DISCUSSION:

The Alliance Worknet is governed in part by the Workforce Innovation and Opportunity Act (WIOA), which was signed into law by President Obama in July of 2014 and went into effect on January 1, 2015. In compliance with the new law, Alliance Worknet went before the Board of Supervisors on April 5, 2016 asking to procure Career Services, which were currently being provided by the Department.

On June 30, 2016, the Federal Government released final regulations that allowed Workforce Development Boards to retain Career Services, which is defined as eligibility and case management to adult and dislocated workers. In order to provide these services Workforce Innovation and Opportunity Act Final Regulations, Section 679.410(b) states that a local Workforce Development Board (WDB) may act as a provider of Career Services only with the agreement of the chief elected official (Chair of the Board of Supervisors) in the local area and the Governor.

At the August 15, 2016 meeting the Stanislaus County Workforce Development Board, approved the Alliance Worknet to continue providing Career Services. On August 16, 2016, the Board of Supervisors approved Alliance Worknet to continue to provide Career Services.

To facilitate the action to continue to provide Career Services, on December 19, 2016 the California Workforce Development Board (CWDB) and the Workforce Services Division of the California Employment Development Department (EDD) released guidance to Career Services Providers which required a Request for Approval.

The attached Request for Approval to be America's Job Center of California Adult and Dislocated Worker Career Services Provider is required to be submitted to EDD and the State

The local Chief Executive Officer will be notified in writing by May 1, 2017, regarding the approval or denial of the proposed Request for Approval. If approved, the designation will be effective immediately.

Request for Approval to be Adult and Dislocated Worker Career Services Provider

Local Chief Elected Official Statement

A Local Board or administrative entity that seeks approval to be an Adult and Dislocated Worker Career Services Provider within an America's Job Center of CaliforniaSM must provide a statement from the local CEO indicating his/her request as well as responses to the following questions.

1. What factors guided the Local Board's or administrative entity's decision to submit this application to be an Adult and Dislocated Worker Career Services Provider within the Local Area?

There are facilities, infrastructure, and staffing already in place to meet the needs of Stanislaus County residents under the Workforce Innovation and Opportunities Act (WIOA). Historically, the County's Alliance Worknet Department has successfully fulfilled the role of assisting local constituents with career services. Alliance Worknet has a successful track record, contacts in the community, and is a trusted provider of these services.

2. How would participants be better served by the Local Board or administrative entity acting in this role rather than through the awarding of contracts?

Alliance Worknet staff has been fully invested in the success of customers in the various programs, and are fully trained in service provision, rules and regulations of the Workforce Innovation and Opportunities Act, and have demonstrated solid performance results for many years. Participants know and trust the professionalism of the Alliance Worknet staff, and staff has developed critical relationships with the contracted Business Services organization, as well as most organizations providing services in the community. A competitive process would likely yield a contract organization that does not have the technical knowledge, expertise, or experience of Alliance Worknet staff.

3. Describe the Basic and Individualized Career Services the Local Board or administrative entity will provide as well as their past experience providing these services.

Alliance Worknet has deep ties with residents, services organizations, the educational community, and employers in the Stanislaus County area, and has acted in the Career Services role under the auspices of the County of Stanislaus since the inception of the Comprehensive Employment and Training Act. The Manager of the Career Services unit and the two unit supervisors each have over 18 years of experience providing services under employment and training programs.

Alliance Worknet staff work with the general population of adults and dislocated workers as prescribed by WIOA, to assist individuals with finding appropriate opportunities to return to the labor force. Services provided to customers of the Career Services unit range from intake, eligibility, CalJOBS data entry, including initial Adult Basic Career Services, activities input, career counseling, preparation of Individual Employment Plans, assessment, employment data, closure, and follow-up input.

Alliance Worknet staff also provides assessment of basic skills and current occupational skills sets, counsels clients in labor market trends and career choices based on current EDD labor market data, and may recommend training in paid internship, On-the-Job training or assess the need for occupational skills training with a private post-secondary provider. Individual Training agreements and Paid Internship agreements are produced by staff.

