THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS BOARD ACTION SUMMARY

DEPT: Public Works

BOARD AGENDA:5.C.1 AGENDA DATE: August 29, 2023

SUBJECT:

Approval of the Fourth Amendment to the Agreement for Professional Design Services with WSP USA, Inc. for the Crabtree Road Bridge Over Dry Creek Project

BOARD ACTION AS FOLLOWS:

RESOLUTION NO. 2023-0437

On motion of Supervisor <u>Grewal</u> and approved by the following vote,	Seconded by Supervisor	B. Condit
Ayes: Supervisors: B. Condit, Chiesa, Withrow, C	Grewal, and Chairman C. Condit	
Noes: Supervisors: None		
Exaugad or Abcont: Supervisors: Nono		
Abstaining: Supervisor: <u>None</u>		
1) X Approved as recommended		
2) Denied		
3) Approved as amended		

4) _____ Other:

MOTION:

ATTEST: ELIZABETH A. KING, Clerk of the Board of Supervisors

THE BOARD OF SUPERVISORS OF THE COUNTY OF STANISLAUS AGENDA ITEM

DEPT: Public Works

BOARD AGENDA:5.C.1 AGENDA DATE: August 29, 2023

CONSENT: 📈

CEO CONCURRENCE: YES

4/5 Vote Required: No

SUBJECT:

Approval of the Fourth Amendment to the Agreement for Professional Design Services with WSP USA, Inc. for the Crabtree Road Bridge Over Dry Creek Project

STAFF RECOMMENDATION:

- 1. Approve the Fourth Amendment to the Agreement for Professional Design Services with WSP USA, Inc., in the amount of \$272,195, for the Crabtree Road over Dry Creek Bridge Replacement Project, with a new not-to-exceed amount of \$1,412,343.
- 2. Authorize the Director of Public Works to execute the Fourth Amendment to the Agreement for Professional Design Services with WSP USA, Inc. in the amount of \$272,195.
- 3. Authorize the Director of Public Works to take any appropriate action necessary to carry out the purpose and intent of these recommendations.

DISCUSSION:

The purpose of the Crabtree Road over Dry Creek Bridge project is to replace the existing structurally deficient bridge that was constructed in 1920 with a new bridge placed on an adjacent alignment that meets current design standards.

The existing bridge was constructed in 1920 as a riveted steel through Pratt truss. The current condition of the bridge is poor with a sufficiency rating (SR) of 39.6 (SR under 50 is eligible for replacement). Traffic is currently restricted to one lane, with stop signs controlling access to the bridge. Additionally, traffic has height restrictions of 13 feet due to the nature of the through truss bridge. The existing roadway alignment creates a sharp curve in the road on the north side and this curve causes a traffic hazard on an otherwise straight alignment. This bridge is eligible for replacement under the Federal Highway Administrations (FHWA), Highway Bridge Program (HBP) and will be funded at 100% federal funding, using toll credits in-lieu of a local match.

The project will replace the existing bridge to the east of the existing location. This will reduce the roadway curvature and provide for a safer traffic alignment. The new bridge will accommodate two 10-foot lanes with a two-foot shoulder on either side. The barrier rails will meet current standards and will provide bicycle railings on either side of the bridge.

On June 2, 2015, the Board approved the contract with Parsons Brinckerhoff of Sacramento in the amount of \$666,475 to provide Bridge Engineering Services with a Performance Period to end on December 5, 2016, for this project. Subsequent to that approval, Parsons Brinkerhoff was acquired and is now operating under the name WSP-USA.

During the development of this project, cultural artifacts were discovered at the project location and budget was redirected to complete the additional environmental studies that were required by Caltrans to meet the requirements of the National Environmental Policy Act (NEPA).

The CEQA Initial Study/Mitigated Negative Declaration was approved by the Board on October 27, 2020, and NEPA was approved by Caltrans on August 27, 2021. This project is now working to acquire the necessary rights-of-way and final design.

On December 2, 2017, contract Amendment No. 1 extended the Performance Period to end on August 17, 2021, and was executed under the authority granted to the Public Works Director.

On May 9, 2018, contract Amendment No. 2 provided an extension to the Performance Period until May 17, 2022, and increased the funds in the amount of \$65,444 to cover additional services necessary to complete the Archeological Evaluation Report and was executed under the authority granted to the Public Works Director.

On March 29, 2022, the Board of Supervisors approved contract Amendment No. 3 to provide funds to restore the budget that was redirected to complete the additional environmental studies and increased the funds in the amount of \$408,229 to provide design support and environmental monitoring during construction and to extend the Performance Period until April 22, 2025, to cover the expected period for construction and closeout of this project.

