2015-2016. The project will include installation of curb, gutter, sidewalk, ADA accessible ramps, and storm drain, infrastructure improvements along La Gallina Avenue from F Street on the West to C Street on the east.

- ◆ Estimated cost: \$600,000
- ◆ Estimated number of people served: 224

AP-50 Geographic Distribution - 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Unincorporated Stanislaus County, along with the cities of Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford, form what is known as the “Stanislaus Urban County”. The Stanislaus Urban County, as an Entitlement Jurisdiction, receives Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) entitlement funds from HUD on an annual basis based on a formula allocation. Stanislaus County is recognized as the “lead entity” under these entitlement programs.

A requirement of the CDBG program is to benefit those members of the population that meet the definition of Targeted Income. A Targeted Income person is one who earns 80% or less of the AMI for CDBG funds, and 30% or less than the AMI for ESG grant funds. Additionally, if a project benefits a specific neighborhood or community, at least 51% of the population within that geographic boundary must be within the Targeted Income Group (TIG).

Geographic Distribution

Table 4 - Geographic Distribution

| Target Area | Percentage of Funds |
|--------------------------------|---------------------|
| Urban County CDBG Block Groups | 100% |

The main objective of the CDBG program is to develop viable communities by providing decent housing and a suitable living environment and by expanding opportunities for persons of low and moderate-income.

Approximately 10% of the Stanislaus Urban County’s CDBG entitlement allocation is designated under the “Public Service” program. The Public Service program provides funds to non-profit organizations, through a competitive application process, to provide essential public service programs throughout the participating Stanislaus Urban County members.

The remaining funds are distributed among the Stanislaus Urban County members, via a formula that represents poverty and population census data, to address community infrastructure needs. These needs may include, but are not limited to, sewer infrastructure and storm drainage to sidewalk infill projects. CDBG funds are used to address infrastructure improvement needs, which in turn improve the quality of life by promoting safe and healthy communities.

Rationale for the priorities for allocating investments geographically

For the development of the AAP, the participating jurisdictions used population information derived from the U.S. Census regarding median household income. The target areas of the Stanislaus Urban County members are the very low and low-income areas of the jurisdictions. Although funds are used for all residents of the Stanislaus Urban County’s members, priority is given to programs and projects in the target areas.

CDBG funds allocated to the Stanislaus Urban County will be utilized for various programs including infrastructure improvements, economic development, public services, and fair housing. Some programs are funded collectively for the benefit of the entire Stanislaus Urban County, such as homeless and public services. Other programs are specific to individual members of the Stanislaus Urban County. Each

member of the Stanislaus Urban County identifies the specific needs within its respective communities as a means to determine use of its specific allocations.

Affordable Housing

AP-55 Affordable Housing - 91.220(g)

Introduction

The tables in this section provide estimates on the number of homeless, non-homeless, and special needs households to be provided affordable housing during the program year and the number of affordable units that will be provided by program type, including rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units.

Affordable Housing

AP-55 Affordable Housing - 91.220(g)

Introduction

Table 5 - One Year Goals for Affordable Housing by Support Requirement

| One Year Goals for the Number of Households to be Supported | |
|--|------------|
| Homeless | 252 |
| Non-Homeless | 34 |
| Special-Needs | 190 |
| Total | 286 |

Table 6 - One Year Goals for Affordable Housing by Support Type

| One Year Goals for the Number of Households Supported Through | |
|--|-----------|
| Rental Assistance | 44 |
| The Production of New Units | 15 |
| Rehab of Existing Units | 7 |
| Acquisition of Existing Units | 0 |
| Total | 66 |

Discussion

One of the goals identified in the Plan and the Action Plan is to increase the supply of affordable rental housing for the city's lowest-income households.

Housing assistance and programs were also identified as a community need via the Consolidated Plan process. In Fiscal Year 2015-2016, Stanislaus Urban County members will continue to use any funds available including State CalHome housing funds (not all Stanislaus Urban County members are recipients of CalHome funds) and their HOME funds to address the variety of housing needs within the

jurisdiction. Although the Stanislaus Urban County has identified housing assistance and housing programs as one of the top three priorities, the Stanislaus Urban County members' ability to considerably contribute toward the provision and development of affordable housing programs/projects has been drastically limited both by the State of California's elimination of Redevelopment Agencies (which was the most significant tool for the provision of affordable housing, economic development, job creation and elimination of blight), as well as by the continued reduction of HOME funds in recent years.

Emergency shelter and Rental assistance, for homeless households and households at-risk of becoming homeless, will also be provided through the Emergency Solutions Grant program.

AP-60 Public Housing - 91.220(h)

Introduction

The Stanislaus Urban County and the Stanislaus Housing Authority continue to have a close working relationship and meet on an as needed basis to discuss concerns relevant to public housing and other housing matters. The City will continue to work with the Housing Authority and other public and private housing and social service agencies to foster public housing improvements and resident initiatives.

Actions planned during the next year to address the needs to public housing

The Stanislaus Housing Authority's mission is committed to addressing the unmet housing needs of residents and communities in the county consistent with federal, state, and local law. The Housing Authority owns and operates public housing units in addition to operating the Housing Choice Voucher Program (Section 8) . Based on the data supplied by HUD, the Housing Authority has 3,930 Housing Choice Vouchers in use. As of October 2014, The Housing Authority has a waiting list of 3,514 families in the Stanislaus Urban County and 752 in the City of Turlock. (Source: 2014 PHA Plan)

The HACS operates 647 conventional public housing units throughout Stanislaus County in five Asset Management Properties (AMP). AMP 1 contains a total of 149 units located in Oakdale, Turlock, Ceres, and Hughson. AMP 2 contains a total of 66 units located in Newman, Patterson and Westley. The remaining 432 units are located in AMPs 3, 4 & 5 in the City of Modesto.

The Housing Authority operates several affordable housing programs in addition to Public Housing, including year round Farm Labor Housing, Seasonal Migrant Farm Worker Housing and several smaller affordable housing properties including units funded under the Neighborhood Stabilization Program and the Housing Choice Voucher Program (Section 8).

Currently, there is no other funding or authorization from HUD to increase the number of Public Housing units, however, the Housing Authority is always working to increase the stock of affordable housing in Stanislaus County through other available resources, programs, and partnerships as opportunities arise.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority provides homeownership resources to participants in the Housing Choice Voucher Program. The Family Self-Sufficiency (FSS) Program has established partnerships with a variety of community resources to refer participants for services including pre- and post-secondary education, health care, child care, employment development, supported employment, and small business development including micro-loans. The FSS Program also encourages families to participate in financial wellness programs including financial literacy and credit repair with an emphasis on long-term financial stability for the purposes of homeownership. Supportive services are provided through the Stanislaus County Assistance Project, the Stanislaus County Department of Mental Health, or Stanislaus County Integrated Services Agency.

The Housing Authority previously implemented a services and communication “quality control” system that provides the Housing Authority with immediate customer feedback and identifies areas that may need improvement.

The Housing Authority has also implemented a resident education program with regularly scheduled meetings and written communications on agency policy, rules, and leases.

Efforts to improve communications with residents and program participants include: on site resident training/informational meetings, regular newsletters and flyers.

The Housing Authority has implemented a “curb-side” appearance program. The focus of the program is the exterior of buildings, parking areas, play grounds and other areas of the complexes. Rodent and insect problems are addressed when residents report a problem and/or on Annual Inspections. In an effort to better educate residents concerning these problems, information is regularly provided through the Housing Authority’s newsletter.

These actions have assisted the Housing Authority in creating an atmosphere which emphasizes customer satisfaction and communication.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A. The Stanislaus Housing Authority is not designated as troubled.

AP-65 Homeless and Other Special Needs Activities - 91.220(i)

Introduction

As discussed earlier in this Plan, the Stanislaus Urban County and City of Turlock participate in the Continuum of Care (CoC) to develop and implement the 10-Year Homeless Action Plan. The CoC’s 10-Year Homeless Action Plan and its annual submissions to HUD reflects the demographics, needs and available shelter, housing, and services in the region in order to provide a cohesive homeless services system throughout the County. The goals and strategies outlined in this section are those of the entire region.

To develop the Stanislaus Urban County’s homeless funding priorities, the current condition of homelessness in the Nation and Stanislaus County was examined by pulling from the 2014 Point-in-Time (PIT) count, the CoC’s 2014 Exhibit 1, the Stanislaus Urban County’s 2012-2015 CP, the CoC’s 10-Year Plan to End Long-Term Homelessness (2007), and the United States Interagency Council on Homelessness’s Report, “Opening Doors – Federal Strategic Plan to Prevent and End Homelessness” (2010). A recent Community Survey, conducted in preparation for the development of Stanislaus Urban County’s 2012-2015 CP, identified homeless services as a high priority and homeless prevention activities as a medium priority. Eligible activities allowed for under the homeless funds that the CDBG Stanislaus Urban County receives (ESG and CDBG Public Services) were then compared to existing services available to homeless and at-risk persons to develop the funding priorities described below. The ultimate goal of the CDBG Stanislaus Urban County Homeless Strategy is to increase housing stability and decrease incidents of homelessness in Stanislaus County by targeting funds to populations most in need, meeting both the immediate and long-term needs of the homeless, and avoiding the duplication of services by coordinating with service providers and the CoC.

The Federal Strategic Plan to Prevent and End Homelessness has the following 4 Goals:

- ◆ End Chronic Homelessness in five years

- ◆ Prevent and End Homelessness among Veterans in 5 years
- ◆ Prevent and End Homelessness for Families, Youth and Children in 10 years
- ◆ Set a Path to End all Homelessness

The Federal Strategic Plan focuses on solving homelessness for the chronic homeless, homeless veterans, homeless families with children, and homeless unaccompanied youth. Within the document six strategies are discussed as paths to housing those target populations:

- ◆ Individualized Goal-Based Service Planning
- ◆ On-Going Support Services Connected to Mainstream Resources
- ◆ Independent Living Skills Training
- ◆ Connections to Supportive and Trustworthy Adults and Support Networks
- ◆ Employment and Education
- ◆ Housing

Similarly, the CoC's 10-year Plan to End Long-term Homelessness, identifies Chronic Homelessness, long-term homeless adults and families, and homeless youth as target groups for homeless assistance. Currently, the focus of CoC funding has been to provide permanent supportive housing for the chronically homeless, homeless veterans and for homeless youth out of foster care. The Emergency Solutions Grant Program provides both emergency shelter and rental assistance to help stably house homeless households with and without children and long-term homeless adults. ESG sub-grantees will assess individual clients' needs and will evaluate their potential for success in the appropriate program (Emergency, Transitional, Permanent Supportive Housing or Rental Assistance). If they are not able to offer the needed service, then clients will be referred to the appropriate resource.

- ◆ Drawing from these local data sources and federal strategies, the Stanislaus Urban County has established the following Homeless Strategic Plan action items:
- ◆ Develop and operate coordinated entry for all households who are entering the homeless system or at risk for homelessness.
- ◆ Reach out to homeless households (especially unsheltered persons) and assess their individual needs with coordinated entry and a common assessment tool; collect information to determine the underlying issues and risk factors and develop a plan to address those issues.
- ◆ Reduce recidivism through system-wide implementation of evidenced-based practices known to effectively address homelessness, including incorporation of the Focus on Prevention 2014 strategies.
- ◆ Address the emergency shelter needs of people living outside through increased street outreach and assessment of their health needs.
- ◆ Significantly expand homeless rapid re-housing services to end homelessness as quickly as possible.
- ◆ Shift the entire homeless system of care to a "housing first" approach as the most cost-effective and direct route to reducing homelessness.

- ◆ Help low-income households who are being discharged from publicly funded systems of care avoid becoming homeless by engaging those systems of care in identifying solutions to such households and planning to avoid new homelessness.
- ◆ Improve data collection and analysis, including better utilizing HMIS to track the transition of persons into and out of homelessness.
- ◆ Increase access to vocational training opportunities for homeless persons.
- ◆ Increase access to affordable housing & support services in areas related to life skills.
- ◆ Increase coordination with entities releasing persons into homelessness and with service providers and the CoC.

Please see Table 1a and the discussion provided under the Homeless Needs Assessment portion of this document for additional details on the needs of homeless in Stanislaus County.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

THE EMERGENCY SOLUTIONS GRANT PROGRAM

The primary source of homeless funds in the Stanislaus Urban County is Emergency Solution Grant funds. The ESG program, formally the Emergency Shelter Grant program, is intended to supplement state, local and private efforts to improve the quality and number of emergency shelters and transitional facilities for homeless people as well as to provide case management and financial assistance to prevent homelessness and to permanently re-house homeless persons. HUD issued an interim rule for the ESG Program on December 5, 2011. This rule amended the McKinney-Vento Homeless Assistance Act in accordance with the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), enacted into law on May 20, 2009. The interim rule established a list of eligible activities, and allows the local grantee, Stanislaus Urban County, to select activities in accordance with its own community development objectives.

Designed as a first step in a CoC plan of assistance, the ESG program strives to address the immediate needs of persons residing on the street and needing emergency shelter and transitional housing, as well as assisting their movement to independent living. While flexible in terms of serving all homeless subpopulations and preventing persons from becoming homeless, ESG program legislation and implementing regulations do limit the types of activities and amounts of funds that can be spent on different activities. The following categories of eligible activities and applicable limitations are discussed in the Program Requirements section of the Emergency Solutions Grant Guidelines (reference Attachment No.):

- ◆ STREET OUTREACH ACTIVITIES (*funding capped*)
- ◆ EMERGENCY SHELTER ACTIVITIES (*funding capped*)
- ◆ HOMELESS PREVENTION ACTIVITIES
- ◆ RAPID RE-HOUSING ACTIVITIES
- ◆ HOMELESS MANAGEMENT INFORMATION SYSTEM (HMIS) ACTIVITIES

To be eligible for ESG assistance, a public service project must serve homeless persons or very low income households who are at-risk of homelessness (at or below 30% of AMI).

HUD's proposed allocation for Fiscal Year 2015-2016 ESG funds is in the amount of \$190,669. The interim rule eliminated the current program caps and replaced them with a 60% maximum (or Hold Harmless Need "HHN" maximum) of grant funds to be spent on shelter and street outreach activities. Administration funds are capped at 7.5% of the total grant allocation. Locally, approximately \$10-15,000 per year is set aside for HMIS data entry assistance, to assist non-HUD funded shelters and homeless service providers in entering their client service data into the HMIS system. After the HMIS award and Administration are subtracted from the overall award amount, 50% of the remaining award is awarded to shelter programs and the remaining funds are awarded to programs that provide homeless prevention and rapid re-housing services.

The following includes a list of homeless service and prevention programs to be funded by the Urban County with Emergency Solutions Grant funds throughout the 2015-2016 Fiscal Year:

EMERGENCY SOLUTIONS GRANT PROGRAMS – URBAN COUNTY

The Children's Crisis Center

Marsha's High-Risk Infant/Toddler Shelter \$16,129

This project will provide shelter, emergency care, meals, crisis intervention and homeless support services to an impoverished population of high-risk infants and toddlers ages birth - 3 years living in Ceres, Empire, Grayson, Patterson, Salida, Westley and unincorporated Modesto. This project will deliver specialized shelter to this highly vulnerable population of children growing up within families experiencing poverty, domestic violence, familial abuse and/or homelessness. Nurturing staff, specializing in infant/toddler care, child development, crisis counseling and crisis management will tend to the physical, emotional, therapeutic, educational and nutritional needs of each child. Caregivers will be qualified with education and advanced training in child development, preschool instruction, disaster preparedness, food service and crisis intervention. This project will shield disadvantaged children from family situations that threaten their well-being and will offer support to help families overcome anxieties related to poverty, homelessness, unemployment and evictions.

The Children's Crisis Center

Verda's Children Shelter \$22,200

This program represents a new project that would provide shelter, emergency care, meals, crisis intervention and homeless support services to an impoverished population of high-risk infants, toddlers and school-age children ages birth to 17, living in unincorporated Turlock, Newman, Patterson, Hughson, Hickman and Waterford. This project will deliver specialized shelter to this disadvantaged population of children growing up within families experiencing poverty, domestic violence, familial abuse and/or homelessness. Nurturing staff, specializing in child development, crisis counseling and crisis management will tend to the physical, emotional, therapeutic, educational and nutritional needs of each child. Caregivers will be qualified with education and advanced training in child development, school-age instruction, disaster preparedness, food service and crisis intervention. This project will shield vulnerable children from homelessness and family situations that threaten their well-being. It will offer support to help families overcome anxieties related to poverty, homelessness, unemployment and evictions.

Community Housing and Shelter Services
Homeless Prevention and Rapid Re-Housing Program \$24,777

The goal of this project is to assist 20 Households, or about 50 individual with Homeless Prevention Rapid Re-Housing funding. The Homeless Prevention funding will be utilized to provide rental assistance to prevent eviction for households who have received a 3-day notice and have written verifiable documentation of an emergency that has caused them to enter into default on their rent. The Rapid Re-Housing funding will be utilized to provide short-term rental assistance via first month's rent and deposit assistance to households who are homeless and are unable to pay for their full move-in fees. All households served will receive on-going Case Management Services and complete an individualized action plan to address their immediate and long-term goals to ensure permanent housing sustainability.

Community Housing and Shelter Services- CHSS
HMIS Project \$14,999

Data entered into the HMIS system for all homeless service providers, not just HUD funded, provides a better representation of the homeless population needs within the community. Complete quality data entry also makes it more likely for our community to receive a representative funding amount for homeless services, reducing the burden on our limited public safety dollars. This funding will allow a staff person that has training via a Section 3, Workforce Alliance project established in 2012 to remain employed. The staff person successfully graduated from the program and maintained full-time employment from that date within our Agency. Her services have enabled enter essential missing data from the largest homeless shelter provider within Stanislaus County, as they are not able to apply for government funding to provide these types of services per their mission statement. The partnership allows the non-HUD funded homeless service agency to enter the data (over 50% of the homeless population) and better represent to funders the numbers of actual number of needy individuals that are present within the community as a whole.

Family Promise
New Beginnings- Shelter to Solutions \$41,344

With “*New Beginnings – Shelter to Solutions*” Family Promise continues to provide a comprehensive approach to ending family homelessness. The emergency shelter program strengthens families by providing a safe place where homeless children and their families can stay together during crisis. Through the Interfaith Hospitality Network, volunteers from local congregations provide overnight lodging and meals in their existing facilities. The Family Promise Day Center operates as home base for the families during the day with showers, laundry facilities and resources for job and housing search. Participation in case management is required and focused to address each family's unique needs and goals. Case management includes resources for education, employment assistance, life skills training and our newest program, *New Beginnings*, a financial literacy program tailored specifically to low-income or homeless families. Transportation is provided to and from our overnight shelter sites.

Rapid Re-Housing rental assistance helps remove financial barriers and enable families to make the transition to housing stability. Families utilizing the rental assistance program receive housing search and placement assistance, housing stability case management and landlord mediation. Short-term rental assistance provides a resource for families to make their New Beginning and encourages them to work toward independence. Follow up financial education and counseling continues to be available for six months after program completion to help families navigate challenges and reduce recidivism.

We Care Program of Turlock
We Care Emergency Cold Weather Shelter \$27,500

The We Care Program (WCP) Emergency Cold Weather Shelter serves homeless men over the age of 18. The WCP's Cold Weather Shelter has the capacity to shelter 48 homeless individuals a night during the most inhospitable winter months. The shelter provides a warm, safe environment for individuals who would otherwise be sleeping on the street or in places not meant for human habitation. The shelter will operate from November 8, 2015 to April 15, 2016, seven days a week from 6:30pm to 8:00am. Nutritious meals are provided nightly by various local churches, civic organizations, local businesses and individual families. Mealtime provides community members with the opportunity to bring immediate assistance to those in need while serving to break down the stereotypes of homelessness. We Care provides onsite services including, but not limited to, computer access for employment searches, resume development, Rapid Re-Housing and Supportive Housing Programs, case management provided by a licensed clinician, notary public services, a clothes closet, transportation vouchers, and financial assistance to obtain identification documents.

We Care Program of Turlock
We Care Rapid Re-Housing Program \$29,420

The We Care Rapid Re-housing Program provides services for homeless individuals and families without children over the age of 18 who have income or income potential, or who can find housing in a subsidized housing program. This project will assist 6 homeless individuals and families with housing search and placement, rental application fees, rental and utility assistance, rental and utility deposits, case management, referrals, and support services. This is a case management based program with each participant having an individualized housing program with attainable goals that are monitored on a monthly basis. Participants who are unemployed or underemployed will be required to seek employment and utilize employment services. Participants with income will be responsible for creating budgets based on their current income and expenses. Budgeting and decision making skills are a focal point of case management and all clients are required to utilize all applicable mainstream resources that are available. The program provides the intense case management necessary to move people off of the streets and into permanent housing. Project participants receive a housing plan created specifically to meet their individual housing needs and goals. A case manager meets with program participants at least once a month in their home to see how things are going and to assess their housing plan progress. The majority of the program participants will be individuals and families that are utilizing the We Care Emergency Cold Weather Shelter and the Turlock Gospel Mission. The goal is to move individuals and families that are homeless through transitional housing and into a permanent, sustainable, housing situation.

Addressing the emergency shelter and transitional housing needs of homeless persons

The path to obtaining and maintaining permanent housing has many steps. The first of these steps often involves providing for the immediate needs of persons experiencing homelessness, such as food and shelter. The CoC's Exhibit 1 describes that Stanislaus County experienced a loss of emergency and transitional shelter beds from Fiscal Year 2010-2011. These lower bed numbers occurred due to losses in non-profit funding and the paring down of non-profit services in an attempt to stay fiscally sound. In response to this trend, the Stanislaus Urban County's Homeless Strategy places a high priority on utilizing homeless funds to assist emergency and transitional shelters with covering their operational and essential service costs. Approximately 40% of the Fiscal Year 2015-2016 ESG award will go towards ESG programs that provide emergency (both seasonal and year-round) shelter.

Short-term strategies for addressing the emergency and transitional housing needs of homeless persons include but are not limited to the following:

- ◆ Expanding street outreach efforts to prioritize the needs of persons living outside, especially those whose health is compromised.

- ◆ Sustaining existing emergency shelter inventory and helping those in shelter exit to permanent housing through rental assistance and case management addressing specific barriers to obtaining and retaining housing.
- ◆ Expanding economic opportunities to help participants achieve long-term housing stability by coordinating services with local employment training agencies and banks to offer budgeting and financial literacy workshops.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Stanislaus Urban County Homeless Strategy also places a high priority on providing rental assistance and housing relocation and stabilization services to persons and households experiencing homelessness. Approximately 40% of the Fiscal Year 2015-2016 ESG award will go towards ESG programs that provide rental assistance, utility assistance, payment of rental and utility arrears, or rental or utility deposits in combination with case management which works with clients on an individual basis to sustain permanent housing. Modeled after the 2009 Recovery Act Homeless Prevention and Rapid Re-housing (HPRP) Recovery program, which concluded in August 2012, the program utilizes housing search and placement services, intensive case management, and rental assistance to remove barriers to permanent housing for homeless persons and persons 30% or under the AMI who are at-risk of losing their housing.

The Continuum of Care strategies encourage providing homeless households with housing quickly and in conjunction with supportive services which are of greatest need to support stable housing; other needs the households may have should be addressed through existing mainstream resources available in the community. This reflects an emphasis on both homelessness prevention and rapid re-housing.

Permanent housing destinations generally include an apartment or house, permanent supportive housing, or living permanently with friends or family. A return to homelessness is indicated by a new entry in a homeless residential program (emergency shelter, transitional housing, rapid re-housing) in HMIS within 365 days after exiting to permanent housing.

Ending the cycle of homelessness requires a combination of this rental assistance, homeless prevention, re-housing, and permanent supportive housing programs along with long-range homeless reduction strategies. Long-term strategies include but are not limited to the following:

- ◆ Expanding economic stability programming to help participants achieve long-term stability and reduce recidivism.
- ◆ Increasing inventory of permanent supportive housing for homeless households through the development of affordable housing.
- ◆ Aligning 10-Year Homeless Action Plan goals and strategies with the Consolidated Plan.
- ◆ Aligning CoC strategies with the “Opening Doors” Federal Strategic Plan to Prevent and End Homelessness and HEARTH data-driven strategies to shorten lengths of stay, rapidly re-house as many homeless persons as possible, and prevent persons from becoming homeless.
- ◆ Aligning CoC strategies with the Stanislaus County Focus on Prevention efforts, specifically their effort to reduce the incidents of homelessness through cross-sector community collaboration.

- ◆ Improvements in data collection and coordinated assessment between service providers to assist in targeting funding to services proved to be most effective in moving individuals and households out of homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The state has policies in place that require health care facilities to participate in regional planning meetings and develop a specific document to identify best practices for the post-hospital transition of homeless patients, methods to establish and support effective communications between hospitals and stakeholders regarding this transition and the identification of resources. Local health care facilities have specific protocol in place requiring a safe discharge for all patients. In 2008, the Stanislaus County Public Health Agency reestablished the task force to review the current protocol in place and address any gaps in services necessary to ensure successful discharge planning services. The Public Health Agency has become actively involved in the CoC and working towards developing liaisons with housing services agencies within the CoC to update the existing discharge planning protocol. Currently in place there are discharge planning social workers on staff at the hospitals who work with service providers to locate appropriate housing and prevent the release of patients to the streets or to HUD McKinney-Vento funded emergency shelters, transitional or permanent housing units.

Representatives from Behavioral Health and Recovery Services (BHRS) and the Community Services Agency (CSA) regularly attend the monthly CoC Housing Collaborative meetings and are active participants in discharge coordination planning, in particular for homeless individuals, throughout Stanislaus County.

For adults recently released from custody, Stanislaus County addresses housing issues through the Day Reporting Center (DRC). The Sheriff's Department conducts Probation Orientation Meetings at the DRC in which several programs have participated in the past including Solidarity, Teen Challenge, and Gospel Mission. As a result of the CoC's coordination with the Probation Department, the Stanislaus County Sheriff's and Probation Departments also recently began a diversion program, where homeless individuals who would otherwise be jailed for minor crimes are able to stay at the Salvation Army shelter facility, where they receive shelter and case management services. Collaboration with public service providers and the Probation Department is on-going.

Stanislaus County has transitional living procedures in place for juveniles exiting foster care to address youth in placement where the long term plan is emancipation. These procedures are required by both the State and Federal governments. Stanislaus County develops a 90 day transition plan that includes a housing component. Procedurally, a lead officer receives a list of those eligible minors from the case officers and he works with the case officer, minor, family, and any service providers to develop the plan prior to the minor's last status review (usually at 18 years old). A status review is a court hearing to review the minor's status in placement. The plans are submitted to the court and all involved parties, including the minor.

Through contracted services with BHRS, Telecare SHOP (Stanislaus County's primary agency for outreach to CH/mentally ill persons) provides treatment and discharge planning to adults with mental illness and/or chemical addiction. Extensive policies are in place to ensure that patients and mentally ill inmates are not discharged into settings such as shelters, the streets, hotel or motels. Discharge planning is multi-disciplinary and starts upon admission to a facility, with SHOP case managers working with a team including the patient, family, guardians and agencies to develop a plan for housing, medication, vocational, social and educational needs, follow-up, support services and life activities. Discharge planning includes supportive or protective housing if the patient is incapable of independent

living. Agencies receive diagnosis, medication and other pertinent information to assist with follow up services. Appropriate discharge settings include nursing homes, basic care facilities, adult foster care, and independent living which are not funded through HUD McKinney-Vento resources. SHOP assists individuals in completing application for housing and mainstream resources such as Social Security prior to the patients discharge. This protocol has been accepted within the CoC and the general community and has proven to be highly successful in preventing homelessness form persons discharged from mental health facilities.

AP-75 Action Plan Barriers to Affordable Housing - 91.220(j)

Introduction

Actions or policies of governmental agencies, whether involved directly or indirectly in the housing market, can impact the ability of the development community to provide adequate housing to meet consumer demands. For example, the impact of federal monetary policies and the budgeting and funding policies of a variety of departments can either stimulate or depress various aspects of the housing industry. Local or state government compliance or the enactment of sanctions (i.e., sewer connection or growth moratoriums for noncompliance with the federal Clean Air Act and Clean Water Act) can impact all types of development.

State agencies and local government compliance with state statutes can complicate the development of housing. Statutes such as the California Environmental Quality Act and sections of the Government Code relating to rezoning and general plan amendment procedures can also act to prolong the review and approval of development proposals by local governments. In many instances, compliance with these mandates establishes time constraints that cannot be altered by local governments.

Local governments exercise a number of regulatory and approval powers that directly impact residential development within their respective jurisdictional boundaries. These powers establish the location, intensity, and type of units that may or may not be developed. The County's General Plan, zoning regulations, project review and approval procedures, development and processing fees, utility infrastructure, public service capabilities, and development attitudes all play important roles in determining the cost and availability of housing opportunities.

Environmental review, general planning, zoning, and related local land use regulations and development standards are all extensions of local government police powers to protect life and property, minimize nuisances, and achieve a desired quality of life as expressed through a participatory public process. Certain barriers to affordability are required by State Law (such as preparing and adopting a General Plan and conducting environmental review), adopted for safety or civil rights reasons (such as the imposition of seismic construction standards in quake-prone areas, or requiring compliance with accessibility or visit ability design standards), or enacted to remedy or prevent a specific local issue (such as requiring landscaping to deter graffiti). However, the term "barrier" should not be interpreted in the context that local development standards and development review procedures are inhibiting the provision of quality affordable housing that would otherwise be developed.

Potential constraints to housing development in the Stanislaus Urban County vary by area, but generally include infrastructure, residential development fees, land use controls, development standards, development and building permit application processing times, and resource preservation. Barriers to housing also include personal barriers such as poor credit history, involvement with the law, limited knowledge about tenants' rights and the complaints process.

An analysis of these potential barriers is detailed in the Stanislaus Housing Element. A summary of potential barriers identified in the Housing Element is provided in the Market Analysis (MA-40) section of this Plan.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Actions, planned and ongoing, by Stanislaus Urban County to remove or ameliorate barriers to housing, consist of the following:

Development Process: To expedite project facilitation and provide internal support to project applicants, the Stanislaus Urban County will continue to undertake efforts to build relationships between the Stanislaus Urban County and the development community to provide input into delivery of development services, cost of services, construction standards, development impact fees, and other development service policy areas.

Fee Structure: The Stanislaus Urban County will continue to review its fee systems as a means of reducing the cost of housing development. The Stanislaus Urban County and its city members recognize that fees can affect the cost of construction and of affordable housing in the community.

Subdivision Improvement Standards and Zoning Ordinance: The Stanislaus Urban County and its city members will review and provide input to modify Subdivision Improvement Standards, where reasonable and appropriate, to provide cost savings in the development of residential units while continuing to ensure the public health, safety, and welfare of residents.

Affordable Housing: The Stanislaus Urban County will assign priority to educating the citizens of the County and member cities regarding the importance of providing affordable housing to support job growth. This will be done through public education, public participation, and fair housing information.

Rental Housing: The Stanislaus Urban County will analyze implementation of incentive programs such as a Mortgage Revenue Bond Program or other program for both owner-occupied and rental properties.

Land Costs, Construction, and Financing: Land, construction, and financing costs represent a significant constraint to residential development; developers of affordable housing face challenges in securing financing. Due to the limited possible return from rents or sales prices of affordable units, many private lenders are concerned with the financial returns for these types of projects; as a result, additional financing and subsidy from state and federal funding sources for affordable projects are necessary. The Stanislaus Urban County and its city members will pursue, where appropriate, state and federal funding and/or subsidies to address land and construction costs.

Non-Governmental Constraints: Housing purchase prices, financing costs, cost of land and improvements, construction costs, property taxes, profit, and rent rates continue to be the biggest constraints to housing access for households with lower and moderate incomes. The Stanislaus Urban County and its member cities will continue to monitor these non-governmental constraints and where possible, undertake efforts that can address these constraints and their effect on the provision of affordable housing.

AP-85 Other Actions - 91.220(k)

Introduction

Stanislaus Urban County, through the Consolidated Plan, targets federal funds to residents that have traditionally not been served, or are underserved, by previous programs. Project activities funded through the Consolidated Plan are carefully designed to provide appropriate and needed services, particularly to those that may not be eligible for assistance from other sources, or are geographically isolated by lack of transportation, or that lack basic amenities, particularly medical care, in their neighborhoods.

Actions planned to address obstacles to meeting underserved needs

For seniors and homebound frail elderly, the physically and developmentally disabled, victims of domestic violence, and infants and youth, funds provided through the Consolidated Plan often make the difference between independent living and institutionalization.

Homeless households are also commonly identified as having underserved needs. These households include individuals and families who cannot secure or maintain affordable and safe shelter and lack a fixed regular residence or reside at nighttime in an emergency shelter or institution. Numerous homeless populations like veterans, youths, seniors, and disabled individuals have specific needs that require more intense specialized attention to resolve their homelessness.

One of the ongoing challenges in meeting the needs of the underserved is the lack of sufficient funding for services provided by local governments, non-profit organizations, and other agencies. Service providers faced with this challenge are expected to provide more and more services with the same, if not smaller, budget every year.

To address this obstacle, Stanislaus County will continue to seek funding opportunities through different sources, encourage projects or programs that leverage funds, and ensure that projects and programs are operated as effectively and efficiently as possible.

Stanislaus County, in partnership with the Housing Authority of the County of Stanislaus (HACS), continues to support the Family Self Sufficiency program to assist eligible low income persons become homeowners. Stanislaus County also continues to partner with Habitat for Humanity, when feasible, in the acquisition of lots for the construction or rehabilitation of affordable housing units to be made available to low income households.

Further, Stanislaus County also administers State of California CalHome funds to supplement federal HOME funds for the provision of the Stanislaus County First Time Homebuyer and Housing Rehabilitation Programs. Stanislaus County's Housing Rehabilitation Program assists owner-occupied households address health and safety related repairs in their homes. These funds will continue to be used to leverage other resources and maximize the number of households to be assisted thereby addressing underserved needs.

Stanislaus County will continue its partnership with the Stanislaus County Continuum of Care (CoC), a multi-agency collaborative which focuses on the community's housing and social service needs, also allows for the distribution of much needed SuperNOFA funds to affordable housing developers within Stanislaus County. The Stanislaus Urban County will continue partnering with SHSSC to address the needs of the community and addressing obstacles to meeting underserved needs.

Actions planned to foster and maintain affordable housing

As stated throughout the Plan, housing is considered a high priority. Accordingly, the Stanislaus Urban County prioritizes the use of, HOME, or CalHome funding it receives for the development and rehabilitation of affordable housing (including preservation and conservation) that serves low-income households and to address homelessness.

The following is a summary of the programs and projects to be carried out by the current Stanislaus Urban County members in an effort to provide affordable and decent housing:

HOME

Stanislaus Urban County will use HOME funds, available through the HOME Consortium, for First-time Homebuyer and Owner Occupied Rehabilitation programs. Specific information regarding activities in the Stanislaus Urban County are contained in the City of Turlock's Annual Action Plan, as Turlock is the lead entity for the HOME Consortium, of which Stanislaus Urban County is a member.

Neighborhood Stabilization Program (NSP)

Stanislaus County will continue its efforts at liquidating NSP inventory (six properties) by finding eligible first time homebuyers to purchase the properties. The six remaining properties are located in the Airport, Empire, Grayson, Parklawn and Salida neighborhoods. These units will provide affordable housing opportunities to low and moderate income families.

The City of Oakdale will also work on the development of a vacant NSP property for a multi-family affordable housing project, or other eligible development or liquidation.

Emergency Solutions Grant Program

Through the ESG Program, Stanislaus Urban County residents facing short-term financial crisis are able to seek assistance through agencies such as Community Housing and Shelter Services, the Children's Crisis Center, and We Care, who provide rental assistance in combination with intensive case management to homeless persons and families or to prevent people in jeopardy of becoming homeless. Case managers work with ESG participants to overcome barriers to permanent housing by providing financial management training, job and housing search assistance, and service referrals. These resources ease the financial burden of the homeless and assist in the facilitation of achieving permanent housing.

Actions planned to reduce lead-based paint hazards

The Stanislaus Housing Authority serves as the lead agency for Stanislaus County in the identification, documentation and prevention of lead poisoning. The Childhood Lead Poisoning Prevention Program of Stanislaus County, administered through the Housing Authority, becomes involved with childhood lead-based poisoning when notification of an elevated screening blood level is received either from the laboratory or physician. If the blood level is 10ug/dL (micrograms per deciliter), notification is made to the family. Once a child meets the case definition, an environmental investigation is performed by a Registered Environmental Health Specialist to determine, if possible, the source of lead exposure. The Housing Authority, in partnership with the Department of Environmental Resources, conducts the investigation of residences where children with elevated levels of lead reside.

The Stanislaus Urban County partners with the Childhood Lead Poisoning Prevention Program to distribute information in the unincorporated areas of Stanislaus County and members of the HOME Consortium. If the source of lead exposure is related to the residential physical environment (e.g. peeling paint that indicates the presence of lead) then the Housing Rehabilitation Program may participate in source eradication.

The Stanislaus Housing Authority has addressed the issue of lead-based paint hazards by providing notices to landlords and tenants who participate in the Housing Choice Voucher Program, borrowers/occupants of the Stanislaus Urban County Owner-Occupied Housing Rehabilitation Loan Program, and homebuyers who use HOME and CDBG funds, warning them of the hazards of lead-based paint. Additionally, all units that are rehabilitated with CDBG and HOME funds are subject to lead-based paint compliance requirements. Through the creation of new affordable housing units, low-income households are able to reside in new housing units that are free of lead-based paint hazards.