The processes for service provision have been in place at Alliance Worknet since prior to the inception the Workforce Investment Act. When new legislation such as the Workforce Innovation and Opportunity Act take effect, staff has a proven track record of adapting to systemic changes, looking for ways to enhance the services for customers, and streamlining service delivery to maximize customer satisfaction.

4. Provide the Local Area's performance outcomes for each of the last three Program Years (PY 2013-14, 2014-15, 2015-16). Describe how these outcomes compare to other Local Areas in the Regional Planning Unit (RPU). For single Local Area RPUs, compare performance outcomes to other comparable Local Areas in the surrounding area.

Stanislaus County has consistently met or exceeded performance standards for Adult and Dislocated Workers in our Local Workforce Development Area. In comparison to the 8 Local Workforce Development Areas (LWDAs) in the San Joaquin Valley Regional Planning Unit and the contiguous LWDAs (Motherlode and Contra Costa) Stanislaus has continuously performed above all of the neighboring LWDAs. Stanislaus County is the only LWDA to exceed all six Adult and Dislocated Worker performance measures each year in Program Years 2012-2013 through Program Years 2015-2016.

5. Provide evidence that the Local Board or administrative entity is qualified to provide Adult and Dislocated Worker Career Services, including testimonials that speak to the effectiveness and efficiency with which the Local Board or administrative entity has provided or can provide those services. Attach supporting documentation.

At the August 16th, 2016 public meeting of the Stanislaus County Board of Supervisors, the board approved for the Alliance Worknet to continue to Provide Career Services using County Staff Consistent with the Workforce Innovation and Opportunity Act Final Regulations (Agenda Item B-9). Item B-9 reaffirms Alliance Worknet as the administrative entity on behalf of Stanislaus County, and states that Alliance Worknet is experienced and uniquely positioned to provide Career Services throughout the county, leveraging existing employment partnerships and without disruption of services to those seeking employment.

In an effort to provide more avenues for customer participation, Alliance Worknet has a social media presence, and routinely posts new opportunities on Facebook for clients that prefer this communication method. The site has been successful, with 61 of the 75 people rating the site as 5 of 5 stars, and an average rating of 4.7 stars

Customer satisfaction information has been collected by staff since 2013, and shows a high level of satisfaction from customers utilizing the services of the adult and dislocated worker programs. In the attached documentation, customer satisfaction is measured in two scales; 1-5 with 5 being excellent in the Networking sessions; and 1-10 with 10 being excellent in the Job Prep Workshops. The documentation shows continuous improvement, and a high level of satisfaction with the services provided.

6. Attach documentation (signed and dated letter) that the members of the Local Board and other relevant parties (e.g., Board of Supervisors) reviewed the information provided in the application and approved the request in a public meeting.

Subject: My story

My name is Rita and this is my story. A year ago exactly I found myself homeless with my 4 children, ages 2, 7, 13, 16. I had always worked and supported my family though moving to the valley from the Bay Area 2 years earlier, and giving birth to my last child, we decided I would stay home with kids and my partner would work. Well it happens that we separated and I ended up the sole provider and caretaker of all 4. Only now I found myself unemployed and far from any family or friends or any system of support what so ever. I eventually lost my apartment and the 5 of us ended up living in one small bedroom, sleeping in a walk in closet. At this time, I applied for Cash aid and Food stamps. We decided that the environment we were in was the worst it could be (cigarette smoke and an abusive personality towards both kids and myself) so we left that room and went to a motel. We applied for the Homeless Program and with the grace of God, after 2 months on the street, we found an apartment manager that would rent to us.

Now that was the reason that I so desperately needed help. And this is what I found when I reached out for it.