Contract Amendment No. 4 provides funds to complete additional environmental studies design, and complete the PE phase, and restore the budget that was redirected from bidding and construction support tasks.

The cost associated with the delivery of this bridge engineering contract is as follows:

Original Agreement	\$ 666,475
Amendment No. 1	\$ O
Amendment No. 2	\$ 65,444
Amendment No. 3	\$ 408,229
Amendment No. 4	<u>\$ 272,195</u>
Total Consultant Agreement	\$1,412,343

POLICY ISSUE:

Public Contract Code section 20137 requires Board of Supervisors' approval to amend a contract exceeding 10% of the original agreement.

FISCAL IMPACT:

The additional environmental studies required by Caltrans make it necessary to amend this contract to complete the environmental clearance milestone and final design. The additional \$272,195 cost includes additional scope of work for final design tasks, environmental support, and design support during construction.

This project has approved funding from the HBP program in the amount \$8,057,400. At this time, only \$918,000 of HBP funds are authorized for Preliminary Engineering which is used for staff time, contracts and agreements, as well as other incidental costs associated with Preliminary Engineering.

The prior Amendment No. 3 used Highway Users Tax Account (HUTA) funds in the amount of \$425,725. For this Amendment No. 4, Public Works will use Measure L (Traffic Management) funds in the amount of \$272,195. Funding for this amendment has been included in the Fiscal Year 2024 Proposed Public Works Road and Bridge Budget. County staff will submit the necessary requests to Caltrans to provide additional HBP funding to cover the total cost of the project.

BOARD OF SUPERVISORS' PRIORITY:

The recommended actions are consistent with the Board's priorities of *Delivering Efficient Public Services* and *Enhancing Community Infrastructure* by replacing this structurally deficient bridge and providing a safe transportation network.

STAFFING IMPACT:

Existing Public Works staff is overseeing this project.

STANISLAUS COUNTY

Fourth Amendment to Professional Design Services Agreement between County of Stanislaus and WSP USA, Inc. for the Crabtree Road Over Dry Creek Bridge Replacement - Contract No. 9470

(Additional Services to Agreement)

This Fourth Amendment (Amendment) is made and entered into this ______ day of ______, 2023, in the City of Modesto, State of California, by and between the County of Stanislaus ("County") and WSP USA, Inc., a New York Corporation doing business in California as WSP USA, Inc. ("Consultant"), for and in consideration of the promises, and the mutual promises, covenants, terms, and conditions, hereinafter contained.

WHEREAS, on June 2, 2015, the Stanislaus County Board of Supervisors awarded a Professional Design Services Agreement ("Agreement") to Parsons Brinckeroff, Inc. for the Crabtree Road Over Dry Creek Bridge Replacement Project for \$666.475 (Project);

WHEREAS, on June 2, 2015, the Stanislaus County Board of Supervisors authorized the Director of Public Works to execute the Agreement with the Consultant and to sign necessary documents, including any amendments to the Agreement not to exceed 10%;

WHEREAS, Parsons Brinckeroff, Inc. has changed its name to "WSP USA, Inc." and has filed appropriate documentation with the California Secretary of State to continue doing business in California under the name "WSP USA, Inc.",

WHEREAS, this change is in name only and all other aspects of Consultant's business remain unchanged for purposes of this Agreement;

WHEREAS, on December 2, 2016, the Director of Public Works executed the First Amendment to extend the Agreement to August 17, 2021;

WHEREAS, on May 9, 2018, the Director of Public Works executed the Second Amendment for additional services in the amount of \$65,444 and extended the Agreement expiration to May 17, 2022, and;

WHEREAS, on March 30, 2022, the Director of Public Works executed the Third Amendment for additional services in the amount of \$408,229 and extended the Agreement expiration to April 22, 2025, and;

WHEREAS, the Director of Public Works has determined that additional services in the amount of Two Hundred Seventy-Two Thousand One Hundred Ninety-Five Dollars (\$272,195) is necessary for the Consultant to complete the Project;

WHEREAS, this Amendment exceeds 10% of the original contract and requires Board of Supervisors approval;

\$	666,475	Agreement
		First Amendment
\$	65,444	Second Amendment
\$	408,229	Third Amendment
+ (\$ 272,195	Fourth Amendment
\$]	,412,343	Total

WHEREAS, Consultant has continued to diligently perform the services requested to support this Project in good faith, and,

NOW THEREFORE, the parties agree as follows:

- Section 1.1 Scope of Services is amended to include additional services as shown in "Exhibit 1-A" attached hereto and made a part of this Amendment.
- Section 2.1 Compensation is amended to include additional fees of Two Hundred Seventy-Two Thousand One Hundred Ninety-Five Dollars (\$272,195) as shown in "Exhibit 1-A" attached hereto and made a part of this Amendment. Consultant's compensation shall in no case exceed One Million Four Hundred Twelve Thousand Three Hundred Forty-Three Dollars (\$1,412,343).

