**Notice of Public Workshops for the  
2018 Joint Triennial Review of the Water Quality Control Plans  
for the Sacramento River and San Joaquin River Basins  
and the Tulare Lake Basin**

The Central Valley Regional Water Quality Control Board (Central Valley Water Board) is beginning the process of reviewing its Water Quality Control Plans for the Sacramento River and San Joaquin River Basins and for the Tulare Lake Basin (Basin Plans). The Basin Plans cover all the watersheds of the Central Valley from the Oregon state border to the northern tip of Los Angeles County. The Basin Plans identify beneficial uses of surface water and groundwater, establish water quality objectives to protect beneficial uses, and describe an implementation plan to achieve water quality objectives.

The Central Valley Water Board staff will hold two public workshops to receive comments on basin plan elements that may need amendment. The purpose of the triennial review is to identify high priority basin planning issues that the Central Valley Water Board will direct basin planning efforts over the next three years. Amendments to the basin plan may occur as a result of the triennial review priorities but are not part of the triennial review process. The triennial review process does not include consideration of waste discharge requirements, waivers of waste discharge requirements, National Pollutant Discharge Elimination System permits, or other regulatory matters.

While Central Valley Water Board members may be present, no action will be taken on the triennial review during these workshops. Time limits may be imposed on interested persons. The public workshops are scheduled as follows:

Date: 16 August 2017  
Time: 1:00 pm  
Place: Central Valley Water Board office  
1685 E Street  
Fresno, CA 93706

Date: 23 August 2017  
Time: 1:00 pm  
Place: Central Valley Water Board office  
11020 Sun Center Drive, Suite 200  
Rancho Cordova, CA 95670

The workshop facilities will be accessible to persons with disabilities. Individuals requiring special accommodations are requested to contact Ms. Betty Yee at (916) 464-4643 at least 5 working days prior to the meeting. TTY users may contact the California Relay Service at 1-800-735-2929 or voice line at 1-800-735-2922.

Written comments recommending issues to consider during the Triennial Review process should be submitted by **30 August 2017**. Staff will provide an update to the Central Valley Water Board as an information item during its August 2017 Board meeting and will include a summary of written comments submitted by **31 July 2017**.