Every step of the way, every person that touched my file has treated me with respect and dignity, though I anticipated the opposite. I expected to be treated like a lazy person who wanted to sit around and collect money. What I found was that every one of my workers treated me with dignity and was rooting for me to succeed. I was treated with compassion. Eventually I entered the Job Readiness class and Emily Ruiz was my teacher. Emily and her amazingly uplifting and knowledgeable self, helped recharge me and remind me of who I was and what I could do. I had lost all hope really of making anything of myself. I was in survival mode and felt like I must be glued to my children at all times to protect and provide, as if I was the only soul that could keep that together, by myself. And in that case there was no way I could separate from them and find a way to earn a living for us. Between Emily and my worker, Rhonda Jackson, I feel like I was picked up by strong loving hands and placed on track. Rhonda was with me every step of the way and she thought of everything she possibly could to help me make it. Sitting there with her beautiful mind going and her two computer screens, taking as long as it took, into her lunch break or the last minute before 5pm, giving my case all she could. I feel empowered with this whole network of people behind me, rooting for me, providing help with anything I need to find my way and succeed. I feel that with out all of you there at the Welfare office and the Alliance Worknet office, I may have never found a way out of the place I was in. I may not have made it. I may have ended up homeless or losing my babies or who knows where! I honestly feel at times as though you guys have saved our lives. I had you all in my corner with all of your knowledge and resources and support. Without that and the kind way I have been treated I don't know what I would have done to correct the horrible situation I had found us in. Emily's class gave me the push I needed and the information I needed and the support I needed to decide I COULD and I WOULD get up and take my life back. Emily is there with the encouragement or the answer, every time I reach out!

I decided that I would go to training and I wanted to stay in the construction field. I found that Welding would fit me and looked fun and rewarding. I asked Emily how to look for help and she told me exactly how. I asked Rhonda if I could do this. She not only gave me the green light but she supported me and helped me and believed in me. Filling in gaps and smoothing the process for me with individual attention to exactly what me and my case needed. Not just another file or another number, but a person who's life and situation mattered!

Then I came into contact with Holly Myers and the Alliance Worknet office. Holly projects care and encouragement. I felt confident and secure that she had my file. She is knowledgeable and she never forgot at what point I was or to call me back. Even though she didn't need to, she could often hear the anticipation in my voice mail and would call back just to set me at ease. And again, every step of the way I was lifted up and cared for and encouraged. I suspect that you wonderful people have no idea just how much you are helping and that you are actually not only changing lives but saving them! You all have not only put me in motion, but are helping me stay in motion. When I come to a hurdle or what seems to be a wall, one of you is there exactly where you need to be, to get me over that wall. You are all truly wonderful and what you are doing is important. I am now working with Monica at the Alliance office and I feel the same security knowing she is there and just as the rest, she knows her stuff, she cares for her people and she is another amazing and invaluable pillar in my path. I am about to start vocational training in Welding and I am ecstatic to begin and learn a trade. Not only make something of myself but be able to support and care for my 4 kids. You have all, every single amazing one of you that has touched my file, you have all helped me to get where I am and I will not stop until I make it! I owe my life to you all. I could not have gotten to where I am now without every one of you. I don't think there could be a more important or rewarding job than the one you are ALL doing! And I love you for it, every single one of you! I WILL make it! My family WILL make it! And that is because you guys were there to help us. So, THANK YOU!

And even back as far as the Turlock office, at the very beginning when I went to ask for the Homeless Program. I don't know their names, but the ladies in the back windows, downstairs. They are so wonderful. They went out of their way to get my papers done quickly. They treated me with respect and love. I wish I knew their names because truly, they were the first step in my whole journey with you and they were amazing. I wanted to kiss them! Bake them a cake! Anything to let them know how thankful I was for them and the job they had done for me.

All for my love and a HUGE THANK YOU TO EVERYONE WHO HAS HELPED ME AND TO THE REST OF YOU THAT I DID NOT WORK WITH AS WELL.

There we go my Emily! It's long winded and not the best writing but I hope this lets everyone know how valuable and special what you do is.

To: Alliance Network. 629 12th St. Modesto, CA 95354.

Alliance Network lives up to the name it was given. Everything you need to get a job is there; choose a field where they have a labor shortage, and the rest is up to you. I received a Federal Grant through Alliance Network to enroll at Green Valley Truck School. 400 12th St Modesto, CA. (209) 521-3995. 03-21-16 through 06-07-16. All the training was paid for by Alliance Network, even a Arco gas card. On June 15th, 2016 I became a full time employee of GCU Trucking INC. Oakdale, CA. I am still there.

