

**NORTH COUNTY CORRIDOR
EXPRESSWAY TRANSPORTATION AUTHORITY**

ITEM: 7c

SUBJECT:

NCC West Study Corridors

STAFF RECOMMENDATIONS:

Discussion Item

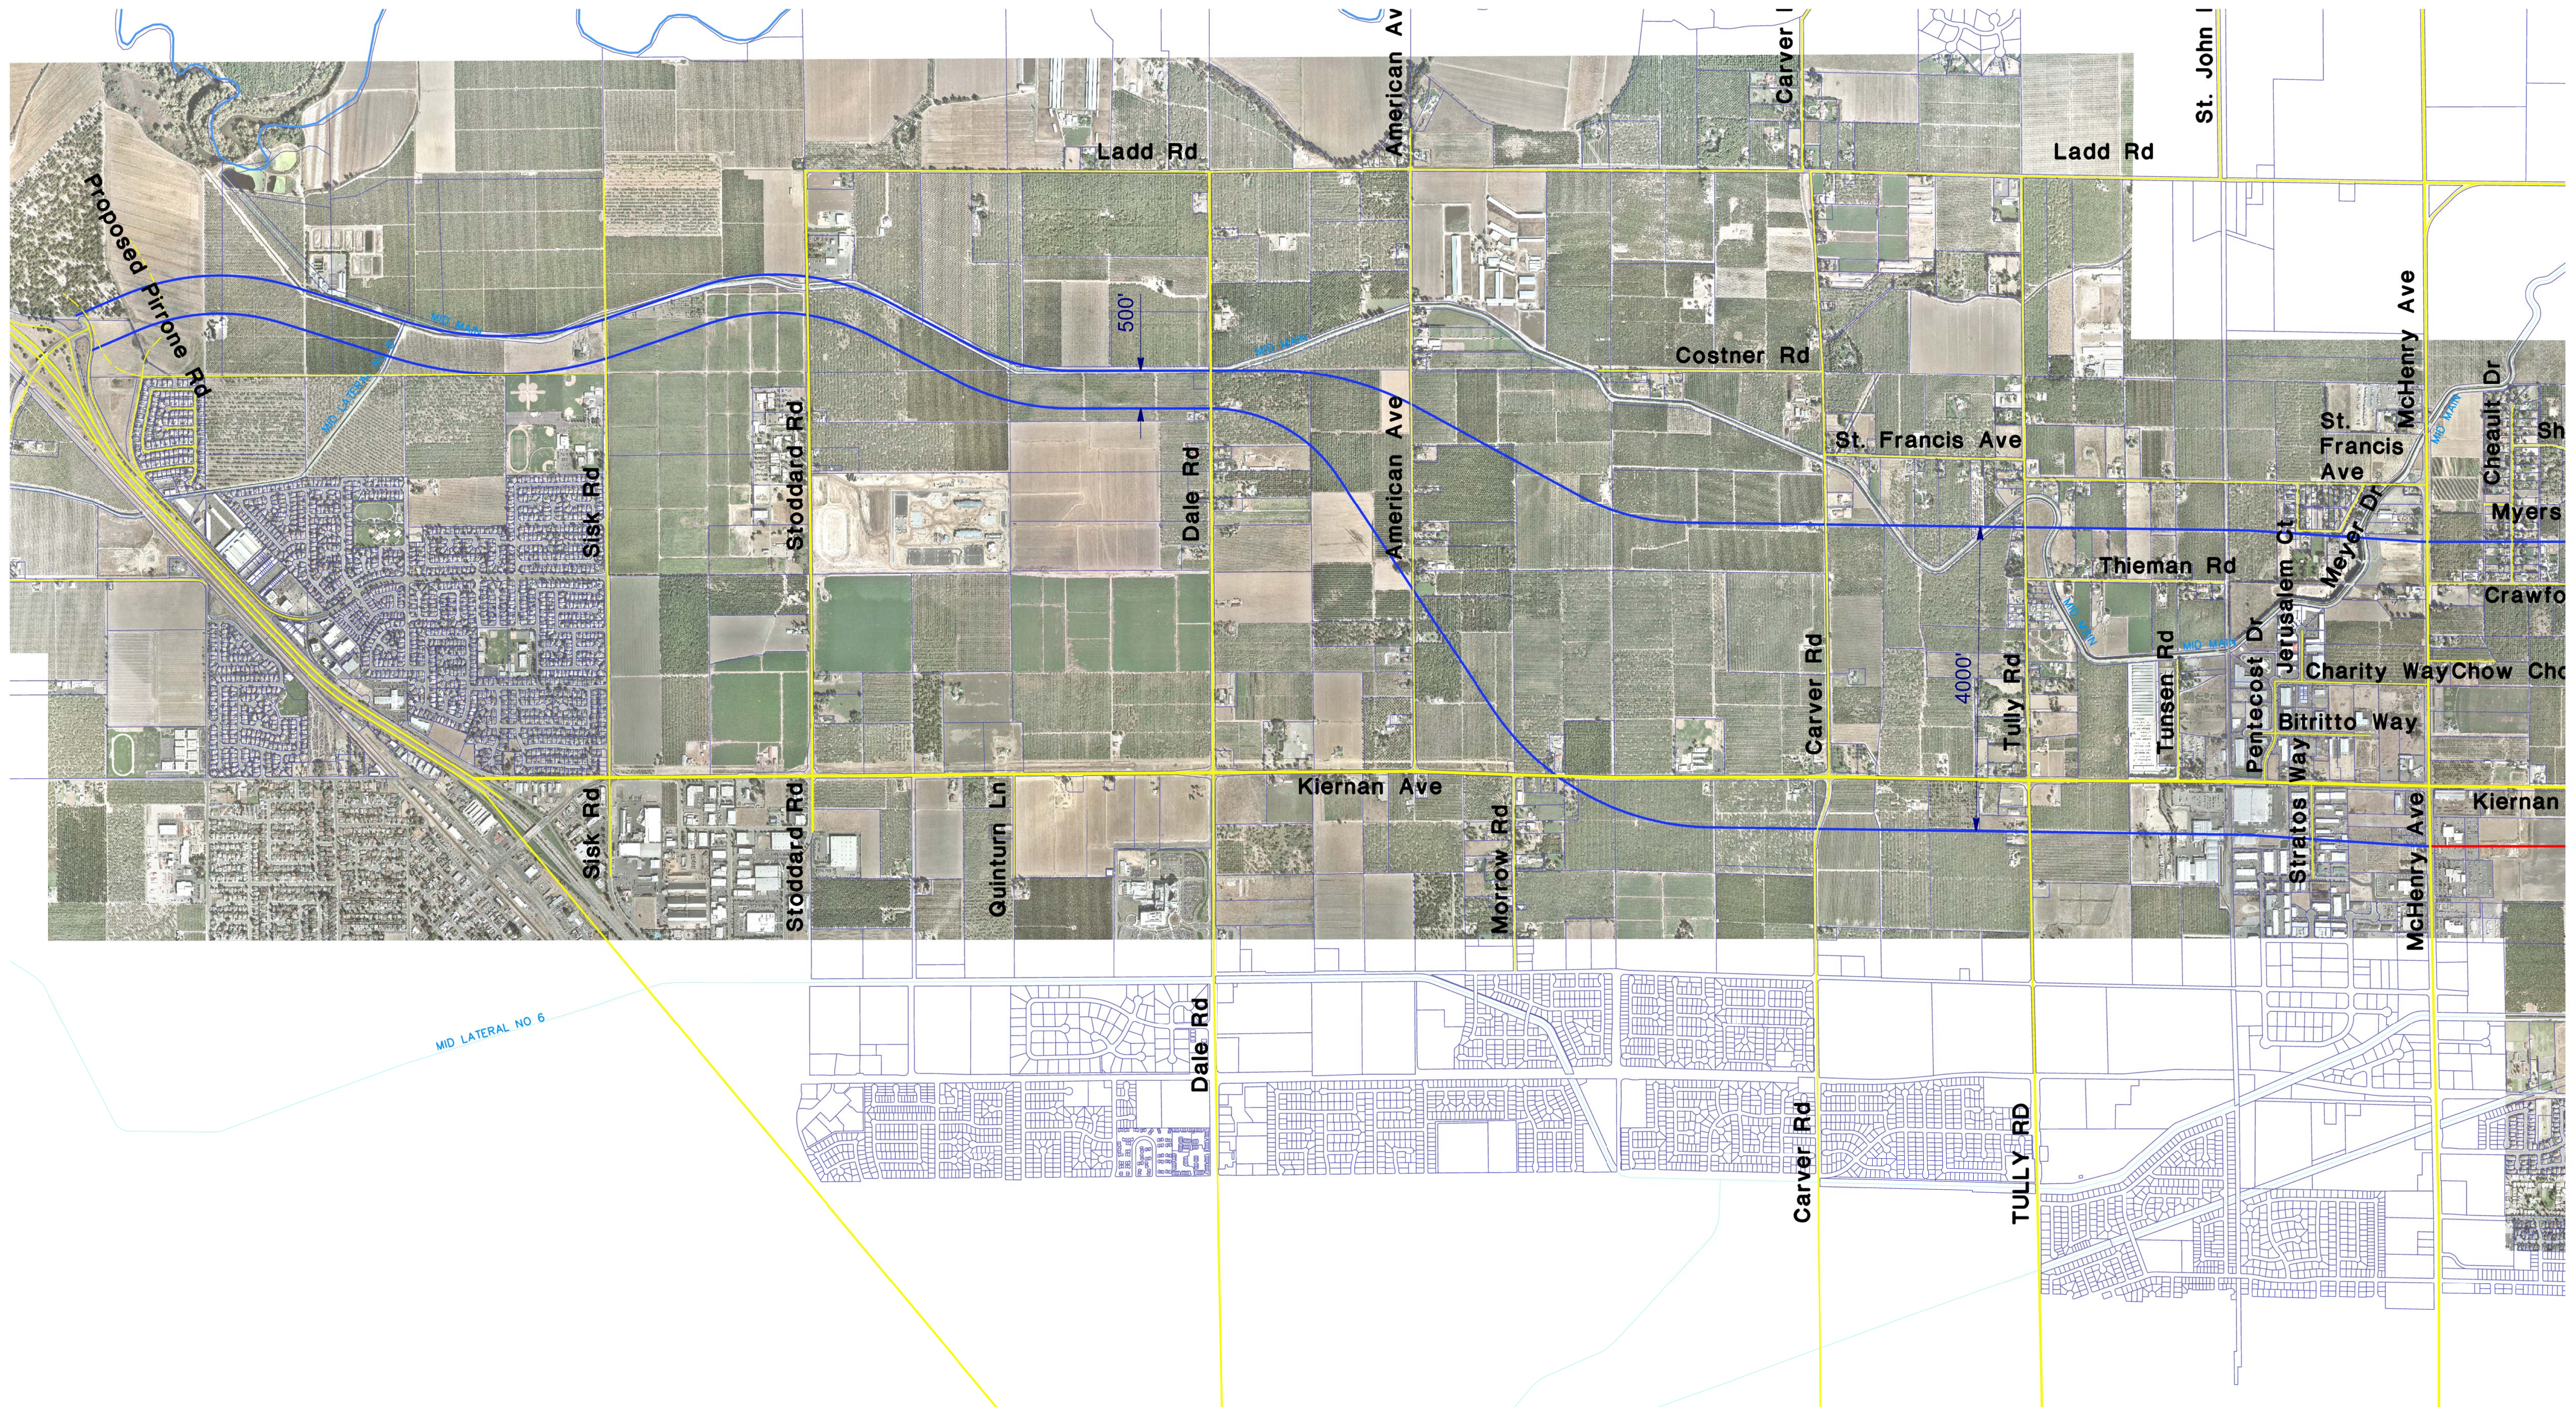

FISCAL IMPACT:

None

DISCUSSION:

The North County Corridor Project from SR 99 to SR 120 East of Oakdale is being studied as two different segments due to state route designation. The portion from SR 108 (McHenry Ave) to SR 120 East of Oakdale is being proposed as a state route. Caltrans is the CEQA and NEPA lead for this segment. Study corridors have previously been presented.

The portion of the project from SR 99 to SR 108 (McHenry Ave) is being studied as a local expressway and may, in the future, become part of the state route system. The mapping presented today represents the North County Corridor West study corridors