Actions planned to reduce the number of poverty-level families

The Stanislaus Urban County works to reduce the number of poverty-level individuals and families by targeting CDBG, HOME, and/or other funds to projects that will provide affordable housing units and related services to foster self-sufficiency. The Urban County does not have the resources or the capacity to increase the incomes of poverty-level persons; however, other agency programs, such as the Stanislaus Housing Authority, act to reduce the housing costs for these individuals with the Housing Choice Voucher Program and public housing units, all of which serve low-income residents.

The majority of programs and activities described within this document will have a minor impact on moving a family out of poverty. Most do not increase earning power or give a family a substantially higher income. The few notable exceptions are the programs that address barriers to independence, including employment, along with housing, such as the Family Self-Sufficiency Program and the McKinney-Vento Homeless Assistance Programs. The Stanislaus Urban County, along with the CoC and other organizations, will aggressively pursue increasing the availability of these and similarly designed programs as the opportunity arises.

The Stanislaus County Alliance WorkNet, The Community Services Agency's (CSA) CalWorks Program, and the California Employment Development Department (EDD) are all resources available to persons seeking employment.

In addition, the County of Stanislaus, through its economic development efforts, strives to promote activities that will ultimately have major impacts on the community, thus reducing poverty.

The Alliance partners with Stanislaus County and its cities in fulfilling the following objectives:

- ◆ Promotion of Stanislaus County and its nine incorporated cities as a desirable location for new and expanding businesses.
- ◆ To work with public agencies and local businesses to promote cooperation in the economic development process.
- ◆ To assist in business retention and expansion efforts by offering programs for technical and financial assistance.

The Alliance offers these programs: Technical Assistance, Training and Education, and Loan Programs. This organization also offers confidential, one-on-one counseling to businesses needing assistance in a variety of areas, and a small business center that offers a wide variety of training seminars and conferences for the business community throughout the year.

The Alliance maintains a small revolving loan fund for gap financing. Typically, the Alliance will provide up to half the business financing needs while a bank provides the other half. The Alliance revolving loans are for terms of up to 7 years and are at competitive interest rates.

The County will continue to work with the public and private sectors seeking mutual opportunities that will provide jobs to greatly improve employment opportunities for those in need throughout the County.

Actions planned to develop institutional structure

The Stanislaus Urban County relies on private, nonprofit organizations as well as for-profit developers to build new affordable units and to rehabilitate existing housing units. Stanislaus Urban County staff will continue to work closely with these entities to ensure that as many new affordable units are produced as possible each year. The Stanislaus Urban County also relies on the nonprofit service sector to provide emergency shelter, transitional and special needs housing, and services to the homeless population. The

Stanislaus Urban County will continue to support these organizations and their activities to the fullest extent possible.

To the extent that a gap exists in the institutional structure, a strategy of the Annual Action Plan is to take action to close that gap. Example of gap closure is the effort of the Stanislaus County Continuum of Care to link potential partners to successfully and fully implement a program project as well as new partnerships formed with agencies supporting the Probation Action Committee Team (P.A.C.T.), which connects ex-prisoners to services such as housing and employment, and other agencies promoting the development and well-being of children 0-5 years of age, through the Children and Families Commission.

The CoC continues to work together to improve services provided, including data collection quality through the HMIS system, to ensure that participants receiving services do not experience any gaps as they strive to reach their goal of independence from the need of public services within the community.

Actions planned to enhance coordination between public and private housing and social service agencies

The Stanislaus Urban County relies on private nonprofit organizations and for-profit developers to build and acquire, develop, and rehabilitate affordable units. The City of Turlock and the Stanislaus Urban County will continue to work closely with these entities to ensure that each year as many new affordable units are produced, or are available, as possible.

The Stanislaus Urban County also relies on the nonprofit service sector to provide emergency shelter and transitional and special needs housing. The Urban County will continue to support these organizations and their activities.

Stanislaus County, as administrator of the Stanislaus Urban County, coordinates and consults with other program providers, local, state and federal government entities, non-profit and for-profit organizations and business, professional organizations, interest groups, and other parties interested in the implementation of federal programs.

Specifically, they are: Housing Authority of the County of Stanislaus (HACS), Stanislaus County Health Services Agency, Stanislaus County Community Services Agency, Stanislaus County Behavioral Health and Recovery Services; California Department of Housing and Community Development; U.S. Department of Agriculture/Rural Development, U.S. Economic Development Administration, U.S. Department of Housing and Urban Development (HUD); California Coalition for Affordable Housing; Habitat for Humanity, Stanislaus County Affordable Housing Corporation (STANCO), California Rural Legal Assistance (CRLA), and Self-Help Enterprises. This will assure that the activities outlined in the AAP are given the fullest attention for design and implementation or construction.

Stanislaus County will continue to participate in regularly scheduled meetings with the cities of Modesto and Turlock to coordinate any CDBG, HOME and ESG funded activity that may be of benefit to each of the separate entitlement communities within Stanislaus County. Further, quarterly meetings will be held between the participating jurisdictions of the Stanislaus Urban County. This will assure that the activities outlined in the AAP are given the fullest attention for design and implementation or construction.

The Stanislaus Urban County will maintain its membership and active involvement in the Stanislaus County Continuum of Care (CoC), a multi-agency collaborative which focuses on the community's housing and social service needs, to continue outreach and information sharing with other Stanislaus County agencies serving similar clientele.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.220(I)(1,2,4)

Introduction

There are three specific goals of the Federal CDBG/ESG and HOME programs. They are:

1. Provide decent housing;
2. Provide a suitable living environment; and,
3. Expand economic opportunities

The Annual Action Plan has been developed to assist the Stanislaus Urban County in achieving these three goals. The overriding consideration that is required of the CDBG program is to benefit those members of the population that meet the definition of Targeted Income. A Targeted Income person is one who earns 80% or less of the AMI for CDBG funds, and 30% or less than the AMI for ESG grant funds. Additionally, if a project benefits a specific neighborhood or community, at least 51% of the population within that geographic boundary must be within the Targeted Income Group (TIG).

As identified by the Consolidated Plan for Fiscal Years 2015-2020, priority will be given to projects in the following areas: Infrastructure, Economic Development, Housing Assistance, Housing Programs, and Public Services.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed

In Fiscal Year 2015-2016, the Stanislaus Urban County anticipates receiving approximately \$128,383 in Program Income, all of which will be receipted into IDIS and committed to activities.

The City of Waterford also anticipates receiving 162,665 in State CDBG Program Income which will be receipted into IDIS and committed to activities.

2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan

The Stanislaus Urban County does not currently have an open Section 108 project.

3. The amount of surplus funds from urban renewal settlements

Not applicable. The Stanislaus Urban County does not have urban renewal settlements.

4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.

Not applicable. The Stanislaus Urban County has not returned any funds as a result of ineligible activities, excessive draws, or ineligible expenditures.

5. The amount of income from float-funded activities

Not applicable. The Stanislaus Urban County does not have float-funded activities.

Total Program Income – See response to Question 1 above.

Other CDBG Requirements

1. The amount of urgent need activities

The Stanislaus Urban County has not identified any urgent needs as part of the Consolidated Planning process or for this Annual Action Plan.

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

N/A Home Consortium Programs are included in the City of Turlock's Annual Action Plan, who is the lead entity for HOME funds.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

N/A Home Consortium Programs are included in the City of Turlock's Annual Action Plan, who is the lead entity for HOME funds.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

N/A Home Consortium Programs are included in the City of Turlock's Annual Action Plan, who is the lead entity for HOME funds.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

N/A Home Consortium Programs are included in the City of Turlock's Annual Action Plan, who is the lead entity for HOME funds.

Emergency Solutions Grant (ESG)

Reference 91.220(I)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

Stanislaus County's written standards include:

- a. *Standard policies and procedures for evaluating individuals' and families' eligibility for assistance under ESG.*
- b. *Policies and procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.*
- c. *Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.*
- d. *Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid rehousing assistance.*
- e. *Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time.*
- f. *Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to provide a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participants receives assistance; or the maximum number of times the program participants may receive assistance.*

Evaluating Eligibility for Assistance under ESG

1. **Initial Evaluations.** The recipient or its sub-recipient must conduct an initial evaluation to determine the eligibility of each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing, in accordance with the centralized or coordinated assessment requirements set forth under 24 CFR §576.400(d) and the written standards established under 24 CFR §576.400(e).

Determining Program Participant Eligibility. The following criteria shall be used to determine program participant eligibility for assistance under ESG:

- a. Income shall be annualized and calculated based on the standards for the Housing Choice Voucher Program (Section 8 Eligibility Standards). Program participants must be 30% and under the AMI to be determined to be eligible.
- b. A client cannot be determined to be ineligible for the program due to a lack of income.
- c. Additional criteria, established by the CoC's ESG Sub-committee shall be followed.
- d. Rapid Re-housing assistance, specifically for the target populations listed below, shall be prioritized over Homeless Prevention assistance:

- i. Chronically Homeless
- ii. Homeless Veterans
- iii. Homeless Families with Children
- iv. Homeless Unaccompanied Youth

Annual income. For each program participant who receives homelessness prevention assistance, or who receives rapid re-housing assistance longer than one year, the following documentation of annual income must be maintained:

- a. Income evaluation form containing the minimum requirements specified by HUD and completed by the recipient or sub-recipient; and
- b. Source documents for the assets held by the program participant and income received over the most recent period for which representative data is available before the date of the evaluation (e.g., wage statement, unemployment compensation statement, public benefits statement, bank statement);
- c. To the extent that source documents are unobtainable, a written statement by the relevant third party (e.g., employer, government benefits administrator) or the written certification by the recipient's or sub-recipient's intake staff of the oral verification by the relevant third party of the income the program participant received over the most recent period for which representative data is available; or
- d. To the extent that source documents and third party verification are unobtainable, the written certification by the program participant of the amount of income the program participant received for the most recent period representative of the income that the program participant is reasonably expected to receive over the 3-month period following the evaluation.

Determinations of ineligibility. For each individual and family determined ineligible to receive ESG assistance, the record must include documentation of the reason for that determination.

Re-evaluations for homelessness prevention and rapid re-housing assistance. The recipient or sub-recipient must re-evaluate the program participant's eligibility and the types and amounts of assistance the program participant needs not less than once every three (3) months for program participants receiving homelessness prevention assistance, and not less than once annually for program participants receiving rapid re-housing assistance. At a minimum, each reevaluation of eligibility must establish that:

- a. The program participant does not have an annual income that exceeds 30 percent of median family income for the area, as determined by HUD; and
- b. The program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance.
- c. The recipient or sub-recipient may require each program participant receiving homelessness prevention or rapid re-housing assistance to notify the recipient or sub-recipient regarding changes in the program participant's income or other circumstances (e.g., changes in household composition) that affect the program participant's need for assistance under ESG. When notified of a relevant change, the recipient or sub-recipient must re-evaluate the program participant's eligibility and the amount and types of assistance the program participant needs.

- d. Annual income. When determining the annual income of an individual or family, the recipient or sub-recipient must use the standard for calculating annual income under 24 CFR 5.609.
- e. Connecting program participants to mainstream and other resources. The recipient and its sub-recipients must assist each program participant, as needed, to obtain:
- f. Appropriate supportive services, including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living; and
- g. Other Federal, State, local, and private assistance available to assist the program participant in obtaining housing stability, including:
 - i. Medicaid (42 CFR chapter IV, subchapter C);
 - ii. Supplemental Nutrition Assistance Program (7 CFR parts 271-283);
 - iii. Women, Infants and Children (WIC) (7 CFR part 246);
 - iv. Federal-State Unemployment Insurance Program (20 CFR parts 601-603, 606, 609, 614-617, 625, 640, 650);
 - v. Social Security Disability Insurance (SSDI) (20 CFR part 404);
 - vi. Supplemental Security Income (SSI) (20 CFR part 416);
 - vii. Child and Adult Care Food Program (42 U.S.C. 1766(t) (7 CFR part 226));
 - viii. Other assistance available under the programs listed in 24 CFR § 576.400(c).

Eligibility for Rental Units. The rental unit identified to receive financial assistance must meet the following minimum qualifications. This applies to both rental units receiving Rapid Re-housing and Homeless Prevention assistance:

- a. Unit must pass habitability inspections, which includes an assessment for lead-based paint hazards. Inspections shall be requested on a standard form and will be conducted by Stanislaus County Building Permits Division staff.
- b. Rental assistance cannot be provided unless the rent does not exceed the Fair Market Rent established by HUD, as provided under 24 CFR part 888.111-888.115, and complies with HUD's standard of rent reasonableness, as established under 24 CFR 982.507. (1) For purposes of calculating rent under this section, the rent shall equal the sum of the total monthly rent for the unit, any fees required for occupancy under the lease (other than late fees and pet fees) and, if the tenant pays separately for utilities, the monthly allowance for utilities (excluding telephone) established by the public Housing Authority of the County of Stanislaus for the area in which the housing is located.
- c. Best efforts must be made to ensure that units receiving ESG assistance are legal dwellings and are not in the process of foreclosure.
- d. Units receiving assistance, or the client's last known residence, must be located within the areas covered by the Stanislaus Urban County. These areas include the Cities of Ceres, Hughson, Newman, Oakdale, Patterson, Waterford and the unincorporated areas of

Stanislaus County. This limitation does not apply if the client has been homeless for one (1) year or more.

Terminating assistance. In general, if a program participant violates program requirements, the recipient or sub-recipient may terminate the assistance in accordance with a formal process established by the CoC that recognizes the rights of individuals affected. The recipient or sub-recipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

- a. To terminate rental assistance or housing relocation and stabilization services to a program participant, the required formal process, at a minimum, must consist of:
 - i. Written notice to the program participant containing a clear statement of the reasons for termination;
 - ii. A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and
 - iii. Prompt written notice of the final decision to the program participant.
- b. Ability to provide further assistance. Termination under this section does not bar the recipient or sub-recipient from providing further assistance at a later date to the same family or individual.

Rapid Re-Housing and Homeless Prevention Assistance

1. **Rapid Re-Housing Assistance.** If a program participant can document that they meet the following criteria, then they shall be considered to meet the definition of "homeless" and may qualify for Rapid Re-Housing assistance, provided that all other eligibility criteria can also be met:
 - a. An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning:
 - i. An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground;
 - ii. An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low-income individuals); or
 - iii. An individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution;
 - b. An individual or family who will imminently lose their primary nighttime residence should be classified as Homeless Prevention
 - c. Unaccompanied youth under 25 years of age, or families with children and youth, who do not otherwise qualify as homeless under this definition, but who:

- i. Are defined as homeless under the Runaway and Homeless Youth, Head Start, Violence Against Women, Public Health Services, Food and Nutrition, or Child Nutrition Acts;
 - ii. Have not had a lease, ownership interest, or occupancy agreement in permanent housing at any time during the 60 days immediately preceding the date of application for homeless assistance;
 - iii. Have experienced persistent instability as measured by two moves or more during the 60-day period immediately preceding the date of applying for homeless assistance; and
 - iv. Can be expected to continue in such status for an extended period of time because of chronic disabilities, chronic physical health or mental health conditions, substance addition, histories of domestic violence or childhood abuse (including neglect), the presence of a child or youth with a disability, or two or more barriers to employment, which include the lack of a high school degree or General Education Development (GED), illiteracy, low English proficiency, a history of incarceration or detention for criminal activity, and a history of unstable employment; or
- d. Any individual or family who:
- i. Is fleeing, or is attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual or family's primary nighttime residence or has made the individual or family afraid to return to their nighttime residence;
 - ii. Has no other residence; and
 - iii. Lacks the resources or support networks, e.g., family, friends, faith-based or other social networks, to obtain other permanent housing.
2. **Homeless Prevention Assistance.** If a program participant can document that they meet the following criteria, then they shall be considered to meet the definition of "At-risk of Homelessness" and may qualify for Homeless Prevention assistance, provided that all other eligibility criteria can also be met:
- a. An individual or family who:
- i. Has an annual income below 30 percent of area median family income;
 - ii. Does not have sufficient resources or support networks, e.g., family, friends, faith-based or other social networks, immediately available to prevent them from moving to an emergency shelter or another place described in the homeless definition; and
 - iii. Meets one of the following conditions:
 - 1) Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;
 - 2) Is living in the home of another because of economic hardship;
 - 3) Has been notified in writing that their right to occupy their current housing or living situation will be terminated within 21 days after the date of application for assistance;

- 4) Lives in a hotel or motel and the cost of the hotel or motel stay is not paid by charitable organizations or by federal, state, or local government programs for low-income individuals;
 - 5) Lives in a single-room occupancy or efficiency apartment unit in which there reside more than two persons or lives in a larger housing unit in which there reside more than two (2) (1.5 people per room, as defined by the U.S. Census Bureau);
 - 6) Is exiting a publicly funded institution, or system of care, e.g., health-care facility, mental health facility, foster care, or other youth facility, or correction program or institution; or
 - 7) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the Stanislaus Urban County approved CP;
- b. A child or youth who does not qualify as homeless under the HEARTH Act but qualifies as homeless under the Runaway and Homeless Youth, Head Start, Violence Against Women, Public Health Services, Food and Nutrition, or Child Nutrition Acts; or
 - c. A child or youth who does qualify as homeless under the HEARTH Act but qualifies as homeless under the McKinney-Vento Homeless Assistance Act, and the parent(s) or guardian(s) of that child or youth if living with her or him.
3. **Short-term Rental Assistance.** (Medium priority as referenced in the CP survey results priority list) Short-term rental assistance is defined as rental assistance provided for up to 3 months.
 4. **Medium-term Rental Assistance.** (High priority as referenced in the CP survey results priority list) Medium-term rental assistance is defined as rental assistance provided for more than 3 months but not more than 24 months of rent, within a 3 year period.
 5. **Rental Arrears.** (Medium priority as referenced in the CP survey results priority list) Payment of rental arrears consists of a one-time payment for up to 6 months of rent in arrears, including any late fees on those arrears.
 6. **Tenant-based rental assistance.** Includes providing rental assistance to program participants who pay rent for a unit that is under a lease. The following standards apply to this type of rental assistance:
 - a. A program participant who receives tenant-based rental assistance may select a housing unit in which to live and may move to another unit or building and continue to receive rental assistance, as long as the program participant continues to meet the program requirements.
 - b. The recipient may require that all program participants live within a particular area for the period in which the rental assistance is provided.
 - c. The rental assistance agreement with the owner must terminate and no further rental assistance payments under that agreement may be made if:
 - i. The program participant moves out of the housing unit for which the program participant has a lease;
 - ii. The lease terminates and is not renewed; or

- iii. The program participant becomes ineligible to receive ESG rental assistance.
7. **Project-based rental assistance.** Project-based rental assistance is an eligible ESG activity. However, any ESG funded project-based rental assistance program must work with Stanislaus County staff to ensure the program complies with 24 CFR § 576.106 (i).
 8. **Use with other subsidies.** Except for a one-time payment of rental arrears on the tenant's portion of the rental payment, rental assistance cannot be provided to a program participant who is receiving tenant-based rental assistance, or living in a housing unit receiving project-based rental assistance or operating assistance, through other public sources. Rental assistance may not be provided to a program participant who has been provided with replacement housing payments under the URA during the period of time covered by the URA payments.
 9. **Maximum Amounts and Periods of Assistance.** Each program participant may receive up to 12 months of rental assistance and housing relocation and stabilization services. This assistance may be extended if the program participant's housing plan has been followed and the case manager determines that additional months of assistance are required for the participant to overcome additional barriers to housing. In no case can HPRP assistance exceed 24 months during any 3-year period.
 10. **Prioritizing Assistance Type.** Standards for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.
 - a. Rapid Re-housing assistance, particularly for chronically homeless, for veterans, for unaccompanied youth, and for families with children, shall be prioritized over other financial assistance types.
 - b. When developing a client's housing plan, the following eligible activities should be considered a high priority:
 - i. Employment Assistance and job training
 - ii. Benefit enrollment
 - iii. Resource and referral services
 - iv. Medium-term rental assistance
 - v. Housing search and placement
 - vi. Housing stability case management
 - vii. Life skills training
 - c. When developing a client's housing plan, the following eligible activities should be considered a medium priority:
 - i. Short-term rental assistance
 - ii. Utility assistance
 - iii. Utility deposits

- iv. Security deposits
 - v. Rental arrears
 - vi. Rental application fees
 - vii. Child care
 - viii. Education services
 - ix. Transportation
- d. When developing a client's housing plan, the following eligible activities should be considered a low priority:
- i. Legal services
 - ii. Mental health services
 - iii. Last's month rental payments
 - iv. Moving costs
 - v. Mediation
 - vi. Credit repair
 - vii. Outpatient health services
 - viii. Mental health services
 - ix. Substance abuse treatment services
 - x. Services for special populations
- e. If a client enters the program as Rapid Re-housing, then exits and re-enters, they will be reclassified as Homeless Prevention. The length of Rapid Re-housing and Homeless Prevention assistance will be counted towards the maximum number of months to receive assistance together.

11. **Program Participant Responsibilities.** Standards for determining the share of rent and utilities costs that each program participant is responsible to pay, if any, while receiving homelessness prevention or rapid rehousing assistance is as follows:

- a. If at intake a client is determined to have cash-income or benefits, their rental assistance shall decrease by 10% every month. If a case manager determines that barriers exist that would make this requirement an obstacle to stable permanent housing at program exit, then this requirement may be waived. Barriers shall be documented in client file and must be consistent with CoC established barriers.
- b. Debt to income ratio limits include: 35% income to housing ratio; and a 45% total monthly debt to income ratio. If a case manager creates a housing plan that includes a plan for getting a program participant's debt to income ratio to these levels, then this requirement may be waived. This shall be documented in the client's Housing Plan and signed by the client.

12. **Rental assistance agreement.** The recipient or sub-recipient may make rental assistance payments only to an owner with whom the recipient or sub-recipient has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided, including the requirements that apply under this section. The rental assistance agreement must provide that, during the term of the agreement, the owner must give the recipient or sub-recipient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction action against the program participant.
13. **Late payments.** The recipient or sub-recipient must make timely payments to each owner in accordance with the rental assistance agreement. The rental assistance agreement must contain the same payment due date, grace period, and late payment penalty requirements as the program participant's lease. The recipient or sub-recipient is solely responsible for paying late payment penalties that it incurs with non-ESG funds.
14. **Lease.** Each program participant receiving rental assistance must have a legally binding, written lease for the rental unit, unless the assistance is solely for rental arrears. The lease must be between the owner and the program participant. Where the assistance is solely for rental arrears, an oral agreement may be accepted in place of a written lease, if the agreement gives the program participant an enforceable leasehold interest under state law and the agreement and rent owed are sufficiently documented by the owner's financial records, rent ledgers, or canceled checks. For program participants living in housing with project-based rental assistance under paragraph (i) of this section, the lease must have an initial term of one year.
15. **Housing Relocation and Stabilization Services. 24 CFR § 576.105.** Any rapid re-housing or homeless prevention rental assistance must be provided in accordance with the housing relocation and stabilization services, in particular monthly case management. Program staff salary related costs cannot exceed 20% of the total grant award. Staff time will be reimbursed based on the number of hours spent providing housing relocation and stabilization services for Stanislaus Urban County clients plus up to 20% benefits, excluding overhead costs. Paid time off (PTO) is not an eligible expense.
16. **Financial assistance costs.** Financial assistance costs are eligible activities under Housing Relocation and Stabilization Services. Subject to the general conditions under 24 CFR § 576.103 and 24 CFR §576.104, ESG funds may be used to pay housing owners, utility companies, and other third parties for the following costs in order of funding priority:
 - a. *Rental application fees.* ESG funds may pay for the rental housing application fee that is charged by the owner to all applicants.
 - b. *Security deposits.* ESG funds may pay for a security deposit that is equal to no more than 2 months' rent.
 - c. *Last month's rent.* If necessary to obtain housing for a program participant, the last month's rent may be paid from ESG funds to the owner of that housing at the time the owner is paid the security deposit and the first month's rent. This assistance must not exceed one month's rent and must be included in calculating the program participant's total rental assistance, which cannot exceed 24 months during any 3-year period.
 - d. *Utility deposits.* ESG funds may pay for a standard utility deposit required by the utility company for all customers for the utilities listed in paragraph (v) of this section.
 - e. *Utility payments.* ESG funds may pay for up to 24 months of utility payments per program participant, per service, including up to 6 months of utility payments in arrears, per service. A

partial payment of a utility bill counts as one month. This assistance may only be provided if the program participant or a member of the same household has an account in his or her name with a utility company or proof of responsibility to make utility payments. Eligible utility services are gas, electric, water, and sewage. No program participant shall receive more than 24 months of utility assistance within any 3-year period.

- f. *Moving costs.* ESG funds may pay for moving costs, such as truck rental or hiring a moving company. This assistance may include payment of temporary storage fees for up to 3 months, provided that the fees are accrued after the date the program participant begins receiving assistance under paragraph (b) of this section and before the program participant moves into permanent housing. Payment of temporary storage fees in arrears is not eligible.

17. **Housing search and placement.** Housing Search and Placement is an eligible activity under Housing Relocation and Stabilization Services. This includes activities necessary to assist program participants in locating, obtaining, and retaining suitable permanent housing, as follows:

- a. Assessment of housing barriers, needs, and preferences;
- b. Development of an action plan for locating housing;
- c. Housing search;
- d. Outreach to and negotiation with owners;
- e. Assistance with submitting rental applications and understanding leases;
- f. Assessment of housing for compliance with ESG requirements for habitability, lead-based paint, and rent reasonableness;
- g. Assistance with obtaining utilities and making moving arrangements; and
- h. Referral for tenant counseling, to local fair housing provider.

18. **Housing Stability Case Management.** Housing Stability Case Management is an eligible activity under Housing Relocation and Stabilization Services. Each program participant receiving homelessness prevention or rapid rehousing assistance must meet regularly with a case manager and the assistance provider must develop an individualized housing plan to help that program participant retain permanent housing after the ESG assistance ends. These requirements are intended to help ensure that the ESG-funded emergency, short-term or medium-term assistance will be effective in helping program participants regain long-term housing stability and avoid relapses into homelessness. ESG funds may be used to pay cost of assessing, arranging, coordinating, and monitoring the delivery of individualized services to facilitate housing stability for a program participant who resides in permanent housing or to assist a program participant in overcoming immediate barriers to obtaining housing. This assistance cannot exceed 30 days during the period the program participant is seeking permanent housing and cannot exceed 24 months during the period the program participant is living in permanent housing. Component services and activities consist of:

- a. Using the centralized or coordinated assessment system as required under 24 CFR §576.400(d), to evaluate individuals and families applying for or receiving homelessness prevention or rapid re-housing assistance;

- b. Conducting the initial evaluation required under 24 CFR § 576.401(a), including verifying and documenting eligibility, for individuals and families applying for homelessness prevention or rapid re-housing assistance;
 - c. Counseling;
 - d. Developing, securing, and coordinating services and obtaining Federal, State, and local benefits;
 - e. Monitoring and evaluating program participant progress;
 - f. Providing information and referrals to other providers;
 - g. Developing an individualized housing and service plan, including planning a path to permanent housing stability; and
 - h. Conducting re-evaluations required under 24 CFR § 576.401(b).
18. **Mediation.** Mediation is an eligible activity under Housing Relocation and Stabilization Services. ESG funds may pay for mediation between the program participant and the owner or person(s) with whom the program participant is living, provided that the mediation is necessary to prevent the program participant from losing permanent housing in which the program participant currently resides.
19. **Legal services.** Providing legal services is an eligible activity under Housing Relocation and Stabilization Services. ESG funds may pay for legal services, as set forth in 24 CFR § 576.102(a)(1)(vi), except that the eligible subject matters also include landlord/tenant matters, and the services must be necessary to resolve a legal problem that prohibits the program participant from obtaining permanent housing or will likely result in the program participant losing the permanent housing in which the program participant currently resides.
20. **Credit repair.** Assisting with credit repair is an eligible activity under Housing Relocation and Stabilization Services. ESG funds may pay for credit counseling and other services necessary to assist program participants with critical skills related to household budgeting, managing money, accessing a free personal credit report, and resolving personal credit problems. This assistance does not include the payment or modification of a debt.
21. **24 CFR § 576.107 HMIS component.** Provided funding from another local source is not already available for the HMIS related costs below, the recipient or sub-recipient may use ESG funds to pay the costs of contributing data to the HMIS designated by the CoC for the area. Activities funded under this section must comply with HUD's standards on participation, data collection, and reporting under a local HMIS. Eligible activities under this category include:
- a. Purchasing or leasing computer hardware;
 - b. Purchasing software or software licenses;
 - c. Purchasing or leasing equipment, including telephones, fax machines, and furniture;
 - d. Obtaining technical support;
 - e. Leasing office space;

- f. Paying charges for electricity, gas, water, phone service, and high-speed data transmission necessary to operate or contribute data to the HMIS;
- g. Paying salaries for operating HMIS including, completing data entry, monitoring and reviewing data quality, completing data analysis, reporting to the HMIS Lead, training staff on using the HMIS or comparable database, and implementing and complying with HMIS requirements;
- h. Paying costs of staff to travel to and attend HUD-sponsored and HUD-approved training on HMIS and programs authorized by Title IV of the McKinney-Vento Homeless Assistance Act;
- i. Paying staff travel costs to conduct intake;
- j. Paying participation fees charged by the HMIS Lead, if the recipient or sub-recipient is not the HMIS Lead. The HMIS Lead is the entity designated by the CoC to operate the area's HMIS; and
- k. If the sub-recipient is a victim services provider or a legal services provider, it may use ESG funds to establish and operate a comparable database that collects client-level data over time (i.e., longitudinal data) and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.

Evaluating Outcomes

1. **Defining Stably Housed.** For the purposes of evaluating outcomes of Rapid Re-housing and Homeless Prevention assistance, a program participant is considered to be stably housed, if their residence at time of exit includes one of the following:
 - a. Permanent Supportive Housing
 - b. Rental by client no housing subsidy
 - c. Rental by client, VASH housing subsidy
 - d. Rental by client, other (non-VASH) housing subsidy
 - e. Staying or living with family, permanent tenure
 - f. Staying for living with friends, permanent tenure
2. **Additional Outcomes.** Additional outcomes to be tracked include the following:
 - a. Changes in employment
 - b. Changes in cash benefits
 - c. Changes in non-cash benefits
 - d. Supportive services received
 - e. Job or life skills training received

Record Keeping

1. **Homeless status.** Documentation of homeless status must occur at intake. Lack of third-party documentation must not prevent an individual or family from being immediately admitted to emergency shelter, receiving street outreach services, or being immediately admitted to shelter or receiving services provided by a victim service provider. Records contained in an HMIS or comparable database used by victim service or legal service providers are acceptable evidence of third-party documentation and intake worker observations if the HMIS retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made; and if the HMIS prevents overrides or changes of the dates on which entries are made. Priority for obtaining evidence is as follows:
 - a. Third Party Written
 - b. Third Party Oral
 - c. Documents provided by program participant
 - d. Self-declaration

2. **Documenting Homelessness.** For each individual or family who receives ESG homelessness assistance, the records must include the evidence relied upon to establish and verify the individual or family's "homelessness" status. This evidence must include an intake and certification form that meets HUD specifications and is completed by the sub-recipient. Required documentation includes the following:
 - a. If the individual or family is lacking a fixed nighttime residence and is staying in either a place not meant for habitation or a shelter, acceptable evidence includes:
 - i. A written observation by an outreach worker of the conditions where the individual or family was living,
 - ii. A written referral by another housing or service provider, or
 - iii. A certification by the individual or head of household seeking assistance.
 - b. If the individual or family is exiting a public institution where their stay was 90 days or less, and where they stayed either in a place not meant for habitation or a shelter prior to entry, acceptable evidence includes 2a.i-iii above and:
 - i. Discharge paperwork or a written or oral referral from a social worker, case manager, or other appropriate official of the institution, stating the beginning and end dates of the time residing in the institution. All oral statements must be recorded by the intake worker; or
 - ii. Where the evidence in paragraph (b)(2)(i) of this section is not obtainable, a written record of the intake worker's due diligence in attempting to obtain the evidence described in paragraph (b)(2)(i) and a certification by the individual seeking assistance that states he or she is exiting or has just exited an institution where he or she resided for 90 days or less.
 - c. For any other circumstances where an individual or family qualifies as homeless under 24 CFR §576.2 of the Federal Code, the evidence must comply with 24 CFR §576.500(b) of the Federal Code.

3. **Documenting At risk of homelessness status.** For each individual or family who receives ESG homelessness prevention assistance, the records must include the evidence relied upon to establish and verify the individual or family's "at risk of homelessness" status. This evidence must include an intake and certification form that meets HUD specifications and is completed by the recipient or sub-recipient. The evidence must also include:
 - a. Determination of annual income
 - b. The program participant's certification on a form specified by HUD that the program participant has insufficient financial resources and support networks (e.g., family, friends, faith-based or other social networks, immediately available to attain housing stability and meets one or more of the conditions described of the definition of "at risk of homelessness" in 24 CFR §576.2)
 - c. The most reliable evidence available to show that the program participant does not have sufficient resources or support networks. Acceptable evidence includes:
 - i. Source documents (e.g., eviction notice, notice of termination from employment, unemployment compensation statement, bank statement, health-care bill showing arrears, utility bill showing arrears);
 - ii. To the extent that source documents are unobtainable, a written statement by the relevant third party (e.g., former employer, public administrator, relative) or the written certification by the recipient's or sub-recipient's intake staff of the oral verification by the relevant third party that the applicant meets one or both of the criteria under paragraph (1)(ii) of the definition of "at risk of homelessness" in 24 CFR § 576.2; or
 - iii. To the extent that source documents and third-party verification are unobtainable, a written statement by the recipient's or sub-recipient's intake staff describing the efforts taken to obtain the required evidence; and a statement that the intake staff that the staff person has visited the applicant's residence and determined that the applicant meets one or more of the criteria under paragraph (1)(iii) of the definition or, if a visit is not practicable or relevant to the determination, a written statement by the recipient's or sub-recipient's intake staff describing the efforts taken to obtain the required evidence
4. **Rental assistance agreements and payments.** The records must include copies of all leases and rental assistance agreements for the provision of rental assistance, documentation of payments made to owners for the provision of rental assistance, and supporting documentation for these payments, including dates of occupancy by program participants.
5. **Utility allowance.** The records must document the monthly allowance for utilities (excluding telephone) used to determine compliance with the rent restriction.
6. **Services and assistance provided.** The recipient must keep records of the types of essential services, rental assistance, and housing stabilization and relocation services provided under the recipient's program and the amounts spent on these services and assistance. The recipient and its sub-recipients that are units of general purpose local government must keep records to demonstrate compliance with the maintenance of effort requirement, including records of the unit of the general purpose local government's annual budgets and sources of funding for street outreach and emergency shelter services.
7. **Program participant records.** In addition to evidence of homeless status or "at risk of homelessness" status, as applicable, records must be kept for each program participant that document:

- a. The services and assistance provided to that program participant, including, as applicable, the security deposit, rental assistance, and utility payments made on behalf of the program participant;
- b. Compliance with the applicable requirements for providing services and assistance to that program participant under the program components and eligible activities provisions at 24 CFR § 576.101 through 24 CFR § 576.106, the provision on determining eligibility and amount and type of assistance at 24 CFR §576.401(a) and (b), and the provision on using appropriate assistance and services at 24 CFR §576.401(d) and (e); and
- c. Where applicable, compliance with the termination of assistance requirement in 24 CFR § 576.402.

Coordination among Homeless Service Providers

1. **Centralized or coordinated assessment systems and procedures.** The recipient and its sub-recipients must keep documentation evidencing the use of, and written intake procedures for, the centralized or coordinated assessment system(s) developed by the Continuum(s) of Care (CoC(s) in accordance with the requirements established by HUD.
2. **Provider Coordination.** The ESG Sub-committee will meet once a month, after the general CoC meeting. ESG recipients must attend this sub-committee meeting bi-monthly to ensure standardized coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.
3. **Coordination with CoC(s) and other programs.** The recipient and its sub-recipients must document their compliance with the requirements of 24 CFR § 576.400 for consulting with the Continuum(s) of Care and coordinating and integrating ESG assistance with programs targeted toward homeless people and mainstream service and assistance programs. *HMIS*. The recipient must keep records of the participation in HMIS or a comparable database by all projects of the recipient and its sub-recipients.