All other terms and conditions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Fourth Amendment effective on the date written above.

COUNTY OF STANISLAUS

WSP USA, INC.

By:

David A. Leamon, PE Public Works Director By: Phil Stolardii

Phil Stolarski, PE Senior Vice President

APPROVED AS TO FORM: Thomas E. Boze, County Counsel

By:

Donya Munes Deputy County Counsel

www.wsp.com

April 24, 2023

Michael Sanchez, PE Project Manager Stanislaus County, Public Works 1716 Morgan Road Modesto, CA 95358 Phone: (209) 525-4138

> Subject: Replacement of the Crabtree Road Bridge Project Bridge No. 38C-009, Federal Aid Project No. BRLO-5938(227), Amendment 4 Request

Dear Mr. Sanchez,

As directed by the County, WSP has prepared Amendment 4 that includes:

- Updating plans, specifications and estimate on abutment removal modifications and analysis. This includes structural analysis of existing abutments, redesign of RW1, civil changes to the plans, additional USGS utility coordination, changes to hydraulics report/ rock slope recommendation, Geotech Report, revising/updating the NEPA, CEQA, and Permit documentation.
- Revising Project Specifications and Plans to 2022 Caltrans Standards
- Additional funding to complete the PE project phase

The amount for this amendment is \$272,195. The total contract value will be revised from \$1,140,148 to \$1,412,343.

To keep the project advancing, WSP requests to transfer funds from the currently approved task in the Bidding/Construction Support in the sum of \$108,037 to the 100% Final design Task. Once Amendment 4 is approved, the Bidding/Construction Support budget can be replenished.

Should you have any questions, please do not hesitate to call. Sincerely,

alor E. M

Carlos Ramirez Project Manager Vice President Bridge Engineer (916) 567-2517

Stanislaus County Crabtree Road Over Dry Creek Bridge Replacement AMENDMENT 4 SCOPE OF WORK

This scope of work is compiled based on the Stanislaus County request to prepare an amendment including:

- Updating plans, specifications and estimate based on abutment removal modifications and analysis. This includes structural analysis of existing abutments, redesign of RW1, civil changes to the plans, additional USGS utility coordination, changes to hydraulics report/ rock slope recommendation, revised Geotech Report, revising/updating the NEPA, CEQA, and Permit documentation.
- Updating project plans and specifications to 2022 Caltrans Standards

Task 1 – Project Management and Coordination

Task 1.1: Meetings and Coordination - WSP

Augmentation of Meetings, project management and Coordination Budget

The Consultant shall attend biweekly meeting (teleconference) with team members during design phase. The consultant will continue to provide progress updates, coordinate between technical disciplines, and facilitate overall project communications between the Consultant team and County.

Deliverables:

• Up to 20 biweekly teleconference coordination meetings

Task 3 – Preliminary Engineering

Task 3.3 – Foundation Design Report (FDR)

Crawford & Associates, Inc (Crawford) understands that Stanislaus County would like to remove the existing Crabtree Road Bridge abutments and place rock slope protection as part of the replacement bridge project. Reanalyze abutment design based on existing abutment encroachment beyond the proposed pile cap elevation and/or design scour. Also, RW 1 will be lengthened to accommodate the increased grading footprint. To assist in updating the PS&E submittal, Crawford will reanalyze the new abutments and RW 1 design. The analysis will include new abutment axial capacity, abutment lateral capacity, retaining wall settlement, and retaining wall bearing. Crawford will also review the removal limits and provide updated grading recommendations, if necessary.

Crawford will complete this additional work within two to three weeks of receiving the final grading/excavation limits and updated pier/retaining wall general plans and loading.

Deliverables:

o Revised Geotech Report

Task 3.4 – Hydraulics Studies

Task 3.4.1 Project Management and Meetings

HDR|WRECO will attend a conference kickoff meeting with the Project Team. HDR|WRECO will also participate in two (2) coordination conference calls with the County and Project Team. On a monthly basis, HDR|WRECO will provide the Project Team with invoices and progress reports for the Project.

