STAFF RECOMMENDATIONS:

- 1. Accept the Fiscal Year 2016 Homeland Security Grant from the California Governor's Office of Emergency Services to enhance local Emergency Management and Homeland Security efforts.

DISCUSSION:

The Fiscal Year 2016 (FY16) Homeland Security Grant (HSGP) is the fifteenth in a series of grants from the federal Department of Homeland Security and administered by the State of California. The Stanislaus Operational Area has successfully applied for funds since Fiscal Year 2003. The Board of Supervisors has approved the County's application and acceptance of all previous Homeland Security Grants.

On June 14, 2016 the Stanislaus County Office of Emergency Services (OES) received notification from the Governor's Office of Emergency Services (CalOES) that the Stanislaus County Operational Area was eligible to apply for the FY16 HSGP. This grant supports state and local efforts to prevent terrorism and other catastrophic events and to prepare for the threats and hazards that pose the greatest risk to the Nation. On August 2, 2016, the Board of Supervisors authorized OES to apply for the HSGP. The application for FY16 supports a whole community approach to emergency preparedness to build, sustain and deliver core capabilities that achieve a secure and resilient nation which prepares for, responds to and recovers from complex and far-reaching hazards. The grant provides funding for equipment, planning, training, exercises, as well as management and administration to support and sustain these core competencies. On January 19, 2017, OES received notification of award in the amount of \$617,995 with a grant period from the date of acceptance through May 31, 2019.

The FY16 grant funding will purchase equipment to strengthen interoperable communication, information sharing and collaboration capabilities as well as law enforcement and information analysis to identify and counter emerging threats. Planning funds have been identified to