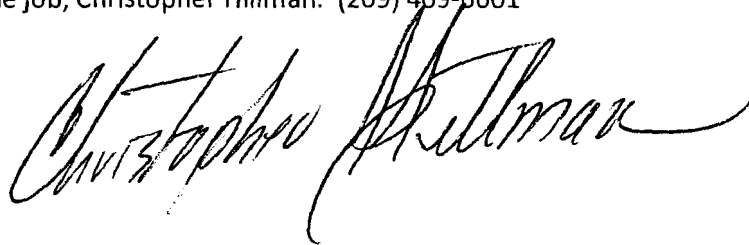

Special Thanks to:

FSS III Ted Widby, a very smart man with a good sense of humor.

FSS III Vita Perez, thank you for sending me to GCU Trucking INC.

Vocational Training Specialist Monica Ghuman (209) 558-8823 very professional and personable.

Sincerely, I like the job, Christopher Hillman. (209) 409-6601

A handwritten signature in black ink that reads "Christopher Hillman". The signature is written in a cursive style with a large, prominent "C" at the beginning and a long, sweeping tail at the end.

I just want to thank all three of you (Terri, Vita, Jaime), for all of your help and support. All three of you helped me in a way you can't imagine. The opportunity you gave me will certainly change my life. I appreciate all the time and support that you put into helping me. Bottom line, thank you for not giving up on me.

Everything is going good so far with the OJT, they have me measuring and cutting aluminum, and also painting. I do some welding not much, they are testing me, giving me little things to weld. I'am just getting started, I;am sure I'll learn in no time.

I like my job, I enjoy working with the people there, they have been very helpful and welcoming. I feel very lucky to have obtain the OJT, thank you.

Thank you

Roberto Vizcaino

...I thought I would just copy a page from journal I begun keeping, I think it covers my progress and appreciation for the assistance Cynthia and yourself had given me. Your job there changes peoples lives. I am thankful to be one of them!

"Good Fortune not found in Cookie"

I am filled with a positive employable energy which attending Western Pacific Truck School has given me. For the last few years of looking for worth wild employment in the central valley, I am guilty of letting my skills and personal growth become abandoned by settling for less and less as my self esteem diminished almost daily sending resumes out on the internet to what felt like a black hole.

As the responses went from slim to none at times. I would take it as a reflection of my self worth. The harder I seemed to try, the lower the bar of what is acceptable employment would go. And when your finally exhausted from spinning your wheels so badly that you stop to realize that these jobs you are not being interviewed for wont even cover your financial demands of a mid to lower class life. You cannot afford to pay rent, eat, have a insured vehicle to go to job with, fuel, utilities, medical etc. even if you are hired. 8-10 dollars an hr does not provide the basic needs I was trying to cover and that fact was lost in my desperation to get a job, any job.

I am a hard working man with above average intelligence and a great sense of work ethics. Unfortunately I let the poor economy and lack of success beat me down to the point to where I started to believe good fortune could only be found in a cookie. This negative mind set is now poised and ready to begin taking everything I am, followed by everything I value or hold dear if I let it continue. I was desperate for change when a older friend who's opinion I hold highly suggested I get my commercial license to gain employment opportunities. This being an idea I had entertained years before I decided to pursue it instead of wasting time dying the slow death.

I was amazed to find the job demand the industry provides and was able to apply, qualify and receive a grant to cover 100% of my tuition cost. I am currently more than half way thru my training and have several letters of pre-hire to choose from upon my graduation which is a comfort I had almost forgot existed. It has taken all my efforts and the help of some wonderful people who I have met during this journey to make this possible, I know they are aware of how thankful I am for their guidance and support.

First I want to thank you for having this profile. After the lay off finding work is harder than it ever has been. In this day in age everything is online, there is no one-on-one interaction anymore. This Facebook forum allows me to get updates on jobs I can apply for and places I can walk into to meet managers. I am a hard worker and want to get a career going.

**THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS
AGENDA ITEM**

DEPT: Alliance Worknet BOARD AGENDA #: B-9
 Urgent Routine AGENDA DATE: August 16, 2016

CEO CONCURRENCE:   4/5 Vote Required: Yes No

SUBJECT:
 Approval for the Alliance Worknet to Continue to Provide Career Services Using County Staff Consistent with the Workforce Innovation and Opportunity Act Final Regulations

STAFF RECOMMENDATIONS:

1. Authorize the Alliance Worknet to retain Workforce Innovation and Opportunity Act funded Career Services internally and retain current county staff as the agents to deliver these services; thus amending the previous authorized action taken for the Purchasing Agent to issue a Request for Proposals for Career Services.

DISCUSSION:

The Alliance Worknet (AW) is governed primarily by the Workforce Innovation and Opportunity Act (WIOA), which was signed into law by President Obama in July of 2014 and went into effect on January 1, 2015. AW went before the Board of Supervisors on April 5, 2016 asking for approval to abolish the existing Workforce Investment Board; recruit members for a new Workforce Development Board; approve new bylaws; and to procure One Stop, Career, and Business Services. Approval was granted and as a result, Stanislaus County procured Business Services and was moving forward with the other procurements according to a timetable established by the Federal Department of Labor and the State Employment Development Department (EDD). The County must be in full compliance with these changes by July 1, 2017.

However, on June 30, 2016, the Federal Government released final regulations that allowed Workforce Development Boards to retain Career Services, which is defined as eligibility and case management to adult and dislocated workers. At this time, AW is requesting to retain Career Services internally and continue moving forward with the competitive procurement of One-Stop Operator and Youth Services in November 2016. The following schedule identifies the completed and anticipated procurement details for various required services:

RFP	Estimated Release Date	Estimated Award Date
Business Services	Completed	Completed
One-Stop Operations	November 2016	February 2017
Youth Services	November 2016	February 2017

Originally, AW estimated 38 Family Services Specialist positions which performed One-Stop and Career Services would be impacted; six positions performing One-Stop duties and 32 positions providing Career Services. Keeping WIOA eligibility and other career services

Approval for the Alliance Worknet to Continue to Provide Career Services Using County Staff Consistent with the Workforce Innovation and Opportunity Act Final Regulations

internally would mean that the 32 positions providing Career Services would no longer be impacted. This will allow AW to implement projects more quickly and be more flexible in creating and maintaining strategic relationships with those Community Based Organizations and County departments that currently provide services to job seekers in need.

Alliance Worknet Performance

Alliance Worknet (AW) has been very successful in the past of providing career services to job seekers in the community. AW staff are very knowledgeable of the Workforce Innovation and Opportunity Act (WIOA) program requirements and have a proven history of excellence. Below is a table showing the past five years of AW performance history:

Goal versus Actual Performance Outcomes for AW Career Service Programs

	Goal 2010-11	Actual 2010-11	Goal 2011-12	Actual 2011-12	Goal 2012-13	Actual 2012-13	Goal 2013-14	Actual 2013-14	Goal 2014-15	Actual 2014-15
Adult										
Entered Employment Rate	66.5%	65.9%	66.5%	71.9%	66.5%	76.7%	69.5%	74%	72%	80.1%
Employment Retention Rate	74%	74.7%	74%	76.2%	74%	79.6%	75.7%	81.6%	76%	82.8%
Dislocated Worker										
Entered Employment Rate	74%	71%	74%	82.6%	74%	84.9%	76.9%	86%	78%	87.6%
Employment Retention Rate	79.5%	75%	79.5%	85.4%	79.5%	85%	80%	89.3%	82%	89%

Based on past performance and the release of Federal Regulations, the Chief Executive Office and the AW are requesting that Career Services continue to be delivered by AW staff to businesses and job seekers throughout the community.