Other

1. **Match Funding.** The recipient must keep records of the source and use of contributions made to satisfy the matching requirement in 24 CFR § 576.201. The records must indicate the particular fiscal year grant for which each matching contribution is counted. The records must show how the value placed on third-party, Non-cash contributions was derived. To the extent feasible, volunteer services must be supported by the same methods that the organization uses to support the allocation of regular personnel costs.
2. **Program income.** Program income shall have the meaning provided in 24 CFR 85.25. Program income includes any amount of a security or utility deposit returned to the recipient or sub-recipient.
3. **Conflicts of interest.** The recipient and its sub-recipients must keep records to show compliance with the organizational conflicts-of- interest requirements in 24 CFR § 576.404(a)

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The CoC has developed a working sub-committees to evaluate the best method for implementing a coordinated client intake and assessment process. As it is required to participate in HMIS as an ESG sub-recipient, a common set of data is currently being collected through entry of client information into the HMIS. Through the HMIS Sub-committee, universal entry and assessment forms have been developed and are in use by each agency required to enter into the HMIS system. The Sub-committee also implemented a common release form for client permission to be entered into HMIS. Throughout the 2015-2016 Fiscal Year, the Sub-committee will continue to work together to further develop the CoC's coordinated assessment process.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

ESG funds were allocated based on a competitive grant cycle to which homeless and homeless prevention service providers can apply. Applicants are restricted to submitting two (2) applications per agency, provided each application is a request for a different program or office. All applicants are required to attend a technical workshop prior to submission of an application. A panel made up of representation from each Stanislaus Urban County members, the Stanislaus County Chief Executive Office, and the CoC, reviewed each written application submission and oral presentation and scored them individually. Scoring for ESG grants consists of the following categories:

CAPACITY & EXPERIENCE

- ◆ Agency & Staff Experience with Proposed Program
- ◆ Agency Experience with the Implementation of Grants (Federal, State or Private)
- ◆ Site Control for Activity Location
- ◆ Program Sustainability

NEED/EXTENT OF THE PROBLEM

- ◆ Extremely Low-Income (30% and below AMI) Population Served
- ◆ Focus on Eligible Urban County Areas
- ◆ Meeting an Important Community Need
- ◆ Homeless Prevention/Rapid Re-Housing Component

SOUNDNESS OF APPROACH

- ◆ Multi-sector Partnerships
- ◆ Project Innovation

METHODOLOGY

- ◆ Eligible & Reasonable Budget
- ◆ Standardized Client Intake and Eligibility Process

ACCOMPLISHMENTS

- ◆ Measurable, Verifiable and Effective Accomplishments
- ◆ Long-term Accomplishments
- ◆ Activity Results

FUNDING RESOURCES

- ◆ Leveraging Sources (Private, Fed, State, Local, In-kind)
- ◆ ACHIEVING RESULTS & PROGRAM EVALUATION (only applies to programs funded within the last 12 months)
- ◆ Monitoring Results & Timeliness
- ◆ Continuum of Care Partner

GRANT SUBMITTAL

- ◆ Application Accuracy, Completeness, and Quality

As discussed earlier within the Consultation Process section of this document, the results of the competitive process will be presented to the CoC, and the ESG/SHP/HMIS Sub-committee for input in April 2015.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The CoC has one formerly homeless person currently actively participating on the CoC. This representative is a member of a larger group of currently and formerly homeless advocates who meet monthly and whose input is brought to the CoC via the actively attending representative. The CoC will continue to work to gain input from this and other homeless community groups for all CoC projects. A Street Relief resources fair for the homeless, which connected homeless persons to medical screenings, enrollment assistance, documentation replacements, emergency food and clothing, as well as for general resource and referral services, is coordinated by CoC members annually. The 2015 sheltered homeless count was conducted on Wednesday evening, January 28, 2015 and the unsheltered homeless count was conducted on Thursday, January 29, 2015. Surveys conducted included comments from homeless persons on what services they needed most.

5. Describe performance standards for evaluating ESG.

Discussion

For the purposes of evaluating outcomes of Rapid Re-housing and Homeless Prevention assistance, a program participant is considered to be stably housed, if their residence at time of exit includes one of the following:

- ◆ Permanent Supportive Housing
- ◆ Rental by client no housing subsidy

- ◆ Rental by client, VASH housing subsidy
- ◆ Rental by client, other (non-VASH) housing subsidy
- ◆ Staying or living with family, permanent tenure
- ◆ Staying for living with friends, permanent tenure

Additionally, sub-grantees will be required to document each program participant's barriers to obtaining and maintaining stable housing at program entry, re-certification, and at program exit. In particular, sub-grantees must keep detailed records for each program participant in the following categories:

- ◆ Changes in employment
- ◆ Changes in cash benefits
- ◆ Changes in non-cash benefits
- ◆ Supportive services received
- ◆ Job or life skills training received

In general, program participants whose residence at program exit is considered to be "stably housed" and who experiences a decrease in the number of barriers from program exit to program entry, will be considered to be a program success.

EXECUTIVE SUMMARY

PURPOSE AND INTENT

An Analysis of Impediments to Fair Housing Choice, or “AI,” is a requirement imposed on recipients of certain Federal grants from the U.S. Department of Housing and Urban Development (HUD). The Stanislaus Urban County and City of Turlock receive an annual entitlement of Community Development Block Grant (CDBG) funds from HUD. The regulations that govern these grants (Title 24 Code of Federal Regulations, Part 91) require that each HUD grantee certify as a condition of its grant that the grantee is “affirmatively furthering fair housing.” This includes (1) conducting an analysis of impediments to fair housing choice; (2) taking appropriate actions to overcome the effects of impediments identified through that analysis; and (3) maintaining records reflecting the analysis and actions.

This document is the Stanislaus Urban County and City of Turlock’s first regional AI. This AI adheres to the recommended scope of analysis and format in the *Fair Housing Planning Guide* developed by the U.S. Department of Housing and Urban Development (1996).

HUD defines the AI as “a comprehensive review of a state’s or entitlement jurisdiction’s laws, regulations and administrative policies, procedures and practices. The AI involves an assessment of how these laws, regulations, policies and procedures affect the location, availability, and accessibility of housing, and how conditions, both private and public, affect fair housing choice.”¹

This review and assessment is used to identify actions that jurisdictions will take to improve fair housing. The format of the AI is such that each action is associated with a concern or issue. These are described as “impediments.” HUD formally defines an impediment to fair housing as “any action, omission, or decision that is intended to or has the effect of restricting a person’s choice of housing on the basis of race, color, religion, sex, disability, familial status, or national origin.”²

The framework of impediments and actions is to be used by the jurisdiction to plan its annual actions and to report on actions taken to improve fair housing. This work is accomplished in the annual Action Plan and in the Consolidated Annual Performance and Evaluation Report (CAPER), respectively.

Although the AI is not required as part of the annual submission to HUD, HUD recommends that each jurisdiction regularly update its AI. HUD has suggested that the AI be conducted at least as often as the Consolidated Plan, which is required every five years. The Stanislaus Urban County and City of Turlock’s current Consolidated Plans are valid through June of 2015.

PREPARATION OF THE AI

Stanislaus County commissioned PMC to conduct and draft this regional AI through a competitive process for the preparation of the 2015-2020 Stanislaus Urban County / City of Turlock Regional Consolidated Plan. PMC is a private consulting firm and has successfully prepared various other city and county AIs and Consolidated Plans.

The research, analysis, and consultations required to complete the AI commenced in August 2014. The project was substantially complete by the end of March 2015.

¹ HUD Memorandum, “Analysis of Impediments to Fair Housing Choice Reissuance,” September 8, 2004.

² U.S. Department of Housing and Urban Development, *Fair Housing Planning Guide*, March 1996.

During October 2014, the County held public workshops to discuss the AI process and to gather public comment on the state of fair housing and possible impediments. The workshop public notice and notes from the workshop are provided as an attachment to the AI.

On March 29, 2015, the City of Turlock publishes the draft AI for public review and comment.

On March 31, 2015, the County publishes the draft AI for public review and comment.

On April 28, 2015, the Turlock City Council holds a public hearing to consider adoption of the final AI.

On May 5, 2015, the Stanislaus County Board of Supervisors holds a public hearing to consider adoption of the final AI.

All public comments received and responses to those comments are provided as an attachment to the AI.

GEOGRAPHIC TERMS

Throughout this document, the following geographic terms may be used. To assist the reader, an explanation of each is provided below.

- ◆ **Stanislaus County (countywide):** Includes all cities within Stanislaus County as well as the unincorporated area of the County.
- ◆ **Stanislaus Urban County:** Includes the cities of Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford and the unincorporated balance area of the County (the unincorporated area less the CDBG entitlement cities of Modesto and Turlock and the non-entitlement city of Riverbank). Stanislaus County is the lead entity for the Stanislaus Urban County.
- ◆ **Unincorporated County:** Includes the entire unincorporated area of Stanislaus County (this area is not a part of any municipality).
- ◆ **Entitlement Cities:** The CDBG entitlement cities in Stanislaus County are Modesto and Turlock.
- ◆ **HOME Consortium:** The members of the HOME Consortium are the Stanislaus Urban County and the City of Turlock. The City of Turlock is the lead entity for the HOME Consortium.

IMPEDIMENTS IDENTIFIED

The AI identified the impediments listed below. The last section of the AI, “Identification of Impediments and Actions to Address”, provides detail regarding the impediments identified and describes the planned actions to address those impediments

It is important to note that the identification of an impediment does not necessarily identify a deficiency. By identifying the presence of an impediment, this analysis is stating the nature of a problem that the actions will serve to mitigate. These may be affirmative actions as much as responses to current conditions.

In addition, State law requires local jurisdictions in California to assess barriers to affordable housing as part of the General Plan’s Housing Element. Programs to address impediments to fair housing may be addressed through the implementation of the Housing Element.

AFFORDABLE HOUSING

- 1. IMPEDIMENT: Insufficient supply of affordable housing.**
 - 1.1 Action:** Continue to provide assistance to preserve existing affordable housing and to create new affordable housing.
 - 1.2 Action:** Continue to offer regulatory relief and incentives for the development of affordable housing.
 - 1.3 Action:** Continue to ensure the availability of adequate sites for the development of affordable housing.

- 2. IMPEDIMENT: Shortage of subsidies and strategies to promote affordable, accessible housing for low-, very low-, and extremely low-income households, including protected classes.**
 - 2.1. Action:** Continue to pursue available and appropriate State and Federal funding sources to support efforts to construct housing meeting the needs of lower income households.
 - 2.2 Action:** Continue to support the Stanislaus Housing Authority Section 8 Housing Choice Voucher (HCV) Rental Assistance Program, including distribution of program information at the public counters for the Stanislaus County Department of Planning and Community Development; City of Turlock Housing Services, and all Stanislaus Urban County member jurisdictions. Stanislaus County and the City of Turlock will hold periodic meetings with representatives of the Housing Authority of the County of Stanislaus to discuss actions Stanislaus County, the City of Turlock, and Stanislaus Urban County member jurisdictions can take to coordinate housing program implementation.
 - 2.3 Action:** Follow through on Housing Element policies and programs.

PRIVATE PRACTICE AND MORTGAGE LENDING

- 3. IMPEDIMENT: Differential origination rates based on race, ethnicity, and location.**
 - 3.1 Action:** When selecting lending institutions for contracts and participation in local programs, Stanislaus County, the City of Turlock, and Stanislaus Urban County member jurisdictions may prefer those with a Community Reinvestment Act (CRA) rating of “Outstanding” and may exclude those with a rating of “Needs to Improve” or “Substantial Noncompliance” according to the most recent examination period published by the Federal Financial Institutions Examination Council (FFIEC). In addition, the Stanislaus Urban County and the City of Turlock may review an individual institution’s most recent HMDA reporting as most recently published by the FFIEC.
 - 3.2 Action:** Strengthen partnerships with lenders to discuss lenders’ community reinvestment goals, including home mortgages, home improvement loans, and community development investments to be made in low- and moderate-income neighborhoods in the Stanislaus Urban County and in the City of Turlock.

- 4. IMPEDIMENT: Limited coordination with real estate industry.**
 - 4.1 Action:** Work cooperatively with the real estate industry to develop ways for local agents to become more familiar with the Stanislaus Urban County and City of Turlock housing programs.

4.2 Action: Encourage realtors to seek fair housing training.

FAIR HOUSING EDUCATION AND ENFORCEMENT

5. IMPEDIMENT: Limited knowledge of fair housing rights.

5.1 Action: Conduct more outreach to educate tenants, and owners and agents of rental properties, regarding their fair housing rights and responsibilities.

5.2 Action: Provide educational literature in English, Spanish, and other appropriate languages.

6. IMPEDIMENT: Discrimination in rental housing.

6.1 Action: Support efforts to enforce fair housing rights and to provide redress to persons who have been discriminated against.

6.2 Action: Support efforts to increase the awareness of discrimination against all Federal and State protected classes.

GOVERNMENT BARRIERS

7. IMPEDIMENT: Local development standards and their implementation, e.g., zoning, building or design standards, may constrain development of housing opportunities for minority and low-income households.

7.1 Action: Review zoning and related regulations to determine the degree of adequate opportunity in the community for affordable housing to exist and to develop new affordable housing options.

8. IMPEDIMENT: Inadequate access to employment opportunities, transportation, and public and social services, and infrastructure to support increased housing opportunities for lower-income households.

8.1 Action: Examine possible gaps in public infrastructure and services, especially for the needs of persons with disabilities, seniors, and low-income residents via a Disadvantaged Unincorporated Communities assessment. If significant gaps are found, explore methods to address the gaps and incorporate public improvements and services into local infrastructure and service plans.

INTRODUCTION

As recipients of funds from the U.S. Department of Housing and Urban Development (HUD), the Stanislaus Urban County and City of Turlock are required to conduct an Analysis of Impediments to Fair Housing Choice (AI) and to periodically review that analysis and update it as necessary. This AI was completed in concert with the regional 2015–2020 Consolidated Plan. The AI will be reassessed and reevaluated with each Consolidated Plan.

The Stanislaus Urban County and City of Turlock developed an established five-year Consolidated Plan yet each has a distinct process to request funding and to evaluate requests for funds. The joint collaboration maximizes the impact of available resources and ensures a more efficient distribution of funds. This is most notable in the provision of countywide services and the ability to fund large housing projects that might be beyond the capacity of any single jurisdiction.

This AI is one of several ways in which Stanislaus Urban County and the City of Turlock are fulfilling their obligation to affirmatively further fair housing. This AI includes an analysis of local factors that may impact fair housing choice, the identification of specific impediments to fair housing choice, and a plan to address those impediments. The Stanislaus Urban County and City of Turlock must also ensure equal access to the services and programs it provides or assists.

The Stanislaus Urban County and City of Turlock each prepare its own Consolidated Annual Performance Evaluation Report (CAPER). These CAPERs include a description of the efforts made each year to affirmatively further fair housing. These documents may be consulted for an evaluation of actions taken by the Stanislaus Urban County and City of Turlock.

GEOGRAPHY

Stanislaus County, along with the cities of Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford, form what is known as the Stanislaus Urban County. The Stanislaus Urban County is an entitlement jurisdiction and receives Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) entitlement funds from HUD on an annual basis based on a formula allocation. Similarly, the City of Turlock is an entitlement jurisdiction of its own and receives HOME Investment Partnerships (HOME) Program funds on behalf of the HOME Consortium (which includes the Stanislaus Urban County members), as well as its own CDBG formula allocation. The City of Turlock is not a recipient of ESG entitlement funds.

Stanislaus County is recognized as the lead entity for the County CDBG and ESG funds and the City of Turlock is recognized as the lead entity for HOME funds and manages its own CDBG funds. The Stanislaus Urban County will be entering its fourteenth year as an entitlement jurisdiction for CDBG and its twelfth year as a recipient of ESG funds. The City of Turlock will be entering its thirty-first year as a CDBG entitlement jurisdiction and its fifteenth year as the lead agency for the City of Turlock/Stanislaus County HOME Consortium.

WHAT IS FAIR HOUSING?

Federal law prohibits discrimination in the provision of housing or access to housing based on membership in certain protected classes of persons or personal status. These protections apply to race, color, national origin or ancestry, sex, religion, familial status, and mental and physical handicap (disability).

California State law codifies the Federal protections and adds sexual orientation, marital status, use of language, source of income, HIV/AIDS, and medical condition. State law also prohibits discrimination based on any arbitrary status (the Unruh Act).

Equal access to housing is fundamental to each person in meeting essential needs and pursuing personal, education, employment, or other goals. Federal and State fair housing laws prohibit discrimination in the sale, rental, lease, or negotiation for real property based on a person's protected status.

Fair housing is a condition in which individuals of similar income levels in the same housing market have a like range of choice available to them, regardless of personal status.

WHAT IS AN IMPEDIMENT TO FAIR HOUSING CHOICE?

As defined by the HUD Fair Housing Planning Guide (1996), impediments to fair housing choice are:

Any actions, omissions, or decisions taken because of race, color, ancestry, national origin, religion, sex, disability, marital status, familial status, or any other arbitrary factor which restrict housing choices or the availability of housing choices; or

Any actions, omissions, or decisions which have the effect of restricting housing choices or the availability of housing choices on the basis of race, color, ancestry, national origin, religion, sex, disability, marital status, familial status, or any other arbitrary factor.

To affirmatively further fair housing, a community must work to remove impediments to fair housing choice.

PURPOSE OF THE ANALYSIS OF IMPEDIMENTS

The purpose of an AI is to review conditions in the jurisdiction that may impact the ability of households to freely choose housing and to be treated without regard to race, ethnicity, religion, gender, national origin, source of income, age, disability, or other protected status. The AI reviews the general state of fair housing, the enforcement of fair housing law, efforts to promote fair housing, access to credit for the purpose of housing, and general constraints to the availability of a full range of housing types.

An AI examines the affordability of housing in the jurisdiction, with an emphasis on housing affordable to households with annual incomes classified as low income and less. (Low income is defined as equal to or less than 80 percent of the adjusted area median income as most recently published by HUD.)

The document has three major goals:

- ◆ To provide an overview of the Stanislaus Urban County and the City of Turlock and current conditions as they impact fair housing choice.
- ◆ To review the policies and practices of the Stanislaus Urban County and the City of Turlock as they impact fair housing choice and the provision of housing, specifically affordable housing and housing for special needs households.
- ◆ To identify impediments to fair housing choice and actions the Stanislaus Urban County and the City of Turlock will take to remove those impediments or to mitigate the impact those impediments have on fair housing choice.

Fulfilling these goals includes the following:

- ◆ A review of the laws, regulations, and administrative policies, procedures, and practices of the HOME Consortium.
- ◆ An assessment of how those laws affect the location, availability, and accessibility of housing.
- ◆ An assessment of conditions, both public and private, affecting fair housing choice.

STANISLAUS URBAN COUNTY/CITY OF TURLOCK CONSOLIDATED PLAN

This AI has been prepared in coordination with the regional 2015–2020 Consolidated Plan for the Stanislaus Urban County and the City of Turlock. The Consolidated Plan outlines the Stanislaus Urban County and City of Turlock’s priority housing and community development needs, as well as the objectives and strategies for meeting those needs. The Consolidated Plan is a requirement of recipients of housing and community development funds from HUD.

One of the major focuses of the Consolidated Plan is the provision of affordable housing opportunities for lower-income households and persons with special needs, many of whom may be victims of housing discrimination. As part of the Consolidated Plan, the Stanislaus Urban County and the City of Turlock must certify that they are affirmatively furthering fair housing choice for all residents by:

- ◆ Conducting an analysis to identify impediments to fair housing choice;
- ◆ Taking appropriate actions to overcome the effects of any impediments identified through the analysis; and
- ◆ Maintaining records reflecting the analysis and actions taken.

This Analysis of Impediments to Fair Housing Choice constitutes the Stanislaus Urban County and the City of Turlock’s efforts to identify impediments to fair housing and actions to overcome the effects of the identified impediments. Through the annual planning process, both jurisdictions will incorporate specific actions to be undertaken to remove impediments and to further fair housing choice.

BACKGROUND

This section presents a summary of the demographic profile, economic, income distribution, and housing characteristics for the Stanislaus Urban County and the City of Turlock.

POPULATION

Tables 1 and 2 demonstrate a few notable growth trends in the Stanislaus Urban County and the City of Turlock. The actual annual percentage growth rate from 2000 to 2010 increased with respect to the actual annual growth percentage rate from 1990 to 2000 for the Stanislaus Urban County.

As related to the population from 2000 to 2010, the actual growth percentage rate in Turlock (28.2 percent), Ceres (37.9 percent), Hughson (83.7 percent), Newman (60.1 percent), Oakdale (38.3 percent), Patterson (86.3 percent), and Waterford (24.8 percent) exceeds the percentage growth for the Stanislaus Urban County (23.2 percent) as a whole, with the exception of the Unincorporated County (3.3 percent).

The Stanislaus Council of Governments (StanCOG) projected that the population in the Stanislaus Urban County would reach 314,866 by 2015 and increase to 342,553 by 2020. Between 2010 and 2015, the Urban County's population was estimated to grow by 8.3 percent.

**TABLE 1
CURRENT AND PROJECTED POPULATION**

| Jurisdiction | 1990 | 2000 | 2010 | 2015 | 2020 |
|--|----------------|----------------|----------------|----------------|----------------|

POPULATION BY AGE

Table 3 shows population by age group. Of the jurisdictions in the Stanislaus Urban County, Oakdale had the largest share of persons over 65 (12.4 percent), followed by Turlock (11.7 percent) and Hughson (10.8 percent). Patterson had the largest percentage of persons under the age of 19 (37.3 percent), followed by Waterford (36.6 percent). The Unincorporated Area of Stanislaus County had the largest share of persons between 19 and 64 (61.9 percent).

**TABLE 3
POPULATION BY AGE**

| Jurisdiction | Percentage of Persons Under 19 | Percentage of Persons Over 19 | Percentage of Persons Age 19-64 | Percentage of Persons Over 65 |
|--|--------------------------------|-------------------------------|---------------------------------|-------------------------------|
| Stanislaus Urban County | | | | |
| Ceres | 35.8% | 64.2% | 56.4% | 7.8% |
| Hughson | 34.1% | 66.0% | 55.2% | 10.8% |
| Newman | 35.5% | 64.6% | 56.0% | 8.6% |
| Oakdale | 30.6% | 69.5% | 57.1% | 12.4% |
| Patterson | 37.3% | 62.9% | 56.6% | 6.3% |
| Waterford | 36.6% | 63.6% | 56.2% | 7.4% |
| Unincorporated Area of Stanislaus County | 32.1% | 72.7% | 61.9% | 10.8% |
| Entitlement Jurisdictions | | | | |
| Turlock | 30.9% | 69.1% | 57.4% | 11.7% |

Source: 2010 U.S. Census

Note: Due to rounding, total percentage of persons for individual jurisdictions may not equal 100. Race/Ethnicity

Analysis of Impediments to Fair Housing Choice

Although the Stanislaus Urban County is generally diverse, the particular racial and ethnic composition varies by community. Please see **Tables 4** and **5**.³ Of the six cities in the Urban County, Oakdale is the only one with a White population of over 80 percent (80.1), and none have a racial minority⁴ population near or greater than 50 percent.

It can also be noted that three communities have a Hispanic population (all races) over 50 percent (Ceres, Patterson, and Newman).

AREAS OF MINORITY CONCENTRATION

Data on race and ethnicity were examined at the block group level to determine areas of minority and ethnic concentration (2010 U.S. Decennial Census, Summary File 3). Minority population is defined as the total population less those who responded “White alone” to the U.S. Census. Census tract areas where the percentage of total minority population exceeds the group’s countywide total percentage by at least one percentage point are considered to be areas of “minority concentration.” Areas that have a minority population at least 1.5 times the countywide total percentage are considered to be areas of “high minority concentration.” Please see **Map 2** in **Appendix 1**.

Areas showing an overall minority concentration include unincorporated areas north of Modesto, which includes Salida, unincorporated areas east of Ceres, north western and southern portions of Turlock, western portions of Patterson, and unincorporated areas south of Patterson.

Since the U.S. Census enumerates Hispanic as a distinct ethnic category, this characteristic was examined separately. Census tract areas where the percentage of total Hispanic population exceeds the countywide percentage by at least one percentage point are considered to be areas of Hispanic concentration. Areas that have a Hispanic population at least 1.5 times the countywide percentage are considered to be areas of high Hispanic concentration. Please see **Map 2** in **Appendix 2**. Areas of high minority concentration include portions of the western unincorporated County and portions of Patterson, Bystrom, and Ceres.

**TABLE 4
RACE AS A PERCENTAGE OF TOTAL POPULATION**

| Jurisdiction | White | Black or African American | American Indian or Alaskan Native | Asian | Native Hawaiian and Other Pacific Islander | Some Other Race | Two or More Races |
|---------------------------|-------|---------------------------|-----------------------------------|-------|--|-----------------|-------------------|
| Stanislaus Urban County | | | | | | | |
| Ceres | 57.7% | 2.6% | 1.3% | 6.8% | 0.8% | 25.2% | 5.5% |
| Hughson | 77.2% | 0.8% | 1.5% | 1.5% | 0.2% | 14.8% | 4.4% |
| Newman | 66.6% | 2.3% | 1.0% | 1.9% | 0.4% | 22.4% | 5.4% |
| Oakdale | 80.1% | 0.8% | 1.0% | 2.2% | 0.2% | 11.5% | 4.1% |
| Patterson | 49.6% | 6.3% | 1.1% | 5.2% | 1.4% | 30.5% | 5.9% |
| Waterford | 71.0% | 0.9% | 1.3% | 1.5% | 0.1% | 20.6% | 4.6% |
| Entitlement Jurisdictions | | | | | | | |
| Turlock | 69.8% | 1.7% | 0.9% | 5.6% | 0.5% | 16.5% | 5.0% |

Source: 2010 U.S. Census

³ Race is shown for persons who reported being of that race alone. Persons reporting more than one race are included in “two or more races.” Persons who indicated they were of only one race but did not report a race in one of the five categories shown are included in “some other race.”

⁴ The racial minority population includes all persons reporting a race other than White.

**TABLE 5
HISPANIC ORIGIN AS A PERCENTAGE OF TOTAL POPULATION**

| Jurisdiction | Hispanic or Latino (all races) | Not Hispanic or Latino (all races) |
|---------------------------|--------------------------------|------------------------------------|
| Stanislaus Urban County | | |
| Ceres | 56.0% | 44.0% |
| Hughson | 43.2% | 56.8% |
| Newman | 61.6% | 38.4% |
| Oakdale | 26.1% | 73.9% |
| Patterson | 58.6% | 41.4% |
| Waterford | 42.3% | 57.7% |
| Entitlement Jurisdictions | | |
| Turlock | 36.4% | 63.6% |

INCOME

In this plan, income will be discussed using the income categories as defined in **Table 6**. These categories correspond to the income limits published annually by the U.S. Department of Housing and Urban Development (HUD). HUD bases these income categories on the Decennial Census with adjustment factors applied using the annual American Community Survey. Income categories take family size into consideration. The income limit for a family of four is shown for illustration.

**TABLE 6
INCOME CATEGORIES**

| Term | Percentage of AMI ¹ | 2015 Income Limit, Family of 4 ² |
|------------------------------|--------------------------------|---|
| Stanislaus County | | |
| Extremely low income | 30% | \$24,250 |
| Very low income | 50% | \$28,450 |
| Low income | 80% | \$45,500 |
| Moderate income ³ | 120% | \$68,280 |

1. AMI = area median family income

2. Based on the Modesto, CA, Metropolitan Statistical Area (MSA) 2015 AMI of \$53,500

3. HUD does not publish a "moderate income" limit. It is calculated as 2.4 times the published very low-income limit.

Table 7 provides a summary of income statistics as reported by the 2011 American Community Survey (ACS) for all jurisdictions within the Stanislaus Urban County except the unincorporated area of the County. The 2011 ACS provides data for a Census-designated place (CDP). A CDP comprises a densely settled concentration of population that is not within an incorporated place but is locally identified by a name. The Stanislaus Urban County has 22 different CDPs. To get a better idea of the incomes for the unincorporated area, **Table 8** provides data on the CDPs in the unincorporated County.

The communities of the Stanislaus Urban County have a significant disparity of household income between them. Median incomes range from \$18,779 in the Airport CDP to \$107,250 in the East Oakdale CDP.

**TABLE 7
INCOME CHARACTERISTICS FOR INCORPORATED JURISDICTIONS**

| Jurisdiction | Median Household Income | Per Capita Income |
|---------------------------|-------------------------|-------------------|
| Stanislaus Urban County | | |
| Ceres | \$50,124 | \$17,688 |
| Hughson | \$49,997 | \$19,985 |
| Newman | \$47,416 | \$18,134 |
| Oakdale | \$59,842 | \$25,238 |
| Patterson | \$54,187 | \$20,649 |
| Waterford | \$54,413 | \$17,228 |
| Entitlement Jurisdictions | | |
| Turlock | \$50,862 | \$22,289 |

**TABLE 8
INCOME CHARACTERISTICS FOR UNINCORPORATED AREAS**

| Census Designated Place | Median Household Income | Per Capita Income |
|-------------------------|-------------------------|-------------------|
| Unincorporated Areas | | |
| Airport | \$18,779 | \$9,706 |
| Bret Harte | \$30,833 | \$10,300 |
| Bystrom | \$22,227 | \$10,543 |
| Cowan | \$33,594 | \$11,544 |
| Crows Landing | \$70,357 | \$12,860 |
| Del Rio | \$107,171 | \$77,510 |
| Denair | \$64,136 | \$23,537 |
| Diablo Grande | \$88,393 | \$40,719 |
| East Oakdale | \$107,250 | \$46,810 |
| Empire | \$31,570 | \$12,729 |
| Grayson | \$41,250 | \$12,381 |
| Hickman | \$60,150 | \$19,337 |
| Keyes | \$34,423 | \$12,996 |
| Monterey Park Tract | \$85,256 | \$13,865 |
| Parklawn | \$38,519 | \$12,647 |
| Riverdale Park | \$34,353 | \$14,726 |
| Rouse | \$18,895 | \$9,476 |
| Shackelford | \$23,870 | \$7,829 |
| Valley Home | \$38,250 | \$18,402 |
| Westley | \$38,798 | \$8,714 |
| West Modesto | \$31,110 | \$12,751 |

Source: 2007–2011 ACS

AREAS OF LOW- AND VERY LOW-INCOME CONCENTRATION

Data on income was examined at the block group level to determine areas of low- and very low-income concentration (2015 HUD Low and Moderate Income Summary Data).

Low-income areas are those that have 51 percent or more low-income persons.⁵ Please see **Map 3** in **Appendix 3**. Areas with 50 percent or more low- and moderate-income households include unincorporated portions of the County surrounding Patterson, Empire, and Bystrom and portions of Ceres, Turlock, and Oakdale.

POVERTY

In addition to reporting income, the ACS reports the number of persons and families that have incomes that fall below the Federal poverty level.⁶ The poverty level is adjusted for family size and composition, making it a more relative measure than household income. Persons and families that are below the poverty level are in general very poor. Please see **Table 9** for data on persons and families who fall below the poverty line. The table also shows children who are below the poverty line.

Waterford, Newman, and Hughson have a level of poverty above 20 percent. These jurisdictions also have a notably high level of children in poverty.

**TABLE 9
SHARE OF POPULATION BELOW POVERTY**

| Jurisdiction | Persons | Persons Under 18 Years of Age | Families |
|-------------------------------|---------|-------------------------------|----------|
| Stanislaus Urban County | | | |
| Ceres | 19.9% | 25.8% | 15.9% |
| Hughson | 20.6% | 31.7% | 13.6% |
| Newman | 21.5% | 27.6% | 14.5% |
| Oakdale | 15.6% | 19.3% | 12.7% |
| Patterson | 16.0% | 20.9% | 10.9% |
| Waterford | 23.3% | 27.0% | 13.6% |
| Entitlement Jurisdictions | | | |
| Turlock | 17.2% | 21.4% | 10.9% |
| Stanislaus Urban County Total | 20.3% | 28.4% | 16.4% |

Source: 2008–2012 ACS (HCD data packet)

EDUCATION

Education level plays a critical role in determining the income level of a household. **Table 10** provides a summary of educational attainment for persons aged 25 years and older for the share of the population in each jurisdiction under the poverty level. For the share of persons having a college degree, only two of the four jurisdictions in the Stanislaus Urban County were below the State percentage (4.8 percent).

⁵ Using the LOWMODPCT variable, which is defined as “the percentage of persons who are of low/moderate income; calculated by LOWMOD/LOWMODUNIV times 100.”

⁶ The “poverty level” is a measure of poverty used by the U.S. Census Bureau based on a set of money income thresholds that vary by family size and composition. If the total income for a family or unrelated individual falls below the applicable poverty threshold, that family or person is classified as being below the poverty level.

TABLE 10
EDUCATIONAL ATTAINMENT FOR PERSONS AGED 25 YEARS AND OLDER UNDER THE POVERTY LEVEL

| Jurisdiction | Percentage Less Than High School Graduate | Percentage High School Graduate and Equivalent | Percentage Some College (no degree) | Percentage College Degree |
|---------------------------|---|--|-------------------------------------|---------------------------|
| Stanislaus Urban County | | | | |
| Ceres | 23.5% | 15.3% | 13.3% | 4.6% |
| Hughson | 28.3% | 14.3% | 5.3% | 10.8% |
| Newman | 33.0% | 13.6% | 12.8% | 9.0% |
| Oakdale | 29.8% | 14.1% | 6.7% | 8.6% |
| Patterson | 23.8% | 13.9% | 4.5% | 8.0% |

EMPLOYMENT

This section provides an overview of employment trends in Stanislaus County. The manufacturing industry continues to be an important employer in the County. The top 12 employers in the manufacturing industry in 2014 are listed in **Table 11**.

TABLE 11
MAJOR MANUFACTURING EMPLOYERS – STANISLAUS COUNTY

| Employer | Description | Number of Employees |
|----------------------------------|--------------------------|---------------------|
| Zabaco Winery | Winery | 1,000–4,999 |
| Foster Farms | Poultry Processing Plant | 1,000–4,999 |
| Fairbanks Cellars | Winery | 1,000–4,999 |
| Ecco Domani Winery | Winery | 1,000–4,999 |
| E & J Gallo Winery | Winery | 1,000–4,999 |
| Del Monte Foods | Canning | 1,000–4,999 |
| Con Agra Foods Inc | Canning | 1,000–4,999 |
| Bartles & Jaymes Company | Winery | 1,000–4,999 |
| Andre Champagne Cellars | Winery | 1,000–4,999 |

Notes: 1) Percentages may not equal 100 due to rounding.

2) Includes agriculture, forestry, fishing, and hunting workers.

HOUSEHOLDS

The type, size, and composition of a household can affect the type of housing and services that are needed. The following section provides an analysis of the household profiles for all jurisdictions in the Stanislaus Urban County and the City of Turlock.

Table 15 presents household size, percentage of persons living alone, and percentage of households with persons over age 65. Patterson had the largest average household size (3.63 persons) of all the jurisdictions, with the second largest household size (3.55 persons) reported in Ceres. Based on the 2010 U.S. Census, Oakdale had the largest share of persons living alone (21.6 percent) and Hughson reported the largest percentage of households with persons over the age of 65 (26.0 percent).

**TABLE 15
HOUSEHOLD COMPOSITION, 2010**

| Jurisdiction | Average Household Size (persons) | Percentage of Single Persons Living Alone | Percentage of Households with Person 65 and Older |
|---------------------------|----------------------------------|---|---|
| Stanislaus Urban County | | | |
| Ceres | 3.55 | 12.5% | 20.8% |
| Hughson | 3.20 | 17.7% | 26.0% |
| Newman | 3.38 | 15.5% | 20.3% |
| Oakdale | 2.81 | 21.6% | 25.4% |
| Patterson | 3.63 | 12.7% | 17.6% |
| Waterford | 3.43 | 12.4% | 18.5% |
| Entitlement Jurisdictions | | | |
| Turlock | 2.96 | 20.9% | 25.0% |

Source: 2010 U.S. Census

Table 16 presents the number of family households and the share of family households that are married, are single parents, and have children under 18 years of age for all jurisdictions in the Stanislaus Urban County and the City of Turlock.

Patterson (49.2 percent) had the largest share of families with children under 18, Waterford (61.0 percent) had the largest share of married couples, and Patterson (12.7 percent) had the largest share of single parents.

**TABLE 16
FAMILY HOUSEHOLD COMPOSITION**

| Jurisdiction | Family Households | Percentage Married | Percentage with Children Under 18 | Percentage of Single Parents |
|---------------------------|-------------------|--------------------|-----------------------------------|------------------------------|
| Stanislaus Urban County | | | | |
| Ceres | 10,575 | 57.6% | 46.8% | 14.6% |
| Hughson | 1,628 | 60.8% | 42.8% | 10.0% |

SPECIAL NEEDS POPULATIONS – NON-HOMELESS

Certain groups may have more difficulty finding housing and may require specialized services or assistance. Owing to their special circumstances, they are more likely to have extremely low, very low, low, or moderate incomes. These groups include the elderly, the frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addiction, victims of domestic violence, large households, and single-parent-headed (female and male) households.

ELDERLY

The three jurisdictions with the largest share of senior households were Hughson (26.1 percent), Oakdale (21.4 percent), and Turlock (20.5 percent). Please see **Table 17**.

Of all member jurisdictions in the Stanislaus Urban County, only Hughson (53.3 percent) had 50 percent or more senior households reporting that they owned their homes.

**TABLE 17
SENIOR HOUSEHOLDS**

| Jurisdiction | Percentage of Senior Households | Percentage of Renter Households | Percentage of Owner Households |
|--|---------------------------------|---------------------------------|--------------------------------|
| Stanislaus Urban County | | | |
| Ceres | 16.4% | 79.7% | 20.3% |
| Hughson | 26.1% | 46.7% | 53.3% |
| Newman | 13.4% | 61.3% | 38.7% |

PERSONS WITH DISABILITIES

Table 18 presents data from the 2000 Census (data is not available in the 2010 Census) for persons with disabilities in all jurisdictions in the Stanislaus Urban County and the City of Turlock. Of the jurisdictions in the Stanislaus Urban County, Hughson (11.3 percent) had the greatest share of persons with a disability for all persons over 5 years of age, followed by Oakdale (11.1 percent). Patterson (5.8 percent) had the smallest share of persons with a disability, followed by Waterford (7.8 percent). Data for Ceres was unavailable from the 2000 U.S. Census.

**TABLE 18
DISABILITY STATUS AND TYPES**

| Jurisdiction | Number of Disabled Persons | Percentage of Persons Disabled | Percentage of Disabled Population –Sensory | Percentage of Disabled Population –Physical | Percentage of Disabled Population –Mental | Percentage of Disabled Population –Self-Care | Percentage of Disabled Population –Go-Outside-Home | Percentage of Disabled Population – Employment Disability |

LARGE HOUSEHOLDS

Large family households are defined as households of five or more persons who are related. Large family households are considered a special needs group because there is a limited supply of adequately sized housing to accommodate their needs.