Deliverables:

o Monthly Invoices and Progress Reports

Task 3.4.2 Hydrologic, Hydraulic, Scour, and Rock Slope Protection Analyses

HDR|WRECO will utilize the calculations that were performed for the Project as described in the 2019 Bridge Design Hydraulic Study (BDHS) report for the Project.

HDR|WRECO will coordinate with Turlock Irrigation District and Modesto Irrigation District to obtain annual peak discharge data at the Dry Creek at Crabtree Road stream gage. The County will provide the contact information from Turlock Irrigation District and Modesto Irrigation District. HDR|WRECO will update the Log Pearson Type III statistical analysis to estimate the 100-year and 50-year peak discharges at the Project site. HDR|WRECO will update the one-dimensional steady-state Hydrologic Engineering Center River Analysis System (HEC-RAS) hydraulic model for the proposed condition to incorporate the removal of the existing abutment embankments. A proposed grading surface will be provided by others. It is assumed that the new bridge geometry and alignment will remain the same as previously analyzed for the Project.

HDR/WRECO will update the long-term degradation at the proposed bridge using historical stream cross sections from the Bridge Inspection Reports for the existing bridge. HDR/WRECO will update the contraction and local scour using the results of the updated hydraulic model of the proposed condition and following the methodologies from Federal Highway Administration Hydraulic Engineering Circular No. 18. The abutment scour calculation will be updated following the National Cooperative Highway Research Program equation. The channel bed grain size distribution, boring, and bedrock elevations will be provided by others.

HDR|WRECO will update the rock slope protection (RSP) sizing following the equations in the Highway Design Manual for erosion protection at the embankment slopes.

Task 3.4.3 Bridge Design Hydraulic Study Report

HDR|WRECO will prepare the Draft Bridge Design Hydraulic Study report, which will document the updated hydrologic, hydraulic, scour, and RSP analyses. HDR|WRECO will respond to one round of comments from the County and update the report to submit the Final Bridge Design Hydraulic Study report.

Deliverables:

o Draft Bridge Design Hydraulic Study Report (PDF) o Final Bridge Design Hydraulic Study Report (PDF)

Assumptions:

- HDR/WRECO's deliverables will be provided in PDF format. Other members of the Project Team will be responsible for hard copy reproductions if requested by the County.
- HDR/WRECO assumes that this scope of work will not include a site visit.
- It is assumed that the surface for the proposed grading (which includes the removal of the existing abutments and the grading at the existing and proposed embankments) will be provided by others prior to updating the hydraulic model for the proposed condition.
- It is assumed that the geotechnical data for the Project (channel bed grain size distribution, boring, and bedrock elevations) will be provided by others prior to performing the updated scour calculations.
- HDR/WRECO assumes that our deliverables will be forwarded to the County within 1 business day.
- HDR/WRECO assumes that we will receive comments on the Draft Bridge Design Hydraulic Study report within 10 business days.

Task 4 – Environmental Review & Permitting

Task 4.1.2 – Project Management

- Continued attendance at biweekly PDT meetings through anticipated Construction Start in May 2024, with technical support staff as needed. Respond to information requests, schedule updates, coordination regarding access and Right of Entry.
- Continued coordination with Caltrans as necessary for environmental compliance, documentation, and continued ESA Section 7 coordination.
- Continued environmental project management and quality control efforts.
- Retroactive compensation for efforts not included under this task as originally scoped including extended duration of support and meeting attendance, and coordination/updates regarding project

description, schedule updates, and to provide an analysis of the potential environmental compliance issues associated with abutment removal.

Assumptions:

- A total of 201 staff hours are included under this task, including 103 hours for out-of-scope or additional services already rendered and 98 hours for future services.
- Assumes one year of biweekly meetings attended by the Project Manager and assisting technical staff as needed.
- All meetings will be virtual.

Task 4.2.3 – Biological Assessment

- Prepare an addendum to the April 2020 Biological Assessment, as requested by Caltrans on 10/27/22, necessary for additional potential impacts to California Tiger Salamander (CTS) resulting from the extended period of construction/staging on the south bank of Dry Creek.
- Prepare mitigation/avoidance measures as needed, including CTS fencing and biologist inspections, and CTS habitat mitigation.
- Coordination as required with Caltrans and USFWS for Section 7 compliance.
- Retroactive compensation for the following requested services:
 - Site visit conducted in February 2023 to verify current conditions and search for CTS refugia burrows
 - CTS exclusion fencing research performed in 2022

Assumptions:

- A total of 115 staff hours are included under this task, including 36 hours for out-of-scope or additional services already rendered and 79 hours for future services.
- No future fieldwork will be required for this task.
- Any compensatory mitigation fees would be provided by the County and are not included in this cost estimate.

