**NOTICE OF PETITION FOR TEMPORARY CHANGE  
INVOLVING THE TRANSFER OF UP TO 800 ACRE FEET WATER  
FROM EL DORADO IRRIGATION DISTRICT TO  
STATE WATER CONTRACTOR AGENCIES UNDER LICENSE 2184 (APPLICATION 1692)**

On May 22, 2018, El Dorado Irrigation District (EID) filed a petition for temporary change to transfer up to 800 acre-feet (af) of water pursuant to Water Code section 1725 et seq., under water right License 2184 (Application 1692). EID proposes to transfer the water from July through September 2018 to the following State Water Contractor Agencies: Kern County Water Agency and Dudley Ridge Water District. The transfer water will be made available by re-operating Weber Reservoir to release water that would have remained in storage in 2018. The proposed transfer would include the following temporary changes to EID's License 2184: (1) add the State Water Project's Harvey O. Banks Pumping Plant and San Luis Reservoir as points of rediversion, and (2) add a portion of the service area of the State Water Project as an additional place of use.

While not part of this Water Code 1725 petition, the EID transfer project also includes an additional amount through re-operation of EID's Silver Lake and Caples Lake under pre-1914 water rights, for a total transfer amount, inclusive of the Weber Reservoir reoperation, of 5,000 af of transfer water.

EID's petition, License 2184, and related project information can be viewed at:

Pursuant to California Water Code section 1726(f), any interested person may file a comment regarding the petition. **Comments filed in response to this notice should be submitted to the persons listed below and must be received by 4:30 p.m. on July 2, 2018.**