Table 19 provides data for large households for all jurisdictions in the Stanislaus Urban County and the City of Turlock. The jurisdictions with the greatest share of large households (households with five or more persons) were Waterford (27.2 percent), Ceres (23.1 percent), and Patterson (21.8 percent). Turlock had the smallest share of large households (14.2 percent).

Based on data from the 2007–2011 ACS, the supply of housing units with three or more bedrooms available for ownership and rental is in excess of the number of large owner and rental households. This suggests that there is not a numerical shortage of available housing units to meet the needs of large households. However, lower-income large households may be priced out of the larger housing units.

**TABLE 19
LARGE HOUSEHOLDS**

| Jurisdiction | Large Households | Percentage of Large Households | Percentage of Total Owner-Occupied Households | Percentage of Total Renter-Occupied Households |
|--|------------------|--------------------------------|---|--|
| Stanislaus Urban County | | | | |
| Ceres | 3,080 | 23.1% | 29.9% | 23.4% |
| Hughson | 359 | 19.1% | 12.6% | 16.4% |
| Newman | 696 | 21.2% | 23.4% | 22.1% |

FEMALE-HEADED HOUSEHOLDS

Families with female heads of households experience a high incidence of all jurisdictions in the Stanislaus Urban County and the City of Turlock. As shown in **Table 20**, the share of female-headed households in poverty ranges from 2.7 percent in unincorporated areas to 8.8 percent in Hughson.

**TABLE 20
FEMALE-HEADED HOUSEHOLDS**

| Jurisdiction | Total Female Headed Households | Percentage with Children | Percentage without Children | Percentage of Female-Headed Households in Poverty | Percentage of Total Families in Poverty |
|--|--------------------------------|--------------------------|-----------------------------|---|---|
| Stanislaus Urban County | | | | | |
| Ceres | 2,389 | 14.5% | 8.2% | 7.2% | 15.9% |
| Hughson | 406 | 17.0% | 9.0% | 8.8% | 13.6% |
| Newman | 450 | 15.1% | 3.0% | 5.6% | 14.5% |
| Oakdale | 790 | 10.3% | 4.6% | 6.5% | 12.7% |

HOUSING CHARACTERISTICS

The most significant trend in the Stanislaus Urban County and the City of Turlock housing markets has been the decrease in single-family home sales prices and the corresponding decrease in the value of single-family housing. Combined with an environment of historically low interest rates, this has reduced the gap between the cost of buying a home and the price which households at the lower end of the range of incomes can afford. Although this “affordability gap” has been reduced when it comes to home purchase, the combination of instability in the job market, stagnating real wages, and the general tightening of credit has not necessarily made home purchase easier for lower-income households.

The rental market has seen continued low vacancy rates, and rents have been stable and trending upward.

The following discussion identifies housing characteristics, trends, and needs for County jurisdictions.

HOUSING GROWTH

Between 2000 and 2014, the number of housing units in increased throughout member jurisdictions but declined in the unincorporated area of Stanislaus County by 5.1 percent. **Table 21** displays housing growth in all jurisdictions in the Stanislaus Urban County. Of all the jurisdictions in the Stanislaus Urban County, Hughson had the largest increase in housing units (5.2 percent). Second to that was Newman with an increase of 2.4 percent. Turlock had an increase of 0.4 percent.

**TABLE 21
HOUSING UNITS, 2000–2014**

| Jurisdiction | 2000 Housing Units | 2014 Housing Units | Percentage Change 2000–2014 |
|---|--------------------|--------------------|--------------------------------|
| Stanislaus Urban County | | | |
| Ceres | 13,673 | 13,725 | 0.4% |
| Hughson | 2,234 | 2,350 | 5.2% |
| Newman | 3,357 | 3,437 | 2.4% |
| Oakdale | 7,822 | 7,961 | 1.8% |

TENURE

Housing tenure refers to whether a unit is owner-occupied or renter-occupied. **Table 22** provides a summary of housing tenure for all jurisdictions in the Stanislaus Urban County and the City of Turlock. As shown, Patterson had the greatest share of owner-occupied households and Turlock had the greatest share of renter-occupied housing units.

**TABLE 22
HOUSING TENURE**

| Jurisdiction | Owner-Occupied | Renter-Occupied |
|---|----------------|-----------------|
| Stanislaus Urban County | | |
| Ceres | 63.1% | 36.9% |
| Hughson | 67.1% | 32.9% |
| Newman | 66.6% | 33.4% |
| Oakdale | 61.1% | 36.9% |
| Patterson | 67.5% | 32.5% |
| Waterford | 66.2% | 33.8% |
| Unincorporated Area of Stanislaus County | 63.4% | 36.6% |
| Entitlement Jurisdictions | | |
| Turlock | 55.4% | 44.6% |
| Stanislaus Urban County Total | 63.8% | 36.2% |

Source: 2010 U.S. Census (HCD data packet)

HOUSING TYPE

Table 23 exhibits the percentage of housing units as a share of total housing units by the number of units in the structure for all jurisdictions in the Stanislaus Urban County and the City of Turlock. Demand for owner-occupied housing is primarily met through the supply of single-family housing, while renter-occupied housing demand is primarily met through a combination of single-family housing and multi-family units.

**TABLE 23
UNITS IN STRUCTURE**

| Jurisdiction | Single-Family | Multi-Family (2-4 units) | Multi-Family (>5 units) | Mobile Homes, Boat, RV, Van, etc. |
|--------------------------------------|---------------|--------------------------|-------------------------|-----------------------------------|
| <i>Stanislaus Urban County</i> | | | | |
| Ceres | 80.93% | 1.88% | 10.34% | 2.75% |
| Hughson | 84.93% | 1.88% | 10.52% | 2.75% |
| Newman | 87.46% | 4.85% | 7.69% | 0.00% |
| Oakdale | 82.44% | 5.70% | 7.78% | 4.09% |
| Patterson | 91.18% | 2.47% | 4.26% | 2.10% |
| Waterford | 81.80% | 4.16% | 13.62% | 0.42% |
| <i>Entitlement Jurisdictions</i> | | | | |
| Turlock | 73.27% | 7.08% | 15.85% | 2.79% |
| Stanislaus Urban County Total | 81% | 5% | 8% | 6% |

Source: 2007-2011 ACS

VACANCY RATE

Vacancy trends in housing are analyzed using a “vacancy rate,” which establishes the relationship between housing supply and demand. For example, if the demand for housing is greater than the available supply, the vacancy rate is low and the price of housing will most likely increase. Additionally, the vacancy rate indicates whether or not the community has an adequate housing supply to provide choice and mobility. HUD standards indicate that a vacancy rate of 5 percent is sufficient to provide choice and mobility.

Table 24 provides the total number of vacant housing units as well as the percentage of vacant housing units in 2010 for all jurisdictions in the Stanislaus Urban County and the City of Turlock. Please note that the California Department of Finance (DOF) estimate is for all housing unit types and does not exclude seasonal, recreational, or occasional use and all other vacant units. The DOF also does not provide vacancy by tenure. To provide vacancy by reason for vacancy, 2000 Census data was used (see **Table 24**).

Overall, the 2010 data (**Table 24**) indicates that the Urban County has vacancy rates ranging from 6.4 percent to 11.0 percent. Newman had the highest vacancy rate (11.0 percent) and Oakdale had the lowest (6.8 percent). Overall the Urban County had a vacancy rate of 8.3 percent in 2010.

**TABLE 24
VACANCY STATUS, 2010**

| Jurisdiction | Total Vacant Housing Units | Percentage of Total Housing Units Vacant |
|--|----------------------------|--|
| Stanislaus Urban County | | |
| Ceres | 981 | 7.2% |
| Hughson | 165 | 7.4% |
| Newman | 355 | 10.5% |
| Oakdale | 534 | 6.8% |
| Patterson | 698 | 11.0% |
| Waterford | 207 | 7.8% |
| Unincorporated Area of Stanislaus County | 3,105 | 9.3% |

AGE OF HOUSING STOCK

Table 25 displays the share of housing units constructed by age and tenure all jurisdictions in the Stanislaus Urban County and the City of Turlock. With the exception of the Urban County, Turlock, and Ceres, most housing in each jurisdiction was built after 1980.

TABLE 25
AGE OF HOUSING BY TENURE

HOUSING COST

Table 26 provides a summary of home sales prices for all jurisdictions in the Stanislaus Urban County and the City of Turlock. The County experienced a sharp increase in the median sales price for homes from 2012 to 2013. It is important to note that as a measure of central tendency, median sales price is sensitive to sales volume in market subsectors as much as it is to overall price trends. An increase in the volume of sales of higher priced homes relative to overall sales volume can lead to an increase in median sales price even though overall prices remain low.

As shown, as of 2013, Waterford had the lowest median sales price (\$143,500) and Hughson the highest (\$250,000). Patterson and Hughson experienced the sharpest increases in the median sales price of homes from 2012 to 2013.

In 2015, a survey of local newspapers and online rental listings was conducted for both single-family homes and multi-family units for all jurisdictions in the County. The results are presented in **Table 27**. According to the results of the survey, the median rental rate in the Urban County is \$1,095 and in Turlock is \$845.

The U.S. Department of Housing and Urban Development publishes annual Fair Market Rents (FMR), which include an estimated utility cost, and the annual income required to afford them. **Table 28** shows the Fair Market Rents for 2014 for the Stanislaus Urban County.

**TABLE 26
MEDIAN HOME SALE PRICES**

| Jurisdiction | 2011 | Year-to-Year Change 2012 | | Year-to-Year Change 2013 | |

HOUSING AFFORDABILITY BY TENURE AND HOUSEHOLD TYPE

The assessment of the Stanislaus Urban County's and the City of Turlock's housing needs relies on custom tabulations of U.S. Decennial Census data provided by HUD. These tabulations are referred to as the CHAS (Comprehensive Housing Affordability Strategy) tables obtained using HUD's State of the Cities Data System (SOCDS). This data is presented in two main tables, one presenting housing problems by households and the other presenting affordability mismatch by housing units. **Tables 29 and 30** provide a summary of cost burden. The needs of renter and owner households are examined separately.

The CHAS housing problems table presents the number of households paying more than 30 percent and 50 percent of gross income for housing by tenure, household type, and income category. This cost of housing as a percentage of gross income is referred to as the housing cost burden. According to HUD, a household which has a housing cost burden over 30 percent has a high housing cost burden. Those with a cost burden over 50 percent have a severe cost burden.

Overpayment is a concern for low-income households since they may be forced to live in overcrowded situations or cut other necessary expenditures, such as health care, in order to afford housing. The HUD definition of housing cost includes not only monthly rent and mortgage payments but an estimate of utilities.

Renter Households

Overall, renter households in the County have a high cost burden than owner households. Low-income renter households (>50 to ≤80 percent area median income [AMI]) experience a high cost burden at close to the same rate as do all renter households. Very low-income (>30 percent to ≤50 percent AMI) and extremely low-income renter households (≤30 percent AMI) experience cost burdens much higher than all renters.

Owner Households

Owner households in the County have a lower percentage of cost burden than renter households. Ceres and Patterson have a severe cost burden of over 10 percent, while the remaining jurisdictions all have lower rates of severe cost burden among owner households.

Generally, lower-income owner households experience a high cost burden at a higher rate than do all owner households. Extremely low-income owner households (≤30 percent AMI) experience the highest levels of cost burden among all owner households.

**TABLE 29
COST BURDEN SUMMARY, RENTERS**

OVERCROWDING

Table 31 illustrates the share of households by person per room for owners and renters for all jurisdictions in the Stanislaus Urban County and the City of Turlock. Households with more than 1 person per room are considered overcrowded. Households with more than 1.5 persons per room are considered severely overcrowded. As shown in **Table 31**, renter-occupied households have a higher incidence of overcrowding than owner-occupied households.

**TABLE 31
PERSONS PER ROOM**

| Jurisdiction | Owner Occupied | | | Renter Occupied | | |
|--|----------------|---------------------|--------------|-----------------|---------------------|--------------|
| | <1.0 persons | 1.01 to 1.5 persons | >1.5 persons | <1.0 persons | 1.01 to 1.5 persons | >1.5 persons |

FORECLOSURES

A foreclosure is a term used to describe the procedure followed in enforcing a creditor’s rights when a debt secured by any lien on property is in default. According to DataQuick, in the Stanislaus Urban County (countywide) there were 253 households with a notice of default (first stage in the foreclosure process) in the third quarter of 2014, a decrease of 33.9 percent over the same quarter in 2013. In the third quarter of 2013, there were 38.3 homes lost to foreclosure.

The Stanislaus County Recorder keeps an inventory of notices of defaults, notices of trustee sales, and trustee’s deed upon sale (see definitions of each below). **Table 32** provides the number of homes with each status for the entire year. Please note that one housing unit may be counted more than once per year.

- ◆ Notice of Default: A written document that gives constructive notice of a trustor’s failure to perform his/her obligation under a deed of trust. This document must be recorded.
- ◆ Notice of Trustee’s Sale: A written document that sets forth the day, date, and time of the trustee’s sale and describes the property to be sold. This document is prepared by the trustee and must be recorded with the county recorder in the county in which the property is located at least 14 days prior to the scheduled sale date.

Analysis of Impediments to Fair Housing Choice

- ◆ **Trustee’s Deed Upon Sale:** A written document which is prepared and signed by the trustee when the secured property is sold at a trustee’s sale. This document transfers ownership to the successful bidder at the sale and must be recorded with the county recorder in the county in which the property is located.

As of the date of this document, information has not been received from the County’s Recorder Office.

PRIVATE SECTOR PRACTICES

Private housing industry practices are central to making housing available for all people, from initial inquiries to approval. No single factor is more primary to providing equal and fair access to individuals, regardless of their race/ethnicity, color, national origin, gender, disability, family size, marital status, source of income, age, and sexual orientation - than availability of housing. That is, a real estate agent, broker, property manager, or private individual seller or renter has influence on accessibility when they tell a potential renter or buying whether a house or apartment is vacant and available to them. Moreover, a financial institution's approval and terms for a new home loan is equally important for individuals to access housing absent discrimination. Secondary to this is the information that individuals receive regarding suitability such as cost, number of bedrooms, accessibility features, and more. Renters and buyers cannot uncover those important characteristics without the assistance of these professionals. In the final stage, accepting the offer of a potential renter or buyer is ultimately in the hands of housing professionals and financial institutions. Therefore, an individual and their family's search for housing from beginning to end, relies heavily on the private housing industry.

The Fair Housing Act has two primary goals: to end housing discrimination and to promote more equitable and integrated communities. This second goal embodies the American values of fair access and equal opportunity for all. According to the San Joaquin Valley Fair Housing and Equity Assessment (2014), poverty and race have historically been connected due in part to economic factors, historical land use laws and practices, and ongoing housing discrimination. Hispanics and African Americans across the Central Valley region are more likely to live in neighborhoods with high concentrations of poverty compared to Whites. Individuals and families who live in these areas have less access to better jobs, schools, health care, transportation, and housing.⁷ This impacts the ability of individuals to improve themselves and for communities to become more vibrant and healthy places to live for all.

As the gatekeeper to housing opportunities, the housing industry will be analyzed for its contribution to further fair housing. This section of the AI reviews the policies and practices of real estate agents, property managers, small private individual sellers/renters, homeowners insurance companies, and mortgage lenders in their efforts to offer fair housing choices in the Stanislaus Urban County and the City of Turlock.

REAL ESTATE SALES PRACTICES

Discriminatory practices in real estate (homeownership) are more difficult to detect than in rentals. When people want to buy a home, they often consult with a real estate agent or broker to assist in finding the right housing for their needs, or they could encounter an agent or broker representing the seller. A potential buyer is often unaware whether they are being steered into a different home because of discrimination. As a result, the individual will not report the incident to the professional associations or appropriate government authority. In turn, the professional association will not discipline the agent/broker to prevent further discrimination, nor will the buyer's transaction be remedied. Outreach and education to the association's professional members is key in preventing discriminatory practices. Additionally, outreach to individual buyers to educate them on their rights will be important, as well as investigating/testing real estate practices by Federal, State, and local agencies and nonprofit fair housing advocates, which is discussed further in the Outreach and Education sections below.

REAL ESTATE PROFESSION – SELF-REGULATED

In California, in order to engage in the business of real estate sales, broker or salesperson must be licensed by the California Bureau of Real Estate (CalBRE). CalBRE also enforces violations of California real estate law. In Stanislaus County and the City of Turlock, any case of discrimination or other fair

⁷ San Joaquin Valley Fair Housing and Equity Assessment (April 2014)

housing violation that is experienced by an individual from a real estate professional could be reported to the local representative association and/or to CalBRE.

The real estate industry in California is highly professionalized. Almost all real estate brokers and salespersons are affiliated with a real estate trade association. The two largest are the California Association of Realtors (CAR), associated with the National Association of Realtors (NAR), and the California Association of Real Estate Brokers (CAREB), associated with the National Association of Real Estate Brokers (NAREB). The use of the term “Realtor” is restricted by NAR as a registered trademark. Members of NAREB are licensed to use the professional designation “Realtist.”

REAL ESTATE LAW VIOLATIONS

The California Bureau of Real Estate regulates and enforces the conduct of its licensed professionals to protect residents from discriminatory practices. Specifically, Title 10, Chapter 6 of the California Code of Regulations prohibits real estate licensed professionals from discriminatory conduct based on race, color, sex, religion, national origin, marital status, physical handicap, and ancestry. Missing or updated categories from California and Federal anti-discrimination laws include familial status, disability, source of income, sexual orientation, and other arbitrary factors; regardless, these are obligatory. CalBRE provides a long, non-exhaustive list of examples of illegal discriminatory conduct, which may be useful to licensed professionals while in the field. Examples include the following.

A real estate professional shall not:

- ◆ refuse to negotiate or making unavailable the sale, rental or financing of real property...
- ◆ refuse or failing to show, rent, sell or finance the purchase of real estate...
- ◆ discriminate in the terms, conditions or privileges of sale, rental or financing of the purpose of real property...
- ◆ discriminate when providing services or facilities connected with the sale, rental or financing of the purchase of real property...
- ◆ discriminate when processing an application more slowly...

...based on race, color, sex, religion, national origin, marital status, physical handicap and ancestry.

Brokers and salesperson must pass an exam to become licensed. They are tested on ethics, including discriminatory practices. Every four years, real estate professionals are tested again on ethics when they renew their license.

A resident can take preventive measures to experiencing discrimination by looking up a real estate professional on CalBRE's website to find a violation. Once a resident files a claim with CalBRE and the licensed professional is found in violation, the violation will be noted in the professional's record. Brokers are responsible for familiarizing their salespersons with the requirements of Federal and State laws relating to discrimination. If the salesperson violates these laws, both the salesperson and the broker will have the violation referenced on their online record.

Residents can submit a claim to CalBRE by mail, in person, or online. Instructions for filing a complaint specifically reference what complaints CalBRE will handle. A few types of complaints are referenced, including real estate brokers or salespersons that mislead or defraud a consumer; however, there is no mention of discrimination based on any of the protected classes. It is reasonable to assume that the average person with a discrimination claim would believe that CalBRE is not the place to obtain assistance. Fair housing protection is absent on the claim form as well.

A review of CalBRE's website and current publications shows limited amounts of information related to housing choice discrimination, either for licensed professionals or residents. CalBRE has a dispute resolution web page with no mention of discrimination. It has online guides for tenants renting a home (avoiding fraud is the big concern), yet no mention of discrimination, such as a number to call if tenants believe they are being treated unfairly. CalBRE's web page issues consumer alerts, though none are about fair housing choice. However, a resident with discrimination concerns will get the best information by calling CalBRE. They will provide the caller with information about filling a claim and be directed appropriately.

PROFESSIONAL CODE OF ETHICS BREACH

Beyond CalBRE's requirements, real estate professionals are held to a code of ethics mandated by either CAR/NAR or CAREB/NAREB, depending on their membership and their local board of real estate professionals.

NAR has a professional code of conduct, which specifically prohibits unequal treatment in professional services or employment practices on the basis of "race, color, religion, sex, handicap, familial status, or national origin" (Article 10, NAR Code of Ethics). Both associations prohibit members from promulgating deed restrictions or covenants based on race.

Article 10 of the NAR Code of Ethics provides that "Realtors shall not deny equal professional services to any person for reasons of race, color, religion, sex, handicap, familial status, or national origin. Realtors shall not be a party to any plan or agreement to discriminate against any person or persons on the basis of race, color, religion, sex, handicap, familial status, or national origin."

A Realtor pledges to conduct business in keeping with the spirit and letter of the Code of Ethics. Article 10 imposes obligations on Realtors and is also a firm statement of support for equal opportunity in housing. A Realtor who suspects discrimination is instructed to call the local Board of Realtors. Local Boards of Realtors will accept complaints alleging violations of the Code of Ethics filed by a home seeker who alleges discriminatory treatment in the availability, purchase, or rental of housing. Local Boards of Realtors have a responsibility to enforce the Code of Ethics through professional standards, procedures, and corrective action in cases where a violation of the Code of Ethics is proven to have occurred.

The California Association of Realtors (CAR) has many local associations throughout the state. Stanislaus County is served by the Central Valley Association of Realtors (CVAR). CVAR holds local real estate members to the professional code of ethics. A resident complaint will be reviewed by the Professional Standards Committee for validity and action.

Similarly, NAREB Realtists follow a strict code of ethics stating that "any Realtist shall not discriminate against any person because of race, color, religion, sex, national origin, disability, familial status, or sexual orientation" (Part I, Section 2, NAREB Code of Ethics) in the sale or rental of real property, in advertising the sale or rental of real property, in the financing of real property, or in the provision of professional services.

Part I, Section 2 of the NAREB Code of Ethics continues to state that any "Realtist shall not be instrumental in establishing, reinforcing, or extending any agreement or provision that restricts or limits the use or occupancy of real property to any person or group of persons on the basis of race, color, religion, sex, national origin, disability, familial status, or sexual orientation."

The California Association of Real Estate Brokers (CALEB), NAREB's state chapter, has 13 local chapters across California. Stanislaus County has a local chapter in Modesto called the Central Valley Realtist Association.

OUTREACH AND EDUCATION

By reaching out to its members with educational opportunities, such as in fair housing law and best practices, the real estate field can have a significant impact on improving fair housing practices in Stanislaus County.

CVAR does not directly offer fair housing educational courses. CAR, however, offers continuous online courses dealing with fair housing requirements and issues. CAR's online license renewal program is available at a nominal fee to CAR members. As part of CAR's online license renewal program, CAR offers a suite of real estate courses. "Fair Housing" is CAR's course that educates realtors on the history of fair housing as well as on current fair housing laws. According to the course description, the course will provide an overview of Federal fair housing laws and an in-depth discussion of individual laws and their application to the practice of real estate. The course also provides CAR members with a study of the State of California's fair housing laws and regulations. The course emphasizes anti-discriminatory conduct that all licensees should practice and concludes by discussing the voluntary affirmative action marketing program and why promoting fair housing laws is a positive force at work in California and throughout the nation.

NAREB was formed by African American real estate professionals out of a need to secure equal housing opportunities regardless of race, creed, or color. NAREB passes down its mission of "promoting democracy in housing" to its state and local chapters. NAREB offers trainings and multiple conferences. NAREB's California Chapter offers statewide conferences to educate its members. The most recent conference was held in October 2014: State of Housing in Black California – The Stolen American Dream.

RENTAL AND PROPERTY MANAGEMENT

Renters constitute a significant portion of the population in Stanislaus County. California is the nation's largest rental market, providing approximately 5.9 billion rental units and homes for 17 million residents.⁸ According to the U.S. Census, Stanislaus County's housing units consist of 40.9 percent rental units (approximately 68,000 units), which is a higher than the national average at 34 percent. California's overall rental rate is higher at 44 percent.⁹

According to the San Joaquin Valley Fair Housing and Equity Assessment, the valley "is home to a disproportionate number of economically and socially vulnerable populations, including farm workers, immigrants, renters, homeowners facing foreclosure, and people with disabilities." Additionally, non-Whites face more challenges in the housing market due to their "economic conditions, immigration status, linguistic isolation, and larger family size." Many of these vulnerable populations will be seeking to rent, putting great responsibility on property management companies and owners to use non-discriminatory practices.

When looking to rent their property, landlords and property management companies want to find responsible and reliable tenants while also following fair housing laws. An unclean or irresponsible tenant can cost the owner additional time and money. However, it is equally important for landlords to understand fair housing laws and implement fair housing practices.

⁸ California Apartment Association, www.caanet.org/industry (February 24, 2015).

⁹ American Community Survey, 2008–2012.

RENTAL AND PROPERTY MANAGEMENT – SELF-REGULATED

The California Apartment Association (CAA) is the country's largest statewide trade association for rental property owners and managers. CAA incorporated in 1941 to serve rental property owners and managers throughout California. CAA represents rental housing owners and professionals who together manage more than 1.5 million rental units. CAA has a local association that services Mariposa, Stanislaus, and Tuolumne counties called CAA-Central Valley. The Central Valley office is located in Modesto.

CAA supports the spirit and intent of all local, State, and Federal fair housing laws for all residents without regard to color, race, religion, sex, marital status, mental or physical disability, age, familial status, sexual orientation, or national origin. When signing up to become a member of the California Apartment Association, new members agree to abide by the following provisions of their Code of Ethics and Code of Equal Housing Opportunity. The Code of Equal Housing Opportunity reads as follows:

- ◆ We agree that in the rental, lease, sale, purchase, or exchange of real property, owners and their employees have the responsibility to offer housing accommodations to all persons on an equal basis;
- ◆ We agree to set and implement fair and reasonable rental housing rules and guidelines and will provide equal and consistent services throughout our resident's tenancy;
- ◆ We agree that we have no right or responsibility to volunteer information regarding the racial, creed, or ethnic composition of any neighborhood, and we do not engage in any behavior or action that would result in steering; and
- ◆ We agree not to print, display, or circulate any statement or advertisement that indicates any preference, limitations, or discrimination in the rental or sale of housing.

CAA provides members with tenant screening services, application forms, and other types of landlord-tenant forms, which if used by CAA members provide legal procedures for processing rental applications and resolving tenant issues. Further, should landlords stay within these guidelines, they will likely avoid committing housing violations.¹⁰ CAA offers a landlord helpline where landlords can call and speak to an attorney about their responsibilities. Lastly, all members receive a fair housing flyer to post on-site at their properties which states that it is illegal to discriminate based on the protected classes.

When CAA receives complaints about potential fair housing violations, the association provides tenants with information on their rights and then refers them to the California Department of Fair Employment and Housing to file a claim. The Executive Director of CAA's Central Valley branch stated that her experience has been that most tenant complaints are about non-CAA members. The director said that these non-CAA members are "mom and pop" shops with little training and are unaware of the laws. For this reason, CAA makes additional efforts to try to reach these smaller operations through outreach events and the landlord helpline.

LOCAL PROPERTY MANAGEMENT COMPANIES

Some of the largest rental companies in Stanislaus County¹¹ include Liberty Property Management, Cornerstone Property Management, Matel Realtors, Marshall Perry, GreenGate Property Management, and Stanislaus Property Management. Half of these management companies are CAA members.

¹⁰ Conversation with CAA Executive Director, Fresno branch, 2/26/15.

¹¹ According to Mark Gallvan, Case Manager, at Project Sentinel for fair housing and land-lord tenant issues.

OUTREACH AND EDUCATION

CAA offers a Certificate in Residential Management, which requires a course on fair housing law. In addition, the CAA website provides links to the Fair Housing Institute and Fair Housing Network. Members receive CAA Issue Insight, an online publication that provides in-depth discussion of fair housing or landlord-tenant issues. CAA offers training opportunities across the state and in Modesto. CAA has a landlord helpline open Monday through Friday where landlords can ask questions about landlord-tenant issues and property management. Questions can be submitted online or over the phone. CAA also provides free forms online to its members, such as rental applications and lease agreements. CAA provides fair housing information to renters at outreach events.

SMALL “MOM AND POP” OWNERS

It is important to analyze small mom and pop owners in the Stanislaus Urban County and the City of Turlock because they are most likely to unintentionally commit fair housing violations; however, they are the most difficult to reach and their relative size is unknown. These owners constitute an individual or a small group of individuals that rent one or a few units; they generally have less training and professional background. Renting property is a secondary business for them and often not their main profession. Further, they often form verbal contracts with tenants instead of written contracts, and they are unfamiliar with their rights and responsibilities.

CAA reports that the majority of mom and pop owners do not have ownership with CAA and are deterred by the time and cost to join, even though the actual benefits of joining outweigh the costs when they run into issues. CAA also finds that the majority of landlords who call the helpline are these mom and pop owners. CAA encourages them to attend training and to utilize services as members.

With less training, the typical means of housing associations to prevent fair housing violations is less effective. Until these owners seek more training, claims brought by individuals remain the primary means of educating and enforcing fair housing laws with these individuals. (See the Fair Housing Complaints and Enforcement section for more information). Educating potential tenants on their fair housing rights is key to enforcement in these circumstances. Increasing efforts to reach and train private owners would also be beneficial.

FINANCIAL INSTITUTIONS AND MORTGAGE LENDING

See section on Mortgage Lending.

ADVERTISEMENT

In February 2015, a review of rental housing advertisements for all of Stanislaus County and Turlock was conducted to identify any fair housing impediments. Advertisements were examined for language that explicitly or implicitly indicated that housing would not be made available to persons based on membership in a protected class or that there would be preferences for or bias against persons belonging to a protected class. No advertisements were found that would indicate unfair housing practices.

Fifty rental advertisements were surveyed across 11 sources including property management companies, newspapers, and other online listings. The following sources were reviewed:

- ◆ Liberty Property Management
- ◆ Cornerstone Property Management
- ◆ Matel Realtors
- ◆ Rent.com
- ◆ Craigslist.org
- ◆ ApartmentGuide.com

- ◆ Marshall Perry Inc.
- ◆ GreenGate Property Management
- ◆ Stanislaus Property Management
- ◆ Ceres Courier
- ◆ Turlock Journal

USE OF RESTRICTIVE COVENANTS

Covenants that restrict the ownership or use of real property based on membership in a protected class are prohibited under State and Federal law. Nonetheless, recorded documents with these terms persist.

Today, the California Department of Real Estate reviews Covenants, Conditions, and Restrictions (CC&Rs) for all subdivisions of five or more lots and for condominiums of five or more units. This review is authorized by the Subdivided Lands Act and mandated by the Business and Professions Code, Section 11000. The review includes a wide range of issues, including compliance with fair housing law.

Since 2000, California State law has required that any person or entity providing declarations, deeds, and other governing documents related to the use of real property must place a cover page over the document or a stamp on the first page of the document containing a statement that any restrictive covenants that may appear in the document are null and void and that any person with an interest in the property has the right to request that the language be removed.

SUMMARY OF PRIVATE SECTOR PRACTICES

While the private industry sets standards and policies, there is no internal tracking as to whether members are following those policies and practices as related to fair housing. Providing more education and outreach may help improve practices. Given the data on complaints, there appears to be a lack of knowledge regarding the obligation of landlords and property managers to make reasonable accommodations for disabled persons and to rent to them without regard to disability.

MORTGAGE LENDING (HMDA DATA)

Lending practices in the private sector may impact a household's access to housing. A key aspect of fair housing choice is equal access to credit for the purchase of a home. In the past, financial institutions did not always employ fair lending practices. Credit market distortions and other activities such as redlining prevented some groups from having equal access to credit.¹² This section reviews the lending practices of financial institutions and the access to financing from all households, particularly minority households and those of very low and low- incomes.

COMMUNITY REINVESTMENT ACT

The passage of the Community Reinvestment Act (CRA) in 1977 was designed to improve access to credit for all members of the community. CRA's purpose is to encourage regulated financial institutions to meet the credit needs of entire communities, including very low- and low- income persons and neighborhoods. It is codified under Title 12 Section 2901 of the United States Code (12 U.S.C. § 2901) and implemented by regulations under Title 12, Section 228 of the Code of Federal Regulations (12 C.F.R. § 228). Under CRA, a lending institution must disclose its lending activity by geographic area and type of lending. The Federal Financial Institutions Examination Council (FFIEC), a federal inter-agency, coordinates among several federal bodies to conduct an examination of the lending institution's activities. This examination results in a rating based on several factors. Those that have a poor rating may be required to improve community lending practices as a condition of regulatory agency approval for certain activities such as branch openings, acquisitions, and mergers. CRA has undergone several legislative changes since 1977 and was substantially revised in 2005.

HOME MORTGAGE DISCLOSURE ACT

The Home Mortgage Disclosure Act (HMDA), enacted by Congress in 1975 (12 U.S.C. §2801) and implemented by the Consumer Financial Protection Bureau (CFPB) under Regulation C (12 C.F.R. § 1003), requires lending institutions to report public loan data. Analyzing this data can reveal patterns of lending by race and location that may indicate discriminatory practices in mortgage lending.

To prepare this analysis, 4,727 records of lender actions were pulled from the 2013 HMDA data set (for calendar year 2013) for Stanislaus County and the City of Turlock. These lender actions represent a lenders' response to a request from a consumer to obtain a new home loan to purchase a primary residence.

Lender actions related to home improvement loans, refinancing, and to purchase properties that will not be owner-occupied were excluded. Lender actions that did not show a loan type were also excluded, as were records of loan transactions between banks and "pre-approval" requests.¹³

LENDING ACTION VOLUME BY RACE AND ETHNICITY

Tables 33 and **34** provide a summary of the results of home loan applications by race and ethnicity for Stanislaus County. Originations indicate loan applications that were approved. Denials indicate loan applications that were accepted as complete applications with the proper paperwork but were denied. Failures indicate applications that were not accepted as complete applications with the proper paperwork

¹² Redlining is a now illegal and discontinued practice where banks would not extend mortgage credit to purchase homes in certain areas. The banks would use maps wherein these areas were marked with red ink.

¹³ Please see the note at the end of this section for a technical discussion of how the raw HMDA data was filtered to create the data set analyzed.

because they were closed for incompleteness, withdrawn by the applicant, or approved but not accepted. Approved but not accepted means that customary loan-commitment or loan-closing conditions such as an acceptable property survey, an acceptable title insurance binder, clearing title requirements, or clearing a termite inspection were not met. As shown in **Table 33**, persons reporting White made up more than 75 percent of loan applications in the County. As shown in **Table 34**, roughly 32 percent of loan applicants were persons reporting ethnicity as Hispanic or Latino.

TABLE 33

Source: Home Mortgage Disclosure Act, 2013 LAR and TS Raw Data

Figures 1 and 2 provide a visual comparison of the share of loan applications by race in 2013 (**Figure 1**) to the share of the whole population by race in 2013 (**Figure 2**). When compared to the general population of Stanislaus County (per the 2013 American Community Survey), the data set is roughly representational. Persons reporting race as Black or African American were slightly underrepresented as loan applicants, while persons reporting race as Asian and White were slightly overrepresented as loan applicants.

FIGURE 1
2013 LOAN APPLICATIONS BY RACE, STANISLAUS COUNTY

FIGURE 2
2013 POPULATION BY RACE, STANISLAUS COUNTY

LENDING ACTION RATES BY RACE AND ETHNICITY

To reveal differences in lending action rates by race and ethnicity, histograms were created to compare the rate of outcomes by race and ethnicity.¹⁴ The histograms are scaled to be roughly equal in size so that differences in lending volume are minimized.

In the overall data set (**Figure 3**), approximately 13 percent of all applications were denied and 17 percent resulted in failure. Seventy percent of all applications resulted in loan origination.

AMERICAN INDIAN OR ALASKA NATIVE

For persons in the American Indian or Alaska Native racial category, the origination rate was slightly lower than for the overall population and the denial rate slightly higher. The denial rate was 15 percent and the loan origination rate was 68 percent.

As shown in **Table 35**, the Unincorporated County had the largest share of denied loan applications. However, these rates are essentially meaningless because only 15 applications were denied for persons in the American Indian or Alaska Native racial category in 2013. There was 1 denial in the City of Turlock.

¹⁴ It should be noted that the variable used to segregate the data by race and ethnicity was "Applicant Race 1" and "Applicant Ethnicity." Co-applicant information and other races reported by the applicant were not considered.

FIGURE 4

Note: Percentages do not add up to 100% because data for Modesto is included in the total but not called out in the table.

Note: HMDA reports data at the census tract level, making it difficult to distinguish loan action for tracts that share multiple jurisdictional boundaries. However, the data provided in the table describes general areas of the County.

HAWAIIAN OR PACIFIC ISLANDER

For persons in the Hawaiian or Pacific Islander racial category, the origination rate and the failure rate were slightly lower and the denial rate slightly higher than for the overall population.

As shown in **Table 36**, Ceres had the largest share of loan applications resulting in denial. However, these rates are essentially meaningless because only 9 applications were denied for persons in the Hawaiian or Pacific Islander racial category in 2013. There was 1 denial in the City of Turlock.

BLACK OR AFRICAN AMERICAN

For persons in the Black or African American racial category, the denial rate was lower than the overall population and the failure rate higher. The denial rate was also lower than for other racial categories. The origination rate was the same as for the overall population. Lenders denied almost 1 in 5 loan applications, and about 1 in 8 applications resulted in failure.

As shown in **Table 37**, Patterson had the largest share of loan applications resulting in denial. Since there are few applications that resulted in denial, these rates are not very meaningful. There was 1 denial in the City of Turlock.

OTHER OR NO INFORMATION

For persons in the Other or No Information racial category, the records that indicated a race of “other” or where no race information was provided had higher denial and failure rates than the overall population and the origination rate was lower. Twenty-two percent of loan applications resulted in failure and 19 percent resulted in denial.

As shown in **Table 38**, the Unincorporated County had the largest share of loan applications resulting in denial, followed by Ceres and Patterson. There were 6 denials in the City of Turlock, consisting of 8 percent of denials in the County.