The amendment <u>DOES NOT</u> include the following:

- Biological Monitoring (Contractor Supplied Biologist)
- Permit fees
- Construction Staking (generally provided by contractor)
- Archeologist and tribal monitor and monitoring report (from PRDMP)
- Paleontological monitor and Monitoring Plan (from CEQA)
- Native American cultural resources monitoring
- ROE extension to cover access needs during preconstruction surveys (including but not limited to 250 ft up and downstream for western pond turtles)

Task 4.3 – NEPA/CEQA Documentation

• Prepare a County CEQA memorandum and Caltrans NEPA memorandum. The memoranda will document the decision to remove abutments in their entirety and how this was adequately addressed in the CEQA ISMND and NEPA CE and supporting environmental documentation. These memoranda are intended for internal Caltrans and County files.

Assumptions:

- A total of 61 staff hours are included for future services under this task.
- At the option of Caltrans and the County, draft memoranda provided by SWCA may be placed on agency letterhead. SWCA will incorporate one round of edits on memoranda.
- No public recirculation of environmental documents is anticipated or scoped here.

Task 4.4 – Permit Application and Caltrans Environmental Commitment Record

• Update permit applications with the complete abutment removal. This includes updates to 404, 401, and 1600 applications, project descriptions, means and methods, and figures and tables summarizing impacts.

- Anticipated potential new effort to acquire a Section 2081 Incidental Take Permit (or a Consistency Determination) from CDFW for impacts to CTS, which may be necessary to extend the work window for construction/staging south of Dry Creek and east of Crabtree Road.
- Retroactive compensation for requested permitting effort to date, which has included (but is not limited to): extended coordination regarding project design and construction means and methods, updates to project design including placement of rock slope protection, additional permitting effort associated with updates to permitting regulations (new Section 404 Nationwide permits, new Section 404 Waters of the U.S. definitions, new State Water Resources Control Board definitions and procedures).

Assumptions:

- A total of 290 staff hours are included under this task, including 111 hours for out-of-scope or additional services already rendered and 179 hours for future services.
- Up to 20 staff hours are included to respond to up to one round of consolidated Client/County edits and one round of agency comments/information requests.
- Permit application fees and any compensatory mitigation fees would be provided by the County and are not included.
- No fieldwork will be provided under this task.

Task 7 – 100% Plans, Specifications, and Engineers Estimates

Provide final plans, specifications and estimate based on County comments, removal of abutments, and revisions based on 2022 Caltrans Standard Plans and Specifications. Utility coordination on relocation of USGS gages.

Deliverables:

• 100% Plans, Specifications and Estimate

	Cra	Crabtree Road Bridge Project Schedule				Construction (the grassland south of t during the	Construction activities in CTS dispersal habitat (the grassland south of Dry Creek and east of Crabtree Road) to occur during the dry season (May 1 – October 5)	at oad) to occur

CALIFORNIA LEVINE ACT DISCLOSURE STATEMENT

In 2022, California SB1439 extended requirements under Government Code Section 84308, also known as the "Levine Act", to prohibit members of county boards of supervisors from participating in any action related to a contract if such member receives political contributions totaling more than \$250 within the previous twelve months, and for three months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclose of such contribution by a party to be awarded a specific contract.

A list of Stanislaus County Board Members can be found online at: <u>Board of Supervisors - Stanislaus County (stancounty.com)</u>. Proposers are responsible for accessing this link to review the names prior to answering the following questions:

1. Have you, your company, or any agent on behalf of you or your company, made any political contributions of more than \$250 to any Member of the Board of Supervisors for Stanislaus County, or their alternate, in the twelve (12) months preceding the date of the submission of your proposals or the anticipated date of any Board action related to this contract?

__YES X_NO

- If YES, please identify the person(s) or agent(s) making the contribution:
- If YES, please identify the Board Member(s) / Alternate(s) receiving the contribution:

2. Do you, or your company, or any agency on behalf of you or your company, anticipate or plan to make any political contribution of more than \$250 to any Member of the Board of Supervisors for Stanislaus County, or their alternate, in the three (3) months following any Board action related to this contract?

___YES X_NO

- If YES, please identify the person(s) or agent(s) making the contribution:
- If YES, please identify the Board Member(s) / Alternate(s) receiving the contribution:

Answering YES to either of the above questions above does not preclude Stanislaus County from awarding a contract to your firm or any taking any subsequent action related to the contract. It does, however, preclude the identified Board Member(s) from participating in any actions related to such contract.

I HEREBY CERTIFY UNDER PENALTY OF PERJURY THAT THE ABOVE INFORMATION IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.
