SUBJECT:

Approval to Introduce and Waive the First Reading of an Ordinance Amending Section 2.24.060 of the Stanislaus County Code to Clarify Competitive Procurement Requirements for the Purchase of Personal Property; Amending Section 2.24.065 of the Stanislaus County Code to Increase the Authority of the Purchasing Agent to Dispose of Surplus County Personal Property from \$1,000 to \$5,000; and Repealing Section 2.24.100 of the Stanislaus County Code Relating to Stores Accounts

STAFF RECOMMENDATION:

1. Approval to introduce and waive the First Reading of an Ordinance amending Section 2.24.060 of the Stanislaus County Code to clarify competitive procurement requirements for the purchase of personal property.
2. Approval to introduce and waive the First Reading of an Ordinance amending Section 2.24.065 of the Stanislaus County Code to increase the authority of the Purchasing Agent to dispose of surplus County personal property from \$1,000 to \$5,000.
3. Approval to introduce and waive the First Reading to repeal Section 2.24.100 of the Stanislaus County Code relating to Stores Accounts.

DISCUSSION:

The County's Purchasing and Salvage Policy is based upon state laws and County Ordinances. Occasionally, practices evolve, and to update County policies, some underlying Ordinances must be modified. As part of the review process for the upcoming 2025 revisions to the County's Purchasing and Salvage Policy, and in coordination with County leadership and both County Counsel and external legal counsel, General Services Agency (GSA) is recommending the following changes be made to the existing Ordinance.

2.24.060 Bidding Not Required

Staff recommends two changes to this Ordinance:

1. Re-titling this Ordinance to "Competitive Bids or Quotations Not Required" for improved clarity regarding the nature of applicability of the Ordinance.
2. Removal of the latter portion of the Ordinance related to the reporting to the Board all awards not issued to the lowest-priced bidder for competitive

solicitations above the existing \$15,000 micro-purchase threshold. In reality, there are often times when the lowest-priced proposal does not represent the best overall value for the County, and the requirement for Board reporting at such low dollar values is inconsistent with other existing policy and practices that require reporting above \$200,000.

2.24.065 Sale of Personal Property

Staff recommends increasing the threshold requiring Board approval for disposal of an asset from \$1,000 to \$5,000. The existing dollar threshold has not been adjusted for inflation in the 33 years since it was adopted, and currently presents an unreasonable obstacle to disposing of items which are of no further use but whose scrap value can exceed \$1,000, such as often occurs with County vehicles totaled in an accident.

2.24.100 Stores Account

Staff recommends striking this Ordinance completely, because it represents an obsolete centralized warehouse and internal distribution model which the County abandoned long ago, and its presence sometimes creates confusion and conflict with existing County policies and the Purchasing Agent's \$200,000 authority limits established under California Government Code Section 25502.5.

Should the Board approve these recommended policy changes, GSA will implement them in the revised Purchasing and Salvage Policy and continue providing education to County departments to ensure compliance.

POLICY ISSUE:

There is no statutory requirement that the Board of Supervisors establish competitive procurement and reporting thresholds for goods based on price per individual item; however, the Board previously approved Code Section 2.24.060, and therefore any ordinance amending this code must also be approved by the Board. Likewise, the Board previously approved Code Sections 2.24.065 and 2.24.100, and therefore any ordinance amending this code must also be approved by the Board.

FISCAL IMPACT:

Streamlining the procurement process for low-dollar-value individual items and aligning related reporting and salvage requirements will result in increased efficiency in County operations by better utilizing staff time and improve the County's ability to purchase goods in a timely manner.

BOARD OF SUPERVISORS' PRIORITY:

The recommended actions support the Boards' priority of *Delivering Efficient Public Services* by providing improved clarity and flexibility for County procurement and salvage processes.

STAFFING IMPACT:

Existing Purchasing staff will work to educate all County departments of the ordinance changes and to ensure departments update their procurement procedures to reflect these changes.