ASIAN

Persons in the Asian racial category had higher denial and failure rates than the overall population and the origination rate was lower. About 1 in 6 applications were denied and another 1 in 5 applications resulted in failure.

As shown in **Table 39**, the Unincorporated County had the largest share of denied loan applications, followed by Ceres. There were 7 denials in the City of Turlock, consisting of 12 percent of denials in the County.

WHITE

For persons in the White racial category, the origination rate was slightly higher than the overall population and higher than all other subgroups, with denials lower than the aggregate and other subgroups. It is more likely that a loan was originated for an applicant reporting race as White. Hispanic or Latino persons are included in the White racial category.

As shown in **Table 40**, the Unincorporated County had the largest share of loan applications resulting in denial, followed by Turlock and Ceres. There were 49 denials in the City of Turlock, consisting of 11 percent of denials in the County.

HISPANIC

When the data is grouped by applicants that responded as Hispanic, Not Hispanic, and No information provided for Hispanic ethnicity, denial, failure, and origination rates varied from the aggregate. Applicants who reported Hispanic showed a slightly greater share of denials and failures and a slightly lower share of approvals when compared to the aggregate.

As shown in **Table 41**, the Unincorporated County had the largest share of denied loan applications, followed by the Ceres and Patterson. There were 19 denials in the City of Turlock, consisting of 9 percent of denials in the County.

MORTGAGE LENDING BY AREA

The same data set used to analyze mortgage lending by race and ethnicity was used to analyze mortgage lending by area. The HMDA data reports loans by the census tract of the home being purchased. The goal of this analysis is to detect whether there are geographic patterns of mortgage credit availability, and specifically whether there are any correlations between availability of home loans with geographic race, ethnicity, or income characteristics.

Loan applications were analyzed by census tract and mapped. All areas in Stanislaus County were mapped by quartile and show the volume and rate of each lending action: origination, denial, and failure. Lending action maps are located in **Appendix 4**.

HMDA data is organized into the 89 countywide census tracts (2000 census tract boundaries). Seventy percent of loan applications across all census tracts in the County resulted in origination, 17 percent resulted in failure, and 13 percent resulted in denial. The lending action data indicates that origination is more likely than failure for the County as a whole; however at the census tract level, some areas in the County have much smaller shares of loan origination.

As shown in the origination rate map, found in **Appendix 4** (mapped rates of origination by countywide quartiles), the areas that fall within the highest quartile (74.9 percent to 86.7 loan origination rates) are located in and around the cities of Turlock, Hughson, Modesto, and Oakdale.

Areas that fall within the mid-range quartiles for rates of origination (62.6 percent to 74.8 percent) consist of a majority of the County and include unincorporated areas in the southwestern and eastern portions of the County, including Patterson and Newman.

The lowest quartile for rates of origination is made up of census tracts with 62.5 percent or less of actions resulting in loan origination. The areas making up the lowest quartile rate of origination include portions in the center of the County in and around Modesto and Ceres and south of Turlock.

Of those census tracts that fall within the lower quartile, three have a share of less than 50 percent origination, meaning it is more likely for loan applications to result in failure than origination. **Table 42** displays census tracts with less than 50 percent loan origination. The census tracts shown in **Table 42** with significantly low rates of origination are 16.04 (42 percent), 22 (41 percent), and 26.02 (47 percent).

Two of these census tracts have so few application records that the resulting rates are meaningless (16.04 and 22). The remaining census tract (26.02) is located in Ceres. It is important to put this census tract with a low origination rate into context with the characteristics of the census tract. These characteristics include minority concentration, Hispanic concentration, and low/moderate-income concentration.

MINORITY CONCENTRATION

The census tract (26.02) has a concentration of minorities that is similar to that of Stanislaus County as a whole. This census tract has a minority population share that is in the range of 8.55 to 13.28 percent (see **Map 11** in **Appendix 5**).

HISPANIC CONCENTRATION

The census tract (26.02) has a highly concentrated population of Hispanic individuals. The concentration of Hispanic persons in the census tract is 52 percent (see **Map 12** in **Appendix 5**).

LOW/MODERATE-INCOME CONCENTRATION

As described in the Consolidated Plan, areas with a low/moderate-income population greater than 51 percent of total households are considered to be target areas. The census tract (26.02) is located in a low/moderate-income area with a low/moderate-income population share that ranges between 51 and 75 percent (see **Map 13** in **Appendix 5**).

TABLE 42

| 16.04 | Modesto | 19 | 26% | 32% | 42% |
| 22 | Modesto | 22 | 27% | 32% | 41% |
| 26.02 | Ceres | 38 | 18% | 34% | 47% |

Source: Home Mortgage Disclosure Act, 2013 LAR and TS Raw Data

GEOGRAPHIC DISTRIBUTION OF HIGH PRICED LOANS

Under Regulation C of the Home Mortgage Disclosure Act, lenders are required to report the difference between the annual percentage rate (APR) of originated loans and the average prime offer rate. The prime rate is the rate that prime borrowers can expect to receive. Subprime borrowers receive higher APRs than prime borrowers, meaning that subprime borrowers pay more for mortgage financing.

The HMDA data set reports the rate spread for all originated loans. The rate spread represents the difference between the APR and the prime rate at the time of loan purchase. Essentially, the rate spread reports the rate that borrowers pay in excess of the prime rate. For first-lien loans, lenders are required to report the rate in excess of 1.5 percent of the prime rate. For subordinate-lien loans, lenders are required to report the rate in excess of 3.5 percent. For example, if a borrower secures a first-lien mortgage with an 8 percent APR when the prime rate is 5 percent, the rate spread reported in the HMDA data set is 1.5 percent $[8-(1.5 \times 5)=1.5]$. Loans with a reported rate spread are considered high cost or subprime loans.

Table 43 reports the share of high priced loans originated for owner-occupied home purchases in all jurisdictions in the Stanislaus Urban County and the City of Turlock. Because HMDA data is reported by census tract, there may be some overlap of reporting between jurisdictions; however, no duplicated loan records are reported. As shown, 14.4 percent of originated loans in the County are high priced loans. Of the cities, Newman (29.5 percent) and Ceres (19.6 percent) have the largest share of high cost loans and Hughson (7.8 percent) the lowest. Turlock had 45 high priced loans, consisting of 10 percent of the high priced loans in the County.

TABLE 43
2013 HIGH PRICED LOANS FOR CONSORTIUM JURISDICTIONS,

Note: Percentages do not add up to 100% because data for Modesto is included in the total but not called out in the table.

Note: HMDA reports data at the census tract level, making it difficult to distinguish loan action for tracts that share multiple jurisdictional boundaries. However, the data provided in the table describes general areas of the County.

SUMMARY OF FINDINGS

It is difficult to determine to what extent an applicant's race, ethnicity, or income characteristics influence whether a loan application is originated, denied, or fails. A complete picture is not available of the reasons why a loan application is denied or fails and whether an applicant's race, ethnicity, or income had any influence on the denial or failure of an application. However, a general description can be provided of whether any correlations exist between race, ethnicity, and income characteristics with the ultimate origination, denial, or failure of an application.

In general, it is more likely that loan application requests result in origination, meaning that a greater share of loan applications originate than fail. Loan applications for each race do not vary greatly from the aggregate results of lending actions in Stanislaus County. However, denial and failure rates of applications for racial and ethnic minorities tend to be slightly higher than the aggregate.

Applicants reporting their racial category as Asian experience lower rates of origination than all other subgroups. Sixty-three percent of all loan applications for Asian persons originated. Of the 37 percent of applications that failed to originate, 17 percent were a result of denial and 20 percent were a result of failure to be accepted, being withdrawn, or closed for incompleteness.

The higher than expected rate of denied loan applications for Asian persons signifies an opportunity to direct policies toward making homeownership opportunities more available, through pre-purchase counseling, financial literacy, nontraditional credit building, credit counseling, and alternative credit rating.

Areas of low origination rates tend to be in the central portion of the County, particularly in and around Modesto and Ceres and south of Turlock. These areas also have high concentrations of Hispanic persons and low- and moderate-income households.

CLAIMS AND ENFORCEMENT

FAIR HOUSING COMPLAINTS AND ENFORCEMENT

Patterns of complaints and enforcement are useful to assess the nature and level of potentially unfair or discriminatory housing practices in the private sector. Additionally, when enforcement practices are consistent and well known, housing industry associations are likely encouraged to help their members stay better informed and well trained on fair housing laws. Enforcement may also encourage the housing industry to continue self-regulating. Furthermore, the result of one claim can remedy an individual's situation to have access to housing. In addition, a claim can bring new information to a renter/owner about fair housing laws and can even improve practices for their other units or properties, thus benefitting many other residents.

Several public and private agencies may receive complaints about unfair housing practices or housing discrimination. At the Federal level, the Office of Fair Housing and Equal Opportunity (FHEO) of the U.S. Department of Housing and Urban Development (HUD) receives complaints of housing discrimination. FHEO will attempt to resolve matters informally. FHEO may act on those complaints if they represent a violation of Federal law and FHEO finds that there is "reasonable cause" to pursue administrative action in Federal court.

HUD has two programs that provide funds to State and local agencies to conduct fair housing activities, called the Fair Housing Assistance Program (FHAP) and the Fair Housing Initiatives Program (FHIP). California Rural Legal Assistance and Fair Housing Council of Central California are the only two FHIP grant recipients that serve Stanislaus Urban County.

At the State level, the California Department of Fair Employment and Housing (DFEH) has a similar role to FHEO. DFEH also receives, investigates, attempts to settle, and can take administrative action to prosecute violations of the law. HUD and DFEH have some overlap in jurisdiction, and depending on the nature of the case, may refer cases to one another. DFEH is a HUD FHAP grantee for California, meaning that it receives funding from HUD to enforce Federal fair housing laws in California. While multiple State or local government agencies can be FHAP grantees, DFEH is the only FHAP grantee in California.

At the local level, Stanislaus Urban County and City of Turlock provide fair housing services through Community Development Block Grant (CDBG) funds. These services are contracted out to Project Sentinel, a local nonprofit. Project Sentinel's fair housing activities are also supported by HUD FHIP grant funds.

The DFEH and local agencies enforce both Federal and State fair housing laws, whereas the FHEO only enforces federal fair housing laws. The Federal Fair Housing Act makes it illegal to discriminate against people in the sale or rental of housing based on race/ethnicity, color, religion, familial status, disability, national origin, and gender. For California agencies, the Fair Employment and Housing Act (FEHA) and the Unruh Civil Rights Act also make it illegal to discriminate based on ancestry, marital status, sexual orientation, source of income, or any other arbitrary forms of discrimination.

Private nonprofit fair housing organizations also process complaints and provide valuable outreach and education to potential renters/buyers and housing industry professionals in the area. In addition to Project Sentinel, local groups include California Rural Legal Assistance, Community Housing and Shelter Services, Habitat for Humanity-Stanislaus, and Fair Housing Council of Central California. Additionally, national advocacy organizations like the National Fair Housing Alliance promote fair housing policies and practices on the national, state, and local levels.

The U.S. Department of Justice has authority to bring fair housing-related claims as well, although its jurisdiction is limited compared to HUD and DFEH.

HUD estimates that the number of reported complaints represents less than 1 percent of the four million instances of housing discrimination that occur each year. Claims are underreported for several reasons: (1) the buyer/renter is unaware of the unfair practices; (2) the person does not know where to go for assistance; (3) the person believes nothing will be done about the problem; or (4) the person fears negative consequences such as eviction from a current or future place.

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT, OFFICE OF FAIR HOUSING AND EQUAL OPPORTUNITY

The San Francisco HUD office provided information on fair housing complaints and cases in Stanislaus County for the period January 1, 2012, through December 31, 2014. Over this three-year period, HUD reported 25 fair housing complaints originating in the County. Nine of those originated in the Stanislaus Urban County and two were from the City of Turlock. This is an increase in the total number of claims as compared to seven total claims brought during a previous five-year period (2005–2010). Reasons for this increase are unknown, such as whether unfair practices have increased or whether potential renters/buyers experience the same but know where to seek assistance. Other possible factors include HUD's recent increased efforts to enforce fair housing laws, including increased funds to state agencies and nonprofits for processing claims.¹⁵ Additionally, in response to the foreclosure crisis, Federal funding has increased for housing counseling services, which teach fair housing laws as part of homebuyer and rental education classes.

Each fair housing claim can be based on one or more violations against a protected class under Federal and State laws. HUD will process claims based exclusively on Federal protected classes. For State specific categories or claims that involve both Federal and State, HUD refers the case to DFEH. Eight of the eleven cases were transferred to or jointly filed with DFEH. The following discussion includes those cases transferred to DFEH since **information from DFEH has not been received as of the date of this document.**

In both Stanislaus Urban County and City of Turlock, the most common basis for a claim was disability (physical or mental), reported at 90 and 100 percent, respectively. This is when an individual or a family is given different treatment in their housing selection or housing condition, such as being told no units are available to them when they are, or a requested reasonable accommodation/repair is refused even when the tenant offers to pay. This high rate of disability bias is consistent with national and California State trends which find disability reported as the basis in about half the claims. The next highest category in both Stanislaus Urban County and City of Turlock is retaliation. Under the Fair Housing Act, property owners or management companies cannot take negative action against a tenant for having asserted their fair housing rights. Of the two cases in the City of Turlock, a claim was also based on national origin bias in addition to disability. Due to the small number of claims (eleven total) in Stanislaus Urban County and City of Turlock over the last three years, it may be helpful to consider the data from the entire County. Following, in order, the County-wide data reveals the following order of bases, after disability: race, familial status, national origin, and sex. Except for retaliation, which is not measured as a separate basis in national data, this is parallel with national trends.

A breakdown of complaint basis for Stanislaus Urban County and City of Turlock can be found in **Tables 45 and 45.1** below. Note that the total number of complaint bases is more than the number of cases filed because each case filed can claim up to four bases.

Approximately half the cases were closed due to “no cause,” while half settled or obtained a court resolution. Of those resolved, half resulted in compensation for the plaintiff. Settled cases means the two parties came to an agreement, whereas cases that resulted in conciliation involve HUD as a third-party to the agreement. In conciliation, HUD may put additional requirements on the parties, such as requiring the landlord to complete fair housing training, and is responsible for enforcing the agreement. When a case is

¹⁵ National Fair Housing Alliance, *Fair Housing Trends Report (2012)*.

closed due to “no cause” this means that HUD initially found the claim to exhibit a violation of the law, but that after a thorough investigation, sufficient evidence was not found. While discrimination may have occurred, the evidence is inadequate for proving a violation.

CALIFORNIA DEPARTMENT OF FAIR HOUSING AND EMPLOYMENT (DFEH)

The California Department of Fair Employment and Housing provides records of housing complaints filed in the Stanislaus Urban County and City of Turlock. **Note: data has been requested from DFEH but not received as of the date of this document.**

A claim can be filed either by phone or mail with the DFEH. Complaint forms are available online and can be submitted in English or Spanish. After a formal interview, DFEH may choose to investigate the claim, in which case the entity/individual accused is notified and given the opportunity to resolve the case informally and can do so at any time during the process. The parties are also given the opportunity, free of charge, to participate in dispute resolution or mediation. Once the investigation is complete, the case may be closed due to no violation of law, or if the case has merit, free, mandatory dispute resolution begins. If parties fail to achieve a resolution, DFEH will file the case in civil court.

The County statistics are (similar/dissimilar) **Note: data has been requested from DFEH but not received as of the date of this document** to statewide trends. In 2013, DFEH reported that most common bases statewide are, in order: disability, race/color, retaliation, and familial status. A slightly different order was reported in 2012: disability, national origin/ancestry, familial status, and race/color. Minor differences were also reported in 2011: disability, familial status, race/color, and national origin/ancestry. In all of these years, the disability category stands well above the others, approximately one-third or one-fourth of the total. HUD and advocacy organizations have taken measures to address the need for disabled persons to access adequate housing, as discussed further in the section discussing Nonprofit Fair Housing Organizations below.

STANISLAUS COUNTY AND CITY OF TURLOCK

Stanislaus County, on behalf of the Stanislaus Urban County’s Community Development Block Grant (CDBG), contracted with Project Sentinel, a HUD-certified fair housing agency, to carry out its Fair Housing Program. Using its own CDBG funds, The City of Turlock also contracted with Project Sentinel to provide identical fair housing services.¹⁶ Funds are used to provide services that enable and empower community members to have open and informed housing opportunities and to overcome housing discrimination. The primary objective is to enforce fair housing laws via investigation into claims of housing discrimination, as well as to raise the level of awareness of fair housing rights and responsibilities among potential renter or buyers, owners, managers, and the general public. Additional activities include providing fair housing information, housing counseling, and tenant/landlord mediation services. Project Sentinel provides housing advocacy to the residents through community forums, town hall meetings, and housing fairs.

NONPROFIT FAIR HOUSING ORGANIZATIONS

Housing advocates report that the majority of fair housing cases filed with HUD or their state FHAPs originate with private fair housing organizations. This is true in the Stanislaus Urban County and City of Turlock where the number of claims both received and processed by local nonprofits is significantly higher than the number received or processed with HUD or the California DFEH. To illustrate, in the Stanislaus Urban County and City of Turlock, Project Sentinel and California Rural Legal Assistance (CRLA) are nonprofits that processed over 130 fair housing claims over the last three years. This stands high above HUD and DFEH which only processed X claims. **Note: data has been requested from DFEH but not received as of the date of this document.** It is important to point out that CRLA and

¹⁶ The County and City of Turlock issued joint- requests for proposal for fair housing services.

Project Sentinel engage in more fair housing activities than HUD or DFEH. HUD and DFEH process claims; whereas, these organizations, and so their numbers include not just cases that result in a filing of a fair housing claim. Instead, these organizations will provide counsel and advice or will help the parties negotiate a settlement without litigation. Thus, their numbers reflect this larger universe of activities. Habitat for Humanity-Stanislaus does not process claims but receives complaints and refers them to the appropriate agency. Habitat for Humanity- Stanislaus referred approximately 150 claims to Project Sentinel for fair housing disputes from July 2013 to June 2014.

Additionally, most claims that originate with CRLA and Project Sentinel and proceed to litigation will be filed with HUD or DFEH to process. CRLA/Project Sentinel may continue to support the claimant. Data is not available for separating out duplicative cases that might be part of both Project Sentinel/CRLA numbers and HUD/DFEH numbers.

Since 2004, the Federal government's annual budget increased from \$20.25 million to \$40.1 million in 2014 for the Fair Housing Initiatives Program (FHIP), which is HUD's main source of fair housing-related funds. Project Sentinel, California Rural Legal Assistance and Fair Housing Council of Central California are all FHIP sub-grantees. Project Sentinel uses FHIP funding, as well as other sources, to supplement its fair housing services in Stanislaus County and City of Turlock. These three FHIP grantees will need to reapply for funds every one to three years, depending on the terms of their original grant. HUD funding for fair housing is determined on a yearly basis by Congress. Given these conditions, continued funding for these fair housing programs in Stanislaus is uncertain.

Project Sentinel – Stanislaus Urban County

From July 1, 2011, through June 2014, Project Sentinel processed 66 fair housing cases in Stanislaus Urban County¹⁷. It is important to note that outcomes for Project Sentinel will be different from HUD and DFEH because HUD and DFEH solely process claims whereas Project Sentinel may refer the claim to HUD or council the client without a claim being filed. Additionally, HUD only processes claims based on federal protected classes, whereas DFEH and nonprofits will advocate and process claims based on state protected classes.

In Stanislaus Urban County, Project Sentinel processed 26 fair housing cases and 38 tenant/landlord cases in Fiscal Year 2011–2012.¹⁸ Of the 26 cases that were opened, 17 were disability related, 2 were race related, 1 was related to family status, 1 was related to gender, and 5 were related to source of income. Additionally, 45 tenant-landlord cases were successfully counseled and educated in fair housing and/or reached conciliatory agreements. In these disputes, Project Sentinel provides the tenant and the landlord with fair housing information.

In Fiscal Year 2012–2013, Project Sentinel processed 25 fair housing cases. Of the 25 cases that were opened, 20 were disability related, 4 were income source related, and 1 was related to family status. Fifty-five tenant-landlord cases were successfully counseled and educated in fair housing and/or reached conciliatory agreements.

Throughout Fiscal Year 2013–2014, Project Sentinel processed 15 fair housing cases and 15 tenant/landlord cases. Services provided for these cases included testing, canvassing, statistical analysis, witness interviews, and counseling. Of the 15 cases that were opened, 9 were disability related, 2 were race related, 2 were related to familial status, 1 was related to gender, and 1 was related to intimidation and harassment. Six of the 15 tenant/landlord cases were successfully counseled and educated in fair housing and/or reached conciliatory agreements.

¹⁷ Unless noted, all Project Sentinel data contained in this report cover Stanislaus Urban County geography.

¹⁸ Fiscal Year means the County's Fiscal Year, which is defined as July 1 through June 30 of the corresponding year. If the Fiscal Year is not mentioned before a specific year (i.e., 2013), then usually the period from January 1 through December 31 applies.

Analysis of Impediments to Fair Housing Choice

Project Sentinel – City of Turlock

From July 1, 2001 through June 2014, Project Sentinel processed 23 fair housing cases in the City of Turlock. The type of bases, in order, include: disability (12), race (4), familial status (2), source of income (2), and age (1), sexual orientation (1) and other arbitrary reasons (1).

California Rural Legal Assistance

CRLA processed 35 fair housing cases during 2012 and 2013, and an additional 35 cases in 2014, totally 70 fair housing claims. CRLA did not have specific data available for discrimination basis or type of resolution for each claim. CRLA data covers all of Stanislaus County and was not available by City.

DEPARTMENT OF JUSTICE

The U.S. Department of Justice also brings fair housing discrimination claims. Its jurisdiction includes cases involving a pattern or practice of housing discrimination. In 2013, the Department of Justice responded to more than 1,200 complaints and because most complaints were outside the Departments' jurisdiction, they opened 153 new cases for investigation. Forty-three cases were filed for patterns or practice of discrimination, which is higher than the 36 cases filed in 2012 and 41 in 2011. Of those 43 cases, five involved fair lending for home loans and 11 involved rental discrimination on the basis of race, disability, sex, familial status, national origin, or religions. In 2012,

ADVOCACY ORGANIZATIONS

Advocacy organizations like the National Fair Housing Alliance (NFHA) have been influential in decreasing fair housing law violations. Their influence can even be felt on a local level. For example, as a result of NFHA investigations, HUD and NFHA partnered to bring suit against bank-owned properties or REO (real estate owned) properties. They successfully reached a settlement with Wells Fargo. As part of the settlement, Wells Fargo will invest \$39 million in 45 communities to support homeownership, neighborhood stabilization, property rehabilitation, and housing development. Several of those cities are located in California's hardest hit foreclosure cities, including Modesto. Wells Fargo also committed to improving its maintenance and marketing practice with REO properties by extending the time that an REO is exclusively available to purchase by owner-occupants or nonprofit organizations. NFHA and HUD have filed suits with several other banks with REO properties. Future settlements could also impact Stanislaus County.

OUTREACH AND EDUCATION

Nonprofit fair housing organizations provide a multitude of fair housing-related services in the Stanislaus Urban County. Project Sentinel, Habitat for Humanity-Stanislaus, California Rural Legal Assistance, and Community Housing and Shelter Services are local agencies that are active in educating the public and industry professionals on fair housing laws. Project Sentinel and California Rural Legal Assistance process fair housing claims, while Habitat for Humanity-Stanislaus and Community Housing refer fair housing claims to other entities.

Project Sentinel

Project Sentinel provided information and referral services to 1,104 individuals and participated in 82 fair housing events from July 1, 2011, through June 30, 2014.

During Fiscal Year 2011–2012, Project Sentinel provided 22 fair housing presentations to client groups or other agencies. These fair housing events encompass meetings and presentations where educational materials, fair housing literature, agency flyers, or business cards were distributed to the attendees or left at sites for public display.

Additionally, in Fiscal Year 2012–2013, Project Sentinel attended and participated in 36 events. Outreach activities were conducted at the Laos Central Baptist Church, Bridge Community Center, Black History Month Celebration, Stanislaus Board of Education, senior apartment complexes, Patterson School District, local property management companies, NAACP, Valley Regional Medical Center, Turlock City Hall, Turlock Main Library, Stanislaus County Public Works, Stanislaus County Housing Authority, Stanislaus Pride Center, and United Way of Stanislaus.

In Fiscal Year 2013–2014, Project Sentinel conducted 24 outreach activities, including outreach to the Stanislaus County District Attorney's Office, a local LGBT support group, League of United Latin American Citizens, Employment Development Department, Focus Health, Black History Month Celebration, Mo Pride Gay Pride celebration, Women's Haven, Turlock Housing Program Services, Turlock Housing Collaborative, Stanislaus County Family Justice Center, Area Agency on Aging,

Analysis of Impediments to Fair Housing Choice

Stanislaus County Superior Court Law Library, Turlock Chamber of Commerce, Stanislaus Catholic Charities, Stanislaus County Self-Help Center, Stanislaus County Social Services, and Community Impact Central Valley.

The fair housing hotline received a total of 446 tenant-landlord and fair housing calls during the period from July 1, 2011, through June 30, 2014. Tester training and recruitment was conducted throughout those years as needed. Tester training can be a valuable outreach tool to encourage education on better fair housing practices to the private sector. It is also one method of enforcement that is useful for uncovering discrimination that is difficult for potential renters and buyers to detect themselves. Testers go into the field, modeling a certain protected class, and determine whether a real estate professional, landlord, or property management company treats them unfairly.

Project Sentinel's fair housing programs served a total 1,104 individuals from July 1, 2011, to June 30, 2014. Fiscal Year 2011–2012 has been separated to show the large reduction in services in recent years.

TABLE 47
PROJECT SENTINEL'S FAIR HOUSING PROGRAM, NUMBER OF INDIVIDUALS SERVED

| City | Fiscal Years 2012 through 2014 | Fiscal Year 2011–2012 |
|----------------------------|---------------------------------------|------------------------------|
| Ceres | 148 | 108 |
| Newman | 48 | 36 |
| Oakdale | 60 | 109 |

| Turlock | 299 | 250 |
| Subtotal | 586 | 518 |
| County Total | 1,104 | |

Project Sentinel strives to provide education and outreach because many residents and smaller mom and pop owners are unaware of their rights and responsibilities under fair housing laws.

In addition to the above services, Project Sentinel's housing and mortgage counseling services include reviewing files for potential fair housing issues. Moreover, Project Sentinel's housing counseling training sessions including first-time homebuyer classes, which include a component in fair housing laws.

California Rural Legal Assistance

CRLA began providing biweekly workshops on landlord-tenant disputes in Stanislaus County in July of 2014. To date, approximately, 240 residents have participated in this event and received information on fair housing laws.

Habitat for Humanity

Habitat for Humanity-Stanislaus provides monthly homebuyer education classes in Modesto. The course includes a component on fair housing. The organization refers fair housing claims to Project Sentinel.

Community Housing and Shelter Services

Community Housing and Shelter Services (CHSS) has several programs in which participants receive referral information on what agencies to contact if they have a fair housing issues. The number of people given this referral information is not tracked across all programs; however, CHSS was able to provide that data on two of their programs. For its Emergency Food and Shelter Program, CHSS provided 497 participants over a one year (10/2013-9/2014) period with this fair housing resource. Secondly, thirty-four participants received this resource under their fair housing counseling program. This is over the course of a typical month (3/2014) in their program. CHSS refers all fair housing questions and claims to Project Sentinel or California Rural Legal Assistance. This organization receives multiple calls and some relate to fair housing issues. They typically refer these persons to Project Sentinel; however, the number of these referrals is not tracked.

Fair Housing Council of Central California

Fair Housing Council of Central California is a FHIP grant recipient from HUD. They provide advocacy and outreach on fair housing issues. Their website provides tenants and homebuyers examples of what might be discrimination. They also produce a monthly radio program called Fair Housing – It's the Law! On KFCF 88.1 Free Speech Radio. The program hosts fair housing experts from the Central Valley.

SUMMARY OF COMPLAINTS AND ENFORCEMENT ACTIVITY

Multiple entities are involved with providing assistance to citizens who face housing discrimination. While HUD and DFEH mainly process claims, nonprofits offer a variety of services to assist citizens and the private sector; including: advocating for those who experience unfair treatment; conducting outreach to both citizens and landlords; and providing valuable information and resources to citizens and landlords about their rights and responsibilities. Discrimination that occurs in home ownership activities such as mortgage lending is more difficult to detect and therefore enforce. Nonprofits that operate discrimination tests are helpful in identifying when it occurs. Additionally, when acting collaboratively with HUD, the nonprofit can help bring about claims that help improve the practices of the private sector. Additionally, outreach and education could be used to prevent discrimination in homeownership activities. Disability related discrimination remains the most common type of basis in Stanislaus Urban County and City of Turlock. By using the various entities, these communities can help reduce disability discrimination through both enforcement and outreach and education.

GOVERNMENT BARRIERS TO FAIR HOUSING

HOUSING ELEMENT LAW AND COMPLIANCE

The California Legislature has adopted requirements for the contents of housing elements. Among these legislative requirements is the following mandate: “The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing. The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, mobile homes, and emergency shelters, and shall make adequate provision for the existing and projected needs of all economic segments of the community.”

Specifically, the element must contain:

- ◆ An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs, including:
 - ◆ Analysis of population and employment trends.
 - ◆ Analysis and documentation of household/housing characteristics.
 - ◆ Inventory of land suitable for residential development.
 - ◆ Identification of a zone or zones where emergency shelters are allowed.
 - ◆ Analysis of potential and actual government constraints.
 - ◆ Analysis of potential and actual non-governmental constraints.
 - ◆ Analysis of special housing needs (including persons with disabilities, including a developmental disability).
 - ◆ Analysis of opportunities for energy conservation.
 - ◆ Analysis of existing housing developments that are eligible to change from low-income housing during the next 10 years.
- ◆ A statement of the community’s goals, quantified objectives, and policies relative to the maintenance, improvement, and development of housing. The total housing needs identified may exceed the available resources and the community’s ability to satisfy those needs.
- ◆ A program that sets forth a schedule of actions the local government is undertaking or intends to undertake during the planning period, including:
 - ◆ Identifying adequate sites that will be made available with appropriate zoning and development standards.
 - ◆ Assisting in the development of adequate housing to meet the needs of extremely low-, very low-, low-, and moderate-income households.
 - ◆ Addressing, and where possible, removing governmental constraints.

- ◆ Conserving and improving the condition of the existing affordable housing stock.
- ◆ Promoting housing opportunities for all persons (fair housing program).
- ◆ Preserving for lower-income households the assisted housing developments.
- ◆ Including an identification of the agencies and officials responsible for implementation of the various actions.
- ◆ Including a diligent effort by the local government to achieve public participation of all economic segments of the community in the development of the housing element.

PROCEDURAL REQUIREMENTS

The County and the cities must consider guidelines adopted by the California Department of Housing and Community Development (HCD) when undertaking revisions to the Housing Element. The County and the cities must submit drafts of their Housing Elements to HCD for review prior to formal adoption. They then must amend the draft Housing Element taking into consideration HCD's findings or make findings as to why the jurisdiction believes it is in substantial compliance with the law.

HOUSING FOR PERSONS WITH SPECIAL NEEDS

HOUSING FOR PERSONS WITH DISABILITIES

Stanislaus County

Compliance with provisions of the Federal Americans with Disabilities Act (ADA) is assessed and enforced by the Building Official in Stanislaus County. ADA access is enforced through the building permit entitlement process by the Building Permits Division of the Planning and Community Development Department.

In response to Senate Bill (SB) 520 and to ensure a fair and efficient process for persons with disabilities to make necessary accessibility adjustments to their homes, to the County will amend the Zoning Ordinance to create a reasonable accommodation procedure. In addition, as part of the Home Rehabilitation Loan program, the County provides rehabilitation grants to disabled persons to improve access and mobility in their homes.

City of Turlock

Zoning and Reasonable Accommodations Procedure

Compliance with SB 520 is met by permitting supportive multi-family or single-family housing for the disabled in any residential zone that permits non-designated single- or multi-family housing. One assisted housing development, Denair Manor, houses the elderly as well as disabled adults of any age. In addition, as part of the Home Rehabilitation Loan program, the City provides rehabilitation grants to disabled persons to improve access and mobility in their homes.

The City offices are accessible to those with disabilities. Disabled applicants are treated with the same courtesy as all applicants. They are provided one-on-one assistance to complete the forms for zoning, permits, or other building applications. The City will accommodate any specific verbal or written request for assistance. Applications for retrofit are processed over the counter in the same process as for improvements to any single-family home.

The City of Turlock continually reviews its ordinances, policies, and practices for compliance with fair housing laws. The City has a broadened and revised definition of “family” to include State and Federal definitions relating to unrelated adults living together as a household unit.

Parking Requirements

All multi-family complexes are required to provide handicapped parking at a rate of one space for every 20 non-handicapped spaces. One parking space is provided for each dwelling unit designed for people with disabilities. The City works with the developers of special needs housing and will reduce parking requirements if the applicant can demonstrate a reduced need for parking.

LICENSED COMMUNITY CARE FACILITIES

Stanislaus County

A residential care facility or group home is a facility that provides 24-hour nonmedical care for more than six persons 18 years of age or older, or emancipated minors, with chronic, life-threatening illness in need of personal services, protection, supervision, assistance, guidance, or training essential for sustaining the activities of daily living or for the protection of the individual. This classification includes group homes, residential care facilities for the elderly, adult residential facilities, wards of the juvenile court, and other facilities licensed by the State of California. In Stanislaus County, residential care homes are permitted in the R-3 (Multiple-Family Residential) and C-1 (Neighborhood Commercial) zones with public services (water and sewer). The R-A (Rural Residential) zone allows residential care homes with a Use Permit. Program 2-10 in the Stanislaus County Draft Housing Element 2015-2023 is proposed to amend the County Zoning Ordinance to specify that group homes/residential care facilities are allowed by right in residential zones consistent with State law for small group homes and with a Use Permit for large facilities.

City of Turlock

The City permits group homes with six or fewer persons in any residential zone, as well as in the agricultural and commercial office districts, without restriction or additional permits. This allows proponents to locate these facilities in any area they can afford without additional development or permit costs. The development of group homes is therefore a market issue, not a regulatory issue.

State-licensed group homes are permitted by right in residential districts, in the agricultural district with a Conditional Use Permit, and in the commercial office district with a staff-level Minor Discretionary Permit. There are no regulations relating to the siting of special needs housing in relationship to distance or location to one another.

The City of Turlock holds public hearings for every change or amendment to any ordinance, policy, program, procedure, funding, or other similar action. There is no public comment requirement for the establishment of a State-licensed group home, regardless of size. The Zoning Ordinance states (in part) that State-licensed group homes, foster homes, residential care facilities, and similar State-licensed facilities, regardless of the number of occupants, are deemed permitted by right in a residential zoning district, pursuant to State and Federal law. There are no special conditions for group homes that also provide services, such as counseling, if there will be six persons or fewer in residence, or if the larger facility is located in a commercial zone or civic center. However, if the larger facility is planned in a residential zone, the service component will require a Use Permit.

REASONABLE ACCOMMODATION

Stanislaus County

Reasonable accommodation is a procedure that can be codified or implemented at the policy level in response to requests for exceptions to zoning and land-use regulations and procedures which are necessary to make housing available to an individual with a disability protected under fair housing laws. These exceptions can include but are not limited to permit applications and access to affordable housing programs. Program 5-7 in the County Housing Element requires the County to amend the Zoning Ordinance to create a reasonable accommodation procedure. This State requirement is also in response to SB 520.

City of Turlock

The Housing Element includes a policy that recognizes the City's efforts to comply with Federal law that requires reasonable accommodation of requests to improve physical access to structures for disabled persons, even if these requests (for example, a covered wheelchair ramp extending into a setback alongside a single-family house) violate the City's Zoning Ordinance. The July 12, 2011, amendment to the Turlock Municipal Code (TMC) revised Section 9-3-103 to allow deviations from the setback and height requirements for the purpose of providing accommodation for disabled access to an existing structure upon approval of a Minor Administrative Approval pursuant to Article 3 of TMC Chapter 9-5.

HOUSING FOR THE HOMELESS

TRANSITIONAL AND SUPPORTIVE HOUSING

Stanislaus County

Transitional housing is defined in California Government Code Section 65582(h) as buildings configured as rental housing developments but operated under program requirements that require the termination of assistance and recirculating of the assisted unit to another eligible program recipient at a predetermined future point in time that shall be no less than six months from the beginning of the assistance.

Supportive housing is defined by California Government Code Section 56682(f) as housing with no limit on length of stay, that is occupied by the target population, and that is linked to an on- or off-site service that assists the supportive housing resident in retaining the housing, improving his or her health status, and maximizing his or her ability to live and, when possible, work in the community. Target population is defined in Health and Safety Code Section 56682(g) as persons with low incomes who have one or more disabilities, including mental illness, HIV or AIDS, substance abuse, or other chronic health condition, or individuals eligible for services provided pursuant to the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code) and may include, among other populations, adults, emancipated minors, families with children, elderly persons, young adults aging out of the foster care system, individuals exiting from institutional settings, veterans, and homeless people.

Under the current Stanislaus County Zoning Ordinance, transitional and supportive housing is not specifically identified but by practice has been considered under the definition of a residential care facility. Program 4-8 in the draft County Housing Element is proposed to amend the Zoning Ordinance within one year of adoption of the Housing Element to identify these uses separately as well as where they are permitted. By law, transitional and supportive housing must be treated as a residential use in all residential zones and only subject to those restrictions that apply to other residential uses of the same type in the same zone.

