Stanislaus County \$5 Million in State Grant Funding for Infrastructure Projects in South Modesto

Stanislaus County, CA, May 29, 2024 - On February 27, 2024, the Stanislaus County Board of Supervisors accepted the \$5 million allocated for Stanislaus County infrastructure projects in South Modesto, as identified in the 2023-2024 California Budget Bill, and allocated it to the Parklawn infrastructure project. None of that money has been spent. It is being held in the Stanislaus County Treasury and will be budgeted for spending when the project moves to the construction phase.

We recently learned the \$5 million in infrastructure grant funding from the State of California may be at risk due to a matter referred for investigation. We have no information regarding the substance of the matter that would warrant an investigation and therefore have no additional comment at this time.
