We have completed our review of the draft travel demand forecasting methodology for this project as mentioned in the July 31, 2008 Memorandum from Fehr & Peers. The initial proposed methodology and assumptions to be used for this project appear to be reasonable.

Therefore, we are expressing our approval for this initial pre-forecasting work. You may continue with the forecasting work for this project.

If you have any questions, please contact me at (209) 948-7071 or Homer Zarzuela of my staff at (209) 948-7871.