City of Turlock

The City of Turlock recognizes the need to address constraints to the establishment of supportive and transitional housing in the city. Housing Element Policy 1-3-2 contains four programs that will address the current constraints and bring the City into compliance with the requirements of SB 2 (Cedillo). Program D addresses the need to provide supportive and transitional housing, which are critical components of ending individuals' cycle of homelessness.

EMERGENCY SHELTER

Stanislaus County

In effect since January 1, 2008, SB 2 (Cedillo, 2007) requires the County to allow emergency shelters without any discretionary action in at least one zone that is appropriate for permanent emergency shelters (i.e., with commercial uses compatible with residential or light industrial zones in transition), regardless of demonstrated need. The goal of SB 2 was to ensure that local governments are sharing the responsibility of providing opportunities for the development of emergency shelters.

Under the current Stanislaus County Zoning Ordinance, emergency shelters are not specifically identified but by practice have been considered under the definition of a residential care facility. Program 4-7 in the draft County Housing Element is proposed to amend the Zoning Ordinance within one year of Housing Element adoption to identify this use separately as well as where it is permitted. To that end, the legislation also requires that the County demonstrate site capacity in the zone or zones (i.e., M (Industrial), H-1 (Highway Frontage), and/or C-2 (General Commercial)) identified to be appropriate for the development of emergency shelters. In the identified zone, only objective development and management standards may be applied, given they are designed to encourage and facilitate the development of or conversion to an emergency shelter.

Existing lots totaling over 3,300 acres with M (Industrial) zoning are sufficient in size (from 1 acre to several acres) with available infrastructure to support an emergency shelter in areas of Stanislaus County such as South Turlock, the Beard Industrial District south of Yosemite Avenue, and South Modesto. For lots of 3.5 acres or less in these areas, for example, South Turlock has 31 parcels, the Beard Industrial District has 230 parcels, and South Modesto has 56 parcels, at least 50% of which could accommodate an emergency shelter as a stand-alone use or in conjunction with an existing use. In addition, due to the recent economic downturn, numerous parcels larger than 3.5 acres with existing vacant industrial facilities in these same areas, with some modification, could be converted to an emergency shelter, similar to the existing Salvation Army shelter in South Modesto.

All of these areas are also on or near transportation routes and in proximity to cities where a variety of services are available. The M district allows uses such as wholesale and distribution establishments, service establishments, and public and quasi-public buildings, as well as uses in commercial zones such as churches, schools, day care centers, family day care homes, hospitals, community centers, and a variety of retail uses. Development standards permit buildings up to 75 feet in height with front yard setbacks of 15 feet.

City of Turlock

Three of the programs in Housing Element Policy 1-3-2 address the current constraints and bring the City into compliance with the requirements of SB 2 related to emergency shelters. Program A implements the City's recent amendment to its Zoning Ordinance to allow emergency shelters by right per SB 2 requirements. The City initiated the amendment by seeking community input on a general SB 2 Study Area within which a specific location for an overlay zone for emergency shelters would be identified. Community members who participated in the SB 2 workshops identified access to services for the homeless, access to bus service, the ability to walk to services and commercial businesses, and the availability of land as the primary factors for selecting an area. The Planning Commission directed staff to

engage nonprofit and business organizations that either serve the homeless community or have been involved in planning for homeless facilities to help develop a draft set of development standards, permissible under SB 2, for consideration. The SB 2 Technical Advisory Committee was formed consisting of representatives from City staff and representatives of the Turlock Downtown Property Owners Association, the Turlock Gospel Mission, the We Care program, and the Disability Resource Agency for Independent Living (DRAIL). On February 8, 2011, the City Council and the Planning Commission held a joint meeting to review the draft standards and to provide more specific direction to staff on the boundaries for the proposed zoning overlay district and set the cap on the number of beds to be provided at 200.

Senate Bill 2 requires the City to demonstrate that sufficient capacity exists within the SB 2 zoning boundary to meet the homeless sheltering needs in Turlock. Staff conducted a windshield survey and collected real estate listings to prepare an initial list of available properties. The criteria for inclusion on this list included sites that are currently undeveloped (no buildings), sites with large portions of undeveloped land (underdeveloped properties), and sites that are listed for sale or lease. In addition, property owners contacted staff to add their properties to the list. With the potential size limitations for each district in mind, and based on the available land in each zoning district within the overlay area, staff calculated that approximately 1,200 beds could be developed within the proposed zoning district boundary. Based on this survey, the City Council determined that sufficient vacant land and/or for-sale/lease property may be available in the zoning overlay area to accommodate up to 200 beds to meet the City Council's initial goal.

A new section of Chapter 4 of Title 9 of the Turlock Municipal Code (Zoning Overlay Regulations) was adopted on July 12, 2011, establishing the boundary of the zoning district and the permitting process. The ordinance is summarized in Policy 1-3-2. The ordinance requires annual review of the district-wide cap on the number of beds. This will allow homeless service providers to provide input to the City Council on whether the cap constrains the ability of the City to respond to its homeless sheltering needs.

Other programs under Policy 1-3-2 address compliance with other aspects of SB 2. Program B aims to support local nonprofit agencies in establishing a year-round emergency shelter. Program C also provides financial assistance to these agencies for establishing additional short-term beds for all segments of the homeless population, including the mentally ill and the chronically disabled.

BUILDING CODE

STANISLAUS COUNTY

Stanislaus County has adopted and enforces the 2013 California Building Code. The only substantive changes were required by Measure X, a local initiative approved by Stanislaus County voters in 1990, which requires that any urban development in the unincorporated areas of the County occur in conjunction with primary and secondary sewage treatment. Farm worker housing, very low-income housing, and single-family uses on lots recorded prior to July 13, 1990, are permitted to utilize traditional septic tank and leach field systems. Although the changes were found to be more restrictive than those in the California Building Code, a finding was made that the changes were necessary due to local climatic, geological, or topographical conditions throughout Stanislaus County. These changes are intended to protect the health and well-being of residents in unincorporated areas of the County.

Health and Safety Code Section 17980(b)(2) requires local governments to give consideration to the needs for housing as expressed in the housing element when deciding whether to require vacation of a substandard building or to repair as necessary. The enforcement agency is required to give preference to the repair of the building whenever it is economically feasible to do so without having to repair more than 75 percent of the dwelling. Stanislaus County as a general rule will only recommend the vacation and/or demolition of a building when more than 75 percent of the building requires repair. In general, enforcement related to substandard buildings by the Building Division occurs either in response to the receipt of a citizen complaint or when discovered by Building Inspectors when making daily inspections.

The Building Division of the Community Development Department is aware of the various housing rehabilitation programs that are offered to homeowners. Inspectors will typically inform a property owner of the County's programs in order to facilitate the rehabilitation and conservation of housing units in need of repair.

CITY OF TURLOCK

At the time of its last Housing Element update, the City of Turlock had adopted the 2007 Uniform Building Code (UBC), Uniform Housing Code, and Uniform Code for the Abatement of Dangerous Buildings. New structures must conform to the standards of the UBC. When a project is plan checked, it is reviewed for minimum compliance with the 2007 California Building Code (CBC). This includes electrical, plumbing, mechanical (heating and cooling), structural, energy compliance, nonstructural (building exits, interior environment, etc.), and disabled access (commercial buildings). The Uniform Housing Code is not applicable to structural modifications or additions.

The Uniform Code for the Abatement of Dangerous Buildings applies to all buildings, old or new. These building codes ensure structural integrity and facilitate the City's efforts to maintain a safe housing supply.

RESOURCES AND INCENTIVES FOR AFFORDABLE HOUSING

INCLUSIONARY HOUSING

Stanislaus County

Stanislaus County does not have an inclusionary housing ordinance in place.

City of Turlock

The City of Turlock does not have an inclusionary housing ordinance in place.

DENSITY BONUS

Stanislaus County

Chapter 21.08.080 of the County Zoning Ordinance addresses density bonuses.

City of Turlock

The City provides cost reductions to developers through its adopted Density Bonus Ordinance when low- and very low-income housing units are proposed. Housing Element Policy 2-1-4 reflects the City's updated density bonus ordinance, specifying that the City will follow the criteria set forth in California Government Code Section 65915 regarding density bonus requests for affordable housing, in compliance with SB 1818. Since adoption of the City's last Housing Element, additional changes have been made to State density bonus law. The City expects to include a program in its 2015–2023 Housing Element to update the density bonus ordinance.

IDENTIFICATION OF IMPEDIMENTS AND ACTIONS TO ADDRESS

The purpose of this analysis is to determine the possible existence of impediments to housing choices based on age, race, religion, sex (including pregnancy, childbirth, and related medical conditions), sexual orientation and identity, color, national origin, disability (physical or mental), ancestry, or marital status and where identified, to suggest necessary steps to reduce and/or eliminate such impediments. This section describes those impediments and the corresponding actions identified through the analysis.

To facilitate reporting of accomplishments and the association of planned activities with impediments and actions to address, each impediment and action is identified by a number. Actions are labeled according to the impediment they address. It is important to note that the identification of an impediment does not necessarily identify a deficiency. By identifying the presence of an impediment, this analysis is stating the nature of a problem which the actions to address will serve to mitigate. These may be affirmative actions as much as responses to current conditions.

Please note that State law requires local jurisdictions in California to assess barriers to affordable housing as part of the General Plan's Housing Element. Programs to address impediments to fair housing may be addressed through the implementation of the Housing Element.

AFFORDABLE HOUSING

- 1. IMPEDIMENT: Insufficient supply of affordable housing.**
 - 1.1 Action:** Continue to provide assistance to preserve existing affordable housing and to create new affordable housing.
 - 1.2 Action:** Continue to offer regulatory relief and incentives for the development of affordable housing.
 - 1.3 Action:** Continue to ensure the availability of adequate sites for the development of affordable housing.
- 2. IMPEDIMENT: Shortage of subsidies and strategies to promote affordable, accessible housing for LOW-, very low-, and extremely low-income households, including protected classes.**
 - 2.1. Action:** Continue to pursue available and appropriate State and Federal funding sources to support efforts to construct housing meeting the needs of lower income households.
 - 2.2. Action:** Continue to support the Stanislaus Housing Authority Section 8 Housing Choice Voucher (HCV) Rental Assistance Program, including distribution of program information at the public counters for the Stanislaus County Department of Planning and Community Development; City of Turlock Housing Services, and all Stanislaus Urban County member jurisdictions. Stanislaus County and the City of Turlock will hold periodic meetings with representatives of the Housing Authority of the County of Stanislaus to discuss actions Stanislaus County, the City of Turlock, and Stanislaus Urban County member jurisdictions can take to coordinate housing program implementation.

2.3 Action: Follow through on the Housing Element policies and programs.

Discussion:

To understand the demand and supply of affordable housing in Stanislaus Urban County and City of Turlock, several factors can be considered, including income, poverty, household size, household characteristics (such as elderly and disabled) and housing characteristics. These factors reveal the affordable housing needs of the residents in the community, both in the number and type of housing needed to adequately house its population.

Income

Income levels within Stanislaus Urban County and City of Turlock demonstrate that a significant portion of the population is lower income. This means the Stanislaus Urban County and City face a high demand for housing units that are priced at affordable rates.

Area median family income (AMI) categories are set by household size (2, 3, etc. persons in a household). For each household size, the income levels are determined according to increasing levels of income. The order, beginning with the lowest income, is extremely low-income (30 percent of the area median income), very low-income (50 percent of the area median income), low-income (50 percent of the area median income) and moderate income (120 percent of the area median income). The following AMI data¹⁹ was used to analyze City of Turlock and Stanislaus Urban County: for a household of two, \$15,930 to \$54,720 is the range from extremely low-income to moderate income; for a household of three, \$20,090 to \$61,560; for a household of four, \$24,250 to \$68,280. The average household size²⁰ in the City of Turlock and for the six members Ceres, Hughson, Newman, Oakdale, Patterson, and Waterford is approximately 3 persons per household.

Given the average household size is 3, the following is an analysis of the number²¹ of people living in extreme, very low-, low- and moderate incomes in those communities. The median household incomes²² (MHI), which represents the half-way point²³ not average of all incomes, for the City of Turlock, for all six members Ceres, Hughson, Newman, Oakdale, Patterson and Waterford, and for fifteen out of the twenty-one unincorporated areas of Stanislaus County fall under the moderate income level category of \$61,560, which means the majority of residents do not exceed beyond a moderate-income level. More specifically, when comparing the City of Turlock's MHI of \$50,862 to the City's AMI for 3 person household (the City's average household size is 2.96 persons) at \$41,950 for low-income and \$61,560 for moderate income levels, then it can be reasonable deduced that half of the residents are living below the moderate-income level. Additionally, more than half of the communities in the unincorporated areas have a median household income²⁴ that falls at or below the low-income level, and a handful fall under the very-low income level. Given that approximately half the population²⁵ of Stanislaus Urban County resides in these unincorporated areas, then this low-income group represents a significant portion of the Stanislaus Urban County residents.

Data mentioned above can also be found in the Background Section in **Tables 1, 6, 7, 8, 9, and 15.**

²⁵ Stanislaus Council of Governments, RTP 2010

Poverty

Stanislaus Urban County and City of Turlock rank high amongst other county, state, and national rates in the area of poverty. The 2008-2012 American Community Survey, 5-year estimates reveals that Stanislaus Urban County and City of Turlock have poverty rates of 20.3 percent and 17.2 percent respectively are higher than the national average, 15 percent, and the State average, 15 percent. When comparing these same poverty rates to the other 58 California counties, both Stanislaus County and City of Turlock fall among the highest rated, 11th out of 58 and 24th out of 58. See Income and Poverty subsections of the Background Section, including incorporated tables.

Household characteristics

Children and elderly individuals are particularly sensitive to the amount and type of affordable housing available. Children need safe and stable homes and neighborhoods to live while growing up. This is key to their emotional well-being, ability to excel at school which also impacts their future earning ability²⁶. Elderly persons often have lower, fixed incomes. In other words, their earning potential cannot easily be increased, whereas a younger person can increase their income for housing by working more jobs, learning a new, more marketable skill, or by trying to get a higher paying job. Additionally, elderly persons may have limited physical capacities (i.e. health issues) that limit their ability to maintain or improve their housing conditions.

The average household size in the United States is 2.6 people per household and 2.9 in California²⁷; whereas, the City of Turlock and Stanislaus Urban County have an average of over three per household²⁸. Additionally, in California and nationally the percent of households with children, 37 percent and 33 percent respectively, is lower than the percent of households with children in the six communities of Stanislaus Urban County: Ceres - 49 percent, Hughson - 43 percent, Newman - 46 percent, Oakdale - 37 percent, Patterson - 49 percent, and Waterford - 47 percent. The City of Turlock has the same rate as California at 37 percent, but is higher than the national average. These communities on average have larger households with more children. Thus, these communities have a demand to provide adequate housing to house larger households and more children.

Approximately 19 percent of Stanislaus Urban County households and 21 percent of City of Turlock households are senior households. Of those senior households, an average of 80 percent in Stanislaus Urban County rent, while only 20 percent own. Whether there are a sufficient number of affordable rental units for seniors can be discerned from looking at the public housing wait-lists, vacancy rates, condition of housing, and number of disabled. Many elderly have disabilities. For example, in California, approximately 37 percent of the people aged 65 and over reported having a disability²⁹. This elderly population will need to find adequate and affordable housing in order to stay in these communities.

Ten and twelve percent of the California and United States population reported having a disability³⁰. This is a similar rate for City of Turlock and Stanislaus Urban County. (See **Table 18**, Background Section)

Data mentioned above can also be found in the Background Section in **Tables 15, 16, 17 and 18**.

²⁸ US Census 2010

²⁹ ACS, 2008-2012 5-year estimates

³⁰ Id.

While the City and County have experienced a decrease in single-family home prices, this has not made homes more affordable to low-income due to instability in the job market (resulting in lack of steady income), stagnating real wages, and the general tightening of credit for new home loans. The rental market is tightening as the vacancy rates remain low and rents are trending upward. However, HUD indicates that a vacancy rate of five percent is sufficient to provide choice and mobility in housing. Stanislaus Urban County has vacancy rates ranging from 6.4 to 11.0 percent, which shows that the County has sufficient number of housing units available to meet the demand³¹. It should be noted; however, that the vacancy rate is calculated based on all types of vacant units, including seasonal, recreational, and occasional use. These types of units are intended for use only in certain seasons, weekends or other occasional use during the year, such as a housing reserved for seasonal workers or a vacation rental³². Also, without knowing the vacancy rate for specific types of housing, such as studio, 1-bedroom, 2-bedroom, 3-bedroom and more, it is unclear whether available housing units meet the housing demand for larger size families and families with children.

However, data on overcrowding can shed light on whether units are adequately sized for Stanislaus and Turlock families. Homeowner families in Stanislaus Urban County and City of Turlock experience a low percentage of overcrowding, 2.1 percent and 1.1 percent respectively. A low percentage also experiences severe overcrowding. HUD determines that households with more than 1 person per room are considered overcrowded and households with more than 1.5 persons per room are considered severely overcrowded. Renters and Stanislaus Urban County and City of Turlock have a different experience than the homeowners. Approximately, 3.4 percent of residents in Stanislaus Urban County experience overcrowding, and 2.8 percent of Turlock residents. Similarly, 1.4 percent of County residents experience severe overcrowding and 1.3 percent for Turlock residents. Communities with the largest overcrowding and severe overcrowding of renters are Ceres, Patterson, and unincorporated areas³³. While most families are finding adequate sized housing, both to purchase and rent, the City and County will take steps to see that housing of the appropriate size is available.

The number of housing units has declined overall in the County Urban County. The City of Turlock; however, has experienced an increase of 0.4 percent³⁴. This decline and increase may be a reflection of demand for units.

Residents in both Stanislaus Urban County and City of Turlock face significant hurdles in finding housing that is within their budget. According to HUD, households that pay 30 percent or less of their gross income in housing costs have an adequate income left over to cover other living expenses. High, cost-burdened households (renters or homeowners) are those that pay between 30 and 50 percent of their gross income for housing, including rent, utilities, mortgages, insurance, taxes and/or condominium fees³⁵. Households that pay more than 50 percent of gross income are considered to have a severe, cost-burden. A high percentage of renters, 34 to 50 percent, within the six member communities of Stanislaus Urban County experience a high cost-burden³⁶. This averages to about 45 percent of residents being high cost-burdened, which is higher than the national average of 37 percent³⁷. Forty-nine percent³⁸ of City of Turlock renters are high, cost-burdened, which is also higher than the national average. California's state average is 48 percent, which is where these communities fall; however, California ranks high compared to other states³⁹. A significant percentage of renters in Stanislaus Urban County also experience severe, cost-burden in their housing, from 23 to 34 percent⁴⁰. This averages to 28 percent which is significantly

³¹ California Department of Finance Census 2010 (HCD data packet)

³² 2010 Census of Population and Housing

³³ Data from this paragraph is from 2008-2012 ACS

³⁴ California Department of Finance, 2000 and 2014 (HCD data packet)

³⁵ 2008-2012 ACS, 5-year estimate

³⁶ 2011 CHAS data, HUD State of the Cities Data System

³⁷ ACS 2008-2012, 5-year estimates

³⁸ 2011 CHAS data, HUD State of the Cities Data System

³⁹ ACS 2008-2012, 5-year estimates

⁴⁰ 2011 CHAS data, HUD State of the Cities Data System

higher than both the state and national averages of 23 and 17 percent⁴¹. Similarly, 28 percent of Turlock residents experience severe, cost-burden in housing⁴².

Low-income households within the City and six members of the County experience a higher rate of housing cost-burden than the non low-income households. This is true for both homeowners and renters. For example, 60 percent of low-income home owners in Ceres experience high cost-burden and 30 percent of low-income residents in Ceres experience severe high cost-burden. The rate for all renters in Ceres, regardless of income is 17 percent⁴³. Similarly, 92 percent of very low-income renters in Ceres experience high cost-burden and 58 percent experience severe cost-burden⁴⁴. The amount of high and severe cost-burdened households increased with the decrease in income. For example, in Hughson, 100 percent of extremely low-income people experience high and severe cost-burden in their housing expenses. Similarly, in Turlock, 86 percent of extremely low-income people experience high cost-burden and 78 percent experience severe cost-burden⁴⁵. This data demonstrates a need for housing at a lower cost to City of Turlock and Stanislaus Urban County residents that are low-, very low-, and extremely low-income. An increase in housing subsidy programs would benefit these populations.

Data mentioned above can also be found in the Background Section, Housing Characteristics, Housing Growth, Housing Costs, Housing Affordability, and Overcrowding subsections.

The analysis above demonstrates the overall demand of affordable housing within the City and County. With more than half of resident earning at or below the moderate-income level, with larger families needing larger units, with many residents experiencing a high, cost-burden, and with the high number of renting senior households, the City and County will take steps to ensure the housing units are adequate in number, affordable and suitable in size/characteristics for housing its residents.

PRIVATE PRACTICES AND MORTGAGE LENDING

3. IMPEDIMENT: Differential origination rates based on race, ethnicity, and location.

3.1. Action: When selecting lending institutions for contracts and participation in local programs, Stanislaus County, the City of Turlock, and Stanislaus Urban County member jurisdictions may prefer those with a Community Reinvestment Act (CRA) rating of “Outstanding” and may exclude those with a rating of “Needs to Improve” or “Substantial Noncompliance” according to the most recent examination period published by the Federal Financial Institutions Examination Council (FFIEC). In addition, the Stanislaus Urban County and the City of Turlock may review an individual institution’s most recent HMDA reporting as most recently published by the FFIEC.

3.2. Action: Strengthen partnerships with lenders to discuss lenders’ community reinvestment goals, including home mortgages, home improvement loans, and community development investments to be made in low- and moderate-income neighborhoods in the Stanislaus Urban County and in the City of Turlock.

4. IMPEDIMENT: Limited coordination with real estate industry.

4.1. Action: Work cooperatively with the real estate industry to develop ways for local agents to become more familiar with Stanislaus Urban County and City of Turlock housing programs.

⁴¹ ACS 2008-2012, 5-year estimates

⁴² 2011 CHAS data, HUD State of the Cities Data System

⁴³ 2011 CHAS data, HUD State of the Cities Data System

⁴⁴ 2011 CHAS data, HUD State of the Cities Data System

⁴⁵ 2011 CHAS data, HUD State of the Cities Data System

4.2 Action: Encourage realtors to seek fair housing training.

Discussion:

Education and outreach to home buyers and real estate professionals is key to preventing fair housing violations. Discriminatory practices in real estate transactions (buying a home) are more difficult to detect than in rental transactions because the buyer is often unaware that they are being steered away from certain property or treated differently than other buyers. Further, the buyer is not easily able to compare the professionals conduct compared with other buyers. While the real estate profession provides fair housing training to its licensees members, more could be done to provide additional education because of the concentration of poverty and minority groups within the Stanislaus Urban County and City of Turlock (see Background section, Areas of Minority Concentration subsection). Currently, no other local public agencies or private nonprofits provide training to real estate professionals within the County. Opportunities are available for collaborating with The California Bureau of Real Estate and local real estate chapters to advertise and provide more training. Lastly, programs that conduct testing have been effective at finding and educating professionals in the property management field; perhaps, this method could be used more in the home buying industry.

Property management companies are not required to obtain a professional license as real estate professionals are required. Property management companies and “mom and pop” owners can voluntarily join an association. When they do, they can choose to attend any training, including fair housing. Additionally, if they decide to obtain a professional certification by the association then they will complete a fair housing training as part of the whole program. The majority of cases arise from property management companies or “mom and pop” owners that have not received fair housing training. Nonprofits and local agencies could assist in promoting members and attending fair housing training. Programs that conduct testing have been successful and should continue.

Denial and failure rates for applications by racial and ethnic minorities are higher than the average across all ethnic groups. Additional training and education could be done to address this. It is difficult to determine to what extent a person’s home loan application is being influenced by their race, ethnicity or income characteristics. Testing programs which have been successful in the rental field could be utilized here. Desegregating the areas of minority concentration groups will take coordination and policy changes across the financial and mortgage industry. The City and County can work collaboratively with these industry professionals to set goal and monitor progress on those goals.

FAIR HOUSING EDUCATION AND ENFORCEMENT

5. IMPEDIMENT: Limited knowledge of fair housing rights.

5.1 Action: Conduct more outreach to educate tenants, and owners and agents of rental properties, regarding their fair housing rights and responsibilities.

5.2 Action: Provide educational literature in Spanish and other appropriate languages.

6. IMPEDIMENT: Discrimination in rental housing.

6.1 Action: Support efforts to enforce fair housing rights and provide redress to persons who have been discriminated against.

6.2 Action: Support efforts to increase the awareness of discrimination against all Federal and State protected classes.

Discussion:

Education and outreach efforts could be increased in the City of Turlock and Stanislaus Urban County to help promote fair and equitable housing choices for residents. Representatives from both Project Sentinel, who run fair housing programs for both entity, and the California Apartment Association revealed that discrimination usually occurs by those who have not been educated about fair housing rights and obligations. Major property management companies in Stanislaus County are not members of the California Apartment Association⁴⁶.

Additionally, most nonprofits in the City and County provide resources on fair housing but do provide training. That is, they may provide referrals, typically to HUD, Project Sentinel or CRLA. The referral simply provides the agency's contact information, but it is not information on fair housing laws. When the referrals come in to the referral agency, like Project Sentinel, these organizations have flyers and provide phone assistance that explains fair housing laws and rights for residents and landlords alike. No trainings are available for landlords or tenants that are exclusively on fair housing laws. Landlords, including mom and pop owners, are not required to be trained on fair housing laws nor is training available to them outside of the CAA, which they can only attend if they are a member. As a part of other types of training, citizens can be informed of their fair housing rights. For example, a person may come to a nonprofit to receive housing counseling and as part of the program they will learn about fair housing rights. Lastly, HUD affirms that the number of claims is vastly smaller to the number of incidences, because most people are unaware of who to contact or their rights. For example, a property management company does not have to post a sign about fair housing laws in their office. All of these circumstances show the potential for providing additional outreach and education to citizens and landlords.

GOVERNMENT BARRIERS

7. **IMPEDIMENT: Local development standards and their implementation, e.g., zoning, building or design standards, may constrain development of housing opportunities for minority and low-income households.**
 - 7.1 **Action:** Review zoning and related regulations to determine degree of adequate opportunity in the community for affordable housing to exist and to develop new affordable housing options.

8. **IMPEDIMENT: Inadequate access to employment opportunities, transportation, and public and social services, and infrastructure to support increased housing opportunities for lower-income households.**
 - 8.1 **Action:** Examine possible gaps in public infrastructure and services, especially for the needs of persons with disabilities, seniors, and low-income residents via a Disadvantaged Unincorporated Communities assessment. If significant gaps are found, explore methods to address the gaps and incorporate public improvements and services into local infrastructure and service plans.

Discussion:

The City of Turlock and Stanislaus County prioritize transitional and supportive housing through their zoning. Stanislaus County's draft Housing Element is proposing to amend the Zoning Ordinance so to identify these uses separately as well as where they are already permitted. The City of Turlock has four programs in its Housing Element Policy 1-3-2 that will address the current constraints on transitional and supportive housing developments in the City. Further, Program D addresses the needs for providing additional transitional and supportive housing which is critical ending homelessness. Emergency shelters provide temporary support to those that may be facing temporary or extended homelessness. To this end,

⁴⁶ For more details see Private Practices, subsection Rental and Property Management

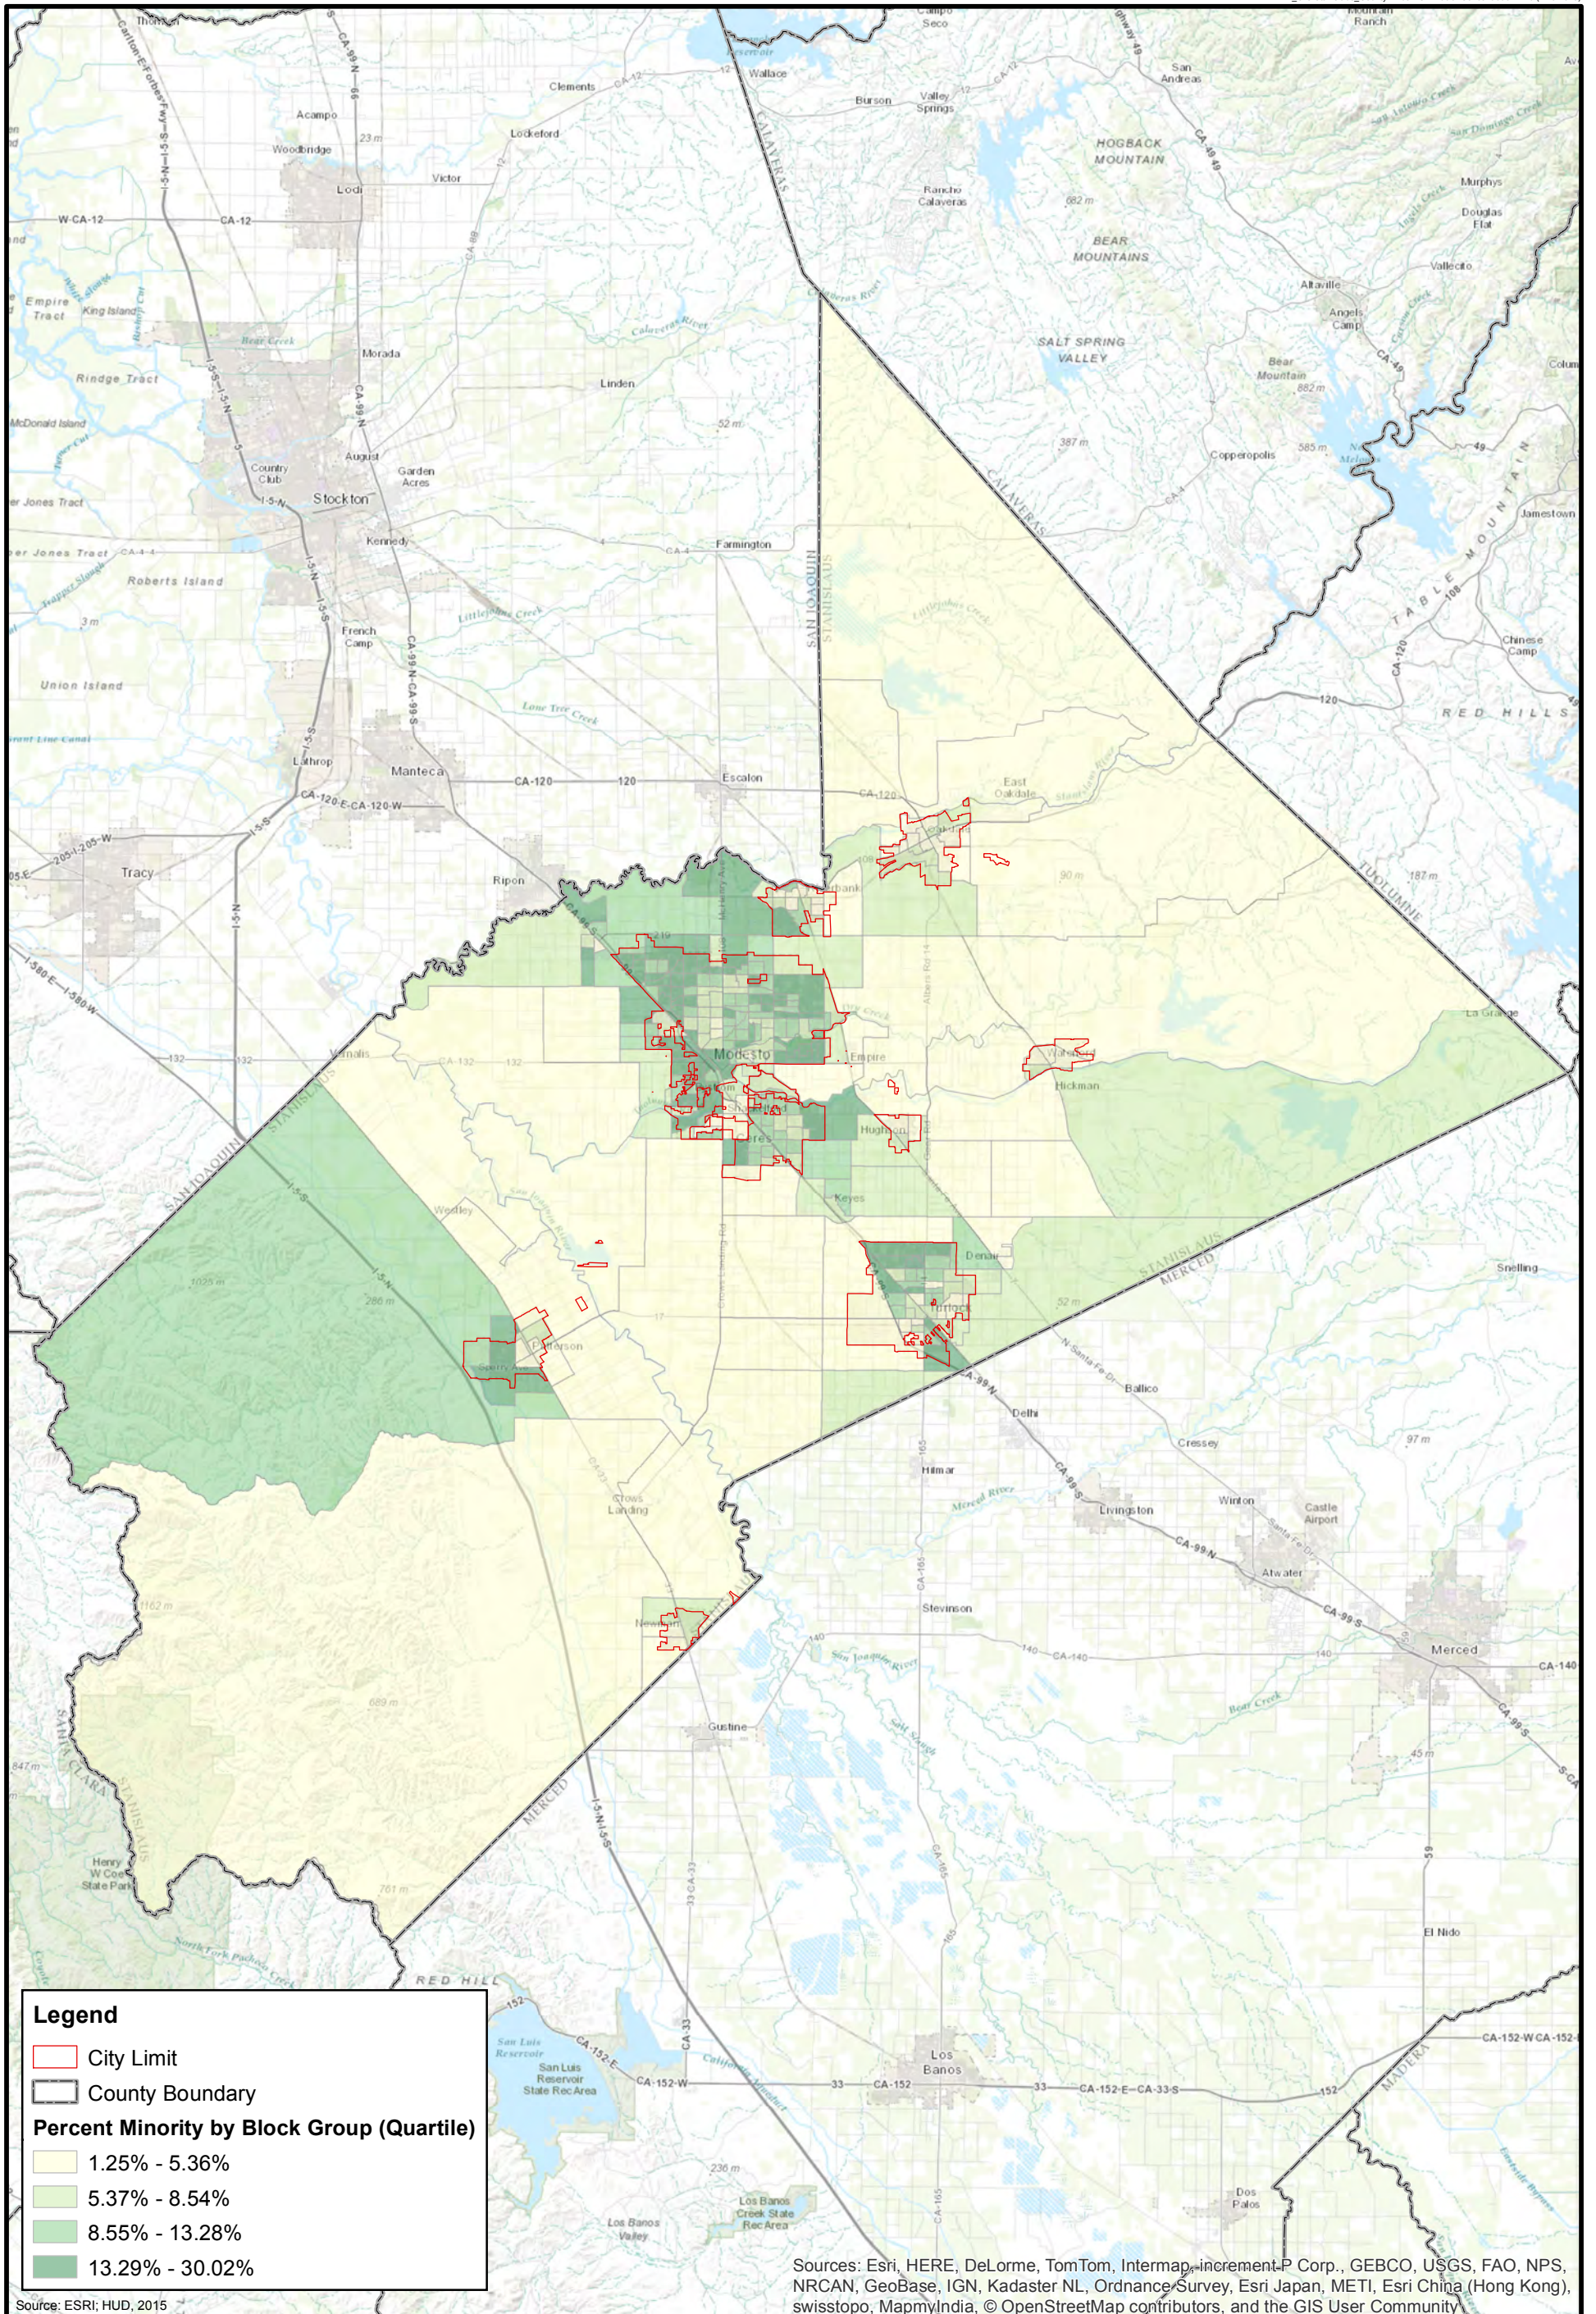

Analysis of Impediments to Fair Housing Choice

the City and County reviewed zoning ordinances and did not find obvious barriers; however, continuous review will be important.

