## Fish and Game Commission

*Wildlife Heritage and Conservation*  
*Since 1870*

January 18, 2017

TO ALL INTERESTED AND AFFECTED PARTIES:

This is to provide you with a copy of the notice of proposed regulatory action relative to subsection (b)(5) of Section 7.50, Title 14, California Code of Regulations, relating to Central Valley salmon sport fishing, which will be published in the California Regulatory Notice Register on January 20, 2017.

Please note the dates of the public hearings related to this matter and associated deadlines for receipt of written comments.

Additional information and all associated documents may be found on the Fish and Game Commission website at <http://www.fgc.ca.gov/regulations/2017/index.aspx>.

**Roger Bloom, Environmental Program Manager, Department of Fish and Wildlife, has been designated to respond to questions on the substance of the proposed regulations. Mr. Bloom can be reached at (916) 445-3777 or [Roger.Bloom@wildlife.ca.gov](mailto:Roger.Bloom@wildlife.ca.gov).**

Sincerely,

Melissa Miller-Henson  
Staff Services Manager

BOARD OF SUPERVISORS

## **TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations**

**NOTICE IS HEREBY GIVEN** that the Fish and Game Commission (Commission), pursuant to the authority vested by Sections: 200, 202, 205, 215, 220, 240, 315, and 316.5 of the Fish and Game Code and to implement, interpret or make specific Sections 200, 202, 205, 206, 215, and 316.5 of said Code, proposes to amend subsections (b)(5), (b)(68), and (b)(156.5) of Section 7.50, Title 14, California Code of Regulations, relating to Central Valley Chinook Salmon Sport Fishing.

### **Informative Digest/Policy Statement Overview – Inland Fisheries**

The current, 2016, sport fishing regulations allow for Chinook Salmon fishing in the American, Feather and Sacramento rivers. The Department of Fish and Wildlife (Department) is recommending new Chinook Salmon bag and possession limits in the American, Feather, and Sacramento rivers for the 2017 season.

The Pacific Fishery Management Council (PFMC) is responsible for adopting recommendations for the management of recreational and commercial ocean salmon fisheries in the Exclusive Economic Zone (three to 200 miles offshore) off the coasts of Washington, Oregon, and California. When approved by the Secretary of Commerce, these recommendations are implemented as ocean salmon fishing regulations by the National Marine Fisheries Service (NMFS).

The PFMC will develop the annual Pacific coast ocean salmon fisheries regulatory options for public review at its March 2017 meeting and develop the final PFMC regulatory recommendations for adoption by NMFS at its April 2017 meeting.

Based on the action taken by NMFS and the recommendation of the Department, the Commission will adopt bag and possession limits for the American, Feather, and Sacramento rivers which may:

- (1) allow for additional harvest of Chinook Salmon if low instream flow conditions persist due to the existing drought to reduce impacts to spawning habitat;
- (2) increase or decrease the current Chinook Salmon bag and possession limits based on the PFMC salmon abundance estimates and recommendations for ocean harvest for the coming season; and
- (3) establish special closure area for winter-run Chinook Salmon protection on the Sacramento River between Keswick Dam and Highway 44 bridge from April 1 to July 31.

### **Benefits of the regulations**

As set forth in Fish and Game Code section 1700 it is "the policy of the state to encourage the conservation, maintenance, and utilization of the living resources of the ocean and other waters under the jurisdiction and influence of the state for the benefit of all the citizens of the state and to promote the development of local fisheries and distant-water fisheries based in

California in harmony with international law respecting fishing and the conservation of the living resources of the oceans and other waters under the jurisdiction and influence of the state.

Adoption of scientifically-based Central Valley Chinook Salmon bag and possession limits provides for the maintenance of sufficient populations of Chinook Salmon to ensure their continued existence. The benefits of the proposed regulations are in concurrence with Federal law, sustainable management of the Central Valley Chinook Salmon resources, and promotion of businesses that rely on Central Valley Chinook Salmon sport fishing.

#### Consistency with State and Federal Regulations

Article IV, section 20 of the State Constitution specifies that the Legislature may delegate to the Fish and Game Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has delegated to the Commission the power to regulate recreational fishing in waters of the state (Fish & Game Code, §§ 200, 202, 205). The Commission has reviewed its own regulations and finds that the proposed regulations are neither inconsistent nor incompatible with existing state regulations. The Commission has searched the California Code of Regulations and finds no other state agency regulations pertaining to recreational fishing seasons, bag and possession limits. Further, the Commission has determined that the proposed regulations are neither incompatible nor inconsistent with existing federal regulations.