POLICY ISSUE:

Alliance Worknet, as the administrative entity on behalf of Stanislaus County, will procure One-Stop Operator and Youth Services as directed by the Federal Department of Labor and the Employment Development Department, but is not required to procure Career Services. The Board of Supervisors approved the procurement of Career Services on April 5, 2016. The Department is experienced and uniquely positioned to provide Career Services throughout the County, leveraging existing employment partnerships and without disruption in service to those seeking employment.

FISCAL IMPACT:

The cost of providing Career Services (Staffing and services) is approximately \$6.9 million and is funded by Workforce Innovation and Opportunity Act funding for Adult, Dislocated Worker and Youth. Retaining Career Services internally does not have a net effect on the Department's budget.

Approval for the Alliance Worknet to Continue to Provide Career Services Using County Staff Consistent with the Workforce Innovation and Opportunity Act Final Regulations

Cost of recommended action:		\$ 6,891,908
Source(s) of Funding:		
WIOA Adult Dislocated Worker	4,405,258	
WIOA Youth	2,486,650	
Funding Total:		<u>\$ 6,891,908</u>
Net Cost to County General Fund		<u>\$ -</u>
Fiscal Year:	2016-2017	
Budget Adjustment/Appropriations needed:	No	
Fund Balance as of 7/1/2016		641,125

BOARD OF SUPERVISORS' PRIORITY:

The recommended action supports the Board of Supervisor's goals and priorities as follows:

A Strong Local Economy

Workforce Innovation and Opportunity Act (WIOA) funds are invested in workforce development activities which provide a variety of services to businesses and to job seekers within Stanislaus County to enhance local business profitability and improve opportunities for advancement in the local labor market.

Efficient Delivery of Public Services

WIOA mandates local Workforce Areas meet, if not surpass, negotiated performance standards. WIOA is also increasing performance measures across the State of California beginning July 1, 2017. If performance is not met, there are potential financial consequences to designated Workforce Areas.

Effective Partnerships

Approval of the recommended action allows the Alliance Worknet to deliver employment and training services by experienced staff who understand the needs of the community. WIOA specifically mandates strong partnerships across agencies that serve mutual clients, thus providing seamless services. Such agencies include the Employment Development Department, California Department of Rehabilitation, and local agencies providing educational services to adults and youth under WIOA.

STAFFING IMPACT:

Approval of the recommended action allows for Alliance Worknet to retain its current staffing level as provided by the Workforce Innovation and Opportunity Act. The Reduction in Force (RIF) mentioned in previous Board Agenda items for Career Services will no longer occur. Alliance Worknet will return to the Board of Supervisors in March of 2017 to address the positions impacted by the One Stop Services procurement.

Stanislaus County Workforce Development Board Agenda Item

TO: Workforce Development Board

FROM: Doris Foster, Director

- I. SUBJECT: Approval to be America's Job Center of California Adult and Dislocated Worker Career Services Provider
- II. ITEM NUMBER: F (Attachment 1)
- III. ITEM TYPE: Discussion and Action
- IV. STAFF RECOMMENDATION: Approve submission of the Request for Approval to be America's Job Center of California Adult and Dislocated Worker Career Services Provider application and authorize the chairman of the Board to sign the application.
- V. DISCUSSION: Workforce Innovation and Opportunity Act (WIOA) Final Regulations, Section 679.410(b) states that a local workforce development board may act as a provider of career services only with the agreement of the chief elected official in the local area and the Governor. At the August 15, 2016 meeting of the Stanislaus County Workforce Development Board, Alliance Worknet asked for and was granted approval to continue providing Career Services internally instead of having to procure these services.

To facilitate this action, the California Workforce Development Board (CWDB) and the Workforce Services Division of the California Employment Development Department (EDD) produced the attached Request for Approval to be America's Job Center of California Adult and Dislocated Worker Career Services Provider. Staff have reviewed and completed required information and supporting documentation for submission of the request to the CWDB and EDD. The request needs the approval of the Stanislaus County Workforce Development Board to go forward for signature of the Chief Local Elected Official (Stanislaus County Board of Supervisors), and forwarded to the CWDB and EDD for approval by the Governor.