Both Stanislaus County and City of Turlock do not have inclusionary housing ordinances. Both plan to update their density bonuses programs to comply with new density bonus law.

Appendices

Outreach Summary

COMMUNITY PARTICIPATION SUMMARY

INTRODUCTION

The community outreach process included four community workshops, one stakeholder meeting, a print and online survey, and agency phone and email consultations. Overall over 600 people provided their feedback on the Turlock/Stanislaus County HOME Consortium 2015–2020 Consolidated Plan and Stanislaus County 2015–2023 Housing Element. The following is a summary of the responses received during each portion of the outreach process. Overall trends and themes identified are located in the Community Themes section at the end of this summary. The Community Themes section takes into account results and feedback from all input events and methods. Complete meeting notes, sign-in sheets, survey data, and agency consultations are provided following this summary.

COMMUNITY WORKSHOPS

The workshops each began with a presentation then workshop participants were invited to provide their feedback at four activity stations set up around the room. The stations included posters where participants were asked to place dots (stickers) on the posters to prioritize issues and needed services and funding. The full dot voting results for all workshops are included at the end of this appendix.

COMMUNITY WORKSHOP 1 – CITY OF CERES (OCTOBER 15, 2014)

The following feedback was provided at the four activity stations set up around the room:

Station 1 – Consolidated Plan: Housing

Generally participants felt that unsafe neighborhood conditions and homelessness were very common and important to address. Emergency shelters, transitional housing, new affordable housing units, and improvements to the existing rental housing stock were all seen as very important to fund.

Station 2 – Consolidated Plan: Public Service and Facilities

Participants felt that funding for homeless prevention assistance, services for at-risk youth, and employment skills training were important to fund. Curbs and gutters as well as lighting improvements were also identified as very important to fund.

Station 3 – Consolidated Plan: Fair Housing

Participants felt that the greatest barrier to accessible housing was cost. Race and ethnicity was seen as the most common form of discrimination.

Station 4 – Housing Element

Building code enforcement and conserving and improving the existing housing stock were seen as important goals in the Housing Element.

Complete workshop materials, notes, and sign-in sheets are provided following this summary.

COMMUNITY WORKSHOP 2 – CITY OF TURLOCK (OCTOBER 20, 2014)

The following feedback was provided at the four activity stations set up around the room:

Station 1 – Consolidated Plan: Housing

Participants at Workshop 2 felt that new affordable rental housing and transitional housing for the homeless should be a priority for the next five years. Funding priorities were housing for lower-income households, mentally ill persons, and seniors. Services for homeless families with children and youth were also seen as very important to fund by workshop participants.

Station 2 – Consolidated Plan: Public Service and Facilities

In the public services category, participants felt services for low-income households, at-risk youth, and a job creation and retention program were very important to fund. Improvements including neighborhood facilities and street improvements were also categorized as very important to workshop participants.

Station 3 – Consolidated Plan: Fair Housing

Cost, accessibility, and supply were all identified as common barriers to finding housing. Discrimination based on race and ethnicity was identified as the most common form of discrimination. In addition, workshop participants felt that consumers were not aware of their rights under fair housing law.

Station 4 – Housing Element

Workshop participants identified first-time homebuyers programs, energy conservation, assistance for special needs housing, and conserving and improving existing housing as important goals for the Housing Element update.

Complete workshop materials, notes, and sign-in sheets are provided following this summary.

COMMUNITY WORKSHOP 3 – CITY OF OAKDALE (OCTOBER 22, 2014)

No participants attended this workshop.

COMMUNITY WORKSHOP 4 – CITY OF PATTERSON (OCTOBER 29, 2014)

The following feedback was provided at the four activity stations set up around the room:

Station 1 – Consolidated Plan: Housing

Rental housing affordability and overcrowding were identified as the most common housing concerns. Services for homeless families with children as well as individuals without children were very important to fund over the next five years.

Station 2 – Consolidated Plan: Public Service and Facilities

Participants identified facilities serving youth, child care facilities, street improvements, and improving the water supply as important to fund. Programs including homeless services, parent education, and financial literacy were also important to fund. Economic development funds should focus on technical assistance for businesses and employment skills training.

Station 3 – Consolidated Plan: Fair Housing

The most common barriers to housing were identified as cost, accessibility, and type of housing. Participants felt that reasons for discrimination include that consumers are not aware of their rights and landlords/owners are not aware of the law.

Station 4 – Housing Element

Workshop participants identified energy conservation, assistance for special needs housing, development of second units, conservation and improvement of existing housing, encouraging mixed-use development, and working with Habitat for Humanity and other agencies as very important for the Housing Element.

STAKEHOLDERS MEETING – STANISLAUS HOUSING AND SUPPORT SERVICES COLLABORATIVE COMMITTEE (CoC) (OCTOBER 16, 2014)

Generally participants felt that the collaborative programming between the County, cities, and nonprofits contributed to the success of Consolidated Plan programs. Other things identified as working well included capital improvements, HOME Investment Partnership Program (HOME) and Neighborhood Stabilization Program (NSP) units, some programs for the chronically homeless (including comprehensive case management with a transition period before housing placement, supportive housing, and programs emphasizing home visits), and nonprofit capital facilities (i.e., shelters and transitional housing).

Participants identified that funding gaps were most common for extremely low-income households, chronically homeless and homeless youth, and those living in transitional shelters because they are not considered homeless by HUD.

Although some programs for the chronically homeless were noted amongst the successes, more participants felt there were barriers and funding gaps to providing enough services to the chronically homeless. It was noted that housing homeless youth is challenging because they are often not ready or willing to live in permanent housing. More transitional or emergency housing for homeless youth would be helpful. Another homeless subgroup identified as having a great need is homeless families with children.

Another question was regarding the top barriers to sustaining permanent housing. The group identified the demise of the redevelopment agencies, long waiting lists, lack of funding for case management, mental health issues, bad credit or rental history, projects not being able to pencil out for developers, and job development as some of the top barriers. Some of the top obstacles to housing placement were long waiting lists, drug and GED requirements for applicants, lack of employment, income documentation, timing considerations for the NSP program, and the lack of affordable housing units. Sheltered employment or employment that provides on-the-job training is needed.

Other comments included a discussion on economic development, NSP, coordination and referrals, and homeless prevention services.

Challenges to success of homeless prevention services included that income targeting requirements are too low and too difficult to meet, uninhabitable substandard housing stock, cost of utility bills, insufficient mental health services, participants terming out of programs, lack of financial literacy and life skills amongst participants, inability of participants to document

homeless status, need for willing landlords and employers, and the need to educate those in substandard housing regarding available resources. Also, sufficient funding from a variety of funding programs for housing as part of homeless prevention programs was identified as a funding gap for homeless prevention. Prevention truly needs to be the focus for homeless prevention programs.

An overall greater level of funding for services and programs was mentioned repeatedly. Staffing the CoC was one suggestion related to funding. Funding for people to afford housing was mentioned repeatedly and lack of funding and overcrowding of emergency shelters was mentioned by several respondents.

The discussion questions, complete workshop notes, feedback forms, and attendance information are provided following this summary.

PRINT AND ONLINE SURVEY

An online survey was provided on the Stanislaus County website from October 20, 2014, to December 1, 2014. The option was also available to complete a written hard copy survey during this same time period. A total of 587 completed surveys were received: 585 English surveys and 2 Spanish surveys. The following survey results section includes results from both the online and print surveys completed.

Of those who indicated their affiliation or role when completing the survey many worked for the government or non-profit organization. Others included those in agriculture, education, and concerned citizens.

SURVEY RESULTS BY QUESTION

Demographics

The first set of questions in the survey was regarding demographics. The majority of survey respondents identified themselves as homeowners (54%), followed by interested resident (41%) and public service provider (21%).

| I am completing this survey as a(n)... | | |
|--|------------------|----------------|
| Answer Options | Response Percent | Response Count |
| Interested resident | 40.7% | 239 |
| Homeowner | 54.2% | 318 |
| Renter | 14.8% | 87 |
| Public/subsidized housing consumer | 0.3% | 2 |
| Homeless individual | 0.5% | 3 |
| Business owner | 3.7% | 22 |
| Subsidized housing provider | 0.7% | 4 |
| Landlord | 5.1% | 30 |
| Public service provider | 21.1% | 124 |
| Homeless service provider | 4.3% | 25 |
| Housing advocate | 2.6% | 15 |
| Health service provider | 8.3% | 49 |
| Educator | 7.2% | 42 |
| Municipal employee | 10.1% | 59 |
| Other (please specify) | 7.7% | 45 |
| Total | 100% | 587 |

Survey responses came from incorporated cities and unincorporated County, as well as outside of the County. The largest number of responses came from Modesto (34%), followed by Turlock (17%) and Salida (11%). Note that survey respondents that indicated that they are from Modesto may be from unincorporated areas of the County.

Parks and Community Centers

A majority of survey respondents felt it was important to fund facilities serving youth/after school programs (82%), facilities serving seniors (71%), improvements to parks (55%), and improvements to accessibility for seniors and disabled persons (61%). Respondents felt that neighborhood facilities and improvements to technology were maybe OK to fund. Other suggestions included facilities for the homeless and community service centers.

| Please indicate the importance of investing funds in parks and community centers in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Facilities serving youth/after-school programs | 456 | 90 | 9 | 555 |
| Facilities serving seniors | 392 | 147 | 11 | 550 |
| Neighborhood facilities | 231 | 264 | 41 | 536 |
| Facilities for child care | 258 | 203 | 76 | 537 |
| Improvements to parks | 299 | 211 | 34 | 544 |
| Improvements to accessibility for seniors and disabled persons | 333 | 181 | 28 | 542 |
| Improvements to technology | 187 | 267 | 81 | 535 |
| Other | 45 | 14 | 29 | 88 |

STRATEGIC PLAN

Streets, Sewers, and Storm Drains

A majority of survey respondents felt it was important to fund street improvements (72%), install or repair curb and gutter (54%), install or repair sewer (59%), and storm drainage (62%), improve water supply (73%), install or repair sidewalks (57%), and install or improve street lighting (73%).

| Please indicate the importance of investing funds for streets, sewer, and storm drainage related improvements in low-income communities throughout Stanislaus County. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Street improvements | 392 | 131 | 18 | 541 |
| Install or repair curb and gutter | 286 | 209 | 37 | 532 |
| Install or improve sewer | 314 | 191 | 28 | 533 |
| Install or improve storm drainage | 332 | 180 | 23 | 535 |
| Improve water supply | 388 | 127 | 16 | 531 |
| Install or repair sidewalks | 304 | 191 | 36 | 531 |
| Install or improve street lighting | 394 | 123 | 22 | 539 |
| Other | 29 | 8 | 21 | 58 |

Public Services Programs

Survey participants were asked to rank the importance of providing grant funds to programs that provide public services to low-income persons in their community. Respondents felt that the highest priority should be given to services for at-risk children/youth, seniors, and physically/mentally disabled persons. Lowest priority was to persons recently incarcerated or on parole, persons with substance abuse problems, and for financial literacy.

Economic Development and Business Assistance

Survey participants felt it was important to fund job creation/retention (79%), employment skills training (66%), start-up business assistance (five or fewer employees) (46%), and small business lending (45%). Participants felt it was maybe OK to fund commercial rehabilitation, facade improvement, commercial infrastructure, technical assistance for business expansion/improvement, and economic development studies, specific plans, and program development.

Top Concerns

Participants were asked to rank 21 potential areas or issues to prioritize in terms of housing choices and affordability, cost of living, special needs groups (seniors, those with disabilities, large families, homeless), energy conservation, housing conditions and safety, and infrastructure. Only one of the print surveys was filled in for this question and all issues were ranked equally. The three concerns receiving the largest percentage of the vote on the online survey were (in order of ranking).

1. Providing shelters and transitional housing for the homeless, along with services, to help move persons into permanent housing.
2. Establishing special needs housing for seniors.
3. Ensuring that children who grew up in Stanislaus County can afford to live in Stanislaus County.

| Please indicate the importance of investing funds in the following economic development activities in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Commercial rehabilitation, facade improvement | 98 | 275 | 122 | 495 |
| Commercial infrastructure | 119 | 274 | 104 | 497 |
| Small business lending | 225 | 215 | 55 | 495 |
| Technical assistance for business expansion/improvement | 133 | 266 | 92 | 491 |
| Start-up business assistance (5 or fewer employees) | 227 | 213 | 55 | 495 |
| Employment skills training | 332 | 138 | 31 | 501 |
| Job creation/retention | 394 | 89 | 15 | 498 |
| Economic development studies, specific plans, and program development | 156 | 258 | 79 | 493 |
| Other | 18 | 6 | 21 | 45 |

Homeless Needs

Survey participants were asked to rank the importance of meeting the needs of certain sub-populations of homeless persons in their community. Households with children was ranked as the highest priority followed by homeless veterans and then unaccompanied youth.

Participants were then asked to identify the greatest needs of certain homeless sub-populations in their community. For households with children, the greatest need was housing followed by case management, and temporary rental assistance. For households/individuals without children, the greatest need identified was transitional housing followed by emergency shelter. Mental health services were identified as the highest priority for the chronically homeless. Case management was considered to be most important for unaccompanied youth. Permanent supportive housing was identified as being the most important for homeless veterans. Families and individuals at risk of becoming homeless were in greatest need of temporary rental assistance.

Housing Assistance Needs

Survey participants were asked to identify which housing assistance needs were important to fund. Health- and safety-related home repair (53%), energy efficiency improvements (50%), low-income housing acquisition (45%), and first-time homebuyer assistance (45%) were identified by participants as important to fund. Rehabilitation of public housing, lead-based paint abatement, homeownership/credit counseling, and fair housing/tenant landlord mediation were identified as maybe OK to fund.

In addition, 67% of survey respondents felt that providing shelters and transitional housing for the homeless, along with services to help move persons into permanent housing, was very important to fund. Other concerns that were very important included ensuring that children who grew up in Stanislaus County can afford to live in Stanislaus County when they become adults (66%) and establishing special needs housing for seniors (66%).

STRATEGIC PLAN

| Please indicate the importance of investing funds for the following housing-related activities in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to Fund | Maybe, OK to Fund | No, Do Not Fund | Response Count |
| Rehabilitation of public housing | 205 | 225 | 46 | 476 |
| Energy efficiency improvements | 237 | 179 | 62 | 478 |
| Lead-based paint abatement | 167 | 201 | 107 | 475 |
| Low-income housing acquisition | 215 | 181 | 78 | 474 |
| Health and safety related home repair | 256 | 176 | 47 | 479 |
| First-time homebuyer assistance | 216 | 178 | 83 | 477 |
| Homeownership/credit counseling | 187 | 198 | 88 | 473 |
| Fair housing/tenant landlord mediation | 186 | 219 | 68 | 473 |
| Other | 13 | 3 | 11 | 27 |

Housing Types

Participants were asked to identify housing types that were important to fund during 2015–2020. Participants identified emergency shelters (68%), permanent housing for special needs (57%), and transitional housing for the homeless (57%) as the highest priorities.

| Please indicate the importance of investing funds in the following housing-related activities in your community. | | | | |
|--|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Emergency shelter | 304 | 126 | 16 | 446 |
| Transitional housing for the homeless | 254 | 164 | 31 | 449 |
| Permanent housing for special needs | 257 | 162 | 29 | 448 |
| Affordable rental housing | 226 | 154 | 62 | 442 |
| Affordable for-sale housing | 189 | 154 | 100 | 443 |
| Improvements to existing rental housing | 136 | 205 | 99 | 440 |
| Improvements to existing ownership housing | 134 | 196 | 113 | 443 |
| Other | 8 | 4 | 12 | 24 |

Housing Populations

Participants were asked to identify which housing populations grant funds should be invested in. Survey respondents identified housing for senior persons (70%), housing for disabled persons (69%), and housing for aging-out foster youth (59%) as the highest priority.

| Please indicate the importance of investing funds in housing for the following populations in your community. | | | | |
|---|------------------------|-------------------|-----------------|----------------|
| Answer Options | Yes, Important to fund | Maybe, OK to fund | No, Do not fund | Response Count |
| Housing for senior persons | 310 | 113 | 18 | 441 |
| Housing for disabled persons | 305 | 124 | 11 | 440 |
| Housing for homeless persons | 224 | 166 | 45 | 435 |
| Housing for large families (5 or more) | 105 | 183 | 151 | 439 |
| Housing for very low-income persons | 202 | 173 | 61 | 436 |
| Housing for aging-out foster youth | 261 | 141 | 37 | 439 |
| Housing for mentally ill persons | 240 | 166 | 32 | 438 |
| Housing for persons recently in jail or on parole | 76 | 206 | 156 | 438 |
| Other | 7 | 2 | 12 | 21 |

Barriers to Equal Access to Housing

Cost was identified as the number one barrier to equal access to housing with 70% of respondents indicating that this is very common. Participants also felt that accessibility (for seniors and disabled persons) was also a barrier with 59% of the votes.

| Please indicate how common and important it is to address the following barriers to equal housing in your community. | | | | |
|--|-----------------------------------|-------------------------------|--------------------------------|----------------|
| Answer Options | Very Common, Important to Address | Somewhat Important to Address | Rare, Not Important to Address | Response Count |
| Cost | 304 | 88 | 40 | 432 |
| Accessibility (seniors and disabled persons) | 260 | 146 | 35 | 441 |
| Supply (new housing) | 140 | 186 | 115 | 441 |
| Proper size/type of housing | 136 | 189 | 116 | 441 |
| Other | 8 | 8 | 9 | 25 |

Fair Housing

The next group of questions was regarding fair housing in Stanislaus County. Participants identified that discrimination was common and should be addressed in rental housing and mortgage lending. Discrimination was most common in regard to race/ethnicity and disability. The most common types of discrimination included deception regarding availability or price of housing and variation in price, rent, fees, or deposit information. Lack of enforcement, lack of reporting, consumers not being aware of their rights, and sellers/landlords not being aware of the law were all seen as reasons for unfair housing practices. Education was identified as the best method to combat housing discrimination.

STRATEGIC PLAN

| Please indicate how common and important it is to address the following areas of housing discrimination in your community. | | | | |
|--|-----------------------------------|-------------------------------|--------------------------------|----------------|
| Answer Options | Very Common, Important to Address | Somewhat Important to Address | Rare, Not Important to Address | Response Count |
| Rental housing | 197 | 157 | 82 | 436 |
| Housing for sale | 154 | 169 | 111 | 434 |
| Mortgage lending | 171 | 152 | 110 | 433 |
| Other | 6 | 7 | 9 | 22 |

| Please indicate how common and important it is to address the following areas of housing discrimination in your community. | | | | |
|--|-----------------------------------|-------------------------------|--------------------------------|----------------|
| Answer Options | Very Common, Important to Address | Somewhat Important to Address | Rare, Not Important to Address | Response Count |
| Race/ethnicity | 154 | 127 | 148 | 429 |
| Language | 141 | 141 | 146 | 428 |
| National origin | 107 | 156 | 165 | 428 |
| Gender | 91 | 142 | 192 | 425 |
| Disability | 193 | 134 | 102 | 429 |
| Familial/marital status | 99 | 149 | 180 | 428 |
| Sexual orientation | 97 | 133 | 198 | 428 |
| Other | 7 | 8 | 17 | 32 |

| Please indicate how common and important it is to address the following areas of housing discrimination in your community. | | | | |
|--|-----------------------------------|-------------------------------|--------------------------------|----------------|
| Answer Options | Very Common, Important to Address | Somewhat Important to Address | Rare, Not Important to Address | Response Count |
| Refusal to rent/sell | 120 | 144 | 158 | 422 |
| Refusal to show | 90 | 145 | 184 | 419 |
| Deception regarding availability or price | 169 | 126 | 123 | 418 |
| Different price, rent, fees or deposit | 184 | 113 | 121 | 418 |
| Other | 5 | 5 | 15 | 25 |

| Please indicate why housing discrimination might still happen in your community. | | | | |
|--|-------------------------|----------------------------|--------------------|----------------|
| Answer Options | Yes, This is One Reason | Maybe, Might be the Reason | No, Not the Reason | Response Count |
| Lack of enforcement | 188 | 155 | 71 | 414 |
| Lack of reporting | 221 | 136 | 57 | 414 |
| Consumers are not aware of rights | 227 | 136 | 52 | 415 |
| Sellers/landlords are not aware of the law | 167 | 153 | 95 | 415 |
| Other | 13 | 3 | 10 | 26 |

| Please indicate which are effective ways to combat housing discrimination in your community. | | | | |
|--|------------------------|---------------------------|----------------------------|----------------|
| Answer Options | Yes, This is Effective | Maybe, Might be Effective | No, Would Not be Effective | Response Count |
| Education | 304 | 101 | 26 | 431 |
| Enforcement | 283 | 115 | 31 | 429 |
| Reporting | 277 | 124 | 27 | 428 |
| Other | 8 | 1 | 9 | 18 |

SURVEY RESULTS BY JURISDICTION

Survey results were further broken down based on location of the participant. The following is a summary of the responses received for Ceres, Hughson, Newman, Oakdale, Patterson, Turlock, Waterford, as well as other areas of the county including Salida and Modesto.

Ceres

There were a total of 68 survey participants responding from Ceres. Participants from Ceres felt that the following programs and services are most important to fund:

- Job creation/retention
- Facilities serving youth/afterschool programs
- Housing for senior persons
- Facilities serving seniors
- Install or improve street lighting

Hughson

13 survey participants indicated that they were from Hughson. The following programs and services were most important to fund for Hughson participants:

- Improve water supply
- Ensuring that children who grew up in Stanislaus County can afford to live in Stanislaus County
- Job creation/retention

STRATEGIC PLAN

Newman

A total of 7 survey participants were from Newman. Participants indicated they the following were most important to fund:

- Facilities serving youth/afterschool programs
- Facilities for child care
- First-time homebuyer assistance
- Job creation/retention
- Housing for senior persons and disabled persons

Oakdale

There were a total of 18 survey participants responding from Oakdale. Participants from Oakdale felt that the following programs and services are most important to fund:

- Facilities serving youth/afterschool programs
- Job creation/retention
- Providing shelters and transitional housing for the homeless, along with services, to help move persons into permanent housing
- Emergency shelter
- Housing for senior persons and disabled persons

Patterson

Of the survey participants, 30 were from Patterson. Participants from Patterson felt that the following programs and services are most important to fund:

- Street improvements
- Install or improve street lighting
- Job creation/retention
- Improve water supply
- Facilities serving youth/afterschool programs

Turlock

A total of 99 survey participants indicated they were from Turlock. Participants from Turlock felt that the following programs and services are most important to fund:

- Facilities serving youth/afterschool programs
- Job creation/retention
- Improve water supply
- Employment skills training
- Facilities serving seniors

Waterford

A total of 28 participants indicated that they were from Waterford. Results of the survey show that the program and services that are most important to fund are:

- Facilities serving youth/afterschool programs
- Establishing special needs housing for seniors
- Improve water supply

Other Areas

The remaining 329 survey participants were from Modesto, Salida, Riverbank, the unincorporated county, and a few were from other counties.

Salida

A total of 72 participants indicated that they were from Salida. Results of the survey in Salida show that the program and services that are most important to fund are:

- Install or improve street lighting
- Street improvements

Modesto and Surrounding Area

Of the survey participants, 203 indicated that they were from Modesto or unincorporated areas of the County adjacent to Modesto. Participants from this area felt that the following programs and services are most important to fund:

- Facilities serving youth/afterschool programs
- Street improvements
- Facilities serving seniors
- Improve water supply
- Job creation/retention

CONSULTATIONS

The primary trends in the input received during the consultations included:

- Need for more mental health services.
- As the economy recovers the people most likely in need will be those with fewer skills and less education.
- Shortage of experienced staff and lack of funding to employ experienced staff persons continues to be a problem.

COMMUNITY THEMES

The outreach effort for the Turlock/Stanislaus County HOME Consortium 2015–2020 Consolidated Plan and Stanislaus County 2015–2023 Housing Element reached over 600 interested participants and over 40 local agencies. Overall, some general themes emerged throughout the process that will help guide the development of the Consolidated Plan and Housing Element. The themes can be broken down into the following six topic areas.

HOUSING FOR SENIORS, DISABLED PERSONS, AND YOUTH/FAMILIES

Housings for seniors, disabled persons, and youth/families were seen as a priority to both participants at the workshops and survey participants. Many participants agreed that homelessness was a priority to address in the next five years. Participants identified providing shelters and transitional housing for the homeless as important to fund.

PUBLIC SERVICES AND FACILITIES FOR YOUTH, SENIORS AND DISABLED PERSONS

Respondents felt that the highest priority should be given to services for at-risk children/youth, seniors, and physically/mentally disabled persons. Facilities serving youth/afterschool programs were also identified as very important to many of the counties jurisdictions and was identified as a top priority overall.

HOMELESS SERVICES

Homeless services and needs were emphasized in the various forums for providing input. It was a focus of input from the CoC and was the top concern of the 21 issues ranked in the online survey. Homeless issues were identified as concerns and priorities at all three of the workshops where input was received. Eight percent of the fill in the blank comments on the survey in addition to the multiple choice responses were on the subject of homelessness.

HOUSING FOR HOMELESS HOUSEHOLDS WITH CHILDREN

Participants felt that homeless households with children were in the greatest need for support. Many felt that permanent supportive housing and temporary rental assistance was in great need for this subpopulation.

JOB CREATION AND RETENTION

The recession hit a lot of people in Stanislaus County in all educational and skill levels. Participants felt that job creation and retention was very important to fund over the next five years in almost all of the jurisdictions.

FAIR HOUSING

Cost and accessibility were generally identified as the most common barriers to finding housing. Discrimination based on race and ethnicity was identified as the most common form of discrimination.

**Stakeholders Meeting
City of Modesto, Modesto Housing Authority of Stanislaus
County
October 16, 2014**

Meeting Notes

What's working in terms of a successful program?

- Collaborative programming between County, cities and non-profits
- NSP units
- HOME units
- Also capital improvements
- Non-profit capital facilities (shelters, transitional housing)
- Family Promise – family services
- City of Modesto please provide input on how Modesto should spend their funds
- Expand support services
- Ongoing support
- Chronically homeless – permanent housing with supportive services – money and time management
- Holistic approach – whole housing/re-housing package

Where are the funding gaps? What are the reasons for denying eligibility to program applicants?

- ESG=extremely low income households – too low (income eligibility)
- Chronically homeless and youth – often no source of income- hard to move through continuum
- HUD defines chronically homeless as those who are not sheltered (barrier)
- Those living in transitional shelters are now not considered homeless by HUD (just in the last few months)

What are the top barriers to sustaining permanent housing?

- Demise of Redevelopment Agencies
- Valley doesn't get as much tax credit funding
- Tons of families on waiting lists for units – not enough affordable housing
- Money doesn't pencil out for developers
- Harder to raise investment capital
- Maintaining regular income
- Sufficient funding for case management
- Money for support services staffing (need a depth of staff)
- Challenging to keep the population in need, informed of what is available to them
- Access to substance abuse treatment

- Homeless youth not always ready for permanent housing
- Need more transitional/emergency shelters for youth
- Public transportation – quantity, timing
- Age of minority/age of majority – minimal life skills/navigating the system - need to bridge the gap
- Resources
- Jobs that help employee learn how to work
- Job tax credits for employers

Economic Development

- Tough for some because often GED and drug tests are required
- Stability /jobs are huge for addicts
- Decreases in CDBG HOME programs recently
- Need increases – \$\$ decreases
- Need/problems are becoming more complicated
- Capacity building requires more infrastructure
- No coordinated effort in some ways e.g. required to do an assessment (no clear lead)

What are the top obstacles to placement?

- Thousands on Housing Authority wait list
- Not enough affordable housing units
- NSP 2 Process – homeowner and rental foreclosure units that have been created recently
- Developers manage rental units
- Overcrowding can result in exceeding income thresholds
- Substance abuse can affect eligibility
- NSP time frames with HCD, SHPO, and environmental review have made it hard to use that program

NSP 1, 2, 3

- Modesto did multi-family
 - Others have used NSP funds towards HOME projects
- Rehab City/County fast track without public funds?? Didn't get answered
- Some foreclosed units –NSP, other units still vacant
- Criticism of multifamily construction criticized because prevailing wage is triggered

Coordination/referrals

- Could inform each other as CoC more often about opportunities/funding
- People feel like they get shuffled around
- HUD is mandating (without enough money) a lead agency /centralized organization
- Many cities/counties used to have more housing staff

Homeless prevention services

- Income targeting requirements are too low and too difficult to meet.
- Habitability of substandard housing
- Could define substandard housing as a continuum
- Educate those in substandard housing regarding available resources

Other

- Assistance with security deposit, bad credit, utility money owed

TURLOCK/STANISLAUS COUNTY HOME CONSORTIUM 2015-2020 CONSOLIDATED PLAN

& STANISLAUS COUNTY 2015-2023 HOUSING ELEMENT UPDATE

CLOSING AND NEXT STEPS

DISCUSSION QUESTIONS

1. What's working in terms of successful program, and where are the funding gaps?

Programs that provide transitional housing that meet 30% of individuals income. More housing for SST recipients.

2. What are the top 5 reasons for denying eligibility to program applicants?

*Credit records
Criminal History
Previous negative landlord history
Income*

3. What are the top 5 barriers to sustaining permanent housing for the following groups?

- Homeless families with children: *Case management, Income*
- Homeless families or individuals without children: *Case management, Income*
- Chronically homeless: *Income, Case management*
- Veterans: *Income, case management,*
- Homeless youth: *Income, education, case management*

4. What are existing/additional resources for assisting in overcoming those barriers?

economic development

5. What are the top 5 obstacles to housing placement (e.g., landlords willing to work with clients)?

- Homeless families with children: _____
- Homeless families or individuals without children: _____
- Chronically homeless: _____
- Veterans: _____
- Homeless youth: _____

6. In your opinion, how successful are the coordination of service providers and the process of referrals?

What changes would you recommend to make the process more effective?

Broken down, it would help to have further more communication within agencies.

7. What barriers are there to providing homeless prevention assistance?

Unable to turn on utilities due to bad record

8. Additional Comments:

3:50 PM

CLOSING AND NEXT STEPS

(AOD: Alcohol & Drug)

DISCUSSION QUESTIONS

1. What's working in terms of successful program, and where are the funding gaps?

- *Supportive services, case management &/or check ins w/ tenants* (Housing provider & employed notes)
- *community collaboration with many non-profits/service providers*
- *wrap around services, intense case management, ongoing case management to assist after housing placement*

2. What are the top 5 reasons for denying eligibility to program applicants?

- *lack of documentation*
- *lack of income*
- *lack of proper diagnosis*
- *lack of consistent homelessness documentation*
- *lack of check in / transiency / MIA*
- *lack of income maintenance*

3. What are the top 5 barriers to sustaining permanent housing for the following groups?

- **Homeless families with children:** *childcare, domestic violence, school attendance, mental health support, ability to find work*
- **Homeless families or individuals without children:** *employment, mental health support, consistent income, AOD services.*
- **Chronically homeless:** *Addiction/AOD services, mental health support, budgeting/financial support, case management*
- **Veterans:** *mental health support, AOD services, case management, income limited, transportation*
- **Homeless youth:** *lack of income, emergency shelter/housing, case management, transportation, lack of transition to Adult services - knowledge of*

Please proceed to the next page.

4. What are existing/additional resources for assisting in overcoming those barriers?

Peer support programs, community services, community-provider round tables. Shelter/transitional services, CW/casemanagement) Business/ Employer incentives - Economic Development

5. What are the top 5 obstacles to housing placement (e.g., landlords willing to work with clients)?

• Homeless families with children: _____

• Homeless families or individuals without children: _____

• Chronically homeless: _____

• Veterans: _____

• Homeless youth: _____

Documentation,
Lack of income, rent,
Lack of case management,
Lack of substance abuse issues,
Mental health issues,
Criminal history,
Lack of credit history

6. In your opinion, how successful are the coordination of service providers and the process of referrals?

What changes would you recommend to make the process more effective?

Hit & miss. Coordinating efforts can be "missed" due to the disjointedness of meetings & client/tenant specific needs of focused population is discussed in different venues. There needs to be a more consistent effort in a "Charge/Lead" of COC/HMIS oversight. Fund availability more accessible

7. What barriers are there to providing homeless prevention assistance?

Lack of preventative education in schools & support. Homelessness. Lack of support & peer support to families & individuals experiencing homelessness or risk of homelessness.