**NOTICE IS GIVEN** that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the DoubleTree by Hilton Hotel Sonoma, One Doubletree Drive, Rhonert Park, California, on Thursday, February 8, 2017 at 8:00 a.m., or as soon thereafter as the matter may be heard.

**NOTICE IS ALSO GIVEN** that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be teleconference originating in the Fish and Game Commission conference room, 1416 Ninth Street, Suite 1320, Sacramento, California, on Thursday, April 13, 2017, at 8:30 a.m., or as soon thereafter as the matter may be heard. It is requested, but not required, that written comments be submitted on or before 5:00 p.m. on March 29, 2017 at the address given below, or by email to [FGC@fgc.ca.gov](mailto:FGC@fgc.ca.gov). Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on April 7, 2017. All comments must be received no later than April 13, 2017, at the teleconference hearing. If you would like copies of any modifications to this proposal, please include your name and mailing address.

#### Availability of Documents

The Initial Statement of Reasons, text of the regulations, as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Valerie Termini, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above mentioned documents and inquiries concerning the regulatory process to Valerie Termini or Melissa Miller-Henson at the preceding address or phone number. **Roger Bloom, Environmental Program Manager, Department of Fish and**

**Wildlife, has been designated to respond to questions on the substance of the proposed regulations. Mr. Bloom can be reached at (916) 445-3777 or [Roger.Bloom@wildlife.ca.gov](mailto:Roger.Bloom@wildlife.ca.gov).** Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikeout can be accessed through our website at <http://www.fgc.ca.gov>.

### **Availability of Modified Text**

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11343.4, 11346.4 and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

### **Impact of Regulatory Action/Results of the Economic Impact Assessment**

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. The Department anticipates status quo fishing levels for April 2017 as compared to the April 2016 ocean salmon sport fishing season.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate that the proposed regulations will have any impact on the creation or elimination of jobs, the creation or elimination of

businesses or the expansion of businesses in California because no changes in fishing activity levels are expected .

The Commission anticipates benefits to the health and welfare of California residents. Salmon sport fishing contributes to increased mental health of its practitioners, provides opportunities for multi-generational family activities and promotes respect for California's environment by the future stewards of California's natural resources.

The Commission anticipates benefits to the State's environment in the sustainable management of salmon resources.

Additional benefits of the proposed regulations are concurrence with federal law, and promotion of businesses that rely on recreational ocean salmon fishing.

The Commission does not anticipate benefits to worker safety.

(c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:  
None.

(e) Nondiscretionary Costs/Savings to Local Agencies: None.

(f) Programs Mandated on Local Agencies or School Districts: None.

(g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.

(h) Effect on Housing Costs: None.

**Effect on Small Business**

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

**Consideration of Alternatives**

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

### CALIFORNIA FISH AND GAME COMMISSION NOTICE OF RECEIPT OF PETITION

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Section 2073.3 of the Fish and Game Code, the California Fish and Game Commission (Commission), on December 14, 2016, received a petition from the Center for Biological Diversity to list foothill yellow-legged frog (*Rana boylei*) as threatened under the California Endangered Species Act.

Foothill yellow-legged frogs inhabit partially shaded, rocky perennial streams and rivers at low to moderate elevations, across a range of vegetation types including chaparral, oak woodland, mixed coniferous forest, riparian sycamore and cottonwood forest, and wet meadows.

Pursuant to Section 2073 of the Fish and Game Code, on December 22, 2016, the Commission transmitted the petition to the California Department of Fish and Wildlife (Department) for review pursuant to Section 2073.5 of said code. It is anticipated that the Department's evaluation and recommendation relating to the petition will be received by the Commission at its April 16-27, 2017 meeting in Van Nuys.

Interested parties may contact T.O. Smith, Wildlife Branch, Department of Fish and Wildlife, 1812 Ninth Street, Sacramento, CA 95811 [530-225-2062 or [Timothy.Smith@wildlife.ca.gov](mailto:Timothy.Smith@wildlife.ca.gov)], for information on the petition or to submit information to the Department relating to the petitioned species.
