# THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS AGENDA ITEM

DEPT: Public Works

BOARD AGENDA:6.C.1 AGENDA DATE: March 20, 2018

CONSENT: 📈

CEO CONCURRENCE:

4/5 Vote Required: No

# SUBJECT:

Approval of an Agreement for Acquisition of Property for the Carpenter Road and Whitmore Avenue Intersection Improvement Project, Grantors: Joseph Lloyd Vargas, Lloyd J.M. Vargas and Barbara L. Vargas.

# STAFF RECOMMENDATION:

- Approve the Agreement for Acquisition of Property for the Carpenter Road and Whitmore Avenue Intersection Improvement Project, Grantors: Joseph Lloyd Vargas, Lloyd J.M. Vargas and Barbara L. Vargas, Assessor's Parcel Number (APN) 017-043-027 (partial).
- 2. Authorize the Chairman of the Board to execute the Agreement for Acquisition of Property.
- 3. Authorize the Director of Public Works to take any appropriate action necessary to carry out the purpose and intent of these recommendations.

# DISCUSSION:

The Carpenter Road/Whitmore Avenue intersection is located in Stanislaus County approximately 0.75 miles southwest of the City of Modesto. The project proposes to install a traffic signal at the existing Carpenter Road at Whitmore Avenue intersection. The intersection will be widened to accommodate existing and projected traffic and to provide lane transitions and shoulder area. Each approach will provide a left-turn pocket and a through and right turn lane. Widening and required transitions will extend from the intersection center approximately 1,200 feet in all directions. The improved roadway sections will be restriped and signed in accordance with County and State standards.

The purpose of this project is to improve traffic safety and flow through the Carpenter Road/Whitmore Avenue intersection for current and future traffic conditions, while minimizing the impacts of these improvements on adjacent lands and facilities to the extent feasible. The project is being pursued under the Congestion Mitigation and Air Quality Improvement (CMAQ) Program. The objective of the CMAQ program is to support surface transportation projects and other related efforts that contribute to air quality improvements and provide congestion relief.

To accommodate lane transitions on the southbound Carpenter Road approach, the project would replace an existing bridge that crosses TID Lateral No. 1 with a box culvert. The project will require grading of the existing undeveloped County right-of-way. Existing pavement areas may be removed and replaced or rehabilitated. Road construction will involve excavation to establish subgrades for roadway reconstruction, road widening, and sign and signal structure foundations.

Stanislaus County is the lead agency on the project and responsible for all right-of-way acquisitions needed for the construction of this project. The property being acquired is located on the southwest corner of the intersection of Carpenter Road and Whitmore Avenue. The property owner who owns the land needed by the County has agreed to accept the following terms as outlined in the Agreement for Acquisition of Property in Attachment 1:

Property Owner:	Joseph Lloyd Vargas, Lloyd J.M. Vargas and Barbara L. Vargas	
Amount of Compensation:	\$51,900	
Assessor's Parcel Number:	017-043-027 (partial)	
Right-of-Way Acquisition Area:	34,571 Square Feet Permanent Road Easement	
	10,649 Square Feet Temporary Construction Easement	

The amount of compensation has been determined to be within the range of just compensation by the consultant, Hamner, Jewel & Associates, who is contracted with the County for right of way acquisition services.

Staff recommends that the Board approve the right-of-way acquisition and authorize the Chairman of the Board to execute the Agreement for Acquisition of Property.

Construction of this project is scheduled to begin in the fall of 2018.

# POLICY ISSUE:

The Board of Supervisors' approval is necessary for all agreements for acquisition of property per Government Code section 6950.

# FISCAL IMPACT:

The \$53,500 needed for the purchase of this right-of-way is funded by Regional Transportation Impact Fees (RTIF) and consists of \$51,900 for the acquisition of property and \$1,600 for estimated title insurance and escrow fees. Funding is included in the Fiscal Year 2017-2018 Adopted Final Public Works Road Projects Budget.

# BOARD OF SUPERVISORS' PRIORITY:

The recommended actions are consistent with the Board's priority of *Delivering Efficient Public Services and Community Infrastructure* by improving regional air quality, safety and efficiency at the intersection with the installation of a traffic signal.

# **STAFFING IMPACT:**

Existing Public Works staff is overseeing this project.