8. Additional Comments:

Casemanagement & increase support from peers who have successfully obtained housing are important pieces to foster success & hope to those who are experiencing homelessness & risk of. This can ~~complement~~ complement the financial infrastructure that needs to be implemented to coordinate the effort

| 54 | fix street lights and improve sidewalks | Oct 24, 2014 7:43 AM |
| 55 | Music and the Arts for youth | Oct 24, 2014 7:41 AM |

Page 3, Q1. Please indicate the importance of investing funds in parks and community centers in your community.

| | | |
|----|--|----------------------|
| 56 | Public shower facilities for men women and children in transition | Oct 23, 2014 8:52 PM |
| 57 | Sheriffs to patrol | Oct 23, 2014 7:09 PM |
| 58 | More Sheriff patrols in salida | Oct 23, 2014 6:49 PM |
| 59 | More parks and community facilities such as pool, basketball court etc | Oct 23, 2014 4:05 PM |
| 60 | We need Sheriff patrol for Salida | Oct 23, 2014 3:35 PM |
| 61 | domestic violence services | Oct 23, 2014 2:24 PM |
| 62 | Services for the mentally ill homeless | Oct 23, 2014 1:12 PM |

Page 4, Q1. Please indicate the importance of investing funds for streets, sewer, and storm drainage related improvements in low-income communities throughout Stanislaus County.

| | | |
|----|--|-----------------------|
| 1 | trim trees so they don't fall on houses and cars | Dec 5, 2014 11:20 AM |
| 2 | Definitely improve water quality | Dec 4, 2014 9:28 AM |
| 3 | air filter, sewer filter | Dec 4, 2014 8:45 AM |
| 4 | money for home repairs gives us a better living enviroment also, along with the above | Nov 17, 2014 9:01 AM |
| 5 | lighting is horrible in the Meritage homes subdivision...again, unsafe, and my money should be paying for safety. My guests are at peril when they leave after dark...over the years we have had near falls and an actual twisted ankle. | Nov 13, 2014 4:00 PM |
| 6 | keep checking street lighting after it is repaired/installed. Most times when there has been a problem with not enough street lighting, city of Newman does not take care of it, and keep saying they will come and repair it. | Nov 13, 2014 2:54 PM |
| 7 | Street lighting in Oakdale, especially- Night time driving there is dangerous, MANY crosswalks, and few are lighted. LOVE the blinking lighted walkways, should be more installed in the County, along with better projecting overhead streetlights. | Nov 13, 2014 12:54 PM |
| 8 | dedicated bicycle lanes | Nov 13, 2014 11:21 AM |
| 9 | Handicap Accessible Sidewalks, Parking, etc. | Nov 13, 2014 11:19 AM |
| 10 | SRTS sidewalk install in areas between city and county within one sq mile of schools | Nov 13, 2014 11:12 AM |
| 11 | Repair streets in West Turlock, every resident pays taxes and deserves to have nice streets to drive on, even areas where the houses are cheaper. | Nov 13, 2014 10:41 AM |
| 12 | Residential street paving in unincorporated Hughson neighborhoods. The roads are dangerous! | Nov 13, 2014 10:37 AM |
| 13 | county should be spending its gas tax \$ on streets fix the GIS I can't ever use it at home. | Nov 13, 2014 10:22 AM |
| 14 | Please improve the water of Turlock, calcium deposits are terrible. Hard water | Nov 13, 2014 9:21 AM |
| 15 | safety of roads and pedestrian areas is important for public safety | Nov 13, 2014 9:16 AM |
| 16 | clean up from old debris dumped in these neighborhoods | Nov 13, 2014 9:14 AM |

Page 4, Q1. Please indicate the importance of investing funds for streets, sewer, and storm drainage related improvements in low-income communities throughout Stanislaus County.

| | | |
|----|--|-----------------------|
| 17 | bad lighting is a HUGE issue | Nov 13, 2014 9:09 AM |
| 18 | Training program so low income communities can assist in repairing their communities | Nov 13, 2014 8:29 AM |
| 19 | Peplace Bad Trees (Sap producing or Sick) | Nov 13, 2014 8:19 AM |
| 20 | improve street sign visibility | Nov 13, 2014 8:17 AM |
| 21 | IMPROVE QUALITY OF WATER | Nov 13, 2014 8:14 AM |
| 22 | Majority of items above already have funds being taken from taxpayers for these improvement or paid by people for for the particular service such as sewer | Nov 13, 2014 8:09 AM |
| 23 | City waste more water then most residents | Nov 13, 2014 8:07 AM |
| 24 | Funds should be used in every area of the county equally, regardless of income status | Nov 13, 2014 8:04 AM |
| 25 | get rid of street cameras for traffic, add to high risk danger zones | Nov 7, 2014 10:16 AM |
| 26 | make sure cities are safe and clean | Nov 3, 2014 10:14 AM |
| 27 | Street cameras | Oct 29, 2014 7:38 PM |
| 28 | County islands first | Oct 28, 2014 10:08 AM |
| 29 | install bumps on streets to slow down cars | Oct 26, 2014 5:57 AM |
| 30 | adding \$800 a year to a low income home for sewer service may not be helpfull | Oct 24, 2014 6:15 PM |
| 31 | Do something so we won't have to pay Mello Roos anymore | Oct 24, 2014 3:38 PM |
| 32 | law inforcement | Oct 24, 2014 9:49 AM |
| 33 | Water conservation | Oct 23, 2014 8:17 PM |
| 34 | Brighter street lighting | Oct 23, 2014 6:50 PM |

| | | |
|----|---|----------------------|
| 35 | Sidewalks and street lights are a critical need in older sections of Salida | Oct 23, 2014 2:32 PM |
| 36 | Major street improvements needed along first street, olive ave, and sycamore ave. | Oct 23, 2014 2:00 PM |
| 37 | Shelter & other services for the mentally ill homeless | Oct 23, 2014 1:13 PM |

Page 6, Q1. Please indicate the importance of investing funds in the following economic development activities in your community.

| | | |
|----|--|-----------------------|
| 1 | Free Adult Education | Dec 4, 2014 8:47 AM |
| 2 | Health insurance development for better coverage and a price we can afford it is getting worse here in California | Nov 25, 2014 7:52 AM |
| 3 | Super market closer to low income neighborhoods/cost efficient | Nov 17, 2014 9:06 AM |
| 4 | Jobs/Summer Jobs for Youth | Nov 17, 2014 8:30 AM |
| 5 | Provide with examples RE: economic development activities | Nov 14, 2014 9:09 AM |
| 6 | Employment training is good, but businesses need to exist. There is much talk of our low literacy rate in the county and how that prevents jobs and businesses, but what I see and hear are that the Valley, and California, make it hard for business to move here or start up. | Nov 13, 2014 4:04 PM |
| 7 | Mentor programs, internships, on the job skills training/learning (liability insurance, etc to cover such) | Nov 13, 2014 12:57 PM |
| 8 | pedestrian and bicycle improvements downtown | Nov 13, 2014 11:24 AM |
| 9 | Assistance Program to encourage healthy retailers and buisness. Meaning buisness must provide a health/well-being and/or quality of life improvement to the community in order to do "buisness" and make a profit. | Nov 13, 2014 11:19 AM |
| 10 | Geez what does the alliance or sba do? more govt? spend the \$ on needed things | Nov 13, 2014 10:24 AM |
| 11 | Deregulation and reduction of government fees and other government obstacles to economic development. | Nov 13, 2014 9:52 AM |
| 12 | for profit entities should pay thier own business costs | Nov 13, 2014 9:19 AM |
| 13 | Employment Assistance for Physically disabled | Nov 13, 2014 9:14 AM |
| 14 | Job placement assistance for learning disabled | Nov 13, 2014 8:58 AM |
| 15 | Studies on what to spend funds only seem to benefit the people "conducting the study". Talk to schools, employment agencies and community agencies to see where funds could benefit people in the most direct and quick manner. | Nov 13, 2014 8:39 AM |
| 16 | Volunteer or education opportunities for youths to encourage to stay & work in their communities | Nov 13, 2014 8:33 AM |
| 17 | do something about the homeless | Nov 13, 2014 8:12 AM |

Page 6, Q1. Please indicate the importance of investing funds in the following economic development activities in your community.

| | | |
|----|---|----------------------|
| 18 | There is a lot of empty retail space around town. I would like to see less new buildings and old buildings be revitalized and used. To much asphalt being poured around the county. | Nov 13, 2014 8:01 AM |
| 19 | Waiver of fees for economic impact reports for start up businesses | Nov 10, 2014 7:27 AM |
| 20 | No more studies needed - we know what the problems are. Take action! Quit blaming the educational system. We produce quality high school graduates who go to the best universities in the country. They leave and don't come back because there are no jobs in Stanislaus County for them to return home to. The ones who stay are the uneducated and unemployable. | Nov 6, 2014 5:18 PM |
| 21 | Empire needs a laundrymat | Oct 30, 2014 6:58 PM |
| 22 | farmers market | Oct 24, 2014 6:19 PM |
| 23 | Salida needs to become independent. Change the boundaries so that the shopping center with Costco and SaveMart are included as a part of Salida so we can begin to be an independent city with revenue. | Oct 24, 2014 3:48 PM |
| 24 | Get these middle class kids who cant afford college job training | Oct 23, 2014 1:16 PM |

Page 8, Q1. In your opinion what are the greatest needs of the following homeless sub-populations in your community?

| | | |
|----|--|-----------------------|
| 1 | Addicts, mentally challenged, abuse victims | Dec 4, 2014 8:48 AM |
| 2 | Build more low income homes for single mother, struggling to become self-suffiecient | Nov 17, 2014 9:10 AM |
| 3 | substance abuse treatment | Nov 14, 2014 11:31 AM |
| 4 | almost anyone in our community not in the over 100,000 income bracket can be at risk for homelessness. We are still dealing with the fallout of 2008 | Nov 13, 2014 4:08 PM |
| 5 | individuals with substance abuse problems/recovery | Nov 13, 2014 2:13 PM |
| 6 | what is unaccompanied youth? get your terms right. don't u work with social service agencies profit and non profit and public? Ask them these questions. | Nov 13, 2014 10:27 AM |
| 7 | special needs (mentally/physically/emotionally) | Nov 13, 2014 9:55 AM |
| 8 | groups above do not include homeless mentally ill | Nov 13, 2014 9:21 AM |
| 9 | Physically disabled | Nov 13, 2014 9:15 AM |
| 10 | More services for undocumented workers that are employed | Nov 13, 2014 8:38 AM |
| 11 | SENIORS WITHOUT FAMILY | Nov 13, 2014 8:31 AM |
| 12 | Recent job loss of a head of household individual | Nov 13, 2014 8:16 AM |
| 13 | households with children should be top priority | Nov 13, 2014 8:14 AM |
| 14 | Pregnant teenagers | Nov 13, 2014 8:12 AM |
| 15 | Substance abuse servcies | Nov 13, 2014 8:11 AM |
| 16 | abused women | Nov 7, 2014 10:22 AM |
| 17 | Addicts and petty criminals need forced rehabilitation or incarceration | Nov 6, 2014 5:21 PM |
| 18 | Find a place to put this people to work so they can earn a living | Nov 3, 2014 10:21 AM |

Page 8, Q1. In your opinion what are the greatest needs of the following homeless sub-populations in your community?

| | | |
|----|---|-----------------------|
| 19 | Utility,water and resources for rental assistance are vital | Oct 25, 2014 8:47 PM |
| 20 | Those who need jobs. Give them job training, job possibilities, transitional housing, and see that they're stabalized before sending them on their own. | Oct 24, 2014 3:53 PM |
| 21 | provide mental health to those individuals with mental illness | Oct 24, 2014 12:36 PM |
| 22 | Drug-addicted homeless | Oct 23, 2014 2:36 PM |
| 23 | Intensive Case Management with Transporatation Assistance to and from appointments/including assistance with naviagting the system to sign up for services/programs | Oct 22, 2014 3:48 PM |

Page 9, Q1. Please indicate the importance of investing funds for the following housing-related activities in your community.

| | | |
|----|---|-----------------------|
| 1 | earthquake resistant bases, and alternative energy | Dec 4, 2014 8:49 AM |
| 2 | assistance with better yards for our children to play in/home repairs | Nov 17, 2014 9:12 AM |
| 3 | you should have a tab that says "Dont know what that is" | Nov 14, 2014 9:14 AM |
| 4 | affordable senior housing | Nov 13, 2014 4:55 PM |
| 5 | again is the county the housing authority? pge/mid? | Nov 13, 2014 10:29 AM |
| 6 | homeowners should pay for thier own costs no government help for this area | Nov 13, 2014 9:23 AM |
| 7 | Homeowner physically disabled assistance | Nov 13, 2014 9:18 AM |
| 8 | do we really still have lead-based paint in ANY housing?? | Nov 13, 2014 9:16 AM |
| 9 | Housing services counseling for undocumented workers | Nov 13, 2014 8:40 AM |
| 10 | Low income housing top priority | Nov 13, 2014 8:15 AM |
| 11 | senior housing | Nov 7, 2014 10:22 AM |
| 12 | Low interest loans for middle income families and housing incentives for public employees to live where they work. We do not need to continue subsidizing housing for welfare recipients and transients moving in from the Bay Area. Grow our middle class and you will grow our local economy. We are quickly turning too many neighborhoods in Stanislaus County into "suburban slums". | Nov 6, 2014 5:24 PM |
| 13 | Open up a place to councel people so they can work for a living after helping them to find a job | Nov 3, 2014 10:24 AM |
| 14 | Development loans for new affordable multifamily development | Oct 28, 2014 1:31 PM |
| 15 | waterford is located far from jobs and public services. expenses of living so far from jobs make it a poor choice for low income housing | Oct 28, 2014 7:16 AM |
| 16 | tax money should not flow to banks ! | Oct 24, 2014 6:26 PM |
| 17 | Pubic education so that more can afford their own housing.. | Oct 24, 2014 3:56 PM |

Page 10, Q1. Please indicate how important each of the following concerns is to you and your family.

| | | |
|----|---|-----------------------|
| 1 | providing homeowners the security children are safe to cross streets at busy intersections from where their school is located is no longer within the neighborhood they live in. For example one of my childs school is down the road where I feel he's safer in crossing streeting to get to school, while my other child crosses a busy street early mornings to get to Jr High. No lights, crosswalks, yard duty is present. | Nov 17, 2014 9:18 AM |
| 2 | Do not provide street lighting. Home owners can light their own homes at a lower cost and more efficiently than government street lighting. It is unfair to force people to do both. My home has street lighting fees in the property taxes but the closest light is too far to light my home. As a result I am forced to pay the tax/fee and my own power bill. Lighting my home makes it brighter at night than the ones under the public lights who choose not to light their own lamps. | Nov 17, 2014 7:57 AM |
| 3 | Help for upside down mortgages. | Nov 14, 2014 10:01 AM |
| 4 | people are still losing their homes to foreclosure, the trickle- down effect has slowed, but not stopped. | Nov 13, 2014 4:10 PM |
| 5 | what does it matter about making sure kids live here? why not work with the schools so they can get jobs? | Nov 13, 2014 10:31 AM |
| 6 | Encourage to me means NOT mandatory. NO more government restrictions, laws, requirements that create costs for those who do work and pay taxes. There are enough laws on the books to do all of the above. Refer at-risk homeowners to mortgage co's. Too many entitlements. | Nov 13, 2014 9:23 AM |
| 7 | Again, do we still have lead-based paint in any housing?? Our neighborhoods are very mixed already,. | Nov 13, 2014 9:20 AM |
| 8 | Reduction in property taxes by any means | Nov 13, 2014 9:10 AM |
| 9 | Have a website for reputable home repair persons with affordable fees. Provide training for homeowners or renters so they can assist in repairing their communities. | Nov 13, 2014 8:47 AM |
| 10 | Ensure that vacant/foreclosed homes are properly maintained to deter crime and vandalism. Provide services to deter "dumping" in alleys and vacant buildings/properties | Nov 13, 2014 8:46 AM |
| 11 | help people with poor or bad credit but with employment to overcome financial difficulties if they are interested in purchasing an affordable home with counseling assistance and home ownership sustainability. | Nov 13, 2014 8:40 AM |
| 12 | Purchase foreclosed homes, fix them up, and provide low interest loans to families and Vets or as group homes for disabled or homeless persons | Nov 13, 2014 8:39 AM |
| 13 | Establish quality minimum guidelines as to how housing, neighborhoods and commercial properties should be maintained and fine people whose properties are not kept up and if the city has to clean it up charge them for the cost. | Nov 13, 2014 8:16 AM |

Page 10, Q1. Please indicate how important each of the following concerns is to you and your family.

| | | |
|----|--|-----------------------|
| | Even it it requires adding the cost to their property taxes or filing a lien against the home/ property. | |
| 14 | NO MORE BIKE LANES | Nov 13, 2014 8:07 AM |
| 15 | single parents | Nov 7, 2014 10:25 AM |
| 16 | I reject the premise that housing in Stanislaus County is not "affordable". Are you kidding? Not affordable to whom? We have some of the lowest prices in the State of California! Middle class families from L.A. and the Bay Area would flock here IF THERE WERE JOBS!!! If this county continues to pander to the homeless and shiftless, we're going to continue on this downward spiral. My children left and are never coming back. I'm contemplating retiring to another state and taking my sizable retirement income with me. You're policies are killing the middle class in our region. We're slipping into an untenable third-world economy. Focus on economic development and stop pandering to the crack-heads and low-lives who won't every contribute anything to our community. We have enough social services in our community. Some will never seek help - so don't make it comfortable for them to panhandle, get high, and commit petty crimes against our hard-working citizens. | Nov 6, 2014 5:30 PM |
| 17 | Making sure that people are responsible for their own homes and take care of their own area | Nov 3, 2014 10:45 AM |
| 18 | Help people, not give handouts to people that refuse to earn their keep. We are a poor county. | Oct 29, 2014 7:55 PM |
| 19 | Not important for govt to be involved in the free market. It is OK for emergency help. | Oct 27, 2014 4:07 PM |
| 20 | we should hold the banks accountable for the corporate tricks | Oct 24, 2014 6:30 PM |
| 21 | Funding for programs that create safe neighborhoods. Security or more police in impoverished areas. | Oct 24, 2014 12:57 PM |
| 22 | Not everyone is capable or wanting to be homeowner . Enough money had been wasted on these programs. Spend that money on job placement or training. | Oct 23, 2014 7:01 PM |

Page 11, Q1. Please indicate the importance of investing funds in the following housing-related activities in your community.

| | | |
|---|---|-----------------------|
| 1 | is the county entering housing ownership? | Nov 13, 2014 10:34 AM |
| 2 | Improvements to existing ownership housing for the disabled | Nov 13, 2014 9:27 AM |
| 3 | homeowners should pay for thier own improvements | Nov 13, 2014 9:26 AM |
| 4 | Training program for people in their community in repairing their communities | Nov 13, 2014 8:48 AM |
| 5 | Make sure more people buy homes | Nov 3, 2014 10:46 AM |
| 6 | would not like section 8 expanding in Salida | Oct 24, 2014 6:33 PM |
| 7 | Invest in educating people in how to take care of themselves. | Oct 24, 2014 4:02 PM |

Page 12, Q1. Please indicate the importance of investing funds in housing for the following populations in your community.

| | | |
|----|---|-----------------------|
| 1 | affordable housing for single mothers in nice neighborhoods, seems as because it's affordable it has to be in the drug, gang infested neighborhoods. If we want to change, then show a better life style. | Nov 17, 2014 9:23 AM |
| 2 | Veterans Housing Assistance | Nov 17, 2014 8:51 AM |
| 3 | help those agencies who provide those services with grants/loans. Who is on the county loan committee? involve the public | Nov 13, 2014 10:35 AM |
| 4 | safe housing for troubled youth runaways | Nov 13, 2014 9:26 AM |
| 5 | People needing services should be drug/alcohol/tobacco free | Nov 13, 2014 8:49 AM |
| 6 | housing for ex convicts, their families need to be the ones that help, the went against society, they received services, food in jail. | Nov 7, 2014 10:28 AM |
| 7 | Again, as a taxpayer I reject the premise of this survey. You want housing for aging-out foster youth? Fly-by night foster care providers are moving in from Alameda County, Santa Clara County, and Sacramento County to take advantage of the stupidity of our county government. In some cases, I have personally witnessed welfare fraud where foster youth are being claimed by multiple providers, and child sex slavery. Our local law enforcement is so overwhelmed that nothing is done! | Nov 6, 2014 5:34 PM |
| 8 | very low income families will find it difficult to manage the expenses of driving to Modesto for jobs, services, and affordable groceries. | Oct 28, 2014 7:24 AM |
| 9 | by 'investing' i would hope this would not be moving tax dollars to developers and bankers | Oct 24, 2014 6:35 PM |
| 10 | Housing for disabled veterans | Oct 24, 2014 4:04 PM |
| 11 | Integration not just specific to a population- affordable housing for all | Oct 23, 2014 2:03 PM |

Page 13, Q1. Please indicate how common and important it is to address the following barriers to equal housing in your community.

| | | |
|----|--|----------------------|
| 1 | By stating a home, it could also mean a facility that provides private rooms that could be home spaces ie. apartment rooms for homeless, single veterans, elderly, aged out foster children | Nov 25, 2014 8:04 AM |
| 2 | Consider, location, schools, crime, stores, transportation access, parks. All these features are important when you are wanting decent life style and becoming self sufficient. | Nov 17, 2014 9:25 AM |
| 3 | I don't believe in fair or equal. No such thing. | Nov 13, 2014 9:27 AM |
| 4 | Have a one stop agency for all housing services | Nov 13, 2014 8:50 AM |
| 5 | more attention to complaints about "slum lords" | Nov 13, 2014 8:49 AM |
| 6 | counseling regarding how to properly purchase | Nov 13, 2014 8:30 AM |
| 7 | quality | Oct 30, 2014 7:30 PM |
| 8 | let the market decide and dont over regulate. fovt interefence increase all housing cost. | Oct 27, 2014 4:10 PM |
| 9 | to many large homes on small lots , and very few small home , also very few home with larger lots .5 acre etc. much need for smaller homes for older folks and young familys | Oct 24, 2014 6:42 PM |
| 10 | The amount of loss homeowners took when the market dropped after buying when the market was so high. Be sure to reassess home values and lower taxes for those who bought at the high times. | Oct 24, 2014 4:08 PM |

Page 14, Q1. Please indicate how common and important it is to address the following areas of housing discrimination in your community.

| | | |
|---|---|-----------------------|
| 1 | amount of children or wheather your working or/and going to school. | Nov 17, 2014 9:26 AM |
| 2 | red lining is illegal but it happens still | Nov 13, 2014 10:36 AM |
| 3 | not aware of any discrimination | Nov 13, 2014 10:03 AM |
| 4 | Section 8 &/or low rent housing | Nov 13, 2014 8:47 AM |
| 5 | Housing Discrimination? Get a job. | Oct 29, 2014 7:57 PM |
| 6 | not a problem. many ambulance chasers available if it ever becomes a problem. | Oct 27, 2014 4:12 PM |
| 7 | banks pushing high rate loans on the poor... | Oct 24, 2014 6:43 PM |
| 8 | Bringing older homes to higher, more energy efficient standards. | Oct 24, 2014 4:09 PM |
| 9 | I DON'T KNOW | Oct 24, 2014 1:44 PM |

Page 15, Q1. Please indicate how common and important it is to address the following areas of housing discrimination in your community.

| | | |
|----|---|-----------------------|
| 1 | economic status | Nov 17, 2014 9:27 AM |
| 2 | not aware of any discrimination | Nov 13, 2014 10:03 AM |
| 3 | If you get offended get over it and move on | Nov 13, 2014 9:28 AM |
| 4 | Undocumented persons | Nov 13, 2014 8:51 AM |
| 5 | low income or poverty individuals and families (financial) | Nov 13, 2014 8:50 AM |
| 6 | Financial credibility. Families with poor or no credit cannot purchase a home and then find it difficult to rent a nice home. | Nov 13, 2014 8:10 AM |
| 7 | general disparities and segregation issues. | Nov 7, 2014 10:30 AM |
| 8 | Really? With multiple regulatory agencies at the county, state, and federal level this is an "issue"? Get a grip. | Nov 6, 2014 5:35 PM |
| 9 | Financial and Criminal Past History | Nov 6, 2014 4:10 PM |
| 10 | age discrimination | Oct 24, 2014 6:36 PM |
| 11 | Prejudice against single, female parents raising their children without a man at home. | Oct 24, 2014 4:11 PM |
| 12 | I DON'T KNOW | Oct 24, 2014 1:44 PM |
| 13 | People who own dogs | Oct 23, 2014 6:13 PM |
| 14 | California state law prohibits discrimination in housing. Does it happen? Yes. Can you do something about it? You tell me. | Oct 23, 2014 2:41 PM |

Page 16, Q1. Please indicate how common and important it is to address the following areas of housing discrimination in your community.

| | | |
|----|---|-----------------------|
| 1 | Don't Know | Nov 17, 2014 9:28 AM |
| 2 | credit checks. people change | Nov 17, 2014 9:27 AM |
| 3 | Property management rents before it can be viewed | Nov 13, 2014 11:56 AM |
| 4 | Real families dont have a chance to buy because investors have deals with realtors. Even if they show you the home, they secretly already have a buyer. | Nov 13, 2014 10:55 AM |
| 5 | have not seen any discrimination | Nov 13, 2014 10:04 AM |
| 6 | I have no incounters in any of the above. | Nov 7, 2014 2:43 PM |
| 7 | out of town owner using 'home owner' tax breaks | Oct 24, 2014 6:53 PM |
| 8 | Hazardous waste left in inoperable vehicles left parked on the street by renters of homes in the area. | Oct 24, 2014 4:14 PM |
| 9 | I DON'T KNOW | Oct 24, 2014 1:45 PM |
| 10 | Different Tenant Rules | Oct 22, 2014 3:54 PM |

Page 17, Q1. Please indicate why housing discrimination might still happen in your community.

| | | |
|----|--|-----------------------|
| 1 | Many tenants know their rights; they can't get anyone to help them fight for their rights | Nov 18, 2014 6:58 PM |
| 2 | credit report, insufficient references, | Nov 17, 2014 9:28 AM |
| 3 | not sure | Nov 13, 2014 10:49 AM |
| 4 | Lack of physically disable access dewllings | Nov 13, 2014 9:32 AM |
| 5 | Lack of penalty | Nov 13, 2014 9:16 AM |
| 6 | Affordability | Nov 13, 2014 9:15 AM |
| 7 | Afraid if losing their home/housing | Nov 13, 2014 8:53 AM |
| 8 | Don't know the answers to these questions | Nov 13, 2014 8:13 AM |
| 9 | No comment | Nov 7, 2014 2:43 PM |
| 10 | discrimination regarding people of different cultures, there are so many disparities in this community, county, it must be addressed ad changes have to happen, cost is not the only issues that keeps this county below average and community members dissatisfied. | Nov 7, 2014 10:32 AM |
| 11 | These questions make no sense to me as a home owner | Oct 25, 2014 8:57 PM |
| 12 | american history of slavery and capitolism | Oct 24, 2014 6:54 PM |
| 13 | Landlords have prejudices against white, non-hispanic neighbors. | Oct 24, 2014 4:16 PM |
| 14 | Not a priority | Oct 23, 2014 8:35 PM |

Page 18, Q1. Please indicate which are effective ways to combat housing discrimination in your community.

| | | |
|---|---|----------------------|
| 1 | Conseques to landlors who take advantage of those who are poor | Nov 18, 2014 6:59 PM |
| 2 | make landlords aware of laws as well as potential renters | Nov 17, 2014 9:30 AM |
| 3 | Fair Housing is for those who are entitlement minded. | Nov 13, 2014 9:31 AM |
| 4 | Is the point of this survey to target housing discrimination? It seems that way. | Nov 13, 2014 9:20 AM |
| 5 | Not an issue - this survey is a complete joke. You're looking for people to validate your preconceived opinions. What a waste of tax dollars. | Nov 6, 2014 5:37 PM |
| 6 | There are laws in place to deal with these types of issues. | Oct 29, 2014 7:59 PM |
| 7 | asset forfeiture | Oct 24, 2014 6:55 PM |
| 8 | Invite a balance of ethnicity inot neighborhoods. | Oct 24, 2014 4:17 PM |

OAKDALE SURVEY RESULTS

Stanislaus Consolidated Plan Survey

1. I am completing this survey as a(n)... (select all that apply)

CONSULTATIONS

AGENCY**QUESTION/RESPONSE BY AGENCY**

Ceres Healthy Start

• Current service levels (persons/households per month)

Families with children 0-5 not limited to k-12 student's parents and community at large;
Approximately 53 families per month

• Characteristics of service population (gender, family type, income, other special needs)

Low income families include:

Female and Male, Hispanic, White, seasonal agriculture and minimum wage, income households. All services are free

• Recent changes in service levels or characteristics of service population

Service coordination between families and certified enrollment agencies has increased

• Anticipated future changes in service levels or population

Single parent household may increase due to spouse deportation; greater need for low income housing and programs to supplement utility bills impacted by drought and lack of agriculture farm labor

• Factors driving changes?

Single income and parent households will be vulnerable; children will be impacted; greater need for Early Ed resources for families that will allow single parents to seek employment

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

(Latino families in transition) small number of Latino clinicians to provide mental health wellness for Spanish speaking community and schedule conflicts for working fathers to access mental health wellness

• Do you provide services to the homeless? If so, how many in a month? year?

Minimal; we are a multipurpose resource center when we conduct school readiness activities the capacity to distribute food for homeless community is limited

**• Challenges to providing adequate services (quantity or quality) experienced by the agency:
staffing or funding?
facility or equipment?
information or technical skills/knowledge?**

Space Challenges, limited staff to conduct case management

• Are there any other good sources of information (written, online, person) that we should be talking to?

Central Valley Opportunity Center

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o Utility assistance, rental assistance, food vouchers, 25% discount for seniors city of Modesto water sewer and garbage.
- o Home weatherization, HEAP program.
- o HEAP about 500 - 600 per month.
- o Weatherization approx 40 homes per month.
- o Vocational training approx 20 persons per month under different grants.
- o Community education (EOP, County Health) 100 per month.
- o High School Diploma program about 20 persons per month.
- o Additional vocational trainings: farm worker programs trainings, about 20 – 30 persons per month.
- o Scholarship programs at about five yearly at approx \$1500.
- o Food baskets at about 200 per year.
- o Solar water installations at about 40 in the first year.
- o Youth program that does vocational training for about 35 youth per year.
- o Cal Works job search workshops for about 300 people per year with remedial education and language assistance.
- o City of Modesto below costs utility assistance for seniors. Approx 60 – 70 people a month apply for eligibility.

• Characteristics of service population (gender, family type, income, other special needs)**• Recent changes in service levels or characteristics of service population****• Anticipated future changes in service levels or population****• Factors driving changes?****• Any particular needs or populations that are particularly under-served? If so, why are they under-served****• Do you provide services to the homeless? If so, how many in a month? year?**

- o Very few lately, approximately 2 – 4 annually, not really a target population. Maximum that may have been served is 10 – 15 per year.

• Challenges to providing adequate services (quantity or quality) experienced by the agency: staffing or funding? facility or equipment?

- o Always looking for good staff, bi lingual is a need.
- o The space they rent is very expensive and probably not the best suited for their work.

• Are there any other good sources of information (written, online, person) that we should be talking to?

QUESTION/RESPONSE BY AGENCY

Child Abuse Prevention Council of Stanislaus County

• **Current service levels (persons/households per month)**

o Shaking baby program offers education to all new born mothers in Stanislaus and Foster parents pride training, a first step program. (keeps all hospitals in the program stocked with materials)

• **Characteristics of service population (gender, family type, income, other special needs)**

o Strengthening families program is just starting out, it offers:

Training and professional development

Engaging parents in the community

Policy and systems of aligning policy

• **Recent changes in service levels or characteristics of service population**

o Strengthening families program is new

• **Anticipated future changes in service levels or population**

o Strengthening families is still taking root, its up in the air

o Shaking baby program is fairly stable, trying to move trainings into pre birthing classes and in the schools. Always looking to expand the program.

• **Factors driving changes?**

• **Any particular needs or populations that are particularly under-served? If so, why are they under-served**

o As manager of child welfare, would say lack of affordable housing and section 8 housing, safe housing also.

• **Do you provide services to the homeless? If so, how many in a month? year?**

• **Challenges to providing adequate services (quantity or quality) experienced by the agency:**

staffing or funding?

facility or equipment?

information or technical skills/knowledge?

• **Are there any other good sources of information (written, online, person) that we should be talking to?**

o VMRC, HSA, Federal Resource Centers (13 to 16) Parent resource center, children's and family commission, Faith based organizations.

AGENCY

Heaven Women's Center

QUESTION/RESPONSE BY AGENCY

- **Current service levels (persons/households per month)**
 - o July '13 to June '14 total of 2550 clients unduplicated.
 - o Counties designated domestic violence and sexual assault center
 - o Provide educational services for violence and assault
 - o Services for kids exposed to violence
 - o Emergency shelter
 - o Counseling available
 - o Youth programs for kids between 4 – 17
 - o Group for children who have been abused
 - o Educational outreach program which can be deployed at schools or centers
 - o Legal program to help with domestic violence and for those with out legal status in us
 - o 24 hour crisis line
 - o Volunteer training, volunteers work in all of the programs.
 - o Have a service site in Modesto and Turlock, and folks stationed at various welfare to work recipients, and family justice center.

- **Characteristics of service population (gender, family type, income, other special needs)**
 - o Population is overwhelmingly female
 - o Most have children

- **Recent changes in service levels or characteristics of service population**
 - o Not really, pretty steady.

- **Anticipated future changes in service levels or population**
 - o None anticipated, new transitional housing project coming online

- **Factors driving changes?**

- **Any particular needs or populations that are particularly under-served? If so, why are they under-served**
 - o Need for transitional housing
 - o Need for shelter in general (would like three more plus)
 - o A lot of undocumented clients coming in
 - o Greater demand for legal help

- **Do you provide services to the homeless? If so, how many in a month? year?**
 - o Only criteria is that clients must be victims of domestic violence

- **Challenges to providing adequate services (quantity or quality) experienced by the agency:**
 - staffing or funding?**
 - facility or equipment?**
 - information or technical skills/knowledge?**

- o Greatest challenge is always that the demand is higher than the ability to meet it, only have a 24 bed shelter, that's max capacity. Funding is key.
- o Staffing is 24 hours, washing machines go through furniture and appliances quickly.
- o Economic resources and financial support, lack of housing for the clients is key.

- **Are there any other good sources of information (written, online, person) that we should be talking to?**

AGENCY

QUESTION/RESPONSE BY AGENCY

Homeless Documentary in progress

- **Current service levels (persons/households per month)**

- **Characteristics of service population (gender, family type, income, other special needs)**

- o Been making a documentary over the past couple of years, started 2012
- o Focus on Modesto, but open to the whole county

- **Recent changes in service levels or characteristics of service population**

- **Anticipated future changes in service levels or population**

- **Factors driving changes?**

- o Need a paid full time director of the continuum of care.

- **Any particular needs or populations that are particularly under-served? If so, why are they under-served**

- o Drug addiction and mental health are still an underserved need.

- **Do you provide services to the homeless? If so, how many in a month? year?**

- **Challenges to providing adequate services (quantity or quality) experienced by the agency:**

- staffing or funding?

- facility or equipment?

- information or technical skills/knowledge?

- **Are there any other good sources of information (written, online, person) that we should be talking to?**

AGENCY

Stanislaus Economic Development and Workforce Alliance

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o Approximately 11,000 people who they provided some level of service to in 2014
- o Combined economic development agency and workforce investment program, administrator of workforce investment act for Stanislaus county, federally funded job training program for the unemployed
- o Also provides economic development services for existing business and business attraction.
- o Small business development center, to help entrepreneurs.

• Characteristics of service population (gender, family type, income, other special needs)

- o Most are receiving UI, most in typical population are in the lower level of skills attainment.

• Recent changes in service levels or characteristics of service population

- o Starting to see fewer individuals coming in for assistance, possibly because recession is easing up.
- o During recession there were more people in the high skill level seeking services.

• Anticipated future changes in service levels or population

- o No, probably leveling off as far as numbers.

• Factors driving changes?

- o The recession hit people at all levels of education and skill hard. If the economy continues to improve, the individuals who need services will likely be in the lower skill level.
- o This pop will likely require basic reading, writing, math skill and HSD to be employable.

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

- o Starting to see more limited English speaking population. The low skill jobs for those with limited English are going away either via automation or outsourcing. Most are now requiring more skills (computer). These jobs included line work at a canary and such (manual labor jobs).

• Do you provide services to the homeless? If so, how many in a month? year?

- o They do but the vast majority of homeless have many more issues to resolve before they can become employable. (mental health, Drug and Alcohol abuse, Finding Shelter.)

• Challenges to providing adequate services (quantity or quality) experienced by the agency: staffing or funding? facility or equipment? information or technical skills/knowledge?

- o So far, able to find qualified employees, but it is getting harder. (had to lower some of the job requirements) so skill level may be an issue. (still looking at 4 year degree, just less skill)
- o Funding has slowly decreased and leveled off to the appropriate amount to provide a decent and adequate level of service.

• Are there any other good sources of information (written, online, person) that we should be talking to?

AGENCY

United Samaritans

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o 1500 – 1800 lunches per day varies by time of the month ebb and flow to the end of the month when people run out of food stamps
- o Kitchen in Modesto, Turlock has homeless support services window, clothes closet, mail service for the homeless, couch surfers recognized by county.

• Characteristics of service population (gender, family type, income, other special needs)

- o Most people served fall into the Very Low Income, statistical surveys twice a year at each truck, very few fall any higher than low income,
- o Roughly 48 percent Hispanic, roughly 50 percent white, rest is black, asian, etc.

• Recent changes in service levels or characteristics of service population

- o Services stayed ok, 2010 362151 meals served, 2013 396590 meals, 2014 382458 meals. 2008 422880 meals.
- o Increased from 443 about to 665 in 2014 unduplicated seeking services.

• Anticipated future changes in service levels or population**• Factors driving changes?**

- o More people receiving food stamps, that helps the families.
- o People are getting back to work
- o Some might be from depopulation of neighborhoods, people moving away.
- o Don't have a replacement food truck for the days when a truck is down. Trucks are getting old.
- o In kind donation going down because businesses are better managing their excess.

• Any particular needs or populations that are particularly under-served? If so, why are they under-served**• Do you provide services to the homeless? If so, how many in a month? year?**

- o 20 percent of clients in Modesto are homeless, 80 percent are housed. In other places the homeless pop is less.

• Challenges to providing adequate services (quantity or quality) experienced by the agency:**staffing or funding?****facility or equipment?****information or technical skills/knowledge?**

staffing or funding?

- o Get a lot of in kind donations, but those are going down.

- o Food costs have gone up, seeking more grant funding

facility or equipment?

- Truck fleet is getting older, replacement will be a problem because they were donated new. Costs of replacement are skyrocketing.

• Are there any other good sources of information (written, online, person) that we should be talking to?

AGENCY

We Care Shelter Program

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

- o The shelter opened nov 8 2014 and to april 15 2015
- o Dinner is served, MSW on site,
- o 49 beds, 138 unduplicated count duplicated count over a 1000, entered into HMIS
- o Also does rapid rehousing and a supportive transitional housing program through HUD under "We Care"

• Characteristics of service population (gender, family type, income, other special needs)

- o Can only come in 615 must be out by 8
- o Only men over 18 from 18 to the 70s mostly 31 – 50 surprised with how many younger people sometimes.
- o Largest race is white
- o Large mentally ill population

• Recent changes in service levels or characteristics of service population

- o Numbers have increased over the past five years.
- o Allowed beds have increased from 34

• Anticipated future changes in service levels or population

- o Trying different programs for life skills

• Factors driving changes?

- o Level of service has increased because increased funds to shelter them in transitional housing. Typically the people with SSI.

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

- o Mental health is underserved in Turlock, most mental health services offered are in Modesto.
- o Mental health services in Turlock might start doing ride alongs with police.

• Do you provide services to the homeless? If so, how many in a month? year?

- o Would like to be year round, see above
- o We Care housing program is year round

**• Challenges to providing adequate services (quantity or quality) experienced by the agency:
staffing or funding?
facility or equipment?
information or technical skills/knowledge?**

- o Staffing, finding qualified staffing, paid staffing too.

• Are there any other good sources of information (written, online, person) that we should be talking to?

- o United semeritans

AGENCY

Stanislaus County Children and Families
Commission

QUESTION/RESPONSE BY AGENCY**• Current service levels (persons/households per month)**

for the 2013/14 year, the Stanislaus County Children and Families Commission has had a total of 24,705 participants

• Characteristics of service population (gender, family type, income, other special needs)

Of the 24,705 participants from 2013/14, 10,223 were under the age of six years, 10,870 were parents or guardians, and another 3,612 were classified as "other family members". On average, 56 percent of the population was Hispanic or Latino, with 23 percent White. Primary language needs were in english and spanish. The Hispanic proportion of population has dipped compared to previous years, and is more in line with the County's Hispanic population.

• Recent changes in service levels or characteristics of service population

No significant changes have been made

• Anticipated future changes in service levels or population

No significant changes anticipated

• Factors driving changes?

none

• Any particular needs or populations that are particularly under-served? If so, why are they under-served

Special needs populations tend to be underserved. There are not enough resources and not enough expertise to serve this population.

• Do you provide services to the homeless? If so, how many in a month? year?

no

**• Challenges to providing adequate services (quantity or quality) experienced by the agency:
staffing or funding?
facility or equipment?
information or technical skills/knowledge?**

Funding and expertise are needed to be able to provide adequate services.

• Are there any other good sources of information (written, online, person) that we should be talking to?

The Epidemiologists at the Stanislaus County Health Services Agency are always a good source of
